**Global Industries, Ltd. Announces Operating Results for the Third Quarter and Nine Months Ended September 30, 2005**

*Carlyss, Louisiana*, (November 16, 2005) **Global Industries, Ltd.** (NASDAQ: **GLBL**) announced results for the quarter and nine months ended September 30, 2005. Revenues were \$168.0 million for the third quarter of 2005, an improvement of \$37.6 million, or 29%, over the same period a year ago. Gross profit was \$25.6 million for the quarter, an improvement of \$8.4 million compared to last year's third quarter. Due in part to the \$18.0 million gain on asset sales reported in the third quarter of 2004, income from continuing operations, net of taxes, decreased \$13.2 million to \$4.8 million, or \$0.04 per diluted share, for the third quarter, as compared to income from continuing operations, net of taxes, of \$18.0 million or \$0.16 per diluted share for the same period last year. The Company reported diluted earnings per share, of \$0.04 for the third quarter of 2005 compared to \$0.17 per share for the comparable period in 2004.

Included in the third quarter 2005 income from continuing operations, net of taxes, is approximately \$2.7 million or \$0.02 per diluted share related to gains on the disposition of assets. Also included in the third quarter 2005 income from continuing operations are charges totaling approximately \$3.9 million, net of taxes, or a total of \$0.03 per diluted share related to an uninsured equipment failure, a dispute settlement with a client, and interest incurred on a foreign tax settlement. In addition, third quarter 2005 income from operations, net of taxes, was reduced by uncompensated weather down time and productivity issues on five projects in our Latin America and Asia Pacific segments of approximately \$7.8 million or \$0.07 per diluted share and \$4.2 million or \$0.04 per diluted share, respectively.

Revenues for the nine months ended September 30, 2005 increased \$222.6 million, or 76%, to \$514.7 million from the same period last year. Gross profit was \$87.4 million for the nine months, an improvement of \$66.2 million compared to the first nine months of last year. Income from continuing operations, net of taxes, was \$24.7 million, an improvement of \$23.6 million over the comparable period in the prior year. Diluted earnings per share were \$0.21 for the first nine months of 2005 compared to \$0.01 per share for the same period last year.

William J. Dore', Global's Chairman and Chief Executive Officer, said, "While I am pleased to announce continuing trends of positive earnings, I was disappointed that our margins on our Latin America and Asia Pacific segments were negatively impacted by a total of nine named tropical storms, as well as productivity issues. We experienced significant increases overall in our revenues and gross profit in each of our divisions. The effects of Hurricane Katrina have resulted in significantly increased activity in our Gulf of Mexico segments and we are experiencing increases in activities worldwide. During the third quarter, we booked \$340.9 million of new work resulting in a September 30, 2005 backlog of \$607.3 million, the largest backlog in the Company's history, as compared to a backlog of \$179.1 million at the end of the same period last year."

A conference call will be held at 9:00 a.m. Central Time on Thursday, November 17, 2005. Anyone wishing to listen to the conference call may dial 888.790.9477 or 210.234.9633 and ask for the "Global Third Quarter Earnings" call.
