Supplemental disclosure of cash flow information - Cash paid during the period for interest	\$	1,011,834	\$	1,021,151
---	----	-----------	----	-----------

Supplemental disclosure of noncash investing activities:

In October 2002, the Company sold stock warrants with a cost of \$2,199 in exchange for a \$60,000 note, resulting in a realized gain of \$57,801.

In October 2002, the Company acquired the net assets associated with the Systems Integration Division of Netplex Systems, Inc. in exchange for the cancellation of certain debt and equity securities, with accrued interest and dividends thereon of \$16,710, totaling \$1.75 million. Those net assets were then sold to Lakeview Technology Solutions, Inc. in exchange for debt and equity securities totaling \$1.75 million.

During the first quarter of fiscal year 2002, the Company's preferred stock in an investment was settled in exchange for a note receivable through a bankruptcy proceeding. In the second quarter of fiscal year 2003, the remaining note, in the amount of \$19,402, was written off as a realized loss.

See accompanying notes to financial statements.

Table of Contents

Notes to Unaudited Financial Statements

December 31, 2002

(1) Basis of Presentation

In the opinion of management, the accompanying unaudited interim financial statements of Waterside Capital Corporation (the Company) as of December 31, 2002 and for the three- and six-month periods ended December 31, 2001 and 2002 are prepared in accordance with generally accepted accounting principles (GAAP) for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with GAAP are omitted. In the opinion of management, all adjustments, consisting of normal recurring accruals necessary for the fair presentation of financial statements for the interim periods, have been included. The current period's results of operations are not necessarily indicative of results that ultimately may be achieved for the year. The Company's balance sheet as of June 30, 2002 has been derived from the audited financial statements as of June 30, 2002. The interim financial statements and notes thereto should be read in conjunction with the financial statements and notes thereto incorporated by reference in the Company's Form 10-K as of and for the year ended June 30, 2002, as filed with the Securities and Exchange Commission.

(2) Description of Business

The Company was incorporated in the Commonwealth of Virginia on July 13, 1993 and is a closed-end investment company licensed by the Small Business Administration (the SBA) as a Small Business Investment Corporation (SBIC). The Company makes equity investments in, and provides loans to, small business concerns to finance their growth, expansion and development. Under applicable SBA regulations, the Company is restricted to investing only in qualified small business concerns as contemplated by the Small Business Investment Act of 1958.

(3) Investments

Investments are carried at fair value, as determined by the Executive Committee of the Board of Directors. The Company, through its Board of Directors, has adopted the Model Valuation Policy, as published by the SBA, in Appendix III to Part 107 of Title 12 of the Code of Federal Regulations (the Policy). The Policy, among other things, presumes that loans and investments are acquired with the intent that they are to be held until maturity or disposed of in the ordinary course of business. Except for interest-bearing securities which are convertible into common stock, interest-bearing securities are valued at an amount not greater than cost, with unrealized depreciation being recognized when value is impaired. Equity securities of private companies are presumed to represent cost unless

Table of Contents

Notes to Unaudited Financial Statements

December 31, 2002

the performance of the portfolio company, positive or negative, indicates otherwise in accordance with the Policy guidelines. The fair value of equity securities of publicly traded companies is generally valued at their quoted market price discounted due to the investment size or market liquidity concerns and for the effect of restrictions on the sale of such securities.

Discounts can range from 0% to 40% for investment size and market liquidity concerns. Actual liquidity discounts in the portfolio at December 31, 2002 ranged from 15% to 40%. Discounts for restriction on the sale of the investments are 15% in accordance with the provisions of the Policy. The Company maintains custody of its investments as permitted by the Investment Company Act of 1940.

Investments consist primarily of preferred stock and debt securities obtained from portfolio companies in accordance with SBIC investment regulations. The financial statements include securities valued at \$27,646,823 and \$28,959,882 at June 30, 2002 and December 31, 2002 (78.8% and 82.5% of assets), respectively. The valuation process completed by management includes estimates made by management and the Executive Committee in the absence of readily ascertainable market values. These estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and those differences could be material.

(4) Settlement of Investee Litigation

Litigation involving two former investees was settled during the three-month period ended September 30, 2002. The Company was awarded \$1,418,268 in connection with the settlements. Of this amount, \$935,018 was considered to be a recovery of expenses related to this litigation and is reflected as a component of operating income net of the expenses incurred during the quarter. The remaining \$483,250, subsequently collected during the three-month period ended December 31, 2002, was considered to be a recovery of the investment and is reflected as a component of the realized loss on investments.

(5) Guarantee

In December 2002, the Company entered into a guarantee agreement related to its investment in Lakeview Technology Solutions, Inc. (Lakeview). Under the agreement, the Company guarantees up to \$200,000 of payables to a vendor of Lakeview. The maximum amount of potential future payment under the agreement is \$200,000. The vendor is entitled to require the Company to make payments under the guarantee agreement when notified that the Lakeview payable is past due. In exchange for the guarantee, the Company charged Lakeview a fee of \$4,550, and reduced the availability under Lakeview's line of credit agreement with the Company by \$200,000.

ITEM 2

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

Waterside Capital Corporation (Waterside or the Company) is a specialty finance company located in Norfolk, Virginia. The Company invests in equity and debt securities to finance the growth, expansion and modernization of small private businesses, primarily in the Mid-Atlantic Region. The Company was formed in 1993 as the Eastern Virginia Small Business Investment Corporation. Through June 30, 1996, the Company operated as a development stage company focused primarily on preparation to commence operation. The Company was licensed in 1996 by the Small Business Administration (SBA) as a Small Business Investment Company (SBIC) under the Small Business Investment Act of 1958. In October 1996 the Company made its first portfolio investment. In January 1998 the Company completed its Initial Public Offering (IPO) to raise additional equity to support its growth strategy.

The majority of the Company's operating income is derived from dividend and interest income on portfolio investments and application and processing fees related to investment originations. The remaining portion of the Company's operating income comes from interest earned on cash equivalents. The Company's operating expenses primarily consist of interest expense on borrowings and payroll and other expenses incidental to operations. Waterside currently has 6 full time employees.

Results of Operations

Comparison of Three Months Ended December 31, 2002 and December 31, 2001

For the three months December 31, 2002, total operating income was \$928,000 compared to \$853,000 reported during the same period of 2001, an increase of \$75,000 or 8.8%. The increase in operating income is due to fee income increasing from \$72,000 for the three months ended December 31, 2001 to \$206,000 for the three months ended December 31, 2002 as a result of new investment originations increasing from \$2.4 million to \$4.0 million during the two comparable periods.

The Company's quarterly operating income for the three months ended December 31, 2002 consists of dividends of \$402,000, interest on debt securities of \$308,000, interest on cash equivalents of \$12,000 and fee and other income of \$206,000. For the comparable period of 2001 the quarterly operating income consisted of dividends of \$520,000, interest on debt securities of \$252,000, interest on cash equivalents of \$9,000 and fee income of \$72,000.

Total operating expenses were \$874,000 for the three months ended December 31, 2002, compared with the \$816,000 reported for the three months ended December 31, 2001. The increase in operating expenses is primarily due to an increase in legal fees associated with investment originations, settlements and investee litigation. Total operating expenses for the three months ended December 31, 2002 consisted of interest expense of \$528,000, salaries and benefits of \$182,000, legal and accounting expenses of \$87,000 and other operating expenses of \$77,000. For the three months ended December 31, 2001 total operating expenses consisted of interest expense of \$527,000, salaries and benefits of \$176,000, legal and accounting expenses of \$44,000 and other operating expenses of \$68,000.

The Company's net operating income was \$54,000 for the three months ended December 31, 2002 compared to a loss of \$39,000 reported for the three months ended December 31, 2001.

During the quarter ended December 31, 2001, the Company ceased recognizing deferred tax benefits associated with the generation of net operating losses from operations and its realized losses because management could no longer conclude that it is more likely than not that those benefits could be realized. Because the Company operates as a licensed SBIC, its dividend income is not taxable. As a result, it is

Table of Contents

unlikely that the Company will generate taxable income from operations in the foreseeable future. Unless the Company is able to generate significant realized gains on sales of investments, the benefits of tax losses from operations and any realized losses from settlement of investments are not likely to be realized. As a result, the Company has provided a valuation allowance against its deferred tax asset to reflect an amount that is more likely than not to be realized.

The realized gain on investments of \$38,000 for the three months ended December 31, 2002 compared favorably to the realized loss of \$223,000 for the three months ended December 31, 2001. The loss for the three months ended December 31, 2001 was primarily due to a tax adjustment of \$670,000 due to the deferred tax issues discussed in the previous paragraph.

The change in unrealized depreciation on investments of \$287,000 for the three months ended December 31, 2002 was due primarily to a write down in the fair value of the Diversified Telecom investment of \$194,000 and a write down in the estimated fair value of Wireless Systems Engineering, Inc. of \$67,000. The change in unrealized depreciation on investments of \$2.0 million before tax benefit of \$302,000 for the three months ended December 31, 2001 was due to the recognition of numerous gains and losses recognized during the quarter. The most significant gains recorded during the quarter were a \$1.0 million unrealized gain recognized from the Delta Education Systems, Inc. investment and a \$750,000 unrealized gain on the ISR Solutions, Inc. investment, both due to new significant outside investments. These gains were offset by write downs on two investments including \$2.4 million on the JMS North America, Inc. investment and \$1.4 million on the Digital Square investment due to the deteriorating financial conditions of these investees.

The net decrease in stockholders equity resulting from operations of \$195,000 or \$.13 per share for the three months ended December 31, 2002 compared to a decrease of \$1,968,000 or \$1.24 per share for the comparable three months ended December 31, 2001 due to the items noted above.

Comparison of Six Months Ended December 31, 2002 and December 31, 2001

For the six months ended December 31, 2002, total operating income was \$1,789,000 compared to \$2,035,000 reported during the same period of 2001, a decrease of \$246,000 or 12.1%. The decrease in operating income is due to a combination of the following:

Management's decision to discontinue the accrual of dividend and interest income on an increased number of investments due to the uncertainty of collection of the income.

Redemption or repayment of a number of performing investments resulting in the reduction on rates earned on the investment of the Company's assets of approximately 12% to the current rates earned on temporary cash investments of approximately 1%.

The operating income reported for the six months ended December 31, 2002 consisted of dividends of \$900,000, interest on debt securities of \$655,000, interest on cash equivalents of \$24,000 and fee and other income of \$209,000. For the six months ended December 31, 2001, operating income consisted of dividends of \$1,120,000, interest on debt securities of \$658,000, interest of cash equivalents of \$17,000 and fee and other income of \$239,000.

Total operating expenses were \$1,723,000 for the six months ended December 31, 2002 compared with \$1,655,000 reported for the six months ended December 31, 2001, primarily due to an increase in legal fees associated with investee litigation. Total operating expenses for the six months ended December 31, 2002 consisted of interest expense of \$1,057,000, salaries and benefits of \$373,000, legal and accounting expenses of \$143,000 and other operating expenses of \$151,000. For the six months ended December 31, 2001 total operating expenses consisted of interest expense of \$1,050,000, salaries and benefits of \$369,000, legal and accounting expenses of \$88,000 and other operating expenses of \$147,000. At December 31, 2002, the Company is in compliance with the SBA guidelines for management expense.

Table of Contents

During the six months ended December 31, 2002, litigation involving two former investees was settled for \$1,418,000. As a result, a recovery of \$615,000 of legal and other expenses associated with the litigation, net of expenses incurred in the first quarter of 2003 was recorded in net operating income during the quarter.

The Company's net operating income was \$680,000 for the six months ended December 31, 2002 compared to \$379,000 reported for the six months ended December 31, 2001.

During the six months ended December 31, 2002 the Company realized a loss on investments of \$2.5 million due primarily to the realization of the previously recorded unrealized loss related to the Capital Markets Group investment of \$1,480,000 and the National Assisted Living investment of \$1,040,000. During the six months ended December 31, 2001, the Company realized a loss on investments of \$1.3 million due primarily to the realization of the previously recorded unrealized loss related to Tangent Solutions, Inc. (formerly named Electronic Business Systems, Inc. and Triangle Imaging Group, Inc.). The realization was due to a bankruptcy court ruling.

The change in unrealized appreciation on investments of \$2,065,000 for the six months ended December 31, 2002 was due to a combination of the reversal of unrealized depreciation related to the previously mentioned realized loss of the Capital Markets Group, Inc. investment and the National Assisted Living investment. The Company also recognized an unrealized loss of \$678,000 due to the revaluation of stock warrants held in ISR Solutions, Inc. due to deteriorating financial condition. The change in unrealized depreciation on investments, net of taxes of \$375,000 for the six months ended December 31, 2001 was due to numerous gains and losses recognized on the Company's investment portfolio. The change in unrealized depreciation consisted of gains of \$1.0 million on the Delta Education Systems, Inc. investment due to a new significant outside investment, \$750,000 on the ISR Solutions, Inc. investment due to a new significant outside investment, \$537,000 on the Netplex Group, Inc. investment due to restructuring of the terms of the investment which resulted in the recovery of a previously recognized unrealized loss and a \$1.9 million reclassification of unrealized depreciation related to Tangent Solutions, Inc. to a realized loss. These gains were offset by unrealized losses recognized of \$2.4 million on the JMS North America, Inc. investment and \$1.4 million on the Digital Square investment due to the deteriorating financial condition of these investees.

The net increase in stockholders equity resulting from operations of \$264,000 or \$.17 per share for the six months ended December 31, 2002 compared to a decrease of \$1,313,000 or \$.83 per share for the comparable six months ended December 31, 2001 due to the items noted above.

Financial Condition, Liquidity and Capital Resources

At December 31, 2002, the Company's investment portfolio totaled \$29.0 million compared with \$27.6 million reported at June 30, 2002. For the six months ended December 31, 2002 the Company originated \$3,970,000 in new investments and received payments and proceeds from sales of investments of \$186,000. For the comparable six months ended December 31, 2001, the Company originated \$2,661,000 in new investments and received proceeds of \$4,839,000 from sales of investments and principal collected on debt securities.

Net asset value per common share increased to \$5.70 per share at December 31, 2002 from the \$5.52 per share reported at June 30, 2002.

During the six months ended December 31, 2002, the net cash provided by operating activities was \$117,000 compared to the \$498,000 provided during the six months ended December 31, 2001, primarily due to the refund of previously paid income taxes received in 2001. The net cash used in investing activities was \$1,550,000 for the six months ended December 31, 2002 as compared to the \$2,118,000 provided by investing activities during the six months ended December 31, 2001. This fluctuation is primarily due to proceeds from the sale of investments and principal collected on debt securities of \$4,839,000, partially off set by new investments made of \$2,661,000 during the six months ended December 31, 2001 compared to proceeds from the sale of investments and principal collected on debt

Table of Contents

securities of \$186,000 and new cash investments made of \$2,220,000 during the six months ended December 31, 2002. The Company used \$14,000 to repurchase stock during the six months ended December 31, 2002 and there were no cash flows from financing activities for the six months ended December 31, 2001.

Quantitative and Qualitative Disclosure About Market Risk

The Company's business activities contain elements of risk. The Company considers the principal types of market risk to be: risk of lending and investing in small privately owned companies, valuation risk of portfolio, risk of illiquidity of portfolio investments and the competitive market for investment opportunities. The Company considers the management of risk essential to conducting its business and to maintaining profitability. Accordingly, the Company's risk management systems and procedures are designed to identify and analyze the Company's risks, to set appropriate policies and limits and to continually monitor these risks and limits by means of reliable administrative and information systems and other policies and programs.

The Company manages its market risk by maintaining a portfolio of equity interests that is diverse by industry, geographic area, size of individual investment and borrower. The Company is exposed to a degree of risk of public market price fluctuations as three of the Company's twenty-six investments are in thinly traded, small public companies, whose stock prices have been volatile. The other twenty-three investments are in private business enterprises. Since there is typically no public market for the equity interests of the small companies in which the Company invests, the valuation of the equity interests in the Company's portfolio of private business enterprises is subject to the estimate of the Company's Executive Committee. In the absence of a readily ascertainable market value, the estimated value of the Company's portfolio of equity interests may differ significantly from the values that would be placed on the portfolio if a ready market for the equity interests existed. Any changes in estimated value are recorded in the Company's statement of operations as change in unrealized appreciation (depreciation) on investments. Each hypothetical 1% increase or decrease in value of the Company's portfolio of equity securities of \$29.0 million at December 31, 2002 would have resulted in unrealized gains or losses and would have changed net increase in stockholders' equity resulting from operations for the quarter by \$290,000.

The Company's sensitivity to changes in interest rates is regularly monitored and analyzed by measuring the characteristics of assets and liabilities. The Company utilizes various methods to assess interest rate risk in terms of the potential effect of interest income net of interest expense, the market value of net assets and the value at risk in an effort to ensure that the Company is insulated from any significant adverse effects from changes in interest rates. Based on the model used for the sensitivity of interest income net of interest expense, if the balance sheet were to remain constant and no actions were taken to alter the existing interest rate sensitivity, a hypothetical immediate 100 basis point change in interest rates would have affected net increase in stockholders' equity resulting from operations negligibly over a three-month or six-month horizon. Although management believes that this measure is indicative of the Company's sensitivity to interest rate changes, it does not adjust for potential changes in credit quality, size and composition of the balance sheet and other business developments that could affect operating results. Accordingly, no assurances can be given that actual results would not differ materially from the potential outcome simulated by this estimate.

Forward Looking Statements

Included in this report and other written and oral information by management from time to time, including reports to shareholders, quarterly and semi-annual shareholder letters, filings with the Commission, news releases and investor presentations, are forward-looking statements about business objectives and strategies, market potential, the Company's ability to expand the geographic scope of its investments, the quality of the Company's due diligence efforts, its financing plans, its vendors, suppliers, and portfolio companies, future financial performance and other matters that reflect management's expectations as of the date made.

Table of Contents

Except for historical information, all of the statements, expectations and assumptions contained in the foregoing are forward-looking statements (within the meaning of the Private Securities Litigation Reform Act of 1995) that involve a number of risks and uncertainties. It is possible that the assumptions made by management including, but not limited to, the average maturity of our investments, the potential to realize investment gains as these investments mature, investment opportunities, results, performance or expectations may not materialize. Actual results may differ materially from those projected or implied in any forward-looking statements. In addition to the above factors, other important factors that may affect the Company's performance include: the risks associated with the performance of the Company's portfolio companies, dependencies on key employees, interest rates, the level of economic activity, and competition, as well as other risks described from time to time in the Company's filings with the Securities Exchange Commission, press releases, and other communications. The Company disclaims any intent or obligation to update these forward-looking statements, whether as a result of new information, future events, or otherwise.

Table of Contents

Item 4. Controls Procedures

- (a) Within the 90-day period prior to the date of this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-14 of the Securities Exchange Act of 1934, as amended (the Exchange Act). Based upon the evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company required to be included in the Company's Exchange Act filings.
- (b) There have been no significant changes in the Company's internal controls or in other factors which could significantly affect its internal controls subsequent to the date the Company carried out its evaluation.

CERTIFICATION UNDER SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, the Company's Chief Executive Officer and Chief Financial Officer each certify as follows:

(a) This quarterly report on Form 10-Q fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934.

(b) The information contained in this quarterly report on Form 10-Q fairly presents, in all material respects, the financial condition and results of operations of the Company.

I, J. Alan Lindauer, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Waterside Capital Corporation;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - (a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - (b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - (c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent function):
 - (a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
