NOTES TO UNAUDITED CONDENSED
CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. Interim Financial Statements

Our accompanying unaudited condensed consolidated financial statements of Hub Group, Inc. (“we”, “us” or “our”) have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in annual financial statements have been condensed or omitted pursuant to those rules and regulations. However, we believe that the disclosures contained herein are adequate to make the information presented not misleading.

The financial statements reflect, in our opinion, all material adjustments (which include only normal recurring adjustments) necessary to fairly present our financial position at March 31, 2009 and results of operations for the three months ended March 31, 2009 and 2008.

These unaudited condensed consolidated financial statements and notes thereto should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2008. Results of operations in interim periods are not necessarily indicative of results to be expected for a full year due partially to seasonality.

Certain prior year amounts have been classified to conform to the current year presentation.

NOTE 2. Earnings Per Share

The following is a reconciliation of our earnings per share (in thousands, except for per share data):

	Three Months Ended March 31, 2009			Three Months Ended March 31, 2008		
	Income	Shares	Per Share Amount	Income	Shares	Per Share Amount

Net income	\$ 6,178	37,321	\$ 0.17	\$ 13,135	37,101	\$ 0.35

Diluted EPS	\$ 6,178	37,412	\$ 0.17	\$ 13,135	37,405	\$ 0.35

NOTE 3. Debt

We had \$47.4 million of unused and available borrowings under our bank revolving line of credit at March 31, 2009. We were in compliance with our debt covenants at March 31, 2009.

We have standby letters of credit that expire at various dates from 2009 to 2012. As of March 31, 2009, the outstanding letters of credit totaled \$2.6 million.

NOTE 4. Commitments and Contingencies

We are a party to litigation incident to our business, including claims for freight lost or damaged in- transit, freight improperly shipped or improperly billed, property damage and personal injury. Some of the lawsuits to which we are a party are covered by insurance and are being defended by our insurance carriers. Some of the lawsuits are not covered by insurance and we are defending them. Management does not believe that the outcome of this litigation will have a material adverse effect on our financial position.

NOTE 5. Fair Value Measurement

At March 31, 2009, cash and cash equivalents and restricted investments include \$109.1 million in a money market fund comprised of U.S. treasury securities and repurchase agreements for these securities and \$6.6 million of mutual funds, respectively, which are reported at fair value. The fair value measurement of these securities is based on quoted prices in active markets for identical assets which are defined as “Level 1” of the fair value hierarchy based on the criteria in SFAS No. 157.

NOTE 6. Restructuring Charges

In the first quarter of 2009, we recorded a restructuring charge of approximately \$0.9 million consisting of a severance charge for 115 employees. Approximately \$0.5 million of severance payments remained to be paid as of March 31, 2009.

All severance charges are included in salaries and benefits in the accompanying statements of income.

The following table displays the activity and balance of the restructuring reserve in the consolidated balance sheets (in thousands):

Balance at December 31, 2008	\$	-
Restructuring expenses-severance		872
Cash payments made		(403)
Balance at March 31, 2009	\$	469

NOTE 7. New Pronouncements

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. In February 2008, the FASB deferred the effective date of SFAS No. 157 for one year for all nonfinancial assets and nonfinancial liabilities, except for those items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). We adopted SFAS No. 157 effective January 1, 2008 for all financial assets and liabilities. As of January 1, 2009, we adopted SFAS No. 157 for all non-financial assets and all non-financial liabilities. There is no impact on our financial statements at March 31, 2009.

The FASB issued Statement of SFAS No. 141(R), "Business Combinations" (SFAS No. 141(R)) in December 2007. SFAS No. 141(R) requires the acquiring entity in a business combination to record all assets acquired and liabilities assumed at their respective acquisition-date fair values including contingent consideration. In addition SFAS No. 141(R) changes the recognition of assets acquired and liabilities assumed arising from preacquisition contingencies and requires the expensing of acquisition-related costs as incurred. SFAS No. 141(R) applies prospectively to business combinations for which the acquisition date is on or after January 1, 2009. We adopted SFAS No. 141(R) effective January 1, 2009. Any impact would be on future acquisitions.

The FASB issued Statement of SFAS No. 160, "Noncontrolling Interest" (SFAS No. 160) in December 2007. SFAS No. 160 clarifies the classification of noncontrolling interests in consolidated statements of financial position and the accounting for and reporting of transactions between the reporting entity and holders of such noncontrolling interests. SFAS No. 160 is effective as of the beginning of an entity's first fiscal year that begins on or after December 15, 2008 and is required to be adopted prospectively, except for the reclassification of noncontrolling interests to equity and the recasting of net income (loss) attributable to both the controlling and noncontrolling interests, which are required to be adopted retrospectively. We adopted SFAS No. 160 effective January 1, 2009. There is no impact at March 31, 2009.

In April 2008, the FASB issued FASB Staff Position (FSP) No. 142-3, "Determination of the Useful Life of Intangible Assets." This FSP amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under SFAS No. 142, "Goodwill and

Other Intangible Assets”. This statement is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. We adopted FSP No. 142-3 effective January 1, 2009. There is no impact at March 31, 2009.

In June 2008, the FASB issued a Staff Position (FSP) on the Emerging Issues Task Force (EITF) Issue No. 03-6-1, “Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities.” (“FSP EITF 03-06-1”). The FSP clarified that all unvested share-based payment awards that contain non-forfeitable rights to dividends are participating securities and provides guidance on how to compute basic EPS under the two-class method. FSP EITF 03-6-1 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. We adopted FSP EITF 03-6-1 effective January 1, 2009 and it had no impact on our financial statements.

Actual results or experience could differ materially from the forward-looking statements as a result of many factors. We assume no liability to update any such forward-looking statements contained in this quarterly report. Factors that could cause our actual results to differ materially include:

 - changes in the cost of services from rail, drayage, truck or other vendors;
- increases in costs for independent contractors due to regulatory, judicial and legal changes;
 - labor unrest in the rail, drayage or trucking company communities;
 - general economic and business conditions;
- significant deterioration in our customer's financial condition, particularly in the retail and durable goods sectors;
 - fuel shortages or fluctuations in fuel prices;
 - increases in interest rates;
 - changes in homeland security or terrorist activity;
- difficulties in maintaining or enhancing our information technology systems;
 - changes to or new governmental regulation;
 - loss of several of our largest customers;
 - inability to recruit and retain key personnel;
- inability to recruit and retain drivers and owner operators;
 - changes in insurance costs and claims expense;
- changes to current laws which will aid union organizing efforts; and
- inability to close and successfully integrate any future business combinations.

EXECUTIVE SUMMARY

Hub Group, Inc. ("we", "us" or "our") is the largest intermodal marketing company ("IMC") in the United States and a full service transportation provider offering intermodal, truck brokerage and logistics services. We operate through a nationwide network of operating centers.

As an IMC, we arrange for the movement of our customers' freight in containers and trailers over long distances. We contract with railroads to provide transportation for the long-haul portion of the shipment and with local trucking

companies, known as “drayage companies,” for local pickup and delivery. As part of the intermodal services, we negotiate rail and drayage rates, electronically track shipments in transit, consolidate billing and handle claims for freight loss or damage on behalf of our customers.

Our drayage services are provided by our subsidiary, Comtrak Logistics, Inc. (“Comtrak”), that assists us in providing reliable, cost effective intermodal services to our customers. Our subsidiary has terminals in Atlanta, Birmingham, Charleston, Charlotte, Chattanooga, Chicago, Cleveland, Columbus, Dallas, Harrisburg, Huntsville, Jacksonville, Kansas City, Los Angeles, Memphis, Nashville, Perry, Savannah, St. Louis, Stockton, and Tampa. At March 31, 2009, Comtrak owned 287 tractors, leased 21 tractors, leased or owned 603 trailers, and employed 297 drivers and contracted with 946 owner-operators.

We also arrange for the transportation of freight by truck, providing customers with another option for their transportation needs. We match the customers' needs with carriers' capacity to provide the most effective service and price combinations. As part of our truck brokerage services, we negotiate rates, track shipments in transit and handle claims for freight loss or damage on behalf of our customers.

Our logistics service consists of complex transportation management services, including load consolidation, mode optimization and carrier management. These service offerings are designed to take advantage of the increasing trend for shippers to outsource all or a greater portion of their transportation needs.

We have full time marketing representatives throughout North America who service local, regional and national accounts. We believe that fostering long-term customer relationships is critical to our success and allows us to better understand our customers' needs and specifically tailor our transportation services to them.

Our top 50 customers' revenue represents approximately 51% of our revenue as of March 31, 2009. We use various performance indicators to manage our business. We closely monitor margin and gains and losses for our top 50 customers. We also evaluate on-time performance, costs per load and daily sales outstanding by customer account. Vendor cost changes and vendor service issues are also monitored closely.

RESULTS OF OPERATIONS

The following table summarizes our revenue by business line (in thousands):

	Three Months Ended March 31,		% Change
	2009	2008	
Revenue

Provision for income taxes	1.2	1.9
Net income	1.8%	3.1%

Three Months Ended March 31, 2009 Compared to the Three Months Ended March 31, 2008

Revenue

Revenue decreased 17.2% to \$351.7 million in 2009 from \$425.0 million in 2008. Intermodal revenue decreased 18.9% to \$245.6 million due to a 4.9% decrease in volume, an 11.0% decline for fuel, a 2.0% price decrease and 1.0% due to unfavorable mix. Truck brokerage revenue decreased 24.3% to \$68.0 million due to a decrease in volume, a 9% decrease related to fuel, lower prices and an unfavorable mix change due to a shorter length of haul. Our length of haul for truck brokerage was down 8% or 70 miles. Logistics revenue increased 17.9% to \$38.1 million related to several new customers added in 2008 and an increase in business with existing accounts.

Gross Margin

Gross margin decreased 21.4% to \$45.2 million in 2009 from \$57.5 million in 2008. This \$12.3 million margin decline comes from, in order of magnitude, first intermodal and then truck brokerage. Margin decline was attributed to pricing being down in the quarter, lower volume and changes in customer mix. As a percent of revenue, gross margin has decreased to 12.8% in 2009 from 13.5% in 2008. The decrease in gross margin as a percent of revenue

was driven primarily by intermodal pricing pressure, and lower margins from our drayage company, Comtrak.

Salaries and Benefits

As a percentage of revenue, salaries and benefits increased to 6.6% in 2009 from 6.0% in 2008. Salaries and benefits decreased to \$23.2 million in 2009 from \$25.4 million in 2008 due primarily to a decrease in bonus expense and headcount. Bonus is \$2.0 million lower in the first quarter of 2009 due to not earning any EPS-based bonus in 2009. This decrease was partially offset by an increase in salaries which included severance costs for the three months ended March 31, 2009 of \$0.9 million. Headcount as of March 31, 2009 was 1,004 which excludes drivers as driver costs are included in transportation costs.

General and Administrative

General and administrative expenses decreased to \$10.1 million in 2009 from \$10.2 million in 2008. As a percentage of revenue, these expenses increased to 2.9% from 2.4%. Total expenses decreased due to a reduction in outside services of \$0.5 million, and a reduction of \$0.2 million each for sales commissions, advertising expenses and travel and entertainment expenses. These decreases were partially offset by a \$1.0 million increase in bad debt expense, quarter over quarter.

Depreciation and Amortization

Depreciation and amortization increased to \$1.2 million in 2009 from \$1.0 million in 2008. This expense as a percentage of revenue increased to 0.3% in 2009 from 0.2% in 2008. The increase in depreciation and amortization is due primarily to a decrease in the salvage value of certain assets.

Other Income (Expense)

Interest and other income decreased to \$0.04 million in 2009 from \$0.40 million in 2008. The decrease in interest and dividend income is a result of lower interest rates in 2009 due to investing our cash in money market funds comprised of U.S. Treasury Securities and repurchase agreements for these securities rather than commercial paper.

Provision for Income Taxes

The provision for income taxes decreased to \$4.5 million in 2009 compared to \$8.3 million in 2008. We provided for income taxes using an effective rate of 42.3% in 2009 and an effective rate of 38.6% in 2008. The 2009 effective rate was higher due to income tax law changes enacted in February, 2009 by Wisconsin and California. The combined effect of the changes is approximately a \$0.4 million increase in expense.

Net Income

Net income decreased to \$6.2 million in 2009 from \$13.1 million in 2008 due to lower gross margin partially offset by decreases in both operating expenses and income tax expense.

Earnings Per Common Share

Basic earnings per share were \$0.17 in 2009 and \$0.35 in 2008. Diluted earnings per share were \$0.17 in 2009 and \$0.35 in 2008.

LIQUIDITY AND CAPITAL RESOURCES

During 2009, we have funded operations, capital expenditures and stock buy backs through cash flows from operations.

Cash provided by operating activities for the three months ended March 31, 2009 was approximately \$29.1 million, which resulted primarily from income of \$6.2 million adjusted for non-cash charges of \$6.3 million and the change in operating assets and liabilities of \$16.6 million.
