Dear Stockholder,

The annual meeting will be held on May 8, 2018, at 8:30 a.m. local time, at 75 Network Drive, Burlington, Massachusetts. You will find information regarding the business to be conducted at the annual meeting in our notice of annual meeting and proxy statement. Stockholders will receive a notice of Internet availability of the proxy materials instead of a printed copy of the proxy materials. The notice of Internet availability includes instructions for accessing the proxy materials over the Internet or requesting a printed copy of the proxy materials by mail or an electronic copy by email.

Your vote is important regardless of the number of shares you own. Whether or not you plan to attend the annual meeting, we encourage you to read the proxy statement and vote by proxy through the Internet or request, sign and return your proxy card by mail as soon as possible so that your shares may be represented at the meeting. Voting by proxy will not affect your right to attend the annual meeting and vote in person should you so choose.

If your shares are held by a broker, your broker cannot vote your shares for non-routine matters, including the election of directors, the proposed approval of an increase in the shares authorized for issuance under our 2014 Stock Incentive Plan and to limit payments of dividends on equity awards, the proposed approval of an increase in the shares authorized for issuance under our 1996 Employee Stock Purchase Plan and the advisory vote on 2017 executive compensation, unless you provide voting instructions. Therefore, if your shares are held by a broker, please instruct your broker regarding how to vote your shares on these non-routine matters. This will ensure that your shares are counted with respect to these matters.

On behalf of the board of directors, I would like to express our appreciation for your investment in our company. I look forward to greeting many of you at the annual meeting.

Sincerely,

Nancy Hawthorne

Chair

PROXY STATEMENT
ANNUAL MEETING
May 8, 2018

INFORMATION ABOUT PROXY MATERIALS, THE ANNUAL MEETING AND VOTING

Why am I receiving these materials?

On or about March 28, 2018, we have made these materials available to you on the Internet and, upon your request, have delivered printed versions of these materials to you by mail or electronic copies to you by email, in connection with the solicitation of proxies by our board of directors for use at our 2018 Annual Meeting of Stockholders to be held on May 8, 2018 at 8:30 a.m. local time, and at any postponement(s) or adjournment(s) of the annual meeting. The annual meeting will be held at 75 Network Drive, Burlington, Massachusetts. However, you do not need to attend the annual meeting to vote your shares. Instead, you may simply complete, sign and return the proxy card or submit your proxy through the Internet according to the instructions contained in the notice of Internet availability or the proxy card.

What is included in these materials?

These materials include:

- this proxy statement (including the Notice of 2018 Annual Meeting of Stockholders);
- our Annual Report to Stockholders for the year ended December 31, 2017; and
- a proxy card.

What items will be voted on at the annual meeting?

Stockholders will vote on the following items at the annual meeting:

- Proposal One: the election to the board of directors of the three nominees named in this proxy statement as Class I Directors;
- Proposal Two: ratification, by a non-binding advisory vote, of the appointment of BDO USA, LLP as our independent registered public accounting firm for the company's fiscal year ending December 31, 2018;

Proposal Three: approval of an amendment to the company's 2014 Stock Incentive Plan for an increase in shares authorized for issuance under the 2014 Stock Incentive Plan and to limit payments of dividends on equity awards;

Proposal Four: approval of an amendment to the company's Second Amended and Restated 1996 Employee Stock Purchase Plan for an increase in shares authorized for issuance under the Second Amended and Restated 1996 Employee Stock Purchase Plan; and

Proposal Five: an advisory vote on the 2017 compensation paid to our named executive officers.

We are not aware of any other matters to be presented at our annual meeting. However, if any other matters are properly presented, the persons designated as proxies intend to vote, or otherwise act, on those matters in accordance with their judgment.

What are the voting recommendations of the board of directors?

The board recommends that you vote your shares:

•“FOR” each of the three nominees to the board of directors named in this proxy statement (Proposal No. 1);

•“FOR” the ratification, by a non-binding advisory vote, of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal No. 2);

•“FOR” approval of amendments to our 2014 Stock Incentive Plan to increase by an additional 3,000,000 shares the number of shares authorized for issuance under the Plan and to limit payments of dividends on equity awards (Proposal No. 3);

•“FOR” the amendment to our Second Amended and Restated 1996 Employee Stock Purchase Plan for the increase in shares authorized for issuance under the Second Amended and Restated 1996 Employee Stock Purchase Plan (Proposal No. 4); and

•“FOR” advisory approval of the 2017 compensation paid to our named executive officers (Proposal No. 5).

What is the voting requirement to approve each of the proposals?

Election of Directors (Proposal No. 1). To be elected, directors must receive a majority of the votes cast (the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that nominee). Prior to the election, each director nominee currently serving on our board delivered to the board of directors an irrevocable resignation that will become effective if (i) he or she does not receive a majority of the votes cast (with “abstentions” and “broker non-votes” not counted as a vote “for” or “against” such nominee’s election) and (ii) within 90 days following certification of the stockholder vote, the board determines to accept such resignation in accordance with our corporate governance guidelines. We will publicly disclose any such decision by the board of directors with regard to any director’s resignation.

Other Matters. Under our Amended and Restated By-Laws, the affirmative vote of the holders of a majority of the votes cast will be required for approval of the ratification by a non-binding advisory vote of the selection of the independent registered public accounting firm (Proposal No. 2), approval of amendments to our 2014 Stock Incentive Plan to increase the number of shares authorized for issuance under the Plan and to limit payments of dividends on equity awards (Proposal No. 3), approval of an amendment to our Second Amended and Restated 1996 Employee Stock Purchase Plan to increase the number of shares authorized for issuance under the Plan (Proposal No. 4), and advisory approval of the 2017 compensation paid to our named executive officers (Proposal No. 5). For these proposals, abstentions and broker non-votes are not included in the number of votes cast and therefore have no effect on the outcome of such proposals. While the advisory vote on our company’s 2017 executive compensation is required by law, it will not be binding on us or our board of directors.

However, the compensation committee of our board of directors will take into account the outcome of this vote when considering future executive compensation decisions and holding future stockholder advisory votes on executive compensation.

Who may vote at the annual meeting?

Only stockholders of record as of the close of business on March 7, 2018, the record date, are entitled to receive notice of, to attend and to vote at the annual meeting. As of the record date, there were 41,394,789 shares of our common stock, \$0.01 par value per share, issued and outstanding. Stockholders are entitled to one vote per share.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

In certain sections of this proxy statement, we distinguish between stockholders of record and beneficial owners. Most of our stockholders are beneficial owners of shares held in street name.

Stockholders of Record. If your shares are held in your name with our transfer agent, Computershare, you are considered the “stockholder of record” of those shares. As a stockholder of record, you are receiving the notice of Internet availability or, as applicable, a printed or electronic copy of the proxy materials directly from us.

Beneficial Owners of Shares Held in Street Name. If your shares are held in a brokerage account or by another custodian, you are considered the “beneficial owner” of those shares and the shares are held in “street name” by the broker or custodian, which is the stockholder of record. As a beneficial owner, your broker or custodian will forward to you the notice of Internet availability or, as applicable, a printed or electronic copy of the proxy materials.

How do I vote?

There are three ways to vote your shares:

Over the Internet. You may submit your vote over the Internet any time prior to 11:59 p.m. ET on May 7, 2018 by following the instructions on the notice of Internet availability or proxy card.

By Mail. You may submit your vote by mail by following the instructions on the proxy card. Please allow sufficient time for mailing as only proxy cards received by us prior to the annual meeting will be deemed valid and counted.

In Person. All stockholders of record may vote in person at the annual meeting. We will give you a ballot when you arrive. Please note, however, that if you are a beneficial owner of shares held in street name, in order to vote your shares in person at the annual meeting, you must obtain a legal proxy from the stockholder of record (which is your broker or custodian) that authorizes you to do so.

If you receive more than one notice of Internet availability or multiple printed copies of the proxy materials (including multiple proxy cards), in order to vote all of your shares by proxy, you must return each proxy card or separately vote over the Internet all the shares owned by you. You may receive multiple copies of the proxy materials if, for example, you hold shares in more than one brokerage account or you are a stockholder of record and hold shares registered in more than one name.

How are proxies voted?

All shares represented by valid proxies received prior to the annual meeting will be voted and, where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder’s instructions.

What happens if I do not return my proxy?

Stockholders of Record. If you are a stockholder of record and do not vote over the Internet, by mailing your proxy card or by delivering your proxy to the annual meeting, your shares will not be voted unless you appear in person (or are legally represented) and vote your shares by ballot at the annual meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not vote over the Internet or by mailing your proxy card, under the rules of various securities exchanges, the broker or custodian that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If your broker or custodian that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the broker or custodian will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares; this is referred to as a “broker non-vote.” A broker non-vote may also result if your broker or custodian may, but opts not to, vote your shares on a routine matter for which you have not given instructions.

What happens if I submit my vote by proxy but do not give specific voting instructions with respect to a particular proposal?

As a stockholder of record, whether you vote over the Internet or by mailing your proxy card, if you sign and return your proxy card without giving specific voting instructions with respect to a particular proposal, the persons designated by us as proxies will vote your shares as recommended by our board of directors.

Which proposals are considered “routine” or “non-routine”?

The only proposal that is considered a routine matter under applicable rules is Proposal 2, the ratification by a non-binding advisory vote of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. All other proposals are considered non-routine.

Therefore, unless you provide voting instructions to any broker holding shares on your behalf, your broker may not use discretionary authority to vote your shares on Proposals 1, 3, 4, or 5. Because Proposal 2, regarding the ratification of the appointment of our independent registered public accounting firm by a non-binding advisory vote, is considered a routine matter, brokers are permitted to vote shares held by them without instruction from beneficial owners.

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes will not be counted as shares voting on any proposal. Assuming the presence of a quorum, abstentions and broker non-votes will not affect the voting on any of the proposals under consideration by stockholders. Abstentions and broker non-votes will, however, as stated above, be counted as present and entitled to vote for purposes of determining whether a quorum is present at the annual meeting.

Can I change my vote after I have voted?

If you vote your shares by proxy, you may revoke your proxy at any time before its exercise by re-voting over the Internet, submitting a subsequently dated proxy card, delivering a written revocation to our Corporate Secretary at our principal offices in Burlington, Massachusetts, or voting in person at the annual meeting. If you submit multiple proxies, the last proxy received by us will be the proxy used for purposes of the annual meeting. Voting by proxy will not affect your right to attend the annual meeting and vote in person should you so choose.

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

What is the quorum requirement for the annual meeting?

The holders of a majority of the shares of our issued and outstanding common stock entitled to vote at the annual meeting constitute a quorum. Shares of common stock represented in person or by proxy (including shares that abstain or do not vote for any reason with respect to one or more of the proposals presented for stockholder

approval) will be counted for purposes of determining whether a quorum is present at the annual meeting. If a quorum is not present, the annual meeting will be adjourned or postponed until a quorum is obtained.

Who will serve as the inspector of election?

Dean Ridlon, Vice President of Investor Relations, or such other person as duly appointed by the Corporate Secretary of the company, to whom the board has delegated such authority, will serve as the inspector of election.

Where can I find the voting results of the annual meeting?

The preliminary voting results will be announced at the annual meeting. The final voting results will be tallied by the inspector of election and reported on a Current Report on Form 8-K that we will file with the Securities and Exchange Commission, or SEC, by May 14, 2018.

How do I receive a paper copy of the proxy materials?

If you prefer to receive paper copies of the proxy materials, you can still do so. You may request a paper copy by following the instructions provided in the Notice of Internet Availability. The Notice of Internet Availability also provides you with instructions on how to request paper copies of the proxy materials on an ongoing basis. There is no charge to receive the materials by mail. You may request printed copies of the materials until one year after the date of the annual meeting.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Under rules adopted by the SEC, we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about March 28, 2018, we have mailed to our stockholders of record as of March 7, 2018 (other than those who previously requested electronic or paper delivery on an ongoing basis) a notice of Internet availability containing instructions on how to access our proxy materials, including our proxy statement and our annual report. All stockholders will have the ability to access our proxy materials on the website referred to in the notice of Internet availability or request a printed set of the proxy materials. The notice of Internet availability also instructs you on how to access your proxy card to vote through the Internet. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via email until you elect otherwise. If you have previously elected to receive printed proxy materials, you will continue to receive these materials in paper format until you elect otherwise.

Who is paying for the cost of our proxy solicitation?

We will bear all costs for our solicitation of proxies. Our directors, officers and certain of our employees may solicit proxies by mail, telephone, email, facsimile or personally without additional compensation. Additionally, we have retained Innisfree M&A Incorporated to aid in soliciting votes for the annual meeting for a fee of \$20,000 plus reasonable expenses. We are requesting that brokers and custodians forward the notice of Internet availability or, as applicable, printed copies of the proxy materials to stockholders for whom they hold shares. We will reimburse these entities for their reasonable out-of-pocket distribution expenses.

Where can I direct any questions regarding the solicitation of votes?

Please direct any questions regarding the solicitation of votes in connection with our 2018 Annual Meeting of Stockholders to Innisfree M&A Incorporated, 501 Madison Avenue, 20th Floor, New York, New York 10022. Stockholders, please call (888) 750-5834. Banks and brokerage firms, please call (212) 750-5833.

What is the deadline to propose actions for consideration at the 2019 Annual Meeting of Stockholders?

In order for a stockholder proposal to be eligible to be included in our proxy statement and proxy card for the 2019 Annual Meeting of Stockholders, the proposal must be submitted to our Corporate Secretary at our principal offices in Burlington, Massachusetts, on or before November 26, 2018, and concern a matter that may be properly

considered and acted upon at the annual meeting in accordance with Rule 14a-8 under the Securities Exchange Act of 1934 (the "Exchange Act").

Under the advance notice provisions in our Amended and Restated By-Laws, stockholders are required to provide notice to our Corporate Secretary at our principal offices in Burlington, Massachusetts, of the nomination of directors or to introduce an item of business at an annual meeting of stockholders, not less than 90 days nor more than 120 days prior to the anniversary date of our prior annual meeting. However, if our annual meeting is called for a date that is not within 25 days before or after the anniversary date of the prior year's annual meeting, notice by the stockholder must be received no later than the close of business on the tenth day following the earlier of either the day on which the notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. For further information about our director nomination process, please see "Director Nomination Process" below.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON MAY 8, 2018:

THIS PROXY STATEMENT AND THE ANNUAL REPORT ARE AVAILABLE AT:

PROPOSAL 1 - ELECTION OF DIRECTORS

Proposal Summary

The first proposal for consideration at our annual meeting is the election of the three director nominees named in this proxy statement. Our board of directors is divided into three classes, designated as Class I, Class II and Class III directors, with one class elected each year.

Members of each class hold office for a three-year term. Our board of directors currently consists of nine members, three of whom are Class I directors, three of whom are Class II directors and three of whom are Class III directors.

Class I Director Nominees. Our board of directors has, upon the recommendation of our nominating and governance committee, nominated our current Class I directors, Nancy Hawthorne, John H. Park and Peter M. Westley, for re-election as Class I directors at our annual meeting. Information about each director nominee is provided below. If elected, each director nominee for Class I will serve as a director until our 2021 annual meeting of stockholders and his or her successor is duly elected and qualified, or until his or her earlier death, resignation or removal. Each Class I director nominee has indicated his or her willingness to serve if elected, but if any of the nominees should be unable or unwilling to serve, proxies may be voted for substitute nominee(s) designated by our board of directors.

Under our Amended and Restated By-Laws, directors in non-contested elections are elected by an affirmative majority of votes cast. You can vote “for” or “against” a nominee, or you may “abstain” from voting with respect to a nominee, however, an abstention will not count as a vote cast in the election.

Board Recommendation

Our board of directors recommends that our stockholders vote FOR the election of Ms. Hawthorne and Messrs. Park and Westley.

Nominees for Class I Directors for a Three-Year Term That Will Expire at our Annual Meeting in 2021

Set forth below is information regarding each director nominee, including his or her age as of March 25, 2018 and information about his or her specific experience, qualifications, attributes or skills that led the board to conclude that he or she should serve as a director of Avid.

Nancy Hawthorne, 66, became a director in October 1997 and was appointed Chair of our board in March 2018. Ms. Hawthorne served as our lead independent director from January 2008 to December 2011, and assumed that role again from October 2014 to March 2018. Ms. Hawthorne has been a Partner of Hawthorne Financial Advisors, a financial advisory and investment firm, since June 2014. Previously, Ms. Hawthorne served as Chair and Chief Executive Officer of Clerestory, LLC; Chief Executive Officer and Managing Partner of Hawthorne, Krauss & Associates, LLC, a provider of consulting services to corporate management; and as Executive Vice President and Chief Financial Officer and Treasurer of Continental Cablevision. Ms. Hawthorne also serves as lead director and member of the audit committee, and nominating and governance committee of Brighthouse Financial; as a director and member of the audit committee of Charles River Associates; and as director and member of the nominating and governance committee and audit committee of THL Credit, Inc. As a former senior executive at Continental Cablevision and MediaOne, Ms. Hawthorne brings deep industry expertise to Avid's board, especially on the distribution side of the value chain and in her experience with subscription and recurring revenue business models. Ms. Hawthorne's financial management and outside board experience enhance her contributions to our board. She also brings a broad understanding of corporate governance and risk management to the board, which helps our board understand and focus on critical issues in these areas. Additionally, her financial expertise and experience qualify her as an audit committee financial expert. Ms. Hawthorne brings valuable insight in her role as Chair, Chair of our nominating and governance committee and a financial expert. Ms. Hawthorne also offers a unique perspective, having served as our interim CEO from July to December 2007.

John H. Park, 50, served as a director from June 2007 to June 2011 and was reelected to our board in May 2012. Since November 2012, Mr. Park has been a partner at the investment management firms of Jackson Park Capital, LLC and Jackson Park Advisors, LLC. Mr. Park was a partner of Blum Capital Partners, L.P., a private equity firm

and an Avid investor, from May 2004 to November 2012. Prior to joining Blum Capital Partners, Mr. Park spent 11 years with Columbia Wanger Asset Management, L.P. where he was a partner and the Portfolio Manager of the Columbia Acorn Select Fund and a Co-Portfolio Manager of the Columbia Acorn Fund. Mr. Park has also in the past served as a director of eResearch Technology, Inc. and GlenRose Instruments, Inc. Our board believes it benefits from Mr. Park's demonstrated business acumen gained through extensive private equity and fund investment experience, prior experience on other public company boards of directors and participation in corporate turn-around efforts. As a professional investor, he also provides valuable insight into our investor relations strategy, executive compensation, performance measurement and other governance matters. With this experience, Mr. Park is also a valued member of our compensation committee and our nominating and governance committee.

Peter Westley, 54, became a director in January 2016. Mr. Westley is a partner at Blum Capital Partners, L.P., a leading investment firm that is one of our largest stockholders. Mr. Westley has been a partner at Blum Capital Partners since 2012 and has nearly 30 years of experience in financial services working with media and technology companies. He sits on the board and the audit committee of Payless Holdings, LLC and is an alternate member of the board of Xtralis Group Holdings Limited, in both of which Blum Capital Partners has a significant investment stake. His prior experience includes serving as a managing director in the Technology and Media Groups at Salomon Smith Barney, partner and head of the media and internet investment banking at ThinkEquity Partners, LLC, and managing director and head of media and internet banking at North Point Advisors. Our board benefits from Mr. Westley's 30 years of experience in financial services working with media and technology companies and he brings financial expertise, industry knowledge and leadership experience that the board believes will add new perspective to the board and amplify the company's capability to provide greater value to stockholders. We also benefit from the stockholder perspective he lends as a partner of Blum Capital Partners, L.P. His experience and background qualify him as an audit committee financial expert and he currently serves as the chair of our audit committee.

CONTINUING DIRECTORS

Set forth below is information regarding each continuing director, including his or her age as of March 25, 2018 and information about his or her specific experience, qualifications, attributes or skills that led the board to conclude that he or she should serve as a director of Avid.

Class II Directors (terms to expire at our 2019 annual meeting)

Robert M. Bakish, 54, became a director in October 2009. Mr. Bakish is currently the President & CEO of Viacom Inc. to which he was appointed to in December 2016; prior to that he was Acting President and CEO of Viacom Inc. from November 2016 to December 2016; prior to that he was President and CEO of Viacom International Media Networks, a division of Viacom Inc., since January 2010. From January 2007 to January 2010, Mr. Bakish served as the President of MTV Networks International, another division of Viacom. Mr. Bakish's extensive experience at Viacom gives him unique insights into the broadcast industry and international markets. He brings a strong commercial perspective and voice of the customer to Avid's board. This has been very valuable as Avid is implementing its long-term transformational strategy to adapt to the rapidly changing media industry. The board also values his expertise in strategic planning and business development as well as in his role, since 2011, as the chair of our compensation committee.

Cove Street has agreed that neither it nor any of its affiliates will pay any compensation to Mr. Silvers with respect to his service on the Board or any committee thereof. In addition, Cove Street has agreed that Mr. Silvers will promptly tender his resignation from the board if Cove Street and its affiliates beneficially own less than five percent of the Company's outstanding common stock. During the standstill period, Cove Street has also agreed to vote its shares in favor of the company's nominees of existing directors for election to our board and in accordance with any recommendations of our board on certain other matters. The standstill period extends to the earliest to occur of (i) the end of the initial term for which Mr. Silvers is appointed (or such longer period as Mr. Silvers or, in certain circumstances, a replacement director selected pursuant to the Agreement, continues to serve on the Board), (ii) ten

calendar days prior to the deadline for the submission of shareholder nominations for the company's 2019 annual meeting of stockholders (but only in the event that Mr. Silvers has tendered his resignation on or before such date and such resignation is due to a disagreement with the Board that has been set forth in writing) and (iii) five business days after such date, if any, that Cove Street provides written notice to the company

9

Mr. Wallace is an accomplished senior media executive with a 25-plus year track record of successful strategic and tactical operations leadership, making him a valued member of our audit committee.

DIRECTOR COMPENSATION

Our company uses a combination of cash and equity-based compensation to attract and retain individuals to serve on our board. We only compensate outside directors for their service on our board. An outside director is a member of our board who is not:

- an employee of our company or any subsidiary of our company;
- a significant stockholder, meaning the beneficial owner of 10% or more of our outstanding common stock; or
- a controlling stockholder, member or partner of a significant stockholder.

During fiscal year 2017 (i) Louis Hernandez, Jr. did not qualify as an outside director as he was our CEO; and (ii) Mr. Westley did not qualify as an outside director due to his relationship with Blum Capital Partners, L.P. Accordingly neither received any compensation for their service on our board.

Our board's outside directors receive cash compensation as set forth below:

	Lead Director	Chair Retainer (1)	Other Members Retainer
Board of Directors	\$80,000	\$100,000	\$50,000
Audit Committee	—	26,000	12,000
Compensation Committee	—	18,750	9,000
Nominating and Governance Committee	—	12,500	5,250
Strategy Committee	—	18,750	9,000

No fee was paid for the board chairman position during 2017 when Mr. Hernandez was both CEO and chairman. (1) Ms. Hawthorne served as lead director during 2017 and was paid a retainer of \$80,000 for her service in that role.

Upon her appointment as board chair in March 2018, Ms. Hawthorne ceased serving as lead director. In addition to the cash compensation described above, outside directors are entitled to receive equity compensation. Our board reviews equity compensation for outside directors periodically. Under our 2014 Stock Incentive Plan, we may grant options, restricted stock, restricted stock units, or a combination of these awards upon an outside director's initial election to our board of directors and annually for his or her continued service on the board. The 2014 Stock Incentive Plan limits the "expected value" of these awards to a dollar amount determined by our compensation consultant based on a review of compensation paid by peer companies; this dollar amount for any award may not exceed \$230,000 as of the date of grant. The expected value of an option or SAR is the value of the award on the date of grant, as determined by our board of directors using a reasonable valuation method. The expected value for restricted stock and restricted stock units is the fair market value of our common stock covered by the award on the date of grant.

For years after 2013, stock options granted to outside directors generally vest in full on the first anniversary of the date of grant. Restricted stock and restricted stock units granted to outside directors may not vest before the first anniversary of the date of grant, except in extraordinary circumstances (including a director's death or disability, a director's attainment of mandatory retirement age or retirement following at least seven years of service, certain

corporate transactions, and other nonrecurring significant events that affect us, a director, or the 2014 Stock Incentive Plan). In May 2017, we made an annual grant to our directors of 21,023 restricted stock units which vests upon the earlier of the date of our annual meeting of stockholders in 2018 or May 31, 2018.

Director Compensation Table for Fiscal Year 2017

The following table sets forth a summary of the compensation we paid to our outside directors for service on our board in 2017.

(1) Cash amounts included in the table above represent the portion of the annual board/committee member fees and board/committee chair fees earned during our 2017 fiscal year.

The amount shown represents the aggregate grant date fair value, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation-Stock Compensation, of restricted stock unit awards granted to each of our outside directors in 2017. The grant date fair value represents fair market value less par value of \$0.01 per share. The fair market value was determined by multiplying the total number of shares of common stock underlying the restricted stock units by \$5.47, the closing price of our common stock on Nasdaq on the grant date, May 9, 2017. As of December 31, 2017, the outside directors held the following vested restricted stock units: Mr. Bakish: 62,035; Ms. Boggs: 27,183; Dr. Daley: 63,035; Ms. Hawthorne: 63,035; Dr. Moon: 63,035; Mr. Park: 46,035; and Mr. Wallace: 0. Please see Note L, "Capital Stock" to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017 regarding the assumptions and methodologies used to value these restricted stock units.

(3) Dr. Moon retired from the board effective May 9, 2017.

Stock Ownership Guidelines for Outside Directors

Our board has adopted stock ownership guidelines for outside directors which are intended to further align the interests of our outside directors with those of our stockholders. Under the guidelines in effect in 2017, our outside directors were expected to hold at least 18,000 shares of common stock within three years of becoming an outside director. To better align with the external market, in 2018 the board modified the stock ownership guidelines applicable to directors, such that the guidelines now call for outside directors to hold shares of common stock equal in value to a multiple of three times the cash retainer paid to the director in respect of such director's board membership, excluding any cash retainer paid for committee service. For purposes of these guidelines, stock ownership includes:

- stock owned outright, including stock owned jointly with a spouse or separately by a spouse and/or children;
- shares held in a trust for the economic benefit of the outside director or his or her spouse or children;
- restricted stock and restricted stock units; and
- shares underlying fully-vested options.

All of our outside directors who have served on our board for three years have met our stock ownership guidelines. See the section of this proxy statement entitled "Beneficial Ownership Information - Security Ownership of Certain Beneficial Owners and Management" for more detailed information on the beneficial ownership of our directors.

GOVERNANCE OF THE COMPANY

We are committed to ensuring high standards of corporate governance. Some examples of this commitment are set forth below:

• Our board consists of nine members, eight of whom are independent directors within the meaning of Nasdaq's listing standards.

• All members of our board's committees are independent directors.

• We have corporate governance guidelines that are published on our website at ir.avid.com, which among other things, lay out the responsibilities and qualification standards for directors, the criteria for director

nominations, the board meeting process, our directors' access to officers and employees and independent advisers, and the duties of our chair and, if applicable, lead independent director.

Our corporate governance guidelines also require our directors to (i) limit the number of other public company boards on which they serve so that they are able to devote adequate time to their duties to the company, and (ii) submit their resignation should they lose their current employment position.

Our corporate governance guidelines further require that any nominee for director who does not receive a

- majority vote in an uncontested election must promptly tender his or her resignation to the board, which will consider whether to accept the resignation.

We have stock ownership guidelines for our CEO, our other executive officers and our non-employee directors that are described in this proxy statement under "Stock Ownership Guidelines" and "Director Compensation - Stock Ownership Guidelines for Outside Directors."

Our independent directors hold regularly convened meetings without management present.

Independent directors approve director nominations and executive officer compensation.

Our audit committee reviews and approves all related-party transactions.

We have a code of business conduct and ethics which is distributed annually to our employees.

Waivers of our code of business conduct and ethics given to our executive officers or directors must be approved by our board of directors and disclosed publicly.

Corporate Governance Guidelines

The board has adopted corporate governance guidelines to assist it in the exercise of its duties and responsibilities and to serve the best interest of our stockholders, and a code of business conduct and ethics that applies to all of our employees, officers and directors. Our corporate governance guidelines address, among others, the responsibilities and qualification standards for directors (including a policy for holdover directors), the criteria for director nominations, the board meeting process, our directors' access to officers and employees and independent advisers, and the duties of our chair and if applicable lead independent director. Our corporate governance guidelines can be accessed from the corporate governance page in the investor relations section of our website at <http://ir.avid.com>.

Board Leadership Structure

The board oversees our chief executive officer and other senior management in the competent and ethical operation of the company and assures that the long-term interests of the stockholders are being served.

The board periodically reviews its leadership structure to determine whether the roles of chair and chief executive officer should be separated or combined, based on its judgment as to the structure that best serves the interests of our company and our stockholders. In March 2018, in connection with Mr. Rosica's appointment as CEO, and following Mr. Hernandez's resignation from the board, Ms. Hawthorne, an independent director, was appointed chair of our board. The board believes that the current separation of the chair and chief executive officer roles allows Mr. Rosica to focus his time and energy on operating and managing the company. Our board continues to evaluate our leadership structure and may make appropriate changes in the future.

The chair of the board chairs and presides over meetings of the board and serves as a liaison between the directors and management.

Risk Oversight

The Board's Role

The management of risk is an integral part of board deliberations throughout the year. Management is responsible for the day-to-day management of risks our company faces, while the board, as a whole and through its committees, has responsibility for the oversight of risk management. A fundamental part of risk oversight is to understand the risks that we face, the steps management is taking to manage those risks and to assess our

appetite for risk. Risk management systems, including our internal auditing procedures, internal controls over financial reporting and corporate compliance programs, are designed in part to inform management about our material risks. The board believes that full and open communication between management and the board are essential for effective risk management and oversight. The board and its committees receive regular presentations from senior management on strategic matters involving our operations and areas of material risk to our company, including operational, financial, legal, regulatory, and strategic risks, among others. The board and its committees also discuss with management strategies, financial performance, legal developments, key challenges and risks and opportunities for our company. The involvement of the board in the oversight of our strategic planning process is a key part of its assessment of the risks inherent in our corporate strategy. Our management uses an enterprise risk management process to identify and assess, and, to the extent practicable, manage and mitigate material risks to our company. While the board oversees the risk management process, our board's committees assist the board in fulfilling its oversight responsibilities in certain areas of risk. The audit committee focuses on financial risk, including the areas of financial reporting, internal controls and compliance with legal and regulatory requirements. The compensation committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The nominating and governance committee manages risks associated with corporate governance, board organization, membership and structure.

Compensation Risk Assessment

At the compensation committee's direction, our General Counsel and SVP Strategic Initiatives, and other members of the human resources, legal and finance departments, assisted in a risk assessment of our compensation programs for 2017, including our executive compensation programs. Based on this assessment, we believe that our compensation programs' design promotes the creation of long-term value and discourages behavior that leads to excessive risk. The compensation committee reviewed and discussed the assessment, and the compensation committee concurred with management's assessment, that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on our business.

Director Independence

Eight of the nine members of our board are "independent" directors, and all of the board's committees are composed entirely of "independent" directors, as such term is defined in Nasdaq's listing standards. There are no family relationships among any of our directors and executive officers. The board determined that the following directors are "independent," according to the above definition: Robert M. Bakish, Paula E. Boggs, Elizabeth M. Daley, Nancy Hawthorne, John H. Park, Daniel B. Silvers, John P. Wallace and Peter M. Westley. In reaching its determination as to the independence of Mr. Silvers and Mr. Westley, the board considered each director's relationship with significant stockholders of Avid. The board also determined that Dr. Moon was "independent." During his service as CEO, Mr. Hernandez was not, and Mr. Rosica is not, an "independent" director.

In addition, after having considered relevant factors, including Mr. Westley's relationship with one of Avid's largest stockholders, the board has determined that the audit committee is composed entirely of "independent" directors, as such term is defined in Rule 10A-3 under the Exchange Act, as no member of the audit committee accepts directly or indirectly any consulting, advisory or other compensatory fee from the company other than his or her director compensation, or otherwise has an affiliate relationship with the company. Also, each of the members of the compensation committee qualifies as independent under Nasdaq standards and Rule 10C-1 under the Exchange Act. Under these standards, the board considered that none of the members of the compensation committee accepts directly or indirectly any consulting, advisory or other compensatory fee from the company other than his or her director compensation, and that none has any affiliate relationship with the company or other relationships that would impair the director's judgment as a member of the compensation committee.

Board Meetings

Our board met six times and acted by written consent three times in 2017. The non-management directors, all of whom are independent, met in an executive session chaired by the lead independent director at the conclusion of every regularly scheduled board meeting and at such other board and committee meetings as desired by the independent directors. During 2017, each of our directors attended at least 75 percent of the total number of meetings of the board of directors and all committees of the board of directors on which he or she served.

While we encourage our directors to attend our annual meetings of stockholders, we do not have a policy requiring their attendance. All of our then-serving directors attended our 2017 annual meeting of stockholders.

Board Committees

Our board has a standing audit committee, compensation committee, nominating and governance committee and strategy committee. Each committee operates under a charter that has been approved by our board. Each committee reviews its charter periodically and recommends any proposed revisions to our board for approval. The charters of the audit committee, the compensation committee and the nominating and governance committee can be accessed from the corporate governance page in the investor relations section of our website at <http://ir.avid.com>. Members of each committee are generally elected by our board upon recommendation from our nominating and governance committee. Committee meetings may be called by the chair of a committee or our chair. Each of the committees is authorized to retain independent legal, accounting and other advisors, and to approve compensation for their services.

The table below provides information regarding membership of board committees as of the date of this proxy statement. Each of the committees is comprised solely of independent directors, as defined by Nasdaq listing standards.

Independent Director	Audit	Compensation	Nominating and Governance	Strategy
Robert M. Bakish		Chair	x	
Paula E. Boggs	x			x
Elizabeth M. Daley		x		Chair
Nancy Hawthorne	x		Chair	
John H. Park		x	x

Audit Committee

Our board has determined that each of Ms. Hawthorne and Mr. Westley qualifies as an “audit committee financial expert” as defined in Item 407(d)(5) of Regulation S-K. In addition, our board has determined that the members of our audit committee meet the additional independence criteria required for audit committee membership under Rule 10A-3 under the Exchange Act.

The audit committee’s responsibilities include:

- appointing, as well as approving the compensation and assessing the independence of, our independent registered public accounting firm;
- overseeing the work of our independent registered public accounting firm, including reviewing certain reports required to be made to the audit committee by the independent registered public accounting firm;
- overseeing the work of our internal audit function, including approving the internal audit annual plan submitted by our internal auditors;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- reviewing, approving and ratifying related person transactions;
- monitoring our internal controls over financial reporting, disclosure controls and procedures; and
- meeting independently with our internal auditing staff, our independent registered public accounting firm and management.

Our audit committee met nine times and acted by written consent three times in 2017.

Compensation Committee

Our compensation committee oversees the design and development of our executive compensation programs and determines CEO compensation consistent with the overall objectives of the program, as described below. The compensation committee also approves compensation for the other named executive officers (the "other NEOs"). In addition, all members of the compensation committee were independent directors under Rule 10C-1 under the Exchange Act.

The compensation committee's responsibilities include:

- administering our executive officer compensation and bonus programs;
- determining the CEO's compensation;
- approving compensation for other NEOs;
- administering our equity incentive plans and other long-term incentive plans;
- annually reviewing and approving an appropriate peer group against which executive compensation is compared;
- annually reviewing and approving corporate financial performance goals and individual performance goals relevant to the compensation of our executive officers;
 - reviewing and discussing the Compensation Discussion and Analysis and recommending it for board approval;
- evaluating compensation policies and practices in relation to risk management; and
- reviewing and making recommendations to our board with respect to director compensation.

Our compensation committee met four times and acted by written consent four times in 2017.

Compensation Committee Interlocks and Insider Participation. No member of the compensation committee is, or has ever been, an officer or employee of the company. Furthermore, during 2017, none of our executive officers served as a member of the compensation committee (or other board committee performing equivalent functions) or as a director of another entity where an executive officer of such entity served on our compensation committee or board.

For further information about our processes and procedures for the consideration and determination of executive and director compensation, please see "Executive Compensation - Compensation Discussion and Analysis" below.

Nominating and Governance Committee

The nominating and governance committee's responsibilities include:

- identifying individuals qualified to become members of our board;
- recommending to our board persons to be nominated for election as directors and to each of the committees of our board;
 - developing and recommending to our board corporate governance principles; and
- overseeing an evaluation of our board.

Our nominating and governance committee met four times and acted by written consent once in 2017.

Strategy Committee

The strategy committee's responsibilities include reviewing, evaluating and making recommendations to our board with regard to potential strategic opportunities. Our strategy committee met once in 2017.

Director Nomination Process

The process followed by our nominating and governance committee to identify and evaluate director candidates consists of reviewing recommendations from members of our board, search firms that we engage from time to time, and others (including stockholders) and evaluating biographical and background information relating to potential candidates.

In considering whether to recommend a particular candidate for inclusion on our board's slate of recommended director nominees, including existing directors, our nominating and governance committee considers the criteria set forth in our corporate governance guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, age, experience and commitment to participate as a director, as well as the diversity of our board and conflicts of interest that would impair the candidate's ability to act in the interests of all stockholders. Our nominating and governance committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for all prospective nominees. Our corporate governance guidelines also provide that the nominating and governance committee will review with the board the requisite skills and criteria for new board members as well as the composition of the board as a whole, including the consideration of diversity, age, skills, experience, geographic representation, gender, race and national origin, and other experience in the context of the needs of the board. Our nominating and governance committee treats diversity as one of the criteria to be considered by the committee, but has not adopted any formal or informal diversity policy. Our nominating and governance committee believes that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow our board to fulfill its responsibilities. Our nominating and governance committee monitors the qualification, composition and diversity of our board through the board evaluation process.

Our Amended and Restated By-Laws require stockholders to provide notice to Avid of the nomination of directors not less than 90 days nor more than 120 days prior to the anniversary date of our prior annual meeting. However, if our annual meeting is called for a date that is not within 25 days before or after the anniversary date of the prior year's annual meeting, notice by the stockholder must be received no later than the close of business on the tenth day following the earlier of either the day on which the notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made. If the annual meeting concludes as scheduled on May 8, 2018, notice of any nomination of directors for election at the 2019 annual meeting of stockholders must be received no earlier than January 8, 2019 and no later than February 7, 2019.

Our Amended and Restated By-Laws require a stockholder proposing a director nomination to accompany the request with certain additional information concerning the stockholder and the nominee(s) proposed, including, among other things, (i) biographical and stock ownership information (including derivative and hedging interests as to our common stock) of the proponent stockholder and the nominee(s) (and certain affiliates or associates of each of the proponent stockholder and the nominee(s)), (ii) arrangements and understandings (including financial arrangements and compensation) between the proponent stockholder (and certain affiliates or associates of the proponent stockholder) and any other person, including the nominee(s), with respect to our common stock, and (iii) any other information relating to the proponent stockholder or the nominee(s) that would be required to be disclosed in a proxy statement pursuant to Section 14 of the Exchange Act.

Stockholders may recommend an individual to our nominating and governance committee for consideration as a potential director candidate by submitting the individual's name, together with the information referred to above, to the Nominating and Governance Committee, Avid Technology, Inc., c/o Corporate Secretary, 75 Network Drive, Burlington, Massachusetts 01803, or by email to Avid.Secretary@avid.com.

Assuming that appropriate biographical and background material has been provided on a timely basis, our nominating and governance committee evaluates stockholder-recommended candidates by substantially following the same process, and considering the same criteria, as it follows for candidates submitted by others. If our board decides to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy materials for the next annual meeting.

Board Evaluation

Our nominating and governance committee leads the board in a periodic evaluation of its performance as a board of directors. Our corporate governance guidelines provide that the board from time to time evaluate its performance to determine whether the board, its committees and its individual members are functioning effectively. While in 2017 no formal evaluation process was conducted, our board continuously monitors the needs of the company and strives to ensure that its composition reflects those needs.

Related Person Transaction Policy

Our board has adopted a written policy and procedures for the review of any transaction, arrangement or relationship in which our company is a participant, the amount involved exceeds \$120,000, and one of our

17

executive officers, directors, or 5% stockholders (or their immediate family members), whom we refer to as “related persons,” has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a “related person transaction,” he or she must report the proposed related person transaction to our General Counsel. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review is not practicable, our audit committee may ratify the related person transaction. Any related person transactions that are ongoing in nature will be reviewed annually by the audit committee.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by our audit committee after full disclosure of the related person’s interest in the transaction. As appropriate for the circumstances, our audit committee will review and consider:

- the related person’s interest in the transaction;
- the approximate dollar value of the transaction;
- the approximate dollar value of the related person’s interest in the transaction;
- whether the transaction was undertaken in the ordinary course of business;
- whether the terms of the transaction are no less favorable to our company than terms that could be reached with an unrelated third party;
- the purpose, and the potential benefits to our company, of the transaction; and
- any other information regarding the transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Our audit committee may approve or ratify the transaction only if it determines that, under the circumstances, the transaction is not inconsistent with our company’s best interests. During 2017, there were no related person transactions proposed or required to be disclosed.

Communication with our Board of Directors

Our board of directors will give appropriate attention to written communications that are submitted by our stockholders, and will respond if and as appropriate. Our chair, with the assistance of our General Counsel, is primarily responsible for communications with stockholders and for providing copies or summaries of those communications to our other directors. Stockholders who wish to send communications to our board of directors should address those communications to the Board of Directors, Avid Technology, Inc., c/o Corporate Secretary, 75 Network Drive, Burlington, Massachusetts 01803, or by email to Avid.Secretary@avid.com.

The following executive officers were our NEOs for fiscal 2017*:

- Louis Hernandez, Jr., Chairman and Chief Executive Officer;
- Brian E. Agle, Senior Vice President and Chief Financial Officer;

Executive Summary

2017 Business & Financial Performance Highlights

During 2017, we made significant and demonstrable progress on our strategy, while also completing what we have been calling the Company's transformation in the second quarter of 2017. Below are some highlights of our 2017 business and financial performance:

- The number of users on our Avid MediaCentral Platform, which we believe is the most comprehensive media workflow in the industry, continued to grow. At year-end 2017, there were approximately 54,000 licenses across media enterprises worldwide, an increase of 26% from year-end 2016.

We made substantial progress in our transition to a subscription-based model, which is another key element of our strategy. At year-end of 2017, there were approximately 94,000 paying cloud-enabled subscribers, a 54% increase from the end of 2016.

Avid Everywhere allowed us to achieve significant customer wins, including the ten-year Sinclair managed services contract, which underscores the potential of Avid Everywhere and our framework agreement with Al Jazeera Media Network which includes a Global Services Agreement and Global Product Call-Off Agreement cementing the companies' strategic relationship.

- We completed our cost optimization projects to improve our efficiency and better align our resources with our strategic goals and our customers' needs;
- We refined our governance and compensation programs to further align leadership with stockholder interests.

2017 Say-on-Pay Vote

In May 2017, our stockholders approved our say-on-pay proposal with 98% percent of the votes cast in favor of our executive compensation program. Our executive compensation programs use the metrics that are meaningful to our business priorities and stockholders. Consistent with this principle, we use a combination of performance-based restricted stock units (RSUs") and time-based RSUs in our compensation programs. This equity-based instrument mix mitigates potential stockholder dilution attributable to equity grants, while improving the alignment between compensation and successful execution relative to measures that we believe will drive stockholder value creation and that our stockholders have indicated reflect their priorities. We continue to regularly engage with our stockholders on a number of topics, including our business strategy, financial performance, executive compensation and the financial measures used for our performance-based pay. As evidenced by our 2017 say-on-pay vote results, our stockholders have been supportive of our compensation strategy.

2017 Executive Compensation Program Highlights

Highlights of our 2017 executive compensation program include:

The Majority of Executive Compensation is Tied to Performance and the Creation of Stockholder Value. The compensation committee structures our executive compensation packages so that the majority of executive compensation is tied to performance-based metrics, with a smaller portion being paid in base salary. For 2017, 83% of our Former CEO's targeted pay was tied to performance and the creation of stockholder value. For 2017, the percentage of targeted pay tied to performance for our other NEOs was 72.9% for our CFO, 74.3% for our President, 62.7% for our General Counsel, and 61.1% for our Chief Product Officer.

Long Term Incentives. Our practice is to provide a significant portion of our executive compensation in the form of equity-based awards, which align executives' interest with the creation of stockholder value. In 2017, our NEOs received, on average, 50% of their total direct compensation (base salary, annual

cash incentive compensation and grant date fair value of equity-based awards) in the form of equity-based awards.

Annual Executive Bonus Plan Structure Aligned with Creation of Stockholder Value.

Our 2017 Annual Executive Bonus Plan (the "2017 Executive Bonus Plan") used the financial metrics of Revenue, Adjusted Free Cash Flow and Adjusted EBITDA, as well as the operational metric of Bookings. Adjusted Free Cash Flow and Adjusted EBITDA are defined under "Annual Performance-Based Cash Awards."

The pre-determined, objective plan metrics were chosen in consideration of input received during our stockholder outreach and because the compensation committee believes these metrics drive stockholder value and directly reflect management performance.

The 2017 Executive Bonus Plan used multiple metrics which our compensation committee believes provide a more comprehensive assessment of our executives' success in driving long-term stockholder value creation, particularly during a time when EBITDA growth was challenged by the run-off from the amortization of non-cash deferred Revenue from pre-2011 transactions, and while the company is intensely focused on the generation of Revenue and Adjusted Free Cash Flow.

Metrics are generally established in the first quarter each year based on our annual operating plan and what the board believes is a challenging level of performance that the company could achieve if the operational strategies are successfully executed.

We believe that the 2017 Executive Bonus Plan provided an effective means to align compensation with achievement relative to our performance goals. As discussed in more detail below, based on our 2017 performance, as measured by the four performance metrics used in the Plan, the compensation committee awarded annual cash bonuses to our NEO's, with the exception of our Former CEO, at a level equal to 80% of target. This below-target payout percentage reflected our 2017 performance and is in line with previous trends, evidencing the rigorous targets our compensation committee has historically set and continues to set.

No Vesting of Performance-Based Equity in 2017, Reflecting Challenging Vesting Criteria.

The vesting of our performance-based equity compensation is tied to pre-determined objective criteria of Adjusted EBITDA-to-Adjusted Free Cash Flow conversion hurdles, with increasingly challenging stock price hurdles providing an additional payout opportunity directly linked to stockholder value creation.

None of the performance based RSUs vested in 2017, although they may vest in 2018 or 2019 if the stock price hurdles for such years are achieved.

No Discretionary Bonuses. Our compensation committee did not approve any discretionary cash bonus payments to our NEOs during 2017.

Good Governance in our Executive Compensation Programs and Practices

The following highlights examples of good corporate governance incorporated in our executive compensation programs:

Independent Compensation Consultant. The compensation committee engaged an independent executive compensation consultant, Pearl Meyer & Partners ("PM"), to advise and counsel on key compensation decisions and actions during 2017.

Appropriate Peer Group and Market Referencing. We utilize a group of peer companies that we believe are appropriate from the perspectives of industry, business focus, size, gross margins, research and development expense and international sales. We review and adjust our peer group annually.

Annual Advisory Vote to Approve Executive Compensation. We seek advisory approval of our executive compensation at each annual meeting of stockholders.

No Excise Tax Gross-Ups. None of our NEOs are entitled to tax gross-ups or gross-ups for golden parachute payments (Internal Revenue Code ("IRC") Section 280G) or for non-qualified deferred compensation (IRC Section 409A).

No Guaranteed Bonuses, Limited Perquisites. We do not offer guaranteed performance bonuses and we provide few fringe benefits. We do not offer company planes, personal security (other than for travel and lodging, where appropriate), financial planning advice, tax preparation services or club memberships.

Double-Trigger Change-in-Control Provisions. Each of the change-in-control severance agreements with our NEOs provides for “double-trigger” payments or benefits. As such, contractual change-in-control benefits are payable only in the event of a qualifying termination of employment within a specified period of time after a change-in-control.

Stock Ownership Guidelines. Our NEOs are subject to stock ownership guidelines, which further align the interests of our NEOs with our stockholders and encourage our NEOs to manage from an owner’s perspective. Those of our executives who have been employed by us long enough to be required to meet the guidelines have met our stock ownership guidelines.

Risk Assessment. We conduct an annual comprehensive risk assessment of our compensation programs. Based on this assessment, we believe that our programs are structured in a manner to motivate strong performance with appropriate risk taking, while discouraging excessive risk taking. The details of this risk assessment can be found in the section of this proxy statement under “Governance of the Company - Risk Oversight.”

No Option Repricing. Our 2014 Stock Incentive Plan does not permit repricing of stock options or other equity awards without stockholder approval, has no evergreen provision, no liberal share recycling features and does not provide for automatic acceleration of unvested awards in the event of a change-in-control.

Compensation Philosophy and Objectives

How We Determine NEO Compensation

The compensation committee oversees our executive compensation programs with advice from its independent compensation consultant. We generally establish the performance targets for our NEOs during the first quarter of each fiscal year based on our annual operating plan, which is reviewed by our board of directors at that time. Our operating plan reflects what our management and board of directors believe we could achieve if we successfully execute our operational strategies. The financial performance targets used for purposes of executive compensation are generally set based on the operating plan targets for performance. Our compensation decisions also consider published industry survey and peer group data and reflect the individual performance of each executive officer.

Role of our Compensation Committee

Our compensation committee oversees the design and development of our executive compensation programs and determines CEO compensation consistent with the overall objectives of the program. The compensation committee also determines compensation for the other NEOs, based on the recommendations from the CEO. For 2017, all members of the compensation committee were independent directors under Nasdaq’s listing standards.

Role of our CEO

Our CEO provides strategic direction for our company, including with regard to compensation matters. During 2017, our Former CEO met periodically with the compensation committee and the compensation committee's independent compensation consultant to discuss changes to our NEO compensation programs, the 2017 Executive Bonus Plan, to evaluate the performance of the other NEOs, and to make recommendations regarding the form and amount of any changes to the compensation opportunities for the other NEOs. The ultimate decisions in 2017 regarding NEO compensation were, however, made by the compensation committee. Our Former CEO did not participate in our compensation committee’s deliberations or voting on his compensation. Our New CEO met with the compensation committee to review the structure of our 2018 executive compensation programs and to make recommendations regarding the form and amount of any changes to the compensation opportunities for the other NEOs. Our New CEO did not and will not participate in deliberations or voting on his compensation.

Role of our Independent Compensation Consultant

Each year, our compensation committee engages an independent compensation consultant to advise the compensation committee on executive officer and board compensation which, since October 2009, has been PM. PM acts primarily as an advisor to our compensation committee, but may also provide advice to management from

time to time on matters presented by management to our compensation committee with the knowledge and consent of our compensation committee. Our compensation committee has the sole authority to engage and terminate its compensation consultant.

The nature and scope of the assignments for PM for 2017 regarding executive compensation included:

- reviewing our peer group to determine the appropriateness of its composition;
- preparing executive compensation pay studies and competitive assessments to compare our executive compensation to our peer group and published industry survey data;
- providing input on structuring of performance-based awards; and
- advising on regulatory changes and their potential impact on our executive compensation programs.

The compensation committee has considered and assessed all relevant factors including, but not limited to, those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, that could give rise to a potential conflict of interest with respect to PM. Based on this review, we are not aware of any conflict of interest affecting the work performed by PM.

Market Data and Peer Group Analysis

For purposes of comparing our executive compensation program with market practices, our compensation committee, with the assistance of its independent compensation consultant, reviews executive compensation benchmarks from a peer group of publicly-traded companies, which we refer to as the “Avid Peer Group.”

At least annually, our compensation committee reviews the companies in the Avid Peer Group to confirm that they remain appropriate benchmarks. During its annual review, the compensation committee seeks, when practical, to maintain consistency in the peer group from year to year. In 2017, the compensation committee, with the assistance of PM, analyzed each company in the peer group to ensure that it still generally fits our selection criteria and that the peer group’s financial summary statistics (the median in particular) are generally aligned with our current size operating profile and business focus. In recognition of the company's current annual revenue and valuation, we focused on companies offering comparable services and products, of a comparable size with respect to revenue (approximately 0.5 to 2 times that of our company), with market capitalization generally less than \$2.5 billion, sizable gross margins (generally 40% or higher), research and development expense of at least 10% of revenue and significant international sales. As a result of its review of the Avid Peer Group in 2017, the committee removed QLogic due to its purchase by Cavium and RealID due to its purchase by a private equity firm. The committee added 3D Systems and Extreme Networks, leaving a peer group of 13 companies consisting of the following companies:

3D Systems	Pegasystems, Inc.	SeaChange International
Black Box	Progress Software Corp	Silicon Graphics International
Cray Inc.	Quantum Corp	TiVO Corporation
Extreme Networks, Inc.	RealNetworks, Inc.	Verint Systems
Harmonic Inc.		

In addition to reviewing the executive compensation practices of companies in the Avid Peer Group, our compensation committee, with the assistance of PM, also reviews executive compensation from published industry surveys, including The Radford High Technology Executive Compensation Survey, for purposes of comparing our executive compensation program with market practices. We refer to these surveys collectively as the “published industry survey data.”

Our compensation committee reviews the executive compensation practices of companies in the Avid Peer Group and the published industry survey data to determine whether our NEOs' base salary, total annual cash compensation and total direct compensation (base salary, annual cash incentive compensation and grant date fair value of equity-based awards) are within a reasonably competitive range. Our compensation committee uses target percentiles from the Avid Peer Group and published industry survey data as one factor when setting NEO compensation, but also considers the experience, performance levels and potential performance levels of the executive officer, challenges facing the company and changes in duties and responsibilities. Our compensation committee believes that if an executive officer contributed to the achievement of performance goals established by

the compensation committee, then the executive officer should have the opportunity to receive compensation that is competitive with comparable industry norms. Therefore, the compensation committee considers the compensation levels of our executive officers in comparison to the percentiles from survey data for similarly situated executives, but such percentiles do not on their own drive our compensation levels - rather, they are used as a market reference.

Elements of Executive Compensation

Compensation Elements

Our executive compensation program has the following elements:

Element	Description
Base Salary	Fixed annual cash amount based on competitive salary data
Annual Performance-Based Cash Bonuses	Variable annual cash payment based on the achievement of pre-established company goals designed to drive growth, improve profitability and cash flow and ultimately stockholder value
Long-Term Equity Awards	Time-based and performance-based equity-based awards
Other Benefits	Benefits provided to full-time employees generally (e.g. 401(k), health and insurance benefits, and employee stock purchase plan), and limited non-cash compensation designed to attract and retain NEOs and provide a competitive compensation package
Post-Employment Payments	Contingent in nature and payable only if an NEO's employment is terminated as specified in employment agreements and offer letters

Compensation Mix

In accordance with our pay-for-performance philosophy, the following chart illustrates the designed mix of target pay for our 2017 NEOs amongst each element of direct compensation, comprised of 2017 base salary, target bonus for 2017 and the grant date fair value of long-term equity-based incentives awarded in 2017. As discussed further below, Mr. Hernandez, our Former CEO, did not receive any bonus for 2017.

As shown in the chart above, for 2017, approximately 83.0% of Mr. Hernandez's; 72.9% of Mr. Agle's; 74.3% of Mr. Rosica's; 62.7% of Mr. Duva's; and 61.1% of Mr. Ruzicka's direct compensation (comprised of the elements shown above) was designed to align with stockholder value by being directly tied to company performance or being in the form of equity compensation. We intend to continue to tie a majority of executive compensation to the company's financial and operating performance. A description of the equity awards granted to our NEOs is provided below under "The 2017 Executive Compensation Programs in Detail - Long Term Equity Incentive Compensation."

In awarding long-term equity incentives for 2017, the Committee determined a dollar value for each NEO's award, then converted this amount into RSUs (half of which were time-based and half of which were performance-based) using a stock price of \$5.10 as of March 8, 2017, the date of approval. Because of changes in our stock price between the date of the Committee's approval and the date of grant of the performance-based RSUs, as well as accounting standards specific to the valuation of "market-based" awards such as our performance-based RSUs, the actual grant date fair value of each performance-based RSUs was less than \$5.10, and so the aggregate grant date fair value of the long-term equity awards was approximately 85% less than the amount approved by the Committee.

CEO Transition

On February 26, 2018, we announced that our board had terminated the Former CEO's employment effective February 25, 2018. The company did not pay a bonus to Mr. Hernandez for 2017 and all unvested equity awards, including his 2017 long-term incentive grants, were forfeited. As a result, Mr. Hernandez's 2017 realized compensation was significantly below his target compensation, as shown in the table below.

Element of Pay	2017	2017	Note
	Targeted Amount	Actual Amount	
Base Salary	\$700,000	\$700,000	Employed for full year
Cash Bonus	\$875,000	\$—	Employment terminated
Time-Based RSUs	\$1,499,997	\$—	Outstanding awards canceled
Performance Based RSUs	\$1,499,997	\$—	Outstanding awards canceled
Total	\$4,574,994	\$700,000	

For purposes of this presentation, the value of the time-based RSUs and performance-based RSUs awarded is equal to the number of RSUs awarded multiplied by Avid's closing stock price on date of grant.

On February 26, 2018, we appointed Mr. Rosica as CEO and President. In setting Mr. Rosica's 2018 annualized target total direct compensation, the compensation committee applied our existing compensation philosophy to set his compensation at appropriate levels, and to ensure that his compensation is tied to the creation of stockholder value. As shown in the chart below, 82.9% of Mr. Rosica's annualized target total direct compensation for 2018 is either directly tied to company performance or in the form of long-term equity awards aligned with stockholder value.

On March 26, 2018, the Compensation Committee approved an additional grant of \$2,000,000 as a new CEO incentive. This grant is intended to be in lieu of a 2019 grant. The intent of this grant is to provide our new CEO with a potential equity holding that will more closely align with shareholders. Consistent with our equity grant practice for our NEOs, fifty percent of the grant was made in time based RSUs and fifty percent was made in

performance-based RSUs. The vesting schedule for the RSUs will be 33.3% on the second anniversary of the grant and 8.33% every three months thereafter. The performance-based RSUs will be based on a relative Total Shareholder Return performance metric with the potential of one-third of the shares to vest each year if the performance metric is achieved.

The 2017 Executive Compensation Program in Detail

Base Salaries

Consistent with our compensation committee's philosophy of tying executive compensation to our financial performance, our executives receive a relatively small percentage of their overall target compensation in the form of base salary. Base salaries for our executive officers are reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities.

Two of our NEOs received an adjustment to their base salary in 2017. Positioning of our NEOs salaries varies by individual, reflecting individual-specific factors such as time in role, prior job, pay history and performance. Based on these factors, the salaries of our NEOs in aggregate approximated the 55th percentile of the Avid Peer Group and published industry survey data. The below chart shows the year-over-year comparison of base salaries

Executive	Annualized FYE 2016 Base Salary	Annualized FYE 2017 Base Salary	% Increase	Rationale
Louis Hernandez, Jr.	\$ 700,000	\$ 700,000	N/A	N/A
Jeff Rosica	\$ 450,000	\$ 450,000	N/A	N/A
Brian E. Agle	\$ 385,000	\$ 385,000	N/A	N/A
Jason A. Duva	\$ 320,000	\$ 360,000	13%	merit increase and market adjustment
Dana Ruzicka	\$ 290,000	\$ 325,000	12%	merit increase and market adjustment

Annual Performance-Based Cash Awards

Each year, we adopt an executive bonus plan that provides for cash incentive payments to our executive officers upon the achievement of certain performance objectives set forth in the plan. The performance objectives are generally reviewed and evaluated based on our annual operating plan. Our executive bonus plan is designed to provide an annual variable cash incentive to motivate participants to achieve company performance objectives and to reward participants for their achievements when those objectives are met. Executive bonus plan results and payment amounts are generally determined following the subject year, after audited financials have been completed and announced, and any earned amounts may be paid at any time after the filing of the company's annual report and before December 31 of the year following the plan year, in management's discretion.

Fiscal Year 2017 Executive Bonus Plan. On March 8, 2017, our compensation committee adopted an Executive Bonus Plan for 2017 (the "2017 Executive Bonus Plan"). The 2017 Executive Bonus Plan added a new performance metric of Revenue. By year-end 2016, substantially all of the deferred revenue attributable to pre-2011 transactions had been recognized and, as a result, the compensation committee decided that, starting in 2017, Revenue would be an appropriate additional indicator of the company's performance. For purposes of the 2017 Executive Bonus Plan, the performance metrics were weighted as follows: Adjusted EBITDA, 30%; Adjusted Free Cash Flow, 30%, Bookings, 20%; and Revenue, 20%. The compensation committee set the 2017 targeted Bookings and Free Cash Flow at levels meaningfully above our 2016 performance, which required significant growth and a continued stringent implementation of our efficiency initiatives.

For purposes of the 2017 Executive Bonus Plan, Adjusted EBITDA is defined as net income or loss before interest, taxes, depreciation, stock-based compensation, and amortization, adjusted for certain non-operating charges, such as restructuring, mergers and acquisitions, and management change expenses (among others), and Adjusted Free Cash Flow is defined as operating cash flow less capital expenditures where operating cash flow excludes certain non-operating charges such as restructuring, mergers and acquisitions, and management change expenses (among others).

The target and maximum payout levels as a percentage of each NEO's base salary remained unchanged from our 2016 Executive Bonus Plan, excepting for Mr. Agle, who did not participate in the 2016 Executive Bonus Plan and had a target level of 70% for the 2017 Executive Bonus Plan. Failure to attain the threshold goal for each performance objective results in forfeiture of the associated opportunity.

The compensation committee believes that these four performance measures correlate strongly with stockholder value and that using a combination of these metrics provides a more effective way to measure our executive team's ability to create sustainable EBITDA growth and successfully manage our liquidity. Adjusted EBITDA and Revenue measure profitability, Bookings and Revenue measure top-line growth, and Adjusted Free Cash Flow measures our financial flexibility at a time in which our board and our stockholders are focused on liquidity.

Each of the performance objectives had a threshold, target and maximum level of payment opportunity associated with payouts equal to 50%, 100% and 200% of target opportunity, respectively. For performance in between threshold and target, or in between target and maximum, payouts are interpolated. The target payout level for our Former CEO was 125% of his base salary; for Mr. Rosica 100% of his base salary; for Mr. Agle 70% of his base salary; and for Messrs. Duva and Ruzicka, 50% of their base salary.

Bonus payments in excess of 100% of a participant's target bonus could only be made if the threshold Bookings performance objective was met. The maximum payment opportunity for each of our executives was set at 200% of the target opportunity. Failure to attain the threshold goal for each performance objective results in forfeiture of the associated opportunity. The payment amount to be earned by each NEO under the 2017 Executive Bonus Plan was determined based on three variables: (1) the participant's annual incentive target opportunity, which is based on a percentage of the participant's base salary, as described above; (2) the compensation committee's assessment and certification of our performance compared with the targets for each of the above-referenced performance objectives, with any adjustments applied; and (3) relative weightings for each performance objective.

At the time our compensation committee approved the 2017 Executive Bonus Plan, it believed each of the target levels was aggressive but achievable based on the company's annual operating plan for 2017. The compensation committee believed that using a combination of several metrics provided a more comprehensive assessment of our

executives' success in driving long-term stockholder value creation, particularly during a time when EBITDA growth is challenged by the run off from the amortization of non-cash deferred Revenue from pre-2011 transactions and while the company focuses on the generation of Revenue and Free Cash Flow.

27

The following table sets forth the performance metric target levels approved by the compensation committee in March 2017 and the actual levels achieved, calculated in accordance with the 2017 Executive Bonus Plan (all in millions).

Levels	Adjusted EBITDA(1)	Bookings(1)	Adjusted Free Cash Flow(2)	Revenue(1)
Threshold	\$ 56.0	\$ 452.7	\$ 20.7	\$ 411.7
Target	\$ 76.8	\$ 482.9	\$ 39.7	\$ 439.1
Maximum	\$ 100.0	\$ 553.3	\$ 62.1	\$ 503.1
Actual	\$ 60.1	\$ 557.9	\$ 18.2	\$ 445.7

(1) Adjusted EBITDA, Bookings and Revenue targets are set and measured using constant exchange rates in order to eliminate the effects of exchange rate fluctuations and to correlate with our annual operating plan.

(2) Adjusted Free Cash Flow is set and measured on an "as reported" basis, which reflects actual exchange rates.

The company exceeded the maximum performance level for Bookings but failed to achieve the threshold performance level for Adjusted Free Cash Flow. Based on these levels of achievement, the compensation committee determined that the appropriate level of payout under the 2017 Executive Bonus Plan would be 80% of target. As described under "CEO Transition" above, the committee determined that no 2017 incentive bonus amount would be paid to Mr.

Hernandez.

Payouts under 2017 Executive Bonus Plan. Below are each NEO's target and approved bonus payouts under the 2017 Executive Bonus Plan, based on the 80% achievement of the target performance level.

Named Executive Officer	2017 Annual Incentive Target Payout	2017 Target (% of base salary)	Actual 2017 Annual Incentive Payout
Louis Hernandez, Jr. Chairman and Chief Executive Officer	\$875,000	125%	\$—
Brian E. Agle Senior Vice President and Chief Financial Officer	\$269,500	70%	\$215,600
Jeff Rosica President	\$450,000	100%	\$360,000
Jason A. Duva General Counsel, Senior Vice President of Strategic Initiatives and Corporate Secretary	\$180,000	50%	\$144,000
Dana Ruzicka Vice President and Chief Product Officer	\$162,500	50%	\$130,000

2018 Executive Bonus Plan.

On March 26, 2018, our compensation committee adopted an Executive Bonus Plan for 2018 (the "2018 Executive Bonus Plan"). The 2018 Executive Bonus Plan, while generally retaining the performance objectives and mechanics of the 2017 Executive Bonus Plan, uses Free Cash Flow in place of Adjusted Free Cash Flow. With the transformation completed in 2017, and with much less anticipated restructuring and non-recurring expenses in 2018, we believe the change from Adjusted Free Cash Flow to Free Cash Flow is appropriate for the 2018 Executive Bonus Plan.

For 2018, the financial metrics of the company are weighted as follows: Adjusted EBITDA, 30%; Free Cash Flow, 30%; Bookings, 20%; and Revenues, 20%. The maximum payout levels as a percentage of each NEO's base salary remain unchanged from our 2017 Executive Bonus Plan. With the exception of Mr. Rosica, whose target level has been adjusted to 120% of his base salary, the target levels of our other NEOs remain unchanged from our 2017 Executive Bonus Plan. Failure to attain the threshold goal for each performance objective results in forfeiture of the associated opportunity. As with the 2017 Executive Bonus Plan, payment in excess of 100% of a participant's target bonus with respect to the Adjusted EBITDA and Free Cash Flow performance objectives can be made only if the

threshold Bookings performance objective has been met.

Long-Term Equity Incentive Compensation

Long-term equity incentive compensation is intended to represent the largest portion of total compensation for our executive officers. Generally, our compensation committee awards equity-based awards to our executive officers when they join our company or are promoted, in recognition of past performance and for retention purposes. The compensation committee bases these awards on the executive officer's job level and experience, the requirements and importance of the position, individual contributions, and the need to retain qualified officers, particularly during a challenging period. The compensation committee also considers compensation for similar roles based on the Avid Peer Group and published industry survey data. Our long-term incentive awards are generally a mix of time and performance-based RSUs.

2017 Equity Grants.

In March and May 2017, the compensation committee approved the grant of RSUs to our NEOs as set forth below. 50% of the granted RSUs are subject to time-based vesting (the March grant), and 50% of the granted RSUs are subject to performance-based vesting (the May grant).

NEO	Title	No. of time-based RSUs (1)	No. of performance-based RSUs (2)
Louis Hernandez, Jr.	Chairman and Chief Executive Officer	294,117	294,117
Brian E. Agle	Senior Vice President and Chief Financial Officer	88,235	88,235
Jeff Rosica	President	98,039	98,039
Jason A. Duva	General Counsel, Senior Vice President of Strategic Initiatives and Corporate Secretary	49,019	49,019
Dana Ruzicka	Vice President and Chief Product Officer	40,196	40,196

(1) Time-based. The time-based RSUs vest as follows: 33.33% vest on the first anniversary of the grant date and an additional 8.33% vest every three months thereafter.

(2) Performance-based. The terms of the performance-based RSUs shown in the table above provide that they vest if either (1) the company achieves a target "Conversion Rate" (described below) for 2017 (with partial vesting if the Conversion Rate exceeds the threshold), or (2) the closing price of our common stock, as reported on Nasdaq, equals or exceeds a threshold level (the "stock price hurdle") for at least 20 consecutive days in 2017 (any time after the date of grant), 2018 or 2019.

For purposes of these awards, the stock price hurdle is \$7.65 for 2017, \$8.42 for 2018 and \$9.26 for 2019, and the "Conversion Rate" is the ratio calculated by dividing Adjusted Free Cash Flow by Adjusted EBITDA. The threshold conversion rate is 37% and the target conversion rate is 51.7%.

Adjusted EBITDA is defined as net income or loss before interest, taxes, depreciation, stock-based compensation, and amortization, adjusted for certain non-operating charges, such as restructuring, mergers and acquisitions, and management change expenses (among others), and Adjusted Free Cash Flow is defined as operating cash flow less capital expenditures where operating cash flow excludes certain non-operating charges such as restructuring, mergers and acquisitions, and management change expenses (among others). The compensation committee set the threshold and target Conversion Rate in March 2017.

Adjusted EBITDA for 2017 (calculated as described above) was \$60.1 million and Adjusted Free Cash Flow for 2017 (calculated as described above) was \$18.2 million, resulting in a Conversion Rate of 30%. Consequently, none of the performance based RSUs vested based on the Conversion Rate performance condition. The stock price hurdle for 2017 was not met; however, the performance-based RSUs may vest in 2018 or 2019, depending on stock price performance in those years. Our stock closed at \$5.10 on March 8, 2017 and would need to equal or exceed \$7.65 in 2018 and \$8.42 in 2019 for at least 20 consecutive days for the performance-based RSUs to vest.

Except to the extent an NEO's employment agreement provides otherwise, vesting of performance-based RSUs is conditioned on the NEO being employed by the company on the date the final vesting determination is made. Any shares that have not vested by April 1, 2020 will be forfeited.

For 2018, the terms of the performance-based RSUs provide for a payout that will range from 0% to 125% of the target number of shares of our common stock subject to the award (the "Target Shares"). The actual number of shares earned by our NEOs will be based on achievement against "Conversion Rate" performance hurdles. The Conversion Rate is calculated by dividing Adjusted Free Cash Flow by Adjusted EBITDA for 2018. Partial vesting is provided if the Conversion Rate exceeds a Threshold performance hurdle, and 100% of the Target Shares will vest if the Conversion Rate matches a Target performance hurdle.

Our NEOs may also earn up to 125% of Target Shares if the closing price of Avid's common stock, as reported on Nasdaq, equals or exceeds certain stock price hurdles (the "Stock Price Hurdles") based on a 20-day volume weighted average price. Partial vesting of 0% - 100% of Target Shares (for achievement between Threshold and Target Stock Price Hurdles) or up to 125% of Target Shares (for achievement between Target and Maximum Stock Price Hurdles) will be provided at the one-year anniversary of date of grant.

If less than 100% of Target Shares are earned by achievement of the Conversion Rate or one-year grant date anniversary Stock Price Hurdles, our NEOs may still earn up to an aggregate of 100% of Target Shares for achievement of progressively more difficult Stock Price Hurdles at the second and third-year anniversaries of date of grant.

Vesting for stock price performance between Threshold and Target or (for achievement at the end of the one-year anniversary of date of grant) between Target and Maximum will be determined by interpolation.

Total vesting is determined by the greater of achievement relative to the Conversion Rate performance hurdles or Stock Price Hurdles.

Employment and Severance Agreements with our NEOs

Our executive officers are entitled to benefits in the event their employment terminates under specified circumstances. Our compensation committee believes the severance and change-in-control benefits offered are appropriate to properly incentivize the executive during a change-in-control process and consideration of the time expected to take an executive officer to find alternative employment. Our company also benefits under these arrangements by requiring the executive officer to sign a general release of claims against the company and that includes non-competition and non-solicitation provisions as a condition to receiving severance or change-in-control benefits. Our compensation committee believes these arrangements also protect stockholder interests by enhancing our executive officers' focus during a potential or actual change-in-control by providing incentives to executive officers to remain with the company despite uncertainties about their future role at the company while a transaction is under consideration or pending.

Mr. Rosica's Employment Agreement

Term. Mr. Rosica's agreement was effective as of February 26, 2018. His employment may be terminated at any time, subject to the terms and conditions of his agreement.

Bonus. Mr. Rosica's annual target cash bonus is equal to 120% of his annual base salary. His maximum annual cash bonus is 200% of his target opportunity.

Other Benefits. Mr. Rosica is entitled to benefits available to other full-time employees (e.g., Flexible Paid Time Off, 401(k), health insurance benefits, life insurance and employee stock purchase plan).

Severance. The agreement provides that, if Mr. Rosica's employment is terminated by the company without cause, or by him for good reason, as defined in the agreement, other than in connection with a change of control of the company, he will, subject to signing a release, be entitled to receive, in addition to any unpaid salary, benefits and bonus earned for the preceding year, (i) 12 months base salary, (ii) an amount equal to his target annual cash bonus, and (iii) a pro-rata portion of his bonus at target level for the year of termination, each paid in accordance with the company's regular payroll schedule, plus (y) a lump sum payment equal to 12 times the monthly amount we pay for health benefits, and (z) outplacement services.

In addition, any time-based vesting equity awards held by Mr. Rosica will vest as to an additional number of shares equal to the number of shares that would have vested if he had continued working for 12 months after the date of termination. Performance based awards continue to vest through the end of the fiscal year of termination.

The agreement also provides that if Mr. Rosica's employment is terminated by the company without cause or by him for good reason within 12 months after a change of control of the company, Mr. Rosica will, subject to signing a release, be entitled to receive, in addition to any unpaid salary, benefits and bonus earned for the preceding year, (i) 24 months base salary, (ii) an amount equal to two times his target annual cash bonus, and (iii) a pro-rata portion of his bonus at target level for the year of termination, each paid in a lump sum, plus (y) a lump sum payment equal to 24 times the amount we pay for health benefits, and (z) outplacement services.

In addition, any time-based vesting equity awards held by Mr. Rosica will vest immediately. Performance based awards will vest immediately at target levels as determined by the compensation committee of the board.

In the event of his disability, Mr. Rosica will be entitled to receive his base salary for one year, payable in accordance with the company's regular payroll schedule, and (ii) any earned but unpaid bonus earned for the preceding year, payable in a lump sum.

Non-compete. Mr. Rosica is subject to a non-competition obligation extending for either 12 or 24 months after the termination of Mr. Rosica's employment, depending upon the circumstances of his termination.

Offer Letters with our Other Current Executive Officers

The employment terms of our other current executive officers are governed by offer letters, which generally provide for the executive's salary, sign-on bonus, if any, bonus eligibility, initial equity awards, and other benefits. The Executive's annual cash bonus is generally set at a target of 50% to 70% of base salary, with a maximum annual cash bonus of 200% of target bonus. Our other executives are entitled to Flexible Paid Time Off and benefits available to other full-time employees (e.g., 401(k), health insurance benefits, life insurance and employee stock purchase plan). The offer letters also provide that if we terminate the executive's employment in the executive's role without cause (as defined in the offer letter), the executive, subject to signing a release of claims against the company, will be entitled to receive, in addition to any unpaid salary and benefits an amount equal to (i) six or twelve months base salary, (ii) pro-rated annual incentive bonus for the year in which the termination occurs, provided that such bonuses are paid to other officers who remained employed by the company, and (iii) cash payments in lieu of health benefits for six or twelve months following the termination date. In the event of a termination by the company without cause within 12 months after a change-in-control of the company, the executive is entitled to an additional six months of base pay and vesting of 100% of any unvested equity awards. The executive is subject to a non-competition obligation extending for either 12 or 18 months after the termination of his or her employment, depending upon the circumstances of his or her termination.

Employment Agreement with Former CEO

Mr. Hernandez's agreement had an initial term ending February 2018. Thereafter, the agreement automatically renewed for one-year periods, so long as neither the company nor Mr. Hernandez provided 180 days prior written notice of intent to terminate.

On February 25, 2018, the Company terminated Mr. Hernandez's employment effective immediately due to violations of company policies related to workplace conduct.

Mr. Hernandez was entitled to Flexible Paid Time Off (FPTO), the use of a corporate apartment near our offices in California for business-related purposes, and benefits available to other full-time employees (e.g., 401(k), health insurance benefits, life insurance and employee stock purchase plan). Entitlement to such programs and benefits ceased with Mr. Hernandez's termination of employment, or otherwise in accordance with the terms of such benefits. Under the FPTO program, Mr. Hernandez was entitled to receive his accrued but unused vacation as of September 30, 2017. This amount was paid to Mr. Hernandez at his base rate of pay in effect on September 30, 2017 and was part of his final compensation. From and after October 1, 2017, FPTO did not accrue and, therefore, Mr. Hernandez was not entitled to any payout of FPTO upon termination of his employment.

Non-compete. Mr. Hernandez is subject to a non-competition obligation extending for 12 months after his termination date.

Please see “Compensation Tables - Potential Payments upon Termination or Change-in-Control” for current values of the severance benefits provided to our NEOs.

Stock Ownership Guidelines

Under our stock ownership guidelines, our executive officers are expected to hold our common stock in an amount at least equal to a multiple of their base salary as determined by their position. The guidelines range from one times base salary for certain of our executive officers to three times base salary for our CEO, and our executive officers are expected to comply with them within five years. For purposes of these guidelines, stock ownership includes restricted stock and restricted stock units, but does not include unexercised options. All of our NEOs who have been subject to the guidelines for five years have met the guidelines’ expectations regarding their stock ownership.

Other Benefits and Perquisites

In general, other benefits and perquisites are not a significant part of our compensation program. In special cases, such as in connection with the hiring of executive officers, we have from time to time reimbursed our executive officers for reasonable expenses associated with relocation and associated tax payments and paid sign-on bonuses. We believe these benefits were necessary in order to attract these individuals to join our company and are consistent with market practices.

None of our current NEOs is entitled to tax gross-up payments for payments and benefits provided to them. We eliminated legacy gross-up for COBRA payments to one of our executives in 2015. Although Mr. Hernandez used our corporate apartment near our offices in California for business-related purposes, we do not provide our executive officers with other benefits, including financial planning advice, tax preparation services or club memberships. Mr. Rosica's agreement does not provide for, nor does Mr. Rosica intend to continue the use of, the corporate apartment. Our US based executive officers benefit from the company's Flexible Paid Time Off (FPTO) policy which, subject to business needs, provides for salary continuation for absences due to vacation, the employee's illness or need for preventive care, or that of a family member, the death of an immediate family member, or jury duty. Under the FPTO program, the executive is entitled to receive his accrued but unused vacation as of September 30, 2017 upon separation from the company. Such amount shall be paid at the executive's base rate of pay in effect on September 30, 2017 as part of his final compensation. From and after October 1, 2017, FPTO does not accrue and therefore, the executive is not entitled to any payout of FPTO upon separation from the company.

Our U.S. based executive officers are also eligible to participate in all of our U.S. employee benefit plans, in each case on the same basis as other U.S. employees who work at least 20 hours per week. These benefits include health and dental insurance, life and disability insurance, and a 401(k) plan. We match 50% of the employee contributions to our 401(k) plan up to a maximum of 6% of the participating employee's eligible compensation, resulting in a maximum company match of 3% of the participating employee's eligible compensation, subject to certain additional statutory limitations. We also offer an employee stock purchase plan that allows participants to purchase shares of our common stock at a 15% discount from the fair market value of our common stock at the end of each applicable offering period. Our non-U.S. based executive officers are entitled to such employee benefits as statutorily prescribed in their home countries and to certain other market prevalent practices.

Non-Qualified Deferred Compensation

Historically, our executive officers, along with our U.S.-based vice presidents and members of our board of directors, were eligible to participate in a non-qualified deferred compensation plan, which we established to provide participants with the opportunity to defer the receipt of up to 60% of their base salary and all or a portion of their bonuses or director's fees, as applicable. As of December 31, 2017, we had an obligation of \$0.5 million under the plan. Effective with respect to compensation for services performed after 2013, we have indefinitely suspended the non-qualified deferred compensation plan and have not offered any of our employees or directors an opportunity to participate in it.

Tax and Accounting Considerations

In structuring our executive compensation programs, our compensation committee takes into account the impact of various tax and accounting rules, including the impact of Section 409A, Section 280G and Section 162(m) of the Internal Revenue Code, as well as Accounting Standards Codification (ASC) Topic 718.

Section 162(m) provides that a public company may not deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers for any one calendar year. Prior to the Tax Cuts and Jobs Act of 2017 (the "Tax Act"), this deduction limitation did not apply to certain "performance-based compensation" within the meaning of Section 162(m) and related guidance. However, the Tax Act eliminated the "performance-based compensation" exemption for tax years beginning after December 31, 2017, other than with respect to grandfathered amounts. Due to these changes, we cannot guarantee that previously awarded compensation that was intended to satisfy the "performance-based compensation" exemption will be fully deductible if paid after December 31, 2017. In addition, the Tax Act significantly expanded the definition of "covered employees" under Section 162(m), such that after December 31, 2017, all of our named executive officers (including our chief financial officer) will be subject to the limitation on deductibility under Section 162(m).

Our compensation committee has not adopted a policy requiring all executive compensation to be fully deductible. However, the limitation on deductibility imposed by Section 162(m) is one of the considerations we take into account in designing our executive compensation programs. Our compensation committee reserves the right to use its judgment to authorize compensation payments that are not deductible by reason of the Section 162(m) limitation when it believes these payments are appropriate. Neither the company nor the compensation committee warrants that any compensation payable to an executive or other employee will be deductible.

(1) The amount reported in the "Salary" column reflects the base salary paid to the NEOs during the fiscal year. For fiscal years 2017 and 2016, there were 26 bi-weekly pay periods compared to 27 bi-weekly pay periods for fiscal year 2015.

(2) Bonus: The company did not pay any discretionary bonuses in 2017.

(3) Stock Awards: See the tables below “Outstanding Equity Awards at 2017 Fiscal Year End” for details on vesting of the awards.

This column was prepared assuming none of the RSUs will be forfeited. The amounts reflected in this column do not reflect actual value realized by the NEO but represent the aggregate grant date fair value of RSU awards. The fair value of RSU awards (both with time- and performance-based vesting) is based on the intrinsic value of the awards at the date of grant, as the awards have a purchase price of \$0.01 per share. In all cases, the amounts reflected above

represent the maximum fair value of the performance-based portion of such awards as of the date of grant, assuming payout were to occur based on the achievement of maximum performance, except with respect to the RSUs that vest based on a performance-based schedule tied to our stock price and the incremental improvement in our annual return on equity over a base-year amount. The grant date fair value of the RSU awards granted were computed in accordance with FASB ASC Topic 718, Compensation-Stock Compensation as described in Note L, "Capital Stock," of our audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017. The grant date fair value of all RSU awards was determined under FASB ASC Topic 718 using a Monte Carlo simulation model which simulates a range of possible future stock prices and estimates the probabilities of the potential payouts.

(4) Option Awards: Please see the tables below "Outstanding Equity Awards at 2017 Fiscal Year End" for details on vesting of the awards.

35

This column was prepared assuming none of the options will be forfeited. The amounts reflected in this column do not reflect actual value realized by the NEO but represent the aggregate grant date fair value of options granted as well as the incremental fair value of certain options previously granted and subsequently modified. The fair value of option awards (both with time- and performance-based vesting) is determined using the Black-Scholes option pricing model. The option awards that were modified in 2014 were calculated based on the incremental fair value of the modification (Mr. Hernandez: \$2,160,542). The calculations were made in accordance with FASB ASC Topic 718, Compensation-Stock Compensation as described in Note L, "Capital Stock," of our audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2017. In all cases, the amounts reflected above represent the maximum fair value of the performance-based portion of such options as of the date of grant, assuming payout were to occur based on the achievement of maximum performance, except with respect to the options that vest based on a performance-based schedule tied to our stock price and the incremental improvement in our annual return on equity over a base-year amount.

(5) Non-Equity Incentive Plan Compensation: These amounts were approved for payment pursuant to the terms of our executive bonus plans for 2017, 2016 and 2015. For a summary of how bonuses were calculated under the 2017 Executive Bonus Plan, see "Annual Performance-Based Cash Awards."

Amounts actually paid under these awards for 2017 performance are shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

(2) These time-based RSUs were awarded in March 2017. For a summary of the vesting conditions, see the section titled "Long-Term Equity Incentive Compensation."

(3) These performance-based RSUs were awarded in May 2017. For a summary of the performance vesting conditions for fiscal year 2017, see the section titled "Long-Term Equity Incentive Compensation."

The amounts reflected above represent the maximum fair value of the performance-based portion of such RSU awards as

of the date of grant, assuming payout were to occur based on the achievement of maximum performance, except with respect to the RSU awards that vest based on a performance-based schedule tied to our stock price and the incremental improvement in our annual return on equity over a base-year amount. Grants Expired

(1) These fully-vested options were granted to Mr. Hernandez during his term as an outside director.

(2) These options are fully vested.

(3) The options granted are time vested, with 33.3% vesting on the first anniversary of the vesting start date and 8.25% for each three-month period thereafter. The vesting start date for each grant is a date determined by our compensation committee based on the date such grant would have been made in the absence of the restatement. The stock options have seven-year terms and were granted with an exercise price equal to the higher of (i) the closing price of our common stock on the date of the option grant, and (ii) the closing price of our common stock on the vesting start date. Based on this, the exercise price for (a) the options granted on account of 2013 was set at \$7.82 per share (the closing price on the vesting start date which was February 12, 2013), and (b) all other options was set at \$7.40 per share (the closing price on May 14, 2014)

*The information set forth in the above table is as of December 31, 2017. As a result of his termination, Mr. Hernandez forfeited any unvested options as of February 25, 2018, his termination date.

Potential Payments Upon Termination or Change-in-Control

Potential Payments Upon Termination Other Than Following a Change-in-Control

The following table sets forth the estimated benefits that each of our NEOs, would be entitled to receive upon termination of his employment (other than a termination in connection with a change-in-control) if we terminated the NEO's employment without cause or the NEO terminated his employment for good reason, as provided in his executive employment agreement or offer letter. These disclosed amounts assume that the NEO's employment terminated on December 31, 2017. The amounts disclosed in the table are estimates only and do not necessarily reflect the actual amounts that would be paid to our NEOs, which amounts would only be known at the time that they become eligible for payment following their termination. In order for a NEO to be eligible to receive any of the payments and benefits detailed in the below table, he must execute a general release of claims against our company, excluding any claims relating to the company's obligations with respect to certain severance payments, and continue to abide by the non-competition and non-solicitation obligations in accordance with the terms of his employment. As described under "CEO Transition" above, Mr. Hernandez's employment was terminated effective February 25, 2018. He received no severance in connection with such termination of employment.

Hernandez, Agle Rosica, Duva, and Ruzicka are entitled to the payment if they are terminated without cause other than due to long-term disability, or they resign for "Good Reason" as set forth in their offer letters. (2) Mr. Hernandez's employment agreement entitled him to one-year acceleration of vesting with respect to time-based equity held on the assumed termination date, December 31, 2017. This amount equals with respect to RSUs, the number of shares of restricted stock units that would have vested based on the acceleration multiplied by \$5.39, representing the closing price of our common stock on Nasdaq on December 31, 2017 less \$0.01 per share.

The following table sets forth the estimated benefits that each of our NEOs as of December 31, 2017 would be entitled to receive if his employment were terminated by us without cause or if he terminates his employment with us for good reason within 12 months after a change-in-control of our company. These disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to our NEOs, which would only be known at the time that they become eligible for payment and would only be payable if a change-in-control of our company were to occur. The table below reflects the amount that could be payable under the various arrangements assuming that the change-in-control of our company occurred on December 31, 2017 and the NEO's employment was immediately terminated. In order for a NEO to be eligible to receive any of the below payments and benefits, he must execute a general release of claims against our company, excluding any claims relating to the company's obligations with respect to certain severance payments, and continue to abide by the non-competition and non-solicitation obligations in accordance with the terms of his employment.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information with respect to stock options and other equity awards under our equity compensation plans as of December 31, 2017.

(1) Includes only stock options and restricted stock units outstanding under our equity compensation plans since no warrants or other rights were outstanding as of December 31, 2017.

(2) The weighted average exercise price of outstanding options does not take into account restricted stock units, which have a de minimis purchase price.

(3) Includes Amended and Restated 2005 Stock Incentive Plan, and 2014 Stock Incentive Plan.

(4) Includes our 1997 Stock Option Plan and Restated 1999 Stock Option Plan.

The following are summaries of our equity compensation plans that have not been approved by our stockholders: 1998 Stock Option Plan. Our 1998 Stock Option Plan was adopted by our board of directors in December 1998 and provides for the grant of non-statutory stock options for up to 1,500,000 shares of common stock. As of December 31, 2017, there were 400 shares reserved for issuance upon the exercise of outstanding options granted under this plan. No additional shares will be issued under the plan.

Amended and Restated 1999 Stock Option Plan. Our Amended and Restated 1999 Stock Option Plan was adopted by our board of directors in November 1999 and provides for the grant of non-statutory stock options for up to 4,750,000 shares of common stock, of which up to 500,000 shares may be issued as restricted stock. As of December 31, 2017, there were 1,000 shares reserved for issuance upon the exercise of outstanding options granted under this plan. No additional shares will be issued under the plan.

The 1998 and 1999 plans contain provisions addressing the consequences of a change-in-control of our company. If our company undergoes a change-in-control, we must provide that all outstanding options are either assumed or substituted for by the acquiring or succeeding corporation. If the acquiring or succeeding corporation does not assume or substitute for the outstanding options, then our board of directors must either cash out or accelerate the options to make them fully exercisable prior to the change-in-control.

CEO PAY RATIO

Pursuant to Item 402(u) of Regulation S-K, we are required to provide the following information with respect to fiscal 2017:

• The median of the annual total compensation of all employees of our company (other than Mr. Hernandez, our former CEO), was \$79,145;

• Mr. Hernandez's annual total compensation was \$3,264,412; and

• The ratio of the annual total compensation of our former Chief Executive Officer to the median of the annual total compensation of all employees for 2017 was 41 to 1.

We employed the following methodology, material assumptions, adjustments and estimates to identify the median paid employee and determine such employee's annual total compensation:

Employee Population Measurement Date: We used December 1, 2017 as the date to determine our employee population. As of this date, our employee population consisted of approximately 1,479 individuals working at our parent company and consolidated subsidiaries, with 42% of these individuals located in the Americas,

- 36% located in Europe, and 22% located in various countries in Southeast Asia. As companies can exclude up to 5% of their population, Avid's employees in the following countries were excluded: India, Mexico, Taiwan, Thailand and Russia. Combined these exclusions comprised of 29 employees or 1.96% of the overall employee population.

Compensation Time Period: We measured compensation for the above employees using the 12-month period ending December 31, 2017.

Consistently Applied Compensation Measure: To find the annual total compensation of all our employees (other than our CEO), we used the base salary plus target incentives from our internal HR system. To calculate the annual salary for the hourly population, the rate per hour was multiplied by the number of regularly scheduled hours per week, which was then multiplied by 52 weeks. The annual salary, not full-time equivalent, was used for any part-time employees. For any employees hired during the 2017 calendar year, an annualized salary was used for calculation purposes.

Determining Median Employee. Using this methodology, we determined that our median employee was a full-time, salaried employee located in Germany, with wages and overtime pay for the 12-month period ending December 31, 2017, in the amount of \$76,695. To convert the employee's compensation into USD, the following exchange rate was used: 1.1912 to convert the wages from Euros to USD.

Determining Median Employee's Pay for CEO Ratio: With respect to our median employee, we then identified and calculated the elements of such employee's compensation for fiscal 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation in the amount of \$79,145. The difference between such employee's wages and overtime pay and the employee's annual total compensation represents the estimated value of such employee's annual bonus payment for 2017 (estimated for the employee at \$2,450.02). The estimated bonus would be reflective of the annual program that is reflected in the proxy for the CEO. The numbers represented in this paragraph used the same exchange rate mentioned above to convert from Euros to USD.

Determining CEO's Pay for CEO Ratio: With respect to the annual total compensation of our Chief Executive Officer, we used the amount reported in the "Total" column (column j) of our 2017 Summary Compensation Table included in this Proxy Statement and incorporated by reference under Item 11 of Part III of our Annual Report.

PROPOSAL 2 - RATIFICATION OF THE SELECTION OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal Summary

On March 7, 2018, we appointed BDO USA, LLP ("BDO") as our independent registered public accounting firm for the fiscal year ending December 31, 2018. We are asking stockholders to ratify our audit committee's selection. We are not required to have the stockholders ratify the selection of BDO as our independent auditor. We nonetheless are doing so because we believe it is a matter of good corporate practice. If the stockholders do not ratify the selection, the audit committee will reconsider whether or not to retain BDO, but may retain such independent auditor. Even if the selection is ratified, the audit committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interest of the company and its stockholders.

Representatives of BDO are expected to be present at the annual meeting. They will have the opportunity to make a statement if they so desire and will also be available to respond to appropriate questions from our stockholders.

PROPOSAL 3 - Amendment of the Company's 2014 Stock Incentive Plan to increase the number of shares authorized for issuance and to limit payments of dividends on equity awards

Proposal Summary

We believe stock-based incentive compensation aligns the interests of our key employees, executive officers, outside directors, consultants and advisors with the interests of our stockholders. On October 29, 2014, our stockholders approved our 2014 Stock Incentive Plan, which we refer to as the 2014 Plan. The 2014 Plan was amended in 2017 to increase the number of shares of common stock available under the 2014 Plan.

The 2014 Plan currently authorizes 5,040,000 shares of common stock (subject to adjustment for stock splits and similar events) for issuance. No shares previously authorized under our Amended and Restated 2005 Stock Incentive Plan were carried over to the 2014 Plan, and no further awards were granted under the Amended and Restated 2005 Stock Incentive Plan after the adoption of the 2014 Plan. As of February 28, 2018, there remained 1,853,734 shares authorized and available for issuance under the 2014 Plan and 196 people were eligible to participate in the 2014 Plan. We are asking our stockholders to approve an amendment to the 2014 Plan to increase the shares authorized for issuance under the 2014 Plan by an additional 3,000,000 shares so that we may continue to provide stock-based incentive compensation to attract, retain and reward key individuals who are critical to our long-term success. This amendment to the 2014 Plan will enable our board to award incentive and non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, and other stock-based awards to our employees, executive officers, outside directors, consultants and advisers. Awards to all of these individuals, except for outside directors, may be performance-based.

If stockholders do not approve the proposal to increase the number of shares of common stock available under the 2014 Plan, the company expects that it will have an insufficient number of shares available to make equity-based compensation a meaningful part of our employees' and officers' overall compensation beginning this year. As such, the company believes its ability to retain and attract talented personnel will be adversely affected due to the ability of the company's competitors to offer long-term equity compensation to those individuals. Additionally, we would have to consider providing additional cash compensation to our key employees to maintain competitive levels of compensation. Furthermore, our ability to align compensation with the interests of stockholders would be greatly diminished.

We are also asking stockholders to approve a change to the 2014 Plan that will prohibit the company from approving payments of dividends on unvested equity. Currently, the Board theoretically has this option, even though it has never been exercised. Under the revised language, the 2014 Plan would not permit for cash dividends or dividend equivalents to be paid with regard to any unvested equity.

The amendments to the 2014 Plan (which we refer to collectively, with the remainder of the 2014 Plan, as the "Amended and Restated 2014 Plan"), which would increase the shares authorized for issuance under the plan by an additional 3,000,000 shares and prohibit the company from approving payments of dividends on unvested equity, were recommended by the compensation committee and approved by our board on March 27, 2018, subject to stockholder approval.

On March 20, 2018, the last reported bid price of our common stock was \$4.50 per share.

Board Recommendation

Our board of directors recommends that the stockholders vote "FOR" approval of the amendments to our 2014 Stock Incentive Plan to increase by an additional 3,000,000 shares the number of shares authorized for issuance under the Plan and to limit payments of dividends on equity awards.

Highlights of the Amended and Restated 2014 Plan

The following plan highlights, and the plan description that follows, are qualified in their entirety by reference to the full text of the Amended and Restated 2014 Plan, a copy of which is attached as Appendix A to this proxy statement. Our board of directors believes that the following features of the Amended and Restated 2014 Plan are closely aligned with the interests of our stockholders and are consistent with sound corporate governance practices:

Option Exercise Price Must Not Be Lower Than Fair Market Value. The Amended and Restated 2014 Plan prohibits the granting of stock options or stock appreciation rights with exercise prices lower than 100% of the fair market value of the underlying shares on the date of grant, except for substitute awards made in connection with a merger or other corporate transaction.

No Repricings Without Stockholder Approval. Other than in connection with a stock split or similar change in the number of outstanding shares, the Amended and Restated 2014 Plan prohibits the repricing of stock options and stock appreciation rights without the approval of stockholders.

Limited Grants of Awards to Outside Directors. We may grant options, restricted stock, restricted stock units, or a combination of these awards upon an outside director's initial election to our board of directors and annually for his or her continued service on the board. The Amended and Restated 2014 Plan limits the "expected value" of these awards to a dollar amount determined by our compensation consultant based on a review of compensation paid by peer companies; this dollar amount for any award may not exceed \$230,000 as of the date of grant. The expected value of an option or SAR is the value of the award on the date of grant, as determined by our board of directors using a reasonable valuation method. The expected value for restricted stock and restricted stock units is the fair market value of our common stock covered by the award on the date of grant.

Duration of Stock Options. Options and SARs may not be exercised more than ten years after grant.

Share Counting. Shares tendered to us by a participant in the Amended and Restated 2014 Plan to purchase shares of common stock upon the exercise of an award or to satisfy tax withholding obligations, including shares retained from the award creating the tax obligation, will not be available for the future grant of awards. Also, shares that we purchase on the open market do not become available for issuance as future awards under the Amended and Restated 2014 Plan. For options and stock appreciation rights that may be settled in common stock, the full number of shares subject to the option or stock appreciation right will be counted against the shares available under the Amended and Restated 2014 Plan regardless of the number of shares actually used to settle such option or stock appreciation right upon exercise.

Section 162(m) of the Internal Revenue Code. The Amended and Restated 2014 Plan was structured so that awards under it can qualify as "performance-based" compensation under Section 162(m) of the Internal Revenue Code and therefore be exempt from the cap under Section 162(m) on the amount of compensation that can be deducted for federal income tax purposes. However, as stated in the Tax & Accounting Considerations section, the "performance-based" compensation exemption was repealed as part of the Tax Cuts and Jobs Act of 2017. All future awards (i.e., awards that are not grandfathered under prior law) will count towards the \$1,000,000 cap on deductible pay for covered employees.

Description of the Amended and Restated 2014 Plan

Authorized Shares and Share Counting

If approved by stockholders, the Amended and Restated 2014 Plan would authorize 8,040,000 shares of common stock for issuance pursuant to awards. For purposes of counting the number of shares available:

All shares of common stock covered by independent SARs (i.e., SARs not granted in tandem with an option) that may be settled in common stock (including SARs that may be settled in either cash or common stock) will be counted against the number of shares available for the grant of awards. Independent SARs that may be settled only in cash will not be counted against the number of shares available for the grant of awards.

If any award (i) expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as the result of shares of common stock subject to the award being repurchased by us at the original issuance price pursuant to a contractual repurchase right) or (ii) results in any shares of common stock not being issued, the unused shares of common stock covered by the award will again be available for the grant of awards; provided, however, that in the case of options and SARs that may be settled in common stock

(including options and SARs that may be settled in common stock or cash), the full number of shares subject to the option or SAR will be counted against the shares available under the Amended and Restated 2014 Plan regardless of the number of shares actually used to settle such option or SAR upon exercise.

Shares of common stock tendered to us by a participant in the Amended and Restated 2014 Plan to purchase shares of common stock upon the exercise of an award or to satisfy tax withholding obligations, including shares retained from the award creating the tax obligation, will not be added back to the number of shares available for the future grant of awards.

Shares of common stock repurchased by us on the open market using the proceeds from the exercise of an award will not increase the number of shares available for future award grants.

Types of Awards

The Amended and Restated 2014 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code, non-statutory stock options, restricted stock, restricted stock units, SARs and other stock-based awards.

Incentive Stock Options and Non-statutory Stock Options. Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are set forth in the stock option agreement. The exercise price for options may not be less than 100% of the fair market value of our common stock on the date of grant (or, if the exercise price is to be determined after the grant date, the exercise price may not be less than 100% of the fair market value on that future date). The exercise period for any option must expire no later than ten years after the date of grant. In accordance with tax requirements, additional restrictions apply to the exercise price and expiration date of incentive stock options granted to optionees holding more than 10% of the voting power of our company. Such options may not be granted at an exercise price less than 110% of the fair market value on the date of grant and must expire no later than five years after the date of grant.

Without stockholder approval, no outstanding option may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of that option, except in connection with a stock split or similar event. Our board of directors may not, without stockholder approval, cancel any outstanding options and grant in substitution for those options new options under the Amended and Restated 2014 Plan covering the same or a different number of shares of common stock and having an exercise price per share lower than the then-current exercise price per share of the canceled options (except for substitute awards made in connection with a merger or other corporate transaction). In addition, no option may contain any provision entitling the holder of the option to the automatic grant of additional options in connection with the exercise of the original option. The Amended and Restated 2014 Plan permits the following forms of payment of the exercise price of options:

- Cash or check;
- Net share settlement or a similar procedure;
- Surrender of certain shares of common stock to us;
- Any other lawful means acceptable to us; or
- Any combination of these forms of payment.

Stock Appreciation Rights. A stock appreciation right, or SAR, is an award entitling the holder on exercise to receive an amount of common stock or cash determined in whole or in part by reference to appreciation, from and after the date of grant, in the fair market value of a share of common stock. SARs may be based solely on appreciation in the fair market value of our common stock or on a comparison of appreciation with some other measure of market growth, such as appreciation in a recognized market index.

The exercise price for any SAR may not be less than 100% of the fair market value of our common stock on the date of grant (and, if the exercise price is to be determined after the grant date, the exercise price may not be less than 100% of the fair market value on that future date). The exercise period for any SAR must expire no later than ten years after the date of grant. Without stockholder approval, no outstanding SAR may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of the outstanding SAR, except in connection with a stock split or similar event. Our board of directors may not, without stockholder approval,

cancel any outstanding SAR and grant in substitution for that SAR a new award under the Amended and Restated 2014 Plan covering the same or a different number of shares of common stock and having an exercise price per share lower than the then-current exercise price per share of the canceled SAR (except for substitute awards made in connection with a merger or other corporate transaction).

Restricted Stock and Restricted Stock Unit Awards. Restricted stock awards grant recipients shares of common stock, subject to our right to repurchase all or part of those shares from the recipient (or to require forfeiture of such shares if issued at no cost) if the conditions specified in the applicable award are not satisfied before the end of the applicable restriction period. Restricted stock unit awards entitle the recipient to receive shares of common stock in the future, or an amount of cash equal to the value of shares of common stock to be delivered in the future subject to specified vesting conditions determined by our board of directors.

Other Stock-Based Awards. The Amended and Restated 2014 Plan allows our board of directors to grant other stock-based awards having such terms and conditions as our board of directors may determine, including the grant of shares based upon certain conditions or to be delivered in the future and the grant of securities convertible into shares of common stock.

Vesting Conditions

Awards granted under the Amended and Restated 2014 Plan may vest on the basis of the passage of time, on the achievement of specified performance criteria, or a combination of both. Restricted stock, restricted stock unit, and other stock-based awards that vest solely on the passage of time generally may not vest before the first anniversary of the date of grant. However, subject to the requirements of Section 162(m) of the Internal Revenue Code (for certain grandfathered performance-based awards), our board of directors or its designee has discretion to accelerate vesting in extraordinary circumstances, including a participant's change in employment status, certain corporate transactions, a participant's estate planning needs, and other nonrecurring significant events that affect us, a participant, or the Amended and Restated 2014 Plan.

Eligibility to Receive Awards

Our employees, officers, outside directors, consultants and advisers are eligible to be granted awards under the Amended and Restated 2014 Plan. The maximum number of shares of common stock with respect to which awards may be granted or paid to any participant under the Amended and Restated 2014 Plan is 1,000,000 shares per calendar year. The maximum amount payable to a participant pursuant to performance-based awards settled in cash is \$7,000,000 per calendar year. As of March 9, 2018, approximately 196 persons would be eligible to receive awards under the Amended and Restated 2014 Plan, including all of our executive officers and eight outside directors. The granting of awards under the Amended and Restated 2014 Plan is discretionary, and we cannot now determine the number or type of awards to be granted in the future to any particular person or group.

Outside directors may receive awards only pursuant to Section 7 of the Amended and Restated 2014 Plan, which provides for an initial award upon an outside director's commencement of service on our board of directors, and annual awards thereafter. The expected value of each award will be determined in consultation with our compensation consultant based on a review of compensation paid by peer companies; the expected value of each award, as defined above, will not exceed \$230,000 as of the date of grant.

Stock options granted to outside directors generally vest in full on the first anniversary of the date of grant. Restricted stock and restricted stock units granted to outside directors may not vest before the first anniversary of the date of grant, except in extraordinary circumstances (including a director's death or disability, a director's attainment of mandatory retirement age or retirement following at least seven years of service, certain corporate transactions, and other nonrecurring significant events that affect us, a director, or the Amended and Restated 2014 Plan).

Administration

The Amended and Restated 2014 Plan will be administered by our board of directors. Our board of directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the Amended and Restated 2014 Plan and to interpret the provisions of the Amended and Restated 2014 Plan and award agreements entered into under the Amended and Restated 2014 Plan. Our board of directors may delegate authority under the Amended and Restated 2014 Plan to a committee or subcommittees of our board of directors. Our board of directors

has authorized our compensation committee to administer certain aspects of the Amended and Restated 2014 Plan, including the granting of awards to executive officers. In addition, our board of directors may delegate to one or more of our employees the power to grant awards to one or more employees, subject to

50

such guidelines as the board may establish. No employee may grant awards to any of our executive officers (as defined by Rule 3b-7 under the Exchange Act) or officers (as defined by Rule 16a-1 under the Exchange Act).

Subject to any limitations contained in the Amended and Restated 2014 Plan or applicable law, our board of directors, our compensation committee, our chief executive officer, or any other employee or committee to which our board of directors delegates authority, as the case may be, selects the recipients of awards and determines:

• The number of shares of common stock covered by options and the dates upon which the options become exercisable; The exercise price of options and SARs, which may not be less than 100% of the fair market value of our common stock on the date of grant (except for substitute awards made in connection with a merger or other corporate transaction);

• The duration of options and SARs, which may not exceed ten years; and

The number of shares of common stock subject to any restricted stock, restricted stock unit or other stock-based award and the terms and conditions of those awards, including conditions for repurchase, issue price and repurchase price, if applicable.

Our board of directors is required to make appropriate adjustments in connection with the Amended and Restated 2014 Plan and any outstanding awards to reflect stock splits, reverse stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The Amended and Restated 2014 Plan also contains provisions addressing the consequences of any reorganization event, which is defined as:

• Any merger or consolidation of our company with or into another entity as a result of which all of our common stock is converted into or exchanged for the right to receive cash, securities or other property or is canceled;

• Any exchange of all of our common stock for cash, securities or other property pursuant to a share exchange transaction; or

• The liquidation or dissolution of our company.

In connection with a reorganization event, our board of directors may take any one or more of the following actions with respect to awards, other than awards of restricted stock, under the Amended and Restated 2014 Plan:

• Provide that awards will be assumed, or substantially equivalent awards will be substituted, by the acquiring or succeeding corporation;

• Provide that a participant's unexercised awards will terminate immediately before the consummation of the reorganization event unless exercised by the participant within a specified period;

• Provide that outstanding awards will become exercisable, realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part before or upon the reorganization event;

For a reorganization event under the terms of which holders of common stock will receive upon consummation of that event a cash payment, which we refer to as the acquisition price, for each share surrendered in the reorganization event, make or provide for a cash payment to a participant equal to the excess, if any, of the acquisition price times the number of shares of common stock subject to the participant's awards (to the extent the exercise price does not exceed the acquisition price) over the aggregate exercise price of all outstanding awards and any applicable tax withholdings, in exchange for the termination of the awards;

• Provide that, in connection with the liquidation or dissolution of our company, awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise price and any applicable tax withholdings); and

• Any combination of the foregoing.

With regard to restricted stock awards, upon the occurrence of a reorganization event, other than the liquidation or dissolution of our company, our repurchase and other rights under outstanding restricted stock awards will inure to the benefit of the acquiring or succeeding corporation (subject to the authority of our board of directors to accelerate vesting, as described above). Unless our board of directors determines otherwise, such rights will apply to the cash, securities or other property that the common stock was converted into or exchanged for pursuant to the reorganization event in the same manner and to the same extent as they applied to the common stock subject to the award of restricted stock. Upon the occurrence of a reorganization event involving the liquidation or dissolution of our company, except to the extent specifically provided to the contrary in the restricted stock agreement or any other agreement between a participant and us, all restrictions and conditions on all awards of restricted stock then outstanding will automatically be deemed terminated or satisfied.

Amendment or Termination

No award may be made under the Amended and Restated 2014 Plan after October 29, 2024, but awards previously granted may extend beyond that date. Our board of directors may at any time amend, suspend or terminate the Amended and Restated 2014 Plan. However, without the approval of our stockholders, no amendment may:

- Materially increase the number of shares authorized under the Amended and Restated 2014 Plan (except in connection with a stock split or similar event);
- Materially expand the class of participants eligible to participate in the Amended and Restated 2014 Plan;
- Expand the types of awards provided under the Amended and Restated 2014 Plan; or
- Make any other changes that require stockholder approval under Nasdaq rules.

In addition, if at any time the approval of our stockholders is required for any other modification or amendment under Section 422 of the Internal Revenue Code with respect to incentive stock options, our board of directors may not affect such modification or amendment without such approval.

If our stockholders do not approve the adoption of the amendment, the 2014 Plan will have insufficient shares remaining for awards thereunder. In such event, our board of directors will consider whether to adopt alternative arrangements based on its assessment of our needs.

U.S. Federal Income Tax Consequences

The following summarizes the U.S. federal income tax consequences that will generally arise with respect to awards granted under the Amended and Restated 2014 Plan. This summary is based on the U.S. tax laws in effect as of the date of this proxy statement. This summary assumes that all awards granted under the Amended and Restated 2014 Plan will be either exempt from or compliant with Section 409A of the Internal Revenue Code. Changes to U.S. tax laws could alter the tax consequences described below. This is not intended to be a complete analysis and discussion of the federal income tax treatment of awards, and does not discuss estate, gift, employment, and net investment income taxes or the tax laws of any municipality, state, or foreign country. We (or a designated payer) will generally withhold required taxes in connection with the exercise or payment of an award and may require the participant to pay such taxes as a condition to exercise of an award.

Incentive Stock Options. A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant generally will not have income upon exercise of an incentive stock option; however, if an option is exercised more than three months after the participant terminates employment with us and our 50% or more-owned corporate subsidiaries (or more than one year after the participant terminates employment due to permanent and total disability), the option will be treated like a non-statutory stock option, as described below. This timing restriction generally does not apply when an incentive stock option is exercised by a deceased participant's estate (or the person who inherited the option by bequest or inheritance), if the participant's death occurred before the deadline. The value recognized upon exercise of an incentive stock option is included in taxable income for purposes of calculating the alternative minimum tax.

A participant will have income upon the sale of shares of common stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the

stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, all of the profit will be long-term capital gain. If a participant sells the stock before

52

satisfying these waiting periods, the participant will have engaged in a disqualifying disposition, in which case the participant will realize (a) compensation income equal to the excess, if any, of the lesser of the proceeds received or the value of the shares on the date of exercise over the exercise price and (b) capital gain equal to the excess, if any, of the proceeds received over the value of the shares on the date of exercise. The capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), the loss will be a capital loss. This capital loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Non-statutory Stock Options. A participant will not have income upon the grant of a non-statutory stock option. A participant will have compensation income upon the exercise of a non-statutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon the sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Stock Appreciation Rights. A participant will not have income upon the grant of a stock appreciation right. A participant will have compensation income upon the exercise of a stock appreciation right equal to the value of the stock and/or cash received on the day the participant exercised the stock appreciation right less the exercise price. Upon the sale of stock acquired from exercising a stock appreciation right, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the stock appreciation right was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Restricted Stock. A participant will not have income upon the grant of restricted stock unless the participant makes an election under Section 83(b) of the Internal Revenue Code within 30 days of the date of grant. If a timely Section 83(b) election is made, then a participant will have compensation income on the date of grant equal to the value of the stock on the date of grant less any purchase price paid by the participant for the restricted stock. If shares are forfeited before the restrictions lapse, the participant will not be entitled to a corresponding deduction. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. Any capital gain or loss will be long-term if the participant held the stock for more than one year from the date of grant and otherwise will be short-term. If the participant does not make a Section 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less any purchase price paid by the participant for the restricted stock. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year from the vesting date and otherwise will be short-term.

Restricted Stock Units. On the date of delivery of cash or stock pursuant to a restricted stock unit, a participant will have compensation income equal to the amount of cash or the fair market value of the stock on such date less any purchase price. A participant is not permitted to make a Section 83(b) election for a restricted stock unit. If the restricted stock unit is settled in stock, then the participant will have capital gain or loss when the stock is sold, equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Other Stock-Based Awards. The tax consequences associated with stock any other stock-based awards granted under the Amended and Restated 2014 Plan will vary depending on the specific terms of the award. Among the relevant factors are whether or not the award has a readily ascertainable fair market value, whether or not the award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the award and the participant's holding period and tax basis for the award or underlying common stock.

Tax Consequences to Us. In general, there will be no tax consequences to us upon the grant of any award. We will generally be entitled to a deduction when a participant has compensation income. In most cases, the deduction amount will be the same as the amount of the participant's compensation income, except that the deduction with respect to our chief executive officer, chief financial officer and our three highest-paid officers other than the chief executive officer and chief financial officer is capped at \$1,000,000 per covered officer per year. In addition, for any individual subject to the \$1,000,000 cap in a taxable year beginning after December 31, 2016, that individual will remain subject to the

cap for all future years, even after termination or retirement.

PROPOSAL 4 - Amendment to the Company's Second Amended and Restated 1996 Employee Stock Purchase Plan to increase the number of shares authorized for issuance

Proposal Summary

On February 27, 2008, our board approved our Second Amended and Restated 1996 Employee Stock Purchase Plan, which we refer to as the Second Amended and Restated ESPP. On May 21, 2008 our stockholders approved an increase of the number of shares of our common stock authorized for issuance under the Second Amended and Restated ESPP from 1,700,000 shares to 2,500,000 shares (subject to adjustment in the event of stock splits and other similar events), effective May 1, 2008. As of March 7, 2018, there remained 117,764 shares authorized and available for issuance under the Second Amended and Restated ESPP and 1,052 people were eligible to participate in the Second Amended and Restated ESPP.

Our Second Amended and Restated ESPP permits our employees and employees of our subsidiaries to purchase shares of common stock at a discount from fair market value through payroll deductions. Our board of directors believes that enabling employees to purchase shares of common stock under the Second Amended and Restated ESPP enhances our ability to attract, retain and motivate qualified employees and helps to align our employees' interests with those of our stockholders. We are asking our stockholders to approve an amendment to the Second Amended and Restated ESPP to increase the shares authorized for issuance under the Second Amended and Restated ESPP by an additional 650,000 shares.

The amendment to the Second Amended and Restated ESPP was recommended by the compensation committee and approved by our board on March 27, 2018, subject to stockholder approval.

Other than the proposed increase in the number of shares authorized for issuance under the Second Amended and Restated 1996 Employee Stock Purchase Plan, the amendment does not make any modifications to the terms of the Second Amended and Restated 1996 Employee Stock Purchase Plan.

On March 20, 2018, the last reported bid price of our common stock was \$4.50 per share.

Board Recommendation

Our board of directors recommends that the stockholders vote "FOR" approval of the amendment to our Second Amended and Restated 1996 Employee Stock Purchase Plan to increase by an additional 650,000 shares the number of shares authorized for issuance under the Plan.

Highlights of the Second Amended and Restated 1996 Employee Stock Purchase Plan

General. The Second Amended and Restated ESPP is intended to qualify as an "employee stock purchase plan" under Section 423 of the Internal Revenue Code. Our board, or a committee appointed by our board, administers the Second Amended and Restated ESPP.

Eligibility. The Second Amended and Restated ESPP is open to all of our employees, and employees of any of our subsidiaries, unless otherwise specified by our board, who:

- have been employed by us or a participating subsidiary for at least two weeks prior to enrolling in the Second Amended and Restated ESPP; and

- are employed by us or a participating subsidiary on the first day of the applicable offering period.

New Plan Benefits. As of March 7, 2018, approximately 1,052 persons were eligible to participate in the Second Amended and Restated ESPP, including all of our executive officers. Participation in the Second Amended and Restated ESPP is voluntary, and we cannot now determine the number shares that will be issued in the future to any particular person or group under the Second Amended and Restated ESPP.

Offering Periods. Under the Second Amended and Restated ESPP, we make offerings to employees to purchase shares of common stock. The offering periods begin each January 1 and July 1 (or the first business day thereafter). Each offering period currently lasts six months, although our board of directors (or a committee

appointed by our board to administer the Second Amended and Restated ESPP) may, in the future, choose a different offering period of 12 months or fewer.

Payroll Deduction. Each employee may elect to have up to 10% deducted from his or her regular salary to purchase shares of common stock under the Second Amended and Restated ESPP. An employee's maximum contribution during any offering period may not exceed \$5,000. An employee may discontinue his or her payroll deduction once during any offering period. An employee may also, at any time prior to the close of business on the date 14 days prior to the last business day in the then-current offering period, withdraw all of the balance accumulated in his or her payroll deduction account. Partial withdrawals are not permitted. If an employee withdraws all of his or her balance, then he or she may not participate in the Second Amended and Restated ESPP again during the remainder of the offering period. If an employee discontinues his or her payroll deductions during an offering period but does not elect to withdraw the balance accumulated in his or her payroll deduction account, funds deducted prior to his or her election to discontinue will be applied to the purchase of shares of common stock under the Second Amended and Restated ESPP.

Options. On the first day of each offering period, we grant each participant in the Second Amended and Restated ESPP an option to purchase on the last business day of the offering period the largest number of whole shares of common stock resulting from the participant's payroll deductions during the offering period divided by the option price. The option price for each offering period is 85% of either, as applicable:

- the closing price of our common stock on the last business day of the offering period on Nasdaq or other national securities market on which our common stock is listed; or
- the average of the closing bid and asked prices on the last business day of the offering period in the over-the-counter market.

Each employee who continues to be a participant in the Second Amended and Restated ESPP on the last business day of the applicable offering period is deemed to have exercised his or her option on that date. No employee may be granted an option under the Second Amended and Restated ESPP that permits his or her rights to purchase shares of common stock under the Second Amended and Restated ESPP, and any other employee stock purchase plan of our company or its subsidiaries, to accrue at a rate that exceeds \$25,000 of the fair market value of those shares for each calendar year in which the option is outstanding at any time. In addition, the Second Amended and Restated ESPP limits the maximum number of shares that may be purchased by a participating employee during any offering period to the amount equal to the product of \$2,083 and the number of full months in the offering period divided by the closing price of our common stock on the first day of the offering period.

Holding Period. Any shares of common stock issued to a participating employee under the Second Amended and Restated ESPP may not be sold, assigned, pledged, encumbered or otherwise transferred by that employee for a period of three months after the issuance date.

Changes in Capitalization. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to our stockholders other than an ordinary cash dividend, the number and class of securities available under the Second Amended and Restated ESPP, the share limitations and the option price will be appropriately adjusted to the extent determined by our board (or a committee appointed by our board to administer the Second Amended and Restated ESPP).

Reorganization Events. The Second Amended and Restated ESPP includes provisions addressing the consequences of a reorganization event, which is defined as:

- any merger or consolidation of our company with or into another entity as a result of which all of our common stock is converted into or exchanged for the right to receive cash, securities or other property or is canceled;
- any exchange of all of our common stock for cash, securities or other property pursuant to a share exchange transaction; or
- any liquidation or dissolution of our company.

In connection with a reorganization event, our board of directors (or a committee appointed by our board to administer the Second Amended and Restated ESPP) may take any one or more of the following actions with respect to outstanding options on terms determined by our board of directors (or a committee appointed by our board to

administer the Second Amended and Restated ESPP):

55

provide that options will be assumed, or substantially equivalent options will be substituted, by the acquiring or succeeding corporation;

upon written notice to employees, provide that all options will be terminated as of the effective date of the reorganization event and that all options will become exercisable to the extent of accumulated payroll deductions as of a date specified by our board of directors (or a committee appointed by our board to administer the Second Amended and Restated ESPP);

upon written notice to employees, provide that all options will be canceled as of a date prior to the effective date of the reorganization event and that all accumulated payroll deductions will be returned to participating employees on that date;

in the event of a reorganization event under the terms of which stockholders will receive upon consummation of that event a cash payment, which we refer to as the acquisition price, for each share surrendered, make or provide for a cash payment to each participating employee equal to the acquisition price times the number of shares of common stock subject to the option minus the aggregate option price of the option, in exchange for the termination of the option;

provide that, in connection with the liquidation or dissolution of our company, options will convert into the right to receive liquidation proceeds, net of the aggregate option price; or

any combination of the foregoing.

Amendment, Termination and Suspension. Our board may, at any time, terminate or amend the Second Amended and Restated ESPP. However, if stockholder approval of an amendment is required under Section 423 of the Internal Revenue Code, that amendment may not become effective without stockholder approval, and in no event may any amendment be made that would cause the Second Amended and Restated ESPP to fail to comply with Section 423 of the Internal Revenue Code.

Our board may, at any time, suspend the Second Amended and Restated ESPP, and our company will provide notice to participating employees before any suspension becomes effective. The board may resume operation of the Second Amended and Restated ESPP following any suspension, and our company will provide notice to participating employees before the termination of any suspension period.

U.S. Federal Income Tax Consequences

The following generally summarizes the U.S. federal income tax consequences that will arise with respect to participation in the Second Amended and Restated ESPP and with respect to the sale of shares of common stock acquired under the Second Amended and Restated ESPP. This summary is based on U.S. tax laws in effect as of the date of this proxy statement. This summary assumes that the Second Amended and Restated ESPP satisfies all of the requirements of Section 423 of the Internal Revenue Code applicable to employee stock purchase plans. Changes to U.S. tax laws could alter the tax consequences described below.

Tax Consequences to Participants. A participant will not have income upon enrolling in the Second Amended and Restated ESPP or upon purchasing shares of common stock at the end of an offering period. A participant may have compensation income and/or capital gain income if the participant sells shares that were acquired under the Second Amended and Restated ESPP at a profit (if sales proceeds exceed the purchase price). The amount of each type of income will depend on when the participant sells the shares. If the participant sells the shares more than two years after the commencement of the offering period during which the shares were purchased and more than one year after the date that the participant purchased the shares, then the participant will have compensation income equal to the lesser of 15% of the value of the common stock on the day the offering commenced and the participant's profit. Any profit in excess of this compensation income will be long-term capital gain.

If the participant sells the shares prior to satisfying these waiting periods, then he or she will have engaged in a disqualifying disposition. Upon a disqualifying disposition, the participant will have compensation income equal to the value of the shares on the day he or she purchased the shares less the purchase price. The participant also will have a capital gain or loss equal to the difference between the sales proceeds and the value of the common stock on the day he or she purchased the shares. This capital gain or loss will be long-term if the participant has held the shares for more than one year and otherwise will be short-term.

Tax Consequences to Us. There will be no tax consequences to us except that we will be entitled to a deduction when a participant has compensation income upon a disqualifying disposition. Any deduction will be subject to the limitations of Section 162(m) of the Internal Revenue Code.

PROPOSAL 5 - NON-BINDING ADVISORY VOTE TO APPROVE COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS

Proposal Summary

In accordance with Section 14A of the Exchange Act, we are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in the section titled “Executive Compensation - Compensation Discussion and Analysis” and in the compensation tables and any related narrative discussion contained in this proxy statement.

As an advisory vote, this proposal is not binding. However, our compensation committee and board of directors value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future executive compensation decisions.

As we describe in detail in the “Executive Compensation - Compensation Discussion and Analysis,” we believe our executive compensation program embodies a pay for performance philosophy that advances our business strategy and aligns the interests of our executives with our stockholders.

Significant milestones of 2017 include:

The number of users on our Avid MediaCentral Platform, which we believe is the most comprehensive media workflow in the industry, continued to grow. At year-end 2017, there were approximately 54,000 licenses across media enterprises worldwide, an increase of 26%.

We made substantial progress in our transition to a subscription-based model, which is another key element of our strategy. At year-end of 2017, there were approximately 94,000 paying cloud-enabled subscribers, a 54% increase from the end of 2016.

Avid Everywhere allowed us to achieve significant customer wins, including the ten-year Sinclair managed services contract, which underscores the potential of Avid Everywhere and our framework agreement with Al Jazeera Media Network which includes a Global Services Agreement and Global Product Call-Off Agreement cementing the companies' strategic relationship.

We completed our cost optimization projects to improve our efficiency and better align our resources with our strategic goals and our customers' needs; and

We refined our governance and compensation practices to further align leadership with stockholder interests.

During our strategic transformation, our compensation committee has focused on designing our executive compensation programs to align with stockholder value and ensure that we are focused on executing on our transformation to create stockholder value. As discussed in “[2017 Executive Compensation Program Highlights](#)” in CD&A, our executive compensation program provides an effective means to align executive compensation with achievement relative to specific financial and operational performance goals, as well as with long-term stockholder returns. For example, based on the company's 2017 performance, as measured by financial and operational metrics, the compensation committee awarded annual cash bonuses to our named executive officers at a level equal to 80% of target. This payout percentage below target reflected our 2017 performance and evidences the rigorous targets our compensation committee has historically set and continues to set.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our philosophy, policies and practices as described in this proxy statement. Our board of directors is asking stockholders to approve on an advisory, non-binding basis, the following resolution:

RESOLVED, that the stockholders of Avid Technology, Inc. approve, on an advisory basis, our named executive officer compensation, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, in this proxy statement.

Board Recommendation

Our board of directors recommends that our stockholders vote to approve our compensation for our named executive officers by voting FOR the resolution above in Proposal 5.

3. Eligibility

All of the Company’s employees, officers, directors, consultants and advisors are eligible to receive Awards under the Plan.

4. Administration and Delegation

(a) Administration by Board of Directors. The Plan shall be administered by the Board. The Board shall have authority to grant Awards and to adopt, amend and repeal such administrative rules, guidelines and practices relating to the Plan as it shall deem advisable. The Board may construe and interpret the terms of the Plan and any Award Agreements entered into under the Plan. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board’s sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

(b) Appointment of Committees. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to a Committee. All references in the Plan to the “Board” shall mean the Board or a Committee or the officers referred to in subsection (c) below (Delegation to Officers), to the extent that the Board’s powers or authority under the Plan have been delegated to such Committee or officers.

(c) Delegation to Officers. To the extent permitted by applicable law, the Board may delegate to one or more officers of the Company the power to grant Awards to one or more employees of the Company or any of its present or future subsidiary corporations, and to exercise such other powers under the Plan as the Board may determine, subject to any limitations under the Plan and such guidelines as the Board may establish; provided, however, that no employee shall be authorized to grant Awards to any “executive officer” of the Company (as defined by Rule 3b-7 under the Exchange Act) or to any “officer” of the Company (as defined by Rule 16a-1 under the Exchange Act).

5. Stock Available for Awards

(a) Number of Shares; Share Counting.

(1) Authorized Number of Shares. Subject to adjustment under Section 11 (Adjustments for Changes in Common Stock and Certain Other Events), Awards may be made under the Plan for up to 8,040,000 shares of Common Stock. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(2) Share Counting. For purposes of counting the number of shares available for the grant of Awards under the Plan:

(i) All shares of Common Stock covered by independent SARs (i.e., SARs not granted in tandem with an Option) that may be settled in Common Stock (including SARs that may be settled in either cash or Common Stock) shall be counted against the number of shares available for the grant of Awards without regard to the number of shares of Common Stock actually issued upon settlement of such SARs. Independent SARs that may be settled only in cash shall not be so counted;

(ii) If any Award (A) expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right) or (B) results in any Common Stock not being issued, the unused Common Stock covered by such Award shall again be available for the grant of Awards; provided, however, that in the case of Options and SARs that may be settled in Common Stock (including Options and SARs that may be settled in Common Stock or cash), the full number of shares subject to the Option or SAR shall be counted against the shares available under the Plan regardless of the number of shares actually used to settle such Option or SAR upon exercise;

(iii) Shares of Common Stock tendered to the Company by a Participant to (A) purchase shares of Common Stock upon the exercise of an Award or (B) satisfy tax withholding obligations (including shares retained from the Award creating the tax obligation) shall not be added back to the number of shares available for the future grant of Awards; and

(iv) Shares of Common Stock repurchased by the Company on the open market using the proceeds from the exercise of an Award shall not increase the number of shares available for future grant of Awards.

(b) Sub-limits.

(1) Section 162(m) Per-Participant Limit. Subject to adjustment under Section 11 (Adjustments for Changes in Common Stock and Certain Other Events), the maximum number of shares of Common Stock with respect to which Awards may be granted or paid to any Participant under the Plan shall be 1,000,000 per calendar year; the full number of authorized shares per individual shall be available for Options, SARs, or any other type of Award, provided that the aggregate number of shares under all Awards granted to the Participant during the year does not exceed the limit. For purposes of the foregoing limit, the combination of an Option in tandem with a SAR shall be treated as a single Award. The per Participant limit described in this paragraph (1) shall be construed and applied consistently with the Performance-Based Compensation exemption under Section 162(m) of the Code.

(2) No Award-Specific Limits. All of the authorized shares of Common Stock described in paragraph (a)(1), above (Authorized Number of Shares), shall be available for any type of Award permitted by the Plan.

6. Stock Options

(a) General. The Board may grant Options and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.

(b) Incentive Stock Options. All of the shares of Common Stock available under Section 5 shall be available for Incentive Stock Options. An Incentive Stock Option may be granted only to an employee of Avid Technology, Inc., any of Avid Technology, Inc.'s present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Code, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code, and shall be subject to and construed consistently with the requirements of Section 422 of the Code. The Company shall have no liability to a Participant, or any other party, if an Option (or any part thereof) that is intended to be an Incentive Stock Option is not an Incentive Stock Option or for any action taken by the Board, including the conversion of an Incentive Stock Option to a Nonstatutory Stock Option.

(c) Exercise Price. The Board shall establish the exercise price of each Option and specify such exercise price in the applicable Award Agreement; provided, however, that the exercise price for a share shall not be less than 100% of the Fair Market Value of such share on the date of grant. Should the Board approve the grant of an Option with an exercise price to be determined on a future date, the exercise price shall not be less than 100% of the Fair Market Value on such future date. For an Incentive Stock Option granted to an individual who, at the time of grant, owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of Avid Technology, Inc. or a related corporation, the exercise price per share shall be no less than 110% of the Fair Market Value of the share on the grant date.

(d) Limitation on Repricing and Buyout. Unless such action is approved by the Company's stockholders, (1) no outstanding Option granted under the Plan may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding Option (other than adjustments pursuant to Section 11 (Adjustments for Changes in Common Stock and Certain Other Events)); (2) the Board shall not cancel any outstanding Option and grant in substitution therefore a new Award covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then-current exercise price per share of the canceled option; and (3) without limiting the Board's authority under Section 11, the Board shall not authorize the purchase or buyout any outstanding Option where the exercise price of such Option is lower than the then-current Fair Market Value of Common Stock.

(e) No Reload Rights. No Option granted under the Plan shall contain any provision entitling the optionee to the automatic grant of additional Options in connection with any exercise of the original Option.

(f) Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement; provided, however, that no Option shall be granted for a term in excess of ten years (or, for an individual who, at the time of grant, owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of Avid Technology, Inc. or a related corporation, five years).

(g) Exercise of Option. Options may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board together with payment in full as specified in subsection (h), below (Payment Upon Exercise), for the number of shares for which the Option is exercised. Shares of Common Stock subject to the Option shall be delivered by the Company following exercise as soon as practicable.

(h) Payment Upon Exercise. Common Stock purchased upon the exercise of an Option granted under the Plan shall be paid for as follows:

(1) in cash or by check, payable to the order of the Company;

(2) through net share settlement or a similar procedure involving the withholding of shares subject to the Option with a value equal to the exercise price;

(3) by delivery of shares of Common Stock owned by the Participant valued at their Fair Market Value; provided that (i) such method of payment is then permitted under applicable law, (ii) such Common Stock, if acquired directly from the Company, was owned by the Participant for such minimum period of time, if any, as may be established by the Board in its discretion and (iii) such Common Stock is not subject to any repurchase, forfeiture, unfulfilled vesting or

other similar requirements;

A-5

(4) to the extent permitted by applicable law and by the Board, by payment of such other lawful consideration as the Board may determine; or

(5) by any combination of the above permitted forms of payment.

(i) Substitute Options. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Options in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Options may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Options contained in the other sections of this Section 6 or in Section 3 (Eligibility).

(j) Dividends and Dividend Equivalents. No ordinary cash dividends or Dividend Equivalents shall be paid or credited to any Participant with respect to any Stock Option.

7. Director Awards

(a) Initial Grant. Upon the commencement of service on the Board by any individual who is an Outside Director, the Company shall grant to such person (1) a Nonstatutory Stock Option, (2) a Restricted Stock Award or (3) a combination of a Nonstatutory Stock Option and a Restricted Stock Award. The number of shares underlying, and the form of, each Award under this subsection (a) shall be determined by the Board in its discretion; provided that the Expected Value of the aggregate Awards granted to an Outside Director under this subsection (a) shall not exceed a dollar amount determined by the Company's compensation consultant based on a review of compensation paid by peer companies, which dollar amount shall not exceed \$230,000 as of the date of grant.

(b) Make-up Grants for 2013. As soon as practicable after the effective date of the Plan, the Company shall grant to each Outside Director who was an Outside Director on December 31, 2013, an Award that entitles such member to receive 7,500 shares of Common Stock. Such Award shall be immediately vested and shall not count against the Expected Value limitation for annual grants under subsection (c), below (Annual Grant).

(c) Annual Grant. For each calendar year after 2013, on a date determined by the Board, the Company shall grant to each Outside Director who has served as a director of the Company for at least six months prior to the date of grant (i) a Nonstatutory Stock Option, (ii) a Restricted Stock Award or (iii) a combination of a Nonstatutory Stock Option and a Restricted Stock Award. The number of shares underlying, and the form of, each Award under this subsection (c) shall be determined by the Board in its discretion; provided that the Expected Value of the aggregate Awards granted to an Outside Director under this subsection (c) for a year shall not exceed a dollar amount determined by the Company's compensation consultant based on a review of compensation paid by peer companies, which dollar amount shall not exceed \$230,000 as of the date of grant.

(d) Terms of Director Options. Options granted under this Section 7 shall:

(1) Have an exercise price per share no less than the 100% of the Fair Market Value of a share on the date of grant;

(2) Except as set forth in subsection (e), below (Special Vesting Rules), and Section 11(b) (Reorganization Events), vest in full on the first anniversary of the date of grant; provided that (i) the individual is serving on the Board on such date, (ii) no additional vesting shall take place after the Participant ceases to serve as a director and (iii) the Board may provide for accelerated vesting to the extent permitted by paragraph (e)(3), below;

(3) Expire no later than the earlier of (i) ten years after the date of grant or (ii) twelve months following cessation of service on the Board; and

(4) Contain such other terms and conditions as the Board shall determine.

(e) Special Vesting Rules.

(1) The Board may, in its discretion, either at the time an Award is made or at any time thereafter, waive its right to repurchase shares of Common Stock (or waive the forfeiture thereof) or accelerate vesting or remove or modify any part or all of the restrictions applicable to an Award; provided that the Board may exercise such rights only in extraordinary circumstances as described in Section which shall include (A) death or disability of the Participant, (B) attainment of mandatory retirement age or retirement following at least seven years of service, (C) a merger, consolidation, sale,

reorganization, recapitalization, or Change in Control or (D) any other nonrecurring significant event affecting the Company, a Participant or the Plan.

(2) Special Vesting Schedule for Grants in 2014. All Awards granted to Outside Directors during 2014 pursuant to the annual grant provisions of subsection (c), above (Annual Grant), shall vest on the earlier of the date of the Company's annual shareholder meeting for 2015 or May 31, 2015; and all Awards granted pursuant to subsection (b), above (Make-up Grants for 2013), shall be immediately vested on the date of grant.

(f) Limitations on Awards to Outside Directors. Outside Directors shall not be granted Awards under the Plan other than pursuant to, and subject to the limitations set forth in, this Section 7 of the Plan.

8. Stock Appreciation Rights

(a) General. The Board may grant SARs and determine the number of shares of Common Stock to be covered by each SARs. SARs may be based solely on appreciation in the Fair Market Value of Common Stock or on a comparison of such appreciation with some other measure of market growth such as appreciation in a recognized market index. The date as of which such appreciation or other measure is determined shall be the exercise date unless another date is specified by the Board in the SAR Award.

(b) Grants. SARs may be granted in tandem with, or independently of, Options granted under the Plan.

(1) Tandem Awards. When SARs are expressly granted in tandem with Options, (i) the SAR shall be exercisable only at such time or times, and to the extent, that the related Option is exercisable (except to the extent designated by the Board in connection with a Reorganization Event) and shall be exercisable in accordance with the procedure required for exercise of the related Option; (ii) the SAR shall terminate and no longer be exercisable upon the termination or exercise of the related Option, except to the extent designated by the Board in connection with a Reorganization Event and except that a SAR granted with respect to less than the full number of shares covered by an Option shall not be reduced until the number of shares as to which the related Option has been exercised or has terminated exceeds the number of shares not covered by the SAR; (iii) the Option shall terminate and no longer be exercisable upon the exercise of the related SAR; and (iv) the SAR shall be transferable only with the related Option.

(2) Independent SARs. A SAR not expressly granted in tandem with an Option shall become exercisable at such time or times, and on such conditions, as the Board may specify in the SAR Award.

(c) Exercise Price. The Board shall establish the exercise price of each SAR and specify such price in the applicable SAR agreement. The exercise price per share shall not be less than 100% of the Fair Market Value of a share on the date of grant; provided that if the Board approves the grant of a SAR with an exercise price to be determined on a future date, the exercise price shall not be less than 100% of the Fair Market Value on such future date.

(d) Duration of SARs. Each SAR shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable SAR agreement; provided, however, that no SAR shall be granted for a term in excess of ten years.

(e) Exercise of SARs. SARs may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board, together with any other documents required by the Board.

(f) Limitation on Repricing and Buyouts. The limitations on repricing and buyout of Options set forth in Section 6(d), above (Limitation on Repricing), shall also apply with respect to SARs.

(g) Dividends and Dividend Equivalents. No ordinary cash dividends or Dividend Equivalents shall be paid or credited to any Participant with respect to any Stock Appreciation Right.

9. Restricted Stock; Restricted Stock Units

(a) General. The Board may grant Restricted Stock Awards.

(b) Limitations on Vesting.

(1) Except as provided in paragraph (2), below, and Section 11(b) (Reorganization Events), Restricted Stock Awards that vest solely based on the passage of time shall not vest prior to the first anniversary of the date of grant. This paragraph (1) shall not apply to Performance Awards.

(2) Notwithstanding any other provision of this Plan, the Board may, in its discretion, either at the time a Restricted Stock Award is made or at any time thereafter, waive its right to repurchase shares of Common Stock (or waive the forfeiture thereof) or remove or modify any part or all of the restrictions applicable to the Restricted Stock Award; provided that the Board's authority with respect to Awards that are intended to qualify as Performance-Based Compensation under Section 162(m) of the Code shall be limited by the requirements of Section 162(m) and the Board may exercise such waiver, removal, and modification rights only in extraordinary circumstances which shall include (A) Termination of Status described in Section 12(d), (B) estate planning needs of the Participant, (C) a merger, consolidation, sale, reorganization, recapitalization, or Change in Control, or (D) any other nonrecurring significant event affecting the Company, a Participant or the Plan.

(c) Terms and Conditions. The Board shall determine the terms and conditions of any such Restricted Stock Award, including the conditions for repurchase (or forfeiture) and the issue price, if any.

(d) Additional Provisions Relating to Restricted Stock.

(1) Stock Certificates. The Company may require that any stock certificates issued in respect of Restricted Stock shall be deposited in escrow by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). At the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

(2) Dividends. Participants holding shares of Restricted Stock shall be entitled to all ordinary cash dividends paid with respect to such shares. All dividends or distributions with respect to Restricted Stock shall be subject to the same restrictions on transfer and risk of forfeiture as the shares of Restricted Stock with respect to which they were paid.

(e) Additional Provisions Relating to Restricted Stock Units.

(1) Settlement. Upon the vesting of and/or lapsing of any other restrictions (i.e., settlement) with respect to each Restricted Stock Unit, the Participant shall be entitled to receive from the Company one share of Common Stock or an amount of cash equal to the Fair Market Value of one share of Common Stock, as provided in the applicable Award Agreement. The Board may, in its discretion, provide that settlement of Restricted Stock Units shall be deferred, on a mandatory basis or at the election of the Participant.

(2) Voting Rights. A Participant shall have no voting rights with respect to any Restricted Stock Units.

(3) Dividend Equivalents. To the extent provided by the Board, in its sole discretion, a grant of Restricted Stock Units may provide Participants with Dividend Equivalents. Dividend Equivalents may be settled in cash and/or shares of Common Stock and shall be subject to the same restrictions on transfer and risk of forfeiture as the Restricted Stock Units with respect to which paid, subject in each case to the applicable Award Agreement.

10. Other Stock-Based Awards

(a) General. Other Stock-Based Awards may be granted hereunder to Participants. Such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan or as payment in lieu of compensation to which a Participant is otherwise entitled. Other Stock-Based Awards may be paid in shares of Common Stock or cash, as the Board shall determine.

(b) Terms and Conditions. Subject to the provisions of the Plan, the Board shall determine the terms and conditions of each Other Stock-Based Awards, including any purchase price applicable thereto.

(c) Vesting. Other Stock-Based Awards shall be subject to the vesting conditions, if any, set forth in the Award Agreement. Notwithstanding any other provision of this Plan, the Board may, in its discretion, either at the time an Other Stock-Based Award is made or at any time thereafter, remove or modify any part or all of the restrictions applicable to the

Other Stock-Based Award; provided that the Board's authority is subject to the limitations described in Section 9(b) (conditions for removing restrictions on Restricted Stock Awards).

11. Adjustments for Changes in Common Stock and Certain Other Events

(a) Changes in Capitalization. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of Common Stock other than an ordinary cash dividend, (1) the number and class of securities available under this Plan, (2) the share counting rules set forth in Section 5(a)(2) (Share Counting) and per-participant limit in Section 5(b)(1) (Section 162(m) Per-Participant Limit), (3) each Award limit under Section 7 (Director Awards), (4) the number and class of securities and exercise price per share of each outstanding Option, (5) the share- and per-share provisions and the exercise price of each SAR, (6) the number of shares subject to and the repurchase price per share subject to each outstanding Restricted Stock Award, (7) the share- and per-share-related provisions and the purchase price, if any, of each outstanding Other Stock-Based Award, and (8) performance measures tied to the value of shares, shall be equitably adjusted by the Company (or substituted Awards may be made, if applicable) in the manner determined by the Board. Without limiting the generality of the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to an outstanding Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), an optionee who exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(b) Reorganization Events.

(1) Definition. A "Reorganization Event" shall mean: (i) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (ii) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction or (iii) any liquidation or dissolution of the Company.

(2) Consequences of a Reorganization Event on Awards Other than Awards of Restricted Stock. In connection with a Reorganization Event, the Board may take any one or more of the following actions as to all or any (or any portion of) outstanding Awards other than Awards of Restricted Stock on such terms as the Board determines: (i) provide that Awards shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof); (ii) upon written notice to a Participant, provide that the Participant's unexercised Awards shall terminate immediately prior to the consummation of such Reorganization Event unless exercised by the Participant within a specified period following the date of such notice; (iii) provide that outstanding Awards shall become exercisable, realizable or deliverable, or restrictions applicable to an Award shall lapse, in whole or in part prior to or upon such Reorganization Event; (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the "Acquisition Price"), make or provide for a cash payment to a Participant equal to the excess, if any, of (A) the Acquisition Price times the number of shares of Common Stock subject to the Participant's Awards (to the extent the exercise price does not exceed the Acquisition Price) over (B) the aggregate exercise price of all such outstanding Awards and any applicable tax withholdings, in exchange for the termination of such Awards; (v) provide that, in connection with a liquidation or dissolution of the Company, Awards shall convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof and any applicable tax withholdings); and (vi) any combination of the foregoing. In taking any of the actions permitted under this subsection (b), the Board shall not be obligated by the Plan to treat all Awards, all Awards held by a Participant, or all Awards of the same type, identically.

For purposes of clause (i) above, an Option or SAR shall be considered assumed if, following consummation of the Reorganization Event, the Option or SAR confers the right to purchase, for each share of Common Stock subject to the Option or SAR immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders

were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options or SARs to consist solely of common

A-9

stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in value (as determined by the Board) to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

(3) Consequences of a Reorganization Event on Awards of Restricted Stock. Upon the occurrence of a Reorganization Event other than a liquidation or dissolution of the Company, the repurchase and other rights of the Company under each outstanding Award of Restricted Stock shall inure to the benefit of the Company's successor and shall, unless the Board determines otherwise, apply to the cash, securities or other property which the Common Stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to the Common Stock subject to such Award of Restricted Stock. Upon the occurrence of a Reorganization Event involving the liquidation or dissolution of the Company, except to the extent specifically provided to the contrary in the instrument evidencing any Award of Restricted Stock or any other agreement between a Participant and the Company, all restrictions and conditions on all Awards of Restricted Stock then outstanding shall automatically be deemed terminated or satisfied.

(4) Certain Events Not a Reorganization Event. Notwithstanding anything to the contrary in this Section 11(b), in no event shall a Reorganization Event be deemed to occur in connection with (a) a merger or reorganization of the Company where the sole purpose of such merger or reorganization is to reincorporate the Company in a different state, or (b) any public offering of stock, the primary purpose of which is to raise additional capital, unless such event in (a) or (b) above occurs in connection with an event, transaction, or series of transactions that also results in a Change in Control.

12. General Provisions Applicable to Awards

(a) Transferability of Awards. Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an Incentive Stock Option, pursuant to a qualified domestic relations order, and, during the life of the Participant, shall be exercisable only by the Participant; provided, however, that (i) the Board may permit or provide in an Award for the gratuitous transfer of the Award by the Participant to or for the benefit of any immediate family member, family trust or other entity established for the benefit of the Participant and/or an immediate family member if, with respect to such proposed transferee, the Company would be eligible to use a Form S-8 for the registration of the sale of the Common Stock subject to such Award under the Securities Act, and (ii) the Company shall not be required to recognize any such transfer until such time as the Participant and such permitted transferee shall, as a condition to such transfer, deliver to the Company a written instrument in form and substance satisfactory to the Company confirming that such transferee shall be bound by all of the terms and conditions of the Award. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

(b) Documentation. Each Award shall be evidenced in an Award Agreement in such form (written, electronic or otherwise) as the Board shall approve.

(c) Board Discretion. Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.

(d) Termination of Status. Subject to any other limitations applicable to Awards contained herein, the Board shall determine the effect on an Award of the disability, death, termination or other cessation of employment, authorized leave of absence, or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award.

(e) Withholding. Each Participant must satisfy all applicable federal, state, and local or other income and employment withholding obligations before the Company will deliver stock certificates or otherwise recognize ownership of Common Stock under an Award. The Company may decide to satisfy the withholding obligations through additional withholding on salary or wages. If the Company elects not to or cannot withhold from other compensation, the Participant must pay the Company the full amount, if any, required for withholding or have a broker tender to the Company cash equal to the withholding obligations. Payment of withholding obligations is due before the Company will issue any shares on exercise or release from forfeiture of an Award or, if the Company so requires, at the time of

payment of the exercise price. If provided for in an Award or approved by the Board in its sole discretion, a Participant may satisfy tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation; provided, however, that except as otherwise provided by the Board, such withholding may not exceed the Company's minimum statutory withholding obligations (based on applicable minimum statutory withholding rates for federal and state tax purposes, including

A-10

payroll taxes). Shares surrendered to satisfy tax withholding requirements shall not be subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

(f) Amendment of Award. Subject to the Plan's restrictions against repricing Options and SARs, the minimum requirements for vesting of Awards, and the requirements under Section 162(m) of the Code for Performance-Based Compensation, the Board may amend, modify or terminate any outstanding Award, including substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option. The Participant's consent to such action shall not be required unless the change is not permitted by Section 11 hereof and the Board determines that the action, taking into account any related action, would materially and adversely affect the Participant's rights under the Plan.

(g) Conditions on Delivery of Stock. The Company shall not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (1) all conditions of the Award have been met or removed to the satisfaction of the Company, (2) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including the registration provisions described in subsection (h), below (Registration of Shares), compliance with all other applicable securities laws and all applicable stock exchange and stock market rules and regulations, and (3) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(h) Registration of Shares. It is the Company's present intention to register, to the extent required or advisable, any shares of Common Stock issued pursuant to Awards granted under the Plan under the Securities Act. The Company shall not be obligated to sell or deliver any shares of Common Stock in connection with the granting, vesting, or exercise of any Award unless and until either:

(i) (A) Such shares have been registered under the Securities Act, (B) no stop order suspending the effectiveness of such registration statement has been issued and no proceedings therefor have been instituted or threatened under the Securities Act, and (C) there is available at the time of such grant, vesting event, or exercise (as applicable) a prospectus meeting the requirements of Section 10(a)(3) of the Securities Act; or

(ii) The Company has determined, based on the advice of its counsel, that it is not necessary or advisable to register such shares under the Securities Act.

In addition, the making of any Award or determination, the delivery or recording of a stock transfer, and payment of any amount due to a Participant may be postponed for such period as the Company may require, in the exercise of reasonable diligence, to comply with the requirements of any applicable law.

(i) Acceleration. Except as otherwise provided in Sections 7(d) and (e) (Terms of Director Options, and Limitations on Restricted Stock Vesting), and Sections 9(b) and 10(c) (Limitations on Vesting for Restricted Stock, Restricted Stock Units, and Other Stock-Based Awards), the Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

(j) Performance Awards.

(1) Grants. The Company may grant Performance Awards pursuant to this subsection (j), subject to the limits in Section 5(b) on shares covered by such grants. The amount payable to a Participant in any calendar year pursuant to Performance Awards settled in cash shall not exceed \$7 million.

(2) Committee. Grants of Performance Awards to any Covered Employee intended to qualify as Performance-Based Compensation under Section 162(m) of the Code shall be made only by a Committee (or subcommittee of a Committee) comprised solely of two or more directors who are eligible to serve on a committee making Awards that qualify as "performance-based compensation" under Section 162(m). In the case of such Awards granted to Covered Employees, references to the Board or to a Committee shall be deemed to be references to such Committee or subcommittee.

(3) Performance Measures. For any Award that is intended to qualify as Performance-Based Compensation, the Committee shall specify that the degree of granting, vesting and/or payout shall be subject to the achievement of one or more objective performance measures established by the Committee, which shall be based on the relative or absolute attainment of specified levels of one or any combination of the following: earnings (which may include earnings before interest, taxes, depreciation, and/or amortization, earnings before or after discontinued operations, and

net earnings (before or

A-11

after taxes), and may be determined in accordance with GAAP or adjusted to exclude any or all non-GAAP items); earnings per share (on a GAAP or non-GAAP basis); operating profit before or after discontinued operations and/or taxes; operating expenses or operating expenses as a percentage of revenue; revenues (on an absolute basis or adjusted for currency effects); revenue growth; organic revenue growth; net revenue growth; earnings growth; cash flow (including operating cash flow, free cash flow, cash flow return on equity, cash flow per share, and cash flow return on investment) or cash position; operating margins; gross margins; stock price; return on equity or average stockholders' equity; total stockholder return; growth in stockholder value relative to the moving average of the S&P 500 Index or another index; return on capital; return on assets or net assets; return on investment; return on sales; return on revenue; market share; improvement of financial ratings; achievement of balance sheet or income statement objectives or total shareholder return (all of the foregoing measures may be absolute in their terms or measured against or in relationship to other companies or benchmarks); contract awards or backlog; overhead or other expense targets; credit rating; customer indicators; new product invention or innovation; attainment of research and development milestones; improvements in productivity; productivity ratios; attainment of objective operating goals and employee metrics; operating profit after tax; net operating profit; economic profit; economic value added; sales; sales productivity; sales growth; net income; adjusted net income; operating income; operating income growth; operating unit contribution; achievement of annual operating profit plans; debt level; net worth; strategic business criteria consisting of one or more objectives based on meeting specified market penetration or market share; geographic business expansion; objective goals relating to divestitures, joint ventures, mergers, acquisitions, and similar transactions; implementation or completion of specified projects or processes strategic or critical to the Company's business operations; individual business objectives; objective measures of brand recognition/acceptance; performance achievements on designated projects or objectives; objective measures of regulatory compliance; successful completion of internal or external audits; successful integration of business units; successful hiring, retention of talent, or other succession planning; objective measures of employee engagement and satisfaction; operating efficiency; working capital targets; market capitalization; and profitability.

The Committee may specify that such performance measures shall be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the write-down of any asset, and (v) charges for restructuring and rationalization programs.

The performance measures for Awards (I) may vary by Participant and may be different for different Awards; (II) may be particular to a Participant or the department, branch, line of business, subsidiary or other unit in which the Participant works and may cover such period as may be specified by the Committee; and (III) shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code. Awards that are not intended to qualify as Performance-Based Compensation may be based on the performance measures set forth in this paragraph (3) or such other performance measures as the Board may determine.

(4) Certification and Adjustments. No Award that is intended to qualify as Performance-Based Compensation shall be paid until the Committee certifies in writing that the performance measures and other material terms have been certified. Notwithstanding any other provision of the Plan, with respect to any Performance Award, the Board may adjust downward the cash or number of Shares payable pursuant to such Award; the Board may not, however, adjust upward the cash or number of Shares payable pursuant to a Performance-Based Compensation Award. For Performance-Based Compensation, the requirement to achieve the applicable performance measures shall not be waived except in the case of the death or disability of the Participant or a Change in Control.

(5) Other. The Committee shall have the power to impose such other restrictions on Performance Awards as it may deem necessary or appropriate to ensure that, where intended, such Awards satisfy all requirements for Performance-Based Compensation.

13. Miscellaneous

(a) No Right To Employment or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares.

(c) Effective Date and Term of Plan. The Plan shall become effective on the date the Plan is approved by the Company's stockholders (the "Effective Date"). No Awards shall be granted under the Plan after the expiration of ten years

A-12

from the Effective Date, but Awards granted before such expiration may extend beyond that date. No Incentive Stock Option shall be granted under the Plan after the 10th anniversary of the date on which the Plan was adopted. No awards shall be granted under the 2005 Stock Incentive Plan or any predecessor thereto after the Effective Date.

(d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time, provided that (1) no amendment that would require stockholder approval under the rules of Nasdaq may be made effective unless and until such amendment shall have been approved by the Company's stockholders; and (2) if Nasdaq amends its corporate governance rules so that such rules no longer require stockholder approval of Nasdaq "material amendments" to equity compensation plans, then, from and after the effective date of such amendment to the Nasdaq rules, no amendment to the Plan (A) materially increasing the number of shares authorized under the Plan (other than pursuant to Section 11 (Adjustments for Changes in Common Stock and Certain Other Events)), (B) expanding the types of Awards that may be granted under the Plan, or (C) materially expanding the class of participants eligible to participate in the Plan shall be effective unless stockholder approval is obtained. In addition, if at any time the approval of the Company's stockholders is required as to any other modification or amendment under Section 422 of the Code with respect to Incentive Stock Options, the Board may not effect such modification or amendment without such approval. Unless otherwise specified in the amendment, any amendment to the Plan adopted in accordance with this subsection (d) shall apply to, and be binding on the holders of, all Awards outstanding under the Plan at the time the amendment is adopted, provided the Board determines that such amendment does not materially and adversely affect the rights of Participants under the Plan. No Award shall be made that is conditioned upon stockholder approval of any amendment to the Plan.

(e) Provisions for Foreign Participants. The Board may modify Awards granted to Participants who are foreign nationals or employed outside the United States or establish subplans or procedures under the Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters. The Board shall establish subplans by adopting supplements to the Plan containing (1) such limitations on the Board's discretion under the Plan as the Board deems necessary or desirable or (2) such additional terms and conditions not otherwise inconsistent with the Plan as the Board shall deem necessary or desirable. All supplements adopted by the Board shall be deemed to be part of the Plan, but each supplement shall apply only to Participants within the affected jurisdiction and the Company shall not be required to provide copies of any supplement to Participants in any jurisdiction which is not the subject of such supplement.

(f) Compliance with Code Section 409A. The Plan shall be interpreted consistent with the intent that all Awards be exempt from or comply with the requirements of Section 409A of the Code. No Award shall provide for deferral of compensation that does not comply with Section 409A of the Code, unless the Board expressly provides that the Award is not intended to comply with Section 409A of the Code. The Company shall have no liability to a Participant, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A of the Code is not so exempt or compliant or for any action taken by the Board.

(g) Governing Law. The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, excluding choice-of-law principles of the law of such state that would require the application of the laws of a jurisdiction other than such state.

(h) Rules of Construction. Whenever used in the Plan, words in either the feminine or masculine gender shall be deemed to refer to both females and males; words in the singular shall be deemed to refer also to the plural; the word "include" shall mean "including but not limited to"; and references to a statute, statutory provision, or regulation shall refer to the provision (or to a successor provision of similar import) as currently in effect, as amended, or as reenacted, and to regulations and other agency guidance of general applicability issued thereunder

Avid Technology, Inc.

Second Amended and Restated 1996 Employee Stock Purchase Plan

The purpose of this Second Amended and Restated 1996 Employee Stock Purchase Plan (the "Plan") is to provide eligible employees of Avid Technology, Inc. (the "Company") and certain of its subsidiaries with opportunities to purchase shares of the Company's common stock, \$0.01 par value per share (the "Common Stock"), commencing on August 1, 1996. An aggregate of Three Million One Hundred and Fifty Thousand (3,150,000) shares of Common Stock have been approved for this purpose. This Plan is intended to qualify as an "employee stock purchase plan" as defined in Section 423 of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (the "Code"), and shall be interpreted consistent therewith.

1. Administration. The Plan will be administered by the Company's Board of Directors (the "Board") or by a Committee appointed by the Board (the "Committee"). The Board or the Committee has authority to make rules and regulations for the administration of the Plan and its interpretation and decisions with regard thereto shall be final and conclusive.

2. Eligibility. Participation in the Plan will neither be permitted nor denied contrary to the requirements of Section 423 of the Code. All employees of the Company, including members of the Board who are employees, and all employees of any subsidiary of the Company (as defined in Section 424(f) of the Code) unless the Board or the Committee specifies otherwise (each subsidiary participating in the Plan is referred to herein as a "Participating Subsidiary"), are eligible to participate in any one or more of the offerings of Options (as defined in Section 9) to purchase Common Stock under the Plan provided that:

(a) [reserved]

(b) they have been employed by the Company or a Participating Subsidiary for at least two (2) weeks prior to enrolling in the Plan; and

(c) they are employees of the Company or a Participating Subsidiary on the first day of the applicable Plan Period (as defined below).

No employee may be granted an Option hereunder if such employee, immediately after the Option is granted, would own five percent (5%) or more of the total combined voting power or value of the stock of the Company or any subsidiary. For purposes of the preceding sentence, the attribution rules of Section 424(d) of the Code shall apply in determining the stock ownership of an employee, and all stock which the employee has a contractual right to purchase shall be treated as stock owned by the employee. The Company retains the discretion to determine which eligible employees may participate in an offering pursuant to and consistent with Treasury Regulation Sections 1.423-2(e) and (f).

3. Offerings. The Company will make offerings ("Offerings") to employees to purchase Common Stock under this Plan. Offerings will begin each January 1 and July 1, or the first business day thereafter (the "Offering Commencement Dates"). Each Offering Commencement Date will begin a six (6) month period (a "Plan Period") during which payroll deductions will be made and held for the purchase of Common Stock at the end of the Plan Period. The Board or the Committee may, at its discretion, choose a different Plan Period of twelve (12) months or fewer.

4. Participation. An employee eligible on the Offering Commencement Date of any Offering may participate in such Offering by completing and forwarding a payroll deduction authorization form to the employee's appropriate payroll office during an enrollment period that begins no less than seven (7) days prior to the applicable Offering

Commencement Date. The form will authorize a regular payroll deduction from the Compensation (as defined below) received by the employee during the Plan Period. Unless an employee files a new form or withdraws from the Plan, his or her deductions and purchases will continue at the same rate for future Offerings under the Plan as long as the Plan remains in effect. The term "Compensation" means the amount of money reportable on the employee's Federal Income Tax Withholding Statement, excluding overtime, shift premium, incentive or bonus awards, allowances and reimbursements for expenses such as relocation allowances for travel expenses, income or gains on the exercise of Company stock options or stock appreciation rights, and similar items, whether or not shown on the employee's Federal Income Tax Withholding Statement, but including, in the case of salespersons, sales commissions to the extent determined by the Board or the Committee.

B-1

5. Deductions. The Company will maintain payroll deduction accounts for all participating employees. With respect to any Offering made under this Plan, an employee may authorize a payroll deduction in any dollar amount up to a maximum of ten percent (10%) of the Compensation he or she receives during the Plan Period or such shorter period during which deductions from payroll are made. However, the maximum contribution during any Plan Period cannot exceed \$5,000. The Board or the Committee may set a minimum payroll deduction requirement. In addition, the maximum number of shares that may be purchased by a participating employee during any Plan Period may not exceed the amount equal to the product of \$2,083 and the number of full months in the Plan Period divided by the closing price of Avid common stock on the Offering Commencement Date of each Plan Period.

6. Deduction Changes. An employee may discontinue his or her payroll deduction once during any Plan Period, by filing a new payroll deduction authorization form. However, an employee may not decrease or increase his or her payroll deduction during a Plan Period. If an employee elects to discontinue his or her payroll deductions during a Plan Period, but does not elect to withdraw his or her funds pursuant to Section 8 hereof, funds deducted prior to his or her election to discontinue will be applied to the purchase of Common Stock on the Exercise Date (as defined in Section 9).

7. Interest. Interest will not be paid on any employee accounts, except to the extent that the Board or the Committee, in its sole discretion, elects to credit employee accounts with interest at such per annum rate as it may from time to time determine.

8. Withdrawal of Funds. An employee may at any time prior to the close of business on the date fourteen (14) days prior to the last business day in the then current Plan Period and for any reason permanently draw out the balance accumulated in the employee's account and thereby withdraw from participation in an Offering. Partial withdrawals are not permitted. The employee may not begin participation again during the remainder of the Plan Period. The employee may participate in any subsequent Offering in accordance with terms and conditions established by the Board or the Committee.

9. Purchase of Shares. On the Offering Commencement Date of each Plan Period, the Company will grant to each eligible employee who is then a participant in the Plan an option ("Option") to purchase on the last business day of such Plan Period (the "Exercise Date") at the applicable Option Price (as defined below) the largest number of whole shares of Common Stock resulting from the employee's accumulated payroll deductions as of the Exercise Date divided by the Option Price for such Plan Period; provided, however, that no employee may be granted an Option which permits his or her rights to purchase Common Stock under this Plan and any other employee stock purchase plan (as defined in Section 423(b) of the Code) of the Company and its subsidiaries, to accrue at a rate which exceeds \$25,000 of the fair market value of such Common Stock for each calendar year in which the Option is outstanding at any time.

The purchase price for each share purchased will be 85% of the closing price of the Common Stock on the Exercise Date (the "Option Price"). Such closing price shall be (a) the closing price on the Nasdaq Global Select Market or other national securities exchange on which the Common Stock is listed, or (b) the average of the closing bid and asked prices in the over-the-counter market, whichever is applicable. If no sales of Common Stock were made on such a day, the price of the Common Stock for purposes of clause (a) above shall be the reported price for the next preceding day on which sales were made.

Each employee who continues to be a participant in the Plan on the Exercise Date shall be deemed to have exercised his or her Option at the Option Price on such date and shall be deemed to have purchased from the Company the number of whole shares of Common Stock reserved for the purpose of the Plan that his or her accumulated payroll deductions on such date will pay for (but not in excess of the maximum number determined in the manner set forth above).

Any balance remaining in an employee's payroll deduction account at the end of a Plan Period will be automatically refunded to the employee, except that any balance which is less than the purchase price of one share of Common Stock will be carried forward into the employee's payroll deduction account for the following Offering, unless the employee elects not to participate in the following Offering under the Plan, in which case the balance in the employee's account shall be refunded.

10. **Holding Period.** Any shares of Common Stock issued to a participating employee pursuant to this Plan may not be sold, assigned, pledged, encumbered or otherwise transferred by such employee for a period of three (3) months after the applicable Exercise Date. By exercising an Option, the employee shall be deemed to have agreed to these restrictions on the transferability of such shares.

11. **Issuance of Shares.** Promptly following the end of each Offering, the number of shares of Common Stock purchased under the Plan shall, subject to the holding period requirement set forth above, be deposited into an account

established in the name of the employee at a stock brokerage or other financial services firm designated by the Company (the "ESPP Broker").

The employee may direct, by written notice to the Company at the time during his or her enrollment in the Plan, that his or her ESPP broker account be established in the name of the employee and another person of legal age as joint tenants with rights of survivorship or (in the Company's sole discretion) in the street name of a brokerage firm, bank or other nominee holder designated by the employee.

12. **Rights on Retirement, Death or Termination of Employment.** In the event of a participating employee's termination of employment prior to the last business day of a Plan Period, no payroll deduction shall be taken from any pay due and owing to an employee following the effective date of such termination. The balance in the employee's account shall be paid to the employee or, in the event of the employee's death, (a) to a beneficiary previously designated in a revocable notice signed by the employee (with any spousal consent required under state law), (b) in the absence of such a designated beneficiary, to the executor or administrator of the employee's estate, or (c) if no such executor or administrator has been appointed to the knowledge of the Company, to such other person(s) as the Company may, in its discretion, designate. If, prior to the last business day of the Plan Period, the Participating Subsidiary by which an employee is employed shall cease to be a subsidiary of the Company, or if the employee is transferred to a subsidiary of the Company that is not a Participating Subsidiary, the employee shall be deemed to have terminated employment for the purposes of this Plan.

13. **Optionees Not Stockholders.** Neither the granting of an Option to an employee nor the deductions from his or her pay shall constitute such employee a stockholder of the shares of Common Stock covered by an Option under this Plan until such shares have been purchased by and issued to him or her.

14. **Rights Not Transferable.** Rights under this Plan are not transferable by a participating employee other than by will or the laws of descent and distribution, and are exercisable during the employee's lifetime only by the employee.

15. **Application of Funds.** All funds received or held by the Company under this Plan may be combined with other corporate funds and may be used for any corporate purpose.

16. **Changes in Capitalization.** In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than an ordinary cash dividend, (i) the number and class of securities available under this Plan, (ii) the share limitations set forth in Section 9, and (iii) the Option Price shall be appropriately adjusted to the extent determined by the Board or the Committee.

17. **Reorganization Events.** A "Reorganization Event" shall mean: (a) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is canceled, (b) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of the Company.

In connection with a Reorganization Event, the Board or the Committee shall take any one or more of the following actions as to outstanding Options on such terms as the Board or the Committee determines: (i) provide that Options shall be assumed, or substantially equivalent Options shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice to employees, provide that all outstanding Options will be terminated as of the effective date of the Reorganization Event and that all such outstanding Options will become exercisable to the extent of accumulated payroll deductions as of a date specified by the Board or the Committee in such notice, which date shall not be less than ten (10) days preceding the effective date of the Reorganization Event, (iii) upon written notice to employees, provide that all outstanding Options will be cancelled as of a date prior to the effective

date of the Reorganization Event and that all accumulated payroll deductions will be returned to participating employees on such date, (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the "Acquisition Price"), make or provide for a cash payment to an employee equal to (A) the Acquisition Price times the number of shares of Common Stock subject to the employee's Option (to the extent the Option Price does not exceed the Acquisition Price) minus (B) the aggregate Option Price of such Option, in exchange for the termination of such Option, (v) provide that, in connection with a liquidation or dissolution of the Company, Options shall convert into the right to receive liquidation proceeds (net of the Option Price thereof) and (vi) any combination of the foregoing.

B-3

For purposes of clause (i) above, an Option shall be considered assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in value (as determined by the Board) to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

18. Amendment of the Plan.

(a) Amendment of the Plan. The Board may at any time, and from time to time, amend this Plan in any respect, except that (i) if Section 423 of the Code requires that such amendment be approved by the shareholders of the Company is required by, such amendment shall not be effected without such approval, and (b) in no event may any amendment be made which would cause the Plan to fail to comply with Section 423 of the Code.

(b) Suspension of the Plan. The Board may, at any time, suspend the Plan; provided that the Company shall provide notice to the Participants prior to the effectiveness of such suspension. The Board may resume the operation of the Plan following any such suspension; provided that the Company shall provide notice to the Participants prior to the date of termination of the suspension period. A Participant shall remain a Participant in the Plan during any suspension period (unless he or she withdraws pursuant to Section 8), however no Options shall be granted or exercised, and no payroll deductions shall be made in respect of any Participant during the suspension period.

19. Insufficient Shares. In the event that the total number of shares of Common Stock specified in elections to be purchased under any Offering plus the number of shares purchased under previous Offerings under this Plan exceeds the maximum number of shares issuable under this Plan, the Board or the Committee will allot the shares then available on a pro rata basis.

20. Termination of the Plan. This Plan may be terminated at any time by the Board. Upon termination of this Plan all amounts in the accounts of participating employees shall be promptly refunded.

21. Governmental Regulations. The Company's obligation to sell and deliver Common Stock under this Plan is subject to the listing requirements of the Nasdaq Global Select Market or other applicable national stock exchange and the approval of all governmental authorities required in connection with the authorization, issuance or sale of such stock. The Plan shall be governed by Delaware law except to the extent that such law is preempted by federal law.

22. Issuance of Shares. Shares may be issued upon exercise of an Option from authorized but unissued Common Stock, from shares of Common Stock held in the treasury of the Company, or from any other proper source.

23. Notification upon Sale of Shares. Each employee agrees, by enrolling in the Plan, to promptly give the Company notice of any disposition of shares purchased under the Plan where such disposition occurs within two years after the date of grant of the Option pursuant to which such shares were purchased.

24. Grants to Employees in Foreign Jurisdictions. The Company may, in order to comply with the laws of a foreign jurisdiction, grant Options to employees of the Company or a Participating Subsidiary who are citizens or residents of such foreign jurisdiction (without regard to whether they are also citizens of the United States or resident aliens

(within the meaning of Section 7701(b)(1)(A) of the Code)) with terms that are less favorable (but not more favorable) than the terms of Options granted under the Plan to employees of the Company or a Participating Subsidiary who are resident in the United States. Notwithstanding the preceding provisions of this Plan, employees of the Company or a Participating Subsidiary who are citizens or residents of a foreign jurisdiction (without regard to whether they are also citizens of the United States or resident aliens (within the meaning of Section 7701(b)(1)(A) of the Code)) may be excluded from eligibility under the Plan if (a) the grant of an Option under the Plan to a citizen or resident of the foreign jurisdiction is prohibited under the laws of such jurisdiction or (b) compliance with the laws of the foreign jurisdiction would cause the Plan to violate the requirements of

B-4

Section 423 of the Code. The Company may add one or more appendices to this Plan describing the operation of the Plan in those foreign jurisdictions in which employees are excluded from participation or granted less favorable Options.

25. Authorization of Sub-Plans. The Board may from time to time establish one or more sub-plans under the Plan with respect to one or more Participating Subsidiaries, provided that such sub-plan complies with Section 423 of the Code.

26. Effective Date and Approval of Shareholders. This Second Amended and Restated 1996 Employee Stock Purchase was approved by the Company's stockholders and took effect on May 21, 2008

Amended by the Board on August 12, 2008, December 15, 2009, March 14, 2013, July 29, 2015 and March 27, 2018.
