**THE COMPANY**

General Electric Capital Corporation (GE Capital or GECC) was incorporated in 1943 in the State of New York under the provisions of the New York Banking Law relating to investment companies, as successor to General Electric Contracts Corporation, which was formed in 1932. Until November 1987, our name was General Electric Credit Corporation. On July 2, 2001, we changed our state of incorporation to Delaware. All of our outstanding common stock is owned by General Electric Capital Services, Inc. (GE Capital Services or GECS), formerly General Electric Financial Services, Inc., the common stock of which is in turn wholly-owned by General Electric Company (GE Company or GE). Financing and services offered by GE Capital are diversified, a significant change from the original business of GE Capital, which was, financing distribution and sale of consumer and other GE products. Currently, GE manufactures few of the products financed by GE Capital.

We operate in five segments described below. These operations are subject to a variety of regulations in their respective jurisdictions. Our services are offered primarily in North America, Europe and Asia.

Our principal executive offices are located at 3135 Easton Turnpike, Fairfield, CT, 06828-0001. At December 31, 2007, our employment totaled approximately 80,500.

**Operating Segments**

GE, the ultimate parent company of GE Capital, reorganized its businesses effective July 25, 2008 into five operating segments. GE believes that this new organizational structure simplifies the company and aligns businesses for growth and efficiency. As of July 25, 2008, the five operating segments are as follows:

GE Technology Infrastructure – the combination of GE’s previous Healthcare segment, the Aviation and Transportation businesses of GE’s previous GE Infrastructure segment and the Enterprise Solutions business of GE’s previous Industrial Products segment.

GE Energy Infrastructure – the combination of GE’s Energy (including GE’s motors business which was previously reported in GE’s Industrial Products segment), Oil & Gas and Water & Process Technologies business of our previous GE Infrastructure segment.

**Table of Contents**

GE Capital Finance the combination of the previous GE Commercial Finance and GE Money segments and the Aviation Financial Services, Transportation Finance and Energy Financial Services businesses of the previous GE Infrastructure segment.

GE NBC Universal unchanged.

GE Consumer & Industrial the GE Consumer & Industrial business (excluding the motors business) of GE's previous Industrial Products segment.

As a result of our ultimate parent's reorganization, our chief executive officer also reorganized GECC businesses into five operating segments based upon how our management allocates resources and assesses performance as follows:

Commercial Lending and Leasing (CLL) our previous GE Commercial Finance segment less our Real Estate business.

Real Estate unchanged, previously reported in our GE Commercial Finance segment.

GE Money unchanged.

GECAS the combination of Aviation Financial Services and Transportation Finance, previously reported in the GE Infrastructure segment.

Energy Financial Services previously reported in the GE Infrastructure segment.

During the fourth quarter of 2007, we transferred the Equipment Services business from our previous GE Industrial Products segment to the CLL segment, where a portion of the business is reported in Capital Solutions.

**Indebtedness**

At September 30, 2008, the Company had outstanding indebtedness totaling \$531.747 billion, consisting of notes payable within one year, senior notes payable after one year and subordinated notes payable after one year. The total amount of outstanding indebtedness at September 30, 2008, excluding subordinated notes payable after one year, was equal to \$521.192 billion.

**Consolidated Ratio of Earnings to Fixed Charges**

	Year Ended December 31,					Nine Months Ended September 30, 2008
2003	2004	2005	2006	2007

For purposes of computing the consolidated ratios of earnings to fixed charges and earnings to combined fixed charges and preferred stock dividends, earnings consist of net earnings adjusted for the provision for income taxes, minority interest, interest capitalized (net of amortization) and fixed charges. Fixed charges consist of interest on all indebtedness and one-third of rentals, which we believe is a reasonable approximation of the interest factor of such rentals.

**Table of Contents**

**THE GE INTEREST PLUS FOR BUSINESSES NOTES**

**Interest**

The Notes will have no stated maturity and will earn interest at floating rates, to be determined by the GE Interest Plus Committee. Interest on the Notes will accrue daily. The rate of interest paid for any period on the Notes is not an indication or representation of future rates. Accrued interest will be credited and automatically reinvested in additional Notes monthly and will begin to accrue interest on the first day following the date of such reinvestment.

**Fees**

There are no maintenance fees, no sales loads, and no charges for investing or for ongoing management. There are fees for wire redemptions, investment checks drawing funds from a bank account returned for insufficient funds, and other unusual services, which will be directly debited from the aggregate principal amount of your Notes.

**Investor Statements**

You will receive regular statements (via mail or electronically) showing a summary of all of your transactions in the Notes, interest earned, the principal amount of Notes held by you at the open and close of the period, and other important information.

**Agent Bank and Servicing Agent**

We have engaged Open Solutions, Inc. to perform recordkeeping, investor servicing and other services in connection with the Notes. We refer to Open Solutions, Inc. as the **Servicing Agent** in this prospectus supplement. We have also engaged The Huntington National Bank to process funds receipts and disbursements and related services. We refer to Huntington National Bank as the **Agent Bank** in this prospectus supplement. For these services, we pay the Agent Bank and the Servicing Agent an administrative fee.

**FDIC Guarantee**

***The FDIC's Debt Guarantee Program***

On October 23, 2008, the U.S. Federal Deposit Insurance Corporation, or FDIC, adopted an Interim Rule establishing the Temporary Liquidity Guarantee Program, or the TLG Program. The TLG Program includes a Debt Guarantee Program, by which the FDIC will guarantee the payment of certain newly-issued senior unsecured debt of issuers that are **eligible entities** under the program. On November 12, 2008, the FDIC approved the application of GE Capital for designation as an eligible entity under the TLG Program. The program became effective for GE Capital on November 13, 2008 after GE Capital entered into an Eligible Entity Designation Agreement with the FDIC and General Electric Company, our ultimate parent company.

Under the Debt Guarantee Program, our senior unsecured debt issued on or after November 13, 2008 and through June 30, 2009, will be guaranteed by the FDIC. The FDIC guarantee will be effective only until June 30, 2012 and the Notes will not be guaranteed after that date. The total amount of our

**Table of Contents**

senior unsecured debt that will be covered by the FDIC guarantee is limited to 125% of the par or face value of our senior unsecured debt that was outstanding (excluding debt extended to affiliates) as of September 30, 2008 that was scheduled to mature on or before June 30, 2009. As of September 30, 2008, we had outstanding approximately \$111 billion aggregate principal amount of senior unsecured debt outstanding (excluding debt extended to affiliates) that was scheduled to mature on or before June 30, 2009. Accordingly, we believe that the maximum amount of our newly-issued senior unsecured debt, including the Notes, that will be guaranteed by the FDIC under the Debt Guarantee Program is approximately \$139 billion.

The FDIC guarantee may be subject to further interpretive decisions and rulemaking by the FDIC that could adversely affect its application to your investment in the Notes. In addition, the FDIC's Interim Rule establishing the TLG Program is subject to uncertainty regarding timing, manner and amount of recovery under the guarantee, as described further below.

***Claims Under the Debt Guarantee Program***

The Interim Rule provides that if GE Capital were to file for bankruptcy protection, the FDIC would make payment to the holders of guaranteed Notes in an amount equal to the outstanding principal amount of guaranteed Notes plus interest to the date of filing of the bankruptcy petition. In addition, the FDIC will pay interest at the 90-day treasury bill rate if there is a delay in payment by the FDIC beyond the next business day after the date of filing of the bankruptcy petition. The FDIC is not required to make payment on the guaranteed amount for a debt asserted against a bankruptcy estate unless and until the claim for the unsecured senior debt has been determined to be an allowed claim against the bankruptcy estate and such claim is not subject to reconsideration under 11 U.S.C. § 502 (j).

In addition, under the Debt Guarantee Program, the holder of guaranteed Notes must timely file a bankruptcy proof of claim, or POC, in the company's bankruptcy proceeding and present evidence of such timely filed POC in order to participate in the Debt Guarantee Program. The POC must be filed with the FDIC within 90 days of the published bar date of the bankruptcy proceeding. The claimant must identify and describe the debt it believes is subject to the FDIC guarantee under the Debt Guarantee Program.

To receive payment under the Debt Guarantee Program, the holder of guaranteed Notes will be required to assign its rights, title and interest in guaranteed Notes to the FDIC and to transfer its allowed claim in bankruptcy to the FDIC. If the holder of guaranteed Notes receives any distribution from the bankruptcy estate prior to the FDIC's payment under the guarantee, the guaranteed amount paid by the FDIC will be reduced by the amount the holder has received in the distribution from the bankruptcy estate. In the case of a bankruptcy estate, the FDIC as assignee of the unsecured senior debt will be entitled to receive distributions from the liquidation or other resolution of the bankruptcy estate in accordance with 11 U.S.C. § 726 or a confirmed plan of reorganization or liquidation in accordance with 11 U.S.C. § 1129.

The FDIC guarantee will automatically terminate on June 30, 2012, and there are no extensions for holders of Notes that are guaranteed by the FDIC who have a valid claim under the FDIC guarantee

**Table of Contents**

and who have not taken proper action with respect to such claim prior to such termination date. Since none of the foregoing procedures have been implemented in connection with performance under an FDIC Guarantee under the Debt Guarantee Program, there is some uncertainty regarding the manner and timing of which a holder could receive payment and amount of recovery with respect to the debt guaranteed under the Debt Guarantee Program.

***Investments and Redemptions under the Debt Guarantee Program***

All investments in Notes made between November 13, 2008 and June 30, 2009, will be guaranteed by the FDIC under the Interim Rule governing the Debt Guarantee Program. If you invested in Notes prior to November 13, 2008 that are not guaranteed by the FDIC under the TLG Program, your investment in the Notes may be comprised of non-guaranteed Notes and guaranteed Notes depending on when the investments were made. If you redeem a part of your Notes, we will redeem Notes in the same chronological order as your investments in the Notes were made, so that the longest held Notes will be redeemed first.

**How to Invest**

To invest in the Notes, complete an application and make an initial investment in one of three ways. 1. By Quick Invest: Indicate on the application that you will be electronically transferring funds from your linked bank checking account and initiate the transaction after we confirm that your account is open. 2. By Check: Your check must be drawn from the business checking account you link to your GE Interest Plus For Businesses investment. 3. By Wire: Indicate on the application that you will be wiring funds from your business checking account you link to your GE Interest Plus For Business investment once your account is established and we confirm that your account is open. Cash, money orders, traveler's checks, starter checks, cashier's checks, credit card checks, foreign checks and third party checks are not acceptable. Currently, the minimum initial investment is \$500. If the principal amount of your Notes falls below these minimum investment levels or we do not receive your initial investment within 60 days of your account opening, we reserve the right to redeem your Notes and return the proceeds to you, or deduct a monthly maintenance fee from the principal amount of your Notes.

After your initial investment in the Notes, you may invest in additional Notes at any time, without charge, by any of the following methods:

***BY QUICK INVEST.*** If you have completed the procedures for the Quick Invest service, you may instruct the Servicing Agent by telephone or the Account Access website at any time during regular business hours to withdraw any amount of funds (minimum \$25) from your pre-designated bank checking account and invest the funds in additional Notes through an electronic automated clearinghouse (ACH) transfer. To set up Quick Invest, you must have provided us with a voided blank check to verify your checking account. Your investment will be made and interest will begin to accrue on the same day your money is transferred. Investments made by ACH cannot be redeemed until the later of (1) three business days after the electronic transfer is first completed or (2) when the electronic transfer clears.

Bank. Funds will be wired on the same business day as the receipt of your wire redemption request, provided that your request is received by the Agent Bank by 12:00 noon Eastern Time. Wire redemption requests received after 12:00 noon Eastern Time on any business day will be processed on the next business day. If your designated bank is not a member of the Federal Reserve system, there may be a delay in wiring funds. Each wire transfer will incur a processing charge of \$15 from the Agent Bank, and may also incur an additional charge from your bank or financial institution. The Agent Bank's records of the wire instructions are binding.

**Optional Redemption by GE Capital**

We may redeem, at any time at our option, all or any part of the Notes. Any partial redemption of Notes will be effected by lot, or pro rata, or by any other method that is deemed fair and appropriate by the trustee for the Notes, except that we may redeem all of the Notes not meeting guidelines established from time to time by the GE Interest Plus Committee. We will give at least 30 days prior written notice to you if we decide to redeem your Notes. **Agent Bank and Servicing Agent**

We have engaged Union Federal Bank of Indianapolis to process funds receipts and disbursements and related services. We refer to Union Federal Bank of Indianapolis as the Agent Bank in this prospectus. We have also engaged Open Solutions, Inc. to perform recordkeeping, investor servicing and other services in connection with the Notes. We refer to Open Solutions, Inc. as the Servicing Agent in this prospectus. For these services, we pay the Agent Bank and the Servicing Agent an administrative fee.

**General**

The Notes are issuable in any amount and will mature on demand by you. GE Interest Plus and GE Interest Plus For Businesses constitute the same series of debt securities for all purposes of the Indenture. The Notes are unsecured and rank equally and ratably with all other unsecured and unsubordinated indebtedness of GE Capital. GE Capital has outstanding approximately \$343 billion in senior, unsecured debt obligations as of March 31, 2006, that rank equally with the Notes. GE Capital has not issued any secured debt or securities that have priority over the Notes. Neither the Indenture, nor any other instrument to which GE Capital is a party, limits the principal amount of the Notes or any other indebtedness of GE Capital that may be issued. The Notes will not be subject to any sinking fund. The Notes will be issued in uncertificated form and you will not receive any certificate or other instrument evidencing the Notes other than the confirmation of your initial investment and periodic statements sent to you. All funds invested in Notes, together with interest accrued thereon, and redemptions, if any, will be recorded on a register maintained by the Servicing Agent.

**Modification of the Indenture**

The Indenture permits us and the trustee for the Notes, with the consent of the holders of not less than 66 $\frac{2}{3}$ % in aggregate principal amount of the Notes at the time outstanding:

- to add any provisions to or change in any manner or eliminate any of the provisions of the Indenture, or
- to modify in any manner the rights of the holders of Notes.

However, the Indenture provides that, unless each holder agrees, we cannot:

- change the character of the Notes from being payable upon demand,
- reduce the principal amount of any Note, or
- reduce the 66 $\frac{2}{3}$  percentage of the aggregate principal amount of Notes needed to make any addition or modification.

### **Events of Default**

An event of default with respect to the Notes is defined in the Indenture as being:

default for 20 days in payment of any principal or interest on any Note which is not due to administrative error. An administrative error shall not be considered an event of default unless such error shall have continued uncorrected for a period of 30 days after written notice to the Agent Bank and the trustee for the Notes (with a copy to GE Capital). The trustee for the Notes will be the sole judge of whether an administrative error has been corrected;

default for 60 days after written notice to GE Capital in the performance of any other covenant with respect to the Notes; or

certain events of bankruptcy, insolvency or reorganization.

Each year, the Indenture requires us to file with the trustee for the Notes a written statement as to the presence or absence of certain defaults under the Indenture. The trustee for the Notes shall, within 90 days after the occurrence of a default in respect of the Notes, give to the holders thereof notice of all uncured and unwaived defaults known to it (the term default to mean the events specified above without grace periods). The trustee for the Notes shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interests of the holders of the Notes except in the case of default in the payment of principal or interest on any of the Notes. The Indenture provides that during the continuance of an event of default, either the trustee for the Notes or the holders of 25% in aggregate principal amount of the outstanding Notes may declare the principal of all such Notes to be due and payable immediately. However, under certain conditions such declaration may be annulled by the holders of a majority in principal amount of such Notes then outstanding. The holders of a majority in principal amount of Notes then outstanding may also waive on behalf of all holders past defaults with respect to the Notes except, unless previously cured, a default in payment of principal of or interest on any of the Notes.

### **Concerning the Trustee**

The trustee for the Notes acts as trustee under several other indentures with GE Capital, pursuant to which a number of series of senior, unsecured notes of GE Capital are presently outstanding.

### **Termination, Suspension or Modification**

We expect that you will be able to invest in the Notes indefinitely, but we reserve the right at any time to suspend or terminate the Notes offering entirely, or from time to time to modify the procedures for investing in or redeeming the Notes in part. We also reserve the right to modify, suspend or terminate particular investment options and redemption methods. Written notice of any material modification, suspension or termination will be provided to you at least fifteen calendar days prior to the effective date.

**GE Interest Plus Committee**

The GE Interest Plus Committee consists of officers of GE Capital designated by our Board of Directors. The Committee has the full power and authority to amend procedures and options for investing in and redeeming the Notes as described above under Termination, Suspension, or Modification. The Committee may also interpret applicable provisions, adopt rules and regulations and make certain determinations regarding the Notes. The members of the Committee are our Senior Vice President, Corporate Treasury and Global Funding Operation and two of our Vice Presidents and Assistant Treasurers. Alternate members of the Committee may also serve from time to time. Members of the Committee receive no additional compensation for Committee services.

**Taxes**

Payments of interest on the Notes will be taxable in the year in which such interest is accrued or received (in accordance with the holder's method of tax accounting), regardless of whether such interest is reinvested. No part of such interest is excludible from taxable income. Backup withholding and information reporting requirements may apply to certain non-corporate U.S. holders. The interest income also may be subject to taxation by some state and local governments. Holders of Notes that are not corporations will receive a statement from the Servicing Agent each year that states the full amount reported to the Internal Revenue Service as taxable income.

The U.S. Federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a holder's particular situation. Holders should consult their own tax advisors with respect to the tax consequences to them of the ownership and disposition of the Notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in federal or other tax laws.

**PLAN OF DISTRIBUTION**

The Notes are offered in the United States only, on a continuing basis through GE Capital Markets, Inc., a wholly owned subsidiary of GE Capital, acting as agent. No commissions will be paid to such agent for any sales of the Notes. We will pay the agent's expenses incurred in connection with the offering of the Notes. GE Capital Markets, Inc. may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended (the Securities Act). We have agreed to indemnify the agent against certain liabilities, including liabilities under the Securities Act, or to contribute to payments that they may be required to make in connection with such indemnification. We also may from time to time designate other agents through whom Notes may be offered.

The Notes are being offered only to persons or businesses whose registered addresses are in the United States. If at any time your registered address is outside of the United States, we may redeem all of your Notes. We reserve the right to withdraw, cancel or modify the offer to sell Notes at any time. We have the sole right to accept offers to purchase Notes and may reject any proposed purchase of Notes in whole, or in part.
