ELECTION OF DIRECTORS

[Item (1) on Proxy Card]

Item 1

The Board of Directors currently consists of eleven members divided into three classes with overlapping three-year terms. Dr. R. Barbara Gitenstein, whose term would expire at the Meeting in January 2007, submitted her resignation from the Board of Directors, effective as of July 11, 2005, so that she may concentrate on her other professional duties and responsibilities. We thank her for her service to the Company. Because Mr. M. William Howard Jr. was elected to serve on the Board following Dr. Gitenstein's resignation and subsequent to our annual shareholders meeting in 2005, the number of members of the Board of Directors will remain at eleven.

Four individuals have been nominated for election as directors at the Meeting, each to serve for three-year terms expiring in 2009 and each until their respective successors are elected and have qualified. Each of the nominees is currently serving as a director of the Company and, except for Mr. Howard, each has been previously elected by the Company's shareholders. Mr. Howard's nomination to the Board was recommended by a non-management director. There were no nominee recommendations from shareholders or from any group of shareholders. Unless otherwise indicated on a proxy, the proxy holders intend to vote the shares each proxy represents for all of the nominees for election as directors.

The affirmative vote of a plurality of the shares of the Company's Common Stock, present or represented by proxy and voted at the Meeting, is required for the election of directors.

Proxies solicited by the Board will be voted in favor of the nominees listed below, unless otherwise specified in the proxy. While it is not anticipated that any of the nominees will be unable to serve, if any should be unable to serve, the proxy holders reserve the right to substitute any other person approved by the Board of Directors.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSED NOMINEES FOR THE BOARD OF DIRECTORS INFORMATION ABOUT THE BOARD

During fiscal 2005, there were nine meetings of the Board of Directors. Each director attended more than 75 percent of the combined meetings of the Board of Directors and the Committees on which he or she served during the year. The Company encourages all directors to attend the Company's annual shareholders' meeting if at all possible. All of the eleven directors serving at the time of the 2005 annual shareholders meeting attended the Company's annual shareholders meeting in 2005.

Board Standards of Independence

The standards set by the Board require each member of the Board, other than the CEO, to be independent. In order for a director to qualify as independent, neither the director or member of his or her immediate family can have a material business or other relationship with the Company. The standards set by the Board are more stringent than the definition of independence set forth in the New York Stock Exchange (the NYSE) listing standards. With the exception of Mr. Downes, the Chairman of the Board and CEO, each member of the Board has been determined to be independent in accordance with the above standards. Additionally, the Company made no contributions during fiscal 2005 to any charitable organization in which any independent director serves as an executive officer in any single

fiscal year within the preceding 3 years in an amount in excess of the greater of \$1 million or two percent of the charitable organization's consolidated gross revenues. The Board's standards of independence are described in the Corporate Governance Guidelines

and are available on the Company's website at *njliving.com* under the caption "Investor Relations". A printed copy is available to any shareowner who requests it by contacting the Corporate Secretary.

Non-management Directors

The non-management members of the Board meet without management present at each regularly scheduled meeting of the Board unless they decide it is not necessary. The non-management director meetings are chaired by the lead director, currently Mr. Lawrence R. Codey. Any shareowner wishing to communicate with the non-management directors on an anonymous basis may do so by calling Ethicspoint, Inc., an unaffiliated toll-free hotline service at 1-866-384-4277 or via E-mail at *ethicspoint.com*. Ethicspoint, Inc. will then notify the lead director or another designated representative of the non-management directors. A copy of the Board's Corporate Governance Guidelines, which sets forth the policies regarding the lead director and meetings of the non-management directors, as well as the policy on communicating with the non-management directors are available on the Company's website at *njliving.com* under the caption "Investor Relations". A printed copy of each is available to any shareowner who requests it by contacting the Corporate Secretary.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics governing the Company's CEO and senior financial officers, as required by the Sarbanes-Oxley Act and SEC regulations and a code for all senior management as required by the NYSE rules. Our Codes govern such matters as conflicts of interest, use of corporate opportunity, confidentiality, compliance with law and the like. A copy of both Codes of Conduct are available on the Company's website at *njliving.com* under the caption "Investor Relations". A printed copy of each Code is available to any shareowner who requests it by contacting the Corporate Secretary.

Directors who are also officers of the Company or its subsidiaries do not receive additional compensation for serving on the Board. All directors are reimbursed for any out-of-pocket expenses incurred in attending Board or committee meetings. Share ownership guidelines have been established for Directors that specify the expected level of stock ownership to be achieved over a five-year period.

LEADERSHIP DEVELOPMENT AND COMPENSATION COMMITTEE REPORT
Remuneration of Executive Officers

The Leadership Development and Compensation Committee (the Committee) of the Board of Directors consists of four non-employee directors who are independent of the Company under the standards set by the Board, which are more stringent than standards set by the NYSE.

The Committee's executive compensation philosophy is designed to attract, energize, reward and retain qualified executive personnel who will provide superior results and enhance the Company's position in a highly competitive market. The Committee reviews the performance of all officers of the Company and its subsidiaries, sets the compensation of the CEO and makes recommendations to the Board with respect to the compensation of all other officers. The Committee also makes recommendations to the Board with respect to the benefit programs that are applicable to all officers and has oversight of certain of the Company's employee benefit plans.

The Committee uses a national compensation consultant to review competitive compensation levels of senior executives in the industry. Through this process, the Committee identifies the competitive compensation levels, both with respect to base salary and overall executive compensation packages among the Company's peers. Many, but not all, of the compensation peer companies are contained in the Standard and Poor's Utilities Index used in the performance graph on page 14.

The Committee compares this external data to the base salary and other compensation provided to senior Company executives. In this fashion, the Committee is able to establish both individual compensation levels and target performance levels under the Company's Officer Incentive Compensation Plan (the Incentive Plan). To the extent Proposal 3 is approved, the Incentive Plan will be replaced with the Annual Officer Incentive Plan.

Compensation levels set for each executive officer are based upon marketplace compensation information, the Committee's judgment and performance against established goals. Individual performance is measured in several specific areas, including the development and execution of annual operating plans, strategic plans, leadership qualities and responsibilities, staff development and the individual's specific contributions to corporate objectives which have a significant and positive impact on the Company. Performance of the subsidiary companies is measured by comparing actual achievements to financial and strategic objectives in their annual operating plans. Company performance is reviewed to ensure consistency with the overall corporate vision, mission and strategies. In making compensation decisions for fiscal year 2005 the Committee reviewed executive accomplishments in total energy deliveries, number of new customers, cost of adding a new customer, earnings, expenses, return on equity, operating and net income, total shareholder return and the Company's assumption of a leadership role in energy-related businesses.

The Committee has established three programs providing for direct compensation of executive officers: the Base Salary Program, the Incentive Plan and the Employee and Outside Director Long-Term Incentive Compensation Plan (the Long-Term Plan). The structure of the total executive compensation package is such that when the Company achieves its target annual business objectives, the Company's senior executives receive a level of compensation approximately equivalent to the median compensation paid to similar executive positions in the marketplace.

Base Salary Program

In setting the base salary level of each executive officer, the Committee considers the base salaries of executive officers in comparable positions in similar companies. The Committee also considers the executive's experience level, time and placement in grade and the actual performance of the executive. Changes in compensation are directly dependent upon individual and Company performance.

Incentive Plan

Under the Incentive Plan, officers and certain key employees of the Company and New Jersey Natural Gas Company (NJNG), a wholly-owned subsidiary of the Company, designated by the Committee, may receive additional cash compensation based upon the Committee's thorough evaluation of the Company's performance against a series of performance objectives. The Committee believes that variable at-risk compensation, both annual and long-term, should make up a significant part of an executive's compensation and that the amount of this compensation component opportunity should increase with increasing levels of responsibility. Awards under the Incentive Plan are based upon a percentage of the base salary of each eligible Incentive Plan participant during the year. Threshold, target and maximum incentive award levels are established annually by the Committee for each award group.

Individual awards are payable based on the attainment of a portfolio of goals including earnings, customer satisfaction and leadership. Incentive award levels provide payments that are at approximately market median when target results are achieved.

Long-Term Plan

The Long-Term Plan provides for the award of stock options (the Stock Options), performance units (the Performance Units), or restricted stock (the Restricted Stock) to designated employees. The Committee believes that Performance Units, each unit of which is equal to a share of Common Stock, and Restricted Stock awards provide executives a strong incentive to create earnings that could be the foundation for the payment of dividends and as a focus on stock price appreciation. As the value of the Company's stock is generally considered the strongest indicator of overall corporate performance, awards of Stock Options, which allow the executive to benefit by appreciation in stock price, and the performance-based Performance Units and Restricted Stock provide strong incentives to executives by relating a portion of their compensation to the future value of the Company's stock. Additionally, the use of stock-based compensation encourages individuals to act as owners/managers and is an important means of fostering a mutual interest between management and shareholders. Share ownership guidelines were established for executives in fiscal 2003, specifying by position an expected level of stock ownership to be achieved over a five-year period. These guidelines are described in the Corporate Governance Guidelines, mentioned above.

Grants under the Long-Term Plan may be made by the Committee every other year. Performance Units are valued at fair market value of Company stock at the time of grant. The Performance Units will only vest upon (i) the attainment of a schedule of performance goals related to shareholder return as measured against a peer group and (ii) additional service beyond the point when the goal is reached. The higher the ranking of the Company among the peer group, the greater the number of Performance Units that will be earned, up to a maximum of 150 percent of target. No Performance Units will vest if the Company does not perform in at least the top half of the peer group. Stock Options granted have an exercise price equal to fair market value at the time of grant. Grants of Restricted Stock have not been made under the Long-Term Plan. Awards made to executives under the Long-Term Plan are calibrated to position total remuneration at approximately the 60th percentile of the competitive marketplace if all awards vest. In fiscal 2005, the Committee made 30-month awards under the Long-Term Plan in the form of Performance Units and Stock Options for one quarter and three quarters of the recipients' total target award value, respectively. The Performance Units were valued at fair market value at the time of grant. The Stock Options awarded, including the award to Mr. Downes, were calibrated using the Black-Scholes model, and have an exercise price equal to fair market value at the time of grant.

CEO Compensation

Mr. Downes' base salary and incentive award described here are not the same as the information provided in the Summary Compensation Table on page 12 because they are for a different time period. His calendar year 2005 base salary was \$560,000, positioned at approximately the median level for comparable companies. The Committee authorized an incentive award of \$300,000 to Mr. Downes in fiscal 2006 for achievements in fiscal 2005, reflecting consolidated Company results that exceeded the specific fiscal 2005 goals. These goals

included earnings, customer satisfaction, total shareholder return and his overall leadership. Despite this fact, Mr. Downes elected not to accept this performance bonus because NJNG, the Company's regulated subsidiary, did not meet its earnings target due to very unusual weather and customer usage patterns prevalent in fiscal 2005.

Mr. Downes' Long-Term Plan award in fiscal 2005 consisted of 6,000 Performance Units, which is the threshold amount that will vest only if the Company performs in at least the top half of the peer group. Mr. Downes also received a grant of 48,000 Stock Options at an exercise price of \$45.55 per share.

US Income Tax Limits on Deductibility

Section 162(m) of the Internal Revenue Code (the Code) provides that executive compensation in excess of \$1 million will not be deductible for purposes of corporate income tax, unless it is performance-based compensation and is paid pursuant to a plan meeting certain requirements of the Code. The Committee has relied and intends to continue to rely on performance-based compensation programs. The Committee expects that such programs will fulfill future corporate business objectives. The Committee currently anticipates that, to the extent practicable and in the Company's best interest, such programs will be designed to satisfy the requirements of Section 162(m) with respect to the deductibility of compensation paid. For that reason, the Board is presenting the Annual Officer Incentive Plan for shareholder approval as Proposal 3. The Committee recognizes, however, that there may be business considerations that dictate that compensation be paid that is not deductible under Section 162(m).

Compensation Committee Interlocks and Insider Participation

No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries, nor does any executive officer of the Company serve as an officer, director or member of a compensation committee of any entity whose executive officer or director is a director of the Company.

** Represents the Company's matching contributions under the Employees' Retirement Savings Plan (the Savings Plan).

Although all of the above named executive officers received salary increases in fiscal 2005, the lower salary in 2005 reflects fewer days at the higher rate in January of 2005.

The Performance Units awarded in 2003 did not vest in 2005 because the Company's total shareholder return did not rank in at least the 50th percentile as measured against its peer group.

* Ms. Harden did not receive a grant in 2005 because she elected to participate in the early retirement program.

** The stock options granted to Mr. Downes in fiscal 2005 would produce the pre-tax gain of \$3,484,553 shown in the table above only if the Company's stock price rises to \$118.14 per share before Mr. Downes exercises the stock options. Based on the number of shares of Company stock outstanding at the end of 2005, such an increase in the Company's stock price would produce a corresponding aggregate pre-tax gain of approximately \$1,987,729,246 for the Company's shareholders. In other words, Mr. Downes' potential gain from stock options granted in 2005 would equal approximately two-tenths of one percent (.2%) of the potential gain to all shareholders resulting from the assumed future stock price increases.

* Performance Units, which represent a share of Common Stock, were awarded pursuant to the Long-Term Plan as of 04/01/05. The Performance Units will only vest if the Company's total shareholder return ranks in the 50th percentile as measured against its peer group. The higher the Company's ranking, the greater the Performance Units that will be earned, up to a maximum of 150 percent of the grant, plus an equivalent number of units that reflect accrued reinvested dividends on the total (Possible Total). If the

performance goal is met, each executive will receive 50 percent of the Possible Total on 10/01/07. The remaining 50 percent will be paid out on 10/01/08 if the executive is still employed by the Company.

PERFORMANCE GRAPH

The graph below shows a comparison of the five-year cumulative return assuming \$100 invested on September 30, 2000 in the Company stock, the Company Peer Group, the S&P Utilities Index and the S&P 500 Index. Cumulative total return includes reinvestment of dividends.

* The twenty-four companies in the Company Peer Group noted above are as follows: AGL Resources, Inc., Atmos Energy Corporation, Cascade Natural Gas Corporation, Chesapeake Utilities Corp., NiSource, Inc., Consolidated Edison, Inc., Dominion Resources, Inc., Energy East Corporation, Keyspan Energy Corp., Laclede Gas Co., National Fuel Gas, Inc., Nicor, Inc., Northwest Natural Gas Co., Oneok, Inc., PP&L Resources, Inc., Peoples Energy Corporation, Piedmont Natural Gas Co., Inc., Scana Corp., SEMCO Energy, Inc., Sempra Energy, South Jersey Industries, Inc., Southern Union Corporation, Vectren Corp., and Washington Gas Light Co. The Company includes the performance of the Company Peer Group because the Company Peer Group has a higher percentage of natural gas utility and combination natural gas and electric utility companies operating in the same region as the Company and having comparable size and market capitalization to that of the Company, as compared with the S&P Utilities Index.

RETIREMENT PLANS

The following table sets forth estimated annual benefits payable upon normal retirement at age 65, including amounts attributable to the Plan for Retirement Allowances for Non-Represented Employees (the Retirement Allowance Plan) and any other defined benefit supplementary or excess pension award plans in specified compensation and years of service classifications, and assumes a reduction of approximately seven percent which is applied to married employees in order to provide the spouse a survivor's annuity of

50 percent of the employee's reduced retirement benefit. Compensation used to calculate the benefit under the Retirement Allowance Plan is the highest consecutive sixty (60) months of base salary and is represented in the table below. Certain of the estimated benefits below approximate those payable to the five executive officers named in the Summary Compensation Table above. Benefits collected prior to age 60 and completion of 20 years of service (excluding disability retirements) are subject to early commencement reductions ranging from 30 to 50 percent, depending on age at the time of commencement.

The number of years of credited service for the named executive officers are set forth below:

In late 2004, the Company offered an early retirement program to certain eligible officers of the Company and its affiliated companies, which was similar to one offered earlier in the year to certain eligible non-officer employees. Under the program, officers electing to participate will, for purposes of determining their pension benefit, be treated as if they were five years older and receive credit for three additional years of service. The election will be effective on a date selected by the Company between October 1, 2004 and October 1, 2006. Ms. Harden elected to participate in the program, and so will receive three additional years of service credit for purposes of determining her pension. With the

addition of five years of age under the program, Ms. Harden can collect an unreduced pension benefit before age 60. These accelerated pension payments, which cannot be determined until a release date is selected by the Company are in lieu of compensation and benefits she would otherwise receive if her employment were to continue.

To the extent benefits that would otherwise be payable to an employee under the Retirement Allowance Plan and the Savings Plan exceed the specified limits on such benefits imposed by the Code, the Company intends to pay such excess benefits to the employee at the time the employee receives payment under the respective plan. These excess benefit payments would be made from the general funds of the Company. As of September 30, 2005, Messrs. Downes, Lockwood and Shields and Ms. Harden, were eligible for excess benefit payments under both plans.

The Company has supplemental retirement agreements (Supplemental Retirement Agreements) with Messrs. Downes, Shields, Lockwood and Hearne, and Ms. Harden and certain other officers not named in the Summary Compensation Table, payable over a five-year period commencing with retirement at age 65. At projected retirement, the total maximum amount currently payable to Mr. Downes under his Supplemental Retirement Agreement would be \$250,000. Messrs. Shields, Lockwood and Hearne would each be entitled to maximum amounts of \$125,000. Ms. Harden's benefit will be reduced to approximately \$98,000 because of her election to participate in the early retirement program.

CHANGE OF CONTROL ARRANGEMENTS

Under the Long-Term Plan, in the event of a Change of Control (as defined in the Long-Term Plan) of the Company, the Board may, among other things, accelerate the entitlement to outstanding benefits awarded thereunder. Pursuant to the Long-Term Plan a Change of Control shall be deemed to have occurred if (1) absent prior approval by the Board, 30 percent or more of the Company's outstanding securities entitled to vote in elections of directors shall be beneficially owned, directly or indirectly, by any person, entity or group; or (2) individuals currently constituting the Board (or the successors of such individuals nominated by a Board on which such individuals or such successors constituted a majority) cease to constitute a majority of the Board.

Pursuant to the Supplemental Retirement Agreements of Messrs. Downes, Shields, Lockwood, and Hearne, and Ms. Harden, in the event of a change of control of the Company, the right to the amounts payable to each of them thereunder becomes immediately vested and such amounts are immediately payable in the event of a subsequent termination of employment for any reason. Change of Control of the Company is defined in the Supplemental Retirement Agreements as a reportable change of control under the proxy rules of the SEC, including the acquisition of a 30 percent beneficial voting interest in the Company, or a change in any calendar year in such number of directors as constitutes a majority of the Board, unless the election, or the nomination for election by the Company's shareholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the year.

The Company has entered into agreements with each of the five executives named in the Summary Compensation Table and certain other officers not named that provide each such executive certain rights in the event that his or her employment with the Company is terminated within three years following the occurrence of a Change of Control (i) by the Company for Cause (i.e., conviction of a felony, gross neglect, willful malfeasance or willful gross misconduct which has had a material adverse effect on the Company or repeated material willful violations of the executive's duties which result in material damage to the Company) or (ii) by the executive for Good Reason (e.g., due to a material breach of the agreement by the Company, including, without limitation, a material adverse change in the executive's position or responsibilities or a reduction of the executive's compensation). Subject to the limitation described below, upon either such termination of employment, the executive will receive three times, in the case of Mr. Downes, and two times, in all other cases, the sum of (x) his or her then annual base salary and (y) the average of his or her annual bonuses with respect to the last three calendar years ended prior to the Change of Control. The agreements further provide that, if any such executive is subject to the so-called golden parachute excise tax imposed under Section 4999 of the Code, the Company shall make an additional payment to the executive in an amount sufficient to place the executive in the same after-tax position as if no such excise taxes had been imposed. For purposes of these agreements, a Change of Control generally means (i) the acquisition by any person of beneficial ownership of securities representing 25 percent or more of the combined voting power of the Company's securities; (ii) within any 24-month period, the persons who were directors of the Company

immediately before such period (the Incumbent Directors) and directors whose nomination or election is approved by two-thirds of the Incumbent Directors and directors previously approved by the Incumbent Directors cease to constitute a majority of the Board or (iii) the shareholders of the Company approve a merger, consolidation, share exchange, division, sale or other disposition of all or substantially all of the assets of the Company, as a result of which the shareholders of the Company immediately prior to such event do not hold, directly or indirectly, a majority of the Voting Power (as defined in such agreements) of the acquiring or surviving corporation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Apart from the delivery of natural gas service to any Director or executive officer living in the Company's service territory, the Company does not engage in transactions with its directors or executive officers.

APPROVAL OF THE OUTSIDE DIRECTOR STOCK COMPENSATION PLAN AND RATIFICATION OF AWARDS

[Item (2) on Proxy Card]

General

The Board believes that Company equity should constitute a significant portion of the Directors' compensation. Until 2005, members of the Board received \$8,000 in market value of the Company's common stock as part of their annual retainer, with the remainder paid in cash. In 2005, the Board changed the mix and amount of the retainer paid to Board members, so that each Board member received 800 shares of Company common stock as part of their 2005 retainer. Under the Listing Standards of the New York Stock Exchange, however, this change triggered a requirement that the Company's shareholders approve the issuance of equity to the members of the Board. The Board, therefore, adopted the Outside Director Stock Compensation Plan (the Directors Plan), recommends that the shareholders approve the Directors Plan and is asking the shareholders to ratify the issuance of shares of Company stock to the members of the Board in 2005. The following summary of the Directors Plan is qualified in its entirety by reference to the Directors Plan, a copy of which is attached hereto as Exhibit A.

Administration

The Directors Plan will be administered by the Company's Board of Directors. The Board will have the authority, subject to the terms of the Directors Plan, to set the amount of the annual grants to each Board member, impose any restrictions on the shares granted and set any other terms and conditions of grant.

Shares Reserved

Subject to adjustment as provided for in the Directors Plan, 90,000 shares of the Company's common stock have been reserved for issuance under the Directors Plan. The shares reserved for issuance under the Directors Plan will be adjusted in the event of stock splits, stock dividends or similar recapitalizations of the Company. Upon shareholder approval of the Directors Plan, the Board intends to amend the Company's Long-Term Plan to reduce the number of shares reserved for issuance under the Long-Term Plan by the same 90,000 shares.

Certain Federal Income Tax Consequences

The following discussion is a brief summary of the principal United States federal income tax consequences under current federal income tax laws relating to awards under the Plan. This summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign income and other tax consequences.

A grantee will generally recognize ordinary income on the date of grant of the shares in an amount equal to the fair market value of such shares on such date. At the time the holder recognizes ordinary income, the Company generally will be entitled to a deduction in the same amount.

Generally, upon a sale or other disposition of stock with respect to which the holder has recognized ordinary income, the holder will recognize capital gain or loss in an amount equal to the difference between the amount realized on such sale or other disposition and the holder's basis in such shares.

Shares Granted in 2005

In January, 2005, each member then serving on the Board received a grant of 800 shares of the Company's common stock. The Company therefore issued a total of 8,800 shares in January 2005. Upon Mr. Howard's appointment to the Board, he received a pro rated award of 267 shares of the Company's common stock. As discussed above, because of the change in equity compensation for members of the Board from 2004 to 2005, the 2005 grants should have been approved by the Company's shareholders under the NYSE Listing Standards. Shareholders are therefore being asked to ratify the 2005 grants.

The affirmative vote of the holders of a majority of the shares of the common stock of the Company present, or represented by proxy and voted at this meeting is required for approval of this item.

General

The Annual Officer Incentive Plan (the "Officer Plan") is intended to replace the Company's existing Incentive Plan. The Plan is intended to assist the Company in attracting, retaining, motivating and rewarding employees who occupy key positions and contribute to the growth and profitability of the Company through the award of certain cash or cash equivalent incentives. Shareholders are being asked to approve the Officer Plan to enable the Company to preserve the tax deductibility of incentive awards under Section 162(m) of the Code. The following summary of the Officer Plan is qualified in its entirety by reference to the Officer Plan, a copy of which is attached hereto as Exhibit B.

Administration

The Officer Plan will be administered by the Leadership Development and Compensation Committee (the "Committee"). The Committee shall also have the authority to select employees eligible to participate in the Officer Plan and to establish objective performance goals for each fiscal year. The performance goals, at least with respect to the Company's Chief Executive Officer and its five (5) highest paid employees (the "Covered Employees"), must be related to the performance measures discussed below. With regard to other employees participating in the Officer Plan, the Committee may also consider other subjective or other objective performance measures.

The performance measures to be used by the Committee in setting the performance goals for Covered Employees shall include one or more of the following criteria:

- (1) Revenues
- (2) Expenses

(3) Gross margin or gross profit

(4) Any earnings or net income measure, including earnings from operations, earnings before taxes, earnings before interest and/or taxes and/or depreciation, statutory earnings before realized gains (losses), or net income available to common shareholders

(5) Operating margin or operating profit

(6) Earnings or earnings per share (EPS), including or excluding extraordinary items

(7) Operating cash flow

(8) Return on equity, assets, capital employed or investment

(9) Economic value added (EVA)

APPOINTMENT OF AUDITORS**

[Item (4 on Proxy Card)]

Item 4

The shares represented by the proxies will be voted for approval of the appointment of Deloitte & Touche LLP (unless otherwise indicated on proxy) as independent public accountants (auditors) to report to the shareholders on the financial statements of the Company for the fiscal year ending September 30, 2006. Each professional service performed by Deloitte & Touche LLP during fiscal 2005 was approved in advance and the possible effect on the auditors' independence was considered by the Audit Committee. Deloitte & Touche did not provide any non-audit related services for the Company during fiscal 2005. Information relating to fees paid to Deloitte & Touche over the past two years is set forth below.

The Audit Committee has retained Deloitte & Touche LLP to report to the shareholders on the financial statements of the Company for the fiscal year ending September 30, 2006. Although submission of the appointment of independent public accountants to shareholders is not required by law, the Board of Directors, consistent with its past policy, considers it appropriate to submit the selection of auditors for shareholder approval. Representatives of Deloitte & Touche LLP are expected to be present at the Meeting with the opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of Common Stock of the Company present, or represented by proxy, and voted at the Meeting is required for the approval of this item. The Board has not determined what action it would take if the shareholders do not approve the selection of Deloitte & Touche LLP, but would reconsider its selection if the shareholders' action so warrants.

Proxies may be solicited personally, or by mail, telephone, facsimile, Internet or telegraph, by officers and other regular employees of the Company, but the Company will not pay any compensation for such solicitations. In addition, the Company has agreed to pay The Altman Group, Inc. a fee of \$5,000 plus reasonable expenses for proxy solicitation services. The Company will also reimburse brokers and other persons holding shares in their names or in the names of nominees for their expenses for sending material to beneficial owners and obtaining proxies from beneficial owners.

Shareholder Proposals for 2007 Annual Meeting

Proposals of shareholders intended to be presented at the 2007 Annual Meeting must be received by the Company on or before September 29, 2005 to be considered for inclusion in the Company's Proxy Statement and for consideration at that meeting. Shareholders submitting such proposals are required to be the beneficial owners of shares of the Company's Common Stock amounting to at least \$2,000 in market value and to have held such shares for at least one year prior to the date of submission.

The Performance Goals may be based upon the performance of the Corporation, of any Affiliated Company, of a division thereof, and/or of an individual Participant, using one or more of the Performance Measures selected by the Committee. Separate Performance Goals may be established by the Committee for the Corporation or an Affiliated Company, or division thereof, or an individual. The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, on a per share basis

(either basic or diluted), on a weather adjusted basis, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies.

(o) *Performance Period* means a Fiscal Year or other period of time (which may be longer or shorter than a Fiscal Year) set by the Committee.

B-2

3. PARTICIPATION

Individuals eligible to participate in the Plan shall consist of officers and other employees of an Employer whom the Committee determines have the potential to contribute significantly to the success of the Corporation and its Affiliated Companies. For each Performance Period the Committee shall determine which officers and other employees shall participate in the Plan. Except as provided for in Section 4(b)(iii) of the Plan, for any Performance Period for which Incentive Plan Awards are intended to be Qualified Performance-based Compensation, the Committee shall designate the Covered Employees eligible to participate in the Plan no later than the 90th day of the Fiscal Year (or, in the case of a Performance Period shorter than a Fiscal Year after no later than the date on which 25% of the Performance Period has elapsed), so long as the attainment of the Performance Goals is still substantially uncertain.

4. INCENTIVE PLAN AWARDS

(a) *Determination of Incentive Plan Awards.*

(i) The Committee shall, promptly after the date on which the necessary financial, individual or other information for a particular Performance Period becomes available, determine and certify in writing the degree to which each of the Performance Goals has been attained. Performance Goals shall, to the extent applicable, be based upon generally accepted accounting principles. The Committee may adjust Performance Goals to take into account the effect of the following, subject to Section 6(j): Changes in accounting standards that may be required by the Financial Accounting Standards Board, the Securities and Exchange Commission or any other rulemaking body after the Performance Goal is established; realized investment gains and losses; extraordinary, unusual, non-recurring or infrequent items; currency fluctuations; acquisitions; divestitures; litigation losses; financing activities; expenses for restructuring or productivity initiatives; other non-operating items; new laws, cases or regulatory developments that result in unanticipated items of gain, loss, income or expense; executive severance arrangements; and other items as the Committee determines to be required so that the operating results of the Corporation, division, or an Affiliated Company shall be computed on a comparative basis from Performance Period to Performance Period. Determination by the Committee or its designee shall be final and conclusive on all parties, but shall be based on relevant objective information or financial data. The Committee may also, in its discretion, adjust a Plan Award based on other factors it deems relevant and appropriate; provided, however, that the Committee may only exercise such discretion to reduce, and not to increase, a Plan Award unless such award was not intended to be Qualified Performance-based Compensation.

(b) *Eligibility and Amount of Incentive Plan Award.*

(i) To be eligible for payment of any Plan Award, the Participant must: (x) have performed the Participant's duties to the satisfaction of the Committee; (y) have not engaged in any act deemed by the Committee to be inimical to the best interest of the Corporation or an Affiliated Company; and (z) otherwise complied with Corporation and Employer policies at all times prior to the date the Plan Award is actually paid. No Plan Award shall be paid to any Participant who does not satisfy each of the above. In addition, unless the Committee determines otherwise, the Participant must be employed by the Corporation or an Affiliated Company on the day on which the Plan Award is scheduled to be paid in accordance with Section 4(c), except in the event termination is due to the Participant's death, disability (as defined in Section 422(c) of the Code) or retirement (after attainment of age 55), or a separate agreement entered into between the Participant and his or her Employer specifically provides otherwise; provided however, that no Participant shall receive such a Plan Award upon retirement or pursuant to a separate agreement entered into between the Participant and his or her Employer unless such award was not intended to be Qualified Performance-based Compensation. In the event of a Participant's death, disability or retirement, the Plan Award shall be prorated based upon the period of employment during the Performance Period. The Committee may, in its sole discretion, reduce, eliminate or increase any

Plan Award for any individual or group, except that the amount of any Plan Award intended to be Qualified Performance-based Compensation may not be increased above the amount determined under Section 4(a) hereof.

(ii) The Plan Award shall be determined by multiplying the Incentive Percentage applicable to the Participant by the Participant's annual rate of salary in effect for the last full payroll period of the Performance Period to which the Plan Award pertains. In no event, however, will a Plan Award for a Covered Employee exceed \$5,000,000 for a Fiscal Year Performance Period (or in the case of a Performance Period other than a Fiscal Year, an amount that bears the same ratio to \$5,000,000 as the Performance Period bears to a Fiscal Year).

(iii) The Committee shall have the discretion and authority to make adjustments to any Plan Award in circumstances where, during the Performance Period: (1) a Participant leaves the Employer and is rehired as a Participant; (2) a Participant is hired, promoted or transferred into a position eligible for Plan participation; (3) a Participant transfers between eligible Plan positions with different Incentive Percentages or Performance Goals; (4) a Participant transfers to a position not eligible to participate in the Plan; (5) a Participant becomes eligible for an incentive from another incentive Plan maintained by the Corporation or Affiliated Company; (6) a Participant is on a leave of absence; and (7) similar circumstances deemed appropriate by the Committee, consistent with the purpose and terms of the Plan; provided however, that the Committee shall not be authorized to increase the amount of the Plan Award payable to a Covered Employee if the amount was intended to be Qualified Performance-based Compensation.

(c) *Payment of Award.* Unless the Committee provides otherwise, Plan Awards will be paid in cash or cash equivalent within 75 days of the end of the applicable Performance Period to which the award pertains, but in no event prior to certification by the Committee as provided in Section 4(a). If any portion of a Plan Award payable to a Covered Employee that is intended to be Qualified Performance-based Compensation for any reason is not deductible, payment of that portion shall, at the Committee's discretion, be deferred until the earliest date it may be paid and deducted; provided however, that any such deferral shall be made in compliance with a Plan designed to comply with the requirements of Section 409A of the Code. Further, if the Participant is on administrative suspension at the time payment would otherwise be made, payment shall be delayed until the matter is resolved by the Employer. No payment shall be made if the Committee determines the qualification requirements of Section 4(b)(i) have not been satisfied by the Participant.

5. ADMINISTRATION

(a) *General.* The Plan shall be administered by the Committee. Subject to the provisions of the Plan, the Committee shall have full discretionary authority to administer and interpret the Plan, to exercise all powers either specifically granted to it under the Plan or as are necessary or advisable in the administration of the Plan, to decide the facts in any case arising under the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, to require performance reports on which it can base its determinations under Section 4(a), and to make all other determinations necessary or advisable for the administration of the Plan, all of which shall be binding on all persons, including the Corporation, Affiliated Companies, the Participants (or any person claiming any rights under the Plan from or through any Participant), and any shareholder of the Corporation. A majority of the Committee shall constitute a quorum, and, provided a quorum is present (or unanimous written consent is otherwise obtained), the Committee shall act pursuant to a majority vote of those present. No member of the Board or the Committee shall be liable for any action taken or determination made in good faith with respect to the Plan or any Plan Award.

(b) *Delegation.* Except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may allocate all or any portion of its responsibilities and powers to any one or more of its members, may delegate all or any part of its responsibilities and powers for administering the Plan to one or more persons as the Committee deems appropriate, and at any time revoke the allocation or delegation; provided however, the Committee may not delegate its responsibilities under the Plan relating to any Covered

Employee's Plan Award intended to be Qualified Performance-based Compensation to the extent delegation is prohibited under Section 162(m) of the Code.

6. MISCELLANEOUS

(a) *Amendment and Termination.*

(i) The Board may at any time amend or terminate the Plan (in whole or in part) without the approval of the shareholders of the Corporation, except as otherwise provided in this Section 6(a). Neither the Corporation nor any Affiliated Company is obligated to continue this Plan.

(ii) Unless terminated earlier by the Committee, the Plan shall terminate on the fifth anniversary of the effective date. No further Plan Awards may be granted under the Plan following the termination date, but outstanding Plan Awards for Performance Periods begun prior to the Plan termination date shall continue in accordance with their terms.

(iii) Any amendment to the Plan that changes the class of individuals of an Employer eligible to participate, changes the Performance Measures or the formula used or increases the maximum dollar amount that may be paid to a Participant for a Performance Period shall not be effective with respect to Plan Awards to Covered Employees intended to be Qualified Performance-based Compensation unless the amendment is approved by shareholders before the Plan Award is paid.

(b) *Effect of Incentive Plan Awards on Other Compensation.*

(i) Plan Awards shall not be considered eligible pay under other Plans, benefit arrangements, or fringe benefit arrangements of the Corporation or an Affiliated Company, unless otherwise provided under the terms of other Plans.

(ii) To the extent provided in the applicable benefit Plan or benefit arrangement of the Corporation or an Affiliated Company, amounts payable as Plan Awards will be reduced in accordance with the Participant's compensation reduction election, if any, in effect under other Plans at the time the Plan Award is otherwise payable.

(c) *No Guarantee, No Funding.* The payment of a Plan Award for any Performance Period does not guarantee any person eligibility for or payment of a Plan Award for any other Performance Period. Plan Awards shall be paid solely from the general assets of the Participant's Employer, to the extent the payments are attributable to services for the Employer. To the extent any person acquires a right to receive payments from an Employer under the Plan, the right is no greater than the right of any other unsecured general creditor.

(d) *Tax Withholding.* The Participant's Employer shall have the right to deduct from all payments made under the Plan any federal, state or local taxes required by law to be withheld with respect to the payments.

(e) *Governing Law.* The provisions of the Plan shall be interpreted, construed, and administered in accordance with the referenced provisions of the Code and with the laws of the State of New Jersey.

(f) *Awards Not Transferable.* Subject to Section 6(h), no amount payable to, or held under the Plan for the account of, any Participant, spouse or beneficiary shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, or charge, and any attempt to so anticipate, alienate, sell, transfer, assign, pledge, encumber, or charge the same shall be void; nor shall any amount payable to, or held under the Plan for the account of, any Participant be in any manner liable for such Participant's debts, contracts, liabilities, engagements, or torts, or be subject to any legal process to levy upon or attach.

(g) *No Contract.* This Plan shall not be deemed a contract of employment with any Participant, nor shall any provision hereof affect the right of the Corporation or any Affiliated Companies to terminate a Participant's employment.

(h) *Payments to Minors and Incompetents; Death.* If any Participant, spouse or beneficiary entitled to receive any benefits hereunder is a minor or is deemed by the Committee or is adjudged to be legally incapable of giving valid receipt and discharge for such benefits, they will be paid to such person or institution as the Committee may designate or to the duly appointed guardian. Such payment shall, to the extent made, be deemed a complete discharge of any such payment under the Plan. In the event of a Participant's death prior to payment of any Plan Award to which Participant is otherwise entitled, payment shall be made to the Participant's then-effective beneficiary or beneficiaries in accordance with the beneficiary designation on file with the Corporation. If no such beneficiary designation is in effect, payments shall be made to the Participant's estate.

(i) *Nonexclusivity of the Plan.* Neither the adoption of the Plan by the Board nor its submission of any terms of the Plan to the stockholders of the Corporation for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements, apart from the Plan, as it may deem desirable, including incentive arrangements and awards which do not qualify under Section 162(m) of the Code, and such other arrangements may be either applicable generally or only in specific cases.

(j) *Compliance with Section 162(m) of the Code.* It is the intent of the Corporation that compensation under the Plan payable to Covered Employees shall constitute Qualified Performance-based Compensation unless otherwise determined by the Committee at the time of allocation of an award. Accordingly, the terms of Section 4 and other provisions of the Plan, including the definitions and other terms used therein, shall be interpreted in a manner consistent with Section 162(m) of the Code. If any provision of the Plan or any document relating to an award that is designated as intended to comply with Section 162(m) of the Code does not comply or is inconsistent with the requirements of Section 162(m) of the Code, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements, and no provision shall be deemed to confer upon the Committee or any other person discretion to increase the amount of compensation otherwise payable in connection with any such award upon attainment of the applicable performance objectives. Notwithstanding the foregoing, however, whenever the Committee determines that it is advisable to grant or pay Plan Awards that do not qualify as Qualified Performance-based Compensation, the Committee may make grants or payments without satisfying the requirements of Section 162(m) of the Code, provided, however, that any such determination must be made prior to the time that any such grant or payment is made.

(k) *Severability; Entire Agreement.* If any of the provisions of this Plan or any award document is finally held to be invalid, illegal or unenforceable (whether in whole or in part), such provision shall be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability, and the remaining provisions shall not be affected thereby; provided, that, if any of such provisions is finally held to be invalid, illegal, or unenforceable because it exceeds the maximum scope determined to be acceptable to permit such provision to be enforceable, such provision shall be deemed to be modified to the minimum extent necessary to modify such scope in order to make such provision enforceable hereunder. The Plan and any award documents contain the entire agreement of the parties with respect to the subject matter thereof and, unless specified otherwise, supersede all prior agreements, promises, covenants, arrangements, communications, representations and warranties between them, whether written or oral, with respect to the subject matter thereof.

(l) *Captions.* The captions contained in the Plan are inserted only as a matter of convenience and for reference and in no way define, limit, enlarge or describe the scope or intent of the Plan, nor do they in any way affect the construction of any provision of the Plan.
