**Item 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES**

On April 1, 2010, our Board of Directors approved transformation and restructuring plans, which include the integration of Global Med Technologies, Inc. Under the terms of a definitive agreement, on March 31, 2010 we concluded a tender offer to purchase the outstanding shares of Global Med's common stock at \$1.22 per share and preferred stock at approximately \$1,694 per share. At the closure of the tender period 34.4 million shares of common stock representing 90% of the outstanding common stock and 100% of the outstanding preferred shares were tendered. Haemonetics funded the \$58 million required for the acquisition of the shares and outstanding warrants from available cash. Haemonetics anticipates completing the merger with Global Med during the first fiscal quarter of 2011 with a final cash payment of \$3 million.

The approved cash transformation costs are expected to total approximately \$15 million and the non-cash write off of certain capitalized software assets totals approximately \$16 million.

The cash transformation costs include two components. We expect to incur costs related to the separation of employees totaling approximately \$14 million during the fourth quarter of our fiscal year 2010 and through the first six months of fiscal year 2011. We also expect to incur costs of approximately \$1 million related to the closure of facilities during FY 2011.

The non-cash write off has two components. The first relates to our Symphony blood bank donation management software, totaling approximately \$4 million, which we have abandoned as a result of our combination with Global Med. In addition, based on a recent review of ongoing development plans for our next generation platelet apheresis products we have adopted a plan to abandon and write off \$12 million associated with previously capitalized software development costs.

The information in this current report on Form 8-K and the exhibit attached hereto shall not be deemed filed for the purposes of Section 18 of the Securities and Exchange Act of 1934 (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, regardless of any general incorporation language in such filing.
