ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

Edgar Filing: LORAL SPACE & COMMUNICATIONS INC. - Form 8-K

SECURITIES PURCHASE AGREEMENT

On October 17, 2006, Loral Space & Communications Inc. ("Loral" or the "Company") entered into a Securities Purchase Agreement (the "Purchase Agreement") with MHR Fund Management LLC pursuant to which MHR Fund Management LLC and/or its affiliates ("MHR") would purchase from the Company \$300,000,098 of two newly created series of convertible perpetual preferred stock of the Company. The Company plans to use the proceeds from this financing, together with its existing resources, to pursue both internal and external growth opportunities in the satellite communications industry, including strategic transactions or alliances.

MHR currently owns, in the aggregate, approximately 36% of the outstanding common stock of the Company, par value \$.01 per share (the "Common Stock") and three of MHR's employees or officers are directors of Loral's eight-member Board of Directors (the "Loral Board"), one of whom, who is MHR's President, serves as the non-executive chairman of the Loral Board. MHR also owns approximately 38.3% of the Series A 12% Non-Convertible Preferred Stock (the "Skynet Preferred Stock") and 44.6% of the 14% Senior Secured PIK Notes (the "Skynet Secured Notes") of Loral Skynet Corporation ("Skynet"), one of Loral's principal wholly-owned subsidiaries.

A Special Committee of the Loral Board, composed of independent directors, actively negotiated the terms of the proposed transaction (the "Transaction") with the advice of its legal and financial advisors, and the Transaction was unanimously approved by the disinterested members of the Loral Board with the unanimous affirmative recommendation of the Special Committee.

Pursuant to the Purchase Agreement, MHR will purchase 136,526 shares of Series A Cumulative 7.50% Convertible Perpetual Preferred Stock (the "Series A Preferred Stock") and 858,486 shares of Series B Cumulative 7.50% Convertible Perpetual Preferred Stock (the "Series B Preferred Stock" and, together with the Series A Preferred Stock, the "Preferred Stock") for an aggregate purchase price of \$300,000,098. Each share of the Series A Preferred Stock will be convertible, at the option of the holder, into ten shares of Common Stock at an initial conversion price of \$30.1504 per share of Common Stock. Prior to the Majority Ownership Date (as defined below), each share of the Series B Preferred Stock will be convertible, at the option of the holder, into ten shares of Class B Common Stock, par value \$.01, of Loral (the "Class B Common Stock"), at an initial conversion price of \$30.1504 per share of Common Stock, which is not currently authorized but will be proposed as a charter amendment to Loral's stockholders at Loral's next annual meeting of stockholders expected in the second quarter of 2007. After the Majority Ownership Date, each share of Series B Preferred Stock will be convertible, at the option of the holder, into shares of Common Stock.

Loral has agreed in the Purchase Agreement to make a proposal to its stockholders at its 2007 annual shareholder meeting to amend its Restated Certificate of Incorporation to authorize the Class B Common Stock and also to eliminate its prohibition on the creation of non-voting stock. If the amendment to eliminate the prohibition on non-voting stock is approved by Loral's

stockholders, the Class B Common Stock will be non-voting. Otherwise, the Class B Common Stock will have nominal voting rights of 1/10,000 of a share, as does each share of Preferred Stock. In addition, the Loral Board has approved for submission to stockholders at the next annual stockholder meeting, and, in the Purchase Agreement MHR has agreed to vote in favor of, a proposal to increase

Edgar Filing: LORAL SPACE & COMMUNICATIONS INC. - Form 8-K

the number of authorized shares of Common Stock of the Company to 60 million.

The terms of both series of Preferred Stock are designed so that, prior to the Majority Ownership Date, any shares of Common Stock issuable in the aggregate to MHR upon conversion of the Preferred Stock, when taken together with MHR's holdings of Common Stock at such time, will not represent more than 39.999% of the aggregate voting power of the securities of Loral. The "Majority Ownership Date" means the earlier of the date that (i) MHR's beneficial ownership of Common Stock, not including any of the Common Stock issuable upon the conversion of the Preferred Stock, represents more than 50% of the Common Stock of Loral, or (ii) a third party has acquired a majority of Loral's Common Stock on a fully diluted basis other than pursuant to certain prohibited transfers of the Series A Preferred Stock from MHR. After the Majority Ownership Date, this restriction will no longer apply, and all shares of Preferred Stock will be convertible into Common Stock.

Holders of the Preferred Stock will be entitled to PIK (payment in kind) dividends through January 2011 (assuming the transaction closes by December 2006). Thereafter, if the Company satisfies certain financial requirements, the dividend will be payable in cash or in kind at the Company's option. The Company will be able to cause the Preferred Stock to be converted into Common Stock after 5.5 years if the Common Stock is trading above certain volume thresholds and above 125 percent of the conversion price for twenty trading days in a 30 trading day period.

Following the consummation of the Transaction, MHR will have the right to nominate one new member to the Loral Board so that following the election of that nominee, MHR's employees, officers or other representatives will hold four of the nine seats on the Loral Board. If Loral fails to make three dividend payments when required under the terms of the Preferred Stock, the holders of the Preferred Stock will have the right to elect two additional directors, but such additional directors must not be officers or employees of MHR if their appointment would result in MHR employees, officers or other representatives constituting a majority of the Loral Board. If the additional directors would cause a majority of the Board to be appointed by the holders of the Preferred Stock, then these additional directors will be appointed when they are reasonably acceptable to Loral.

The transaction is subject to customary closing conditions, including approval under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, but is not subject to stockholder approval other than with respect to approval of the amendment to Loral's Restated Certificate of Incorporation to authorize the Class B Common Stock as discussed above.

REGISTRATION RIGHTS AGREEMENT

In connection with, and upon closing of the Transaction, the Company and Loral Skynet will enter into an Amended and Restated Registration Rights Agreement with MHR (the "Amended Registration Rights Agreement"). The Amended Registration Rights Agreement will provide that the shares of Series A Preferred Stock and Series B Preferred Stock acquired by MHR in the Transaction, as well as the shares of Common Stock and Class B Common Stock into which such shares are convertible, as the case may be, will be registrable securities and entitled to registration rights under the Amended and Registration Rights Agreement. The Amended Registration Rights Agreement will also provide that the Company's obligation to file a shelf registration statement covering resales to the public of shares of Series A Preferred Stock, Series B Preferred Stock and Class B

Edgar Filing: LORAL SPACE & COMMUNICATIONS INC. - Form 8-K

Common Stock, and of shares of Common Stock issued upon the conversion or exchange of any of the foregoing, held from time to time by MHR, will be deferred until seven days (subject to extension in certain events) after a request from the selling stockholders or a Loral Board resolution that such filing be made. In addition, the Amended Registration Rights Agreement will replace the nine-month period that the Company was required to refrain from initiating a proposal to register or otherwise conducting an underwritten offering of equity securities for its own account following the effectiveness of the MHR shelf registration statement with a period ending on March 1, 2007, subject to extension, in the event the MHR shelf registration statement is filed during the period, by the number days that elapse between such filing and the effectiveness of the registration statement.

This description of the Purchase Agreement, the Series A Preferred Stock, the Series B Preferred Stock and the Amended and Restated Registration Rights Agreement is not intended to be complete and is qualified in its entirety by reference to the full text of the Purchase Agreement and the forms of Series A Preferred Stock Certificate of Designation, Series B Preferred Stock Certificate of Designation and Amended and Restated Registration Rights Agreement attached to this report as Exhibit 10.1.
