Magal Security Systems Ltd. Announces Third Quarter and Nine Months Financial Results

Monday November 1, 6:51 am ET

Operating Income Increases 49% and Net Income Increases 32% Compared With the Third Quarter of 2003

YAHUD, Israel, November 1 /PRNewswire-FirstCall/ -- Magal Security Systems Ltd. (Nasdaq NM:MAGS; TASE:MAGS) today announced its consolidated financial results for the third quarter and nine-month period ended September 30, 2004.

Revenues for the third quarter of 2004 reached US\$15.3 million, a slight decrease of 0.4 percent compared with the third quarter of 2003 and an increase of 5 percent over the second quarter of 2004.

Gross profit for the third quarter of 2004 reached US\$6.8 million (44.7 percent of revenues), an increase of 7 percent over the third quarter of 2003 and an increase of 5 percent compared with second quarter of 2004.

Operating income in the third quarter of 2004 reached US\$1.2 million compared with operating income of US\$796,000 for the third quarter of 2003. Second quarter operating loss was US\$345,000, which included US\$1.2 million of award expenses paid to all of the Company's employees by the Company's two principal shareholders out of their personal funds. According to the generally accepted accounting principles in the United States, such grant was recorded in Magal's second quarter statement of income as an expense, although it did not effect the Company's shareholders' equity nor its statement of cash- flows. Excluding the grant, operating income for the second quarter would have been US\$855,000, representing a third quarter sequential growth of 39 percent.

Net income in the third quarter of 2004 reached US\$663,000, compared with net income of US\$503,000, for the third quarter of 2003 and a net loss of US\$739,000 in the second quarter of 2004. Excluding the above-mentioned award paid to employees, net income in the second quarter was US\$461,000, representing a third quarter sequential growth of 44 percent.

Diluted earnings per share for the third quarter was US\$0.08, compared with diluted earnings per share of US\$0.06 in the same period last year.

Revenues for the first nine months of 2004 reached US\$44 million, an increase of 6 percent compared with the same period in 2003.

Operating and net income for the first nine months of 2004, excluding the above-mentioned US\$1.2 million award expenses granted to employees by the Company's two principal shareholders out of their personal funds, reached US\$3.3 million and US\$1.8 million, respectively, similar to the figures achieved in the first nine months of 2003.

Edgar Filing: MAGAL SECURITY SYSTEMS LTD - Form 6-K

As a result of the award expense, operating income and net income for the nine-month period, reached US\$2.1 million and US\$611,000, respectively, a decrease of 36 percent and 67 percent, respectively, compared with the first nine months of 2003.

Diluted earnings per share for the nine-month period, including the award expenses, was US\$0.07, compared with US\$0.22 in the same period of last year.

Commenting on the results, Mr. Jacob Even-Ezra, Chairman of Magal, said: "We are pleased with our revenue growth in the first nine months of 2004 compared to the same period of 2003. The growth in the rest of our business more than compensated for the delays caused by the Israeli Ministry of Defense in the Seam Line project in Israel during 2004. In particular, we are especially pleased this year with the contribution from new project wins, as well as our beginning to record revenue from our new products. The Seam Line project had significantly contributed to our 2003 revenues and management estimates that Magal will receive more orders for this project in the year 2005."

The Company will be hosting its quarterly conference call at 11:00am EST today. Mr. Jacob Even-Ezra, Chairman of the Board & CEO, and Ms. Raya Asher, V.P. Finance & CFO, will review and discuss the third quarter 2004 results. They will then be available to answer questions.
