COMPUTER ASSOCIATES STATEMENT  
ON NEW WYLY PROXY CHALLENGE

ISLANDIA, N.Y., June 27, 2002 - Computer Associates International, Inc. (CA) today issued the following statement in response to Sam Wyly's decision to mount another proxy challenge against CA.

"We don't believe that Mr. Wyly's decision to mount a distracting and costly proxy challenge is in the best interests of the company or its shareholders.

"The fact is that CA is delivering on the commitments made last year and most observers agree CA's business model is working well and delivering sustainable competitive advantage. Customer satisfaction is increasing and CA is ahead of its financial goals. Furthermore, we have continued to strengthen our corporate governance, most recently by adding the former chief accountant for the SEC and one of the country's foremost corporate governance experts to our board. In addition, our board has adopted state-of-the art corporate governance principles designed to ensure the strongest possible board oversight and alignment with shareholder interests.

"We will be filing our proxy statement in due course and will oppose any of Mr. Wyly's nominees. While this is an unwanted distraction, we intend to remain focused on our customer service initiatives and on building value for shareholders."

CA noted that its largest shareholder, in an April 25 letter to Mr. Wyly, reaffirmed his support for CA, its management and recent initiatives to improve corporate governance and customer service.
