## PART I

### ITEM 1. DESCRIPTION OF BUSINESS

#### General

AmREIT is a Texas real estate investment trust ("REIT") that has elected to be taxed as a REIT for federal income tax purposes. AmREIT is a self-managed, self-advised REIT with, along with its predecessor, a 19-year history and a record of investing in quality income producing retail real estate. AmREIT's class A common shares are traded on the American Stock Exchange under the symbol "AMY". AmREIT directly owns over \$100 million in assets, up 37% from 2002, and manages an additional \$30 million through affiliated retail partnerships. As of December 31, 2003, AmREIT owned 51 properties located in 18 states.

AmREIT's initial predecessor, American Asset Advisers Trust, Inc., was formed as a Maryland corporation in 1993. Following the merger of our external adviser into the Company in June 1998, we changed our name to AmREIT, Inc., which was a Maryland corporation. In December 2002, we reorganized as a real estate investment trust.

As of December 31, 2003, AmREIT had 23 full time employees, 3 full time dedicated brokers and 4 independent trust managers.

#### Operating Strategy

Our business organization consists of a portfolio of high-end single and multi-tenant retail centers, a full service real estate operating and development subsidiary, an NASD registered broker-dealer subsidiary, and a retail partnership business. This unique combination provides AmREIT the opportunity to access capital through both Wall Street and the independent financial planning marketplace for flexibility and dependable growth. We finance our growth and working capital needs with a combination of equity offerings and a conservative debt philosophy. Currently, the Company is raising capital through its class C common share offering, being offered exclusively through the independent financial planning community. As of December 31, 2003, the Company had raised approximately \$14 million through its class C offering. Through its by-laws, the Company's debt is limited to 55% recourse debt as compared to its gross assets. As of December 31, 2003, the Company's debt to asset ratio was approximately 51%.

Our operating strategy and investment criteria discussed herein are reviewed by our Board of Trust Managers on a regular basis and may be modified or changed without a vote of our shareholders.

## Edgar Filing: AMREIT - Form 10KSB

### Portfolio

We focus on acquiring "irreplaceable corners" - premier retail frontage properties in high-traffic, highly populated areas - which create dependable income and long-lasting value. These premium properties provide high leasing income and high occupancy rates for a strong income stream. As of December 31, 2003, the occupancy rate was 92.4%. Our properties attract a wide array of established commercial tenants, and offer attractive opportunities for dependable monthly income and potential capital appreciation. These properties are typically located in high traffic areas within a three-mile radius of a population of 100,000 with an average household income of \$70 thousand or more. On average, more than 30,000 cars per day pass by these properties. In addition, management believes that the location and design of its properties provide flexibility in use and tenant selection and an increased likelihood of advantageous re-lease terms.

3

Our revenues are substantially generated by corporate retail tenants such as Starbucks, Landry's, CVS Pharmacy, International House of Pancakes ("IHOP"), Eckerd, Nextel, Washington Mutual, TGI Friday's, and others. We own, and may purchase in the future, fee simple retail properties (we own the land and the building), ground lease properties (we own the land, but not the building and receive rental income from the owner of the building) or leasehold estate properties (we own the building, but not the land, and therefore are obligated to make a ground lease payment to the owner of the land). AmREIT may also develop properties for its portfolio or enter into joint ventures, partnerships or co-ownership for the development of retail properties.

AmREIT owns a real estate portfolio consisting of 51 properties located in 18 states at December 31, 2003. Our multi-tenant shopping center properties are primarily located throughout Texas and are leased to national, regional and local tenants. Our single tenant properties are located throughout the United States and are generally leased to corporate tenants where the lease is the direct obligation of the parent company, not just the local operator, and in most other cases, our leases are guaranteed by the parent company. In so doing, the dependability of the lease payments is based on the strength and viability of the entire company, not just the leased location. Properties that we acquire are generally newly constructed or recently constructed at the time of acquisition.

As of December 31, 2003, no single property accounted for more than 10% of the Company's total assets. As of December 31, 2003, IHOP accounted for 21.7% of the Company's total revenue and no other tenant accounted for more than 10% of the Company's rental and property income.

According to its fourth quarter 2003 earnings release announced on February 26, 2004, IHOP was founded in July 1958 and operates over 1,100 restaurants in three countries and forty-five states. IHOP is a family restaurant, serving breakfast, lunch and dinner. IHOP is a New York Stock Exchange, publicly-held company with a current market capitalization over \$817 million. For the twelve months ended December 31, 2003, comparable store sales increased by 4.8% compared to 2002, and net income decreased 10% compared to 2002. The decrease in net income is due to a \$9.1 million reorganization charge to earnings. Excluding this charge to earnings, IHOP's net income increased 3.9% compared to 2002.

Real Estate Operating and Development Company AmREIT's real estate operating and development subsidiary AmREIT Realty Investment Corporation ("ARIC") is a fully integrated group of brokers and real estate professionals that provide

## Edgar Filing: AMREIT - Form 10KSB

brokerage, leasing, construction management, development and property management services to our tenants as well as third parties. This operating subsidiary, which is a taxable REIT subsidiary, compliments our portfolio of retail properties by providing a high level of service to our tenants, as well as maintaining our portfolio of properties to meet our standards.

Having an internal real estate group also helps secure strong tenant relationships for both us and our retail partnerships. Our growing roster of leases with well-known national and regional tenants includes IHOP, Washington Mutual, Starbucks, TGI Friday's, CVS Pharmacy, and others. Equally important, we have affiliations with these parent company tenants that extend across multiple sites.

Not only does our real estate operating and development company create value through relationships, but it also provides an additional source of fee income and profits. Through the development, construction, management, leasing and brokerage services provided to our affiliated actively managed retail partnerships, as well as for third parties, our real estate team continues to generate fees and profits for us. Through ARIC, we are able to generate additional profits through the selective acquisitions and dispositions of properties within a short time period (twelve to eighteen months). These assets are listed as real estate assets acquired for sale on our consolidated balance sheet, and at December 31, 2003, represented approximately \$4.4 million.

4

### Securities Company

The part of our business structure and operating strategy that really separates us from other publicly traded REITs is AmREIT Securities Company (ASC), a wholly owned subsidiary of ARIC. Through ASC, we are able to raise capital through the National Association of Securities Dealers (NASD) independent financial planning community. Traditionally, we have raised capital in two ways: first for our actively managed retail partnerships, and second, directly for AmREIT through non-traded classes of common shares.

During 2003, ASC raised approximately \$15 million for AmREIT Monthly Income & Growth Fund, Ltd., an affiliated retail partnership sponsored by a subsidiary of AmREIT. Additionally, ASC raised approximately \$14 million directly for us through a class C common share offering. During 2004, through a combination of our actively managed retail partnerships, as well as direct equity for AmREIT, ASC projects to raise approximately \$60 million directly through the NASD independent financial planning community. Since capital is the lifeblood of any real estate company, having the unique opportunity to raise capital through both Wall Street and the independent financial planning community adds additional financial flexibility and dependability to our income stream.

### Retail Partnerships

AmREIT has retail partnership subsidiaries that sell limited partnership interests to retail investors, in which AmREIT indirectly invests through both the general partner and as a limited partner. We wanted to create a structure that aligns the interest of our shareholders with that of our unit holders. Through our subsidiary general partners of the retail partnerships value is created for AmREIT through managing money from the sponsored funds, and in return, receiving management fees and profit participation interests.

AmREIT's retail partnerships are structured so that an affiliate as the general partner, receives a significant profit only after the limited partners in the funds have received their targeted return, again, linking AmREIT's success to that of its unit holders.

## Edgar Filing: AMREIT - Form 10KSB

As of December 31, 2003, AmREIT directly managed, through its three actively managed and previously sponsored retail partnerships, a total of \$30 million in equity. These three partnerships will enter their liquidation phases in 2003/2004, 2009/2010, and 2010/2011, respectively. As these partnerships enter into liquidation, we will receive economic benefit from our profit participation, after certain preferred returns have been paid to the partnership's limited partners. In accordance with generally accepted accounting principles, any unrealized gains associated with this potential profit participation has not been reflected on our balance sheet or statement of operations.

### Financial Information

Additional financial information related to AmREIT is included in the Consolidated Financial Statements located on pages 28 through 49, included herein.

5

## ITEM 2. DESCRIPTION OF PROPERTY

### General

At December 31, 2003, we owned 51 properties. The properties are leased to 38 tenants in 18 different states. Reference is made to the Schedule III - Consolidated Real Estate Owned and Accumulated Depreciation filed with this Form 10-KSB for a listing of the properties and their respective costs.

We have been developing and acquiring multi-tenant shopping centers for over ten years in our retail partnership business. During that time, we believe we have developed the ability to recognize the high-end multi-tenant properties that can create long-term value, and with the downward pressure on single tenant cap rates, resulting in higher priced real estate, management anticipates strategically increasing its holdings of multi-tenant shopping centers.

Land - Our property sites, on which our leased buildings sit, range from approximately 34,000 to 125,000 square feet, depending upon building size and local demographic factors. Sites purchased by the Company are in high traffic corridors and have been reviewed for traffic and demographic pattern and history.

Buildings - The buildings are single and multi-tenant properties and are located at "main and main" locations throughout the United States. They are positioned for good exposure to traffic flow and are constructed from various combinations of stucco, steel, wood, brick and tile. Single tenant buildings range from approximately 2,000 to 20,000 square feet, and multi-tenant buildings are generally 15,000 square feet and greater. Buildings are suitable for possible conversion to various uses, although modifications may be required prior to use for other operations.

Leases - The primary term of the leases ranges from ten to twenty-five years. Generally, leases also provide for one to four five-year renewal options. The freestanding properties are primarily leased on a "triple-net" basis whereby the tenants are responsible for the property taxes, insurance and operating costs. Generally, the leases provide for either percentage rents based on sales in

## Edgar Filing: AMREIT - Form 10KSB

excess of certain amounts, periodic escalations in the annual rental rates or both.

### LOCATION OF PROPERTIES

AmREIT's focus is on property investments in Texas. Of our 51 properties, 22 are located in Texas, with 16 being located in the greater Houston metropolitan statistical area. Our portfolio of assets tends to be located in areas we know well, and where we can keep an eye on them. For that reason, we believe AmREIT delivers an extra degree of hands on management to our real estate investments. Because of our investments in the greater Houston area, and throughout Texas, the Houston and Texas economy have a significant impact on our business and on the viability of our properties. During 2003, Houston ranked nationally among the 10 most populous metro areas, ranked fourth in nominal employment growth and fifth in employment growth rate.

At December 31, 2003, we owned 51 properties leased to 38 tenants in 18 states (however, 20 states are shown in the below table due to income being received during the year from properties located in Wisconsin and Indiana). The rental income by states is as follows:

State	Rental Income
<hr style="border-top: 1px dashed black;"/>	
Texas	\$3,001,731
Louisiana	711,545
Tennessee	507,410
Missouri	498,910
Kansas	453,884
Arizona	409,817
Minnesota	267,586
Colorado	246,423
Georgia	202,322
Oregon	182,717
Virginia	170,804
Utah	160,068
Mississippi	155,514
New York	123,619
Indiana	112,156
California	110,099
Oklahoma	92,612
New Mexico	85,606
Wisconsin	50,022
Maryland	41,321
<hr style="border-top: 1px dashed black;"/>	
Total	\$7,584,166

## Edgar Filing: AMREIT - Form 10KSB

### Multi-Tenant Properties

As of December 31, 2003, AmREIT owned five multi-tenant properties, representing approximately 86,000 leaseable square feet. Our multi-tenant properties are primarily neighborhood and community strip centers, ranging from 16,000 to 20,000 square feet. None of the centers have internal common areas, but instead are designed for maximum retail visibility and ease of access and parking for the consumer. These properties have a mix of national, regional and local tenants, leased in a manner to provide a complimentary array of services to support the local retail consumer. All of our strip centers are located in the greater Houston area, and are typically located at an intersection guided by a traffic light, with high visibility, significant daily traffic counts, and in close proximity to neighborhoods and communities with household incomes above those of the national average.

All of our multi-tenant leases provide for the monthly payment of base rent plus operating expenses. This monthly operating expense payment is based an estimate of the tenant's pro rata share of property taxes, insurance, utilities, maintenance and other common area maintenance charges. Annually these operating expenses are reconciled with any overage being reimbursed to the tenants, with any underpayment being billed to the tenant.

Our multi-tenant leases range from five to ten years and generally include one or more five-year renewal options. Annual rental income from these leases ranges from \$24 thousand to \$310 thousand per year.

In December 2003, as part of the Uptown Plaza purchase, we purchased a 16,000 square foot strip center anchored by Grotto, a Landry's Restaurant (NYSE:LNY) concept. This "irreplaceable corner" is located at the intersection of Westheimer and Loop 610 in the Houston, Texas Galleria area. The property was built in 2002 and is 70% occupied.

In December 2003, we purchased The Terrace Shops, a 16,395 square foot strip center anchored by Starbucks (Nasdaq:SBUX). This "irreplaceable corner" is located at the intersection of Buffalo Speedway and Westpark in Houston, Texas, the gateway to the prestigious West University residential community, Rice University and the Texas Medical Center. The property was built in 2002 and is 93% occupied.

7

### Single Tenant Properties

As of December 31, 2003, AmREIT owned 46 single tenant properties, representing approximately 322,000 leaseable square feet. Our single tenant leases typically provide that the tenant bears responsibility for substantially all property costs and expenses associated with ongoing maintenance and operation of the property such as utilities, property taxes and insurance. Some of the leases require that we will be responsible for roof and structural repairs. In these instances, we normally require warranties and/or guarantees from the related vendors, suppliers and/or contractors to mitigate the potential costs of repairs during the primary term of the lease.

Because our leases are entered into with or guaranteed by the corporate, parent tenant, they typically do not limit the Company's recourse against the tenant and any guarantor in the event of a default, and for this reason are designated by us to be "Credit Tenant Leases", because they are supported by the assets of the entire company, not just the individual store location.

## Edgar Filing: AMREIT - Form 10KSB

The primary term of the leases ranges from ten to twenty-five years. All of the leases also provide for one to four five-year renewal options. Annual rental income ranges from \$59 thousand to \$547 thousand per year.

In May 2003, we acquired four IHOP restaurants located in Bridgeton, Missouri, Grand Prairie, Texas (part of the Dallas Metropolitan Statistical Area), Wilwaukee, Wisconsin and Merrillville, Indiana, each representing approximately 4,020 leaseable square feet and each are 100% occupied. The Wisconsin and Indiana locations were both sold for a significant profit during 2003.

In September 2003, we acquired a TGI Friday's restaurant located in Hanover, Maryland. The property is approximately 6,800 square feet and is 100% occupied.

In December 2003, as part of the Uptown Plaza purchase, we purchased a CVS Pharmacy at the corner of Westheimer and Loop 610, located in the Houston, Texas Galleria area. The property is approximately 12,000 leaseable square feet and is 100% occupied.

### Land To be Developed

As part of our investment objectives, we will invest in land to be developed on "irreplaceable corners" across Texas. A typical investment in land to be developed will result in a six to twelve month holding period, followed by the execution of a ground lease with a national or regional retail tenant, or the development of a single tenant property or multi-tenant strip center. As of December 31, 2003, AmREIT held three sites to be developed.

Westheimer and Yorktown is an approximately one acre pad site located at the intersection of Westheimer and Yorktown in the Galleria area of Houston, Texas. The property was purchased in January of 2003. Subsequent to the purchase, AmREIT entered into a long-term ground lease with Eckerd for the entire site. Rental income under the ground lease is scheduled to commence on January 15, 2004. AmREIT also provided the construction management and development for the Eckerd building.

San Felipe and Winrock is an approximately two acre pad site located at the intersection of San Felipe and Winrock in the prestigious Tanglewood residential community in Houston, Texas. The property was purchased in November 2003. Subsequent to the purchase, AmREIT entered into a long-term lease with a national bank for approximately one acre, off the corner intersection. Rental income under the ground lease is scheduled to commence in November 2004. AmREIT is holding the remaining one acre and is in discussion with a number of national tenants.

8

I-45 and West Road is a .75 acre pad site located at the intersection of Interstate 45 and West Road in Houston, Texas. AmREIT, as a 50% joint venture partner, purchased the land and subsequently entered into a long-term ground lease with YUM Brands (NYSE:YUM), which will construct a restaurant under one of their many franchisee concepts. Rental income under the ground lease is scheduled to commence during the third quarter 2004.

### ITEM 3. LEGAL PROCEEDINGS

The Company does not have any material legal proceedings pending.

### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

## Edgar Filing: AMREIT - Form 10KSB

No matters were submitted to shareholders during the fourth quarter of the fiscal year.

9

### PART II

#### ITEM 5. MARKET FOR COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND SMALL BUSINESS ISSUER PURCHASE OF EQUITY SECURITIES

As of March 6, 2004, there were approximately 794 holders of record for 2,979,125 of the Company's class A common shares outstanding on such date, net of 133,822 shares held in treasury. AmREIT's class A common shares are listed on the American Stock Exchange ("AMEX") and traded under the symbol "AMY." The following table sets forth for the calendar periods indicated high and low sale prices per class A common share as reported on the AMEX and the dividends paid per share for the corresponding period since the commencement of trading on July 23, 2002.

Calendar Period	High	Low
2003		
First Quarter.....	\$6.80	\$6.05
Second Quarter.....	\$6.80	\$6.10
Third Quarter .....	\$6.56	\$6.15
Fourth Quarter.....	\$6.68	\$6.30
2002		
Third Quarter (July 23 through September 30).....	\$7.50	\$6.20
Fourth Quarter.....	\$6.55	\$6.15

The payment of any future dividends by AmREIT is dependent upon applicable legal and contractual restrictions, including the provisions of the class B and class C common shares, as well as its earnings and financial needs.

As of March 6, 2004, there were approximately 1,108 holders of record for 2,350,271 of the Company's class B common shares. The class B common shares are not listed on an exchange and there is currently no available trading market for the class B common shares. The class B common shares have voting rights, together with the class A and C, as one class of stock. They receive a fixed 8.0% cumulative and preferred dividend, and are convertible into the class A common shares on a one-for-one basis at any time, at the holder's option.

As of March 6, 2004, there were approximately 865 holders of record for 2,316,744 of the Company's class C common shares. The class C common shares are not listed on an exchange and there is currently no available trading market for the class C common shares. The class C common shares have voting rights, together with the class A and B, as one class of stock. The class C common shares receive a fixed 7.0% preferred annual dividend, paid in monthly

## Edgar Filing: AMREIT - Form 10KSB

installments, and are convertible into the class A common shares after a 7-year lock out period based on 110% of invested capital, at the holder's option.

For the year, the Company repurchased, primarily through open market transactions, a total of 92,700 class A common shares at an average price of \$6.50 per share. These shares were repurchased through the share repurchase program authorized by the board of trust managers.

10

### ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### Forward-Looking Statements

Certain information presented in this Form 10-KSB constitutes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Although the Company believes that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, the Company's actual results could differ materially from those set forth in the forward-looking statements. Certain factors that might cause such a difference include the following: changes in general economic conditions, changes in real estate market conditions, continued availability of proceeds from the Company's debt or equity capital, the ability of the Company to locate suitable tenants for its properties and the ability of tenants to make payments under their respective leases.

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto and the comparative summary of selected financial data appearing elsewhere in this report. Historical results and trends which might appear should not be taken as indicative of future operations.

#### Executive Overview

AmREIT (AMEX:AMY) is a rapidly growing, self-managed and self-advised REIT with a 19-year history of delivering results to its investors. Its business model consists of a portfolio of retail properties, including "irreplaceable corners", single tenant properties and multi-tenant properties, a full service real estate operating and development business, an NASD-registered broker dealer securities business and a retail partnership business - a unique combination that provides AmREIT the opportunity to access multiple sources of capital and generate fees and profits from multiple sources, resulting in added financial flexibility and the opportunity for dependable growth and income.

AmREIT's goal is to deliver increasing, dependable, monthly income for its shareholders. In so doing, AmREIT strives to increase and maximize Funds from Operations by issuing long term capital through both the NASD independent financial planning marketplace as well as through Wall Street, and investing the capital in accretive real estate properties, acquired or developed, on irreplaceable corners. Additionally, we strive to maintain a conservative balance sheet. To that regard, we strive to maintain a debt to total asset ratio of less than 55%. As of December 31, 2003, our debt to total asset ratio was 51%.

At December 31, 2003, AmREIT owned a portfolio of 51 properties located in 18 states, subject to long term leases with retail tenants, either directly or through its interests in joint ventures or partnerships. Forty six of the properties are single tenant properties, and represented approximately 75% of the annual rental income as of December 31, 2003. Five of the properties are

## Edgar Filing: AMREIT - Form 10KSB

multi-tenant and represented approximately 25% of the annual rental income as of December 31, 2003. In assessing the performance of the Company's properties, management evaluates the occupancy of the Company's portfolio. Occupancy for the total portfolio was 92.4% as of December 31, 2003. Additionally, the Company anticipates that the majority of its rental income will consist of rental income generated from multi-tenant shopping centers by the end of 2004. We have been developing and acquiring multi-tenant shopping centers for over ten years in our retail partnership business. During that time, we believe we have developed the ability to recognize the high-end multi-tenant properties that can create long-term value, and with the downward pressure on single tenant cap rates, resulting in higher priced real estate, management anticipates strategically increasing its holdings of multi-tenant shopping centers. Management intends to increase total assets from \$101 million as of December 31, 2003 to approximately \$200 million at the end of 2004. Through its class C common share offering, the Company raised approximately \$14 million in capital in 2003, which along with debt financing, financed \$27 million in property acquisitions and developments in 2003.

11

Management intends to fund future acquisitions and development projects through a combination of equity offerings and debt financing. During 2004, the Company anticipates raising approximately \$60 million of equity from various sources including Wall Street and the independent financial planning community. We have already raised an additional \$14 million through our class C common share offering to date in 2004.

Management expects that single tenant, credit leased properties, will continue to experience cap rate pressure during 2004 due to the low interest rate environment and increased buyer demand. Therefore, as it has been, our continued strategy will be to divest of properties which are no longer meet our core criteria, and replace them with multi-tenant projects or the development of single tenant properties located on irreplaceable corners. With respect to additional growth opportunities, we currently have over \$50 million of projects in our pipeline at various stages of evaluation. Each potential acquisition is subjected to a rigorous due diligence process that includes site inspections, financial underwriting, credit analysis and market and demographic studies. Therefore, there can be no assurance that any or all of these projects will ultimately be purchased by AmREIT. Management anticipates, and has budgeted for, an increase in interest rates during 2004. As of December 31, 2003, approximately 47% of our outstanding debt had a long term fixed interest rate with an average term of seven years. Our philosophy continues to be matching long term leases with long term debt structures while keeping our debt to total assets ratio less than 55%.

### Summary of Critical Accounting Policies

The results of operations and financial condition of the Company, as reflected in the accompanying financial statements and related footnotes, are subject to management's evaluation and interpretation of business conditions, retailer performance, changing capital market conditions and other factors, which could affect the ongoing viability of the Company's tenants. Management believes the most critical accounting policies in this regard are the accounting for lease revenues (including the straight line rent), the regular evaluation of whether the value of a real estate asset has been impaired and the allowance for doubtful accounts. We evaluate our assumptions and estimates on an on-going basis. We base our estimates on historical experience and on various other

## Edgar Filing: AMREIT - Form 10KSB

assumptions that we believe to be reasonable based on the circumstances.

**Rental Income Recognition** - In accordance with accounting principles generally accepted in the United States of America, the Company accounts for rental income under the straight line method, whereby we record rental income based on the average of the total rent obligation due under the primary term of the lease. The Company prepares a straight line rent schedule for each lease entered into. Certain leases contain a provision for percentage rent. Percentage rent is recorded in the period when the Company can reasonably calculate the amount of percentage rent owed, if any. Generally, the Company records percentage rent in the period in which the percentage rent payment is made, and can thereby be calculated and verified.

**Real Estate Valuation** - Real estate assets are stated at cost less accumulated depreciation, which, in the opinion of management, is not in excess of the individual property's estimated undiscounted future cash flows, including estimated proceeds from disposition. Depreciation is computed using the straight-line method, generally over estimated useful lives of 39 years for buildings and over the primary term of the lease for tenant improvements. Major replacements that extend the life of the property, or enhance the value of the property are capitalized and the replaced asset and corresponding accumulated depreciation are removed. All other maintenance items are charged to expense as incurred.

Upon the acquisition of real estate projects, the Company assesses the fair value of the acquired assets (including land, building, acquired, out-of-market and in-place leases, as if vacant property value and tenant relationships) and acquired liabilities, and allocates the purchase price based on these assessments. The Company assesses fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a

12

number of factors including the historical operating results, known trends, and specific market and economic conditions that may affect the property. Factors considered by management in our analysis of determining the as if vacant property value include an estimate of carrying costs during the expected lease-up periods considering current market conditions, and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods, up to 12 months depending on the property location, tenant demand and other economic conditions. Management also estimates costs to execute similar leases including leasing commissions, tenant improvements, legal and other related expenses.

Costs incurred in the development of new operating properties, including preacquisition costs directly identifiable with the specific project, development and construction costs, interest and real estate taxes are capitalized into the basis of the project. The capitalization of such costs ceases when the property, or any completed portion, becomes available for occupancy.

AmREIT's properties are reviewed for impairment if events or changes in circumstances indicate that the carrying amount of the property may not be recoverable. In such an event, a comparison is made of the current and projected operating cash flows of each such property on an undiscounted basis, plus the

## Edgar Filing: AMREIT - Form 10KSB

residual value of the property upon disposition, to the carrying value of such property. The carrying value would then be adjusted, if needed, to estimate the fair value to reflect an impairment in the value of the asset. As of December 31, 2003, no impairment was identified for any of the Company's properties.

VALUATION OF RECEIVABLES - An allowance for the uncollectible portion of accrued rents, property receivables and accounts receivable is determined based upon an analysis of balances outstanding, historical payment history, tenant credit worthiness, additional guarantees and other economic trends. Balances outstanding include base rents, tenant reimbursements and receivables attributed to the accrual of straight line rents. Additionally, estimates of the expected recovery of pre-petition and post-petition claims with respect TO tenants in bankruptcy is considered in assessing the collectibility of the related receivables. At December 31, 2003, the Company wrote off a receivable of approximately \$150 thousand related to the Wherehouse bankruptcy. The Company maintains a receivable related to Wherehouse of approximately \$126 thousand based on discussions with Wherehouse, Blockbuster Entertainment Corporation, the guarantor of the lease, and legal proceedings involving Wherehouse and Blockbuster Entertainment Corporation.

### Liquidity and Capital Resources

Cash flow from operating activities and financing activities have been the principal sources of capital to fund the Company's ongoing operations and dividends. As AmREIT deploys the capital raised, and expected to be raised from its equity offerings, into income producing real estate, we anticipate that cash flow from operations will provide adequate resources for future ongoing operations and dividends. AmREIT's cash on hand, internally-generated cash flow, borrowings under our existing credit facilities, issuance of equity securities, as well as the placement of secured debt and other equity alternatives, will provide the necessary capital to maintain and operate our properties as well as execute and achieve our growth strategies. Cash flows from operating activities as reported in the Consolidated Statements of Cash Flows decreased from \$3.73 million in 2002 to \$1.24 million in 2003. During 2003, AmREIT invested approximately \$7.81 million in retail real estate acquired for resale. This consisted of four single tenant properties located in Texas, Missouri, Indiana, and Wisconsin. As of December 31, 2003, AmREIT had sold two of these properties, located in Indiana and Wisconsin, resulting in net proceeds from the sale of \$6.18 million and a gain on sale of real estate held for resale of \$787 thousand.

Cash flows used in investing activities has been primarily related to the acquisition or development of retail properties. During 2003, AmREIT acquired

or developed \$34.5 million in retail projects, which were funded through a combination of the \$12.2 million of capital (net of \$1.8 million in issuance costs) raised through the class C common share offering, the net sales proceeds of properties divested during the year, and debt financing. This investment consisted of two single tenant projects, two multi-tenant projects, and three land acquisitions, of which six are located in Texas, and one is located in Maryland. The single tenant projects are 100% occupied and generating rental income. The multi-tenant projects are 70% and 93% occupied respectively and generating rental income. One of the land acquisitions is substantially complete and rental income commenced in January 2004. The other two land acquisitions are under development, and are anticipated to generate rental income during the

## Edgar Filing: AMREIT - Form 10KSB

fourth quarter 2004. These acquisitions were funded with proceeds from the Company's class C common share offering and through the existing revolving credit facility. The Company also sold two non-core, underperforming properties, an Office Max in Dover, Delaware and a Goodyear Tire Store in Houston, Texas.

Additionally, as part of its investment strategy, AmREIT constantly evaluates its property portfolio, systematically selling off any non-core or underperforming assets, and replacing them with "irreplaceable corners" and other core assets. During 2003, AmREIT divested of an Office Max property located in Dover, Delaware and a Goodyear Tire Store located in Houston, Texas. The properties generated net sales proceeds of \$3.5 million, resulting in a profit on disposition of approximately \$312 thousand. During 2004, the Company anticipates continuing this strategy of divesting of its non-core properties, which are estimated to generate between \$10 and \$15 million in sales proceeds. Cash flows used in investing activities as reported in the Consolidated Statements of Cash Flows increased from \$15.27 million in 2002 to \$22.03 million in 2003.

In addition, capitalized expenditures for improvements and additions to our existing properties were approximately \$535 thousand, which were funded through excess cash flow and through the Company's revolving credit facility.

Cash flows provided by financing activities increased from \$13.82 million in 2002 to \$20.32 million in 2003. Cash flows provided by financing activities were primarily generated from our existing revolving credit facility, secured property level mortgage financing or through our class C common share offering. Through its class C common share offering, the Company is averaging new capital raised of between \$2 and \$4 million per month. One advantage of raising capital through the independent financial planning marketplace is that the capital is received on a monthly basis, allowing for a scaleable matching of real estate projects. Our first priority is to deploy the capital raised, and then to moderately leverage the capital, while maintaining our philosophy of a conservative balance sheet.

AmREIT has a \$30 million unsecured revolving credit facility. The facility will mature on September 4, 2004. The facility bears interest at a rate of LIBOR plus a range of 1.40 to 2.35, depending on the Company's debt to asset ratio. The Credit Facility contains covenants which, among other restrictions, require the Company to maintain a minimum net worth, a maximum leverage ratio, specified interest coverage and fixed charge coverage ratios and allow the lender to approve all distributions. Furthermore, the Credit Facility contains concentration covenants and limitations, limiting property level net operating income for any one tenant to no more than 15% (35% for IHOP) of total property net operating income. At December 31, 2003, IHOP net operating income represented 34.7% of total property net operating income. Management estimates that as of March 31, 2004, IHOP net operating income will represent approximately 32% of total property net operating income. As of December 31, 2003, the spread over LIBOR was 2.00. At December 31, 2003, approximately \$22.80 million was outstanding under the credit facility. In addition to the credit facility, AmREIT utilizes various permanent mortgage financing and other debt instruments. During the year ended December 31, 2003, approximately \$39.02 million was borrowed under the credit facility and other mortgage debt instruments for the acquisition of properties, tenant improvements and capital expenditures as well as working capital. Additionally, approximately \$24.12 million was paid down on the credit facility and other mortgage debt instruments through out the year, primarily as a result of property sales and capital raised through the class C common share offering.

Edgar Filing: AMREIT - Form 10KSB

As of December 31, 2003, the Company had the following contractual obligations:

	2004	2005	2006	2007	2008	Therea
Unsecured debt:						
Revolving credit facility	\$22,792	\$ -	\$ -	\$ -	\$ -	\$
5.46% dissenter notes	-	-	-	-	-	7
Secured Debt	3,557	490	530	573	620	19,1
Total contractual obligation	\$26,349	\$ 490	\$ 530	\$ 573	\$ 620	\$19,9

In order to continue to expand and develop its portfolio of properties and other investments, the Company intends to finance future acquisitions and growth through the most advantageous sources of capital available at the time. Such capital sources may include proceeds from public or private offerings of the Company's debt or equity securities, secured or unsecured borrowings from banks or other lenders, acquisitions of the Company's affiliated entities or other unrelated companies, or the disposition of assets, as well as undistributed funds from operations.

In August 2003, the Company commenced the class C common share offering. This offering is being exclusively made through the NASD independent financial planning community. It is a \$44 million offering, of which \$4 million has been reserved for the dividend reinvestment plan. As of December 31, 2003, 1.4 million shares had been issued, resulting in approximately \$14 million in gross proceeds. The proceeds are being and will be used to finance the acquisition and development of retail real estate projects, pay down the revolving credit facility and provide working capital for the on going operation of the company and its properties.

During 2003, the Company paid dividends to its shareholders of \$3.19 million, compared with \$1.73 million in 2002. The class A and C shareholders receive monthly dividends and the class B shareholders receive quarterly dividends. All dividends are declared on a quarterly basis. The dividends by class follows (in thousands):

	Class A	Class B
2003		
Fourth Quarter	\$320	\$437

Edgar Filing: AMREIT - Form 10KSB

Third Quarter	\$308	\$443
Second Quarter	\$310	\$439
First Quarter	\$307	\$453
2002		
Fourth Quarter	\$277	\$456
Third Quarter	\$257	\$409
Second Quarter	\$170	N/A
First Quarter	\$162	N/A

On July 23, 2002, the Company completed a merger with three of its affiliated partnerships, which increased the Company's real estate assets by approximately \$24.3 million. Pursuant to the merger, the Company issued approximately 2.6 million class B common shares to the limited partners in the Affiliated Partnerships, of which, approximately 2.36 million were outstanding as of December 31, 2003. Approximately \$760 thousand in 8 year, interest only,

15

subordinated notes were issued to limited partners of the Affiliated Partnerships who dissented from the merger. The acquired properties are unencumbered, single tenant, free standing properties on lease to national and regional tenants, where the lease is the direct obligation of the parent company. A deferred merger expense resulted from the shares payable to H. Kerr Taylor, our President and Chief Executive Officer, as a result of the merger, which shares represented a portion of consideration payable to Mr. Taylor as a result of the sale of his advisory company to AmREIT in 1998. Mr. Taylor earned approximately 143 thousand shares during 2003 as a result of our class C common share offering, resulting in a non-cash charge to earnings of approximately \$915 thousand. As of December 31, 2003, these shares were not issued to Mr. Taylor and were accounted for as a liability in accounts payable. Mr. Taylor has the ability to earn an additional 241 thousand shares under the deferred consideration agreement.

Until properties are acquired by the Company, the Company's funds are held in short-term, highly liquid investments which the Company believes to have appropriate safety of principal. This investment strategy has allowed, and continues to allow, high liquidity to facilitate the Company's use of these funds to acquire properties at such time as properties suitable for acquisition are located. At December 31, 2003, the Company's cash and cash equivalents totaled \$2.03 million.

Inflation has had very little effect on income from operations. Management expects that increases in store sales volumes due to inflation as well as

## Edgar Filing: AMREIT - Form 10KSB

increases in the Consumer Price Index, may contribute to capital appreciation of the Company properties. These factors, however, also may have an adverse impact on the operating margins of the tenants of the properties.

16

### Results of Operations

Rental revenue and earned income from direct financing leases increased by 46%, or \$2.39 million, from \$ 5.19 million in 2002 to \$7.58 million in 2003. Of this increase, \$1.96 million is related to a full year of rental revenue and earned income recorded during 2003 from the properties acquired either directly or through the affiliated partnership merger in 2002, and \$565 thousand is related to acquisitions made during the year. This is somewhat offset by the loss of rental income of \$136 thousand due to property dispositions. Portfolio occupancy at December 31, 2003 was 92.4%, which is a slight decrease compared to 2002 occupancy of 95.2%. This decrease is mainly due to a vacancy at one of our Wherehouse Entertainment properties.

On January 21, 2003, Wherehouse Entertainment filed for a voluntary petition of relief under Chapter 11 of the federal bankruptcy code. AmREIT owns two Wherehouse Entertainment properties, one located in Independence, Missouri, and the other located in Wichita, Kansas. Through court proceedings, Wherehouse has affirmed the lease at the Missouri location, and have vacated the Kansas location.

Securities commission income increased by \$2.11 million, from \$847 thousand in 2002 to \$2.96 million in 2003. This increase in securities commission income is due to increased capital being raised through our broker dealer company, AmREIT Securities Company (ASC). As ASC raises capital for either AmREIT or its affiliated retail partnerships, ASC earns a securities commission of between 8% and 10.5% of the money raised. During 2003, AmREIT and its affiliated retail partnerships raised approximately \$28.4 million, as compared to approximately \$8.5 million during 2002. This increase in commission income is somewhat mitigated by a corresponding increase in commission expense paid to other third party broker dealer firms. Commission expense increased by \$1.63 million, from \$653 thousand in 2002 to \$2.29 million in 2003.

General and operating expense increased \$1.14 million, from \$2.80 million in 2002 to \$3.94 million in 2003. The increase in general and operating expense is primarily due to additional personnel and the associated salary and benefits costs related to these individuals. During the year, the Company added members to each of the operating teams, including one individual on the accounting and finance team, four on the real estate team (property management, legal, acquisitions and leasing) one in corporate communications, one on the securities team and two clerical and administrative support positions. By building our various teams, we have not only been able to grow revenue and Funds From Operations, but believe that we will be able to sustain and further enhance our growth. Compensation expense increased \$941 thousand for the year. In addition, property expense increased \$44 thousand and insurance expense increased \$47 thousand compared to 2002.

General and operating expense includes bad debt expense of \$97 thousand and property expenses of \$49 thousand, which are related to the Wherehouse Entertainment properties. Both of the Wherehouse Entertainment leases are guaranteed by Blockbuster Entertainment Corporation. We are in the process of trying to collect from Blockbuster and are involved in litigation regarding the

## Edgar Filing: AMREIT - Form 10KSB

guarantee. As a result, we are uncertain as to the likelihood or the timing of the collection from Blockbuster. Based on our negotiations with Wherehouse Entertainment and Blockbuster Entertainment Corporation, we expensed \$97 thousand of the rent that we are owed from the Wherehouse Entertainment properties, which results in a net balance of \$73 thousand that is accrued as rent income as of December 31, 2003. In addition, we expensed \$49 thousand of property expenses that we are owed from the Wherehouse properties, which results in a net balance of \$53 thousand that is accrued as a receivable as of December 31, 2003. Based on discussions with Blockbuster Entertainment Corporation and pending litigation with Blockbuster Entertainment Corporation, the net receivable remaining of approximately \$126 thousand is anticipated to be collected during 2004.

Deferred merger costs decreased by \$990 thousand, from \$1.90 million in 2002 to \$915 thousand in 2003. The deferred merger cost is related to deferred consideration payable to Mr. Taylor as a result of the acquisition of our

17

advisor, which was owned by Mr. Taylor in 1998. In connection with the acquisition, Mr. Taylor agreed to payment for this advisory company in the form of common shares, paid as the Company increases its outstanding equity. To date, Mr. Taylor has received approximately 659 thousand class A common shares, and is eligible to receive an additional 241 thousand shares as additional equity in the Company is raised by the Company.

Gain on real estate acquired for re-sale increased \$787 thousand, from \$0 in 2002. Gain on real estate acquired for resale is a result of selling two properties acquired during 2003 with the intent to resell after a short holding period. Through a taxable REIT subsidiary, AmREIT actively seeks properties where there is an opportunity to purchase undervalued assets, and after a short holding period and value creation, dispose of the asset and capture the value created.

### Funds From Operations

AmREIT considers FFO to be an appropriate measure of the operating performance of an equity REIT. The National Association of Real Estate Investment Trusts (NAREIT) defines funds from operations (FFO) as net income (loss) computed in accordance with generally accepted accounting principles (GAAP), excluding gains or losses from sales of property, plus real estate related depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. In addition, NAREIT recommends that extraordinary items not be considered in arriving at FFO. AmREIT calculates its FFO in accordance with this definition. Most industry analysts and equity REITs, including AmREIT, consider FFO to be an appropriate supplemental measure of operating performance because, by excluding gains or losses on dispositions and excluding depreciation, FFO is a helpful tool that can assist in the comparison of the operating performance of a company's real estate between periods, or as compared to different companies. There can be no assurance that FFO presented by AmREIT is comparable to similarly titled measures of other REITs. FFO should not be considered as an alternative to net income or other measurements under GAAP as an indicator of our operating performance or to cash flows from operating, investing or financing activities as a measure of liquidity.

Below is the calculation of FFO and the reconciliation to net income, which the Company believes is the most comparable GAAP financial measure to FFO, in

Edgar Filing: AMREIT - Form 10KSB

thousands:

	2003
	-----
	-----
Income (loss) - before discontinued operations	\$ 1,295
Income - from discontinued operations	703
Plus depreciation of real estate assets - from operations	829
Plus depreciation of real estate assets - from discontinued operations	30
Less (gain) loss on sale of real estate assets acquired for investment	(312)
Less class B & C distributions	(1,943)
	-----
Total Funds From Operations available to class A shareholders *	\$ 602
Cash dividends paid to class A shareholders	\$ 1,245
Dividends in excess of FFO *	\$ (643)

\* Based on the adherence to the NAREIT definition of FFO, we have not added back the \$915 thousand or \$1.9 million charge to earnings during 2003 and 2002,

18

respectively, resulting from shares issued to Mr. Taylor. Adding this \$915 thousand and \$1.90 million charge to earnings back to earnings would result in \$1.52 million and \$1.06 million adjusted funds from operations available to class A shareholders, respectively, and class A dividends paid less than adjusted FFO available to class A shareholders of \$272 thousand and \$192 thousand, respectively.

Cash flows from operating activities, investing activities, and financing activities are presented below in thousands:

	2003	2002
	-----	-----
	-----	-----
Operating activities	\$ 1,237	\$ 3,729
Investing activities	(22,031)	(15,268)
Financing activities	20,319	13,819

None.

ITEM 8a. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our Our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") management has evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) as of December 31, 2003. Based on that evaluation, the CEO and CFO concluded that our disclosure controls and procedures were effective as of December 31, 2003.

Changes in Internal Controls

There has been no change to our internal control over financial reporting during the quarter ended December 31, 2003 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

19

PART III

ITEM 9. DIRECTORS AND TRUST MANAGERS OF THE REGISTRANT

Information with respect to this Item is incorporated by reference from our Proxy Statement, which we intend to file on or before April 30, 2004 in connection with our Annual Meeting of Shareholders to be held on June 4, 2004.

ITEM 10. EXECUTIVE COMPENSATION

Information with respect to this Item is incorporated by reference from our Proxy Statement, which we intend to file on or before April 30, 2004 in connection with our Annual Meeting of Shareholders to be held on June 4, 2004.

ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND  
RELATED STOCKHOLDER MATTERS

Edgar Filing: AMREIT - Form 10KSB

We are authorized to grant stock options up to an aggregate of 394,254 shares of common stock outstanding at any time as incentive stock options (intended to qualify under Section 422 of the Code) or as options that are not intended to qualify as incentive stock options. All of our equity compensation plans were approved by security holders. Information regarding our equity compensation plans was as follows as December 31, 2003:

Plan Category	(a) Number of securities to be issued upon exercise of outstanding options	(b) Weighted average exercise price of outstanding options
Equity compensation plans approved by security holders.	-	-
Equity compensation plans not approved by security holders.	-	-

## INDEPENDENT AUDITORS' REPORT

To the Board of Trust Managers  
AmREIT:

We have audited the accompanying consolidated balance sheet of AmREIT and subsidiaries (the "Company") as of December 31, 2003, and the related consolidated statements of operations, shareholders' equity and cash flows for each of the years in the two-year period ended December 31, 2003. In connection with our audit of the consolidated financial statements, we have also audited the related financial statement schedule. These consolidated financial statements and the financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AmREIT and subsidiaries as of December 31, 2003, and the results of their operations and their cash flows for each of the years in the two-year period ended December 31, 2003 in conformity with accounting principles generally accepted in the

## Edgar Filing: AMREIT - Form 10KSB

United States of America. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

# Edgar Filing: AMREIT - Form 10KSB

## AMREIT AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2003 AND 2002

### 1. DESCRIPTION OF BUSINESS AND NATURE OF OPERATIONS

AmREIT is a Texas real estate investment trust ("REIT") that has elected to be taxed as a REIT for federal income tax purposes. AmREIT is a self-managed, self-advised REIT with, along with its predecessor, a 19-year history and a record of investing in quality income producing retail real estate. AmREIT's class A common shares are traded on the American Stock Exchange under the symbol "AMY". AmREIT's business structure consists of the publicly traded REIT and three synergistic businesses that support the Company's platform of growth: a real estate operation and development business, a securities business and a retail partnership business. This unique combination provides AmREIT the ability to access capital through both Wall Street and the independent financial planning marketplace and strategically invest that capital in high quality properties for flexibility and more dependable growth.

AmREIT's initial predecessor, American Asset Advisers Trust, Inc. was formed as a Maryland Corporation in 1993. Following the merger of our external adviser into the Company in June 1998, we changed our name to AmREIT, Inc., which was a Maryland corporation. In December 2002, we reorganized as a Texas real estate investment trust.

AmREIT owns a real estate portfolio that consists of 51 properties located in 18 states. Its properties include single tenant free standing credit tenant leased projects and multi-tenant frontage shopping center projects. Our focus is on irreplaceable corners: premier retail frontage properties in high-traffic, highly populated areas - which create dependable income and long-lasting value. The single tenant projects are located from coast to coast and are primarily leased to corporate tenants where the lease is the direct obligation of the parent companies. In so doing, the dependability of the lease payments are based on the strength and viability of the entire company, not just that location. The multi-tenant projects are situated primarily throughout Texas. Our portfolio includes tenants such as Starbucks, Landry's CVS Pharmacy, IHOP, Eckerd, Nextel, Washington Mutual, TGI Friday's and others.

On July 23, 2002, the Company completed a merger with three of its affiliated partnerships, AAA Net Realty Fund IX, Ltd., AAA Net Realty Fund X, Ltd., and AAA Net Realty Fund XI, Ltd. With the merger of the affiliated partnerships, AmREIT increased its real estate assets by approximately \$24.3 million and issued approximately 2.6 million Class B common shares to the limited partners in the affiliated partnerships. Approximately \$760 thousand in 8 year, interest only, subordinated notes were issued to limited partners of the affiliated partnerships who dissented against the merger. The acquired properties are unencumbered, single tenant, free standing properties on lease to national and regional tenants, where the lease is the direct obligation of the parent company. A deferred merger expense resulted from the shares payable to H. Kerr Taylor, our President and Chief Executive Officer, as a result of the merger, which shares represented a portion of consideration payable to Mr. Taylor as a result of the sale of his advisory company to AmREIT. Mr. Taylor earned approximately 143 thousand shares during 2003 as a result of our class C common share offering, resulting in a non-cash charge to earnings of approximately \$915 thousand. Mr. Taylor has the ability to earn an additional 241 thousand shares under the deferred consideration agreement, in the event the Company issues additional common shares prior to June 6, 2006, the expiration date of the agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF CONSOLIDATION

The consolidated financial statements include the accounts of AmREIT, and its wholly or majority owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

BASIS OF ACCOUNTING

The financial records of the Company are maintained on the accrual basis of accounting whereby revenues are recognized when earned and expenses are recorded when incurred.

CASH AND CASH EQUIVALENTS

For purposes of the consolidated statements of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents consist of demand deposits at commercial banks and money market funds.

PROPERTY

Property is leased to others, primarily on a net lease basis, whereby the operating expenses related to the properties, including property taxes, insurance and common area maintenance are the responsibility of the tenant. The leases are accounted for under the operating method or the direct financing method in accordance with generally accepted accounting principles. Under the operating lease method, the properties are recorded at cost. Rental income is recognized ratably over the life of the lease and depreciation is charged based upon the estimated useful life of the property. Under the direct financing lease method, properties are recorded at their net investment. Unearned income is deferred and amortized to income over the life of the lease so as to produce a constant periodic rate of return.

Expenditures related to the development of real estate are carried at cost which includes capitalized carrying charges, acquisition costs and development costs. Carrying charges, primarily interest and loan acquisition costs, and direct and indirect development costs related to buildings under construction are capitalized as part of construction in progress. The Company capitalizes acquisition costs once the acquisition of the property becomes probable. Prior to that time, the Company expenses these costs as acquisition expense.

Management reviews its properties for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets, including accrued rental income, may not be recoverable through operations. Management determines whether an impairment in value occurred by comparing the estimated future cash flows (undiscounted and without interest charges), including the residual value of the property, with the carrying value of the individual property. If impairment is indicated, a loss will be recorded for the amount by which the carrying value of the asset exceeds its fair value.

DEPRECIATION

Buildings are depreciated using the straight-line method over an estimated useful life of 39 years. Leasehold estate properties, where the Company owns

## Edgar Filing: AMREIT - Form 10KSB

the building and improvements but not the related ground, therefore there is no residual value beyond the lease, are amortized over the life of the lease.

F-9

### INVESTMENT IN NON-CONSOLIDATED AFFILIATES

AmREIT Opportunity Corporation, a wholly owned subsidiary of AmREIT, invested \$250 thousand as a limited partner and \$1 thousand as a general partner in AmREIT Opportunity Fund, Ltd. ("AOF"), the operations of which are accounted for using the equity method. The limited partners have the right to remove and replace the general partner by a vote of the limited partners owning two-thirds of the outstanding units. AmREIT currently owns a 10.5% limited partner interest in AOF. AOF was formed to develop, own, manage, and hold for investment and, or resell property and to make or invest in loans for the development or construction of property. Liquidation of AOF commenced in July of 2002.

AmREIT Income & Growth Corporation, a wholly owned subsidiary of AmREIT, invested \$200 thousand as a limited partner and \$1 thousand as a general partner in AmREIT Income & Growth Fund, Ltd. ("AIG"), the operations of which are accounted for using the equity method. The limited partners have the right to remove and replace the general partner by a vote of the limited partners owning a majority of the outstanding units. AmREIT currently owns an approximately 2.0% limited partner interest in AIG. AIG was formed to develop, own, manage, and hold for investment and, or resell property and to make or invest in loans for the development or construction of property.

AmREIT Monthly Income & Growth Corporation, a wholly owned subsidiary of AmREIT, invested \$200 thousand as a limited partner and \$1 thousand as a general partner in AmREIT Monthly Income & Growth Fund, Ltd. ("MIG"), the operations of which are accounted for using the equity method. The limited partners have the right to remove and replace the general partner by a vote of the limited partners owning a majority of the outstanding units. AmREIT currently owns an approximately 1.4% limited partner interest in AIG. AIG was formed to develop, own, manage, and hold for investment and, or resell property and to make or invest in loans for the development or construction of property.

AmREIT invested \$70 thousand as a limited partner in AmREIT CDP #27, LP ("CDP 27"), the operations of which are accounted for using the equity method. CDP 27 was formed to acquire commercial real property and to develop, operate, lease, manage, and or sell real property. CDP 27 purchased two IHOP properties in 2001 located in Memphis, Tennessee and Tupelo, Mississippi. The Memphis, Tennessee property was sold for a profit in the first quarter of 2002. The Tupelo, Mississippi property was sold for a profit in the first quarter of 2003. CDP 27 does not own any real property as of December 31, 2003.

AmREIT Realty Investment Corporation ("ARIC") invested \$122 thousand as a limited partner in AmREIT CDP SPE #33, Ltd. ("CDP 33"), the operations of which are accounted for using the equity method. CDP 33 was formed to acquire commercial real property and to develop, operate, lease, manage, and or sell real property. In December 2001, CDP 33 purchased three IHOP leasehold estate properties located in Houston, Texas, Orem, Utah, and Hagerstown, Maryland. The three properties were sold in the second quarter of 2003. CDP 33 does not own any real property as of December 31, 2003.

### LOAN ACQUISITION COSTS

Loan acquisitions costs are incurred in obtaining property financing and are

## Edgar Filing: AMREIT - Form 10KSB

amortized to interest expense on the effective interest method over the term of the debt agreements. Accumulated amortization related to loan acquisition costs as of December 31, 2003 totaled \$135 thousand.

F-10

### DEFERRED COMPENSATION

Our deferred compensation and long term incentive plan is designed to attract and retain the services of our trust managers and employees that we consider essential to our long-term growth and success. As such, it is designed to provide them with the opportunity to own shares, in the form of restricted shares, in AmREIT, and provide key employees the opportunity to participate in the success of our affiliated actively managed retail partnerships through the economic participation in our general partner companies. All long term compensation awards are designed to vest over a period of three to seven years, and promote retention of our quality team.

Deferred compensation includes share grants to employees and as a form of long term compensation. The share grants vest over a period of time of three to four years. Additionally, the Company assigns a portion, up to 45 percent, of the economic interest in certain of its retail limited partnerships to certain of its key employees. This economic interest is received, as if and when the Company receives economic benefit from its profit participation, after certain preferred returns have been paid to the partnership's limited partners. This assignment of economic interest generally vests over a period of five to seven years. This allows the Company to align the interest of its employees with the interest of our shareholders. The Company amortizes the market value, established at the date of grant, of the restricted shares ratably over the vesting period. Because the future profits and earnings from the retail limited partnerships can not be reasonably predicted or estimated, and any employee benefit is completely contingent upon the benefit received by the general partner of the retail limited partnerships, AmREIT recognizes expense associated with the assignment of economic interest in its retail limited partnerships as the Company recognizes the corresponding income from the associated retail limited partnerships.

AmREIT maintains a defined contribution 401K retirement plan for its employees. This plan is available for all employees, immediately upon employment. The plan allows for two open enrollment periods, June and December. The plan is administered by Benefit Systems, Inc. and allows for contributions to be either invested in an array of large, mid and small cap mutual funds managed by Hartford, or directly into class A common shares. Employee contributions invested in Company stock are limited to 50% of the employees contributions. The Company matches 50% of the employees contribution, up to a maximum employee contribution of 4%. None of the employer contribution is matched in Company stock. As of December 31, 2003 and 2002, there were 21 and 12 participants enrolled in the plan, with employer contributions of \$35 thousand and \$18 thousand, respectively.

### STOCK ISSUANCE COSTS

Issuance costs incurred in the raising of capital through the sale of common shares are treated as a reduction of shareholders' equity.

### REVENUE RECOGNITION

Properties are primarily leased on a net lease basis. Revenue is recognized on

## Edgar Filing: AMREIT - Form 10KSB

a straight-line basis over the terms of the individual leases. Service fees are recognized when earned.

### FEDERAL INCOME TAXES

AmREIT has elected to be taxed as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986, and is, therefore, not subject to Federal

F-11

income taxes to the extent of dividends paid, provided it meets all conditions specified by the Internal Revenue Code for retaining its REIT status, including the requirement that at least 90% of its real estate investment trust taxable income be distributed to shareholders.

ARIC, a wholly owned subsidiary of AmREIT, is treated as a taxable REIT subsidiary for Federal income tax purposes. Federal income taxes are accounted for under the asset and liability method. As such, ARIC and its consolidated subsidiaries have recorded a Federal income tax expense of in 2003 and 2002 of \$237 thousand and \$61 thousand, respectively, which represents the Federal income tax obligations on the consolidated taxable REIT subsidiary's taxable net income. Additionally, at December 31, 2003 a deferred tax liability of \$28 thousand is established to record the taxes on certain real estate assets of ARIC.

### EARNINGS PER SHARE

Basic earnings per share has been computed by dividing net income (loss) available to class A common shareholders by the weighted average number of class A common shares outstanding. Diluted earnings per share has been computed by dividing net income (as adjusted) by the weighted average number of common shares outstanding plus the weighted average number of dilutive potential common shares. Diluted earnings per share information is not applicable due to the anti-dilutive nature of the common class B and class C shares.

The following table presents information necessary to calculate basic and diluted earnings per share for the periods indicated:

BASIC AND DILUTED EARNINGS PER SHARE	For the Years Ended December	
	2003	2002
Weighted average class A common shares outstanding (in thousands)	2,792	2,470
Basic and diluted earnings/(loss) per share *	\$0.02 =====	\$ (0.62) =====
<b>EARNINGS FOR BASIC AND DILUTED COMPUTATION</b>		
Earnings (loss) to Class A common shareholders (in thousands) *	\$56 ===	\$ (1,524) =====

## Edgar Filing: AMREIT - Form 10KSB

\* The operating results for 2003 and 2002 include a charge taken to earnings of \$915 thousand and \$1.9 million, respectively, which was the market value of the class A common shares issued to H. Kerr Taylor, President & CEO, related to the sale of his advisory company to AmREIT in 1998. The charge was for the deferred merger cost due from this sale that was triggered by the issuance of additional common stock as part of the merger with AmREIT's affiliated partnerships during 2002, and the issuance of common C stock in 2003.

### USE OF ESTIMATES

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### FAIR VALUE OF FINANCIAL INSTRUMENTS

F-12

The Company's consolidated financial instruments consist primarily of cash, cash equivalents, accounts receivable and accounts and notes payable. The carrying value of cash, cash equivalents, accounts receivable and accounts payable are representative of their respective fair values due to the short-term maturity of these instruments. As of December 31, 2003, the Company's total debt obligations are \$48.5 million, of which \$25.9 million has variable rate terms and therefore, the fair value is representative of its carry value. Approximately \$22.6 million has fixed rate terms, of which approximately \$2.8 million was entered into during 2003 and \$17.2 million was entered into during 2002. Based on the dates that the debt obligations were entered into, the pricing of the 10-year treasury rate and the corresponding changes in the spreads over the 10-year treasury rate, the Company believes that the fair value of its fixed rate debt obligations is materially representative of its carry value.

### NEW ACCOUNTING STANDARDS

On January 1, 2002, the Company adopted SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS No. 144 addresses accounting and reporting for the impairment or disposal of a segment of a business. More specifically, this statement broadens the presentation of discontinued operations to include a component of an entity whose operations and cash flows can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the entity.

In 2003, we sold two properties that were previously held for investment, located in Delaware and Texas. Accordingly, the operating results and the gain on sale of the disposed properties have been reclassified and reported as discontinued operations on the Consolidated Statement of Operations.

In November 2002, the Financial Accounting Standards Board ("FASB") issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness to Others, an interpretation of FASB Statements No. 5, 57 and 107 and a rescission of FASB Interpretation No. 34". This Interpretation elaborates on the disclosures to be made by a guarantor in its interim and annual financial statements about its

## Edgar Filing: AMREIT - Form 10KSB

obligations under guarantees issued. The Interpretation also clarifies that a guarantor is required to recognize, at inception of a guarantee, a liability for the fair value of the obligation undertaken. The disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The initial recognition and measurement provisions of the Interpretation are applicable to guarantees issued or modified after December 31, 2002 and did not have a material effect on the Company's consolidated financial statements.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure, an amendment of FASB Statement No. 123". This Statement amends FASB Statement No. 123, Accounting for Stock-Based Compensation, to provide alternative methods of transition for a voluntary change to the fair value method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of Statement No. 123 to require prominent disclosures in both annual and interim financial statements. Certain of the disclosure modifications are required for fiscal years ending after December 15, 2002, however, the Company does not have stock based compensation that is applicable to SFAS No. 148 and therefore the adoption of SFAS 148 did not have a material impact on our consolidated financial position, results of operations, or cash flows.

In May 2003, the FASB issued Statement No. 150 ("SFAS 150") "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity". SFAS 150 requires certain financial instruments that have characteristics of both liabilities and equity to be classified as a liability on the balance sheet. Statement 150 was effective at the beginning of the first interim period beginning after June 15, 2003. Statement 150 will be effected by

F-13

reporting the cumulative effect of a change in accounting principle for contracts created before the issuance date and still existing at the beginning of that interim period. The adoption of Statement 150 did not have an impact on our consolidated financial position, results of operations, or cash flows.

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities, an interpretation of ARB No. 51". This Interpretation, as amended, requires a variable interest entity to be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. As amended, the interpretation requires disclosures about variable interest entities that a company is not required to consolidate, but in which it has a significant variable interest. The adoption of FIN 46 for small business filers is effective no later than December 31, 2004.

### REAL ESTATE HELD FOR SALE

Properties are classified as real estate held for sale if the properties were purchased with intent to hold the properties for less than a year or if the properties are listed for sale. At December 31, 2003, AmREIT owned three properties that are classified as real estate held for sale. The three properties have a combined carrying value of \$4.4 million. Two of the properties have separate notes payable, which have a one year term and a combined balance of \$3.11 million at December 31, 2003.

### DISCONTINUED OPERATIONS

## Edgar Filing: AMREIT - Form 10KSB

The operations of two properties that were sold during 2003 were reported as discontinued operations. The following is a summary of our discontinued operations (in thousands, except for per share data):

	2003	2002
Rental revenue	\$305	\$301
Other income	129	-
Depreciation and amortization	(30)	(55)
Property expenses	(13)	-
	\$391	\$246
Income from discontinued operations		
Basic income from discontinued operations per common share	\$0.25	\$0.08

### RECLASSIFICATION

Certain amounts in the 2002 consolidated financial statements have been reclassified to conform to the presentation used in the 2003 consolidated financial statements. Such reclassifications had no effect on net income (loss) or shareholders' equity as previously reported.

F-14

### 3. OPERATING LEASES

A summary of minimum future rentals to be received, exclusive of any renewals, under noncancellable operating leases in existence at December 31, 2003 is as follows (in thousands):

2004	5,689
2005	5,382
2006	5,299
2007	5,044
2008	3,967
2009-thereafter	25,016
	\$ 50,397
	=====

### 4. NET INVESTMENT IN DIRECT FINANCING LEASES

The Company's net investment in its direct financing leases at December 31, 2003 included (in thousands):

Minimum lease payments receivable	\$55,094
Unguaranteed residual value	3,378
Less: Unearned income	(36,426)
	\$ 22,046
	=====

A summary of minimum future rentals, exclusive of any renewals, under the noncancellable direct financing leases follows (in thousands):

2004	2,321

2008	2,540
2009 - thereafter	43,104
	-----
Total	\$55,093
	=====

### 5. INVESTMENT IN NON-CONSOLIDATED AFFILIATES

As of December 31, 2003, AmREIT, indirectly through wholly owned subsidiaries, owned interests in three limited partnerships, which are accounted for under the equity method since AmREIT exercises significant influence. Our interests in these limited partnerships range from 1.4% to 10.5%. These partnerships were formed to develop, own, manage, and hold for investment and resell property. During 2003, the Company owned interests in two additional limited partnerships that were liquidated after completion of their purpose. Combined condensed financial information of these ventures (at 100%) is summarized as follows:

F-15

	Combined Balance Sheet (in thousands)	December 31, 2003
Assets		
Property, net		\$10,682
Cash		4,667
Notes receivable		4,173

### 6. NOTES PAYABLE

In September 2003, the Company renewed an unsecured credit facility (the "Credit Facility"), which is being used to provide funds for the acquisition of properties and working capital. Under the Credit Facility, which has a term of one year, the Company may borrow up to \$30 million subject to the value of unencumbered assets. The Credit Facility contains covenants which, among other restrictions, require the Company to maintain a minimum net worth, a maximum leverage ratio, specified interest coverage and fixed charge coverage ratios and allow the lender to approve all distributions. Furthermore, the Credit Facility contains concentration covenants and limitations, limiting property level net operating income for any one tenant to no more than 15% (35% for IHOP) of total property net operating income. At December 31, 2003, IHOP net operating income represented 34.7% of total property net operating income. At December 31, 2003, the Company was in compliance with all financial covenants. The Credit Facility's annual interest rate varies, depending upon the Company's debt to asset ratio, from LIBOR plus a spread of 1.40% to LIBOR plus 2.35%. As of December 31, 2003, the interest rate was 3.19%, which was calculated as LIBOR plus 2.0%. As of December 31, 2003, \$22.8 million was outstanding under the Credit Facility. Thus, the Company has approximately \$7.2 million available under its line of credit, subject to lender approval of the use of the proceeds.

F-16

In March 1999, the Company entered into a ten-year mortgage note, amortized over 30 years, for \$1 million with \$958 thousand being outstanding at December 31, 2003. The interest rate is fixed at 8.375% with payments of principal and interest due monthly. The note matures April 1, 2009 and as of December 31, 2003 the Company is in compliance with all terms of the agreement. The note is collateralized by a first lien mortgage on property with an aggregate carrying value of \$1.16 million, net of \$129 thousand of accumulated depreciation.

In February 2001, the Company entered into a ten-year mortgage note, amortized over 20 years, for \$1.35 million with \$1.27 million being outstanding at December 31, 2003. The interest rate is fixed at 8.25% with payments of principal and interest due monthly. The note matures February 28, 2011 and as of December 31, 2003 the Company is in compliance with all terms of the agreement. The note is collateralized by a first lien mortgage on property, which is accounted for as a direct financing lease with a net investment in direct financing lease of \$1.01 million and land of \$741 thousand.

In October 2001, the Company entered into a ten-year mortgage note amortized over 30 years, for \$2.40 million with \$2.36 million being outstanding at December 31, 2003. The interest rate is fixed at 7.60% with payments of principal and interest due monthly. The note matures November 1, 2011 and as of December 31, 2003 the Company is in compliance with all terms of the agreement. The note is collateralized by a first lien mortgage on property with an aggregate carrying value of \$3.88 million, net of \$416 thousand of accumulated depreciation.

In April 2003, the Company entered into a note payable for \$1.73 million with \$1.73 million being outstanding at December 31, 2003. At December 31, 2003, the interest rate was 3.99%, which was calculated as LIBOR plus 2.8%. The note matures April 1, 2004 and as of December 31, 2003 the Company is in compliance with all terms of the agreement. The note is collateralized by a first lien

## Edgar Filing: AMREIT - Form 10KSB

mortgage on the property, which is accounted for as a direct financing lease with a net investment in direct financing lease of \$1.37 million and land of \$573 thousand. Subsequent to December 31, 2003, the property was sold, the note payable was paid in full, and an estimated profit of \$500 thousand was generated.

In May 2003, the Company entered into a note payable for \$1.65 million with \$1.38 million being outstanding at December 31, 2003. At December 31, 2003, the interest rate was 3.99%, which was calculated as LIBOR plus 2.8%. The note matures April 1, 2004 and as of December 31, 2003 the Company is in compliance with all terms of the agreement. The note is collateralized by a first lien mortgage on the property, which is accounted for as a direct financing lease with a net investment in direct financing lease of \$1.31 million and land of \$547 thousand. Management is working with the lender and anticipates extending the loan term for six months, or paying off the note payable prior to maturity.

In conjunction with a property acquisition completed during December 2003, we assumed \$2.81 million of non-recourse debt secured by the related property. The interest rate is fixed at 7.58% with payments of principal and interest due monthly. The note matures May 11, 2012 and as of December 31, 2003 the Company is in compliance with all terms of the agreement. The note is collateralized by a first lien mortgage on property with an aggregate carrying value of \$4.75 million, net of \$3 thousand of accumulated depreciation.

Beginning in April 2002, AAA CTL Notes, Ltd., a majority owned subsidiary of AmREIT, began entering into non-recourse ten-year mortgages, amortized over 20 years, related to the purchase of seventeen IHOP properties. The balance of the loans at December 31, 2003 totaled \$14.43 million with fixed interest rates of 7.82% on 9 properties and 7.89% on eight properties. The maturity dates range from May 1, 2012 to September 1, 2012. The notes are collateralized by a first lien mortgage on the properties, which are accounted for as direct financing leases with a net investment in direct financing lease at December 31, 2003 of \$17.20 million. As of December 31, 2003 the Company is in compliance with all terms of the agreements. The non-recourse notes have cross-collateralization and default provisions with each other.

F-17

In July of 2002, the Company issued 13, 8 year subordinated, 5.47% interest-only notes with an aggregate principal amount of \$760 thousand, maturing July 2010. The notes, which are callable by the Company at par plus accrued interest, were issued to partners who dissented against the Company's merger with three affiliated public partnerships.

Aggregate annual maturity of the notes payable for each of the following five years ending December 31 are as follows:

(in thousands)	
2004	\$ 26,349
2005	490
2006	530
2007	573

### 7. MAJOR TENANTS

## Edgar Filing: AMREIT - Form 10KSB

The following schedule summarizes rental income by lessee for our top 15 tenants for 2003 and 2002 (in thousands):

	2003	2002
International House of Pancakes	\$ 2,731	\$ 1,784
Footstar, Inc.	740	735
Golden Corral(1)	430	167
Wherehouse Entertainment	386	381
Hollywood Entertainment Corp.	312	273
Texas Children's Pediatrics (2)	286	137
River Oaks Imaging	280	264
Comp USA (1)	268	123
OfficeMax, Inc.	256	509
TGI Friday's (1)	240	83
Baptist Memorial Hospital (1)	223	102
Dr. Pucillllo (1)	189	87
Mattress Giant, Inc.	179	168
Washington Mutual	159	158
Pier 1	135	62
Total	\$ 6,814	\$ 5,033

- (1) Properties were purchased from three affiliated partnerships in July 2002.
- (2) Texas Children's Pediatrics entered into a long-term lease with AmREIT, beginning in May 2002, at Copperfield Medical Plaza. The lease was entered into as a result of the negotiated lease buy out by AmREIT and One Care Health Industries, Inc.

F-18

### 8. FEDERAL INCOME TAXES

The differences between net income for financial reporting purposes and taxable income before distribution deductions relate primarily to temporary differences, merger costs and potential acquisition costs which are expensed for financial reporting purposes.

For income tax purposes, distributions paid to shareholders consist of ordinary income, capital gains and return of capital as follows (in thousands):

	2003	2002
Ordinary income	\$ 1,684	\$ -
Return of capital	1,014	1,730
Capital gain	490	-
	\$ 3,188	\$ 1,730

### 9. RELATED PARTY TRANSACTIONS

See Note 4 regarding investments in non-consolidated affiliates.

On July 23, 2002, the Company completed a merger with three of its affiliated partnerships, AAA Net Realty Fund IX, Ltd., AAA Net Realty Fund X, Ltd., and AAA Net Realty Fund XI, Ltd. AmREIT accounted for this merger as a purchase,

## Edgar Filing: AMREIT - Form 10KSB

whereby the assets of the partnerships have been recorded at fair market value. AmREIT increased its real estate assets by approximately \$24.3 million and issued approximately 2.6 million shares of Class B common stock to the limited partners in the affiliated partnerships as a result of the merger. Approximately \$760 thousand in 8 year, 5.47% interest only, subordinated notes were issued to limited partners of the affiliated partnerships who dissented to the merger. The acquired properties are unencumbered, single tenant, free standing properties on lease to national and regional tenants, where the lease is the direct obligation of the parent company. A deferred merger expense resulted from the shares payable to H. Kerr Taylor, our President and Chief Executive Officer, as a result of the merger, which shares represented a portion of the sale of consideration payable to Mr. Taylor as a result of the sale of his advisory company to AmREIT. Mr. Taylor earned approximately 143 thousand shares during 2003 as a result of our class C common share offering, resulting in a non-cash charge to earnings of approximately \$915 thousand. Mr. Taylor has the ability to earn an additional 241 thousand shares under the deferred consideration agreement.

The Company earns real estate fee income by providing property acquisition, leasing, property management and construction management services for eleven affiliated real estate limited partnerships that are under common management (the "Partnerships"). Mr. Taylor, the President and Chief Executive Officer of the Company owns between 45% and 100% of the stock of the companies that serve as the general partner for eight of the Partnerships. The Company owns 100% of the stock of the companies that serve as the general partner for three of the Partnerships. Real estate fee income of \$455 thousand and \$606 thousand were paid by the Partnerships to the Company for 2003 and 2002, respectively.

The Company earns asset management fees from the Partnerships for providing accounting related services, investor relations, facilitating the deployment of capital, and other services provided in conjunction with operating the Partnership. Asset management fees of \$240 thousand and \$252 thousand were paid by the Partnerships to the Company for 2003 and 2002, respectively.

F-19

As a sponsor of real estate investment opportunities to the NASD financial planning broker dealer community, the Company maintains an indirect 1% general partner interest in the investment funds that it sponsors. The funds are typically structured such that the limited partners receive 99% of the available cash flow until 100% of their original invested capital has been returned and a preferred return has been met. Once this has happened, then the general partner begins sharing in the available cash flow at various promoted levels. The Company also assigns a portion of this general partner interest in these investment funds to its employees as long term, contingent compensation. In so doing, the Company believes that it will align the interest of management with that of the shareholders, while at the same time allowing for a competitive compensation structure in order to attract and retain key management positions without increasing the overhead burden.

On March 20, 2002, the Company formed AAA CTL Notes, Ltd. ("AAA"), a majority owned subsidiary which is consolidated in the financial statements of AmREIT, through which the Company purchased fifteen IHOP leasehold estate properties and two IHOP fee simple properties.

Locke Liddell & Sapp, LLP acts as the Company's corporate attorneys. Bryan Goolsby is the managing director of Locke Liddell & Sapp LLP and is a member of the Company's board of trust managers.

## Edgar Filing: AMREIT - Form 10KSB

### 10. PROPERTY ACQUISITIONS AND DISPOSITIONS

During 2003, AmREIT invested \$34.5 million through the acquisition of 10 retail properties, which consisted of single tenant properties, multi-tenant properties and land to be developed.

AmREIT acquired five single tenant properties during the year. The Company purchased four IHOP properties, which are located in Wisconsin, Texas, Missouri and Indiana. Two of the IHOP properties, located in Wisconsin and Indiana, were sold for a profit during 2003. The Company also acquired a single-tenant property in Maryland that is ground leased to TGI Friday's.

The Company acquired two multi-tenant properties during 2003. Uptown Plaza is a 28,000 square foot retail complex located in Houston, Texas, including a free-standing CVS drugstore and a retail shopping center anchored by Grotto, a new concept of Landry's Restaurant, Inc. The Terrace Shops is a 16,395 square foot center located near the West University area of Houston, Texas at the prestigious corner of Buffalo Speedway and West Park. It is anchored by the national coffee chain Starbucks.

During 2003, we acquired three parcels of land to be developed, which are located in Houston, Texas. One of the sites, located in the Galleria area of Houston, has been ground leased to Eckerd. Another site is an infill development project in the prestigious Tanglewood area of Houston. AmREIT also acquired a one-acre parcel at the intersection of Interstate 45 and West Road. AmREIT sold four properties during 2003. The two IHOP properties were classified as held for resale since we intended to hold the properties for less than a year. The two properties were sold for a combined profit of \$787 thousand, which is recorded as a gain on sale of real estate held for resale. In addition, we sold two investment properties during 2003. We sold an Office Max, located in Delaware, and a Goodyear Tire, located in Houston, Texas. These two properties were sold for a combined profit of \$312 thousand, which is recorded as a gain on sale of real estate acquired for investment. Accordingly, the operating results and the gain on sale of these two properties have been reclassified and reported as discontinued operations on the Consolidated Statement of Operations.

F-20

The following selected unaudited pro forma consolidated statement of operations for AmREIT and subsidiaries gives effect to the acquisition of Uptown Plaza, which assumes that the acquisition occurred on January 1, 2003 and January 1, 2002, respectively. The pro forma statement also assumes that the merger with its three affiliated partnership occurred on January 1, 2002. Additionally, the Company has presented a summary of assets acquired and liabilities assumed as of the date of the Uptown Plaza acquisition, December 10, 2003.

11. COMMITMENT

The Company's lease agreement for its office facilities expired December 31,

## Edgar Filing: AMREIT - Form 10KSB

2003. The Company is currently on a month to month basis for its current office facilities, and is in negotiations to sign a lease for a new office space. Rental expense for the years ended December 31, 2003 and 2002 was \$92 thousand and \$77 thousand, respectively.

### 12. SEGMENT REPORTING

In 2003, the Company began evaluating and managing the operations in a more comprehensive manner, focusing on the specific aspects of the Company, and measuring their performance.

The operating segments presented are the segments of AmREIT for which separate financial information is available, and revenue and operating performance is evaluated regularly by senior management in deciding how to allocate resources and in assessing performance. The 2002 information has been reclassified into these segments to provide comparable information.

AmREIT evaluates the performance of its operating segments primarily on revenue. Because the real estate development and operating segment and securities and retail partnership segment are both revenue and fee intensive, management considers revenue the primary indicator in allocating resources and evaluating performance.

The portfolio segment consists of our portfolio of single and multi-tenant shopping center projects. This segment consists of 51 properties located in 18 states. Expenses for this segment include depreciation, interest, minority interest, legal cost directly related to the portfolio of properties and the property level expenses. The consolidated assets of AmREIT are substantially all in this segment.

Included in Corporate and Other are those costs and expenses related to general overhead and personnel that are not solely responsible for one of the reporting segments.

13. SUBSEQUENT EVENTS

On March 2, 2004, Footstar (the parent company of Just For Feet) filed for a voluntary petition of relief under Chapter 11 of the federal bankruptcy code. On March 3, 2004, the Footstar announced that they had negotiated and obtained approval to use a \$300 million debtor-in-possession financing facility in order to satisfy their current operating obligations during the reorganization period. AmREIT owns two Just For Feet properties, one located in Tucson, Arizona and another in Baton Rouge, Louisiana. Footstar has indicated that both locations are in the top 40 percent of the Just For Feet chain, and it has not been identified whether the leases will be affirmed or rejected. Annual rental income from both properties for the 2003 fiscal year is approximately \$740 thousand, or 5.6% of total 2003 revenue. AmREIT is working with Footstar in an effort to cooperate with their plan of reorganization, as well as working with local retailers, brokers and leasing agents on alternative options for the property. As of December 31, 2003 and as of the date of March 30, 2004 (unaudited) the Company does not have a material receivable due from Footstar.
