- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 7.01. Regulation FD Disclosure

Genco Shipping & Trading Limited (the “Company”) is providing updated information for the calculation of diluted earnings per share under the “if-converted” method as previously disclosed in its earnings presentation for the third quarter of 2010. The “if-converted” method assumes that 100% of the debt under the Company’s 5.00% Convertible Senior Notes due August 15, 2015 (the “Notes”) is converted into shares of the Company’s common stock at the beginning of the period, which increases the diluted shares outstanding. The calculation adjusts net income by adding back cash and non-cash interest expense on the income statement associated with the debt under the Notes. The Company is disclosing that the weighted average number of shares and share equivalents to be used for the calculation of diluted earnings per share for the fourth quarter of 2010 is 41,598,695. This represents a weighted average of 35,221,144 common shares outstanding during the quarter plus 6,377,551 common shares attributable to the assumed conversion of the Notes under the if-converted method. Additionally, \$2,712,755 of interest expense associated with the Notes should be added back to net income attributable to the Company to calculate diluted earnings per share for the fourth quarter of 2010.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, Genco Shipping & Trading Limited has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
