FORWARD-LOOKING STATEMENTS

This prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein contain certain estimates, predictions, and other forward-looking statements (as defined in the Private Securities Litigation Reform Act of 1995, and within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended). Forward-looking statements are generally identified with the words believe, expect, anticipate, intend, estimate, target, may, will, should, continue, or the negative thereof or other similar expressions, or discussion of future goals or aspirations, which are predictions of or indicate future events and trends and which do not relate to historical matters.

This prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein contain statements that are forward looking within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include, but are not limited to, statements regarding: the Company's expectation that fiscal 2010 second quarter net earnings will range from \$0.64 to \$0.69 per diluted share; the Company's expectation that fiscal 2010 earnings will range from \$2.65 to \$2.85 per diluted share and that its overall effective tax rate for fiscal 2010 will range from 39.0% to 39.5% of pre-tax earnings; the continued weak business climate; our identification of an additional \$12 million of annual expense reductions to be fully implemented by the end of the second quarter; our realization of \$45 million in annual expense reductions and \$10 million of additional expected annual savings in fiscal 2010 from ongoing efficiency initiatives; the Company's ability and intention to refinance principal payments on its outstanding term loans with borrowings under its long-term revolving credit facilities; the Company's evaluation of its trade receivable securitization agreement and bank arrangements; the Company's expectation that its accounts receivable securitization will be available as a source of funds through its expiration date in March 2010; the Company's belief that if the accounts receivable securitization was not available as a source of funds that it could secure an alternate source of funds; the Company's ability to manage its exposure to interest rate risk through the use of interest rate swap agreements; the performance of counterparties under interest rate swap agreements; the Company's estimate that for every 25 basis point increase in LIBOR, annual interest expense will increase approximately \$2 million; the estimate of future interest payments on the Company's long-term debt obligations; and the estimate of future payments or receipts under interest rate swap agreements.

These forward-looking statements involve risks and uncertainties. Factors that could cause actual results to differ materially from those predicted in any forward-looking statement include, but are not limited to: the Company's inability to meet its earnings estimates due to lower sales, higher product costs and/or higher operating expenses than that forecasted by the Company; continued weakening of the economy resulting in weakening demand for the Company's products; weakening operating and financial performance of the Company's customers, which can negatively impact the Company's sales and the Company's ability to collect its accounts receivable; changes in the environmental regulations that affect the Company's production and sales of specialty gases and other products; higher or lower overall tax rates in fiscal 2010 than that estimated by the Company resulting from changes in tax laws, reserves and other estimates; increase in debt in future periods and the impact on the Company's ability to pay and/or grow its dividend; a decline in demand from markets served by the Company; adverse customer response to the Company's strategic product sales initiatives; the Company's inability to continue sales of strategic products in markets growing faster than GDP; a lack of cross-selling opportunities for the Company's strategic products; a lack of specialty gas sales growth due to a downturn in certain markets; the negative effect of an economic downturn on strategic product sales and margins; the inability of strategic products to diversify against cyclicalities; supply shortages of certain gases and the resulting inability of the Company to meet customer gas requirements; customers' acceptance of current prices and of future price increases; adverse changes in customer buying patterns; a rise in product costs and/or operating expenses at a rate faster than the Company's ability to increase prices; higher or lower capital expenditures than that estimated by the Company; the inability to refinance payments on the term loans due to a lack of availability

under the revolving credit facilities; limitations on the Company's borrowing capacity dictated by the Senior Credit Facility (as defined in "Description of Other Obligations" herein); our continued ability to access credit markets on satisfactory terms; the impact of tightened credit markets on our customers; the impact of changes in tax and fiscal policies and laws; the extent and duration of current

recessionary trends in the U.S. economy; potential disruption to the Company's business from integration problems associated with acquisitions; the Company's success in implementing and continuing its cost reduction program; the Company's ability to successfully identify, consummate and integrate acquisitions to achieve anticipated acquisition synergies; potential liabilities arising from withdrawals from the Company's assumed multi-employer pension plans; the inability to pay dividends as a result of loan covenant restrictions; the inability to manage interest rate exposure; the potential reduction in the availability of the Company's securitization agreement; higher or lower interest expense than that estimated by the Company due to changes in debt levels or increases in interest rates; unanticipated non-performance by counterparties related to interest rate swap agreements; the effects of competition from independent distributors and vertically integrated gas producers on products, pricing and sales growth; changes in product prices from gas producers and name-brand manufacturers and suppliers of hardgoods; changes in customer demand resulting in the inability to meet minimum product purchases under supply agreements; and the effects of, and changes in, the economy, monetary and fiscal policies, laws and regulations, inflation and monetary fluctuations, both on a national and international basis. PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights selected information about us. It may not contain all of the information that may be important to you in deciding whether to invest in the notes. You should read this entire prospectus supplement and the accompanying prospectus, including our consolidated financial statements and related notes, together with the information incorporated by reference, before making an investment decision. Our fiscal year ends on March 31 and whenever we refer to any of our fiscal years, we refer to the twelve-month period ending March 31 of such year.

Our Company

We are the largest U.S. distributor of industrial, medical and specialty gases delivered in packaged or cylinder form, and hardgoods, such as welding equipment and supplies. We are also one of the largest U.S. distributors of safety products, the largest U.S. producer of nitrous oxide and dry ice, the largest liquid carbon dioxide producer in the Southeast, the fifth largest producer of atmospheric merchant gases in North America and a leading distributor of process chemicals, refrigerants and ammonia products. During the year ended March 31, 2009, we had revenues of \$4.35 billion and adjusted EBITDA of \$766.3 million. In addition, during the three months ended June 30, 2009, we had revenues of \$979.3 million and adjusted EBITDA of \$174.2 million. We provide a reconciliation of adjusted EBITDA to its closest GAAP counterpart in Summary Historical Financial Data.

With sales to a wide variety of industry segments and no single customer accounting for more than 0.5% of sales, our revenues are not dependent on a single or small group of customers or industry segments. We market our products to this diversified customer base through an integrated network of more than 14,000 employees and over 1,100 locations including branches, retail stores, packaged gas fill plants, specialty gas labs, production facilities, and distribution centers. We also distribute our products and services through retail stores, strategic customer account programs, telesales, catalogs, e-business as well as independent distributors. Our national scale and strong local presence offer a competitive edge to our diversified customer base.

We have two reporting segments, Distribution and All Other Operations. The Distribution business segment, which accounted for approximately 90% of consolidated sales for the fiscal year ended March 31, 2009, primarily engages in the distribution of industrial, medical, and specialty gases, hardgoods, and in the production of gases primarily to supply the regional distribution companies. The Distribution business segment derives revenues from the sale of gases, including industrial, medical and specialty gases sold in packaged and bulk quantities, rental revenues and the distribution of hardgoods. Gas sales in the Distribution business segment include nitrogen, oxygen, argon, helium, hydrogen, welding and fuel gases, such as acetylene, propylene and propane, carbon dioxide, nitrous oxide, ultra high purity grades, special application blends and process chemicals. The Distribution business segment derives rental income from gas cylinders, cryogenic liquid containers, bulk storage tanks, tube trailers and through the rental of welding and welding related equipment. Hardgoods consist of welding consumables and equipment, safety products, and maintenance, repair and operating supplies. Gas sales and rental income represented 57% and hardgoods sales represented 43% of the Distribution business segment's sales for the fiscal year ended March 31, 2009.

The All Other Operations business segment consists of six business units. The primary products manufactured and distributed are carbon dioxide, dry ice (solid form of carbon dioxide), nitrous oxide, ammonia and refrigerant gases. The All Other Operations business segment accounted for 10% of our consolidated sales for the fiscal year ended March 31, 2009.

We operate in 48 states, Canada and to a lesser extent Mexico, Russia, Dubai and Europe. Our Distribution business segment operates a network of multiple use facilities consisting of approximately 850 branches, 325 cylinder fill

plants, 65 regional specialty gas laboratories, nine national specialty gas laboratories, one research and development center, two specialty gas equipment centers, 19 acetylene plants and 16 air separation units, as well as six regional distribution centers, various customer call centers, buying centers and administrative offices. Our All Other Operations business segment consists of businesses, located throughout the United States,

S-1

Table of Contents

which operate multiple use facilities consisting of approximately 70 branch/distribution locations, seven liquid carbon dioxide and 11 dry ice production facilities, and four nitrous oxide production facilities.

Our industry has three principal modes of gas distribution: on-site supply, bulk or merchant supply, and cylinder or packaged gas supply. Our market focus has been on packaged gas distribution, supplying customers with gases in cylinders, and in less than truck-load bulk quantities. Generally, packaged gas distributors also sell welding hardgoods. We believe the U.S. market for packaged gases and welding hardgoods to be approximately \$13 billion in annual revenues.

We are the largest distributor of packaged gases and welding hardgoods in the United States, with approximately 25% market share. Our competitors in this market include local and regional independent distributors, which serve about half of the market, and large independent distributors and vertically integrated gas producers, which serve the remaining market. We also sell safety equipment. We believe the U.S. market for safety equipment is greater than \$7 billion annually, of which our share is approximately 10%.

Our Strategy

Our primary objective is to maximize shareholder value by driving market-leading sales growth through core and strategic product offerings that leverage our infrastructure and customer base, by pursuing acquisitions in our core business and in adjacent businesses, by providing outstanding customer service and by improving operational efficiencies. To meet this objective, we are focusing on:

high potential growth markets, such as energy and infrastructure construction;

less cyclical markets, such as medical, environmental, research, life sciences and food products;

strategic product offerings expected to grow faster than the overall economy, such as bulk gases, specialty gases, medical products, carbon dioxide and safety products;

continued account penetration;

improved training, tools and resources for front line associates;

reducing costs associated with production, cylinder maintenance and distribution logistics; and

acquisitions to complement and expand our business and to leverage our significant national platform.

Corporate information

Our executive offices are located at 259 North Radnor-Chester Road, Suite 100, Radnor, Pennsylvania 19087-5283, and our telephone number is (610) 687-5253. Our common stock is listed under the symbol ARG on the New York Stock Exchange.

Table of Contents**Reconciliation of Adjusted EBITDA**

We define adjusted EBITDA as operating income before stock-based compensation expense, and depreciation and amortization. We believe adjusted EBITDA provides investors meaningful insight into our ability to generate cash from operations to support required working capital, capital expenditures, debt repayment and other financial obligations, as well as to fund future acquisitions. Adjusted EBITDA is not a measure of performance under GAAP, and our computation of adjusted EBITDA may vary from others in our industry. You should not consider adjusted EBITDA as an alternative to operating income or net income as a measure of our operating performance or to cash flows as a measure of our liquidity. Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. For example, adjusted EBITDA:

does not reflect our cash expenditures or requirements for capital expenditures or capital commitments;

does not reflect changes in, or cash requirements for, our working capital needs; and

does not reflect any costs related to the current or future replacement of assets being depreciated and amortized.

The following table provides a reconciliation of operating income to adjusted EBITDA to net cash provided by operating activities (in millions):

ITEM 30. INDEMNIFICATION

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty established by a final judgment as being material to the cause of action. Our charter contains such a provision which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law, subject to the requirements of the 1940 Act.

Our charter authorizes us, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to obligate ourselves to indemnify any present or former director or officer or any individual who, while a director or officer and at our request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee, from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. Our bylaws obligate us, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to indemnify any present or former director or officer or any individual who, while a director or officer and at our request, serves or has served another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner, member, manager or trustee and who is made, or threatened to be made, a party to the proceeding by reason of his or her service in any such capacity from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. The charter and bylaws also permit us to indemnify and advance expenses to any person who served a predecessor of us in any of the capacities described above and any of our employees or agents or any employees or agents of our predecessor. In accordance with the 1940 Act, we will not indemnify any person for any liability to which such person would be subject by reason of such person's willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his office.

Maryland law requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (1) was committed in bad faith or (2) was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was

not met.

The Investment Advisory Agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Capital Management LLC (the “Adviser”) and its officers, managers, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from the Company for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) arising from the rendering of the Adviser’s services under the Investment Advisory Agreement or otherwise as an Investment Adviser of the Company.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration LLC and its officers, manager, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from the Company for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and

amounts reasonably paid in settlement) arising from the rendering of Prospect Administration LLC's services under the Administration Agreement or otherwise as administrator for the Company.

The Administrator is authorized to enter into one or more sub-administration agreements with other service providers (each a "Sub-Administrator") pursuant to which the Administrator may obtain the services of the service providers in fulfilling its responsibilities hereunder. Any such sub-administration agreements shall be in accordance with the requirements of the 1940 Act and other applicable U.S. Federal and state law and shall contain a provision requiring the Sub-Administrator to comply with the same restrictions applicable to the Administrator.

(3) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

that, for the purpose of determining any liability under the 1933 Act, each such post-effective amendment shall be b. deemed to be a new registration statement relating to the securities offered therein, and the offering of those securities at that time shall be deemed to be the initial bona fide offering thereof;

c. to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

that, for the purpose of determining liability under the 1933 Act to any purchaser, each prospectus filed pursuant to Rule 497(b), (c), (d) or (e) under the 1933 Act as part of a registration statement relating to an offering, other than prospectuses filed in reliance on Rule 430A under the 1933 Act, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. that, for the purpose of determining liability of the Registrant under the 1933 Act to any purchaser in the initial distribution of securities: The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following e. communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to the purchaser: (1) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 497 under the 1933 Act; (2) the portion of any advertisement pursuant to Rule 482 under the 1933 Act relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and (3) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

4. The Registrant undertakes that it will not sell any units consisting of combinations of securities that have not previously been described in a registration statement of the Registrant or an amendment thereto that was subject to review by the Commission and that subsequently became effective.
