PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

May 23, 2013

The enclosed proxy is solicited by and on behalf of the Board of Directors of CONMED Corporation (the “Company”) for use at the Annual Meeting of Shareholders to be held on Thursday, May 23, 2013, at 3:30 p.m. (New York time), at the offices of the Company at 525 French Road, Utica, New York, and any adjournment thereof (“the Annual Meeting”). The matters to be considered and acted upon at the Annual Meeting are described in the foregoing notice of the meeting and this proxy statement. This proxy statement, the related form of proxy and the Company’s Annual Report to Shareholders are being mailed on or about April 10, 2013, to all shareholders of record on April 3, 2013. Shares of the Company’s common stock, par value \$.01 per share (“Common Stock”), represented in person or by proxy will be voted as described in this proxy statement or as otherwise specified by the shareholder. Any proxy given by a shareholder may be revoked by the shareholder at any time prior to the voting of the proxy by delivering a written notice to the Secretary of the Company, by executing and delivering a later-dated proxy or by attending the meeting and voting in person.

The persons named as proxies are Joseph J. Corasanti and Daniel S. Jonas, who are, respectively, the President and Chief Executive Officer, and the Executive Vice President, Legal Affairs & General Counsel of the Company. The cost of preparing, assembling and mailing the proxy, this proxy statement and other material enclosed, and all clerical and other expenses of solicitations, will be borne by the Company. In addition to the solicitation of proxies by use of the mail, directors, officers and employees of the Company and its subsidiaries may solicit proxies by telephone, telegram or personal interview. The Company also will request brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to the beneficial owners of Common Stock held of record by such parties and will reimburse such parties for their expenses in forwarding soliciting material.

Votes at the 2013 Annual Meeting will be tabulated by a representative of the Registrar and Transfer Company, which has been appointed by the Company’s Board of Directors to serve as inspector of election.

VOTING RIGHTS

The holders of record of the 27,856,208 shares of Common Stock outstanding on April 3, 2013 will be entitled to one vote for each share held on all matters coming before the meeting. The holders of record of a majority of the outstanding shares of Common Stock present in person or by proxy will constitute a quorum for the transaction of business at the meeting. Shareholders are not entitled to cumulative voting rights. Under the rules of the Securities and Exchange Commission, or the SEC, boxes and a designated blank space are provided on the proxy card for shareholders if they wish either to abstain on one or more of the proposals or to withhold authority to vote for one or more nominees for director. In accordance with New York State law, such abstentions are not counted in determining the votes cast at the meeting, although such votes may matter for purposes of the Company's majority voting provisions discussed below in the section describing Proposal One: Election of Directors on page 2. With respect to Proposal (1), the director nominees who receive the greatest number of votes at the meeting will be elected to the Board of Directors of the Company. Votes against, and votes withheld in respect of, a candidate have no legal effect. Proposal (2) requires the affirmative vote of the holders of a majority of the votes cast at the meeting in order to be approved by the shareholders. Proposal (3) requires the favorable vote of a majority of the votes cast at the meeting required for approval, on an advisory basis.

When properly executed, a proxy will be voted as specified by the shareholder. If no choice is specified by the shareholder, a proxy will be voted "for" all portions of items (1), (2) and (3) and in the proxies' discretion on any other matters coming before the meeting.

Under the rules of the New York Stock Exchange, Inc., which effectively govern the voting by any brokerage firm holding shares registered in its name or in the name of its nominee on behalf of a beneficial owner, Proposal (2) is considered a "discretionary" item upon which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions within ten days prior to the Annual Meeting. Proposals (1) and (3) are considered "non-discretionary" and brokers who received no instructions from their clients do not have discretion to vote on these items. The broker non-votes will be treated in the same manner as votes present.

PROPOSALS TO BE SUBMITTED AT THE ANNUAL MEETING

There are two proposals expected to be submitted for shareholder approval at the Annual Meeting and one proposal of an advisory nature. The first proposal concerns the election of directors. The second proposal concerns ratifying the appointment of PricewaterhouseCoopers LLP, as the Company's independent registered public accounting firm. The third proposal concerns the advisory vote on executive compensation. These proposals are more fully described below.

PROPOSAL ONE: ELECTION OF DIRECTORS

At the Annual Meeting, seven directors are to be elected to serve on the Company's Board of Directors. The shares represented by proxies will be voted as specified by the shareholder. If the shareholder does not specify his or her choice, the shares will be voted in favor of the election of the nominees listed on the proxy card, except that in the event any nominee should not continue to be available for election, such proxies will be voted for the election of such other persons as the Corporate Governance and Nominating Committee of the Board of Directors may recommend. The Company does not presently contemplate that any of the nominees will become unavailable for election for any reason. The director nominees who receive the greatest number of votes at the meeting will be elected to the Board of Directors of the Company, subject to the majority voting standard adopted by the Board of Directors and reflected in the Corporate Governance Principles, as described below. Votes against, and votes withheld in respect of, a candidate have no legal effect. Shareholders are not entitled to cumulative voting rights subject to the majority voting standard adopted by the Board of Directors and reflected in the Corporate Governance Principles, as described below.

Notwithstanding the plurality voting standard for election of directors, under Section IV of our Corporate Governance Principles, in an uncontested election, a director nominee who does not receive the vote of at least the majority of the votes cast with respect to such director's election or re-election is expected to tender his or her resignation to the Board of Directors. The Corporate Governance and Nominating Committee will recommend to the Board whether to accept or to reject the tendered resignation within 90 days after the certification of the election results. The Board will act on the resignation, taking into account the Corporate Governance and Nominating Committee's recommendation, and will publicly disclose the decision and the rationale behind it. If the Board does not accept the director nominee's resignation, the director will continue to serve until his or her successor is duly elected, or any earlier resignation, removal or separation. If the Board accepts the director nominee's resignation, then the Board may, in its sole discretion, fill any resulting vacancy or decrease the size of the Board pursuant to our Certificate of Incorporation, by-laws and applicable corporate law.

The Board of Directors presently consists of seven directors. Directors hold office for terms expiring at the next annual meeting of shareholders and until their successors are duly elected and qualified. Each of the nominees proposed for election at the Annual Meeting is presently a member of the Board of Directors and has been elected by the shareholders.

PROPOSAL TWO: INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The independent registered public accounting firm for the Company has been PricewaterhouseCoopers LLP since 1982. The Audit Committee appointed PricewaterhouseCoopers LLP to be nominated as our independent registered public accounting firm for 2013, subject to shareholder ratification.

Unless otherwise specified, shares represented by proxies will be voted for the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013. Neither our certificate of incorporation nor our by-laws require that the shareholders ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate governance. If the shareholders do not ratify the appointment, the Audit Committee will reconsider whether to retain PricewaterhouseCoopers LLP, but may elect to retain them. Even if the appointment is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of the Company and its shareholders.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting. Those representatives will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of votes cast at the meeting is necessary for the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the Company for 2013.

The Board of Directors unanimously recommends a vote for this proposal.

PROPOSAL THREE: ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with recently adopted Section 14A of the Securities Exchange Act of 1934, as amended, the Board requests your advisory vote on executive compensation.

The Compensation Discussion and Analysis (“CD&A”) beginning on page 14 describes the Company’s compensation philosophy and pay practices relative to the Named Executive Officers (“NEOs”). As described in the CD&A, compensation paid to the NEOs is heavily influenced by the Company’s financial performance, balancing the incentives to drive short-term and long-term goals. Further, the Compensation Committee and the Board of Directors

believe the Company's compensation policies, procedures and philosophy serve to attract, retain, and motivate the NEOs to achieve value for our shareholders.

The Board encourages shareholders to read the CD&A for a more complete description of the Company's executive compensation policies and practices, as well as the Summary Compensation Table and other related compensation tables and narratives. The Compensation Committee and the Board of Directors believe the Company's policies and procedures are effective in achieving our goals and that the compensation of our Named Executive Officers reported in this proxy statement reflects and supports these compensation policies and procedures.

Accordingly, we are asking shareholders to approve the following non-binding resolution:

RESOLVED, that the shareholders of the Company approve, on an advisory basis, the compensation of the Company's Named Executive Officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative disclosure in the Proxy Statement.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Compensation Committee and the Board of Directors will review the voting results when evaluating our executive compensation programs.

The Board of Directors unanimously recommends a vote FOR this advisory resolution.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES, LEADERSHIP STRUCTURE AND RISK OVERSIGHT

During 2012, the full Board of Directors met seven times in person or by telephone conference. Each director attended 100% of the total 2012 full board meetings.

The Board of Directors has a leadership structure with a Chairman, whose role is to set an agenda for meetings and to preside at the meetings of the full Board of Directors. The Board has also decided, for the time being, to spread the work of positions as chairs of the three (3) Board committees. The role of the Lead Independent Director is to preside

at meetings of the independent directors, and to be a spokesperson for the independent directors both to the Chairman and to the CEO, and, as appropriate, to shareholders and other stakeholders. The Board has opted to separate the roles of the Chairman and the CEO at this time, although the Board has not concluded that this is a fixed requirement, and the Board will reconsider this aspect of its leadership structure in the future when the Chairman decides to step down from his position.

The role of the Board of Directors with respect to oversight of risk is to review at least annually a risk management matrix maintained by management, with the CEO to inform the Board of any changes to the matrix during the course of the year, or to alert the Board to any significant risks or any risks requiring changes to the matrix during the course of the year as they arise.

Board Committees:

The Company's Board of Directors currently has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. Current members of the individual committees are named below:

The Audit Committee consists of three independent directors. As more fully detailed in its charter, the Audit Committee is charged with (a) oversight of the Company’s accounting and financial reporting principles, policies and internal accounting controls and procedures; (b) oversight of the Company’s financial statements and the independent audit thereof; (c) nominating the outside independent registered public accounting firm to be proposed for shareholder approval; (d) evaluating and, where deemed appropriate, replacing the independent registered public accounting firm; (e) pre-approving all services permitted by law to be performed by the independent registered public accounting firm; (f) approving all related-party transactions above \$5,000; and (g) establishing procedures for (i) the receipt, retention and treatment of complaints by the Company regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. The Audit Committee has delegated its authority to pre-approve work by the independent registered public accounting firm and related party transactions to the Chairman of the Audit Committee, who is required to disclose any such pre-approvals at the Audit Committee’s next meeting. The Audit Committee met eight times during 2012. All members of the Audit Committee attended every meeting. The current Audit Committee Charter is available in the corporate governance section of the Company’s web site at (<http://www.conmed.com>) by first clicking on “INVESTORS” and then “CORPORATE GOVERNANCE”. The charter is also available in print to any shareholder who requests it.

The Compensation Committee consists of three independent directors. As set forth in its charter, the Compensation Committee is charged with reviewing and establishing levels of salary, bonuses, benefits and other compensation for the Company’s officers. The Compensation Committee met five times during 2012. All members of the Compensation Committee attended every meeting. The Compensation Committee, and the full Board of Directors, has determined the Company’s compensation policies and practices are not reasonably likely to have a material adverse effect on the Company because the value of senior management’s short-term incentives are balanced by the value of longer-term incentives. Employees below the senior management level are provided annual incentives that are lower in relation to salary and therefore do not have an incentive that results in risk to the Company as a result of compensation practices or structure. The current Compensation Committee Charter is available in the corporate governance section of the Company’s web site at (<http://www.conmed.com>) by first clicking on “INVESTORS” and then “CORPORATE GOVERNANCE”. The charter is also available in print to any shareholder who requests it.

The Corporate Governance and Nominating Committee consists of three independent directors. As stated in its charter, the Corporate Governance and Nominating Committee is responsible for recommending individuals to the full Board of Directors for nominations as members of the Board of Directors, and for developing and recommending to the full Board of Directors a set of corporate governance principles. The Corporate Governance and Nominating Committee will consider, but is not obligated to accept, shareholder recommendations for individuals to be nominated provided that such recommendations are submitted in writing to the Company’s General Counsel within the time frame

for Shareholder Proposals for the Annual Meeting. With respect to diversity, the Corporate Governance and Nominating Committee, as well as the full Board, believes that diversity should be considered with respect to experience in managing companies both public and private, in financial matters, in experience with United States and international business, and in the medical field. The Corporate Governance and Nominating Committee met four times during 2012. All members of the Corporate Governance and Nominating Committee attended every meeting. The current Corporate Governance and Nominating Committee Charter and Corporate Governance Principles are available in the corporate governance section of the Company's web site at (<http://www.conmed.com>) by first clicking on "INVESTORS" and then "CORPORATE GOVERNANCE". The charter is also available in print to any shareholder who requests it.

AUDIT COMMITTEE REPORT

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are "independent", as required by the applicable listing standards of the NASDAQ Stock Market and the rules under the Securities and Exchange Act in that no member of the Audit Committee has received any payments, other than compensation for Board services, from the Company, and has not participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past four years. Although not currently engaged professionally in the practice of auditing or accounting, the Audit Committee and Board of Directors have determined that Messrs. Daniels and Tryniski and Ms. Golden qualify as "audit committee financial experts" within the meaning of Section 407 of the Sarbanes-Oxley Act of 2002 and the implementing regulations. The Audit Committee operates pursuant to a Charter that was last amended by the Board of Directors on February 26, 2013. A copy of the amended charter is available on the Company's web site.

Management is responsible for CONMED's internal controls, financial reporting process and compliance with laws and regulations. The independent registered public accounting firm is responsible for performing an integrated audit of CONMED's consolidated financial statements and of its internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB). The Audit Committee's responsibility is to monitor and oversee these processes, as well as to attend to the matters set forth in the amended charter.

In this context, the Audit Committee has met eight times during 2012 and held numerous discussions with management and with the independent registered public accounting firm, including executive meetings without management present. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards Nos. 61 (as amended, as adopted by the PCAOB in Rule 3200T), 89 and 90 (Communication with Audit Committees).

CONMED's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the PCAOB (Rule 3526, Communications with Audit Committees Concerning Independence) and the Audit Committee discussed with the independent registered public accounting firm their independence. In this regard, the Audit Committee has determined that the provision of non-audit services by the independent registered public accounting firm is compatible with the auditor's independence in light of the nature and extent of permissible non-audit services provided to the Company.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to

assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based upon the Audit Committee's review and discussions referred to above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee recommended that the Board of Directors include the Company's audited consolidated financial statements in CONMED's Annual Report on Form 10-K for the year ended December 31, 2012 filed with the Securities and Exchange Commission.

Bruce F. Daniels (Chair) Jo Ann Golden Mark E. Tryniski

CORPORATE GOVERNANCE AND NOMINATING COMMITTEE REPORT

The role of the Corporate Governance and Nominating Committee is to recommend individuals to the Board for nomination as members of the Board and its committees and to develop and recommend to the Board a set of corporate governance principles applicable to the Company. The Board of Directors, in its business judgment, has determined that all members of the Corporate Governance and Nominating Committee are “independent,” as required by applicable listing standards of the NASDAQ Stock Market, in that no member of the Corporate Governance and Nominating Committee has received any payments, other than compensation for Board services, from the Company. The Corporate Governance and Nominating Committee operates pursuant to a Charter that was last amended and restated by the Board of Directors on February 28, 2011. A copy of the amended and restated charter is available on the Company’s web site in the corporate governance tab of the investor relations section.

The Corporate Governance and Nominating Committee has no fixed process for identifying and evaluating potential candidates to be nominees. The Corporate Governance and Nominating Committee has in the past year retained the services of a third party to assist in the process of identifying, screening and evaluating candidates. At this stage, the consultant is assisting in identifying and screening candidates, with the Committee expecting to interview candidates before deciding to recommend a candidate for consideration to the full Board of Directors. The Corporate Governance and Nominating Committee has no fixed set of qualifications that must be satisfied before a candidate will be considered, although currently the focus of the search is to seek a director with medical device or health care industry experience. The Corporate Governance and Nominating Committee, however, has opted to retain the flexibility to consider such factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate’s experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board. In this regard, the Corporate Governance and Nominating Committee also looks for the skills and expertise required to satisfy the listing requirements of the exchange on which CONMED’s stock is traded.

The Committee may consider candidates proposed by management, but is not required to do so. As previously disclosed, the Corporate Governance and Nominating Committee will consider any nominees submitted to the Company by shareholders wishing to propose nominees for election as directors at the 2014 Annual Meeting, provided that the shareholders proposing any such nominees have adhered to specified advance notice procedures contained in the Company’s by-laws, a copy of which is available on request to the General Counsel of the Company, CONMED Corporation, 525 French Road, Utica, New York 13502 (Telephone (315) 797-8375).

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders who wish to communicate with the Board of Directors may do so by sending correspondence to the attention of the General Counsel of the Company at 525 French Road, Utica, New York 13502 with a cover letter explaining that the correspondence is intended for the Board of Directors. At this time, no communications received by the Company in this manner will be screened, although this could change without prior notice. In addition, questions may be posed to directors during the question and answer period at the Annual Meeting of Shareholders. As set forth in the Company's Corporate Governance Principles, the Company's policy is that directors will attend the Annual Meeting of Shareholders, absent exceptional circumstances. Historically, all directors have attended the Annual Meeting of Shareholders, and all were present at the 2012 Annual Meeting of Shareholders.

ETHICS DISCLOSURE

The Company has adopted, as of March 31, 2003, an ethics program which applies to all employees, including senior financial officers and the principal executive officer. The ethics program is available through the "Investors" section of the CONMED Corporation web site (<http://www.conmed.com>), and is administered by the Company's General Counsel. The Program codifies standards reasonably necessary to deter wrongdoing and to promote honest and ethical conduct, avoidance of conflicts of interest, full, fair, accurate, timely and understandable disclosure, compliance with laws, prompt internal reporting of code violations and accountability for adherence to the code and permits anonymous reporting by employees to an independent third party, which will alert the Chair of the Audit Committee of the Board of Directors if and when it receives any anonymous reports. No waivers under the Ethics Program have been granted.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's compensation programs are primarily designed to reward performance that appropriately balances achievement of both the Company's short and long-term goals. For the executives, performance is measured by improvement in earnings, sales and other financial metrics, as well as operating results and individual contributions to the Company's performance. The Company also considers the need to attract and retain executives with the requisite experience and qualifications to achieve our business goals. Executive employment, advancement and compensation are contingent on demonstrating high ethical standards and compliance with governmental and regulatory standards.

The Compensation Committee is responsible for and oversees all aspects of compensation for executive officers as well as certain other key employees. The Committee relies on the CEO to make recommendations on compensation levels for the executives. The Compensation Committee did not retain any compensation consultant in 2012 relative to compensation paid to the executive officers.

Each year the Compensation Committee reviews compensation for similar positions at other corporations within a designated peer group of companies that includes other public medical device companies. The purpose of the review is to ensure that the Company's overall compensation levels, and the components thereof, are appropriate in light of the nature of the medical device business and the talent for which we compete. There is no fixed formula or percentile of market-established compensation levels which the Company strives to meet. The complete list of the companies reviewed in 2012 was: Cooper Companies, Inc., Gen Probe, Inc., Greatbatch Inc., Haemonetics Corporation, IDEXX Laboratories, Inc., Integra Life Sciences Holdings Corporation, Masimo Corp., Orthofix International N.V., Resmed Inc., Sirona Dental Systems, Inc., Steris Corporation, West Pharmaceuticals, Inc., Wright Medical Group, Inc., and Zoll Medical Corp.. The Compensation Committee may revise the list of peer companies used for annual benchmarking purposes as appropriate for reasons including, but not limited to, changes in revenue, market capitalization, profitability, and in the medical device industry so that the peer companies include those companies with whom we compete for executive talent.

The Compensation Committee reviewed the voting results on the advisory resolution, commonly referred to as a "say-on-pay" resolution, when evaluating our executive compensation programs and noted 91% of the shares voted by shareholders at the 2012 Annual Shareholders meeting voted in favor of the compensation program.

Risk Assessment

The Compensation Committee has evaluated the Company's compensation programs to assess whether such programs as designed or administered would facilitate or encourage excessive risk-taking by employees. The Committee has concluded that the programs are not reasonably likely to have a material adverse affect on the Company in part due to

the following program elements: (i) limits provided on annual incentive and long-term performance awards, (ii) the potential opportunity derived from long-term incentive programs outweigh the benefit available under the annual incentive programs thereby creating a focus on sustained Company operational and financial performance, and (iii) the enhanced stock ownership guidelines impacting all executives.

2012 in Review

For summary purposes, key changes related to executive compensation programs in effect for 2012 include the following:

The decision by the Company to discontinue the reimbursement to the CEO for the tax liability created by the payment of premiums for his split-dollar life insurance policy went into effect January 1, 2012.

The policy change increasing the stock ownership guidelines for the CEO and CFO and expanding the guidelines to cover all other executives went into effect January 1, 2012. This policy is more fully described below under the section "Stock Ownership Guidelines and Hedging policies".

The adoption of the CONMED Corporation Executive Bonus Plan was approved by shareholders at the 2012 Annual Shareholders meeting. The Bonus Plan was submitted to shareholders for their approval so that payments of bonuses under the Bonus Plan may be tax-deductible as "qualified performance based compensation," as defined in Section 162(m) of the Internal Revenue Code, although the Company reserves the right to pay its employees, including participants in the Bonus Plan, amounts which may be or may not be deductible under Section 162(m) (or other provisions) of the Internal Revenue Code, as the Company's business needs may dictate.

Salary

A Named Executive Officer's (an "NEO") salary is initially established based upon an evaluation of the competitive salaries for similar positions in the market. Absent a promotion or some other unusual circumstance, salaries are reviewed once per year. In this process, the Compensation Committee considers the recommendation of the CEO in reviewing and approving the base salaries of the executive officers and certain senior employees (other than the CEO) at a meeting of the Compensation Committee in the April/May time frame, with the final decisions made by the Compensation Committee and Board of Directors following the annual shareholders' meeting in May.

In making his recommendation for the NEOs, other executive officers and certain senior employees, the CEO considers current compensation data derived from the proxies of the peer companies described above and, as appropriate, compensation data gathered from third-party surveys generally available to the Company. The CEO considers the individual's contribution to the Company's performance and exercises judgment and discretion when considering any additional factors that should appropriately affect the executive's salary. Such factors from time to time may include the complexity of the NEO's area of responsibility, individual achievements and the performance of his or her respective area of responsibility, expected future contributions, and internal pay equity. No specific formula is used to weigh or evaluate these factors, but rather the CEO considers such factors on the whole when making a base salary recommendation.

As to the process for reviewing the base salary for the CEO, the Committee considers the Company's performance, CEO's contribution and responsibilities, as well as the competitive information provided previously by Towers Watson in 2009 and the peer companies. No fixed formula or target percentile is established for setting the base salary.

In 2012, the Company increased the salaries of Mr. J. Corasanti, Mr. Shallish, Mr. Pomilio, Mr. Jonas and Mr. Darling in May by 3%, 3%, 3%, 5% and 3%, respectively. Mr. Jonas was given a slightly higher increase due to consideration given to market data collected in the general salary surveys regularly used by the Company.

Executive Bonus Plan

The Executive Bonus Plan is established in the first quarter of the year with the approval of the Compensation Committee and the Board of Directors at the meeting typically held in late February or early March.

2012 Executive Bonus Plan

As in the prior year, the target bonus percentage for NEOs in 2012 was 50% of base compensation with the first 20% of any bonus earned to be paid based on also achieving at least 85% of the budgeted 2013 EPS goal. If at least 85% of the 2013 goal is not achieved, or if the NEO is no longer employed by the Company when the Form 10-K for 2013 is filed, the 20% portion of the bonus held back from 2012 will be forfeited. The 2012 Executive Bonus Plan for the NEOs established primary and secondary performance goals. The primary performance goal was based on earnings per share of \$1.75, adjusted for unusual items including restructuring charges, changes in tax or accounting rules, or other nonrecurring events. This primary performance goal, which was the minimum threshold for any payment under the 2012 Executive Bonus Plan for NEOs, was consistent with the results of the Company's internal budget goals and the Company's guidance to investors. The maximum bonus potential for NEOs was 113% of base compensation if achievement of 120% (i.e., \$2.10 earnings per share) or more of the target EPS performance goal was achieved.

Secondary performance goals in the 2012 Executive Bonus Plan were based on net sales and operating cash flow. The net sales goal was \$780 million and operating cash flow goal was \$94 million. If the primary performance goal (non-GAAP EPS of \$1.75) had not been met, no consideration would have been given to performance under the secondary targets and no bonus would have been paid regardless of performance under these secondary performance goals. If the primary targets were achieved and the secondary targets were exceeded on a combined average, the average percentage achievement on the secondary targets serves to increase the bonus due under the primary goal by that same percentage.

In addition, as provided for in the 2011 Executive Bonus Plan, 20% of the incentive payout from 2011 had been held back to be paid in 2013 based on achieving at least 85% of the 2012 EPS target.

For 2012, the total bonus earned by the NEOs, after consideration of the primary and secondary performance goals, was 63%. This is based on the Company achieving earnings per share of \$1.80 or 103% of the 2012 primary performance goal. The primary performance goal was then multiplied by 106.7% based on achieving the secondary performance goals as follows: Net sales percentage achievement 98.4% and operating cash flow percentage achievement 115.1%.

Table of Contents

2013 Executive Bonus Plan

The 2013 Executive Bonus Plan remains the same as in 2012 with the following performance targets:

Primary: EPS \$1.80, adjusted for unusual items including restructuring charges, changes in tax or accounting rules, or other nonrecurring events

Secondary: Net Sales \$785 million
Operating Cash Flow \$105 million.

Recoupment Policy

In the interest of further aligning the interests of the NEOs with those of our shareholders, the Company's Recoupment Policy allows the Committee to require any participant or former participant in the Executive Bonus Plan or recipient of performance based equity awards in any of the prior three years to repay to the Corporation all or a portion of the amount received in connection with a fiscal year in which either (i) there was a recalculation of a financial or other performance metric related to the determination of a bonus award or performance-based equity award due to an error in the original calculation or (ii) there was a restatement of earnings for the Company due to material noncompliance with any financial reporting requirement under either GAAP or federal securities laws, other than as a result of changes to accounting policy, rules or regulation; and (iii) the restated earnings or corrected performance measurement would have (or likely would have) resulted in a smaller award than the amount actually received by the participant. A similar recoupment provision is extended to non-executives who participate in other Company incentive programs.

Discretionary Bonus

The Committee also has the discretion, upon the recommendation of the CEO, to review at year-end the Company's actual results, and may consider certain mitigating factors, such as one-time costs or other unique events not contemplated at the time the goals were established. The Committee in such circumstances may also consider the need to attract and retain executive talent. In such instances, a discretionary bonus may be awarded to adjust for these factors. No NEOs were awarded a discretionary bonus in 2012.

Equity Compensation

Equity compensation, in the form of stock options, Stock Appreciation Rights (“SARs”), Restricted Stock Units (“RSUs”), or Performance Share Units (“PSUs”), is awarded to align the interests of NEOs with those of shareholders, to encourage long-term retention, and to provide a counter-balance to the incentives offered by the Executive Bonus Plan which reward the achievement of comparatively short-term performance goals.

The Company’s equity compensation awards generally provide for no shorter than five year vesting periods. The exercise price on all outstanding options and SARs is equal to the quoted closing price of the stock on the date of grant. RSUs and PSUs are valued at the market value or closing price of the underlying stock on the date of grant. Stock options, SARs, RSUs, and PSUs are generally non-transferable other than on death and expire ten years from date of grant. The Company has a policy against cash buyouts of underwater options or SARs.

The Committee has historically taken a multi-tiered approach to equity compensation grants to NEOs whereby, the CEO received one level of annual grant of equity compensation, the remaining NEOs received equal grants which were at a lower level than the grant to the CEO. In 2010, 2011, and 2012, the Committee determined, as had been recommended by Towers Watson & Co. in 2009, that both the CEO’s and CFO’s equity compensation should reflect a larger percentage of the overall compensation so that the CEO and CFO have a greater incentive to focus on long-term growth and strategic positioning, as well as regulatory and ethics compliance. The Committee determines the amount of equity compensation for each NEO other than the CEO, based in part, on recommendations from the CEO in the April/May time frame, with all actual grants made at the Annual Meeting of Shareholders to be effective on June 1st or the closest business day to this date for ease of administration. While there is no fixed formula for equity compensation grants, the Committee seeks to establish an appropriate balance between cash and non-cash compensation, short and long term incentives, at-risk compensation and the form of equity compensation. The Committee generally prefers consistent annual RSU and SAR grants to the NEOs but will alter such amounts to rebalance or alter the components of compensation to the extent it is deemed appropriate, as done with the grants awarded to the CFO in 2010, 2011, and 2012.

Table of Contents

The June 1, 2012 equity grants to the CEO and CFO were 25,000 RSUs and 62,500 SARs, and 6,000 RSUs and 14,000 SARs, respectively. All other NEOs were awarded equity grants of 4,000 RSUs and 10,000 SARs, consistent with prior year grants and resulted in a compensation balance which the Committee considered appropriate.

Stock Ownership Guidelines and Hedging Policies

The Company's stock ownership guidelines are designed to encourage share ownership so that our executives have a direct stake in the Company's future and to directly align their interests with those long-term interests of the shareholder. As of January 1, 2012, the ownership guidelines cover all NEOs. The guidelines are as follows:

NEO	Ownership guideline
President & CEO	4x salary
CFO	3x salary
All other NEOs	1x salary

The following share types are included under these guidelines: shares directly owned, shares jointly owned, estimated net after tax shares of unvested RSUs, and shares held in saving plan accounts. Share ownership guidelines for officers reaching the age of 62 are reduced by 50%. Executives are required to be in compliance with these guidelines within five (5) years of becoming subject to this policy. These ownership guidelines also contain a holding period for equity-based awards until such time as the minimum share ownership is achieved. A complete copy of these guidelines is available on the Company's website in the investor relations section.

The Company also requires that its officers and directors not hold any derivatives other than those issued by the Company. The intention of this policy is to align the interests of senior management with those of the holders of the Company's common stock.

All NEOs were in compliance with the guidelines as assessed as of December 31, 2012.

Retirement Benefits

All employees in the United States, including the NEOs, are eligible to participate in the Retirement Savings Plan and were eligible to participate in the Retirement Pension Plan if employed by the Company prior to May 14, 2009. The Company maintains the Benefits Restoration Plan for eligible employees including the NEOs. The following summary of the terms of these plans is qualified in its entirety by reference to the complete plan documents.

Retirement Pension Plan

As of May 14, 2009, pension accruals under the CONMED Corporation Retirement Pension Plan were frozen and participants will not accrue any additional benefits after that date.

Retirement Savings Plan

The Retirement Savings Plan (the "Savings Plan") is a tax-qualified retirement savings plan pursuant to which all U.S. employees are eligible after completing three months of service, including the NEOs who meet the Savings Plan's requirements. Effective January 1, 2010, the Retirement Savings Plan was amended to provide a 100% matching contribution up to a maximum of seven percent of the participant's compensation.

Benefits Restoration Plan

The Company has established a Benefits Restoration Plan effective January 1, 2010. The Benefits Restoration Plan is a funded nonqualified deferred compensation plan that provides eligible employees, which include the NEOs, the opportunity to defer receipt of up to 50% of base salary and up to 100% of incentive compensation and to receive 7% matching contributions or other contributions from the Company that would otherwise be unavailable under our 401(k) plan because of limits imposed by the Internal Revenue Code. In addition, similar to the Savings Plan, the Company has discretion to contribute to the Benefits Restoration Plan in addition to the match. The funds are invested based upon the investments selected by the participant from the investments available under the Savings Plan.

Table of Contents

A participant is 100% vested in the participant's deferred compensation and any earnings. The Company's match and any discretionary contributions to a participant's deferred compensation account vest subject to a Rule of 65, which is defined so that vesting occurs when the sum of the participant's age plus years of service equal to 65. Upon a change in control, the unvested portion of a participant's account will automatically become vested.

Perquisites

The Company has historically provided certain perquisites to the NEOs to provide convenience and support services that the Company viewed as customary and necessary to attract, motivate and retain executive talent. For the convenience of the Company and to provide flexibility to the NEOs, the Company provides a perquisite allowance to each of the NEOs. The perquisite allowance paid to the CEO is \$3,200 per month and \$1,500 per month for all other NEOs. This allowance replaces any other perquisite costs which may have previously been reimbursed. This perquisite allowance is not considered compensation under any of the Company's other employee benefit plans. In addition, the Company leases a car for the CEO and reimburses him for split-dollar life insurance. The Company also provides long-term care insurance to certain NEOs.

No perquisite provided to any NEO is "grossed up".

Employment Contracts

As a general matter, NEOs are employees at-will and have no employment contracts. The exceptions to this general policy are the employment agreement for the CEO and the Change in Control severance agreements for all NEOs.

CEO Employment Agreement

Consistent with the Company's compensation policy, the Board of Directors believes that compensation of the CEO, should be heavily influenced by Company performance, long-term growth and strategic positioning, as well as regulatory and ethics compliance. Therefore, although there is necessarily non-performance-based pay reflected in providing a salary to him, major elements of the compensation package are directly tied to the Company's performance, long-term growth and strategic positioning. Mr. J. Corasanti has an employment agreement with the Company, extending from January 1, 2000 through December 31, 2014 (the "CEO Employment Agreement"). This agreement was amended and restated a number of times since 2000. Most recently, the CEO Employment Agreement was amended on October 30, 2009 to provide that the minimum base salary be not less than \$511,000, roughly equivalent to his then current salary, deferred compensation of \$175,000 beginning January 1, 2010, and reimbursement for a physical medical examination. Until this contract amendment, the CEO's deferred compensation

had not been raised from \$150,000 since 2006. Effective May 2011, the Committee recommended and the Board approved increasing the CEO's deferred compensation to \$200,000.

Mr. J. Corasanti is entitled to participate in the Company's employee equity compensation plan, other employee benefit plans and other compensatory arrangements as may be determined by the Board of Directors. Mr. J. Corasanti is also entitled to be paid an amount sufficient to permit him to purchase certain life insurance policies, as further described below. In the event that the Board of Directors should fail to re-elect Mr. J. Corasanti as CEO or should terminate his employment for reasons other than "just cause" (as defined in the CEO Employment Agreement), Mr. J. Corasanti will become entitled to receive a lump sum payment equal to the result of multiplying the greater of three or the number of years and fraction thereof then remaining in the term of employment by his base annual salary plus the average of the bonuses, deferred compensation and incentive compensation awarded to him during the three fiscal years prior to such early termination. He will also continue to receive other employment benefits, for the greater of three years or the balance of the CEO Employment Agreement's term. In the event of Mr. J. Corasanti's death or disability, Mr. J. Corasanti or his estate or beneficiaries will be entitled to receive 100% of his base annual salary and other employment benefits (other than deferred compensation) for the balance of the CEO Employment Agreement's term, and in the case of disability, he and his wife will be entitled to life and health insurance benefits for life. If, during the term of Mr. J. Corasanti's employment under the CEO Employment Agreement and within two years after a Change in Control, his employment with the Company is terminated by the Company, other than for Cause or by him for Good Reason (as such capitalized terms are defined in the Employment Agreement), Mr. J. Corasanti will be entitled to receive (a) a lump sum payment equal to three times the sum of (i) his base salary on the date of such termination or his base salary in effect immediately prior to the Change in Control, whichever is higher, plus (ii) the average of the bonuses, deferred compensation and incentive compensation awarded to him during the three years prior to such termination; (b) continued coverage under the benefit plans in which he participates for a period of three years from the date of such early termination; (c) a lump sum payment equal to the aggregate amount credited to his deferred compensation account; and (d) awards for the calendar year of such termination under incentive plans maintained by the Company as though any performance or objective criteria used in determining such awards were satisfied.

Change In Control Severance Agreements

As a general rule, the Company does not enter into separate severance or employment agreements other than with the Chief Executive Officer and the Vice Chairman. The Company, however, does have outstanding agreements with the NEOs which provide that these NEOs will not, in the event of the commencement of steps to effect a Change in Control (defined generally as an acquisition of 25% or more of the outstanding voting shares or a change in a majority of the Board of Directors) voluntarily leave the employ of the Company until the potential Change in Control has been terminated or until a Change in Control has occurred. These agreements were first entered into by the Company and Mr. Jonas, Mr. Pomilio, and Mr. Shallish, in 2000, and were last amended in 2008 in order to conform to technical requirements under Section 409A of the Code. Mr. Darling and the Company entered into the same agreement in May of 2010.

In the event of a termination of the individual's employment other than for Cause (as defined in the agreement), or if the executive resigns for good reason (as is defined in the agreement), within two and one-half years of a Change in Control, the NEO is entitled to three years' salary and bonus (calculated as the largest bonus earned by the executive in the preceding three years), continuation of all medical, dental, accident, disability, long-term care and life insurance benefits or other fringe benefits for three years and a gross-up for any excise tax that may become due as a result of such Change in Control (to the extent that the amounts giving rise to the excise tax are greater than 10% of the "golden parachute" safe-harbor amount). In addition, all of the Company's equity compensation awards contain provisions that accelerate vesting upon a Change in Control, without subsequent termination of employment.

The Board of Directors of the Company may terminate any such agreement upon three years' prior written notice. The Board of Directors may also, at any time, terminate an agreement with respect to any NEO who is affiliated with any group seeking or accomplishing a Change in Control.

The Company has also entered into an Executive Severance Agreement with Mr. Darling. This Agreement provides that upon a Change of Control of Linvatec Corporation where Mr. Darling did not retain the title of President and comparable responsibilities or is terminated without cause during the first eighteen (18) months of such change in control, Mr. Darling is entitled to payment of his salary then in effect for eighteen (18) months.

As of May of 2011, the Company grandfathered all executives with an existing Change in Control Agreement containing a gross-up for excise taxes and has committed to not enter into agreements to gross-up excise taxes in future Change in Control Severance agreements with future executives.

Split-Dollar Life Insurance

Prior to December 31, 2001, the Company had paid certain premiums associated with split-dollar life insurance policies with face amounts totaling \$2,500,000 for the benefit of Joseph J. Corasanti. The Company has not paid or accrued premiums since fiscal year 2001. Premiums paid by the Company in prior years are treated by the Company as a loan to Mr. J. Corasanti, and at December 31, 2011, the aggregate amount due the Company from Mr. J. Corasanti related to these split-dollar life insurance policies is \$279,740. This amount (and loans, if any, for future premiums) will be repaid to the Company on Mr. J. Corasanti's death and the balance of the policy will be paid to his estate or beneficiaries.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the Chief Executive Officer and the three other most highly compensated executive officers, other than the Chief Financial Officer, employed on the last day of any fiscal year. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Committee considers deductibility as one factor when making a decision regarding executive compensation. In order to maximize the deductibility of the executives' pay, the Executive Bonus Plan and the Amended and Restated Long Term Incentive Plan are structured such that performance-based annual incentive bonuses and performance based equity compensation paid under those plans for our most senior executives should constitute qualifying performance-based compensation under Section 162(m). However, in some cases, the Committee may determine it is appropriate to provide compensation that may exceed deductibility limits in order to recognize performance, meet market demands and retain key executives. In 2012, the Committee provided competitive compensation to our executive officers without exceeding the deductibility limits of Section 162(m), except for a portion of Mr. J. Corasanti's total compensation.

(1) Salary reflects actual salary and deferred compensation earned during 2010, 2011 and 2012. Salary levels are adjusted annually following the Annual Meeting of Shareholders in May. Accordingly, salary levels listed in the Compensation Discussion and Analysis (the “CD&A”) may not match amounts actually paid during the course of the year.

Table of Contents

(2) Other than Non-Equity Incentive Plan Compensation, there were no bonuses earned during 2011 and 2012. During 2010, the Compensation Committee, upon the recommendation of the CEO, awarded a discretionary cash bonus equal to 10% of salary to Mr. Darling based on the successful launch of two key products and for strategic planning which should result in improved future profitability.

(3) Amounts in this column reflect the grant date fair value of RSUs and PSUs in accordance with Compensation – Stock Compensation Topic of the FASB ASC. The assumptions made in the valuation of these awards are set forth in Note 7, (“Shareholders’ Equity”), to the Consolidated Financial Statements in Item 15 to the Company’s 2012 Annual Report on Form 10-K (available at <http://www.conmed.com>). Mr. Darling was awarded PSUs during 2010 and 2011. The amount included in the table represents the grant date fair value of such awards, however Mr. Darling did not achieve the performance goals under his PSU agreement in 2010 and therefore the awards were not earned and no payment will be made.

(4) Amounts in this column reflect the grant date fair value of SARs in accordance with Compensation – Stock Compensation Topic of the FASB ASC. The assumptions made in the valuation of these awards are set forth in Note 7, (“Shareholders’ Equity”), to the Consolidated Financial Statements in Item 15 to the Company’s 2012 Annual Report on Form 10-K.

(5) Non-Equity Incentive Plan Compensation represents earnings under the Company’s Executive Bonus Plan as more fully described in the CD&A.

(6) Amounts in this column represent the increase in the actuarial value of defined benefit plans during 2010, 2011 and 2012 of the executive’s accumulated benefit under the CONMED Corporation Retirement Pension Plan. Actuarial value computations are based on the assumptions established in accordance with Compensation – Retirement Benefits Topic of the FASB ASC and discussed in Note 9, (“Employee Benefit Plans”), to the Consolidated Financial Statements in Item 15 to the Company’s 2012 Annual Report on Form 10-K.

In addition, Mr. J. Corasanti also earns deferred compensation as more fully described in the CD&A. This table reflects only that interest earned on deferred compensation amounts that are considered to be above-market. This above-market interest amounted to \$50,835, \$72,709 and \$102,838 for 2010, 2011 and 2012, respectively.

(7) All Other Compensation consists of the following: (i) company contributions to employee 401(k) plan accounts on the same terms offered to all other employees, (ii) company contributions to the Benefits Restoration Plan for 2011 and 2012 (iii) payments relating to automobile leases and/or allowances for all NEOs in 2010 and 2011 and for Mr. J. Corasanti in 2012, (iv) payments for supplemental long-term care insurance policies for J. Corasanti, R. Shallish, L. Pomilio and D. Jonas (v) reimbursement for country club and/or other club membership fees for J. Corasanti, D. Jonas, L. Pomilio and R. Shallish for 2010 and 2011 (vi) director fees of \$13,000, \$21,250 and \$22,500 in 2010, 2011 and 2012, respectively, for J. Corasanti’s position as a Director of the Company and (vii) tax services for J. Corasanti and D. Jonas for 2010 and 2011. Beginning in 2012, each NEO was provided a perquisite allowance that is included in Other Compensation as further described in CD&A. The amount attributable to each perquisite or benefit for each NEO does not exceed the greater of \$25,000 or 10% of the total amount of perquisites received by such NEOs, except as described below.

With respect to Mr. J. Corasanti, All Other Compensation also includes reimbursements for certain insurance policy premiums in the amount of \$27,020 each of the years 2010, 2011 and 2012, and the related tax “gross-up” as provided for in his Amended and Restated Employment Agreement, which is further described in the CD&A for 2010 and 2011. All other compensation does not include the costs for health insurance, long-term disability insurance, life insurance and other benefits generally available to other employees on the same terms as those offered to the officers listed above. With respect to Mr. Darling, All Other Compensation also includes reimbursement for relocation expenses of \$54,578 and \$98,187 in 2010 and 2011, respectively. Relocation expenses did not cover any loss on the sale of Mr. Darling's home.

Non-Equity Incentive Compensation represents earnings under the Company's Executive Incentive Plan. The threshold and target compensation represents 50% of the NEO's salary. The maximum compensation represents (1) 100% of all NEO's salary. During 2012, NEOs with corporate responsibility were awarded non-equity incentive compensation equal to 63% of salary. As disclosed in CD&A, the first 43% is payable after the 2012 year, the remaining 20% is dependent upon meeting 85% of the 2013 target.

(2) The amounts shown in column (i) represent the total RSUs awarded to the named executive officers. Such awards vest over a period of five years and are valued at the market price of the stock on the date of grant.

(3) The amounts shown in column (j) represent the total number of SARs awarded to the NEOs. These awards vest over a period of five years.

Pension Benefits

The table below shows the present value of accumulated benefits payable to each of the NEOs, including the number of years of service credited to each such NEO, under the CONMED Corporation Retirement Pension Plan determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. As discussed in the CD&A under the heading "Retirement Pension Plan", pension accruals were frozen under the Retirement Plan effective May 14, 2009, therefore no additional benefits accrued after that date. As a result, years of actual service for NEOs will not equal the years of credited service noted below.

Non-Qualified Deferred Compensation

The table below shows the executive contributions, Company contributions and aggregate earnings related to deferred compensation. Deferred compensation is provided to Mr. J. Corasanti as described in his employment agreement. Refer to the section title “CEO Employment Agreement” in CD&A for further details. Effective January 1, 2010, the Company began offering a Benefits Restoration Plan to eligible employees, including all NEOs. This Plan provides the opportunity to defer receipt of up to 50% of base salary and up to 100% of incentive compensation and to receive 7% matching contributions from the Company that would otherwise be unavailable under our 401(k) plan because of limits imposed by the Internal Revenue Code. Refer to the section “Retirement Benefits - Benefits Restoration Plan” in CD&A for further details.

Table of Contents**Potential Payments on Termination or Change-in-Control****Termination/No Change In Control**

The table below represents the earnings Mr. J. Corasanti would receive if terminated on December 31, 2012 and no change in control had occurred. The table assumes the termination occurred without just cause (as defined in the CEO Employment Agreement).

Name	Salary Continuation or Severance (\$)	Benefits or Perquisites (\$)	Deferred Compensation (\$)	Accelerated Option/SAR Vesting (\$)	Accelerated RSU Vesting (\$)	Total
Joseph J. Corasanti ⁽¹⁾	\$ 4,722,133 ⁽²⁾	\$ 1,037,602 ⁽³⁾	\$ 3,138,114 ⁽⁴⁾	\$ 869,285 ⁽⁵⁾	\$ 2,319,850 ⁽⁵⁾	\$ 12,086,984 ⁽⁵⁾

Mr. J. Corasanti is entitled to earnings upon termination as defined in his employment agreement. If Mr. J. Corasanti were terminated with just cause, he would be entitled to salary and benefits through the end of the month of termination, payment of deferred compensation as defined in his employment agreement and an additional pro rata amount of such deferred compensation for the year of termination.

⁽²⁾ Amount represents three multiplied by the sum of salary and the average of bonus, deferred compensation, and incentive compensation earned over the past three years.

⁽³⁾ Amount includes the present value total of all life time benefits (including life and health insurance) and the present value of total perquisites for three years.

⁽⁴⁾ Amount represents the undiscounted value of deferred compensation under Mr. J. Corasanti's employment agreement as of December 31, 2012 totaling \$2,860,490. This amount would be payable over a period up to 120 months with interest. This amount also includes executive and registrant contributions and earnings under the Benefits Restoration Plan.

⁽⁵⁾ Upon termination without just cause, the vesting date for all outstanding SARs and RSUs will accelerate to the date of termination. The value shown for unvested SARs, represents the difference between the exercise price and December 31, 2012 year-end closing stock price on the NASDAQ of \$27.95. Value shown for unvested RSUs is based on the December 31, 2012 year-end closing stock price on the NASDAQ of \$27.95.

All other NEOs are subject to the severance policy applicable to all eligible employees. This policy allows for 1½ weeks of severance pay for each year of service, not to exceed 26 weeks.

Termination/Change In Control

This table includes amounts payable as a result of a termination following a change in control. A change in control is defined generally as an acquisition of 25% or more of the outstanding voting shares or a change in a majority of the Board of Directors. Change in control benefits are provided in accordance with each NEO's Change in Control Agreement.

(1) Mr. J. Corasanti would receive the same payments and benefits as if he were terminated without just cause according to his employment agreement, except he would also receive the Section 280G Gross-up. This is because the employment agreement has more favorable payments and benefits than his Change in Control Agreement and therefore supersedes the Change in Control Agreement.

(2) Amount represents highest annual executive bonus plan compensation earned over the past three completed fiscal years plus three multiplied by the sum of the highest salary earned over the past twelve months and highest annual executive bonus plan compensation earned over the past three completed fiscal years.

(3) Amount includes the present value of medical, dental, disability, long-term care (as applicable), life insurance and total perquisites for three years.

(4) Amount for Mr. J. Corasanti represents the undiscounted value of deferred compensation as of December 31, 2012 totaling \$2,860,490. This amount would be payable over a period up to 120 months with interest. Deferred compensation for all NEOs includes the executive and registrant contributions and earnings under the Benefit Restoration Plan.

(5) Upon a change in control, the vesting date for all outstanding SARs, RSUs and PSUs will accelerate to the date of termination. The value shown for unvested SARs, represents the difference between the exercise price and December 31, 2012 year-end closing stock price on the NASDAQ of \$27.95. Value shown for unvested RSUs and PSUs is based on the December 31, 2012 year-end closing stock price on the NASDAQ of \$27.95.

Compensation and benefits in excess of three times compensation may be subject to a non-deductible 20% excise tax under Section 280G of the Code. To assure that the actual economic value of change in control benefits is equivalent for all participants, the program provides for a gross-up of this tax to the extent that the amounts giving rise to the excise tax are greater than 10% of the “golden parachute” safe-harbor amount. Amounts in this column estimate the tax gross-up assuming a change in control date of December 31, 2012 at a stock price of \$27.95 per share.

Mr. Darling is entitled to earnings upon a change in control of Linvatec Corporation as defined in his Executive Severance Agreement. If Linvatec Corporation is sold or all assets are transferred and Mr. Darling's title of President and comparable responsibilities were taken away upon such change in control, or Mr. Darling were terminated upon the change in control, Mr. Darling is entitled to payment of his salary then in effect for eighteen months totaling \$545,438 at December 31, 2012.

Table of Contents**DIRECTOR COMPENSATION**

The Company uses a mix of cash and equity-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. Director compensation consists of a mix of an annual retainer and equity compensation for non-employee directors.

The Compensation Committee and the full Board of Directors generally review director fees every three years. During 2012, the Compensation Committee reviewed the fees and did not make any changes. It is anticipated in 2013 a comprehensive review of the Director fees will occur. We believe director compensation continues to be below the median for the peer companies.

Cash Compensation Paid to Directors

For 2012, each director received compensation as described below:

Annual Retainers		
(Paid Quarterly)	Chairman	\$90,000
	(None if Executive Officer)	(two times director fee)
	Lead Independent Director	\$60,000
	Directors (Non-Executive only)	\$45,000

	Governance/ Compensation Chair	\$15,000
	Governance/ Compensation Committee Member	\$7,500

Equity Compensation Awarded to Directors

In 2012, non-employee directors received 3,000 RSUs and 1,000 SARs which vest in one year. In 2013, non-employee directors are expected to receive 3,000 RSUs and 1,000 SARs, annually, which vest in one year.

Director Stock Ownership Requirements and Hedging Policy

In order to give the directors a direct stake in the Company’s future and to directly align their interests with those long-term interests of the shareholders, effective July 31, 2009, the Company adopted guidelines to encourage outright share ownership by directors. The ownership guidelines required directors to own 2,000 shares. As of January 1, 2012, the Company amended the ownership guidelines to require directors to own three (3) times the annual retainer and the existing directors were given three (3) years to comply. The following share types are included under these guidelines: shares directly owned, shares jointly owned, estimated net after tax shares of unvested RSUs, and shares held in saving plan accounts. Any new directors will be required to be in compliance with these guidelines within five (5) years of becoming subject to this policy. These ownership guidelines also contain a holding period for equity-based awards until such time as the minimum share ownership is achieved. A complete copy of these guidelines is available on the Company’s web site in the investor relations section.

The Company also requires that its directors not hold any derivatives other than those issued by the Company. The intention of this policy is to align the interests of the Board of Directors with those of the holders of the Company's common stock.

All directors were in compliance with these guidelines as assessed as of December 31, 2012.

Vice Chairman Employment Agreement

In addition to Mr. Eugene Corasanti's role as Chairman of the Board, the Company entered into an employment agreement with him effective January 1, 2007 pursuant to which he also serves as a Vice Chairman available to advise the Chief Executive Officer and to perform such other duties as required by the CEO and/or Board of Directors. Mr. E. Corasanti's salary is at least \$104,000 per year, and he also receives such equity compensation as may be granted by the Compensation Committee of the Board of Directors. During 2012, Mr. E. Corasanti was granted 2,500 SARs and 5,000 RSUs with grant date fair values of \$18,439 and \$130,450, respectively. As of December 31, 2012 he had 99,927 options outstanding and 12,600 RSUs which have not yet vested. Starting in 2007, Mr. E. Corasanti also began receiving the accrued deferred compensation benefit that he would otherwise have received had he retired as of December 31, 2006. The deferred compensation payout is being paid over ten years and is valued at \$3,698,905 as of December 31, 2012. In addition, Mr. E. Corasanti is entitled to certain benefits under his prior employment agreement, including health insurance, pension, disability and other benefits generally available to all Company employees, as well as the continuation of certain perquisites such as an automobile allowance, club memberships and life and health insurance benefits during Mr. E. Corasanti's life and the life of his wife.

Table of Contents

Prior to December 31, 2001, the Company had paid all premiums on certain split-dollar life insurance policies with face amounts totaling \$1,708,447 for the benefit of Mr. E. Corasanti. The Company has not paid or accrued premiums since fiscal year 2001. Premiums paid by the Company in prior years are treated by the Company as a loan to Mr. E. Corasanti, and at December 31, 2012, the aggregate amount due the Company from Mr. E. Corasanti related to these split-dollar life insurance policies is \$281,272. This amount (and loans, if any, for future premiums) will be repaid to the Company on Mr. E. Corasanti's death and the balance of the policy will be paid to his estate or beneficiaries.

BOARD OF DIRECTORS INTERLOCKS AND INSIDER PARTICIPATION;

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's Board of Directors, which is presently composed of Eugene R. Corasanti, Joseph J. Corasanti, Bruce F. Daniels, Jo Ann Golden, Stephen M. Mandia, Stuart J. Schwartz, and Mark E. Tryniski establishes the compensation plans and specific compensation levels for Joseph J. Corasanti directly (with Messrs. E. Corasanti and J. Corasanti abstaining) and for other executive officers through the Compensation Committee, and administers the Company's equity incentive plans through the Compensation Committee. Eugene R. Corasanti is the Chairman of the Board of Directors. Joseph J. Corasanti, the President and Chief Executive Officer of the Company, also serves as a director of the Company, an officer of several of the Company's subsidiaries and is the son of Eugene R. Corasanti.

The Company employs the following persons who are related to certain officers of the Company in the manner indicated below. Employees who are related to officers and/or directors whose total compensation is less than \$120,000 are not listed below.

Employee Name and Position	Officer(s) and/or Director(s) to whom Employee is Related	Relationship of Employee to Officer
David Corasanti , Marketing Manager, Endosurgery	Eugene R. Corasanti Joseph J. Corasanti	Son Brother
Alan Rust , Corporate Distribution Director	William W. Abraham	Son-in-law

Compensation for the above-referenced employees, consisting solely of salary and bonus, ranged from \$127,000 to \$181,000 during 2012.

In March 2003, the Audit Committee adopted a written charter specifying that it would pre-approve all transactions in which the Company is a participant and in which a related person has or will have a direct or indirect material interest, including without limitation any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. The charter requirement was incorporated into a policy in November 2003 under which requests for pre-approvals can be

submitted to the Chair of the Audit Committee for pre-approval, with the Chair to report any such pre-approvals at the next scheduled meeting of the Audit Committee. Under the policy, such related-person transactions must be approved or ratified by the Audit Committee. Further, any related-party transaction in which the projected spending is over \$50,000 requires management to secure competitive bids to ensure that any proposal is reasonable with respect to costs. The Committee may also determine that the approval or ratification of such transaction should be considered by all of the disinterested members of the Board. Related persons include any of our directors or executive officers and their family members.

In considering whether to approve or ratify any related-person transaction, the chair or Committee, as applicable, may consider all factors that they deem relevant to the transaction, including, but not limited to: the size of the transaction and the amount payable to or receivable from a related person; the nature of the interest of the related person in the transaction; the Company's prior dealings, if any, with the related party; whether the transaction may involve a conflict of interest; and whether the transaction involves the provision of goods or services to the Company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

Table of Contents

To identify related-person transactions, at least once a year all directors and executive officers of the Company are required to complete questionnaires seeking, among other things, disclosure with respect to such transactions of which such director or executive officer may be aware.

INSURANCE FOR DIRECTORS AND OFFICERS

The Company has entered into directors' and officers' insurance policies with St. Paul Mercury Insurance Company, Federal Insurance Company, Illinois National Insurance Company and Liberty Insurance Underwriters Inc. covering the period from May 31, 2012 through May 31, 2013 at a total cost of \$398,152 which covers directors and officers of the Company and its subsidiaries.
