Computer Associates Savings Harvest Plan Committee

Computer Associates Savings Harvest Plan:

We have audited the accompanying statements of net assets available for benefits of Computer Associates Savings Harvest Plan (the Plan) as of March 30, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years ended March 30, 2004 and 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of March 30, 2004 and 2003, and the changes in net assets available for benefits for the years ended March 30, 2004 and 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule H, line 4i schedule of assets (held at end of year) as of March 30, 2004 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**COMPUTER ASSOCIATES SAVINGS
HARVEST PLAN**

Notes to Financial Statements

March 30, 2004 and 2003

(1) Description of the Plan

The following description of the Computer Associates Savings Harvest Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible salaried employees. Employees are eligible to participate in the Plan with respect to pre-tax contributions immediately. Eligibility with respect to employer matching and discretionary contributions occurs in the month following completion of one full year of service to Computer Associates International, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the Computer Associates Savings Harvest Plan Committee (Plan Committee) which consists of managers and executives of the Company. The trustee of the Plan is Fidelity Management Trust Company.

(b) Participant Accounts

A separate account is established and maintained in the name of each participant and reflects the participant's balance invested therein. Such balance includes contributions, earnings and losses allocated to each participant's account based upon the percentage investment that each participant's account balance bears to the total of all participant account balances and, if applicable, expenses. Forfeited balances of terminated participants' nonvested accounts may be used to reduce future Company contributions and pay for the Plan's administrative expenses.

(c) Contributions

Plan participants may elect to contribute a percentage of their base compensation ranging from 2% to 20%. Each participant can change this election at any time.

To comply with the applicable Internal Revenue Code (IRC) provision, pre-tax contributions elected by any participant may not exceed \$13,000 and \$12,000 for the calendar years ended December 31, 2004 and 2003, respectively. The Plan also allows participants age 50 and over to make an extra "catch-up" contribution on a pre-tax basis, which may not exceed \$3,000 and \$2,000 for the calendar years ended December 31, 2004 and 2003, respectively. Participants may also contribute on an after-tax basis.

For eligible participants, the Company makes a matching contribution to the Plan on behalf of each participant equal to 50% of such participant's contribution up to a maximum of 2.5% of the participant's base compensation (contributions are subject to certain IRC limitations). The total matching contribution for the

Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form 11-K

year ended March 30, 2004 was \$12,046,210 of which \$3,494,922 was funded from plan forfeitures. The total matching contribution for the year ended March 30, 2003 was \$12,411,697 of which \$3,043,827 was funded from plan forfeitures.

In addition to its matching contribution, the Company may make a discretionary contribution to the Plan on behalf of eligible participants in an amount that the board of directors of the Company may, in its sole discretion, determine. The discretionary contribution for the year ended March 30, 2004 was \$19,522,293, which was paid in the form of 720,911 shares of common stock of the Company. The discretionary contribution for the year ended March 30, 2003 was \$20,583,342, which was paid in the form of 1,511,258 shares of common stock of the Company. The discretionary contribution is allocated to each eligible participant who is an employee of the Company on March 30 of that year, generally in the same ratio that the participant's base compensation for the plan year bears to the base compensation of all participants for such plan year. The discretionary contribution for the years ended March 30, 2004 and 2003 was allocated directly to the Computer Associates Stock Fund and funded into each participant's account in April 2004 and April 2003, respectively. Subsequent to this initial allocation, the participants of the Plan have the ability to re-direct these investments into the other investment options.

(d) Vesting

Participants are immediately vested in their elective contributions. The matching and discretionary contributions made by the Company vest as follows:

Percent vested	After years of service
0%	Less than 2
20%	2
40%	3
60%	4
80%	5
100%	6

In addition, 100% vesting occurs upon death or total disability of a participant, upon attainment of normal retirement age, or upon termination of the Plan.

(e) Investment Options

The assets of the Plan are invested by Fidelity Management Trust Company. There were nine investment fund options available at the beginning of the Plan year. Effective February 2004, six new investment options were added and one fund option, the Aggressive Growth Fund, was removed from the Plan. As of March 30, 2004, participants were able to invest any of the following fourteen investment fund options:

Fidelity Retirement Money Market Portfolio invests in U.S. dollar denominated money market securities and repurchase agreements.

Fidelity Intermediate Bond Fund invests at least 80% of its assets in investment grade debt securities and repurchase agreements.

(f) *Payment of Benefits*

(g) Participant Loans

Any participant may take a loan from his/her account once certain provisions of the Plan have been met. Upon the death, retirement or termination of employment of the participant, the Plan may deduct the total unpaid balance or any portion thereof from any payment or distribution to which the participant or his/her beneficiaries may be entitled. Interest rates on loans are fixed based on the prevailing market rate (the prevailing prime rate plus 1%) when the application for the loan is submitted. The prevailing rate at March 30, 2004 was 5.00%. All loans are being repaid in equal semimonthly installments and extend from periods of one to five years. Certain loans that were transferred from other plans had terms in excess of five years as they were for purchases of principal residences. Loans outstanding as of March 30, 2004 and 2003 bore interest ranging from 5.00% to 10.50% and 5.25% to 10.50%, respectively, and the terms range from 1 to 20 years. Participant loan fees which are included in administrative expenses on the accompanying statements of changes in net assets available for benefits, are borne by the participant and amounted to \$49,655 and \$41,290 for the years ended March 30, 2004 and 2003, respectively.

(h) Administrative Expenses

Administrative expenses consist of participant fees and costs of recordkeeping and administration. Participant fees for the years ended March 30, 2004 and 2003 were \$371,704 and \$95,095, respectively. To the extent that the costs of recordkeeping and administration of the funds are not paid from plan forfeitures, they are borne by the Company. Such costs for the years ended March 30, 2004 and 2003 were \$168,151 and \$179,216, respectively, and were all paid from plan forfeitures.

(i) Forfeited Accounts

At March 30, 2004 and 2003 forfeited non-vested accounts totaled \$551,721 and \$202,922, respectively, and are available to fund future matching contributions and to pay administrative expenses of the Plan as noted above.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

The accompanying financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles. The more significant accounting policies followed by the Plan are as follows:

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual method of accounting.

HARVEST PLAN**

Notes to Financial Statements

March 30, 2004 and 2003

(b) Investments Valuation and Income Recognition

Investments in mutual funds and the Computer Associates Stock Fund are stated at fair value based upon quoted prices in published sources. Participant loans are stated at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

(c) Payments of Benefits

Benefits to participants or their beneficiaries are recorded when paid.

(d) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

(3) Investments

The following individual investments exceeded 5% of the Plan's assets available for benefits at March 30, 2004 and 2003:

	<u>2004</u>	<u>2003</u>
Mutual funds:		
Fidelity Retirement Money Market Portfolio	\$ 146,544,761	138,540,908
Fidelity Puritan Fund	72,813,870	52,954,316
Fidelity Growth and Income Portfolio	74,548,941	57,022,723
Spartan U.S. Equity Index Fund	78,389,873	53,369,049

Computer Associates Stock Fund	217,520,808	122,127,396

During the years ended March 30, 2004 and 2003, net appreciation (depreciation) in fair value of investments was as follows:

<u>2004</u>	<u>2003</u>
-------------	-------------

Edgar Filing: COMPUTER ASSOCIATES INTERNATIONAL INC - Form 11-K

Mutual funds	\$ 87,969,712	(76,493,770)

(4) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and a party-in-interest with respect to the Plan. Fees paid by the Plan to Fidelity Management Trust Company were \$453,167 and \$195,634 for the years ended March 30, 2004 and 2003, respectively, and include participant fees and recordkeeping and administrative costs. The Plan also holds shares of Computer Associates International, Inc. common stock, the Plan Sponsor, and a party-in-interest with respect to the Plan. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

(6) Tax Status

The Internal Revenue Service has determined and informed the Company in a letter dated March 12, 2004, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan committee and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of changes in assets available for benefits per the financial statements to the Form 5500 for the year ended March 30, 2003:

	2003
Net decrease in assets available for benefits per the financial statements	\$(105,785,656)
Less amounts allocated to withdrawing participants at start of year	<u>582,691</u>
Net decrease in assets available for benefits per the Form 5500	<u><u>\$(105,202,965)</u></u>

(8) Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and/or credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Litigation

In May 2003, a class action lawsuit captioned John A. Ambler v. Computer Associates International, Inc., et al. was filed in the U.S. District Court for the Eastern District of New York (the ERISA Action). The complaint in this matter, a purported class action on behalf of the Plan and the participants and beneficiaries of the Plan for a class period running from March 30, 1998 through May 30, 2003, asserts claims of breach of fiduciary duty under ERISA, the federal Employee Retirement Income Security Act. The named defendants were the Company, the Company's Board of Directors, the Plan, the Administrative Committee of the Plan, and the following current or former employees and/or Board members of the Company: Charles B. Wang, Sanjay Kumar, Ira Zar, Russell M. Artzt, Peter A. Schwartz, Charles P. McWade and various unidentified alleged fiduciaries of the Plan. The complaint alleged that the defendants breached their fiduciary duties by causing the Plan to invest in Company securities and sought damages in an unspecified amount.

On August 25, 2003, the Company announced the settlement of all outstanding litigation, including the ERISA Action, related to claims about past accounting issues. Following the approval of the Federal Court, which was granted in December 2003, the Company agreed to issue a total of up to 5.7 million shares of common stock to the shareholders represented in the lawsuits, including payment of the attorneys' fees, of which 168,393 shares, net of administrative expenses, were allocated to the settlement of the ERISA Action. In March 2004, such shares were issued to participants and beneficiaries of the Plan.
