RISK FACTORS

The information in this section replaces the information in the “Risk Factors” section beginning on page 2 of the accompanying prospectus.

Before purchasing the securities, investors should carefully consider the following risk factors together with the risk factors and other information incorporated by reference or provided in the accompanying prospectus or in this prospectus supplement in order to evaluate an investment in the securities.

FPL Group and FPL Group Capital are subject to complex laws and regulations and to changes in laws and regulations as well as changing governmental policies and regulatory actions, including, but not limited to, initiatives regarding deregulation and restructuring of the energy industry and environmental matters, including, but not limited to, matters related to the effects of climate change. Florida Power & Light Company holds franchise agreements with local municipalities and counties, and must renegotiate expiring agreements. These factors may have a negative impact on the business and results of operations of FPL Group and FPL Group Capital.

FPL Group and FPL Group Capital are subject to complex laws and regulations, and to changes in laws or regulations, including, but not limited to, the Public Utility Regulatory Policies Act of 1978, the Public Utility Holding Company Act of 2005, the Federal Power Act, the Atomic Energy Act of 1954, the Energy Policy Act of 2005 and certain sections of the Florida statutes relating to public utilities, changing governmental policies and regulatory actions, including, but not limited to, those of the Federal Energy Regulatory Commission, the Florida Public Service Commission and the legislatures and utility commissions of other states in which FPL Group and FPL Group Capital have operations, and the U.S. Nuclear Regulatory Commission, with respect to, among other things, allowed rates of return, industry and rate structure, operation of nuclear power facilities, construction and operation of plant facilities, construction and operation of transmission and distribution facilities, acquisition, disposal, depreciation and amortization of assets and facilities, recovery of fuel and purchased power costs, decommissioning costs, return on common equity and equity ratio limits, and present or prospective wholesale and retail competition (including, but not limited to, retail wheeling and transmission costs). The Florida Public Service Commission has the authority to disallow recovery by Florida Power & Light Company of any and all costs that it considers excessive or imprudently incurred. The regulatory process generally restricts Florida Power & Light Company’s ability to grow earnings and does not provide any assurance as to achievement of earnings levels.

FPL Group and FPL Group Capital are subject to extensive federal, state and local environmental statutes, rules and regulations, as well as the effect of changes in or additions to applicable statutes, rules and regulations relating to air quality, water quality, climate change, waste management, marine and wildlife mortality, natural resources and health and safety that could, among other things, restrict or limit the output of certain facilities or the use of certain fuels required for the production of electricity and/or require additional pollution control equipment and otherwise increase costs. There are significant capital, operating and other costs associated with compliance with these environmental statutes, rules and regulations, and those costs could be even more significant in the future.

FPL Group and FPL Group Capital operate in a changing market environment influenced by various legislative and regulatory initiatives regarding deregulation, regulation or restructuring of the energy industry, including, but not limited to, deregulation or restructuring of the production and sale of electricity, as well as increased focus on renewable energy sources. FPL Group and its subsidiaries will need to adapt to these changes and may face increasing competitive pressure.

FPL Group’s results of operations could be affected by Florida Power & Light Company’s ability to renegotiate franchise agreements with municipalities and counties in Florida.

Table of Contents

The operation and maintenance of transmission, distribution and power generation facilities, including nuclear facilities, involve significant risks that could adversely affect the results of operations and financial condition of FPL Group and FPL Group Capital.

The operation and maintenance of transmission, distribution and power generation facilities involve many risks, including, but not limited to, start up risks, breakdown or failure of equipment, transmission and distribution lines or pipelines, the inability to properly manage or mitigate known equipment defects throughout FPL Group's and FPL Group Capital's generation fleets and transmission and distribution systems unless and until such defects are remediated, use of new technology, the dependence on a specific fuel source, including the supply and transportation of fuel, or the impact of unusual or adverse weather conditions (including, but not limited to, natural disasters such as hurricanes and droughts), as well as the risk of performance below expected or contracted levels of output or efficiency. This could result in lost revenues and/or increased expenses, including, but not limited to, the requirement to purchase power in the market at potentially higher prices to meet contractual obligations. Insurance, warranties or performance guarantees may not cover any or all of the lost revenues or increased expenses, including, but not limited to, the cost of replacement power. In addition to these risks, FPL Group's and FPL Group Capital's nuclear units face certain risks that are unique to the nuclear industry including, but not limited to, the ability to store and/or dispose of spent nuclear fuel and the potential payment of significant retrospective insurance premiums, as well as additional regulatory actions up to and including shutdown of the units stemming from public safety concerns, whether at FPL Group's and FPL Group Capital's plants, or at the plants of other nuclear operators. Breakdown or failure of an operating facility of FPL Energy, LLC, a subsidiary of FPL Group Capital, may prevent the facility from performing under applicable power sales agreements which, in certain situations, could result in termination of the agreement or incurring a liability for liquidated damages.

The construction of, and capital improvements to, power generation facilities, including nuclear facilities, involve substantial risks. Should construction or capital improvement efforts be unsuccessful, the results of operations and financial condition of FPL Group and FPL Group Capital could be adversely affected.

FPL Group's and FPL Group Capital's ability to successfully and timely complete their power generation facilities currently under construction, those projects yet to begin construction or capital improvements to existing facilities within established budgets is contingent upon many variables, including, but not limited to, transmission interconnection issues and escalating costs for materials, labor and environmental compliance, and subject to substantial risks. Should any such efforts be unsuccessful, FPL Group and FPL Group Capital could be subject to additional costs, termination payments under committed contracts, and/or the write-off of their investment in the project or improvement.

The use of derivative contracts by FPL Group and FPL Group Capital in the normal course of business could result in financial losses that negatively impact the results of operations of FPL Group and FPL Group Capital.

FPL Group and FPL Group Capital use derivative instruments, such as swaps, options and forwards to manage their commodity and financial market risks. FPL Group and FPL Group Capital provide full energy and capacity requirements services primarily to distribution utilities and engage in energy trading activities. FPL Group and FPL Group Capital could recognize financial losses as a result of volatility in the market values of these derivative instruments, or if a counterparty fails to perform. In the absence of actively quoted market prices and pricing information from external sources, the valuation of these derivative instruments involves management's judgment or use of estimates. As a result, changes in the underlying assumptions or use of alternative valuation methods could affect the reported fair value of these derivative instruments. In addition, Florida Power & Light Company's use of such instruments could be subject to prudence challenges and if found imprudent, cost recovery could be disallowed by the Florida Public Service Commission.

FPL Group's competitive energy business is subject to risks, many of which are beyond the control of FPL Group and FPL Group Capital, that may reduce the revenues and adversely impact the results of operations and financial condition of FPL Group and FPL Group Capital.

There are other risks associated with FPL Group's and FPL Group Capital's competitive energy business. In addition to risks discussed elsewhere, risk factors specifically affecting FPL Energy's success in competitive

Table of Contents

wholesale markets include, but are not limited to, the ability to efficiently develop and operate generating assets, the successful and timely completion of project restructuring activities, maintenance of the qualifying facility status of certain projects, the price and supply of fuel (including transportation), transmission constraints, competition from new sources of generation, excess generation capacity and demand for power. There can be significant volatility in market prices for fuel and electricity, and there are other financial, counterparty and market risks that are beyond the control of FPL Energy. FPL Energy's inability or failure to effectively hedge its assets or positions against changes in commodity prices, interest rates, counterparty credit risk or other risk measures could significantly impair FPL Group's and FPL Group Capital's future financial results. In keeping with industry trends, a portion of FPL Energy's power generation facilities operate wholly or partially without long-term power purchase agreements. As a result, power from these facilities is sold on the spot market or on a short-term contractual basis, which may affect the volatility of FPL Group's and FPL Group Capital's financial results. In addition, FPL Energy's business depends upon transmission facilities owned and operated by others; if transmission is disrupted or capacity is inadequate or unavailable, FPL Energy's ability to sell and deliver its wholesale power may be limited.

FPL Group's and FPL Group Capital's ability to successfully identify, complete and integrate acquisitions is subject to significant risks, including, but not limited to, the effect of increased competition for acquisitions resulting from the consolidation of the power industry.

FPL Group and FPL Group Capital are likely to encounter significant competition for acquisition opportunities that may become available as a result of the consolidation of the power industry, in general, as well as the passage of the Energy Policy Act of 2005. In addition, FPL Group and FPL Group Capital may be unable to identify attractive acquisition opportunities at favorable prices and to complete and integrate them successfully and in a timely manner.

Because FPL Group and FPL Group Capital rely on access to capital markets, the inability to maintain current credit ratings and to access capital markets on favorable terms may limit the ability of FPL Group and FPL Group Capital to grow their businesses and would likely increase interest costs.

FPL Group, FPL Group Capital and Florida Power & Light Company rely on access to capital markets as a significant source of liquidity for capital requirements not satisfied by operating cash flows. The inability of FPL Group, FPL Group Capital and Florida Power & Light Company to maintain their current credit ratings, as well as significant volatility in the financial markets, could affect their ability to raise capital on favorable terms, which, in turn, could impact FPL Group's and FPL Group Capital's ability to grow their businesses and would likely increase their interest costs.

Customer growth in Florida Power & Light Company's service area affects FPL Group's results of operations.

FPL Group's results of operations are affected by the growth in customer accounts in Florida Power & Light Company's service area. Customer growth can be affected by population growth as well as economic factors in Florida, including, but not limited to, job and income growth, housing starts and new home prices. Customer growth directly influences the demand for electricity and the need for additional power generation and power delivery facilities at Florida Power & Light Company.

Weather affects FPL Group's and FPL Group Capital's results of operations.

FPL Group's and FPL Group Capital's results of operations are affected by changes in the weather. Weather conditions directly influence the demand for electricity and natural gas, affect the price of energy commodities, and can affect the production of electricity at power generating facilities, including, but not limited to, wind, solar and hydro-powered facilities. FPL Group's and FPL Group Capital's results of operations can be affected by the impact of severe weather which can be destructive, causing outages and/or property damage, may affect fuel supply, and could require

additional costs to be incurred. At Florida Power & Light Company, recovery of these costs is subject to Florida Public Service Commission approval.

Threats of terrorism and catastrophic events that could result from terrorism, cyber attacks, or individuals and/or groups attempting to disrupt FPL Group's and FPL Group Capital's business may impact the operations of FPL Group and FPL Group Capital in unpredictable ways.

FPL Group and FPL Group Capital are subject to direct and indirect effects of terrorist threats and activities as well as cyber attacks and disruptive activities of individuals and/or groups. Infrastructure facilities and systems, including, but not limited to, generation, transmission and distribution facilities, physical assets and information systems, in general, have been identified as potential targets. General. FPL Group Capital will issue the Debentures under the Indenture, dated as of June 1, 1999, between FPL Group Capital and The Bank of New York, as indenture trustee, and referred to in this prospectus supplement as the "Indenture Trustee." An officer's certificate will supplement the Indenture and establish the specific terms of the 5.35% Debentures. Another officer's certificate will supplement the Indenture and establish the specific terms of the Floating Rate Debentures. Under the Indenture, FPL Group Capital may issue an unlimited amount of additional debt securities. The Indenture does not limit the aggregate amount of indebtedness FPL Group Capital and its subsidiaries may issue, guarantee or incur. The Guarantee Agreement referred to below under "—Mandatory Redemption" does not limit the aggregate amount of indebtedness FPL Group and its subsidiaries may guarantee, issue or incur.

FPL Group Capital's corporate parent, FPL Group, has agreed to absolutely, irrevocably and unconditionally guarantee the payment of principal, interest and premium, if any, on the Debentures. The Debentures and the guarantee are unsecured and unsubordinated and rank equally with other unsecured and unsubordinated indebtedness from time to time outstanding of FPL Group Capital and FPL Group, respectively. See "Description of the FPL Group Guarantee of the FPL Group Capital Senior Debt Securities" in the accompanying prospectus.

The Indenture Trustee will initially be the security registrar and the paying agent for the Debentures. All transactions with respect to the Debentures, including registration, transfer and exchange of the Debentures, will be handled by the security registrar at an office in The City of New York designated by FPL Group Capital. FPL Group Capital has initially designated the Corporate Trust Office of the Indenture Trustee as that office. In addition, holders of the Debentures should address any notices to FPL Group Capital regarding the Debentures to that office. FPL Group

Capital will notify holders of the Debentures of any change in the location of that office.

The 5.35% Debentures will mature on June 15, 2013. FPL Group Capital will pay interest on the 5.35% Debentures on June 15 and December 15 of each year, each an “interest payment date.” The first interest payment date will be December 15, 2008. payable on any interest payment date on the 5.35% Debentures shall be the close of business (1) on the business day immediately preceding such interest payment date so long as all of the 5.35% Debentures remain in book-entry only form, or (2) on the 15th calendar day immediately preceding each interest payment date if any of the 5.35% Debentures do not remain in book-entry only form. See “—Book-Entry Only Issuance—The Depository Trust Company.” Interest on the 5.35% Debentures will accrue from and including the date of original issuance to but excluding the first interest payment date. Starting on the first interest payment date, interest on each 5.35% Debenture will accrue from and including the last interest payment date to which FPL Group Capital has paid, or duly provided for the payment of, interest on that 5.35% Debenture to but excluding the next succeeding interest payment date. No interest will accrue on a 5.35% Debenture for the day that the 5.35% Debenture matures. The amount of interest payable for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full semi-annual period for which interest is computed will be computed on the basis of the number of days in the period using 30-day calendar months. If any date on which interest is payable on the 5.35% Debentures falls on a day that is not a business day, then payment of the interest payable on that date will be made on the next succeeding day which is a business day, and no interest or payment will be paid in respect of the delay. A “business day” is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

Interest and Payment on the Floating Rate Debentures. FPL Group Capital will pay interest quarterly in cash on the Floating Rate Debentures at the Three-Month LIBOR Rate plus 88 basis points (0.88%), reset quarterly. The interest rate for the initial interest period will be the Three-Month LIBOR Rate plus 88 basis points (0.88%) determined as described below, on June 13, 2008. The Floating Rate Debentures will mature on June 17, 2011. FPL Group Capital will pay interest on the Floating Rate Debentures on March 17, June 17, September 17 and December 17 of each year (each an “interest payment date,” and also a “LIBOR Rate Reset Date”). The first interest payment date and first LIBOR Rate Reset Date will be September 17, 2008. The record date for interest payable on the Floating Rate Debentures on any interest payment date shall be the close of business (1) on the business day immediately preceding such interest payment date so long as all of the Floating Rate Debentures remain in book-entry only form, or (2) on the 15th calendar day before each interest payment date if all of the Floating Rate Debentures do not remain in book-entry only form. See “—Book-Entry Only Issuance—The Depository Trust Company.” Interest on the Floating Rate Debentures will accrue from and including the date of original issuance to but excluding the first interest payment date. Starting on the first interest payment date, interest on each Floating Rate Debenture will accrue from and including the last interest payment date to which FPL Group Capital has paid, or duly provided for the payment of, interest on that Floating Rate Debenture.

The interest rate in effect on any LIBOR Rate Reset Date will be the applicable interest rate as reset on that date and the interest rate applicable to any other day will be the interest rate as reset on the immediately preceding LIBOR Rate Reset Date. The amount of interest payable for any quarterly interest period will be computed by multiplying the floating rate for that quarterly interest period by a fraction, the numerator of which will be the actual number of days elapsed during that quarterly interest period (determined by including the first day of the interest period and excluding the last day), and the denominator of which will be 360, and by multiplying the result by the aggregate principal amount of the Floating Rate Debentures. The interest rate for any quarterly interest period will at no time be higher than the maximum rate then permitted by applicable law.

If an interest payment date, other than a redemption date or the maturity date of the Floating Rate Debentures, falls on a day that is not a business day, the interest payment date will be postponed to the next day that is a business day, except that if that business day is in the next succeeding calendar month, the interest payment date will be the immediately preceding business day. Also, if a redemption date or the maturity date of the Floating Rate Debentures falls on a day that is not a business day, the payment of interest and principal will be made on the next succeeding business day, and no interest or payment will be paid in respect of the delay, and no interest on such payment will

accrue for the period from and after the redemption date or the maturity date, as applicable.

If any LIBOR Rate Reset Date falls on a day that is not a LIBOR Business Day (as defined below), the LIBOR Rate Reset Date will be postponed to the next day that is a LIBOR Business Day, except that if that LIBOR Business Day is in the next succeeding calendar month, the LIBOR Rate Reset Date will be the immediately preceding LIBOR Business Day.

Determining the Floating Rate. The “Three-Month LIBOR Rate” for each interest period commencing on a LIBOR Rate Reset Date, or June 17, 2008 in the case of the initial interest period, means the rate determined in accordance with the following provisions:

- On the related LIBOR Interest Determination Date (as defined below), the Calculation Agent (as defined below) or its affiliate will determine the Three-Month LIBOR Rate which will be the rate for deposits in U.S. Dollars having a three-month maturity which appears on the Reuters Page LIBOR01 (as defined below) as of 11:00 a.m., London time, on the LIBOR Interest Determination Date.
- If no rate appears on the Reuters Page LIBOR01 on the LIBOR Interest Determination Date, the Calculation Agent or its affiliate will request the principal London offices of four major reference banks in the London Inter-Bank Market to provide it with their offered quotations for deposits in U.S. Dollars for the period of three months, commencing on the applicable LIBOR Rate Reset Date, to prime banks in the London Inter-Bank Market at approximately 11:00 a.m., London time, on that LIBOR Interest Determination Date and in a principal amount that is representative for a single transaction in U.S. Dollars in that market at that time. If at least two quotations are provided, then the Three-Month LIBOR Rate will be the average (rounded, if necessary, to the nearest one hundredth (0.01) of a percent) of those quotations. If fewer than two quotations are provided, then the Three-Month LIBOR Rate will be the average (rounded, if necessary, to the nearest one hundredth (0.01) of a percent) of the rates quoted at approximately 11:00 a.m., New York City time, on the LIBOR Interest Determination Date by three major banks in New York City selected by the Calculation Agent or its affiliate for loans in U.S. Dollars to leading European banks, having a three-month maturity and in a principal amount that is representative for a single transaction in U.S. Dollars in that market at that time. If the banks selected by the Calculation Agent or its affiliate are not providing quotations in the manner described by this paragraph, the rate for the quarterly interest period following the LIBOR Interest Determination Date will be the rate in effect on that LIBOR Interest Determination Date.

All percentages resulting from any of the above calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards (e.g., 9.876545% (or .09876545) being rounded to 9.87655% (or .0987655)) and all dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one-half cent being rounded upwards).

“Calculation Agent” means a banking institution or trust company appointed by FPL Group Capital to act as calculation agent, initially The Bank of New York.

“LIBOR Business Day” means any business day on which dealings in deposits in U.S. Dollars are transacted in the London Inter-Bank Market.

“LIBOR Interest Determination Date” means the second LIBOR Business Day preceding (i) each LIBOR Rate Reset Date, or (ii) June 17, 2008 in the case of the initial interest period.

“Reuters Page LIBOR01” means the display designated as “LIBOR01” on Reuters 3000 Xtra (or such other page as may replace “LIBOR01” on such service or such other service displaying the London Inter-Bank offered rates of major banks, as may replace Reuters 3000 Xtra).

Absent willful misconduct, bad faith or manifest error, the Calculation Agent’s or its affiliate’s determination of the Three-Month LIBOR Rate and its calculation of the applicable interest rate for each interest period will be final and binding on FPL Group Capital, the Indenture Trustee, the Calculation Agent and holders of the Floating Rate Debentures. The holders of Floating Rate Debentures may obtain the interest rate for the current and preceding interest period by writing the Calculation Agent at The Bank of New York, Attn: Corporate Trust Administration,

101 Barclay Street, New York, New York 10286, or any successor appointed by FPL Group Capital.

Optional Redemption for the 5.35% Debentures. FPL Group Capital may redeem any of the 5.35% Debentures, at its option, at any time or from time to time, on any date prior to their maturity (each a "Redemption Date"). FPL Group Capital will give notice of its intent to redeem any or all of the 5.35% Debentures at least 30 but no more than 60 days prior to a Redemption Date. If FPL Group Capital redeems any or all of the 5.35% Debentures, it will pay a redemption price ("Redemption Price") equal to the sum of: (1) 100% of the principal amount of the 5.35% Debentures being redeemed plus (2) accrued and unpaid interest thereon, if any, to the Redemption Date plus (3) any applicable "make-whole premium." The Redemption Price for the 5.35% Debentures will never be less than 100% of the principal amount of those 5.35% Debentures plus accrued and unpaid interest on those 5.35% Debentures to the Redemption Date.

The amount of the make-whole premium with respect to any 5.35% Debentures to be redeemed in accordance with the foregoing paragraph will be equal to the excess, if any, of:

(1) the sum of the present values, calculated as of the Redemption Date, of:

(a) each interest payment that, but for such redemption, would have been payable on the 5.35% Debentures being redeemed on each interest payment date occurring after the Redemption Date (excluding any accrued interest for the period prior to the Redemption Date); and

(b) the principal amount that, but for such redemption, would have been payable at the final maturity of the 5.35% Debentures being redeemed; over

(2) the principal amount of the 5.35% Debentures being redeemed.

The present values of interest and principal payments referred to in clause (1) above will be determined in accordance with generally accepted principles of financial analysis. Such present values will be calculated by discounting the amount of each payment of interest or principal from the date that each such payment would have been payable, but for the redemption, to the Redemption Date at a discount rate equal to the Treasury Yield (as defined below) plus 30 basis points.

FPL Group Capital will appoint an independent investment banking institution of national standing to calculate the make-whole premium; provided that Barclays Capital Inc., Credit Suisse Securities (USA) LLC, Greenwich Capital Markets, Inc. or Lehman Brothers Inc. will make such calculation if (1) FPL Group Capital fails to make such appointment at least 30 days prior to the Redemption Date, or (2) the institution so appointed is unwilling or unable to make such calculation. If Barclays Capital Inc., Credit Suisse Securities (USA) LLC, Greenwich Capital Markets, Inc. or Lehman Brothers Inc. is to make such calculation but is unwilling or unable to do so, then the Indenture Trustee will appoint an independent investment banking institution of national standing to make such calculation. In any case, the institution making such calculation is referred to in this prospectus supplement as an "Independent Investment Banker."

For purposes of determining the make-whole premium, "Treasury Yield" means a rate of interest per year equal to the weekly average yield to maturity of United States Treasury Notes that have a constant maturity that corresponds to the remaining term to maturity of the 5.35% Debentures to be redeemed, calculated to the nearest 1/12th of a year (the "Remaining Term"). The Independent Investment Banker will determine the Treasury Yield as of the third business day immediately preceding the applicable Redemption Date.

The Independent Investment Banker will determine the weekly average yields of United States Treasury Notes by reference to the most recent statistical release published by the Federal Reserve Bank of New York and designated "H.15(519) Selected Interest Rates" or any successor release (the "H.15 Statistical Release"). If the H.15 Statistical

Release sets forth a weekly average yield for United States Treasury Notes having a constant maturity that is the same as the Remaining Term, then the Treasury Yield will be equal to such weekly average yield. In all other cases, the Independent Investment Banker will calculate the Treasury Yield by interpolation, on a straight-line basis, between the weekly average yields on the United States Treasury Notes that have a constant maturity closest to and greater than the Remaining Term and the United States Treasury Notes that have a constant maturity closest to and

S-11

Table of Contents

less than the Remaining Term (in each case as set forth in the H.15 Statistical Release). The Independent Investment Banker will round any weekly average yields so calculated to the nearest 1/100th of 1%, and will round upward for any figure of 1/200th of 1% or above. If weekly average yields for United States Treasury Notes are not available in the H.15 Statistical Release or otherwise, then the Independent Investment Banker will select comparable rates and calculate the Treasury Yield by reference to those rates.

If FPL Group Capital at any time elects to redeem some but not all of the 5.35% Debentures, the security registrar will select the particular 5.35% Debentures to be redeemed using any method that it deems fair and appropriate. However, if the 5.35% Debentures are solely registered in the name of Cede & Co. and traded through The Depository Trust Company, or DTC, then DTC will select the 5.35% Debentures to be redeemed in accordance with its practices as described below in “—Book Entry-Only Issuance—The Depository Trust Company.”

If at the time notice of redemption is given, the redemption moneys are not on deposit with the Indenture Trustee, then the redemption shall be subject to their receipt on or before the Redemption Date and such notice shall be of no effect unless such moneys are received.

Mandatory Redemption. The following constitute “Guarantor Events” with respect to the Debentures:

- (1) the Guarantee Agreement, dated as of June 1, 1999, between FPL Group, as Guarantor, and The Bank of New York, as Guarantee Trustee, ceases to be in full force and effect;
- (2) a court issues a decree ordering or acknowledging the bankruptcy or insolvency of the Guarantor, or appointing a custodian, receiver or other similar official for the Guarantor, or ordering the winding up or liquidation of its affairs, and the decree remains in effect for 90 days; or
- (3) the Guarantor seeks or consents to relief under federal or state bankruptcy or insolvency laws, or to the appointment of a custodian, receiver or other similar official for the Guarantor, or makes an assignment for the benefit of its creditors, or admits in writing that it is bankrupt or insolvent.

FPL Group Capital shall, if a Guarantor Event occurs and is continuing, redeem all of the outstanding Debentures within 60 days after the occurrence of the Guarantor Event at a redemption price equal to the principal amount thereof plus accrued interest to the date of redemption unless, within 30 days after the occurrence of the Guarantor Event, Standard & Poor’s Ratings Services (a Division of The McGraw Hill Companies, Inc.) and Moody’s Investors Service, Inc. (if the outstanding Debentures are then rated by those rating agencies, or, if the outstanding Debentures are then rated by only one of those rating agencies, then such rating agency, or, if the outstanding Debentures are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the outstanding Debentures is investment grade (i.e. in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

If a Guarantor Event occurs and FPL Group Capital is not required to redeem the outstanding Debentures as described above, FPL Group Capital will provide to the Indenture Trustee and the holders of the outstanding Debentures annual and quarterly reports containing the information that FPL Group Capital would be required to file with the SEC under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of those Sections. If FPL Group Capital is, at that time, subject to the reporting requirements of those Sections, the filing of annual and quarterly reports with the SEC pursuant to those Sections will satisfy this requirement.

Events of Default. In addition to the events of default relating to any series of debt securities issued under the Indenture, as set forth under the “Description of FPL Group Capital Senior Debt Securities—Events of Default” section on page 14 of the accompanying prospectus, each of the following events will be an event of default under the Indenture with respect to the Debentures:

S-12

Table of Contents

- (1) the Guarantor consolidates with or merges into any other entity or conveys, transfers or leases substantially all of its properties and assets to any entity, unless
- (a) the entity formed by such consolidation or into which the Guarantor is merged, or the entity to which the Guarantor conveys, transfers or leases substantially all of its properties and assets is an entity organized and existing under the laws of the United States of America, any State thereof or the District of Columbia, and expressly assumes the obligations of the Guarantor under the Guarantee Agreement; and
- (b) immediately after giving effect to such transaction, no event of default under the Indenture and no event that, after notice or lapse of time or both, would become an event of default under the Indenture, shall have occurred and be continuing; or
- (2) FPL Group Capital fails to redeem any of the Debentures that it is required to redeem as described under “Certain Terms of the Debentures—Mandatory Redemption” above.

Book-Entry Only Issuance—The Depository Trust Company. The Debentures will trade through DTC. The Debentures of each series will be represented by one or more global certificates and registered in the name of Cede & Co., DTC’s nominee. Upon issuance of the global securities, DTC or its nominee will credit, on its book-entry registration and transfer system, the respective principal amount of the Debentures represented by such global securities to the accounts of institutions that have an account with DTC or its participants. The accounts to be credited shall be designated by the underwriters. Ownership of beneficial interests in the global securities will be limited to participants or persons that may hold interests through participants. The global certificates will be deposited with the Indenture Trustee as custodian for DTC.

DTC is a New York clearing corporation and a clearing agency registered under Section 17A of the Securities Exchange Act of 1934. DTC holds securities for its participants. DTC also facilitates the post-trade settlement of securities transactions among its participants through electronic computerized book-entry transfers and pledges in the participants’ accounts. This eliminates the need for physical movement of securities certificates. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Others who maintain a custodial relationship with a participant can use the DTC system. The rules that apply to DTC and those using its systems are on file with the Securities and Exchange Commission.

Purchases of the Debentures within the DTC system must be made through participants, who will receive a credit for the Debentures on DTC’s records. The beneficial ownership interest of each purchaser will be recorded on the appropriate participant’s records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners should receive written confirmations of the transactions, as well as periodic statements of their holdings, from the participants through whom they purchased Debentures. Transfers of ownership in the Debentures are to be accomplished by entries made on the books of the participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates for their Debentures, except if use of the book-entry system for the Debentures is discontinued.

To facilitate subsequent transfers, all Debentures deposited by participants with DTC are registered in the name of DTC’s nominee, Cede & Co. The deposit of the Debentures with DTC and their registration in the name of Cede & Co. effects no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the Debentures. DTC’s records reflect only the identity of the participants to whose accounts such Debentures are credited. These participants may or may not be the beneficial owners. Participants will remain responsible for

keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants, and by participants to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of Debentures may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Debentures, such as redemptions, tenders,

S-13

Table of Contents

defaults and proposed amendments to the Indenture or the Guarantee Agreement. Beneficial owners of the Debentures may wish to ascertain that the nominee holding the Debentures has agreed to obtain and transmit notices to the beneficial owners.

Redemption notices will be sent to Cede & Co., as registered holder of the Debentures. If less than all of the Debentures of a series are being redeemed, DTC's practice is to determine by lot the amount of Debentures of that series of each participant to be redeemed.

Neither DTC nor Cede & Co. will itself consent or vote with respect to Debentures, unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC would mail an omnibus proxy to FPL Group Capital as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those participants to whose accounts the applicable Debentures are credited on the record date. FPL Group Capital and FPL Group believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the Debentures.

Payments of redemption proceeds, principal of, and interest on the Debentures will be made to Cede & Co., or such other nominee as may be requested by DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds and corresponding detail information from FPL Group Capital or its agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices. Payments will be the responsibility of participants and not of DTC, the Indenture Trustee, FPL Group Capital or FPL Group, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest to Cede & Co. (or such other nominee as may be requested by DTC) is the responsibility of FPL Group Capital. Disbursement of payments to participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of participants.

Except as provided in this prospectus supplement, a beneficial owner will not be entitled to receive physical delivery of the Debentures. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the Debentures.

DTC may discontinue providing its services as securities depository with respect to the Debentures at any time by giving reasonable notice to FPL Group Capital. In the event no successor securities depository is obtained, certificates for the Debentures will be printed and delivered. FPL Group Capital and FPL Group may decide to replace DTC or any successor depository. Additionally, subject to the procedures of DTC, FPL Group Capital and FPL Group may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository) with respect to some or all of the Debentures. In that event, certificates for such Debentures will be printed and delivered. If certificates for Debentures are printed and delivered,

- the Debentures will be issued in fully registered form without coupons;
- a holder of certificated Debentures would be able to exchange those Debentures, without charge, for an equal aggregate principal amount of Debentures of the same series, having the same issue date and with identical terms and provisions; and
- a holder of certificated Debentures would be able to transfer those Debentures without cost to another holder, other than for applicable stamp taxes or other governmental charges.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that FPL Group Capital and FPL Group believe to be reliable. None of FPL Group Capital, FPL Group or the

underwriters take any responsibility for the accuracy of this information.

UNDERWRITING

The information in this section adds to the information in the “Plan of Distribution” section beginning on page 53 of the accompanying prospectus. Please read these two sections together.

FPL Group Capital is selling the Debentures to the underwriters named in the table below pursuant to an underwriting agreement among FPL Group Capital, FPL Group and the underwriters named below, for whom Barclays Capital Inc., Credit Suisse Securities (USA) LLC, Greenwich Capital Markets, Inc. and Lehman Brothers Inc. are acting as representatives. Subject to certain conditions, FPL Group Capital has agreed to sell to each of the underwriters, and each of the underwriters has severally agreed to purchase, the principal amount of Debentures set forth opposite that underwriter’s name in the table below:

| Underwriter | Principal Amount of 5.35% Debentures | Principal Amount of Floating Rate Debentures |
|------------------------------------|--|---|
| Barclays Capital Inc. | \$ 57,750,000 | \$ 57,750,000 |
| Credit Suisse Securities (USA) LLC | 57,750,000 | 57,750,000 |
| Greenwich Capital Markets, Inc. | 57,750,000 | 57,750,000 |
| Lehman Brothers Inc. | 57,750,000 | 57,750,000 |
| Lazard Capital Markets LLC | 12,500,000 | 12,500,000 |
| Morgan Keegan & Company, Inc. | 6,500,000 | 6,500,000 |
| Total | \$ 250,000,000 | \$ 250,000,000 |

Under the terms and conditions of the underwriting agreement, the underwriters must buy all of the Debentures if they buy any of them. The underwriting agreement provides that the obligations of the underwriters pursuant thereto are subject to certain conditions. In the event of a default by an underwriter, the underwriting agreement provides that, in certain circumstances, the purchase commitment of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated. The underwriters will sell the Debentures to the public if the underwriters buy the Debentures from FPL Group Capital.

FPL Group Capital will compensate the underwriters by selling the Debentures of each series to them at a price that is less than the price to the public by the respective amount of the “Underwriting Discount” set forth in the table below. The underwriters will sell the Debentures of each series to the public at the respective price to the public set forth on the cover page of this prospectus supplement and may sell the Debentures to certain dealers at a price that is less than the price to the public by no more than the amount of the corresponding “Initial Dealers’ Concession” set forth in the table below. The underwriters and such dealers may sell the Debentures to certain other dealers at a price that is less than the price to the public by no more than the amounts of the corresponding “Initial Dealers’ Concession” and the corresponding “Reallowed Dealers’ Concession” set forth in the table below.

| | Underwriting Discount | Initial Dealers’ Concession | Reallowed Dealers’ Concession |
|-----------------------------|---|--------------------------------|----------------------------------|
| | (expressed as a percentage of principal amount) | | |
| 5.35% Debentures | 0.60% | 0.35% | 0.25% |
| Floating Rate Debentures | 0.35% | 0.20% | 0.15% |

An underwriter may reject offers for the Debentures. After the initial public offering of the Debentures, the underwriters may change the offering price and other selling terms of the Debentures.

The Debentures of each series are a new issue of securities with no established trading market. The underwriters have advised FPL Group Capital that they intend to make a market in the Debentures but are not obligated to do so and may discontinue such market-making activities at any time without notice. FPL Group

Capital cannot give any assurance as to the maintenance of the trading market for, or the liquidity of, the Debentures.

In connection with the offering, Barclays Capital Inc., Credit Suisse Securities (USA) LLC, Greenwich Capital Markets, Inc. and Lehman Brothers Inc., on behalf of the underwriters, may purchase and sell the Debentures in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment includes syndicate sales of Debentures in excess of the principal amount of Debentures to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Debentures in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of Debentures made for the purpose of preventing or retarding a decline in the market price of the Debentures while the offering is in progress.

The underwriters may also impose a penalty bid. Penalty bids permit the underwriters to reclaim an initial dealers' concession from a syndicate member when Barclays Capital Inc., Credit Suisse Securities (USA) LLC, Greenwich Capital Markets, Inc. or Lehman Brothers Inc., in covering syndicate short positions or making stabilizing purchases, repurchases the Debentures originally sold by that syndicate member.

Any of these activities may cause the price of either or both series of the Debentures to be higher than the price that otherwise would exist in the open market in the absence of such transactions. These transactions may be effected in the over-the-counter market or otherwise and, if commenced, may be discontinued at any time.

FPL Group Capital estimates that its expenses in connection with the sale of the Debentures, other than underwriting discounts, will be \$400,000. This estimate includes expenses relating to printing, rating agency fees, trustee's fees and legal fees, among other expenses.

FPL Group Capital and FPL Group have agreed to indemnify the underwriters against, or to contribute to payments the underwriters may be required to make in respect of, certain liabilities, including liabilities under the Securities Act of 1933.

The underwriters and their affiliates engage in transactions with, and perform services for, FPL Group, its subsidiaries (including FPL Group Capital) and its affiliates in the ordinary course of business and have engaged, and may engage in the future, in commercial banking and investment banking transactions with FPL Group, its subsidiaries and its affiliates.

Lazard Capital Markets LLC ("Lazard Capital Markets") has entered into an agreement with Mitsubishi UFJ Securities (USA), Inc. ("MUS(USA)") pursuant to which MUS(USA) provides certain advisory and/or other services to Lazard Capital Markets, including in respect of this offering. In return for the provision of such services by MUS(USA) to Lazard Capital Markets, Lazard Capital Markets will pay to MUS(USA) a mutually agreed upon fee.

RISK FACTORS

Before purchasing the securities, investors should carefully consider the following risk factors together with the risk factors and other information incorporated by reference or provided in this prospectus or in a prospectus supplement in order to evaluate an investment in the securities.

FPL Group and FPL Group Capital are subject to complex laws and regulations and to changes in laws and regulations as well as changing governmental policies and regulatory actions, including initiatives regarding deregulation and restructuring of the energy industry and environmental matters. Florida Power & Light Company holds franchise agreements with local municipalities and counties, and must renegotiate expiring agreements. These factors may have a negative impact on the business and results of operations of FPL Group and FPL Group Capital.

FPL Group and FPL Group Capital are subject to complex laws and regulations, and to changes in laws or regulations, including the Public Utility Regulatory Policies Act of 1978, the Public Utility Holding Company Act of 2005, the Federal Power Act, the Atomic Energy Act of 1954, the Energy Policy Act of 2005 and certain sections of the Florida statutes relating to public utilities, changing governmental policies and regulatory actions, including those of the Federal Energy Regulatory Commission, the Florida Public Service Commission and the legislatures and utility commissions of other states in which FPL Group and FPL Group Capital have operations, and the U.S. Nuclear Regulatory Commission, with respect to, among other things, allowed rates of return, industry and rate

structure, operation of nuclear power facilities, operation and construction of plant facilities, operation and construction of transmission facilities, acquisition, disposal, depreciation and amortization of assets and facilities, recovery of fuel and purchased power costs, decommissioning costs, return on common equity and equity ratio limits, and present or prospective wholesale and retail competition (including but not limited to retail wheeling and transmission costs). The Florida Public Service Commission has the authority to disallow recovery by Florida Power & Light Company of any and all costs that it considers excessive or imprudently incurred. The regulatory process generally restricts Florida Power & Light Companys ability to grow earnings and does not provide any assurance as to achievement of earnings levels.

FPL Group and FPL Group Capital are subject to extensive federal, state and local environmental statutes as well as the effect of changes in or additions to applicable statutes, rules and regulations relating to air quality, water quality, climate change, waste management, wildlife mortality, natural resources and health and safety that could, among other things, restrict or limit the output of certain facilities or the use of certain fuels required for the production of electricity and/or require additional pollution control equipment and otherwise increase costs. There are significant capital, operating and other costs associated with compliance with these environmental statutes, rules and regulations, and those costs could be even more significant in the future.

FPL Group and FPL Group Capital operate in a changing market environment influenced by various legislative and regulatory initiatives regarding deregulation, regulation or restructuring of the energy industry, including deregulation or restructuring of the production and sale of electricity. FPL Group and its subsidiaries will need to adapt to these changes and may face increasing competitive pressure.

FPL Groups results of operations could be affected by Florida Power & Light Companys ability to renegotiate franchise agreements with municipalities and counties in Florida.

The operation and maintenance of power generation facilities, including nuclear facilities, involve significant risks that could adversely affect the results of operations and financial condition of FPL Group and FPL Group Capital.

The operation and maintenance of power generation facilities involve many risks, including, but not limited to, start up risks, breakdown or failure of equipment, transmission lines or pipelines, the inability to properly manage or mitigate known equipment defects throughout our generation fleets unless and until such defects are remediated, use of new technology, the dependence on a specific fuel source, including the supply and transportation of fuel, or the impact of unusual or adverse weather conditions (including natural disasters such as hurricanes), as well as the risk of performance below expected or contracted levels of output or efficiency. This could result in lost revenues and/or increased expenses, including, but not limited to, the requirement to purchase power in the market at potentially higher prices to meet contractual obligations. Insurance, warranties or performance guarantees may not cover any or all of the lost revenues or increased expenses, including the cost of replacement power. In addition to these risks, FPL Groups and FPL Group Capitals nuclear units face certain risks that are unique to the nuclear industry including, but not limited to, the ability to store and/or dispose of spent nuclear fuel and the potential payment of significant retrospective insurance premiums, as well as additional regulatory actions up to and including shutdown of the units stemming from public safety concerns, whether at FPL Groups and FPL Group Capitals plants, or at the plants of other nuclear operators. Breakdown or failure of an operating facility of FPL Energy, LLC, a subsidiary of FPL Group Capital, may prevent the facility from performing under applicable power sales agreements which, in certain situations, could result in termination of the agreement or incurring a liability for liquidated damages.

The construction of, and capital improvements to, power generation facilities involve substantial risks. Should construction or capital improvement efforts be unsuccessful, the results of operations and financial condition of FPL Group and FPL Group Capital could be adversely affected.

FPL Groups and FPL Group Capitals ability to successfully and timely complete their power generation facilities currently under construction, those projects yet to begin construction or capital improvements to existing facilities within established budgets is contingent upon many variables and subject to substantial risks. Should any such efforts be unsuccessful, FPL Group and FPL Group Capital could be subject to additional costs, termination payments under committed contracts, and/or the write-off of their investment in the project or improvement.

Table of Contents

The use of derivative contracts by FPL Group and FPL Group Capital in the normal course of business could result in financial losses that negatively impact the results of operations of FPL Group and FPL Group Capital.

FPL Group and FPL Group Capital use derivative instruments, such as swaps, options and forwards to manage their commodity and financial market risks. FPL Group and FPL Group Capital provide full energy and capacity requirements services and engage in trading activities. FPL Group and FPL Group Capital could recognize financial losses as a result of volatility in the market values of these contracts, or if a counterparty fails to perform. In the absence of actively quoted market prices and pricing information from external sources, the valuation of these derivative instruments involves managements judgment or use of estimates. As a result, changes in the underlying assumptions or use of alternative valuation methods could affect the reported fair value of these contracts. In addition, Florida Power & Light Companys use of such instruments could be subject to prudence challenges and if found imprudent, cost recovery could be disallowed by the Florida Public Service Commission.

FPL Groups competitive energy business is subject to risks, many of which are beyond the control of FPL Group and FPL Group Capital, that may reduce the revenues and adversely impact the results of operations and financial condition of FPL Group and FPL Group Capital.

There are other risks associated with FPL Groups and FPL Group Capitals competitive energy business. In addition to risks discussed elsewhere, risk factors specifically affecting FPL Energys success in competitive wholesale markets include the ability to efficiently develop and operate generating assets, the successful and timely completion of project restructuring activities, maintenance of the qualifying facility status of certain projects, the price and supply of fuel (including transportation), transmission constraints, competition from new sources of generation, excess generation capacity and demand for power. There can be significant volatility in market prices for fuel and electricity, and there are other financial, counterparty and market risks that are beyond the control of FPL Energy. FPL Energys inability or failure to effectively hedge its assets or positions against changes in commodity prices, interest rates, counterparty credit risk or other risk measures could significantly impair FPL Groups and FPL Group Capitals future financial results. In keeping with industry trends, a portion of FPL Energys power generation facilities operate wholly or partially without long-term power purchase agreements. As a result, power from these facilities is sold on the spot market or on a short-term contractual basis, which may affect the volatility of FPL Groups and FPL Group Capitals financial results. In addition, FPL Energys business depends upon transmission facilities owned and operated by others; if transmission is disrupted or capacity is inadequate or unavailable, FPL Energys ability to sell and deliver its wholesale power may be limited.

FPL Groups and FPL Group Capitals ability to successfully identify, complete and integrate acquisitions is subject to significant risks, including the effect of increased competition for acquisitions resulting from the consolidation of the power industry.

FPL Group and FPL Group Capital are likely to encounter significant competition for acquisition opportunities that may become available as a result of the consolidation of the power industry, in general, as well as the passage of the Energy Policy Act of 2005. In addition, FPL Group and FPL Group Capital may be unable to identify attractive acquisition opportunities at favorable prices and to successfully and timely complete and integrate them.

Because FPL Group and FPL Group Capital rely on access to capital markets, the inability to maintain current credit ratings and access capital markets on favorable terms may limit the ability of FPL Group and FPL Group Capital to grow their businesses and would likely increase interest costs.

FPL Group, FPL Group Capital and Florida Power & Light Company rely on access to capital markets as a significant source of liquidity for capital requirements not satisfied by operating cash flows. The inability of FPL Group, FPL Group Capital and Florida Power & Light Company to maintain their current credit ratings could affect their ability to

raise capital on favorable terms, particularly during times of uncertainty in the capital markets, which, in turn, could impact FPL Groups and FPL Group Capitals ability to grow their businesses and would likely increase their interest costs.

FPL Groups and FPL Group Capitals results of operations are affected by changes in the weather. Weather conditions directly influence the demand for electricity and natural gas and affect the price of energy commodities, and can affect the production of electricity at wind and hydro-powered facilities. FPL Groups and FPL Group Capitals results of operations can be affected by the impact of severe weather which can be destructive, causing outages and/or property damage, may affect fuel supply, and could require additional costs to be incurred. At Florida Power & Light Company, recovery of these costs is subject to Florida Public Service Commission approval.

FPL Group and FPL Group Capital are subject to costs and other effects of legal proceedings as well as changes in or additions to applicable tax laws, rates or policies, rates of inflation, accounting standards, securities laws and corporate governance requirements.

Threats of terrorism and catastrophic events that could result from terrorism may impact the operations of FPL Group and FPL Group Capital in unpredictable ways.

FPL Group and FPL Group Capital are subject to direct and indirect effects of terrorist threats and activities. Generation and transmission facilities, in general, have been identified as potential targets. The effects of terrorist threats and activities include, among other things, terrorist actions or responses to such actions or threats, the inability to generate, purchase or transmit power, the risk of a significant slowdown in growth or a decline in the U.S. economy, delay in economic recovery in the U.S., and the increased cost and adequacy of security and insurance.

The ability of FPL Group and FPL Group Capital to obtain insurance and the terms of any available insurance coverage could be affected by national, state or local events and company-specific events.

FPL Groups and FPL Group Capitals ability to obtain insurance, and the cost of and coverage provided by such insurance, could be affected by national, state or local events as well as company-specific events.

DESCRIPTION OF FPL GROUP CAPITAL SENIOR DEBT SECURITIES

General. FPL Group Capital will issue its debt securities (other than the FPL Group Capital Junior Subordinated Debentures (as defined below under Description of the FPL Group and FPL Group Capital Junior Subordinated Debentures and the FPL Group Subordinated Guarantee)), in one or more series, under an Indenture, dated as of June 1, 1999, between FPL Group Capital and The Bank of New York, as trustee. This Indenture, as it may be amended and supplemented from time to time, is referred to in this prospectus as the Indenture. The Bank of New York, as trustee under the Indenture, is referred to in this prospectus as the Indenture Trustee. These debt securities are referred to in this prospectus as the Offered Senior Debt Securities.

The Indenture provides for the issuance from time to time of debentures, notes or other debt by FPL Group Capital in an unlimited amount. The Offered Senior Debt Securities and all other debentures, notes or other debt of FPL Group Capital issued under the Indenture are collectively referred to in this prospectus as the Senior Debt Securities.

This section briefly summarizes some of the terms of the Offered Senior Debt Securities and some of the provisions of the Indenture. In addition, the Indenture is qualified under the Trust Indenture Act of 1939 and is therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

All Offered Senior Debt Securities of one series need not be issued at the same time, and a series may be re-opened for issuances of additional Offered Senior Debt Securities of such series. This means that FPL Group Capital may from time to time, without notice to, or the consent of the existing holders of the Offered Senior Debt Securities of a particular series, create and issue additional Offered Senior Debt Securities of such series. Such additional Offered Senior Debt Securities will have the same terms as the Offered Senior Debt Securities of such series in all respects (except for the payment of interest accruing prior to the issue date of the additional Offered

- (20) if FPL Group Capital will issue those Offered Senior Debt Securities as bearer securities, necessary information relating to the issuance of those Offered Senior Debt Securities as bearer securities,
- (21) any limits on the rights of the registered owners of those Offered Senior Debt Securities to transfer or exchange those Offered Senior Debt Securities or to register their transfer, and any related service charges,
- (22) any exceptions to the provisions governing payments due on legal holidays or any variations in the definition of business day with respect to those Offered Senior Debt Securities,
- (23) other than the Guarantee described under Description of the FPL Group Capital Senior Debt Securities Guarantee below, any collateral security, assurance, or guarantee for those Offered Senior Debt Securities, and
- (24) any other terms of those Offered Senior Debt Securities that are not inconsistent with the provisions of the Indenture. (Indenture, Section 301).

FPL Group Capital may sell Offered Senior Debt Securities at a discount below their principal amount. Some of the important United States federal income tax considerations applicable to Offered Senior Debt Securities sold at a discount below their principal amount may be discussed in the related prospectus supplement. In addition, some of the important United States federal income tax or other considerations applicable to any Offered Senior Debt Securities that are denominated in a currency other than U.S. dollars may be discussed in the related prospectus supplement.

Except as otherwise stated in the related prospectus supplement, the covenants in the Indenture would not give registered owners of Offered Senior Debt Securities protection in the event of a highly-leveraged transaction involving FPL Group Capital or FPL Group.

Security and Ranking. The Offered Senior Debt Securities will be unsecured obligations of FPL Group Capital. The Indenture does not limit FPL Group Capitals ability to provide security with respect to other Senior Debt Securities. All Senior Debt Securities issued under the Indenture will rank equally and ratably with all other Senior Debt Securities issued under the Indenture, except to the extent that FPL Group Capital elects to provide security with respect to any Senior Debt Security without providing that security to all outstanding Senior Debt Securities as

allowed under the Indenture. The Offered Senior Debt Securities will rank senior to FPL Group Capitals Junior Subordinated Debentures. The Indenture does not limit FPL Group Capitals ability to issue other unsecured debt.

Table of Contents

FPL Group Capital is a holding company that derives substantially all of its income from its operating subsidiaries. Therefore, the Senior Debt Securities will be effectively subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by FPL Group Capitals subsidiaries. The Indenture does not place any limit on the amounts of liabilities, including debt or preferred stock, that FPL Group Capitals subsidiaries may issue, guarantee or otherwise incur.

Payment and Paying Agents. Except as stated in the related prospectus supplement, on each interest payment date FPL Group Capital will pay interest on each Offered Senior Debt Security to the person in whose name that Offered Senior Debt Security is registered as of the close of business on the record date relating to that interest payment date. However, on the date that the Offered Senior Debt Securities mature, FPL Group Capital will pay the interest to the person to whom it pays the principal. Also, if FPL Group Capital has defaulted in the payment of interest on any Offered Senior Debt Security, it may pay that defaulted interest to the registered owner of that Offered Senior Debt Security:

- (1) as of the close of business on a date that the Indenture Trustee selects, which may not be more than 15 days or less than 10 days before the date that FPL Group Capital proposes to pay the defaulted interest, or
- (2) in any other lawful manner that does not violate the requirements of any securities exchange on which that Offered Senior Debt Security is listed and that the Indenture Trustee believes is acceptable. (Indenture, Section 307).

Unless otherwise stated in the related prospectus supplement, the principal, premium, if any, and interest on the Offered Senior Debt Securities at maturity will be payable when such Offered Senior Debt Securities are presented at the main corporate trust office of The Bank of New York, as paying agent, in The City of New York. FPL Group Capital may change the place of payment on the Offered Senior Debt Securities, appoint one or more additional paying agents, including itself, and remove any paying agent. (Indenture, Section 602).

Transfer and Exchange. Unless otherwise stated in the related prospectus supplement, Offered Senior Debt Securities may be transferred or exchanged at the main corporate trust office of The Bank of New York, as security registrar, in The City of New York. FPL Group Capital may change the place for transfer and exchange of the Offered Senior Debt Securities and may designate one or more additional places for that transfer and exchange.

Except as otherwise stated in the related prospectus supplement, there will be no service charge for any transfer or exchange of the Offered Senior Debt Securities. However, FPL Group Capital may require payment of any tax or other governmental charge in connection with any transfer or exchange of the Offered Senior Debt Securities.

FPL Group Capital will not be required to transfer or exchange any Offered Senior Debt Security selected for redemption. Also, FPL Group Capital will not be required to transfer or exchange any Offered Senior Debt Security during a period of 15 days before selection of Offered Senior Debt Securities to be redeemed. (Indenture, Section 305).

Defeasance. FPL Group Capital may, at any time, elect to have all of its obligations discharged with respect to all or a portion of any Senior Debt Securities. To do so, FPL Group Capital must irrevocably deposit with the Indenture Trustee or any paying agent, in trust:

- (1) money in an amount that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity, or
- (2) in the case of a deposit made prior to the maturity of that series of Senior Debt Securities,

(a) direct obligations of, or obligations unconditionally guaranteed by, the United States and entitled to the benefit of its full faith and credit that do not contain provisions permitting their redemption or other prepayment at the option of their issuer, and

11

Table of Contents

- (b) certificates, depositary receipts or other instruments that evidence a direct ownership interest in those obligations or in any specific interest or principal payments due in respect of those obligations that do not contain provisions permitting their redemption or other prepayment at the option of their issuer, the principal of and the interest on which, when due, without any regard to reinvestment of that principal or interest, will provide money that, together with any money deposited with or held by the Indenture Trustee, will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity, or
- (3) a combination of (1) and (2) that will be sufficient to pay all or that portion of the principal, premium, if any, and interest due and to become due on those Senior Debt Securities, on or prior to their maturity. (Indenture, Section 701).

Limitation on Liens. So long as any Senior Debt Securities remain outstanding, FPL Group Capital will not secure any indebtedness with a lien on any shares of the capital stock of any of its majority-owned subsidiaries, which shares of capital stock FPL Group Capital now or hereafter directly owns, unless FPL Group Capital equally secures all Senior Debt Securities. However, this restriction does not apply to or prevent:

- (1) any lien on capital stock created at the time FPL Group Capital acquires that capital stock, or within 270 days after that time, to secure all or a portion of the purchase price for that capital stock,
- (2) any lien on capital stock existing at the time FPL Group Capital acquires that capital stock (whether or not FPL Group Capital assumes the obligations secured by the lien and whether or not the lien was created in contemplation of the acquisition),
- (3) any extensions, renewals or replacements of the liens described in (1) and (2) above, or of any indebtedness secured by those liens; provided, that,
 - (a) the principal amount of indebtedness secured by those liens immediately after the extension, renewal or replacement may not exceed the principal amount of indebtedness secured by those liens immediately before the extension, renewal or replacement, and
 - (b) the extension, renewal or replacement lien is limited to no more than the same proportion of all shares of capital stock as were covered by the lien that was extended, renewed or replaced, or
- (4) any lien arising in connection with court proceedings; provided, that, either
 - (a) the execution or enforcement of that lien is effectively stayed within 30 days after entry of the corresponding judgment (or the corresponding judgment has been discharged within that 30 day period) and the claims secured by that lien are being contested in good faith by appropriate proceedings,
 - (b) the payment of that lien is covered in full by insurance and the insurance company has not denied or contested coverage, or
 - (c) so long as that lien is adequately bonded, any appropriate legal proceedings that have been duly initiated for the review of the corresponding judgment, decree or order have not been fully terminated or the periods within which those proceedings may be initiated have not expired.

Liens on any shares of the capital stock of any of FPL Group Capitals majority-owned subsidiaries, which shares of capital stock FPL Group Capital now or hereafter directly owns, other than liens described in (1) through (4) above,

are referred to in this prospectus as Restricted Liens. The foregoing limitation does not apply to the extent that FPL Group Capital creates any Restricted Liens to secure indebtedness that, together with all other indebtedness of FPL Group Capital secured by Restricted Liens, does not at the time exceed 5% of FPL Group Capitals Consolidated Capitalization. (Indenture, Section 608).

For this purpose, Consolidated Capitalization means the sum of:

12

Table of Contents

(1) Consolidated Shareholders Equity;

(2) Consolidated Indebtedness for borrowed money (exclusive of any amounts which are due and payable within one year); and, without duplication

(3) any preference or preferred stock of FPL Group Capital or any Consolidated Subsidiary which is subject to mandatory redemption or sinking fund provisions.

The term Consolidated Shareholders Equity as used above means the total assets of FPL Group Capital and its Consolidated Subsidiaries less all liabilities of FPL Group Capital and its Consolidated Subsidiaries. As used in this definition, the term liabilities means all obligations which would, in accordance with generally accepted accounting principles, be classified on a balance sheet as liabilities, including without limitation:

(1) indebtedness secured by property of FPL Group Capital or any of its Consolidated Subsidiaries whether or not FPL Group Capital or such Consolidated Subsidiary is liable for the payment thereof unless, in the case that FPL Group Capital or such Consolidated Subsidiary is not so liable, such property has not been included among the assets of FPL Group Capital or such Consolidated Subsidiary on such balance sheet,

(2) deferred liabilities, and

(3) indebtedness of FPL Group Capital or any of its Consolidated Subsidiaries that is expressly subordinated in right and priority of payment to other liabilities of FPL Group Capital or such Consolidated Subsidiary.

As used in this definition, liabilities includes preference or preferred stock of FPL Group Capital or any Consolidated Subsidiary only to the extent of any such preference or preferred stock that is subject to mandatory redemption or sinking fund provisions.

The term Consolidated Indebtedness means total indebtedness as shown on the consolidated balance sheet of FPL Group Capital and its Consolidated Subsidiaries.

The term Consolidated Subsidiary, means at any date any direct or indirect majority-owned subsidiary whose financial statements would be consolidated with those of FPL Group Capital in FPL Group Capitals consolidated financial statements as of such date in accordance with generally accepted accounting principles. (Indenture, Section 608).

The foregoing limitation does not limit in any manner the ability of:

(1) FPL Group Capital to place liens on any of its assets other than the capital stock of directly held, majority-owned subsidiaries,

(2) FPL Group Capital or FPL Group to cause the transfer of its assets or those of its subsidiaries, including the capital stock covered by the foregoing restrictions,

(3) FPL Group to place liens on any of its assets, or

(4) any of the direct or indirect subsidiaries of FPL Group Capital or FPL Group (other than FPL Group Capital) to place liens on any of their assets.

Consolidation, Merger, and Sale of Assets. Under the Indenture, FPL Group Capital may not consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any

entity, unless:

- (1) the entity formed by that consolidation, or the entity into which FPL Group Capital is merged, or the entity that acquires or leases FPL Group Capitals property and assets, is an entity organized and existing under the laws of the United States, any state or the District of Columbia and that entity

13

Table of Contents

expressly assumes FPL Group Capitals obligations on all Senior Debt Securities and under the Indenture,

- (2) immediately after giving effect to the transaction, no event of default under the Indenture and no event that, after notice or lapse of time or both, would become an event of default under the Indenture exists, and
- (3) FPL Group Capital delivers an officers certificate and an opinion of counsel to the Indenture Trustee, as provided in the Indenture. (Indenture, Section 1101).

The Indenture does not restrict FPL Group Capital in a merger in which FPL Group Capital is the surviving entity.

Events of Default. Each of the following is an event of default under the Indenture with respect to the Senior Debt Securities of any series:

- (1) failure to pay interest on the Senior Debt Securities of that series within 30 days after it is due,
- (2) failure to pay principal or premium, if any, on the Senior Debt Securities of that series when it is due,
- (3) failure to comply with any other covenant in the Indenture, other than a covenant that does not relate to that series of Senior Debt Securities, that continues for 90 days after FPL Group Capital receives written notice of such failure to comply from the Indenture Trustee, or FPL Group Capital and the Indenture Trustee receive written notice of such failure to comply from the registered owners of at least 33% in principal amount of the Senior Debt Securities of that series,
- (4) certain events of bankruptcy, insolvency or reorganization of FPL Group Capital, and
- (5) any other event of default specified with respect to the Senior Debt Securities of that series. (Indenture, Section 801).

In the case of the third event of default listed above, the Indenture Trustee may extend the grace period. In addition, if registered owners of a particular series have given a notice of default, then registered owners of at least the same percentage of Senior Debt Securities of that series, together with the Indenture Trustee, may also extend the grace period. The grace period will be automatically extended if FPL Group Capital has initiated and is diligently pursuing corrective action. (Indenture, Section 801). An event of default with respect to the Senior Debt Securities of a particular series will not necessarily constitute an event of default with respect to Senior Debt Securities of any other series issued under the Indenture.

Remedies. If an event of default applicable to the Senior Debt Securities of one or more series, but not applicable to all outstanding Senior Debt Securities, exists, then either the Indenture Trustee or the registered owners of at least 33% in aggregate principal amount of the Senior Debt Securities of each of the affected series may declare the principal of and accrued but unpaid interest on all the Senior Debt Securities of that series to be due and payable immediately. However, under the Indenture, some Senior Debt Securities may provide for a specified amount less than their entire principal amount to be due and payable upon that declaration. These Senior Debt Securities are defined as Discount Securities in the Indenture.

If the event of default is applicable to all outstanding Senior Debt Securities, then only the Indenture Trustee or the registered owners of at least 33% in aggregate principal amount of all outstanding Senior Debt Securities of all series, voting as one class, and not the registered owners of any one series, may make a declaration of acceleration. However, the event of default giving rise to the declaration relating to any series of Senior Debt Securities will be automatically waived, and that declaration and its consequences will be automatically rescinded and

annulled, if, at any time after that declaration and before a judgment or decree for payment of the money due has been obtained:

- (1) FPL Group Capital deposits with the Indenture Trustee a sum sufficient to pay:

14

Table of Contents

- (a) all overdue interest on all Senior Debt Securities of that series,
 - (b) the principal of and any premium on any Senior Debt Securities of that series that have become due for reasons other than that declaration, and interest that is then due,
 - (c) interest on overdue interest for that series, and
 - (d) all amounts due to the Indenture Trustee under the Indenture, and
- (2) any other event of default with respect to the Senior Debt Securities of that series has been cured or waived as provided in the Indenture. (Indenture, Section 802).

Other than its obligations and duties in case of an event of default under the Indenture, the Indenture Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request or direction of any of the registered owners, unless those registered owners offer reasonable indemnity to the Indenture Trustee. (Indenture, Section 903). If they provide this reasonable indemnity, the registered owners of a majority in principal amount of any series of Senior Debt Securities will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Indenture Trustee, or exercising any trust or power conferred on the Indenture Trustee, with respect to the Senior Debt Securities of that series. However, if an event of default under the Indenture relates to more than one series of Senior Debt Securities, only the registered owners of a majority in aggregate principal amount of all affected series of Senior Debt Securities, considered as one class, will have the right to make that direction. Also, the direction must not violate any law or the Indenture, and may not expose the Indenture Trustee to personal liability in circumstances where its indemnity would not, in the Indenture Trustees sole discretion, be adequate. (Indenture, Section 812).

No registered owner of Senior Debt Securities of any series will have any right to institute any proceeding under the Indenture, or any remedy under the Indenture, unless:

- (1) that registered owner has previously given to the Indenture Trustee written notice of a continuing event of default with respect to the Senior Debt Securities of that series,
- (2) the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all series in respect of which an event of default under the Indenture exists, considered as one class, have made written request to the Indenture Trustee, and have offered reasonable indemnity to the Indenture Trustee to institute that proceeding in its own name as trustee, and
- (3) the Indenture Trustee has failed to institute any proceeding, and has not received from the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all series in respect of which an event of default under the Indenture exists, considered as one class, a direction inconsistent with that request, within 60 days after that notice, request and offer. (Indenture, Section 807).

However, these limitations do not apply to a suit instituted by a registered owner of a Senior Debt Security for the enforcement of payment of the principal of or premium, if any, or interest on that Senior Debt Security on or after the applicable due date specified in that Senior Debt Security. (Indenture, Section 808).

FPL Group Capital is required to deliver to the Indenture Trustee an annual statement as to its compliance with all conditions and covenants under the Indenture. (Indenture, Section 606).

Modification and Waiver. Without the consent of any registered owner of Senior Debt Securities, FPL Group Capital and the Indenture Trustee may amend or supplement the Indenture for any of the following purposes:

- (1) to provide for the assumption by any permitted successor to FPL Group Capital of FPL Group Capital's obligations under the Indenture and the Senior Debt Securities in the case of a merger or consolidation or a conveyance, transfer or lease of its assets substantially as an entirety,

Table of Contents

- (2) to add covenants of FPL Group Capital or to surrender any right or power conferred upon FPL Group Capital by the Indenture,
 - (3) to add any additional events of default,
- (4) to change, eliminate or add any provision of the Indenture, provided that if that change, elimination or addition will materially adversely affect the interests of the registered owners of Senior Debt Securities of any series or tranche, that change, elimination or addition will become effective with respect to that series or tranche only
- (a) when the required consent of the registered owners of Senior Debt Securities of that series or tranche has been obtained, or
 - (b) when no Senior Debt Securities of that series or tranche remain outstanding under the Indenture,
 - (5) to provide collateral security for all but not a part of the Senior Debt Securities,
 - (6) to establish the form or terms of Senior Debt Securities of any other series or tranche,
- (7) to provide for the authentication and delivery of bearer securities and the related coupons and for other matters relating to those bearer securities,
- (8) to accept the appointment of a successor Indenture Trustee with respect to the Senior Debt Securities of one or more series and to change any of the provisions of the Indenture as necessary to provide for the administration of the trusts under the Indenture by more than one trustee,
- (9) to add procedures to permit the use of a non-certificated system of registration for the Senior Debt Securities of all or any series or tranche,
 - (10) to change any place where
- (a) the principal of and premium, if any, and interest on all or any series or tranche of Senior Debt Securities are payable,
 - (b) all or any series or tranche of Senior Debt Securities may be transferred or exchanged, and
- (c) notices and demands to or upon FPL Group Capital in respect of Senior Debt Securities and the Indenture may be served, or
- (11) to cure any ambiguity or inconsistency or to add or change any other provisions with respect to matters and questions arising under the Indenture, provided those changes or additions may not materially adversely affect the interests of the registered owners of Senior Debt Securities of any series or tranche. (Indenture, Section 1201).

The registered owners of a majority in aggregate principal amount of the Senior Debt Securities of all series then outstanding may waive compliance by FPL Group Capital with certain restrictive provisions of the Indenture. (Indenture, Section 607). The registered owners of a majority in principal amount of the outstanding Senior Debt Securities of any series may waive any past default under the Indenture with respect to that series, except a default in the payment of principal, premium, if any, or interest and a default with respect to certain restrictive covenants or provisions of the Indenture that cannot be modified or amended without the consent of the registered

owner of each outstanding Senior Debt Security of that series affected. (Indenture, Section 813).

In addition to any amendments described above, if the Trust Indenture Act of 1939 is amended after the date of the Indenture in a way that requires changes to the Indenture or in a way that permits changes to, or the elimination of, provisions that were previously required by the Trust Indenture Act of 1939, the Indenture will be deemed to be amended to conform to that amendment of the Trust Indenture Act of 1939 or to make those changes,

Table of Contents

additions or eliminations. FPL Group Capital and the Indenture Trustee may, without the consent of any registered owners, enter into supplemental indentures to make that amendment. (Indenture, Section 1201).

Except for any amendments described above, the consent of the registered owners of a majority in aggregate principal amount of the Senior Debt Securities of all series then outstanding, considered as one class, is required for all other modifications to the Indenture. However, if less than all of the series of Senior Debt Securities outstanding are directly affected by a proposed supplemental indenture, then the consent only of the registered owners of a majority in aggregate principal amount of outstanding Senior Debt Securities of all directly affected series, considered as one class, is required. But, if FPL Group Capital issues any series of Senior Debt Securities in more than one tranche and if the proposed supplemental indenture directly affects the rights of the registered owners of Senior Debt Securities of less than all of those tranches, then the consent only of the registered owners of a majority in aggregate principal amount of the outstanding Senior Debt Securities of all directly affected tranches, considered as one class, will be required. However, none of those amendments or modifications may:

- (1) change the dates on which the principal of or interest on a Senior Debt Security is due without the consent of the registered owner of that Senior Debt Security,
- (2) reduce any Senior Debt Security's principal amount or rate of interest (or the amount of any installment of that interest) or change the method of calculating that rate without the consent of the registered owner of that Senior Debt Security,
- (3) reduce any premium payable upon the redemption of a Senior Debt Security without the consent of the registered owner of that Senior Debt Security,
- (4) change the currency (or other property) in which a Senior Debt Security is payable without the consent of the registered owner of that Senior Debt Security,
- (5) impair the right to sue to enforce payments on any Senior Debt Security on or after the date that it states that the payment is due (or, in the case of redemption, on or after the redemption date) without the consent of the registered owner of that Senior Debt Security,
- (6) reduce the percentage in principal amount of the outstanding Senior Debt Security of any series or tranche whose owners must consent to an amendment, supplement or waiver without the consent of the registered owner of each outstanding Senior Debt Security of that series or tranche,
- (7) reduce the requirements for quorum or voting of any series or tranche without the consent of the registered owner of each outstanding Senior Debt Security of that series or tranche, or
- (8) modify certain of the provisions of the Indenture relating to supplemental indentures, waivers of certain covenants and waivers of past defaults with respect to the Senior Debt Securities of any series or tranche, without the consent of the registered owner of each outstanding Senior Debt Security affected by the modification.

A supplemental indenture that changes or eliminates any provision of the Indenture that has expressly been included only for the benefit of one or more particular series or tranches of Senior Debt Securities, or that modifies the rights of the registered owners of Senior Debt Securities of that series or tranche with respect to that provision, will not affect the rights under the Indenture of the registered owners of the Senior Debt Securities of any other series or tranche. (Indenture, Section 1202).

The Indenture provides that, in order to determine whether the registered owners of the required principal amount of the outstanding Senior Debt Securities have given any request, demand, authorization, direction, notice, consent or waiver under the Indenture, or whether a quorum is present at the meeting of the registered owners of Senior Debt Securities, Senior Debt Securities owned by FPL Group Capital or any other obligor upon the Senior Debt Securities or any affiliate of FPL Group Capital or of that other obligor (unless FPL Group Capital, that affiliate or that obligor owns all Senior Debt Securities outstanding under the Indenture, determined without regard to this provision) will be disregarded and deemed not to be outstanding. (Indenture, Section 101).

Table of Contents

If FPL Group Capital solicits any action under the Indenture from registered owners of Senior Debt Securities, FPL Group Capital may, at its option, by signing a written request to the Indenture Trustee, fix in advance a record date for determining the registered owners of Senior Debt Securities entitled to take that action. However, FPL Group Capital will not be obligated to do this. If FPL Group Capital fixes such a record date, that action may be taken before or after that record date, but only the registered owners of record at the close of business on that record date will be deemed to be registered owners of Senior Debt Securities for the purposes of determining whether registered owners of the required proportion of the outstanding Senior Debt Securities have authorized that action. For these purposes, the outstanding Senior Debt Securities will be computed as of the record date. Any action of a registered owner of any Senior Debt Security under the Indenture will bind every future registered owner of that Senior Debt Security, or any Senior Debt Security replacing that Senior Debt Security, with respect to anything that the Indenture Trustee or FPL Group Capital do, fail to do, or allow to be done in reliance on that action, whether or not that action is noted upon that Senior Debt Security. (Indenture, Section 104).

Resignation and Removal of Indenture Trustee. The Indenture Trustee may resign at any time with respect to any series of Senior Debt Securities by giving written notice of its resignation to FPL Group Capital. Also, the registered owners of a majority in principal amount of the outstanding Senior Debt Securities of one or more series of Senior Debt Securities may remove the Indenture Trustee at any time with respect to the Senior Debt Securities of that series, by delivering an instrument evidencing this action to the Indenture Trustee and FPL Group Capital. The resignation or removal of the Indenture Trustee and the appointment of a successor trustee will not become effective until a successor trustee accepts its appointment.

Except with respect to an Indenture Trustee appointed by the registered owners of Senior Debt Securities, the Indenture Trustee will be deemed to have resigned and the successor will be deemed to have been appointed as trustee in accordance with the Indenture if:

- (1) no event of default under the Indenture or event that, after notice or lapse of time, or both, would become an event of default under the Indenture exists, and
- (2) FPL Group Capital has delivered to the Indenture Trustee a resolution of its Board of Directors appointing a successor trustee and that successor trustee has accepted that appointment in accordance with the terms of the Indenture. (Indenture, Section 910).

Notices. Notices to registered owners of Senior Debt Securities will be sent by mail to the addresses of those registered owners as they appear in the security register for those Senior Debt Securities. (Indenture, Section 106).

Title. FPL Group Capital, the Indenture Trustee, and any agent of FPL Group Capital or the Indenture Trustee, may treat the person in whose name a Senior Debt Security is registered as the absolute owner of that Senior Debt Security, whether or not that Senior Debt Security is overdue, for the purpose of making payments and for all other purposes, regardless of any notice to the contrary. (Indenture, Section 308).

Governing Law. The Indenture and the Senior Debt Securities will be governed by, and construed in accordance with, the laws of the State of New York, without regard to New York's conflict of law principles, except to the extent that the law of any other jurisdiction is mandatorily applicable. (Indenture, Section 112).

DESCRIPTION OF THE FPL GROUP GUARANTEE OF THE FPL GROUP CAPITAL SENIOR DEBT SECURITIES

General. This section briefly summarizes some of the provisions of the Guarantee Agreement, dated as of June 1, 1999, between FPL Group and The Bank of New York, as Guarantee Trustee. The Guarantee Agreement was

executed for the benefit of the Indenture Trustee, which holds the Guarantee Agreement for the benefit of registered owners of the Senior Debt Securities covered by the Guarantee Agreement. This summary does not contain a complete description of the Guarantee Agreement. You should read this summary together with the Guarantee Agreement for a complete understanding of all the provisions. The Guarantee Agreement has been previously filed with the SEC and is an exhibit to the registration statement filed with the SEC of which this prospectus is a part. In addition, the Guarantee Agreement is qualified as an indenture under the Trust Indenture Act

Table of Contents

of 1939 and is therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

Under the Guarantee Agreement, FPL Group absolutely, irrevocably and unconditionally guarantees the prompt and full payment, when due and payable (including upon acceleration or redemption), of the principal, interest and premium, if any, on the Senior Debt Securities that are covered by the Guarantee Agreement to the registered owners of those Senior Debt Securities, according to the terms of those Senior Debt Securities and the Indenture. Pursuant to the Guarantee Agreement, all of the Senior Debt Securities are covered by the Guarantee Agreement except Senior Debt Securities that by their terms are expressly not entitled to the benefit of the Guarantee Agreement. All of the Offered Senior Debt Securities will be covered by the Guarantee Agreement. This guarantee is referred to in this prospectus as the Guarantee. FPL Group is only required to make these payments if FPL Group Capital fails to pay or provide for punctual payment of any of those amounts on or before the expiration of any applicable grace periods. (Guarantee Agreement, Section 5.01). In the Guarantee Agreement, FPL Group has waived its right to require the Guarantee Trustee, the Indenture Trustee or the registered owners of Senior Debt Securities covered by the Guarantee Agreement to exhaust their remedies against FPL Group Capital prior to bringing suit against FPL Group. (Guarantee Agreement, Section 5.06).

The Guarantee is a guarantee of payment when due (i.e., the guaranteed party may institute a legal proceeding directly against FPL Group to enforce its rights under the Guarantee Agreement without first instituting a legal proceeding against any other person or entity). The Guarantee is not a guarantee of collection. (Guarantee Agreement, Section 5.01).

Except as otherwise stated in the related prospectus supplement, the covenants in the Guarantee Agreement would not give registered owners of the Senior Debt Securities covered by the Guarantee Agreement protection in the event of a highly-leveraged transaction involving FPL Group.

Security and Ranking. The Guarantee is an unsecured obligation of FPL Group and will rank equally and ratably with all other unsecured and unsubordinated indebtedness of FPL Group. The Guarantee will rank senior to the Preferred Trust Securities Guarantee, the Subordinated Guarantee and the FPL Group Junior Subordinated Debentures (each as defined below) and FPL Groups guarantee of FPL Group Capitals preferred stock. There is no limit on the amount of other indebtedness, including guarantees, that FPL Group may incur or issue.

FPL Group is a holding company that derives substantially all of its income from its operating subsidiaries. Therefore, the Guarantee is effectively subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock, incurred or issued by FPL Groups subsidiaries. Neither the Indenture nor the Guarantee Agreement places any limit on the amount of liabilities, including debt or preferred stock, that FPL Groups subsidiaries may issue, guarantee or otherwise incur.

Events of Default. An event of default under the Guarantee Agreement will occur upon the failure of FPL Group to perform any of its payment obligations under the Guarantee Agreement. (Guarantee Agreement, Section 1.01). The registered owners of a majority of the aggregate principal amount of the outstanding Senior Debt Securities covered by the Guarantee Agreement have the right to:

- (1) direct the time, method and place of conducting any proceeding for any remedy available to the Guarantee Trustee under the Guarantee Agreement, or
- (2) direct the exercise of any trust or power conferred upon the Guarantee Trustee under the Guarantee Agreement. (Guarantee Agreement, Section 3.01).

The Guarantee Trustee, the Indenture Trustee and the registered owners of Senior Debt Securities covered by the Guarantee Agreement have all of the rights and remedies available under applicable law and may sue to enforce the terms of the Guarantee Agreement and to recover damages for the breach of the Guarantee Agreement. The remedies of each of the Guarantee Trustee, the Indenture Trustee and the registered owners of Senior Debt Securities covered by the Guarantee Agreement, to the extent permitted by law, are cumulative and in addition to any other remedy now or hereafter existing at law or in equity. At the option of any of the Guarantee Trustee, the Indenture Trustee or the registered owners of Senior Debt Securities covered by the Guarantee Agreement, that person or entity may join FPL Group in any lawsuit commenced by that person or entity against FPL Group Capital with respect to any obligations under the Guarantee Agreement. Also, that person or entity may recover against FPL Group in that lawsuit, or in any independent lawsuit against FPL Group, without first asserting, prosecuting or exhausting any remedy or claim against FPL Group Capital. (Guarantee Agreement, Section 5.06).

FPL Group is required to deliver to the Guarantee Trustee an annual statement as to its compliance with all conditions under the Guarantee Agreement. (Guarantee Agreement, Section 2.04).

Modification. FPL Group and the Guarantee Trustee may, without the consent of any registered owner of Senior Debt Securities covered by the Guarantee Agreement, agree to any changes to the Guarantee Agreement that do not materially adversely affect the rights of registered owners. The Guarantee Agreement also may be amended with the prior approval of the registered owners of a majority in aggregate principal amount of all outstanding Senior Debt Securities covered by the Guarantee Agreement. However, the right of any registered owner of Senior Debt Securities covered by the Guarantee Agreement to receive payment under the Guarantee Agreement on the due date of the Senior Debt Securities held by that registered owner, or to institute suit for the enforcement of that payment on or after that due date, may not be impaired or affected without the consent of that registered owner. (Guarantee Agreement, Section 6.01).

Termination of the Guarantee Agreement. The Guarantee Agreement will terminate and be of no further force and effect upon full payment of all Senior Debt Securities covered by the Guarantee Agreement. (Guarantee Agreement, Section 5.05).

Governing Law. The Guarantee Agreement will be governed by and construed in accordance with the laws of the State of New York, without regard to conflict of laws principles thereunder, except to the extent that the law of any other jurisdiction is mandatorily applicable. (Guarantee Agreement, Section 5.07).

DESCRIPTION OF FPL GROUP SENIOR DEBT SECURITIES

FPL Group will issue its debt securities (other than the FPL Group Junior Subordinated Debentures (as defined below under Description of the FPL Group and FPL Group Capital Junior Subordinated Debentures and the FPL Group Subordinated Guarantee)), in one or more series, under an Indenture, between FPL Group and The Bank of New York, as trustee. The terms of any offered debt securities will be described in a supplement to this prospectus.

DESCRIPTION OF FPL GROUP COMMON STOCK

General. The following statements describing FPL Groups common stock are not intended to be a complete description. For additional information, please see FPL Groups Restated Articles of Incorporation, as amended (Charter), and its bylaws, which set forth the terms of the common stock. Please also see the Mortgage and Deed of Trust, dated as of January 1, 1944, between Florida Power & Light Company and Deutsche Bank Trust Company Americas, as trustee, as amended and supplemented (the Mortgage), which contains restrictions which may limit the ability of Florida Power & Light Company to pay dividends to FPL Group. Each of these documents has been previously filed with the SEC and they are exhibits to the registration statement filed with the SEC of which this

prospectus is a part. Reference is also made to the laws of the State of Florida.

FPL Groups authorized capital stock consists of 800,000,000 shares of common stock, \$.01 par value, and 100,000,000 shares of serial preferred stock, \$.01 par value. As of March 31, 2007, 406,415,900 shares of common stock were issued and outstanding and no shares of serial preferred stock were issued and outstanding. The FPL Group common stock has no preemptive, subscription or conversion rights, and there are no redemption or sinking fund provisions applicable thereto. The outstanding shares of common stock are, and when issued the shares offered

hereby will be, fully paid and nonassessable. In some cases, the issuance of preferred stock could make it difficult for another company to acquire FPL Group and make it harder to remove current management. See Description of Preferred Stock and FPL Group Guarantee of FPL Group Capital Preferred Stock FPL Group Preferred Stock below.

All outstanding FPL Group common stock is listed on the NYSE and trades under the symbol FPL. The registrar and transfer agent for the FPL Group common stock is Computershare Investor Services, LLC.

A number of provisions that are in FPL Groups Charter and bylaws will make it difficult for another company to acquire FPL Group and for a holder of FPL Group common stock to receive any related takeover premium for its shares. See Voting Rights and Non-Cumulative Voting and Description of Preferred Stock and FPL Group Guarantee of FPL Group Capital Preferred Stock FPL Group Preferred Stock below.

Dividend Rights. Each share of common stock is entitled to participate equally with respect to dividends declared on the common stock out of funds legally available for the payment thereof.

FPL Groups Charter does not limit the dividends that can be paid on the common stock. However, as a practical matter, the ability of FPL Group to pay dividends on the common stock is dependent upon, among other things, dividends paid to it by its subsidiaries, including Florida Power & Light Company. Florida Power & Light Companys ability to pay dividends is limited by restrictions contained in the Mortgage. However, these restrictions do not currently limit Florida Power & Light Companys ability to pay dividends to FPL Group from its retained earnings.

FPL Group Capital has issued junior subordinated debentures in connection with preferred trust securities previously issued by FPL Group Capital Trust I, which junior subordinated debentures are guaranteed by FPL Group. FPL Group Capital has the right, from time to time, to defer the payment of interest on its outstanding junior subordinated debentures for a deferral period of up to 20 consecutive quarters. FPL Group Capital has also issued two series of junior subordinated debentures not in connection with preferred trust securities, which junior subordinated debentures are guaranteed by FPL Group. FPL Group Capital has the right, from time to time, to defer the payment of interest on these outstanding junior subordinated debentures on one or more occasions for up to 10 consecutive years. FPL Group, Florida Power & Light Company and/or FPL Group Capital may issue, from time to time, additional junior subordinated debentures. FPL Group, Florida Power & Light Company and/or FPL Group Capital may have similar rights to defer the payment of interest on those additional junior subordinated debentures. If FPL Group Capital and/or FPL Group exercises any such right to defer the payment of interest, FPL Group would not be able to pay dividends on its common stock or preferred stock during the periods when such payments are delayed with certain limited exceptions. If Florida Power & Light Company exercises any such right to defer the payment of interest, it would not be able to pay dividends to any holder of its common stock or preferred stock, including FPL Group, during the periods when such payments are delayed with certain limited exceptions. In addition, FPL Group, FPL Group Capital and Florida Power & Light Company may issue other securities in the future that have a similar right to delay interest or distribution payments and similar dividend restrictions in the event of the exercise of such rights.

In addition, FPL Group may issue one or more series of its serial preferred stock, \$.01 par value, without the approval of its shareholders. Each series may have terms that differ from those of any other series and may provide for dividend, liquidation, voting and other rights that are superior or prior to those of FPL Groups common stock.

Voting Rights and Non-Cumulative Voting. In general, the holders of FPL Group common stock are entitled to one vote per share for the election of directors and for other corporate purposes. The Charter:

- (1)permits the shareholders to remove a director only for cause and only by the affirmative vote of 75% in voting power of the outstanding shares of common stock and other outstanding voting stock, voting as a class;

- (2) provides that a vacancy on the Board of Directors may be filled only by the remaining directors;

Table of Contents

- (3) permits shareholders to take action only at an annual meeting, or a special meeting duly called by certain officers, the Board of Directors or the holders of a majority in voting power of the outstanding shares of voting stock entitled to vote on the matter;
- (4) requires the affirmative vote of 75% in voting power of the outstanding shares of voting stock to approve certain Business Combinations (as defined below) with an Interested Shareholder (as defined below) or its affiliate, unless approved by a majority of the Continuing Directors (as defined below) or, in certain cases, unless certain minimum price and procedural requirements are met; and
- (5) requires the affirmative vote of 75% in voting power of the outstanding shares of voting stock to amend the bylaws or to amend certain provisions of the Charter including those provisions discussed in (1) through (4) above.

Such provisions may have significant effects on the ability of the shareholders to change the composition of an incumbent Board of Directors or to benefit from certain transactions which are opposed by an incumbent Board of Directors.

The term Interested Shareholder is defined in the Charter to include a security holder who owns 10% or more in voting power of the outstanding shares of voting stock, and the term Continuing Director is defined in the Charter to include any director who is not an affiliate of an Interested Shareholder. The above provisions dealing with Business Combinations involving FPL Group and an Interested Shareholder may discriminate against a security holder who becomes an Interested Shareholder by reason of the beneficial ownership of such amount of common or other voting stock. The term Business Combination is defined in the Charter to include:

- (1) any merger or consolidation of FPL Group or any direct or indirect majority-owned subsidiary with (a) an Interested Shareholder or (b) any other corporation which is, or after such merger or consolidation would be, an affiliate of an Interested Shareholder;
- (2) any sale, lease, exchange, mortgage, pledge, transfer or other disposition in one transaction or a series of transactions to or with any Interested Shareholder or any affiliate of an Interested Shareholder of assets of FPL Group or any direct or indirect majority-owned subsidiary having an aggregate fair market value of \$10,000,000 or more;
- (3) the issuance or transfer by FPL Group or any direct or indirect majority-owned subsidiary in one transaction or a series of transactions of any securities of FPL Group or any subsidiary to any Interested Shareholder or any affiliate of any Interested Shareholder in exchange for cash, securities or other property, or a combination thereof, having an aggregate fair market value of \$10,000,000 or more;
- (4) the adoption of any plan or proposal for the liquidation or dissolution of FPL Group proposed by or on behalf of an Interested Shareholder or an affiliate of an Interested Shareholder; or
- (5) any reclassification of securities, including any reverse stock split, or recapitalization, of FPL Group, or any merger or consolidation of FPL Group with any of its direct or indirect majority-owned subsidiaries or any other transaction which has the direct or indirect effect of increasing the proportionate share of the outstanding shares of any class of equity or convertible securities of FPL Group or any direct or indirect wholly-owned subsidiary which is directly or indirectly owned by any Interested Shareholder or any affiliate of any Interested Shareholder.

The holders of common stock do not have cumulative voting rights, and therefore the holders of more than 50% of a quorum (majority) of the outstanding shares of common stock can elect all of FPL Groups directors. Unless otherwise

provided in the Charter or the bylaws or in accordance with applicable law, the affirmative vote of a majority of the total number of shares represented at a meeting and entitled to vote is required for shareholder action on a matter. Voting rights for the election of directors or otherwise, if any, for any series of the serial preferred stock, will be established by the Board of Directors when such series is issued. See Description of Preferred Stock and FPL Group Guarantee of FPL Group Capital Preferred Stock FPL Group Preferred Stock below.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

FPL Group may issue stock purchase contracts, including contracts that obligate holders to purchase from FPL Group, and FPL Group to sell to these holders, a specified number of shares of common stock or preferred stock at a future date or dates. The consideration per share of common stock or preferred stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may require holders to secure their obligations under these stock purchase contracts in a specified manner.

provisions of the Trust Agreement. This summary does not contain a complete description of the Trust Agreement. You should read this summary together with the Trust Agreement for a complete understanding of all the provisions. The form of the Trust Agreement has been previously filed with the SEC and is an exhibit to the registration statement filed with the SEC of which this prospectus is a part. In addition, each Trust Agreement will be qualified as an indenture under the Trust Indenture Act of 1939 and is therefore subject to the provisions of the Trust Indenture Act of 1939. You should read the Trust Indenture Act of 1939 for a complete understanding of its provisions.

In this section, any discussion of FPL Group Capital Trust, FPL Group Trust, Preferred Trust Securities and Common Trust Securities relate only to the applicable Trust. Holders of Preferred Trust Securities of FPL Group Capital Trust II, FPL Group Capital Trust III, FPL Group Trust I and FPL Group Trust II will be entitled to any of the benefits and protections contained in the Trust Agreement applicable to the particular Trust which issued the relevant Trust Securities and not with respect to any other Trust.

The Preferred Trust Securities and Common Trust Securities issued by the Trust will be substantially the same except that, if there is an event of default under the Trust Agreement, as described below, that results from an event of default under the Subordinated Indenture (as such term is defined below under Description of the FPL Group and FPL Group Capital Junior Subordinated Debentures and the FPL Group Subordinated Guarantee General), the right of FPL Group, as holder of the Common Trust Securities, to payment of distributions and upon liquidation or redemption will be subordinated to the rights of the holders of the Preferred Trust Securities. (Trust Agreement, Section 4.03). All of the Common Trust Securities will be owned by FPL Group. (Trust Agreement, Section 5.10).

FPL Group will fully and unconditionally guarantee payments due on the Preferred Trust Securities issued by the Trust through a combination of the following:

- (1) with respect to the Preferred Trust Securities issued by FPL Group Capital Trust only, FPL Groups guarantee of FPL Group Capitals payment obligations under the FPL Group Capital Junior Subordinated Debentures (referred to in this prospectus as the Subordinated Guarantee);
- (2) with respect to the Preferred Trust Securities issued by FPL Group Trust only, FPL Groups obligations under the FPL Group Junior Subordinated Debentures;
- (3) the rights of holders of Preferred Trust Securities to enforce those obligations in (1) and (2) above, as applicable;
- (4) FPL Groups agreement to pay the expenses of the Trust; and
- (5) FPL Groups guarantee of payments due on the Preferred Trust Securities to the extent of the Trusts legally available assets (referred to in this prospectus as the Preferred Trust Securities Guarantee).

No single one of the applicable documents listed above standing alone or operating in conjunction with fewer than all of the other applicable documents constitutes the guarantee by FPL Group. It is only the combined operation of these documents that has the effect of providing a full and unconditional, but subordinated, guarantee as to payment by FPL Group of the Preferred Trust Securities.

FPL Group Capital Trust will use the proceeds from its sale of the Trust Securities to purchase FPL Group Capital Junior Subordinated Debentures, and FPL Group Trust will use the proceeds from its sale of the Trust Securities to purchase FPL Group Junior Subordinated Debentures. (Trust Agreement, Section 2.05). The FPL Group Capital Junior Subordinated Debentures will be guaranteed by FPL Group pursuant to the Subordinated Guarantee described below and issued under an Indenture, dated as of March 1, 2004, among FPL Group Capital, FPL Group and The

Bank of New York, as trustee, or another subordinated indenture among FPL Group Capital, FPL Group and The Bank of New York as specified in the related prospectus supplement. The FPL Group Junior Subordinated Debentures will be issued under a subordinated indenture between FPL Group and The Bank of New York, as trustee. In connection with the issuance of Trust Securities, the Junior Subordinated Debentures (as defined below under Description of the FPL Group and FPL Group Capital Junior Subordinated Debentures and

Table of Contents

the FPL Group Subordinated Guarantee) will be held in trust for the benefit of holders of the applicable Preferred Trust Securities and Common Trust Securities. (Trust Agreement, Section 2.09).

A prospectus supplement relating to the Preferred Trust Securities will include specific terms of those securities and of the Junior Subordinated Debentures issued in connection therewith. For a description of some specific terms that will affect both the Preferred Trust Securities and the Junior Subordinated Debentures, and holders rights under each, see Description of the FPL Group and FPL Group Capital Junior Subordinated Debentures and the FPL Group Subordinated Guarantee below.

Distributions. The only income of the Trust available for distribution to the holders of Preferred Trust Securities will be payments on the applicable Junior Subordinated Debentures. (Trust Agreement, Section 8.01). If neither FPL Group Capital nor FPL Group makes interest payments on the FPL Group Capital Junior Subordinated Debentures, or if FPL Group does not make interest payments on the FPL Group Junior Subordinated Debentures, as the case may be, the Trust will not have funds available to pay distributions on Preferred Trust Securities. The payment of distributions, if and to the extent the Trust has sufficient funds available for the payment of such distributions, is guaranteed on a limited basis by FPL Group as described under Description of the Preferred Trust Securities Guarantee.

Unless otherwise provided in the related prospectus supplement, the issuer of the Junior Subordinated Debentures may have the option to defer the payment of interest from time to time on the Junior Subordinated Debentures for one or more periods, in which case, if the Junior Subordinated Debentures were issued in connection with Preferred Trust Securities, distributions on the Preferred Trust Securities would be deferred during any such period. Unless otherwise provided in the related prospectus supplement, distributions would, however, continue to accumulate. (Trust Agreement, Section 4.01). During any optional deferral period, or for so long as an Event of Default under the Subordinated Indenture resulting from a payment default or a payment default under the Preferred Trust Securities Guarantee has occurred and is continuing, neither FPL Group nor FPL Group Capital, with respect to deferral of the payment of interest on the FPL Group Capital Junior Subordinated Debentures, nor FPL Group, with respect to the deferral of the payment of interest on the FPL Group Junior Subordinated Debentures, may:

- (1) declare or pay any dividend or distribution on its capital stock;
- (2) redeem, purchase, acquire or make a liquidation payment with respect to any of its capital stock;
- (3) pay any principal, interest or premium on, or repay, repurchase or redeem any debt securities that are equal or junior in right of payment with the Junior Subordinated Debentures or the Subordinated Guarantee (as the case may be); or
- (4) make any payments with respect to any guarantee of debt securities if such guarantee is equal or junior in right of payment to the Junior Subordinated Debentures or the Subordinated Guarantee (as the case may be),

other than

- (1) purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;
- (2)

any payment, repayment, redemption, purchase, acquisition or declaration of dividend listed as restricted payments in clauses (1) and (2) above as a result of a reclassification of its capital stock or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock;

Table of Contents

- (3) the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts;
- (4) dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;
- (5) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;
- (6) payments under any preferred trust securities guarantee or guarantee of subordinated debentures executed and delivered by FPL Group concurrently with the issuance by a trust of any preferred trust securities, so long as the amount of payments made on any preferred trust securities or subordinated debentures (as the case may be) is paid on all preferred trust securities or subordinated debentures (as the case may be) then outstanding on a pro rata basis in proportion to the full distributions to which each series of preferred trust securities or subordinated debentures (as the case may be) is then entitled if paid in full;
- (7) payments under any guarantee of junior subordinated debentures executed and delivered by FPL Group (including a FPL Group Subordinated Guarantee), so long as the amount of payments made on any junior subordinated debentures is paid on all junior subordinated debentures then outstanding on a pro rata basis in proportion to the full payment to which each series of junior subordinated debentures is then entitled if paid in full;
- (8) dividends or distributions by FPL Group Capital on its capital stock to the extent owned by FPL Group; or
- (9) redemptions, purchases, acquisitions or liquidation payments by FPL Group Capital with respect to its capital stock to the extent owned by FPL Group.

The exceptions in (8) and (9) above are not applicable to an optional deferral period on the FPL Group Junior Subordinated Debentures.

Unless otherwise provided in the related prospectus supplement, before an optional deferral period ends, FPL Group Capital or FPL Group, as the case may be, may further defer the payment of interest. Unless otherwise provided in the related prospectus supplement, no optional deferral period may exceed the period of time specified in that prospectus supplement. After any optional deferral period and the payment of all amounts then due, FPL Group Capital or FPL Group, as the case may be, may select a new optional deferral period. No interest period may be deferred beyond the maturity of the Junior Subordinated Debentures.

Redemption. Whenever Junior Subordinated Debentures are repaid, whether at maturity or earlier redemption, the Property Trustee will apply the proceeds to redeem a like amount of Preferred Trust Securities and Common Trust Securities. (Trust Agreement, Section 4.02(a)).

Preferred Trust Securities will be redeemed at the redemption price plus accrued and unpaid distributions with the proceeds from the contemporaneous redemption or repayment of Junior Subordinated Debentures. Redemptions of the Preferred Trust Securities will be made on a redemption date only if the Trust has funds available for the payment of the redemption price plus accrued and unpaid distributions. (Trust Agreement, Section 4.02(c)).

Holders of Preferred Trust Securities will be given not less than 30 nor more than 60 days notice of any redemption. (Trust Agreement, Section 4.02(b)). On or before the redemption date, the Trust will irrevocably deposit with the paying agent for Preferred Trust Securities sufficient funds and will give the paying agent irrevocable instructions and authority to pay the redemption price plus accrued and unpaid distributions to the

holders upon surrender of their Preferred Trust Securities. Distributions payable on or before a redemption date will be payable to the holders on the record date for the distribution payment. If notice is given and funds are deposited as required, then on the redemption date all rights of holders of the Preferred Trust Securities called for redemption will cease, except the right of the holders to receive the redemption price plus accrued and unpaid distributions, and the Preferred Trust Securities will cease to be outstanding. No interest will accrue on amounts payable on the redemption date. In the event that any date fixed for redemption of Preferred Trust Securities is not a business day, then payment will be made on the next business day, except that, if such business day falls in the next calendar year, then payment will be made on the immediately preceding business day. No interest will be payable because of any such delay. If payment of Preferred Trust Securities called for redemption is improperly withheld or refused and not paid either by the Trust or by FPL Group pursuant to the Preferred Trust Securities Guarantee, distributions on such Preferred Trust Securities will continue to accrue to the date of payment. In that event, the actual payment date will be considered the date fixed for redemption for purposes of calculating the redemption price plus accrued and unpaid distributions. (Trust Agreement, Section 4.02(d)).

Subject to applicable law, including United States federal securities laws, FPL Group or its affiliates may at any time and from time to time purchase outstanding Preferred Trust Securities by tender, in the open market or by private agreement.

If Preferred Trust Securities are partially redeemed on a redemption date, a corresponding percentage of the Common Trust Securities will be redeemed. The particular Preferred Trust Securities to be redeemed will be selected not more than 60 days prior to the redemption date by the Property Trustee by such method as the Property Trustee shall deem fair, taking into account the denominations in which they were issued. The Property Trustee will promptly notify the Preferred Trust Security registrar in writing of the Preferred Trust Securities selected for redemption and, where applicable, the partial amount to be redeemed. (Trust Agreement, Section 4.02(f)).

Subordination of Common Trust Securities. Payment of distributions on, and the redemption price, plus accrued and unpaid distributions, of, the Preferred Trust Securities and Common Trust Securities shall be made pro rata based on the liquidation preference amount of such securities. However, if on any distribution payment date or redemption date an event of default under the Trust Agreement resulting from an event of default under the related Subordinated Indenture has occurred and is continuing, no payment on any Common Trust Security shall be made until all payments due on the Preferred Trust Securities have been made. In that case, funds available to the Property Trustee shall first be applied to the payment in full of all distributions on, or the redemption price plus accrued and unpaid distributions of, Preferred Trust Securities then due and payable. (Trust Agreement, Section 4.03(a)).

If an event of default under the Trust Agreement results from an event of default under the related Subordinated Indenture, the holder of Common Trust Securities cannot take action with respect to the Trust Agreement default until the effect of all defaults with respect to the Preferred Trust Securities has been cured, waived or otherwise eliminated. Until the event of default under the Trust Agreement with respect to Preferred Trust Securities has been cured, waived or otherwise eliminated, the Property Trustee shall, to the fullest extent permitted by law, act solely on behalf of the holders of Preferred Trust Securities and not the holder of the Common Trust Securities, and only the holders of Preferred Trust Securities will have the right to direct the Property Trustee to act on their behalf. (Trust Agreement, Section 4.03(b)).

Liquidation Distribution upon Dissolution. The Trust will be dissolved and liquidated by the Property Trustee on the first to occur of:

- (1) the expiration of the term of the Trust;
- (2) the bankruptcy, dissolution or liquidation of FPL Group;

- (3) the redemption of all of the Preferred Trust Securities of the Trust;
- (4) the entry of an order for dissolution of the Trust by a court of competent jurisdiction; or
- (5) at any time, at the election of FPL Group. (Trust Agreement, Sections 9.01 and 9.02).

If a dissolution of the Trust occurs, the Trust will be liquidated by the Property Trustee as expeditiously as the Property Trustee determines to be appropriate. If a dissolution of the Trust occurs other than by redemption of all the Preferred Trust Securities, the Property Trustee will provide for the satisfaction of liabilities of creditors, if any, and distribute to each holder of the Preferred Trust Securities and Common Trust Securities a proportionate amount of Junior Subordinated Debentures. If a distribution of Junior Subordinated Debentures is determined by the Property Trustee not to be practical, holders of Preferred Trust Securities will be entitled to receive, out of the assets of the Trust after adequate provision for the satisfaction of liabilities of creditors, if any, an amount equal to the aggregate liquidation preference of the Preferred Trust Securities plus accrued and unpaid distributions thereon to the date of payment. If this liquidation distribution can be paid only in part because the Trust has insufficient assets available to pay in full the aggregate liquidation distribution, then the amounts payable by the Trust on the Preferred Trust Securities shall be paid on a pro rata basis. FPL Group, as holder of the Common Trust Securities, will be entitled to receive distributions upon any dissolution pro rata with the holders of the Preferred Trust Securities, except that if an event of default (or event that, with the lapse of time or giving of notice, would become such an event of default) has occurred and is continuing under the related Subordinated Indenture, the Preferred Trust Securities will have a preference over the Common Trust Securities. (Trust Agreement, Section 9.04).

Events of Default; Notice. Any one of the following events will be an event of default under the Trust Agreement whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body:

- (1) the occurrence of an event of default as described in the related Subordinated Indenture;
- (2) default by the Trust in the payment of any distribution when it becomes due and payable, and continuation of that default for a period of 30 days;
- (3) default by the Trust in the payment of any redemption price, plus accrued and unpaid distributions, of any Preferred Trust Security or Common Trust Security when it becomes due and payable;
- (4) default in the performance, or breach, in any material respect, of any covenant or warranty of the trustees in the Trust Agreement which is not dealt with above, and continuation of that default or breach for a period of 90 days after written notice to the Trust, the defaulting trustee under the Trust Agreement and FPL Group by the holders of Preferred Trust Securities having at least 33% of the total liquidation preference amount of the outstanding Preferred Trust Securities. However, the holders of Preferred Trust Securities will be deemed to have agreed to an extension of the 90 day period if corrective action is initiated by any of the trustees within such period and is diligently pursued in good faith; or
- (5) the occurrence of certain events of bankruptcy or insolvency with respect to the Trust. (Trust Agreement, Section 1.01).

Within 90 days after the occurrence of any default known to the Property Trustee, the Property Trustee shall transmit to the holders of Preferred Trust Securities, FPL Group and the Administrative Trustees notice of any such default, unless that default shall have been cured or waived. (Trust Agreement, Section 8.02).

A holder of Preferred Trust Securities may directly institute a proceeding to enforce payment when due to the holder of the Preferred Trust Securities of the principal of or interest on Junior Subordinated Debentures having a principal amount equal to the aggregate liquidation preference amount of the holders Preferred Trust Securities. The holders of Preferred Trust Securities have no other rights to exercise directly any other remedies available to the holder of the Junior Subordinated Debentures unless the trustees under the Trust Agreement fail to do so. (Trust Agreement, Section 6.01(a)).

Removal of Trustees. Unless an event of default under the related Subordinated Indenture has occurred and is continuing, the holder of the Common Trust Securities may remove any trustee under the Trust Agreement at any time. If an event of default under the Subordinated Indenture has occurred and is continuing, the holders of a majority of the total liquidation preference amount of the outstanding Preferred Trust Securities may remove the Property Trustee or the Delaware Trustee, or both of them. The holder of the Common Trust Securities may remove

any Administrative Trustee at any time. Any resignation or removal of a trustee under the Trust Agreement will take effect only on the acceptance of appointment by the successor trustee. (Trust Agreement, Section 8.10).

Holders of Preferred Trust Securities will have no right to appoint or remove the Administrative Trustees of the Trust, who may be appointed, removed or replaced solely by FPL Group as the holder of the Common Trust Securities. (Trust Agreement, Section 8.10).

Voting Rights. Except as provided below and under Description of the Preferred Trust Securities Guarantee Modification and Assignment, and as otherwise required by law or the Trust Agreement, the holders of Preferred Trust Securities will have no voting rights.

While Junior Subordinated Debentures are held by the Property Trustee, the Property Trustee shall not:

- (1) direct the time, method and place to conduct any proceeding for any remedy available to the Subordinated Indenture Trustee (as such term is defined below under Description of the FPL Group and FPL Group Capital Junior Subordinated Debentures and the FPL Group Subordinated Guarantee General), or execute any trust or power conferred on the Subordinated Indenture Trustee with respect to the Junior Subordinated Debentures;
- (2) waive any past default under the related Subordinated Indenture;
- (3) exercise any right to rescind or annul a declaration that the principal of all the Junior Subordinated Debentures will be due and payable; or
- (4) consent to any amendment, modification or termination of the related Subordinated Indenture or the Junior Subordinated Debentures, where that consent will be required,

without, in each case, obtaining the prior approval of the holders of Preferred Trust Securities having at least a majority of the aggregate liquidation preference amount of all outstanding Preferred Trust Securities of the Trust. Where a consent of each holder of Junior Subordinated Debentures affected is required, no consent shall be given by the Property Trustee without the prior consent of each holder of the Preferred Trust Securities affected. The Property Trustee shall not revoke any action previously authorized or approved by a vote of the holders of Preferred Trust Securities, except pursuant to the subsequent vote of the holders of Preferred Trust Securities. (Trust Agreement, Section 6.01(b)). If the Property Trustee fails to enforce its rights, as holder, under the Junior Subordinated Debentures or the Trust Agreement, a holder of the Preferred Trust Securities may institute a legal proceeding directly against FPL Group or FPL Group Capital, as the case may be, to enforce the Property Trustee's rights under the Junior Subordinated Debentures or the Trust Agreement without first instituting any legal proceeding against the Property Trustee or anyone else. (Trust Agreement, Section 6.01(a)). The Property Trustee shall notify all holders of Preferred Trust Securities of any notice of default received from the Subordinated Indenture Trustee. The Property Trustee shall not take any action approved by the consent of the holders of Preferred Trust Securities without an opinion of counsel experienced in those matters to the effect that the Trust will be classified as a grantor trust and not as an association taxable as a corporation for United States federal income tax purposes on account of that action. (Trust Agreement, Section 6.01(b)).

Holders of Preferred Trust Securities may give any required approval at a meeting convened for such purpose or by written consent without prior notice. (Trust Agreement, Section 6.06). The Administrative Trustees will give notice of any meeting at which holders of Preferred Trust Securities are entitled to vote. (Trust Agreement, Section 6.02).

No vote or consent of the holders of Preferred Trust Securities will be required for the Trust to redeem and cancel Preferred Trust Securities in accordance with the Trust Agreement.

Notwithstanding that holders of Preferred Trust Securities are entitled to vote or consent under any of the circumstances described above, any Preferred Trust Securities that are owned by FPL Group Capital, FPL Group, any Administrative Trustee or any affiliate of any of them, shall be treated as if they were not outstanding for purposes of such vote or consent. (Trust Agreement, Section 1.01).
