Proxy Statement

Annual Meeting of Shareholders to be held January 8, 2004

GENERAL INFORMATION

This Proxy Statement is being furnished to shareholders of Sorrento Networks Corporation, a Delaware corporation, in connection with the solicitation of proxies by our Board of Directors for use at our Annual Meeting of Shareholders (the "Annual Meeting") to be held at the San Diego Marriott Del Mar, 11966 El Camino Real, San Diego, California, on January 8, 2004 at 10:00 a.m., and any adjournments or postponements thereof, pursuant to the Notice of Meeting. The approximate date on which this Proxy Statement is first being sent to shareholders is _____, 2003.

Who Can Vote

Only holders of record of our common stock, par value \$0.001 per share, at the close of business on November 24, 2003, are entitled to vote at the Annual Meeting. As of November 15, 2003, we had outstanding and entitled to vote 10,477,217 shares of common stock. The 444 shares of common stock in our treasury on that date will not be voted.

How You Can Vote by Proxy

If you are a registered shareholder (you hold your stock in your own name), you may vote by one of the following methods:

- o Proxy Card, by completing and mailing the enclosed proxy card;
- o Telephone Voting, by dialing 1-800-PROXIES and following the enclosed instructions for telephone voting;
- o Via the Internet, by going to the web address <http://www.amstock.com> and following the enclosed instructions for Internet voting.

If you are a registered voter, you can simplify your voting and save the Company expense by voting via the Internet or calling the toll-free number listed on the proxy card. A control number, located on the proxy card, is designated to verify a shareholder's identity and allow the shareholder to vote the shares and confirm that the voting instructions have been recorded properly. If you vote via the Internet or by telephone, please do not return a signed proxy card.

1

Please be aware that if you vote over the Internet, you might incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for eligible shareholders of record will close at 11:59 p.m. [Pacific] Time on January 7, 2003.

If you return your signed proxy card or use the telephone or Internet voting before the Annual Meeting, we will vote your shares as you direct. You have three choices on each matter to be voted upon. For the election of

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

directors, you may vote for (1) all of the nominees, (2) none of the nominees, or (3) all of the nominees except those you designate. See "Proposal 1 - Election of Directors." For each of the other items, you may vote "FOR", "AGAINST," or "ABSTAIN" from voting.

If you do not specify on your proxy card or through Internet or telephone prompts how you want to vote your shares, we will vote them "for" the election of director nominees and "for" ratification of the independent auditors.

If your shares are held in "street name" (through a broker or other nominee), you must provide instructions on voting to your nominee holder. If you wish to vote in person at the meeting, you must obtain from the record holder a legal proxy issued in your name. You will need to contact your broker or other nominee to determine whether you will be able to vote electronically via the Internet or by telephone.

How You May Revoke or Change Your Vote

You can revoke your proxy at any time before it is voted at the Annual Meeting by:

- (1) Sending written notice of revocation to the Corporate Secretary; or
- (2) Submitting another proper proxy with a more recent date than that of the proxy first given by (i) following the Internet voting instructions, or (ii) following the telephone voting instructions, or (iii) by signing and returning a proxy card to the Company; or
- (3) Attending the Annual Meeting and voting in person.

Another person at the meeting may also represent you if you execute a proper proxy designating that person.

Any notice of revocation that is delivered at the Annual Meeting should be hand-delivered to the Inspector of Election at or before the taking of the vote. A shareholder may be requested to present such documents as shall be reasonably requested for the purpose of establishing such shareholder's identity.

Quorum, Voting Requirements and Effect of Abstentions and Non-Votes

At the Annual Meeting, an Inspector of Election will determine the presence of a quorum and tabulate the results of the voting by the shareholders. The holders of a majority of the

outstanding shares of common stock that are entitled to vote at the Annual Meeting must be present in person or by proxy in order to have the quorum that is necessary for the transaction of business at the Annual Meeting. The Inspectors will treat properly executed proxies marked "abstain" or required to be treated as "non-votes" as present for purposes of determining whether there is a quorum at the Annual Meeting. Broker "non-votes" occur when a broker or nominee holding shares for a beneficial owner returns a proxy but does not have the authority to vote on a particular proposal.

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

The seven nominees for director who receive the highest number of affirmative votes will be elected to serve as directors until the next annual meeting of our shareholders or until their successors are duly elected and qualified. All other matters will require the approval of a majority of the votes cast by the holders of common stock in person or by proxy at the Annual Meeting.

Costs of Solicitation

We will bear the cost of preparing, printing, and mailing material in connection with this solicitation of proxies. In addition to mailing material, certain of our employees may make solicitations personally, by telephone and by fax. We are required to reimburse brokerage firms, banks, and others for their reasonable out-of-pocket expenses, including clerical expenses, related to forwarding proxy material to beneficial owners of stock or otherwise in connection with this solicitation of proxies.

Annual Report

Our Annual Report on Form 10-K/A for the fiscal year ended January 31, 2003, containing audited financial statements for such year, and the Quarterly Report on Form 10-Q for the fiscal quarter ended July 31, 2003 are enclosed with this Proxy Statement. This Proxy Statement and the enclosed Proxy are being sent to our shareholders on or about _____, 2003.

IN ORDER THAT YOUR SHARES MAY BE REPRESENTED AT THIS MEETING, YOU ARE REQUESTED TO PLEASE SIGN, DATE AND MAIL THE PROXY PROMPTLY.

(other than those compensation functions assigned to the Compensation Committee) to determine whether such agreements or transactions are fair to our shareholders.

Our independent auditors and our internal accounting staff have unrestricted access to our Audit Committee.

The Audit Committee is composed of independent directors, and acts under a written charter first adopted and approved by the Board of Directors in June 2000, a copy of which is attached to this Proxy Statement as Exhibit A. Each member of the Audit Committee is independent as defined by the NASDAQ Stock Market Listing Standards and by the Sarbanes-Oxley Act of 2002. Mr. Fisher served as chairman of the Audit Committee with Messrs. Matthews and Parsons as members of the Audit Committee. In fiscal year 2004, Mr. Fisher has again been elected to serve as chairman of the Audit Committee with Messrs. Herzog, Matthews, and Schilling serving as members. The report by the Audit Committee for the year ended January 31, 2003, as submitted by the members of the Audit Committee, follows:

Audit Committee Report

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report by reference therein.

The Audit Committee consulted with our independent accountants regarding the following:

- o the plan for, and the independent accountants' report on, each audit of our financial statements;
- o our financial disclosure documents, including all financial statements and reports filed

6

with the SEC and sent to shareholders;

- o reviewing our accounting practices, principles, controls and methodologies;
- o significant developments in accounting and SEC rules;
- o the adequacy of our internal controls and the performance of our accounting personnel.

The Audit Committee is responsible for overseeing and monitoring the quality of our accounting and auditing practices as well as recommending to the Board that our financial statements be included in our annual report. Management is responsible for planning and conducting audits, ensuring that our financial statements are prepared in accordance with accounting principles generally accepted in the United States of America, and our system of internal controls.

In this context, the Audit Committee has held discussions with management

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

and BDO Seidman, LLP, our independent accountants for fiscal 2003. Management has represented to the Committee that our financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Committee has reviewed and discussed the consolidated financial statements and other such matters deemed relevant and appropriate with management and the independent accountants. In addition, the Committee has met with the independent accountants and discussed the scope and results of the audit for fiscal 2003 and the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees".

Further, the Audit Committee has received the written disclosures and the letter from BDO Seidman, as required by Independence Standards Board No. 1, "Independence Discussions with Audit Committees", and has discussed with BDO Seidman, LLP its independence from management. The Committee has also reviewed the fees received by the independent accountants for services related to fiscal 2003 and determined that no material amounts were paid for non-audit related services, and such amounts were compatible with the maintenance of BDO Seidman, LLP's independence in the conduct of its auditing function.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended January 31, 2003, as amended, for filing with the Securities and Exchange Commission. The Committee also has recommended, subject to stockholder ratification, the selection of BDO Seidman, LLP as our independent accountants for the fiscal year ending January 31, 2004.

The members of the Audit Committee have also confirmed there have been no new circumstances or developments since their respective appointments to the Audit Committee that would impair any member's ability to act independently.

During fiscal 2003 we made sales of \$312,000, including deferred revenue, to these customers and these customers had no outstanding receivables at January 31, 2003. During the six months ended July 31, 2003 we had sales of \$156,000 to these customers. These customers had outstanding receivables of \$78,000 as of July 31, 2003. As noted above, Mr. Fisher is a director of Liberty Media Corporation, which is a shareholder of UGC and debt holder in one of its indirect subsidiaries. Mr. Fisher was not one of our directors when we made these sales and extended credit to these customers. However, indirect subsidiaries of UGC continue to be among our customers.

As of January 31, 2003 there were no options held by executive officers or management that were exercisable at \$6.33 or less.

Employment Agreements

On March 1, 2002 Mr. Arneson assumed the role of our Chairman, President and Chief Executive Officer. On April 30, 2002, our Board of Directors approved an employment agreement with Mr. Arneson regarding the terms of his employment as Chairman, Chief Executive Officer and President, which superseded his August 2001 contract. The agreement provides for annual compensation of \$250,000. The agreement also calls for the vesting, as of March 1, 2002, of the 6,250 options granted Mr. Arneson on September 17, 2001, and the granting of 23,750 additional stock options (adjusted for the 1-for-20 reverse split) at a strike price equal to the closing price of our common stock on NASDAQ on March 1, 2002, which shares are to vest at the rate of 1,000 shares per month beginning on April 1, 2002, continuing for 12 months, when 5,000 additional shares vest, and beginning on May 1, 2003, 1,125 shares will vest each month. The employment is at will; however, if Mr. Arneson should be terminated without cause or resign in certain circumstances, he would receive a lump sum severance

payment of two years' base salary and vesting of all stock options, and health and life benefits; he would be required to provide exclusive consulting services for two years following his termination. The agreement also calls for the reimbursement of living expenses in San Diego at the rate of \$2,750.00 per month while Mr. Arneson remains employed. In the event of a change of control, merger or sale of our company, Mr. Arneson is entitled to receive an immediate payment equal to two year's salary, health and life insurance benefits for two years and vesting of all his options. In June 2003, our Board of Directors amended the termination section of Mr. Arneson's contract and authorized increases in annual compensation to \$275,000, and monthly living allowance to \$3,250.

In May 2002, we entered into an employment agreement with Mr. Armstrong, our CFO, which provides for an annual salary of \$200,000 per year plus bonus of \$20,000, which was paid in a lump-sum, in June 2002, and 10,500 options (adjusted for the 1-for-20 reverse split) to acquire our common stock vesting over two years. The contract is for no specified term and Mr. Armstrong is an at-will employee such that we or Mr. Armstrong may terminate employment at any time, with or without cause or notice, and with or without reason, subject to the rights and obligations as provided in the contract. However, should Mr. Armstrong be terminated without cause he will receive a lump-sum severance

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

payment of one year's salary, health and life benefits for one year and vesting of all his options. In the event of a change of control, merger or sale of our company, Mr. Armstrong is entitled to receive an immediate payment equal to one year's salary, health and life insurance benefits for one year and vesting of all his options. In June 2003, our Board of Directors authorized an increase in Mr. Armstrong's annual compensation to \$225,000.

In July 2002, we entered into an employment agreement with Mr. Jacobson, which provides for an annual salary of \$250,000 per year and 9,000 options (adjusted for the 1-for-20 reverse split) to acquire our common stock vesting over two years. This contract replaced and superseded his July 2000 employment agreement. The contract was for no specified term and Mr. Jacobson is an at-will employee, such that either we or Mr. Jacobson could terminate employment at any time, with, or without cause or notice, and with or without reason, subject to the rights and obligations as provided in the contract. As of July 1, 2003, Mr. Jacobson is no longer in our employ.

Compensation Committee Report

The following report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

The Compensation Committee in fiscal year 2003 consisted of Donne F. Fisher, Robert L. Hibbard and Phillip W. Arneson. In June 2003, Mr. Arneson resigned from the Compensation Committee and Larry Mathews joined the Committee. The Compensation Committee reviews, recommends and approves changes to our compensation and benefits policies and programs, makes recommendations to the Board for options granted under our plans and is responsible for reviewing and approving the compensation for our executive officers and certain of our senior management. A majority of the Committee is neither our current employees nor our former employees nor are they eligible to participate in any of our executive compensation programs. Mr. Arneson did not participate in meetings of the Committee concerning his compensation package.

We have developed and are developing compensation programs designed to reflect our performance and to be competitive in the marketplace. In designing

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

compensation programs, we attempt to reflect both value created for shareholders while supporting our strategic goals. The goals of our short-term and long-term compensation programs are to:

- o Attract, retain and motivate a high caliber executive leadership team and employee group;
- o Competitive base salaries in keeping with a philosophy of career continuity;
- o Align executive compensation with shareholder interests;
- o Support our short-term and long-term strategic goal and objectives;
- o Promote our value and reward individuals for outstanding contributions to our success.

The nature of our business requires a technologically innovative personnel team to make a long-term commitment to our growth. Accordingly, we grant incentive awards primarily in the form of stock options with view towards long-term corporate performance. These awards may not fluctuate as much as year-to-year financial results. Under our programs, a substantial portion of senior executives' potential compensation depends on increases in shareholder value.

We pay for performance on the basis of an individual's level of responsibility. For this purpose, performance means both individual and corporate performance. Individual performance includes the ability to put our business plans into effect and to react to unanticipated events. We base compensation decisions for all employees, including the executive officers on this criteria.

Our executive compensation is based upon three components, base salary, short-term

19

incentive awards and long-term incentives, which are intended to meet our compensation program goals.

Base Salary

In keeping with the long-term and highly technical nature of our business, we take a long-term approach to management development. This career-oriented philosophy requires a competitive base salary. We base our salary structure on competitive positioning (comparing our salary structure with salaries paid by comparable companies), our own business performance, and general economic factors, and increases in the individual's responsibilities, whether through promotions or otherwise. Specific weights are not given to these factors, but competitive positioning is the most important factor. Within the comparable salary ranges, we determine individual senior management salaries based on individual performance, level of responsibility, and experience.

Short-Term Incentive Awards

Our short-term incentive awards are discretionary. When deemed appropriate,

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

they are designed to reflect the officer's contribution to the overall success of the organization and also consider the long-range impact of near-term decisions and contributions. Any award an executive receives depends on his/her individual performance and level of responsibility. Both objective and subjective measures are considered. These include, but are not limited to: sales, profit margins, operating expense, net income, working capital, individual initiative, business judgment, technical expertise and operational excellence.

Long-Term Incentive Awards

Long-term incentive awards are intended to develop and retain strong management through share ownership and incentive awards that recognize future performance. Stock options, stock appreciation rights, stock awards and cash awards may be granted to directors, executive officers and all our employees. The Committee believes that a significant portion of senior management's compensation should depend on value created for the shareholders. Option grants, SARs, and stock and cash awards are an excellent way to accomplish this because they tie management's interests directly to the shareholders' interests.

The number of awards granted to senior management is based on individual performance and level of responsibility. For this purpose, the Committee measures performance the same way as described above for short-term awards. Awards must be sufficient in size to provide a strong incentive for executives to work for long-term business interests and become significant owners of our Company.

Stock Option Tender Offer

To address the needs of our employees, to retain talented employees, and to keep our

20

employees motivated, the Compensation Committee approved a tender offer for certain employee stock options. Participation in the tender offer was a voluntary program that allowed eligible employees to tender for cancellation some or all of their eligible stock options that had an exercise price greater than or equal to \$7.50 per share (before giving effect to our 1-for-20 reverse stock split in October 2002) for our FIBR shares and all options granted by our subsidiary Sorrento Networks, Inc., regardless of exercise price, for the opportunity to receive an option for a smaller number of shares at a current market price in six months and one day following the expiration date of the tender offer. Eligible employees were required to declare their election to participate in the program before May 17, 2002, at which time the options they elected to tender were cancelled. Because the new option grants were made six months and one day following the day the tendered options were cancelled, we did not have to change to variable method of accounting for stock options to employees.

Employees that participated in the program received favorable vesting terms that allowed the new option grant(s) to credit for the six months from time of cancellation of their old options to the new option grant date, with the remaining unvested portion of the new option grant(s) vesting in accordance with their prior vesting schedule.

Edgar Filing: SORRENTO NETWORKS CORP - Form PRE 14A

Our then current and former directors and executive officers, and key management were not eligible to participate in the stock option tender offer.

We believe the actions we have taken over the past fiscal year have aligned with our objectives and were appropriate to attract, retain and motivate the talent we need to execute our restructuring plan and restore value to our shareowners.

PROPOSAL 2

22

APPROVAL OF COMMON SHARE ISSUANCE FOR THE RELEASE OF \$1,027,000 IN CASH PROCEEDS FROM LUXN ACQUISITION

This proposal will determine if 505,153 shares of common stock should be issued to the participating LuxN shareholders that would result in cash proceeds of \$1,027,000 to the Company for the use of general working capital purposes. If not approved, the \$1,027,000 currently held by the Company as restricted cash would be returned to those shareholders.

On August 8, 2003, Sorrento Networks Corporation successfully completed the acquisition of LuxN, Inc. LuxN's product line supplies optical access equipment to the network edge using coarse and dense wavelength division multiplexing (CWDM and DWDM) technology. LuxN's OSMINE-certified products enable delivery of high-bandwidth data, storage, video, and voice services for service providers, cable MSOs, and enterprises. Sorrento acquired LuxN for a combination of stock, warrants, and cash previously held by LuxN. LuxN's stockholders were given the option to exchange their shares of LuxN stock for either their pro-rata portion of LuxN's net cash or shares of Sorrento's common stock. LuxN stockholders, regardless of their election to receive either net cash proceeds or Sorrento's common stock, received their pro-rata portion of warrants to purchase 400,000 shares of Sorrento's common stock at an exercise price of \$3.05 per share. The warrants are being held in escrow for a period of six months to satisfy any successful indemnification claims.

At closing, Sorrento issued 1,374,194 shares of its common stock and warrants to purchase 400,000 shares, which together represented 19.9% of Sorrento's then outstanding shares. This issuance resulted in \$2,794,194 being received by Sorrento for general working capital purposes. There remains \$1,027,145 in LuxN's net cash that can be exchanged for 505,153 shares of common stock, but the issuance of those additional shares is subject to stockholder approval because the aggregate of the shares of Sorrento's common stock that were issued at the closing of the acquisition, the shares into which the warrants are exercisable, and the additional 505,153 shares exceeded 20% of Sorrento's outstanding shares of common stock on the date of the acquisition.

The LuxN acquisition has brought Sorrento both valuable customers and products. In order to complete a successful integration between the two companies, cash resources are required to support legal, engineering and sales and marketing activities. Sorrento is in critical need of cash to support its ongoing operations and to take advantage of the revenue and growth opportunities associated with the acquisition. Without the approval of these additional cash proceeds from the LuxN acquisition, Sorrento will be required to forego important and significant plans for marketing, product development and ongoing

operations.

Without approval the additional cash held by the Company as restricted cash will be returned to the LuxN shareholders.

The Company's Board of Directors supports the approval of Proposal 2 and recommends a vote in favor of the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE
"FOR" APPROVAL OF COMMON SHARE ISSUANCE FOR LUXN ACQUISITION.

A member of BDO Seidman, LLP will be present at the Annual Meeting and will be available to respond to appropriate questions and will have the opportunity to make a statement.
