Edgar Filing: THOMAS INDUSTRIES INC - Form 8-K/A

(b) Pro Forma Financial Information

The Unaudited Pro Forma Consolidated Statements of Income set forth below give the effect to the sale of GTG (described in ITEM 2 above) as if the sale had occurred at the beginning of each period presented. The Unaudited Pro Forma Consolidated Condensed Balance Sheet at June 30, 2004 includes adjustments to reflect an estimated after-tax gain of approximately \$84.6 million (based on a 6/30/04 book basis) on the sale of GTG assuming the sale had been completed as of that date. The pro forma gain adjustment has not been made to the Unaudited Pro Forma Consolidated Statements of Income, as it will not have a continuing impact on the Company's results of operations.

The pro forma adjustments are based on presently available information and assumptions that management believes are reasonable and are described in the Notes to Unaudited Pro Forma Consolidated Condensed Financial Statements. The unaudited pro forma financial information has been included as required by the Securities and Exchange Commission and is not necessarily indicative of the results that would have been reported had the disposition actually occurred on the dates specified, nor is it indicative of the results that may be obtained in the future.

The Unaudited Pro Forma Consolidated Condensed Financial Statements should be read in conjunction with the Company's Annual Report for the year ended December 31, 2003 and the Company's unaudited financial statements for the six months ended June 30, 2004.

THOMAS INDUSTRIES INC. AND SUBSIDIARIES
NOTES TO UNAUDITED PRO FORMA CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

Transaction Summary

The Company received \$400.4 million of cash proceeds from the sale of its 32% interest in GTG. From this amount, we assumed transaction costs of \$2.8 million and income taxes of \$81.2 million would be paid, which would leave \$316.4 million of net cash proceeds.

From the net cash proceeds, \$109.0 million was used to pay short-term notes payable to banks of \$5.1 million, \$7.7 million of current portion of long-term debt, and \$96.2 million of long-term debt.

Using the Company's book value at June 30, 2004, the Company's estimated net

gain from the sale of GTG is \$84.6 million, which was only included as an adjustment to the pro forma balance sheet as of June 30, 2004. The net gain was not included for pro forma income statement purposes for any period presented, since this net gain will not have a continuing impact on the Company's results of operations.
