CURRENCYSHARESSM SWEDISH KRONA TRUST

This Prospectus Supplement No. 8 amends and supplements our prospectus dated June 23, 2006 (the Prospectus) and should be read in conjunction with, and must be delivered with, the Prospectus.

This Prospectus Supplement No. 8 includes the attached Annual Report on Form 10-K for the fiscal year ended October 31, 2007 filed by us with the Securities and Exchange Commission.

Under the heading The Sponsor on page 27 of the Prospectus, the first full paragraph is hereby replaced in its entirety with the following paragraph:

The Sponsor of the Trust is Rydex Specialized Products LLC, a Delaware limited liability company. The sole member of Rydex Specialized Products LLC is PADCO Advisors II, Inc., a Maryland corporation solely owned by Rydex Holdings, Inc., a Maryland corporation. The Sponsor and its affiliates collectively do business as Rydex Investments. The principal offices of the Sponsor and the Trust are the offices of Rydex Investments at 9601 Blackwell Road, Suite 500, Rockville, Maryland 20850, and the Sponsor does not own or lease any other property.

Under the heading Creation and Redemption of Shares of the Prospectus on page 33, the first full paragraph, third sentence is hereby replaced with the following sentence: As of January 29, 2008, Bear Hunter Structured Products LLC, Goldman, Sachs & Co., Merrill Lynch Professional Clearing Corp. and Timber Hill LLC have each signed a Participant Agreement with the Trustee and the Sponsor and may create and redeem Baskets.

All references in the Prospectus to the New York Stock Exchange and NYSE which relate to the trading of Swedish Krona Shares on or after October 30, 2007 are amended to read NYSE Arca.

All other portions of the Prospectus shall remain unchanged. Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Prospectus.

The date of this Prospectus Supplement is January 29, 2008

Cautionary Statement Regarding Forward-Looking Information

This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and within the Private Securities Litigation Reform Act of 1995. These statements are predictions and actual events or results may differ materially from those expressed in our forward-looking statements. Risks and uncertainties may cause our actual results to differ materially from those expressed in our forward-looking statements.

The value of the Shares relates directly to the value of the Swedish Kronor held by the Trust and fluctuations in the price of the Swedish Kronor could materially adversely affect an investment in the Shares. Readers are urged to review the Risk Factors section beginning on page 3 for a description of other risks and uncertainties that may affect an investment in the Shares.

The discussion and analysis which follows may contain statement that relate to future events or future performance. In some cases, such forward-looking statements can be identified by terminology such as anticipate, expect, intend, plan, believe, seek, outlook and estimate as similar words and phrases that signify forward-looking statements. Item 1. BUSINESS**OVERVIEW**

The CurrencySharesSM Swedish Krona Trust (the Trust) is a grantor trust that was formed on June 8, 2006. The Trust issues shares (the Shares) in blocks of 50,000 (a Basket) in exchange for deposits of Swedish Kronor and distributes Swedish Kronor in connection with the redemption of Baskets. The Shares trade on NYSE Arca under the ticker symbol FXS.

The investment objective of the Trust is for the Shares to reflect the price of Swedish Krona plus accrued interest, less the expenses of the Trust's operations. The Shares are intended to offer investors an opportunity to participate in the market for the Swedish Krona through an investment in securities. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding the Swedish Krona. The Shares are bought and sold on NYSE Arca like any other exchange-listed security. The Shares are backed by the assets of the Trust, which does not hold or use derivative products. The value of the holdings of the Trust is reported on the Trust's website, www.currencyshares.com, every business day.

THE TRUST*General*

The Trust holds Swedish Kronor and, from time to time, issues Baskets in exchange for deposits of Swedish Kronor and distributes Swedish Kronor in connection with redemptions of Baskets. The Swedish Kronor held by the Trust will be sold only (1) if needed to pay Trust expenses, (2) in the event the Trust terminates and liquidates its assets or (3) as otherwise required by law or regulation.

The Sponsor

The Sponsor of the Trust generally oversees the performance of the Trustee and the Trust's principal service providers, but does not exercise day-to-day oversight over the Trustee or the Trust's service providers. The Sponsor is Rydex Specialized Products LLC, a Delaware limited liability company.

The Trust's only ordinary recurring expense is the Sponsor's fee. The Sponsor is responsible for payment of the following administrative and marketing expenses of the Trust: the Trustee's monthly fee, typical maintenance and transaction fees of the Depository, NYSE listing fees, NYSE Arca listing fees, printing and mailing costs, audit fees and expenses, up to \$100,000 per annum in legal fees and expenses, and applicable license fees. The Sponsor also paid the costs of the Trust's organization and the costs of the initial sale of the Shares, including the applicable SEC registration fees. The Sponsor's fee accrues daily at an annual nominal rate of 0.40% of the Swedish Kronor in the Trust. The Sponsor was paid \$96,193 for the period covered by this report.

The Trustee

The Bank of New York, a banking corporation with trust powers organized under the laws of the State of New York, serves as the Trustee. The Trustee is responsible for the day-to-day administration of the Trust, including keeping the Trust's operational records.

Net Asset Value

The Trustee calculates, and the Sponsor publishes, the Trust's Net Asset Value (NAV) each business day. To calculate the NAV, the Trustee adds to the amount of Swedish Kronor in the Trust at the end of the preceding day accrued but unpaid interest, Swedish Kronor receivable under pending purchase orders and the value of other Trust assets, and subtracts the accrued but unpaid Sponsor's fee, Swedish Kronor payable under pending redemption orders and other Trust expenses and liabilities, if any. The NAV is expressed in U.S. Dollars (USD) based on the Noon Buying Rate, which is the USD/Swedish Krona exchange rate as determined by the Federal Reserve Bank of New York as of 12:00 PM (New York time) on each day that NYSE Arca is open for regular trading. If, on a particular evaluation day, the Noon Buying Rate has not been determined and announced by 2:00 PM (New York time), then the most recent Noon Buying Rate is used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for such valuation.

The Trustee also determines the NAV per Share, which equals the NAV of the Trust divided by the number of outstanding Shares. The NAV of the Trust and NAV per Share is published by the Sponsor on each day that NYSE Arca is open for regular trading and is posted on the Trust's website, www.currencyshares.com.

Depository and Deposit Accounts

JPMorgan Chase Bank, N.A., London Branch is the Depository. The Depository maintains two deposit accounts for the Trust, a primary deposit account which earns interest and a secondary deposit account which does not earn interest (collectively, the "Deposit Accounts"). Interest on the primary deposit account accrues daily and is paid monthly. If the Sponsor believes that the interest rate paid by the Depository is not competitive, the Sponsor's recourse is to remove the Depository by terminating the Deposit Account Agreement and closing the accounts. The Depository is not paid a fee for its services to the Trust. The Depository may earn a spread or margin over the rate of interest it pays to the Trust on the Swedish Krona deposit balances.

The secondary deposit account is used to account for interest received and paid out on creations and redemptions of Baskets. The secondary deposit account is also used to account for interest earned on the primary deposit account, pay Trust expenses and distribute any excess interest to Shareholders on a monthly basis. In the event that the interest deposited exceeds the sum of the Sponsor's fee for the prior month plus other Trust expenses, if any, then the Trustee will direct that the excess be converted into USD at a prevailing market rate and the Trustee will distribute the USD as promptly as practicable to Shareholders on a pro rata basis (in accordance with the number of Shares that they own).

Trust Expenses

In certain exceptional cases the Trust may pay expenses in addition to the Sponsor's fee. These exceptions include expenses not assumed by the Sponsor, taxes and governmental charges, expenses and costs of any extraordinary services performed by the Trustee or the Sponsor on behalf of the Trust or action taken by the Trustee or the Sponsor to protect the Trust or the interests of Shareholders, indemnification of the Sponsor under the Depository Trust Agreement, and legal expenses in excess of \$100,000 per year.

Termination

The Trust will terminate upon the occurrence of any of the termination events listed in the Depository Trust Agreement and will otherwise terminate on June 8, 2046.

THE SHARES

General

Each Share represents a proportional interest, based on the total number of Shares outstanding, in the Swedish Kronor owned by the Trust, plus accrued and unpaid interest less accrued but unpaid expenses (both asset-based and non-asset based) of the Trust. All Shares are of the same class with equal rights and privileges. Each Share is transferable, fully paid and non-assessable.

Limited Rights

The Shares are not a traditional investment. They are dissimilar from the shares of a corporation operating a business enterprise, with management and a board of directors. Trust Shareholders do not have rights normally associated with owning shares of a business corporation, including, for example, the right to bring oppression or derivative actions. Shareholders have only those rights explicitly set forth in the Depository Trust Agreement. The Shares do not entitle their holders to any conversion or pre-emptive rights or, except as provided herein, any redemption or distribution rights.

Voting and Approvals

Shareholders have no voting rights under the Depository Trust Agreement, except in limited circumstances. If the holders of at least 25% of the Shares outstanding determine that the Trustee is in material breach of its obligations under the Depository Trust Agreement, they may provide written notice to the Trustee (or require the Sponsor to do so) specifying the default and requiring the Trustee to cure such default. If the Trustee fails to cure such breach within 30 days after receipt of the notice, the Sponsor may remove the Trustee. The holders of at least 66 2/3% of the Shares outstanding may vote to remove the Trustee. The Trustee must terminate the Trust at the request of the holders of at least 75% of the outstanding Shares.

Creation and Redemption of Shares

The creation and redemption of Baskets requires the delivery to the Trust or the distribution by the Trust of the amount of Swedish Krona represented by the Baskets being created or redeemed. This amount is based on the combined NAV per Share of the number of Shares included in the Baskets being created or redeemed, determined on the day the order to create or redeem Baskets is accepted by the Trustee.

Only Authorized Participants may place orders to create and redeem Baskets. An Authorized Participant is a Depository Trust Company participant that is a registered broker-dealer or other securities market participant, such as a bank or other financial institution that is not required to register as a broker-dealer to engage in securities transactions and has entered into a Participant Agreement with the Trustee.

Before initiating a creation or redemption order, an Authorized Participant must have entered into a Participant Agreement with the Sponsor and the Trustee. The Participant Agreement provides the procedures for the creation and redemption of Baskets and for the delivery of Swedish Krona required for creations and redemptions. The Participant Agreements may be amended by the Trustee and the Sponsor. Authorized Participants pay a transaction fee of \$500 to the Trustee for each order that they place to create or redeem one or more Baskets. Authorized Participants who make deposits with the Trust in exchange for Baskets receive no fees, commissions or other form of compensation or inducement of any kind from either the Sponsor or the Trust. No Authorized Participant has any obligation or responsibility to the Sponsor or the Trust to effect any sale or resale of Shares.

Item 1A. RISK FACTORS

You should consider carefully the risks described below before making an investment decision. You should also refer to the other information included in this report, including the Trust's financial statements and the related notes.

The value of the Shares relates directly to the value of the Swedish Kronor held by the Trust. Fluctuations in the price of the Swedish Krona could materially and adversely affect the value of the Shares.

The Shares are designed to reflect the price of the Swedish Krona, plus accumulated interest, less the Trust's expenses. The price of the Swedish Krona has fluctuated widely over the past several years. Several factors may affect the price of the Swedish Krona, including:

Debt level and trade deficit of Sweden;

Inflation rates of the United States and Sweden and investors' expectations concerning inflation rates;

Interest rates of the United States and Sweden and investors' expectations concerning interest rates;

Investment and trading activities of mutual funds, hedge funds and currency funds; and

Global or regional political, economic or financial events and situations.

In addition, the Swedish Krona may not maintain its long-term value in terms of purchasing power in the future. When the price of the Swedish Krona declines, the Sponsor expects the price of a Share to decline as well.

The USD/Swedish Krona exchange rate, like foreign exchange rates in general, can be volatile and difficult to predict. This volatility could materially and adversely affect the performance of the Shares.

Foreign exchange rates are influenced by the factors identified immediately above and may also be influenced by: changing supply and demand for a particular currency; monetary policies of governments (including exchange control programs, restrictions on local exchanges or markets and limitations on foreign investment in a country or on investment by residents of a country in other countries); changes in balances of payments and trade; trade restrictions; and currency devaluations and revaluations. Also, governments from time to time intervene in the currency markets, directly and by regulation, in order to influence prices directly. These events and actions are unpredictable. The resulting volatility in the USD/Swedish Krona exchange rate could materially and adversely affect the performance of the Shares.

If interest earned by the Trust does not exceed expenses, the Trustee will withdraw Swedish Krona from the Trust to pay these excess expenses which will reduce the amount of Swedish Krona represented by each Share on an ongoing basis and may result in adverse tax consequences.

Each outstanding Share represents a fractional, undivided interest in the Swedish Kronor held by the Trust. Although the Trust generates interest, it is possible that the amount of interest earned may not exceed expenses, in which case the Trustee will withdraw Swedish Kronor from the Trust to pay these excess expenses. As a result, the amount of Swedish Kronor represented by each Share may gradually decline over time. This is true even if additional Shares are issued in exchange for additional deposits of Swedish Kronor into the Trust, as the amount of Swedish Kronor required to create Shares will proportionately reflect the amount of Swedish Kronor represented by the Shares outstanding at the time of creation. Assuming a constant Swedish Krona price, if expenses exceed interest earned, the trading price of the Shares will gradually decline relative to the price of Swedish Krona as the amount of Swedish Kronor represented by the Shares gradually declines. In this event, the Shares will only maintain their original price if the price of Swedish Krona increases.

Investors should be aware that a gradual decline in the amount of Swedish Kronor represented by the Shares may occur regardless of whether the trading price of the Shares rises or falls in response to changes in the price of Swedish Krona. The estimated ordinary operating expenses of the Trust, which accrue daily, are described in Business The Trust Trust Expenses.

The payment of expenses by the Trust will result in a taxable event to Shareholders. To the extent Trust expenses exceed interest paid to the Trust, a gain or loss may be recognized by Shareholders depending on the tax basis of the tendered Swedish Kronor.

If the Trust incurs expenses in USD, the Trust is required to sell Swedish Kronor to pay these expenses. The sale of the Trust's Swedish Kronor to pay expenses in USD at a time of low Swedish Kronor prices could adversely affect the value of the Shares.

The Trustee will sell Swedish Kronor held by the Trust if necessary to pay Trust expenses if any incurred in USD, irrespective of then-current Swedish Krona prices. The Trust is not actively managed and no attempt will be made to buy or sell Swedish Kronor to protect against or to take advantage of fluctuations in the price of Swedish Krona. Consequently, the Trust's Swedish Kronor may be sold at a time when the Swedish Krona price is low, resulting in a negative effect on the value of the Shares.

Purchasing activity in the Swedish Krona market associated with the purchase of Baskets from the Trust may cause a temporary increase in the price of Swedish Krona. This increase may adversely affect an investment in the Shares.

Purchasing activity associated with acquiring the Swedish Kronor required for deposit into the Trust in connection with the creation of Baskets may temporarily increase the market price of Swedish Kronor, which will result in higher prices for the Shares. Temporary increases in the market price of Swedish Kronor may also occur as a result of the purchasing activity of other market participants. Other market participants may attempt to benefit from an increase in the market price of Swedish Krona that may result from increased purchasing activity of Swedish Krona connected with the issuance of Baskets. Consequently, the market price of Swedish Kronor may decline immediately after Baskets are created. If the price of Swedish Kronor declines, then it is anticipated that the trading price of the Shares will also decline. In addition, if the Trust experiences a significant increase in its expenses due to an unexpected event, then it is anticipated that the unexpected expenses would reduce the NAV of the Trust, which would cause the trading price of the Shares to decline even if the price of Swedish Kronor did not decline.

The Deposit Accounts are not entitled to payment at any office of JPMorgan Chase Bank, N.A. located in the United States.

The federal laws of the United States prohibit banks located in the United States from paying interest on unrestricted demand deposit accounts. Therefore, payments out of the Deposit Accounts will be payable only at the London branch of JPMorgan Chase Bank, N.A., located in England. The Trustee will not be entitled to demand payment of these accounts at any office of JPMorgan Chase Bank, N.A. that is located in the United States. JPMorgan Chase Bank, N.A. will not be required to repay the deposit if its London branch cannot repay the deposit due to an act of war, insurrection or civil strife or an action by a foreign government or instrumentality (whether *de jure* or *de facto*) in England.

Shareholders do not have the protections associated with ownership of a demand deposit account insured in the United States by the Federal Deposit Insurance Corporation nor the full protection provided for bank deposits under English law.

Neither the Shares nor the Deposit Accounts and the Swedish Kronor deposited in them are a deposit insured against loss by the FDIC or any other federal agency. Deposits may have only limited protection under the Financial Services Compensation Scheme of England.

Swedish Kronor deposited in the Deposit Accounts by an Authorized Participant are commingled with Swedish Kronor deposited by other Authorized Participants and are held by the Depository in either the primary deposit account or the secondary deposit account of the Trust. Swedish Kronor held in the Deposit Accounts are not segregated from the Depository's other assets. If the Depository becomes

insolvent, then its assets might not be adequate to satisfy a claim by the Trust or any Authorized Participant. In addition, in the event of the insolvency of the Depository or the U.S. bank of which it is a branch, there may be a delay and costs incurred in recovering the Swedish Kronor held in the Deposit Accounts.

The Trust has no proprietary rights in or to any specific Swedish Kronor held by the Depository and will be an unsecured creditor of the Depository with respect to the Swedish Kronor held in the Deposit Accounts in the event of the insolvency of the Depository or the U.S. bank of which it is a branch. In the event the Depository or the U.S. bank of which it is a branch becomes insolvent, the Depository's assets might not be adequate to satisfy a claim by the Trust or any Authorized Participant for the amount of Swedish Kronor deposited by the Trust or the Authorized Participant, in such event, the Trust and any Authorized Participant will generally have no right in or to assets other than those of the Depository.

In the case of insolvency of the Depository or JPMorgan Chase Bank, N.A., the U.S. bank of which the Depository is a branch, a liquidator may seek to freeze access to the Swedish Krona held in all accounts by the Depository, including the Deposit Accounts. The Trust and the Authorized Participants could incur expenses and delays in connection with asserting their claims. These problems would be exacerbated by the reality that the Deposit Accounts will not be held in the U.S. but instead will be held at the London branch of a U.S. national bank, where it will be subject to English insolvency law. Further, under U.S. law, in the case of the insolvency of JPMorgan Chase Bank, N.A., the claims of creditors in respect of accounts (such as the Trust's Deposit Accounts) that are maintained with an overseas branch of JPMorgan Chase Bank, N.A. will be subordinate to claims of creditors in respect of accounts maintained with JPMorgan Chase Bank, N.A. in the U.S., greatly increasing the risk that the Trust and the Trust's beneficiaries would suffer a loss.

Shareholders do not have the protections associated with ownership of shares in an investment company registered under the Investment Company Act of 1940.

The Investment Company Act is designed to protect investors by preventing: insiders from managing investment companies to their benefit and to the detriment of public investors; the issuance of securities having inequitable or discriminatory provisions; the management of investment companies by irresponsible persons; the use of unsound or misleading methods of computing earnings and asset value; changes in the character of investment companies without the consent of investors; and investment companies from engaging in excessive leveraging. To accomplish these ends, the Investment Company Act requires the safekeeping and proper valuation of fund assets, restricts greatly transactions with affiliates, limits leveraging, and imposes governance requirements as a check on fund management. The Investment Company Act applies to a range of investment company structures, but, in practice, primarily regulates a company holding a portfolio of investment securities such as publicly traded stocks, bonds and money market instruments: selected by an affiliated investment adviser pursuant to the company's stated investment objectives, policies, restrictions, strategies and techniques where the investment adviser manages the portfolio and otherwise operates the company on a day-to-day basis for a management fee and other charges and expenses and, in doing so, has conflicts of interest with the company; valued, priced for sale and redemption, physically held and traded in securities markets pursuant to computational, custody and brokerage and other transactional requirements peculiar to such a portfolio of investment securities; and overseen by the company's board of directors that is elected, constituted and governed pursuant to specified standards developed in the context of such a portfolio of investment securities.

5

The Trust is not registered as an investment company under the Investment Company Act and is not required to register under that Act. Consequently, Shareholders do not have the regulatory protections afforded to investors in registered investment companies.

Shareholders do not have the rights enjoyed by investors in certain other financial instruments.

As interests in a grantor trust, the Shares have none of the statutory rights normally associated with the ownership of shares of a business corporation, including, for example, the right to bring oppression or derivative actions. Apart from the rights afforded to them by federal and state securities laws, Shareholders have only those rights relative to the Trust, the Trust property and the Shares that are set forth in the Depository Trust Agreement. In this connection, the Shareholders have limited voting and distribution rights. They do not have the right to elect directors. See *Business The Shares Limited Rights* for a description of the limited rights of the Shareholders.

The Shares may trade at a price which is at, above, or below the NAV per Share.

The NAV per Share fluctuates with changes in the market value of the Trust's assets. The market price of Shares can be expected to fluctuate in accordance with changes in the NAV per Share, but also in response to market supply and demand. As a result, the Shares might trade at prices at, above or below the NAV per Share.

The interest rate earned by the Trust, although competitive, may not be the best rate available. If the Sponsor determines that the interest rate is inadequate, then its sole recourse is to remove the Depository and terminate the Deposit Accounts.

The Depository is committed to endeavor to pay a competitive interest rate on the balance of Swedish Kronor in the primary deposit account of the Trust. Interest on the primary deposit account accrues daily and is paid monthly. The Sponsor discloses the current interest rate on the Trust's website. If the Sponsor believes that the interest rate paid by the Depository is not adequate, the Sponsor's sole recourse is to remove the Depository and terminate the Deposit Accounts. The Depository is not paid a fee for its services to the Trust; rather, it generates income or loss based on its ability to earn a spread or margin over the interest it pays to the Trust by using the Trust's Swedish Kronor to make loans or in other banking operations. For these reasons, you should not expect that the Trust will be paid the best available interest rate at any time or over time.

The Depository owes no fiduciary duties to the Trust or the Shareholders, is not required to act in their best interest and could resign or be removed by the Sponsor, which would trigger early termination of the Trust.

The Depository is not a trustee for the Trust or the Shareholders. As stated above, the Depository is not obligated to maximize the interest rate paid to the Trust. In addition, the Depository has no duty to continue to act as the depository of the Trust. The Depository can terminate its role as depository for any reason whatsoever upon 90 days' notice to the Trust. Such a termination might result, for example, if the Sponsor determines that the interest rate paid by the Depository is inadequate. In the event that the Depository were to resign or be removed, the Trust will be terminated.

Shareholders may incur significant fees upon the termination of the Trust.

The occurrence of any one of several events would either require the Trust to terminate or permit the Sponsor to terminate the Trust. For example, if the Depository were to resign or be removed, then the Sponsor would be required to terminate the Trust. Shareholders tendering their Shares within 90 days of the Trust's termination will receive the amount of Swedish Kronor represented by their Shares. Shareholders may incur significant fees if they choose to convert the Swedish Kronor they receive to U.S. Dollars.

6

If Sweden adopts the euro as its currency, Shareholders may be unable to sell their Shares and may lose money on their investment. Furthermore, if Sweden adopts the euro as its currency, then the Trust will terminate upon the Council of the European Union adopting an irrevocable conversion rate of Swedish Kronor to euro. If this occurs, Shareholders may lose money on their investment.

As a member of the European Union, Sweden has the option to adopt the euro as its currency in lieu of the Swedish Krona. If Sweden adopts the euro as its currency by official act, the value of the Swedish Krona could depreciate, depending on, among other things, the relative value of the Swedish Krona and the euro, the conversion ratio of Swedish Kronor per euro and the timing of the adoption of the euro. If the Swedish Krona loses value, the value of the Shares would also depreciate and Shareholders may not be able to sell their Shares. Furthermore, if Sweden adopts the euro as its currency, then the Trust will terminate upon the Council of the European Union adopting an irrevocable conversion rate of Swedish Kronor to euro. If the Trust terminates, it may liquidate at a time disadvantageous to Shareholders, such as when the price of the Swedish Krona has declined below the price prevailing when Shareholders purchased their Shares.

Redemption orders are subject to rejection by the Trustee under certain circumstances.

The Trustee will reject a redemption order if the order is not in proper form as described in the Participant Agreement or if the fulfillment of the order, in the opinion of its counsel, might be unlawful. Any such rejection could adversely affect a redeeming Shareholder. For example, the resulting delay would adversely affect the value of the Shareholder's redemption distribution if the NAV were to decline during the delay. In accordance with the Depository Trust Agreement, the Sponsor and the Trustee disclaim any liability for any loss or damage that may result from any such rejection.

Substantial sales of Swedish Krona by the official sector could adversely affect an investment in the Shares.

The official sector consists of central banks, other governmental agencies and multi-lateral institutions that buy, sell and hold Swedish Krona as part of their reserve assets. The official sector holds a significant amount of Swedish Krona that can be mobilized in the open market. In the event that future economic, political or social conditions or pressures require members of the official sector to sell their Swedish Kronor simultaneously or in an uncoordinated manner, the demand for Swedish Kronor might not be sufficient to accommodate the sudden increase in the supply of Swedish Krona to the market. Consequently, the price of the Swedish Krona could decline, which would adversely affect an investment in the Shares.

Shareholders that are not Authorized Participants may only purchase or sell their Shares in secondary trading markets.

Only Authorized Participants may create or redeem Baskets of Shares through the Trust. All other investors that desire to purchase or sell Shares must do so through NYSE Arca or in other markets, if any, in which the Shares are traded.

Shareholders may incur significant fees upon the termination of the Trust.

The liability of the Sponsor and the Trustee under the Depositary Trust Agreement is limited and, except as set forth in the Depositary Trust Agreement, they are not obligated to prosecute any action, suit or other proceeding in respect of any Trust property.

The Depositary Trust Agreement provides that neither the Sponsor nor the Trustee assumes any obligation or is subject to any liability under the Trust Agreement to any Shareholder, except that they each agree to perform their respective obligations specifically set forth in the Depositary Trust Agreement without negligence or bad faith. Additionally, neither the Sponsor nor the Trustee is obligated to, although each may in its respective discretion, prosecute any action, suit or other proceeding in respect of any Trust property. The Depositary Trust Agreement does not confer upon Shareholders the right to prosecute any such action, suit or other proceeding.

7

The Depositary Trust Agreement may be amended to the detriment of Shareholders without their consent.

The Sponsor and the Trustee may amend most provisions (other than those addressing core economic rights) of the Depositary Trust Agreement without the consent of any Shareholder. Such an amendment could impose or increase fees or charges borne by the Shareholders. Any amendment that increases fees or charges (other than taxes and other governmental charges, registration fees or other expenses), or that otherwise prejudices any substantial existing rights of Shareholders, will not become effective until 30 days after written notice is given to Shareholders.

The License Agreement with The Bank of New York may be terminated by The Bank of New York in the event of a material breach. Termination of the License Agreement might lead to early termination and liquidation of the Trust.

The Bank of New York (BNY) and an affiliate of the Sponsor have entered into a License Agreement granting the Sponsor's affiliate a license to certain patent applications made by BNY covering systems and methods for securitizing a commodity. The Sponsor's affiliate has sublicensed the license to the Sponsor. The license is limited to a non-exclusive grant for the life of BNY's patents and patent applications. The License Agreement provides that each of the parties may provide notice of intent to terminate the License Agreement in the event the other party commits a material breach. If the License Agreement is terminated and one or more of BNY's patent applications issue as patents, then BNY may claim that the operation of the Trust violates its patent or patents and seek an injunction forcing the Trust to cease operation and the Shares to cease trading. In that case, the Trust might be forced to terminate and liquidate, which would adversely affect Shareholders.

Item 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**MOVEMENTS IN THE PRICE OF THE SWEDISH KRONA**

The investment objective of the Trust is for the Shares to reflect the price of the Swedish Krona plus accrued interest, less the expenses of the Trust's operations. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding Swedish Kronor. Each outstanding Share represents a proportional interest in the Swedish Kronor held by the Trust. The following chart provides recent trends on the price of the Swedish Krona. The chart illustrates movements in the price of the Swedish Krona in USD and is based on the Noon Buying Rate as determined by the Federal Reserve Bank of New York.

Historical values of the Noon Buying Rate can be obtained at <http://www.ny.frb.org/markets/fxrates/noon.cfm>.

NAV PER SHARE; VALUATION OF THE SWEDISH KRONA

The following chart illustrates the movement in the price of the Shares based on NAV per Share and the bid and ask midpoint offered on the NYSE (prior to October 30, 2007) and NYSE Arca (on or after October 30, 2007) as of the Noon Buying Rate versus the corresponding Swedish Kronor (expressed as a multiple of 1,000 Swedish Krona = Noon Buying Rate x 1,000):

LIQUIDITY

The Sponsor is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to the Trust's liquidity needs. The Trust's Depository, JPMorgan Chase, London Branch, maintains two deposit accounts for the Trust, a primary deposit account that earns interest and a secondary deposit account that does not earn interest. Interest on the primary deposit account accrues daily and is paid monthly. The interest rate paid as of October 31, 2007 was an annual nominal rate of 3.53%. The following chart provides the daily rate paid by the Depository since the Shares began trading on June 26, 2006:

In exchange for a fee, the Trust's Sponsor bears most of the expense incurred by the Trust. As a result, the only ordinary expense of the Trust during the period covered by this report was the Sponsor's fee. Each month the Depository deposits into the secondary deposit account accrued but unpaid interest and the Trustee withdraws Swedish Kronor from the secondary deposit account to pay the accrued Sponsor's fee for the previous month plus other Trust expenses, if any. When the interest deposited exceeds the sum of the Sponsor's fee for the prior month plus other Trust expenses, if any, the Trustee converts the excess into USD at a prevailing market rate and distributes the USD as promptly as practicable to Shareholders on a pro rata basis (in accordance with the number of Shares that they own). Distributions paid during the current reporting period follow (annualized yield reflects the estimated annual yield an investor would receive if a monthly distribution stayed the same for the entire year going forward, and is calculated by annualizing the monthly distribution and dividing by the Trust NAV for the dates listed below):

FXS Distribution History

Date	Value	NAV	Yield	Annualized Yield
10/1/2007	\$0.36218	\$155.12	0.23%	2.84%
9/4/2007	\$0.32386	\$145.08	0.22%	2.63%
8/1/2007	\$0.33664	\$147.92	0.23%	2.68%

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Sponsor's management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period covered by this report.

Edgar Filing: CURRENCYSHARES SWEDISH KRONA TRUST - Form 424B3

In addition to the description below, please refer to Note 2 to the consolidated financial statements for further discussion of our accounting policies.

The Trustee calculates the Trust's NAV each business day. For NAV calculation purposes, Swedish Krona Deposits (cash) are translated at the Noon Buying Rate as determined and published by the Federal Reserve Bank of New York as of 12:00 PM (New York time) on each day that NYSE Arca is open for regular trading. If, on a particular evaluation day, the Noon Buying Rate has not been determined and announced by 2:00 PM (New York time), then the most recent Noon Buying Rate is used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for such valuation.

The functional currency of the Trust is the Swedish Krona in accordance with Financial Accounting Standard 52, Foreign Currency Translation

RESULTS OF OPERATIONS

The Trust was formed on June 8, 2006 and the Shares commenced trading on the NYSE on June 26, 2006. The primary listing of the Shares was transferred to NYSE Arca on October 30, 2007. As of October 31, 2006 the number of Swedish Kronor owned by the Trust was 150,000,000 resulting in redeemable capital share value of \$20,830,641. During the fiscal year ended October 31, 2007 an additional 100,000 Shares were created in exchange for 100,000,000 Swedish Kronor. As of October 31, 2007 the number of Swedish Kronor owned by the Trust was 250,000,000 resulting in redeemable capital share value of \$39,404,528.

Report of Independent Registered Public Accounting Firm

To the Shareholders of CurrencySharesSM Swedish Krona Trust:

In our opinion, the accompanying statements of financial condition and the related statements of income and comprehensive income, of changes in shareholders' equity and of cash flows present fairly, in all material respects, the financial position of CurrencySharesSM Swedish Krona Trust (the Trust) at October 31, 2007 and October 31, 2006, and the results of its operations, its changes in shareholders' equity and its cash flows for the year ended October 31, 2007 and for the period June 8, 2006 (commencement of operations) through October 31, 2006 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.
