DIVIDEND REINVESTMENT PLANS

Each Fund offers an automatic dividend reinvestment program. If Fund shares are registered in your name and you are not already reinvesting dividends but would like to do so, contact the dividend plan agent, Mellon Investor Services, L.L.C., at 800 851-9677. You will be asked to put your request in writing. If you have shares registered in "street" name, contact your financial advisor or the broker/dealer holding the shares.

Under the current policies of Arizona Municipal Income Fund, Florida Insured Municipal Income Fund, Minnesota Municipal Income Fund, and Minnesota Municipal Income Fund II, all distributions of net investment income and capital gains to common stock shareholders are automatically reinvested in additional shares unless shareholders elect to receive all dividends and other distributions in cash paid by check mailed directly to shareholders by the dividend plan agent. Under the current policies of Colorado Insured Municipal Income Fund and Minnesota Municipal Income Fund III, distributions of net investment income and capital gains to common shareholders will be paid in cash unless shareholders notify Mellon Investor Services, L.L.C. of their desire to participate in the dividend reinvestment program.

After each Fund declares a dividend or determines to make a capital gains distribution, the plan agent will, as agent for the participants, receive the cash payment and use it to buy shares in the open market on the American Stock Exchange. The Funds will not issue any new shares in connection with the plan. You can contact Mellon at:

- (1) As required, effective April 1, 2001, the Fund adopted the provisions of the AICPA Audit and Accounting Guide for Investment Companies that require amortization of all premiums and discounts on debt securities. The effect of this change for the period ended March 31, 2002 was an increase in net investment income per share of \$0.006, a decrease in net realized and unrealized gain (loss) per share of \$0.006, and an increase in the ratio of net investment income to average net assets of 0.04%. Per share data and ratios for periods prior to April 1, 2001 have not been restated to reflect this change in accounting.
- (2) Total investment return is calculated assuming a purchase of common stock on the opening of the first day and a sale on the closing of the last day of each period reported. Dividends and distributions, if any, are assumed for the purposes of this calculation, to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Generally, total investment return based on net asset value will be higher than total investment return based on market value in periods where there is an increase in the discount or a decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. Conversely, total investment return based on net asset value will be lower than total investment return based on market value in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of such periods. Total investment return reflects a waiver and payment of fees by the manager and distributors, as applicable. Performance would have been lower had the expense limitation not been in effect.
- (3) Ratios do not reflect the effect of dividend payments to preferred shareholders.

Edgar Filing: DELAWARE INVESTMENTS FLORIDA INSURED MUNICIPAL INCOME FUND - Form N-CSR

- (4) Ratio reflects total net investment income less dividends paid to preferred shareholders from net investment income divided by average net assets applicable to common shareholders.
- (5) Excluding any accumulated but unpaid dividends.
- (6) Ratios and portfolio turnover have been annualized and total return has not been annualized.

The average shares outstanding method has been applied for per share information for the six months ended 9/30/04 and the year ended 3/31/04.

(1) As required, effective April 1, 2001, the Fund adopted the provisions of the AICPA Audit and Accounting Guide for Investment Companies that require

amortization of all premiums and discounts on debt securities. The effect of this change for the period ended March 31, 2002 was an increase in net investment income per share of \$0.007, a decrease in net realized and unrealized gain (loss) per share of \$0.007, and an increase in the ratio of net investment income to average net assets of 0.04%. Per share data and ratios for periods prior to April 1, 2001 have not been restated to reflect this change in accounting.

- (2) Total investment return is calculated assuming a purchase of common stock on the opening of the first day and a sale on the closing of the last day of each period reported. Dividends and distributions, if any, are assumed for the purposes of this calculation, to be reinvested at prices obtained under the Fund's dividend reinvestment plan. Generally, total investment return based on net asset value will be higher than total investment return based on market value in periods where there is an increase in the discount or a decrease in the premium of the market value to the net asset value from the beginning to the end of such periods. Conversely, total investment return based on net asset value will be lower than total investment return based on market value in periods where there is a decrease in the discount or an increase in the premium of the market value to the net asset value from the beginning to the end of such periods.

DELAWARE INVESTMENTS CLOSED-END MUNICIPAL BOND FUNDS
 NOTES
 TO FINANCIAL STATEMENTS

Delaware Investments Minnesota Municipal Income Fund, Inc. ("Minnesota Municipal Fund"); Delaware Investments Minnesota Municipal Income Fund II, Inc. ("Minnesota Municipal Fund II"); Delaware Investments Minnesota Municipal Income Fund III, Inc. ("Minnesota Municipal Fund III"); Delaware Investments Arizona Municipal Income Fund, Inc. ("Arizona Municipal Fund"), and Delaware Investments

Colorado Insured Municipal Income Fund, Inc. ("Colorado Insured Municipal Fund") are organized as Minnesota corporations and Delaware Investments Florida Insured Municipal Income Fund ("Florida Insured Municipal Fund") is organized as a Massachusetts Business Trust (each referred to as a "Fund" and collectively as the "Funds"). The Minnesota Municipal Fund II, Florida Insured Municipal Fund and Arizona Municipal Fund are diversified closed-end management investment companies and Minnesota Municipal Fund, Minnesota Municipal Fund III and Colorado Insured Municipal Fund are non-diversified closed-end management investment companies under the Investment Company Act of 1940, as amended. The Funds' shares trade on the American Stock Exchange.

The investment objective of each Fund is to provide high current income exempt from federal income tax and from the personal income tax of its state, if any, consistent with the preservation of capital. Florida Insured Municipal Fund will generally seek investments that will enable its shares to be exempt from Florida's intangible personal property tax. Each Fund will seek to achieve its investment objective by investing substantially all of its net assets in investment grade, tax-exempt municipal obligations of its respective state.

1. SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies are in accordance with U.S. generally accepted accounting principles and are consistently followed by the Funds.

Security Valuation - Long-term debt securities are valued by an independent pricing service and such prices are believed to reflect the fair value of such securities. Short-term debt securities having less than 60 days to maturity are valued at amortized cost, which approximates market value. Other securities and assets for which market quotations are not readily available are valued at fair value as determined in good faith under the direction of the Funds' Board of Trustees/Directors.

Federal Income Taxes - Each Fund intends to continue to qualify for federal income tax purposes as a regulated investment company and make the requisite distributions to shareholders. Accordingly, no provision for federal income taxes has been made in the financial statements.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Other - Expenses common to all funds within the Delaware Investments Family of Funds are allocated amongst the Funds on the basis of average net assets. Management fees and some other expenses are paid monthly. Security transactions are recorded on the date the securities are purchased or sold (trade date). Costs used in calculating realized gains and losses on the sale of investment securities are those of the specific securities sold. Interest income is recorded on the accrual basis. Discounts and premiums are amortized to interest income over the lives of the respective securities. Each Fund declares and pays dividends from net investment income monthly and distributions from net realized gain on investments, if any, annually.

In addition, in order to satisfy certain distribution requirements of the Tax Reform Act of 1986, the Funds may declare special year-end dividend and capital gains distributions during November or December to shareholders of record on a date in such month. Such distributions, if received by shareholders by January 31, are deemed to have been paid by the Funds and received by shareholders on the earlier of the date paid for December 31 of the prior year.

Edgar Filing: DELAWARE INVESTMENTS FLORIDA INSURED MUNICIPAL INCOME FUND - Form N-CSR

Expenses Paid Indirectly - The Funds may receive earnings credits from their custodian when positive cash balances are maintained, which are used to offset custody fees. The expenses paid under the above arrangement is included in the custodian fees on the Statement of Operations with the corresponding expense offset shown as "expenses paid indirectly." The amount of this expense for the six months ended September 30, 2004, were as follows:

	Minnesota Municipal Fund I -----	Minnesota Municipal Fund II -----	Minnesota Municipal Fund III -----	Arizona Municipal Fund -----	Florida I Municipal Fund -----
Earnings Credits	\$871	\$2,017	\$677	\$1,374	\$1,10

2. INVESTMENT MANAGEMENT, ADMINISTRATION AGREEMENTS AND OTHER TRANSACTIONS WITH AFFILIATES

In accordance with the terms of its respective investment management agreement, each Fund pays Delaware Management Company (DMC), a series of Delaware Management Business Trust and the investment manager, an annual fee of 0.40% which is calculated daily based on the average daily net assets of each Fund, including assets attributable to any preferred stock that may be outstanding.

As of September 1, 2004, DMC has contractually agreed to waive that portion, if any, of its management fee and reimburse the Minnesota Municipal Fund to the extent necessary to ensure that annual operating expenses, exclusive of taxes, interest, brokerage commissions, distribution fees, certain insurance costs and extraordinary expenses, do not exceed 0.72% of average daily net assets of the Fund, including assets attributable to any preferred stock that may be outstanding, through March 31, 2005.

The Funds have engaged Delaware Service Company, Inc., (DSC), an affiliate of DMC, to provide accounting and administration services which are based on average net assets and paid on a monthly basis, subject to certain minimums.

For federal income tax purposes, certain Funds had accumulated capital losses as of March 31, 2004, which may be carried forward and applied against future capital gains. Such capital loss carry forward amounts will expire as follows:

	2005	2006	2008	2009
	-----	-----	-----	-----
Minnesota Municipal Fund II	\$ 73,298	\$132,129	\$437,162	\$175,804
Minnesota Municipal Fund III	455,666	6,539	56,856	153,308

For financial reporting purposes, capital accounts and distributions to shareholders are adjusted to reflect the tax character of permanent book/tax differences. For the six months ended September 30, 2004, the Funds recorded an estimate of these differences since the final tax characteristics cannot be determined until fiscal year end. Reclassifications are primarily due to tax treatment of market discount and premium on certain debt instruments. Results of operations and net assets were not affected by these reclassifications.

5. CAPITAL STOCK

Pursuant to their articles of incorporation, Minnesota Municipal Fund, Minnesota Municipal Fund II, Minnesota Municipal Fund III, Arizona Municipal Fund and Colorado Insured Municipal Fund each have 200 million shares of \$0.01 par value common shares authorized. Florida Insured Municipal Fund has been authorized to issue an unlimited amount of \$0.01 par value common shares. The Funds did not repurchase any shares under the Share Repurchase Program during the period ending September 30, 2004. Shares issuable under the Fund's dividend reinvestment plan are purchased by the Fund's transfer agent, Mellon Investor Services, LLC, in the open market.

The Funds each have one million shares of \$0.01 par value preferred shares authorized, except for Florida Insured Municipal Fund, which has an unlimited amount of \$0.01 par value preferred shares authorized. Under resolutions adopted by the Board of Directors/Trustees, Minnesota Municipal Fund is allowed to issue up to 400 preferred shares, of which the entire amount was issued on August 6, 1992. On May 14, 1993, Minnesota Municipal Fund II, Arizona Municipal Fund and Florida Insured Municipal Fund issued 1,200, 500 and 400 preferred shares, respectively. On December 10, 1993, Minnesota Municipal Fund III issued 300 preferred shares and on September 23, 1993, Colorado Insured Municipal Fund issued 800 preferred shares. The preferred shares of each Fund have a liquidation preference of \$50,000 per share plus an amount equal to accumulated

but unpaid dividends.

5. CAPITAL STOCK (CONTINUED)

Dividends for the outstanding preferred shares of each Fund are cumulative at a rate established at the initial public offering and are typically reset every 28 days based on the results of an auction. Dividend rates (adjusted for any capital gain distributions) ranged during the period ended September 30, 2004 as follows:

Fund	Low		High
----	-----		-----
Minnesota Municipal Fund	1.02%	to	1.45%
Minnesota Municipal Fund II	1.00%	to	1.50%
Minnesota Municipal Fund III	1.05%	to	1.30%
Arizona Municipal Fund	0.95%	to	1.55%
Florida Insured Municipal Fund	0.95%	to	1.45%
Colorado Insured Municipal Fund	0.97%	to	2.00%

Salomon Smith Barney, Inc. and Merrill Lynch Pierce, Fenner & Smith Inc. (Colorado Insured Municipal Fund only), as the remarketing agents, receive an annual fee from each of the Funds of 0.25% of the average amount of preferred stock outstanding.

Under the 1940 Act, the Funds may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred stock is less than 200%. The preferred shares are redeemable at the option of the Funds, in whole or in part, on any dividend payment date at \$50,000 per share plus any accumulated but unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$50,000 per share plus any accumulated but unpaid dividends whether or not declared, if certain requirements relating to the composition of the assets and liabilities of each Fund are not satisfied. The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares are also entitled to elect two of each Fund's Directors. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, and (b) take any action requiring a vote of security holders pursuant of Section 13(a) of the 1940 Act, including, among other things, changes in each of the Fund's subclassification as a closed-end investment company or changes in their fundamental investment restrictions.

6. CREDIT AND MARKET RISKS

The Funds concentrate their investments in securities issued by municipalities. The value of these investments may be adversely affected by new legislation within the state, regional or local economic conditions, and differing levels of

supply and demand for municipal bonds. Many municipalities insure repayment for their obligations. Although bond insurance reduces the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons and there is no assurance that the insurance company will meet its obligations. These securities have been identified in the Statements of Net Assets.

The Funds may invest in inverse floating rate securities ("inverse floaters"), a type of derivative tax-exempt obligation with floating or variable interest rates that move in the opposite direction of short-term interest rates, usually at an accelerated speed. Consequently, the market values of inverse floaters will generally be more volatile than other tax-exempt investments. Such securities are denoted on the Statements of Net Assets.

7. CONTRACTUAL OBLIGATIONS

The Fund enters into contracts that contain a variety of indemnifications. The Funds' maximum exposure under these arrangements is unknown. However, the Funds have not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

8. TAX INFORMATION

The information set forth is for the Funds' semi-annual period as required by federal laws. Shareholders, however, must report distributions on a calendar year basis for income tax purposes, which may include distributions for portions of two fiscal years of the fund. Accordingly, the information needed by shareholders for income tax purposes will be sent to them in January of each year. Please consult your tax advisor for proper treatment of this information. The information presented below is subject to change since final tax characteristics cannot be determined until fiscal year end.

For the six months ended September 30, 2004, each Fund designates as long-term capital gains, ordinary income, and tax-exempt income distributions paid during the year as follows:

	Long-Term Capital Gains Distributions	Ordinary Income Distributions	Tax Exempt Income	Total Distributi (Tax Basi
