To our Stockholders:

I am pleased to invite you to attend the annual meeting of stockholders of Cirrus Logic, Inc. to be held on Thursday, July 28, 2011, at 1:00 p.m. at Cirrus Logic, Inc., 2901 Via Fortuna, Austin, Texas 78746. Details regarding admission to the meeting and the business to be conducted are more fully described in the accompanying Notice of Annual Meeting of Stockholders and Proxy Statement.

We are also pleased to be furnishing proxy materials to our stockholders using the Internet. We believe this process expedites stockholders' receipt of proxy materials and lowers the cost of our annual meeting. Instead of mailing a paper copy of our proxy materials to our stockholders, we are mailing a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose.

Your vote is important. Whether or not you plan to attend the annual meeting, I hope you will vote as soon as possible. Although you may vote in person at the annual meeting, you may also vote over the Internet, as well as by telephone, or by mailing a proxy card. Voting over the Internet, by telephone, or by written proxy will ensure your representation at the annual meeting if you do not attend in person. Please review the instructions on the Notice of Internet Availability or the proxy card regarding each of these voting options.

Cirrus Logic values the participation of its stockholders. Your vote is an important part of our system of corporate governance and I strongly encourage you to participate.

Sincerely,

Jason P. Rhode

President and Chief Executive Officer

To Be Held Thursday, July 28, 2011

www.cirrus.com**

These proxy materials are furnished to you in connection with the solicitation of proxies by the Board of Directors (Board) of Cirrus Logic, Inc. for use at our 2011 Annual Meeting of Stockholders and any adjournments or postponements of the meeting (the Annual Meeting). The Annual Meeting will be held on July 28, 2011, at 1:00 p.m., central time, at our principal executive offices, 2901 Via Fortuna, Austin, Texas 78746.

Beginning on or about June 14, 2011, Cirrus has made available on the Internet or delivered paper copies of these proxy materials by mail in connection with the solicitation of proxies by the Board of Cirrus for proposals to be voted on at the Company s Annual Meeting.

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS,
THE ANNUAL MEETING, AND VOTING PROCEDURES**

Q: Why am I receiving these materials?

A: Our Board, on behalf of the Company, is soliciting your proxy for the annual meeting of stockholders to take place on July 28, 2011. As a stockholder, you are invited to attend the meeting and are entitled to and requested to vote on the proposals described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of directors and our most highly paid executive officers, and certain other required information. Our 2011 Annual Report to Stockholders on Form 10-K for the fiscal year ended March 26, 2011, is also included.

If you requested and received a copy of these materials by mail or e-mail, then the proxy materials also include a proxy card or a voting instruction card for the Annual Meeting.

Q: Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

A: We are complying with the U.S. Securities and Exchange Commission (the SEC) rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to our stockholders a notice about the Internet availability of the proxy materials instead of a paper copy of the proxy materials. All stockholders receiving the notice will have the ability to access the proxy materials over the Internet and request to receive a copy of the proxy materials by mail or e-mail.

Q: How can I access the proxy materials over the Internet?

A: Your notice about the Internet availability of the proxy materials contains instructions regarding how to:
view our proxy materials for the Annual Meeting on the Internet;
request a paper copy of our proxy materials for the Annual Meeting; and

instruct us to send our future proxy materials to you electronically by e-mail.

Q: How may I obtain a paper copy of the proxy materials?

A: Stockholders receiving a notice about the Internet availability of the proxy materials will find instructions regarding how to obtain a paper copy of the proxy materials in their notice.

Table of Contents

Q: What if I receive more than one notice about the Internet availability of the proxy materials or more than one paper copy of the proxy materials?

A: If you receive more than one Notice or set of proxy materials, it means your shares are registered differently or are in more than one account. To vote all your shares by proxy, you must vote for all notices you receive, or for all proxy cards and voting instruction cards you received upon request.

Q: What proposals will be voted on at the meeting?

A: There are four proposals scheduled to be voted on at the meeting:

- the election of eight directors;
- the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm;
- an advisory (non-binding) vote on named executive officer compensation; and
- an advisory (non-binding) vote on the frequency of future advisory votes on named executive office compensation.

Q: What is Cirrus Logic's voting recommendation?

A: Our Board recommends that you vote your shares as follows:

- FOR each of the director nominees;
- FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm;
- FOR the approval, on a non-binding, advisory basis, of our named executive officer compensation as described in this Proxy Statement; and

To hold a non-binding, stockholder advisory vote on executive compensation every Three Years as described in this Proxy Statement.

Q: Who is entitled to vote at the Annual Meeting?

A: Stockholders of record at the close of business on May 31, 2011 (the Record Date) are entitled to vote.

Q: What shares owned by me can be voted?

A: All shares owned by you as of the close of business on the Record Date may be voted by you. These shares include (1) shares held directly in your name as the *stockholder of record*, including shares purchased through the Company's Employee Stock Purchase Plan, and (2) shares held for you as the *beneficial owner* through a stockbroker or bank.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most stockholders of the Company hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with the Company's transfer agent, Computershare Investor Services, you are considered, with respect to those shares, the *stockholder of record*, and you have the right to vote by proxy by following the instructions in the Notice of Internet Availability of the proxy materials or to vote in person at the meeting.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held *in street name*, and your broker or nominee is considered, with respect to those

shares, the *stockholder of record*. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the meeting. However, since you are not the *stockholder of record*, you may not vote these shares at the meeting unless you obtain a signed proxy from your broker or nominee giving you the right to vote the shares.

Table of Contents

Q: How can I vote my shares in person at the meeting?

A: Shares held directly in your name as the *stockholder of record* may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy in advance of the meeting so that your vote will be counted if you later decide not to attend the meeting. Shares held in street name may be voted in person by you only if you obtain a signed proxy from your broker or nominee giving you the right to vote the shares.

Q: How can I vote my shares without attending the meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting. You may vote by granting a proxy or by submitting voting instructions to your broker or other nominee for shares held in street name. In most instances, you will be able to do this over the Internet, by telephone, or by mail. If you are the stockholder of record, please refer to the summary instructions below and those included on your Notice of Internet Availability of the proxy materials. If you hold shares in street name, you should refer to the voting instruction card provided to you by your broker or nominee. Stockholders who have requested and received a paper copy of a proxy card or voting instruction card by mail may also vote over the Internet by following the instructions on the proxy card or voting instruction card.

BY INTERNET If you have Internet access, you may vote by following the instructions on the Notice of Internet Availability of the proxy materials. If you have requested and received a paper copy of a proxy card or voting instruction card, you may also vote over the Internet by following the instructions on the proxy card or voting instruction card.

BY TELEPHONE If you have requested and received a paper copy of a proxy card or voting instruction card, you may vote by telephone by following the instructions on the proxy card. You will need to have the control number that appears on your Notice of Internet Availability of the proxy materials available when voting by telephone.

BY MAIL If you have requested and received a paper copy of a proxy card or voting instruction card by mail, you may submit a proxy by signing your proxy card and mailing it in the enclosed, postage prepaid and addressed envelope. If you sign but do not provide instructions, your shares will be voted as described in *How Are Votes Counted?* below.

Q: What if I hold shares in street name and do not transmit voting instructions before the stockholder meeting to my broker or nominee?

A: Effective January 1, 2010, your broker is no longer permitted to vote on your behalf on non-routine matters if you are a beneficial owner of shares held in street name and you do not transmit your voting instructions before the stockholder meeting to your broker or nominee. The election of directors (Proposal 1), the advisory vote to approve named executive officer compensation (Proposal 3), and the advisory vote on the frequency of the stockholder advisory votes on named executive officer compensation (Proposal 4) are considered non-routine matters. Therefore, if you do not transmit your voting instructions to your broker or other nominee, then they cannot vote on these non-routine matters and your vote will be counted as *broker non-votes* as further described in the response to *How are abstentions and broker non-votes counted?* below.

Q: Can I revoke my proxy?

A: You may revoke your proxy instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may revoke your proxy instructions by granting a new proxy bearing a later date (that

automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically request it to be revoked. For shares

Table of Contents

held beneficially by you, you may revoke your proxy by submitting a new proxy to your broker or nominee.

Q: What is the quorum requirement for the meeting?

A: The quorum requirement for holding the meeting and transacting business is the presence, either in person or represented by proxy, of the holders of a majority of the outstanding shares entitled to be voted at the Annual Meeting. For this year's annual meeting, both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the proposal to ratify the selection of Ernst & Young and the advisory vote on named executive officer compensation, you may vote FOR, AGAINST, or ABSTAIN. If you ABSTAIN on these matters, it has the same effect as a vote AGAINST. You may also ABSTAIN from the advisory vote on the frequency of the stockholder advisory votes on named executive officer compensation. If you do so, your vote will not count as a vote cast for that matter.

If you sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board.

Q: What is the voting requirement to approve each of the proposals?

A: In the election of directors, the eight persons receiving the highest number of FOR votes will be elected. And for the advisory vote on the frequency of stockholder advisory votes on named executive officer compensation, the frequency receiving the majority of the votes cast will be considered to be the advised frequency. All other proposals require the affirmative FOR vote of a majority of those shares present, either in person or represented by proxy, and entitled to vote. If you are a beneficial owner and do not provide your broker or nominee with voting instructions on a non-routine matter such as a director election, your shares may constitute broker non-votes, as described in *How are abstentions and broker non-votes counted?* below. In tabulating the voting results for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal.

Q: How are abstentions and broker non-votes counted?

A: Abstentions are counted as present for purposes of determining the shares present and entitled to vote. However, an abstention is not a vote cast for purposes of counting votes, and therefore the effect of an abstention will be the same effect as a vote against a proposal as described in *How are votes counted?* above. Broker non-votes are not counted as shares present and entitled to be voted with respect to a matter on which the beneficial owner has expressly not voted. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker lacks discretionary voting power to vote the shares.

Q: How can I obtain an admission ticket for the meeting?

A: Two cut-out admission tickets are included on the back of this proxy statement. A limited number of tickets are available for additional joint owners. To request additional tickets, please contact the Company's Corporate Secretary at our headquarters. If you forget to bring an admission ticket, you will be admitted to the meeting only if you are listed as a *stockholder of record* as of the close of business on the Record Date, and you bring proof of identification. If you hold your shares through a broker or other nominee and fail to bring an admission ticket, you will need to provide proof of ownership by bringing either a copy of the Notice of Internet Availability of the proxy materials or a copy of a brokerage statement showing your share ownership as of the Record Date.

Table of Contents

Q: Where can I find the voting results of the meeting?

A: We will announce preliminary voting results at the meeting and will file with the Securities and Exchange Commission via EDGAR a Current Report on Form 8-K within four business days of the meeting with the final voting results. If final voting results are not available at the time of such filing, the Company intends to disclose preliminary vote results at the time of the filing and file an amended Form 8-K within four business days after obtaining the final results.

Q: What happens if additional proposals are presented at the meeting?

A: Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Scott Thomas, our Corporate Secretary, and Thurman Case, our Chief Financial Officer, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your shares for such other candidate or candidates as may be nominated by the Board.

Q: What classes of shares are entitled to be voted?

A: Each share of our common stock outstanding as of the Record Date is entitled to one vote on each item being voted upon at the annual meeting. On the Record Date, we had approximately 65.2 million shares of common stock outstanding.

Q: Is cumulative voting permitted for the election of directors?

A: No.

Q: Who will count the votes?

A: A representative of Broadridge Investor Communications Solutions will tabulate the votes. A representative of the Company will act as the inspector of the election.

Q: Is my vote confidential?

A: Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by our Board.

Q: Who will bear the cost of soliciting votes for the meeting?

A: The Company will pay the entire cost of soliciting proxies to be voted, along with the costs of preparing, assembling, printing, mailing, and distributing these proxy materials. If you choose to access the proxy materials and/or submit your proxy over the Internet or by telephone, however, you are responsible for Internet access or telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made by our directors, officers, and employees, either in person, by telephone, or by electronic communication. Our directors, officers and employees will not receive any additional compensation for the solicitation activities. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders.

Q: May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?

A: You may make nominations and submit proposals for consideration at future stockholder meetings. Any proposal that a stockholder wishes to include in the Company's proxy materials for the 2012 annual meeting of stockholders, in accordance with the regulations of the SEC, must be received by no later than February 15, 2012.

The written proposal will need to comply with the regulations of the SEC under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Any proposal or nomination for election of directors that a stockholder wishes to propose for consideration at the 2012 annual meeting of stockholders,

Table of Contents

whether or not the stockholder wishes to include such proposal or nomination in our proxy statement under the applicable SEC rules, must be submitted in accordance with our Bylaws. To be considered timely, our Bylaws provide that such notice must be received at our principal executive offices no later than February 15, 2012. Proposals and nominations should be addressed to: Corporate Secretary, Cirrus Logic, Inc., 2901 Via Fortuna, Austin, Texas 78746.

Copy of Bylaw Provisions: You may contact the Company's Corporate Secretary at our headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

CORPORATE GOVERNANCE**Board Meetings and Committees**

During the fiscal year ended March 26, 2011, the Board held 7 meetings. Each director is expected to attend each meeting of the Board and the committees on which he serves. Directors are also expected to attend the Company's annual meeting of stockholders absent a valid reason. All of the directors except for Mr. Guzy attended the Company's 2010 annual meeting of stockholders.

The Board has determined that each of the members of the Audit Committee is able to read and understand fundamental financial statements and is independent under applicable Securities and Exchange Commission rules and applicable Nasdaq listing standards. The Board has determined that Robert H. Smith is an audit committee financial expert as defined under applicable Securities and Exchange Commission rules.

For additional information relating to the Audit Committee, see the Report of the Audit Committee of the Board on page 46 of this proxy statement and the Audit Committee Charter, which is available under the Corporate Governance section of our Investors page on our Web site [at investor.cirrus.com](http://investor.cirrus.com).

Compensation Committee

The Compensation Committee is composed of three directors, each of whom is independent under applicable Nasdaq listing standards. The Committee reviews and approves salaries and other matters relating to executive compensation, and administers the Company's stock incentive plans, including reviewing and granting stock incentive awards to executive officers and other employees and reviewing and approving policies and procedures for awarding grants under these plans. The Compensation Committee also reviews and recommends to the Board for approval various other Company compensation plans, policies, and matters related to the Company's non-employee directors. For additional information relating to the Compensation Committee, see the Compensation Committee Charter, which is available under the Corporate Governance section of our Investors page on our Web site [at investor.cirrus.com](http://investor.cirrus.com).

Governance and Nominating Committee

The Governance and Nominating Committee is composed of four directors, each of whom is independent under the applicable Nasdaq listing standards. This Committee provides counsel to the Board with respect to Board organization, membership, and function, as well as committee structure and membership. The Committee is also responsible for defining the qualifications for candidates for director positions, evaluating qualified candidates, recommending candidates to the Board for election as directors, and proposing a slate of directors for election by

stockholders at each annual meeting. For more information relating to the Governance and Nominating Committee, see the

Table of Contents

Governance and Nominating Committee Charter, which is available under the Corporate Governance section of our Investors page on our Web site [at investor.cirrus.com](http://investor.cirrus.com).

The Governance and Nominating Committee annually reviews the needs of the Board for various skills, experience, expected contributions, and other characteristics in determining the director candidates to be nominated at the annual meeting. The Governance and Nominating Committee will evaluate candidates for directors proposed by directors, stockholders, or management in light of the Committee's views of the current needs of the Board for certain skills; the candidate's background, skills, experience, or other characteristics; and the expected contributions and the qualification standards established from time to time by the Governance and Nominating Committee. If the Committee believes that the Board requires additional candidates for nomination, the Committee may engage a third-party search firm to assist in identifying qualified candidates. All directors and nominees will submit a completed form of directors' and officers' questionnaire as part of the nominating process. The process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Governance and Nominating Committee. Although the Board does not have a formal policy specifying how diversity should be considered in making determinations regarding nominations of directors, the Governance and Nominating Committee does take into account the benefits of diverse backgrounds, viewpoints, and experiences, as well as the benefits of a constructive working relationship among directors, when evaluating candidates for the Board.

The Governance and Nominating Committee believes that members of the Board should possess certain basic personal and professional qualities in order to properly discharge their fiduciary duties to stockholders, provide effective oversight of the management of the Company, and monitor the Company's adherence to principles of sound corporate governance. Therefore, the Committee has determined that nominees for election as director should have the following qualifications: (i) possess the highest personal and professional ethics, integrity and values; (ii) be committed to representing the long-term interests of the Company's stockholders; (iii) have an inquisitive and objective perspective and mature judgment; (iv) possess strong business and financial acumen and judgment acquired through education, training or experience; (v) possess experience at policy-making levels in business, government, education or technology, and in areas that are relevant to the Company's global business activities; (vi) have experience in matters of corporate governance; (vii) have experience in positions with a high degree of responsibility in the companies or institutions with which they are affiliated; and (viii) be prepared to devote appropriate time and attention to the Board and Committee duties required of a public company board member. Additionally, for non-employee director candidates, the nominees should have personal and business circumstances that permit them to serve on one or more of the various Committees of the Board.

These are not meant to be the exclusive criteria, however, and the Committee will also consider the contributions that a candidate can be expected to make to the collective functioning of the Board based upon the totality of the candidate's credentials, experience, and expertise; the composition of the Board at the time; and other relevant circumstances.

To assist with identifying and selecting qualified candidates for the 2011 Annual Meeting of Stockholders, the Committee engaged Lonergan Partners, a third-party executive search firm. After evaluating candidates either nominated by Board members or by Lonergan Partners, the Governance and Nominating Committee recommended two new nominees, Mr. Schuele and Ms. Wang, for election at the 2011 Annual Meeting of Stockholders. Mr. Schuele and Ms. Wang were recommended to the Governance and Nominating Committee by non-managing directors of the Company.

Stockholders are able to recommend individuals to the Governance and Nominating Committee for consideration as potential director nominees by submitting their names, together with appropriate biographical information and background materials, and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of the Company's common stock for at least one year as of the

date such recommendation is made. An

Table of Contents

eligible stockholder wishing to recommend a candidate must submit the following not less than 120 calendar days prior to the anniversary of the date the proxy was released to the stockholders in connection with the previous year's annual meeting: (A) a recommendation that identifies the candidate and provides contact information; (B) the written consent of the candidate to serve as a director of the Company, if elected; and (C) documentation establishing that the stockholder making the recommendation is an eligible stockholder.

Recommendations should be submitted to:

Determination of Independence

The Board, which currently consists of seven directors, has determined that six directors are independent as defined by The Nasdaq Stock Market, Inc. (the "Nasdaq") applicable listing standards. Specifically, the Governance and Nominating Committee has reviewed the independence of each director and determined that Messrs. Carter, Dehne, Guzy, Hackworth, Sherman, and Smith qualify as independent directors under this standard.

In addition, the Governance and Nominating Committee has determined that new director nominees, Mr. Schuele and Ms. Wang, qualify as independent directors under the applicable Nasdaq listing standards.

Corporate Governance Guidelines

On an annual basis, the Company reviews its corporate governance practices in light of any changes to applicable law, the rules of the SEC, and the Nasdaq listing standards. No changes were recommended to the Corporate Governance Guidelines in fiscal year 2011. Among other matters, the Guidelines include the following:

Two-thirds of the members of the Board must be independent directors as defined in the Company's Corporate Governance Guidelines.

The positions of Chairman of the Board and Chief Executive Officer ("CEO") shall be held by separate individuals, and the CEO shall be the only member of the Board who is an executive officer of the Company.

If the Chairman of the Board is not an independent director as defined in Exhibit A to the Company's Corporate Governance Guidelines, the Board will designate a lead independent director.

Directors shall retire at the age of 75.

The Board will have an Audit Committee, Compensation Committee, and Governance and Nominating Committee, each of which shall consist solely of independent directors.

Table of Contents

The independent directors shall meet in executive session either before or after each regularly scheduled Board meeting.

In considering stockholder proposals and candidates recommended by stockholders for the Board, the Governance and Nominating Committee will follow the procedures outlined in the Corporate Governance Guidelines.

For additional details, see the Company's Corporate Governance Guidelines, which are available under the Corporate Governance section of our Investors page on our Web site at investor.cirrus.com.

Board Leadership Structure

The Board of Directors is committed to maintaining an independent Board comprised primarily of independent directors. To enhance the independence of the Board from management, we separate the roles of our Chief Executive Officer, Jason Rhode, and Chairman of the Board, Michael Hackworth. In addition, we have appointed a Lead Independent Director, Robert H. Smith, who is responsible for coordinating the activities of the independent directors of the Board. This leadership structure demonstrates our commitment to good corporate governance and benefits our stockholders by enhancing the oversight of management by the Board, balancing power on our Board, and encouraging balanced decision making.

Board's Role in Risk Oversight

Although management is responsible for identifying, assessing, and managing the material risks facing the Company, our Board plays an ongoing and active role in the oversight of the Company's risk management processes, along with the oversight of the most significant strategic and operational risks faced by the Company and management's efforts to mitigate those risks. Our Board is involved in the setting of the Company's business strategy, which necessarily entails a determination of what constitutes an appropriate level of risk for the Company. In addition, at least annually, the Board discusses material risks related to the Company's overall business strategy. Further, the management team reports to the Board on a quarterly basis the status of its efforts to manage what it believes are the Company's most material risks.

Each of our Board committees also considers risk within the committee's area of responsibility. Our Audit Committee regularly reviews with management the Company's major financial and regulatory risk exposures and the steps management has taken to monitor and control such exposures. Also, in designing our compensation programs and structuring awards, the Compensation Committee considers whether such compensation programs may lead to undue risk taking.

Code of Conduct

The Company has adopted a Code of Conduct that applies to all of its directors, officers, and employees (including its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions). A copy of the Code of Conduct is incorporated as Exhibit 14 to the Company's Annual Report on Form 10-K and is accessible on its Web site at www.cirrus.com. The Code of Conduct, as applied to the Company's senior financial officers, constitutes the Company's code of ethics within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and constitutes the Company's code of conduct under the Nasdaq listing standards.

On April 27, 2011, the independent directors of the Board approved modifications to the retainer fees and equity compensation for the non-employee directors based on a recommendation by the Company's Compensation Committee, which had analyzed the Company's director compensation compared to the Company's Proxy Group (as defined below in the section of this proxy statement entitled *Compensation Discussion and Analysis - Benchmarking Information*). In particular, the independent directors of the Board approved the following modifications:

the Compensation Committee Chair Quarterly Retainer was increased from \$2,000 to \$3,500;

the Compensation Committee Member Quarterly Retainer was increased from \$1,000 to \$1,750; and

upon reelection to the Board, instead of receiving a fixed number of options to purchase shares of common stock of the Company, each non-employee director will receive a Full Value Stock Award that vests immediately, the total number of shares granted having a fair market value equal to \$150,000.00 on the date of grant.

Concurrently with these changes, based on a similar analysis of the Company's initial director grant upon election to the Board compared to the Company's Proxy Group, the independent directors determined that each non-employee director should receive an option to purchase shares of common stock of the Company at an exercise price equal to the fair market value of one share of the Company's common stock on the date of grant upon becoming a director, with 25% vesting after one year and the remainder vesting ratably each month over the following 36 months, the total number of options granted having a fair market value equal to \$225,000.00 on the date of grant.

Proposal No. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed Ernst & Young LLP (Ernst & Young) as the Company s independent registered public accounting firm to audit the Company s consolidated financial statements for the fiscal year ending March 31, 2012. During fiscal year ended March 26, 2011, Ernst & Young served as the Company s independent registered public accounting firm and also provided certain tax services.

The Audit Committee pre-approves and reviews all audit and non-audit services provided by Ernst & Young. In considering the services to be provided by Ernst & Young, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the independence of Ernst & Young.

For additional information relating to the Audit Committee, see the Report of the Audit Committee of the Board on page 46 of this proxy statement, as well as the Audit Committee Charter, which is available under the Corporate Governance section of our Investors page on our Web site at investor.cirrus.com.

A representative of Ernst & Young is expected to attend our annual meeting and be available to respond to questions and, if he or she desires, to make a statement.

The Board recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the Company s independent registered public accounting firm for the fiscal year ending March 31, 2012.

If the appointment is not ratified, the Audit Committee will consider this an indication to select other auditors for the following fiscal year. Ratification of the appointment of Ernst & Young as the Company s independent registered public accounting firm for the fiscal year ending March 31, 2012, requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the meeting.

Proposal No. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the rules of the Securities and Exchange Commission. This vote is advisory, and, therefore, not binding on the Company, the Compensation Committee, or our Board of Directors. However, our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is a significant vote against the compensation of the Named Executive Officers as disclosed in this Proxy Statement, we will consider our stockholders concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

As described in detail under the heading Compensation Discussion and Analysis at page 24, our executive compensation program is designed to attract, motivate, and retain executive officers, while aligning their interests with those of our stockholders. Under this program, our executive officers are rewarded for the achievement of strategic and operational objectives and the realization of increased stockholder value. Please read the Compensation Discussion and Analysis and the accompanying compensation tables of this Proxy Statement for additional information about our executive compensation program, including information about the compensation of the Named

Executive Officers in fiscal year 2011.

Table of Contents

The Compensation Committee regularly reviews our executive compensation program to ensure that it achieves the desired goal of aligning our executive compensation structure with the interests of our stockholders and current market practices. We believe our executive compensation program is well designed, appropriately aligns executive pay with Company performance, and has demonstrated that it incentivizes desirable behavior from our executives. Therefore, we are asking our stockholders to indicate their support for the compensation of the Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a Say-on-Pay proposal, gives our stockholders the opportunity to express their views on the compensation of the Named Executive Officers. Please note that this vote is not intended to address any specific item of compensation, but rather the overall compensation of the Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement.

We will ask our stockholders to vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

The Board recommends a vote FOR the approval of the above resolution.

Proposal No. 4

**ADVISORY VOTE ON THE FREQUENCY OF
STOCKHOLDER ADVISORY VOTES ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of the Named Executive Officers, as disclosed in accordance with the rules of the Securities and Exchange Commission, such as Proposal Three above. By voting on this Proposal Four, stockholders may indicate whether they would prefer that we conduct future advisory votes on Named Executive Officer compensation once every one, two, or three years.

At this time, our Board of Directors has determined that an advisory vote on executive compensation that occurs once every three years is the most appropriate alternative for the Company. In particular, the Board believes that a vote once every three years is in the best interest of the Company because:

New product development and adoption often take several years to come to fruition in the semiconductor industry. In recognition of these lengthy cycles, a significant portion of a Named Executive Officer's compensation is based on long-term performance and vesting schedules that extend beyond one or two years.

The semiconductor industry has historically been subject to business cycles that extend longer than one year periods. Significant annual changes in compensation programs in response to short-term fluctuations in our results at various points during industry business cycles may result in under- or over-compensating executive officers before their performance has been adequately evaluated in the context of entire business or new product development cycles.

We strive to encourage a long-term focus among our executives by, for example, making equity awards vest over long periods (typically 3 or 4 years). We believe that an advisory vote on our executive compensation by our stockholders every three years will allow stockholders to better judge our compensation programs and will further encourage stockholders to take a long-term approach to our compensation programs, similar to that taken by our executives and our Compensation Committee.

Although the Company's 2007 Management and Key Individual Contributor Incentive Plan (the Incentive Plan) is designed to pay out every six months based on performance goals

Table of Contents

set by the Committee semi-annually, these performance goals are designed to balance short- and long-term financial and strategic objectives for building stockholder value. The Compensation Committee sets these goals so that participants will achieve their target bonuses when the Company's long-term Operating Profit Margin and revenue growth goals are achieved. Although set semi-annually, the Operating Profit Margin and revenue growth targets are set based on the Company's long-term strategic plan, not the Company's annual operating plan.

We understand that our stockholders may have different views as to what is the best approach for the Company, and we look forward to hearing from our stockholders on this Proposal.

The option of one year, two years or three years that receives the highest number of votes cast will be the frequency selected by stockholders for the advisory vote on executive compensation. However, because this vote is advisory and not binding on the Company or our Board of Directors, our Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years, or abstain from voting in response to the resolution set forth below.

RESOLVED, that the stockholders recommend, in a nonbinding advisory vote, whether a nonbinding advisory vote to approve the compensation of the company's named executive officers should occur every one, two or three years.

The Board of Directors recommends a vote for the option of every THREE YEARS as the frequency with which stockholders are provided an advisory vote on executive compensation.

OTHER MATTERS

The Company knows of no other matters that will be presented for consideration at the annual meeting. If any other matters properly come before the annual meeting, it is the intention of the persons named in the Proxy to vote the shares they represent as the Board may recommend. Discretionary authority with respect to such other matters is granted by the execution of the Proxy.

COMPENSATION DISCUSSION AND ANALYSIS

The purpose of this Compensation Discussion and Analysis is to explain the Compensation Committee's philosophy for determining the compensation program for the Company's CEO, Chief Financial Officer and the three other most highly compensated executive officers for fiscal year 2011 (the Named Executive Officers) and to discuss why and how the fiscal year 2011 compensation package for these executives was implemented. Following this discussion are tables that include compensation information for the Named Executive Officers. This analysis contains descriptions of various employee compensation and benefit plans. These descriptions are qualified in their entirety by reference to the full text or detailed descriptions of the plans that are filed as exhibits to the Company's 2011 Annual Report on Form 10-K for the fiscal year ended March 26, 2011.

The Named Executive Officers for fiscal year 2011 are as follows:

Jason P. Rhode, President and Chief Executive Officer;

Thurman K. Case, Chief Financial Officer and Principal Accounting Officer;

Scott A. Anderson, Senior Vice President and General Manager, Mixed-Signal Audio Division;

Gregory S. Thomas, Vice President, General Counsel and Corporate Secretary; and

Thomas Stein, Vice President and General Manager, EXL Division.

As discussed above, the Compensation Committee reviews and approves salaries and other matters relating to executive compensation, and administers the Company's stock incentive plans, including reviewing and granting stock incentive awards to executive officers and other employees and reviewing and approving policies and procedures for awarding grants under these plans.

General Philosophy. We provide the Company's executive officers with compensation opportunities that are based upon their personal performance, the financial performance of the Company, and their contribution to that performance, through a mix of salary, equity, and non-equity incentive compensation. These opportunities are designed to attract and retain highly skilled individuals, and to align management's incentives with the long-term interests of our stockholders.

We believe that payments under the compensation programs for our executive officers should reflect the Company's performance and the value created for the Company's stockholders. In addition, the compensation programs should balance the short- and long-term strategic goals and objectives of the Company and reward individual contribution to the Company's success. We are engaged in a very competitive industry, and the Company's success depends on its ability to attract and retain qualified executives through the competitive compensation packages we offer to these individuals.

Targeted Overall Compensation. The Compensation Committee annually reviews and establishes each executive officer's total compensation package. The Committee considers a broad range of facts and circumstances in setting executive compensation, including Company performance, individual performance, external pay practices of peer companies, the strategic importance of the executive's position, as well as internal pay equity and the executive's time in the position. The weight given to each of these factors by the Committee may differ from year to year, and among the individual executive officers. The Company's executive pay program is heavily weighted toward company

performance-based compensation that rewards achievement of short- and long-term corporate goals and objectives of the Company. In setting target compensation for the Company's executives, the Compensation Committee seeks to strike a balance between providing compensation that is competitive with the compensation paid to executives of peer companies, while ensuring that a significant percentage of compensation is coupled to Company performance, individual performance, and stock price appreciation.

Consideration of Risk. The Compensation Committee structures our executive compensation programs with an eye toward providing incentives to appropriately reward executives without undue

Table of Contents

risk taking. Our approach is similar for the compensation practices and policies applicable to all employees throughout the Company and, accordingly, we believe that our compensation programs are not reasonably likely to have a material adverse effect on our Company. In general, we attempt to align our compensation programs with the long-term interests of the Company and its stockholders and mitigate the likelihood of inducing excessive risk-taking behavior. More specifically, we believe the following efforts help to mitigate the likelihood of inducing excessive risk-taking behavior:

The Compensation Committee hires an independent compensation consultant and uses market data, when available, to inform our focus on pay for performance.

The Company pays a mix of fixed and variable compensation, with variable compensation tied both to short-term objectives and the long-term value of our stock price.

Our annual incentive programs are based on a mix of bottom-line objectives (i.e., operating profit goals) and top-line objectives (i.e., revenue growth) in order to avoid the risk of excessive focus on one goal or performance measure.

To prevent the risk that our annual incentive program pays bonuses despite weak short-term performance, no payout may occur without a threshold level of operating profit performance being met.

Our executive and leadership team annual incentive program payout is capped at a percentage of overall operating profit to prevent the risk of excessive payout of the Company's operating profit.

Our executive and leadership team annual incentive program is further capped so that no participant may receive a payout of greater than 250% of the target payout to further prevent excessive payouts.

Long-term incentives are awarded in the form of equity that vests over a period of time, typically three or four years. The vesting period is intended to align the interests of executives with the long-term interests of stockholders and to provide an incentive for executives to remain with the Company.

Long-term incentives are typically granted annually so executives will have unvested awards that could decrease in value if our business is not managed with long-term goals in mind.

In calendar 2010, we began using a mixture of stock options and restricted stock units in order to create an overall long-term incentive package that aligns with stockholder interests, appropriately balances risk and performance, and provides competitive incentives for the purpose of executive retention.

Use of a Compensation Consultant. To support the Compensation Committee in fulfilling its duties, the Committee has hired independent consultants in the field of executive compensation to assist with its design and evaluation of CEO, executive officer, and director compensation. Pursuant to the Compensation Committee's charter, the Committee is authorized to retain and terminate any consultant, as well as approve the consultant's fees and other terms of retention. During fiscal year 2011, the Compensation Committee retained DolmatConnell & Partners, Inc. (DolmatConnell) to provide executive and director compensation consulting services. At the direction of the Compensation Committee, DolmatConnell performed a comprehensive review of the CEO's and other executive officers' compensation. In addition to a complete review of executive compensation, DolmatConnell reviewed and proposed a compensation peer group to use for purposes of benchmarking executive and director compensation. DolmatConnell further reviewed the Company's annual incentive plan and provided analysis of management's recommendations in setting the performance criteria under the plan for fiscal year 2011. During the year, DolmatConnell also reviewed and provided guidance regarding the Company's long-term incentive program and

associated equity grant guidelines. In order to maintain its independence from management,

Table of Contents

DolmatConnell maintains a direct reporting relationship with the Compensation Committee and does not perform any other services for the Company.

Benchmarking Information. To aid in the Committee's annual executive compensation review, DolmatConnell completed a comparative review of the Company's executive compensation programs based on competitive information from Radford Surveys, considering compensation survey data specific to companies in the semiconductor industry with revenues less than \$1 billion per year (the Survey Group), and data from the proxy statements of particular companies that are considered comparable to the Company (the Proxy Group). The Proxy Group generally consists of public companies in the semiconductor industry that are similar in size (as measured by revenue and market capitalization) and share common characteristics with the Company, including location and similarity of business model and product lines. In determining the Proxy Group, the Committee also considered whether a proposed peer was historically in the Company's peer group in order to maintain some consistency in the executive compensation analysis on a year-over-year basis. Finally, the Committee also considered the likelihood that the Company would compete with the other company for executive talent when selecting the companies for the Proxy Group.

In the spring of 2010, based on these criteria, DolmatConnell analyzed the Company's compensation peer group and recommended several changes. After reviewing DolmatConnell's recommendations, the Committee adopted the following group of 14 companies for its Proxy Group: Actel Corp.; Applied Micro Circuits Corp.; Conexant Systems, Inc.; Hittite Microwave Corp.; Integrated Silicon Solutions, Inc.; Micrel, Inc.; Monolithic Power Systems, Inc.; Pericom Semiconductor Corp.; Power Integrations, Inc.; Semtech Corp.; Silicon Image, Inc.; Silicon Laboratories, Inc.; Standard Microsystems Corp.; and Supertex, Inc.

From the data derived from the Survey Group and the Proxy Group, DolmatConnell developed market composite data for each executive officer reflecting a blend of the data from each group (the Market Composite Data). In some cases, Proxy Group data was not available for an executive and DolmatConnell's recommendations were based solely on Survey Group data. The Committee examined this compensation data along with DolmatConnell's recommendations and set each individual's executive compensation, including each Named Executive Officer's compensation, with the intent of establishing competitive compensation levels.

Elements of Compensation and Target Market Positioning. Each executive officer's compensation package is comprised of the following elements: (i) base salary that is competitive with the market and reflects individual performance, (ii) annual non-equity performance awards tied to the Company's achievement of performance goals, (iii) long-term incentive awards designed to strengthen the mutuality of interests between the executive officers and the Company's stockholders, (iv) other benefits, including a 401(k) plan and medical, vision, and dental plans, and (v) post-employment compensation. Each of the elements of compensation is discussed in-depth directly below in the section of this proxy statement entitled *Executive Compensation Review for Fiscal Year 2011*.

In general, we have attempted to establish a strong relationship between total cash compensation, our performance, and individual executive performance, by targeting base salaries at approximately the 50th percentile compared to the Market Composite Data, and by providing additional incentive opportunities so that the target total cash compensation (salary plus target annual cash incentive compensation) approaches the 50th percentile levels, with the potential to earn in the 75th percentile level or more for higher levels of performance. The Company also provides additional long-term incentives in the form of equity grants so that an executive's total direct compensation is targeted at the 50th percentile level (i.e., the size of the equity grant is a function of the difference between the 50th percentile total direct compensation and the 50th percentile total cash compensation). These percentages are intended as guidelines for evaluating each executive officer's compensation and are not applied on a formulaic basis. The Compensation Committee exercises sole discretion over each executive officer's total compensation package.

Table of Contents

Executive officers may also receive 401(k) retirement and health and welfare benefits that are generally available to all employees of the Company. In addition, executive officers are also eligible to receive certain severance benefits upon termination of their employment other than for cause, as further described in the sections of this proxy statement entitled *Post-Employment Compensation* and *Potential Payments upon a Termination or Change of Control*.

Executive Compensation Review for Fiscal Year 2011. Our Compensation Committee annually reviews our executives' compensation at a regularly scheduled Committee meeting in September. At that time, the Committee also reviews the Company's performance as compared to the Proxy Group. As part of the review, the Committee considers any changes to an executive's base salary or annual performance awards. The Committee further considers any annual equity grants to executives. The timing of the annual executive compensation review and any proposed equity grants is aligned with the Company's annual grant of equity to our key employees, which occurs in October each year.

Company Performance

For the 12-month period preceding the Company's annual review of executive compensation in September 2010, the Company delivered strong results and exceeded our own internal expectations for that period of time. The Company was able to deliver these financial results for its stockholders despite the persistence of a challenging economic environment. As compared to the Proxy Group over the same time period, the Company's total stockholder return, revenue growth, net income margin, and earnings per share growth were positioned above the 75th percentile. Over the previous three-year period, the Company's performance, on average, was approximately at the 50th percentile of the Proxy Group's performance.

Base Salary

The base salary for each executive officer is designed to be commensurate with the salary levels for comparable positions within the Survey Group and Proxy Group, to reflect each individual's personal performance during the year, to take into consideration the individual's responsibilities within the Company, and to be consistent with our internal salary alignment. The relative weight given to each factor varies with each executive and is within the discretion of the Compensation Committee. In setting base salaries, the Compensation Committee reviews (i) the Market Composite Data; (ii) recommendations from Dr. Rhode, the Company's CEO; and (iii) the executive officer's personal performance for the year. The Company's performance and profitability may also be a factor in determining the base salaries of executive officers. The Committee utilizes a largely discretionary approach for determining any changes to an individual executive officer's base salary and looks collectively at all of these factors. Ultimately, the Committee's decision to adjust any executive officer's base salary is subjective and made in the sole discretion of the Committee.

In September 2010, the Committee increased Dr. Rhode's annual base salary from \$390,000 (slightly below the 50th percentile of the Market Composite Data for Chief Executive Officers) to \$430,000 (slightly above the 50th percentile of the Market Composite Data for Chief Executive Officers). The Committee decided to increase Dr. Rhode's salary based on the Company's performance in the previous 12 months and the competitive market base salary for positions of similar scope and responsibility. The increase became effective as of October 1, 2010.

At its meeting in September 2010, the Compensation Committee also reviewed the compensation of its other executive officers, including the Company's Named Executive Officers as defined in Regulation S-K, Item 402(a)(3) and shown in the Summary of Executive Compensation table on page 35. Based on this review, the Committee concluded that the base salary levels of our executive officers were positioned, on average, at the market 25th percentile below the stated goal of approximating market median. In light of the lower overall market positioning of salaries and the recent financial performance of the Company, the Compensation Committee increased the overall base salaries of its executive officers, excluding Dr. Rhode, by an aggregate of 5% from the previous year. In general, these increases were intended to recognize the performance of certain executive

Table of Contents

officers during the previous year and to increase certain executive officers' base salaries toward the 50th percentile of base salary levels of executives in similar positions at comparable companies.

The Committee also decided to award one-time discretionary bonuses to certain Named Executive Officers in an effort to maintain individual executive officers' salaries at or near the 50th percentile compared to comparable positions at peer companies, while at the same time recognizing the individual executive officers' responsibilities and contributions to the Company's performance during the prior twelve (12) months. In particular, Mr. Anderson received a \$13,750 discretionary bonus in lieu of an annual base salary increase. And Mr. Thomas received an \$8,750 discretionary bonus in addition to an annual base salary increase of \$5,500 per year.

Annual Performance Awards

Other than our Vice President, Worldwide Sales, who participated in a sales commission plan, our executives participated in the Company's 2007 Management and Key Individual Contributor Incentive Plan (the "Incentive Plan") during fiscal year 2011. The Incentive Plan is designed to provide employees who are in management or leadership positions in the Company, or who are key individual contributors whose efforts potentially have a material impact on the Company's performance, with incentives to improve the Company's performance through the achievement of financial goals.

Pursuant to the Incentive Plan, participants (including the Company's CEO, CFO, and the other currently employed Named Executive Officers) are eligible for semi-annual cash bonus payments. The Incentive Plan sets our CEO's target bonus for each semi-annual period at 37.5% of his annual base salary, and certain other executive officers' target bonuses for each semi-annual period, including our CFO and other Named Executive Officers, at 25% of their annual base salary. Payments are determined based on the achievement of certain internal company performance goals for operating profit margin and revenue growth, which are set by the Company's Compensation Committee prior to the commencement of each semi-annual period. For purposes of the Incentive Plan, "Operating Profit Margin" is defined as the Company's consolidated GAAP operating income excluding Incentive Plan and other bonus accruals and any non-recurring items such as gains on sales of assets not otherwise included in revenue, losses on sales of assets, restructuring charges, merger-related costs including amortization or impairments of acquisition-related intangible assets, deferred tax adjustments, asset write-offs, write-downs, and impairment charges, and such other items as the Compensation Committee may determine in its sole discretion.

These performance goals are designed to balance short- and long-term financial and strategic objectives for building stockholder value and are further based on a review of the operating results of other peer companies. The Committee sets these goals so that participants will achieve their target bonuses if the Company's long-term Operating Profit Margin and revenue growth goals are achieved during the measurement period. As originally designed, the long-term Operating Profit Margin and revenue growth goals were intended by the Committee to be based on the Company's long-term strategic plan, not the Company's annual operating plan. The Incentive Plan further provides that no payments may be made unless certain Operating Profit Margin thresholds are met. As opposed to the targets for the Incentive Plan, the Committee has typically set the thresholds for payouts based at least in part on a review of the Company's annual operating plan along with current economic and market conditions.

In determining the amount of a bonus payment for an individual participant, the Plan provides that the Committee will set forth a formula for each Plan Cycle for determining the pay-out percentage (the "Incentive Plan Pay-Out Percentage") based on the actual performance of the Company relative to its performance goals. The Incentive Plan further provides that payments may exceed the target payouts when the Company's financial performance exceeds the achievement of those performance goals. Payments under the Incentive Plan may not exceed 250% of a participant's target bonus for any applicable payout period, and are further subject to the Company's cap on total payments under the Company's variable compensation plans described further below.

Table of Contents

If a participant's employment with the Company is terminated by reason of death, disability, or termination by the Company without cause during a performance period, then that participant will still receive the same payment under the Incentive Plan that he would have received if he were still employed on the last day of the semi-annual performance period, but such amount will be prorated based on the number of calendar days that the participant was employed with the Company during such performance period. If, in the event of a change of control of the Company, the Incentive Plan is not assumed or replaced with a comparable plan by the Company's successor, each participant under the Incentive Plan will receive a pro rata cash payment for their target bonus, based upon the number of calendar days completed in the current semi-annual period, multiplied by an Incentive Plan pay-out percentage of 100%. For more information, please see the section of the proxy entitled *Potential Payments Upon a Termination or Change of Control*.

In addition to the individual participant's payout cap, the Committee also has set an overall cap on total payments under the Company's variable compensation plans (including the Incentive Plan) to 12% of the Company's non-GAAP operating profit. The Committee instituted a cap in fiscal year 2010 because it determined that the proposed targets and thresholds under the Incentive Plan created a risk that a large percentage of the Company's operating profit for the period could be paid out as bonuses if the revenue growth of the Company continued to increase as anticipated. The Committee set the cap at 12% based on its desire to provide a reasonable payout for performance to the Company's performance targets while maintaining a reasonable cap on payouts under all of the Company's variable compensation plans.

For the first semi-annual performance period in fiscal year 2011, the performance targets were set such that a participant would receive 100% of his or her target bonus if the Company achieved an Operating Profit Margin of 15% and annual revenue growth of 15% during the semi-annual period. Specifically, the formula for determining the Incentive Plan Pay-Out Percentage was set by the Committee as follows:

- (1) An operating profit payout percentage is determined based on the Company's Operating Profit Margin for the performance period. If the Company fails to achieve a threshold Operating Profit Margin of 10%, then no bonuses would be paid to the CEO or executive officers.
- (2) At the threshold Operating Profit Margin of 10%, the operating profit payout percentage would be 25%. At the target Operating Profit Margin of 15%, the operating profit payout percentage would be 100%. For Operating Profit Margin performance by the Company between the threshold of 10% and the target of 15%, the operating profit percentage payout would be determined by using straight-line interpolation between the threshold and target points. For example, if the Company achieved an Operating Profit Margin of 13%, the operating profit payout percentage would be calculated as 70% ($25\% + (3/5 \times 75\%)$).
- (3) For performance above the target Operating Profit Margin of 15%, the operating profit payout percentage would increase linearly by 10% for each percentage point of Operating Profit Margin in excess of 15%. For example, if the Company achieved an Operating Profit Margin of 20%, the operating profit payout percentage would be calculated as 150% ($100\% + (5 \times 10\%)$).
- (4) Once the operating profit payout percentage is determined, the Incentive Plan Pay-out Percentage is calculated by multiplying the operating profit payout percentage by a revenue growth multiplier.
- (5) For the first semi-annual period of fiscal year 2011, the revenue growth multiplier was set at 50% for revenue growth below 5% and 100% for target revenue growth of 15%. For revenue growth performance between 5% and 15%, the revenue growth multiplier would be determined using straight-line interpolation between these points. For example, if the

Table of Contents

Company achieved 10% revenue growth during the period, the revenue growth multiplier would be calculated as 75% (50% + (5/10 x 50%).

- (6) For performance levels above the target revenue growth of 15%, the revenue growth multiplier would increase linearly by 5% for each percentage point of revenue growth in excess of 15%. For example, if the Company achieved annual revenue growth of 20% in the relevant period, the revenue growth multiplier would be calculated as 125% (100% + (5% x 5)).

As a result of the Company's performance in the first half of the fiscal year, executive officers, including our CEO, CFO, and Named Executive Officers, earned payments of 250% of each individual's target bonus for the semi-annual period.

For the second semi-annual performance period in fiscal year 2011, the Committee increased the Operating Profit Margin targets for executive officers to 20% consistent with the Company's long-term strategic plan. The Committee maintained the revenue growth multiplier at 50% for revenue growth during the period below 5%, and 100% for target revenue growth of 15%. As a result of the Company's performance in the second semi-annual performance period, executive officers, including our CEO, CFO, and Named Executive Officers, earned payments of approximately 227% of each individual's target bonus for the semi-annual period.

The following table summarizes the thresholds, targets, and actual performance and payouts under the Company's Incentive Plan since its inception during fiscal year 2008:

Long-Term Incentives

The Company provides long-term incentive opportunities through equity grants to motivate and reward executive officers for their contributions to achieving our business objectives by tying incentives to the performance of our stock over the long term. The use of equity further reinforces the link between the interests of our executive officers and our stockholders. Generally, equity grants are made annually by the Compensation Committee to each of the Company's executive officers.

Historically, we used stock options because of our belief that there was a near universal expectation by employees and executives in our industry that they will receive stock option grants. Options have provided an effective compensation opportunity for companies, like ours, focused on growth. Option grants are designed to align the interests of our executive officers and employees with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the Company's common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a

Table of Contents

series of installments over a defined period, contingent upon the officer's continued employment with the Company. Accordingly, the options provide a return to the executive officer only if he or she remains employed by the Company during the vesting period, and then only if the market price of the shares appreciates over the option term.

In September 2010, the Committee followed DolmatConnell's recommendation to move to a long-term incentive framework based on a grant structure of 50% stock options and 50% time-vested restricted stock units. The proposed mix is consistent with the Company's Proxy Group practices in which stock options are commonly used with other full value awards with time or performance-based vesting. The recommendation to use time-vested restricted stock units was intended to balance the benefits of stock options with the executive retention and stockholder dilution benefits that restricted stock units provide. In particular, we believe that the use of time-based restricted stock units with a three-year cliff vest helps further our retention goals by encouraging our executive officers to remain with the Company and fully execute our long-term strategies, which generally take a number of years to be fully implemented and reflected in our financial performance. And because restricted stock unit grants are typically granted at a lower number of shares than an equivalent option grant, the dilutive impact of the grant as a whole is reduced by using a mix of these two types of equity.

The Company's long-term incentive compensation philosophy is to grant awards to executive officers that position target total direct compensation at the market 50th percentile. Based on this philosophy, in September 2010, DolmatConnell recommended grant ranges based on the implied market long-term incentive compensation value, which was calculated by subtracting the market median target total cash compensation for an executive from the executive's market median target total direct compensation. In addition to these suggested annual grant guidelines, the Compensation Committee also takes into account the number and current value of options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The Committee further considers the Company's current equity burn rate and dilution in setting the amount of equity available for grant to executive officers. The size of the equity grant to each executive officer is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock price appreciation based upon the individual's position with the Company, current performance, anticipated future contribution based on that performance, and ability to affect corporate and/or business unit results. The Committee utilizes a largely discretionary approach for determining the amount of equity awards awarded to an individual executive officer and looks collectively at all of these factors. Ultimately, the Committee's decision with respect to the size of equity grants is subjective and made in the sole discretion of the Committee.

For fiscal year 2011, based on DolmatConnell's recommendations and the other relevant factors summarized above, the Compensation Committee approved the award of a mix of options and restricted stock units to the Company's executive officers in conjunction with the Company's annual review of equity awards for all employees in September 2010. The relevant weight given to each of these factors used to determine the size of an executive officer's grant varied from individual to individual. The equity grants were awarded on the Company's Monthly Grant Date (as defined below) in October 2010. In general, the value of the equity grants for executives in fiscal year 2011, including the grants to Named Executive Officers, fell significantly above the recommended framework by DolmatConnell. The Committee determined that these awards were deserved based on the performance of the Company in the preceding twelve (12) months. The Committee further believed that the sizes of the grants were appropriate given the timing of the grant and the significant stock price appreciation the Company experienced in the months prior to the grant date.

Option Granting Practices and Timing

The Compensation Committee has implemented a process whereby new employee equity grants and special stock grants are granted and priced on the first Wednesday of each calendar month (the Monthly Grant Date). The purpose of this process is to minimize the administrative burdens that

Table of Contents

would be created with multiple monthly grant dates and to ensure that all required approvals are obtained on or before the Monthly Grant Date. If the Monthly Grant Date occurs on a Company holiday, or on other days that the Company or Nasdaq is closed for business, the Monthly Grant Date will be the next regularly scheduled business day. The Compensation Committee does not have any program, plan or practice to time option grants to its executives in coordination with the release of material non-public information.

Other Benefits

All of our employees, including executive officers, are eligible to participate in Cirrus Logic's benefit programs, including our 401(k) plan; medical, vision and dental plans; and certain other standard employee benefit plans. The Cirrus Logic, Inc. 401(k) Plan is a tax-qualified profit sharing and 401(k) plan. Under the plan, we match 50% of up to the first 6% of an employee's pre-tax deferrals, subject to the IRS compensation limits.

Our CEO and other executive officers participate in the Cirrus Logic benefit programs to the same extent as all other salaried Cirrus Logic employees based in the United States. In addition to the benefits that are generally available to all of our salaried employees, we also reimburse up to \$500 for an annual physical examination for each of our executive officers to the extent the physical examination is not covered under our standard health care plans.

Post-Employment Compensation

On July 26, 2007, after a review of other companies' practices with respect to management severance plans, the Compensation Committee approved and adopted an Executive Severance and Change of Control Plan (the 2007 Severance Plan). The 2007 Severance Plan provides certain severance and other benefits to eligible executive officers (Eligible Executives), including our CEO and Named Executive Officers, whose employment is involuntarily terminated by the Company (other than for cause) or whose employment terminates following a change of control of the Company. The Plan became effective on October 1, 2007.

The 2007 Severance Plan provides that, in the event of an Eligible Executive's termination of employment without cause, an Eligible Executive will be eligible to receive: (i) a continuation of base salary for a period of up to six months (up to 12 months for the Company's CEO) following termination, and (ii) payment in full of a reasonable estimate of premiums for three months of continued health care coverage.

The 2007 Severance Plan further provides that, if an Eligible Executive's employment is terminated either by the Company without cause or by the Eligible Executive for good reason within 12 months following a change in control, the Eligible Executive will be eligible to receive (in lieu of the benefits described above): (i) a lump sum payment equal to twelve months' salary, (ii) acceleration in full of any unvested stock options or any other securities or similar incentives that have been granted or issued to the Eligible Executive as of the termination date, and (iii) payment in full of a reasonable estimate of COBRA premiums for twelve months. The Eligible Executive shall have six months from the termination date to exercise any vested options.

The 2007 Severance Plan may not be amended or terminated without the consent of any Eligible Executive during the one year prior to or following the occurrence of a change in control, if such amendment would be adverse to the interest of such Eligible Executive. In order to receive severance payments under the 2007 Severance Plan, an Eligible Executive must execute a general release of all claims against the Company. Additional details and specific terms of the Severance Plan are set forth in the section of this proxy entitled *Potential Payments upon Termination or Change in Control*.

We continue to maintain a severance plan because we believe it is consistent with the practices of peer companies and helps ensure that we are able to attract and retain top talent. Further, we believe that our plan provides a level of stability for our executives during volatile business conditions that

Table of Contents

have historically existed in our industry so that they remain focused on their responsibilities and the long-term interests of the Company during such times. The 2007 Severance Plan provides for double-trigger rather than single-trigger benefits in the event of a change in control. In other words, payments to an Eligible Executive are contingent upon an involuntary termination following a change in control, which design is intended to provide a level of security to Eligible Executives negotiating a transaction to avoid any misalignment with the interests of our stockholders without resulting in a windfall to Eligible Executives who remain employed following such a transaction.

Role of Executive Officers in Establishing Compensation. Our Human Resources and Legal departments support the Compensation Committee in its work and in fulfilling various functions in administering our compensation programs. This support generally consists of assistance with providing Survey Group data, proposals of potential ranges of various components of compensation for executive officers, and information regarding available shares under the Company's equity incentive plan. Regular meetings of our Compensation Committee are generally attended by our CEO, Vice President of Human Resources, and our General Counsel. Because each of the Company's executive officers (other than the CEO) reports directly to the CEO, the Compensation Committee relies upon input and recommendations from the CEO in determining an executive officer's compensation. The Compensation Committee considers and sets the compensation of the CEO when no members of management are present. In addition, no member of management is present while his or her specific compensation is being set or discussed.

Tax Considerations

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly-held companies for compensation paid to the CEO and any of the four most highly compensated officers to the extent that compensation exceeds \$1,000,000 per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based compensation. Under the Treasury Regulations corresponding to Section 162(m) of the Internal Revenue Code, compensation received through the exercise of an option will not be subject to the \$1,000,000 limit if it qualifies as qualified performance-based compensation within the meaning of Section 162(m).

It is the Committee's objective, so long as it is reasonable and consistent with the Company's overall business, compensation, and retention objectives, to endeavor to design executive officer compensation programs that keep executive compensation deductible for federal income tax purposes. We structured our 2006 Equity Incentive Plan with the intention that stock options and full value awards with performance-based vesting would qualify for tax deductibility. However, in order to maintain flexibility in the compensation program, other forms of equity such as restricted stock units are available that do not qualify for tax deductibility. In addition, although it is the Committee's preference to keep executive compensation deductible for federal income tax purposes, our stockholders have not approved our Incentive Plan, or the performance goals under our Incentive Plan. Therefore, we expect that any payments under the Incentive Plan will not qualify as performance-based compensation under 162(m).

In fiscal year 2011, the Company had a tax deduction disallowance under Section 162(m) of approximately \$2.5 million. This disallowance was the result of options exercised by covered employees during the year. These options were granted prior to the adoption of the 2006 Equity Incentive Plan from plans that did not qualify as performance-based compensation under Section 162(m).

Section 280G of the Internal Revenue Code disallows the deduction of any excess parachute payment paid in connection with certain events. A portion of amounts payable under the 2007 Severance Plan constitute excess parachute payments. Accordingly, the 2007 Severance Plan provides for a modified 280G cut back pursuant to which payments and benefits under the 2007 Severance Plan will be reduced in the event such reduction produces a greater after-tax benefit to the executive. See *Potential Payments Upon Termination or Change of Control* at page 39.

Grants of Plan-Based Awards

The following table sets forth certain information with respect to grants of plan-based awards for the fiscal year ended March 26, 2011, to the Named Executive Officers. All of the restricted stock units and stock options reflected in the table were granted under our 2006 Equity Incentive Plan. Each stock option has a maximum term of ten years, subject to earlier termination if the optionee's services are terminated. Unless noted, the exercisability of options vests with respect to 25% of the shares underlying the option one year after the date of grant and with respect to the remaining shares underlying the option thereafter in 36 equal monthly installments. The exercise price of each stock option is equal to the closing price of our common stock on the date of grant. The restricted stock unit awards will vest with respect to 100% of the shares underlying the award on the third anniversary of the grant date. Holders of restricted stock unit awards are not entitled to receive any dividends or dividend equivalents with respect to outstanding restricted stock units. Special accelerated vesting provisions applicable to the equity awards upon a Named Executive Officer's termination of employment or upon a change of control are described below under *Potential Payments Upon Termination or Change of Control*.

The amounts reflected in the column *Estimated Future Payouts Under Non-Equity Incentive Plan Awards* set forth potential payouts under the Company's 2007 Management and Key Individual Contributor Incentive Plan, which is described further at page 28.

Pension Benefits and Nonqualified Deferred Compensation

The Company does not sponsor or maintain either a defined benefit pension plan or a nonqualified deferred compensation plan for the benefit of its executive officers.

Potential Payments upon Termination or Change of Control.

The Company does not maintain individual employment, severance, or change of control agreements with the Named Executive Officers; however, on July 26, 2007, our Compensation Committee approved and adopted an Executive Severance and Change of Control Plan (the 2007 Severance Plan) providing certain benefits to individuals employed by the Company and its subsidiaries at the level of Chief Executive Officer and Vice President or above and reporting directly to the Chief

Executive Officer (Eligible Executives) in the event that an executive is involuntarily terminated other than for cause or whose employment terminates following a change of control of the Company. The Plan became effective on October 1, 2007. Each of our Named Executive Officers would be considered Eligible Executives under the 2007 Severance Plan.

The Company maintains the 2007 Severance Plan because we believe it helps to ensure that we are able to attract and retain top talent. Further, we believe that our plan provides a level of stability for our executives during volatile business conditions that have historically existed so that they remain focused on their responsibilities and the long-term interests of the Company during such times.

The 2007 Severance Plan provides that, in the event of an Eligible Executive s involuntary termination other than for cause, an Eligible Executive will be eligible to receive: (i) a continuation of base salary for a period of up to 6 months (up to 12 months for the Company s Chief Executive Officer) following termination, and (ii) payment in full of a reasonable estimate of COBRA premiums for three (3) months.

The 2007 Severance Plan further provides that, if an Eligible Executive s employment is terminated either by the Company without cause or by the Eligible Executive for good reason within 12 months following a change in control, the Eligible Executive will be eligible to receive: (i) a lump sum payment equal to twelve (12) months salary, (ii) acceleration in full of any unvested stock options or any other securities or similar incentives that have been granted or issued to the Eligible Executive as of the termination date, and (iii) payment in full of a reasonable estimate of COBRA premiums for twelve (12) months. The Eligible Executive shall have six months from the termination date to exercise any vested options.

For purposes of the 2007 Severance Plan, the term cause means (i) gross negligence or willful misconduct in the performance of an executive officer s duties; (ii) a material and willful violation of any federal or state law that if made public would injure the business or reputation of the Company; (iii) a refusal or willful failure to comply with any specific lawful direction or order of the Company or the material policies and procedures of the Company including but not limited to the Company s Code of Conduct and the Company s Insider Trading Policy as well as any obligations concerning proprietary rights and confidential information of the Company; (iv) a conviction (including a plea of *nolo contendere*) of a felony, or of a misdemeanor that would have a material adverse effect on the Company s goodwill if the executive officer were to continue to be retained as an employee of the Company; or (v) a substantial and continuing willful refusal to perform duties ordinarily performed by an employee in the same position and having similar duties as the executive officer. The term good reason means: (i) without the executive officer s express written consent, a material reduction of the executive officer s duties, authority, or responsibilities relative to the executive s duties, authority, or responsibilities as in effect immediately prior to such reduction; (ii) a material reduction by the Company in the base salary of an executive officer as in effect immediately prior to such reduction; or (iii) the relocation of an executive officer s principal work location to a facility or a location more than fifty (50) miles from executive officer s then present principal work location. Good reason shall not exist unless the executive officer provides written notice of the circumstances alleged to give rise to good reason within thirty (30) days of their occurrence and the Company (or our successor) fails to cure such circumstances within thirty (30) days.

For purposes of the 2007 Severance Plan, the term change of control means the occurrence of one or more of the following with respect to the Company: (i) the acquisition by any person (or related group of persons), whether by tender or exchange offer made directly to the Company s stockholders, open market purchases or any other transaction or series of transactions, of stock of the Company that, together with stock of the Company held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the then outstanding stock of the Company entitled to vote generally in the election of the members of the Company s Board of Directors; (ii) a merger or consolidation in which the Company is not the surviving entity, except for

Table of Contents

a transaction in which both (A) securities representing more than fifty percent (50%) of the total combined voting power of the surviving entity are beneficially owned (within the meaning of Rule 13d-3 promulgated under the Securities Exchange Act of 1934), directly or indirectly, immediately after such merger or consolidation by persons who beneficially owned common stock immediately prior to such merger or consolidation, and (B) the members of the Board of Directors immediately prior to the transaction (the Existing Board) constitute a majority of the Board of Directors immediately after such merger or consolidation; (iii) any reverse merger in which the Company is the surviving entity but in which either (A) persons who beneficially owned, directly or indirectly, Common Stock immediately prior to such reverse merger do not retain immediately after such reverse merger direct or indirect beneficial ownership of securities representing more than fifty percent (50%) of the total combined voting power of the Company s outstanding securities or (B) the members of the existing Board do not constitute a majority of the Board of Directors immediately after such reverse merger; or (iv) the sale, transfer or other disposition of all or substantially all of the assets of the Company (other than a sale, transfer or other disposition to one or more subsidiaries of the Company).

The 2007 Severance Plan may not be amended or terminated without the consent of any Eligible Executive during the one year prior to or following the occurrence of a change in control, if such amendment would be adverse to the interest of such Eligible Executive. If any payment or benefit under the 2007 Severance Plan would be a parachute payment (within the meaning of Section 280G of the Internal Revenue Code) and would therefore result in the imposition of an excise tax, an Eligible Executive s payments and benefits will not exceed the amount that produces the greatest after-tax benefit to the executive.

In order to receive severance payments under the 2007 Severance Plan, an Eligible Executive must execute a release of all claims against the Company.

In addition, a participant in the Company s 2007 Management and Key Individual Contributors Incentive Plan (the Incentive Plan), as described further in the Compensation Discussion and Analysis of this proxy, may also receive payments upon termination of employment or a change of control. Pursuant to the Incentive Plan, a participant, including each of the Named Executive Officers, must be continuously employed through the last day of the applicable plan cycle and through the date that cash bonuses under the Incentive Plan for such plan cycle are actually paid. However, participants whose employment terminates under certain circumstances (such as without cause or due to death or disability) during a plan cycle will be eligible to receive a pro rata cash bonus payment based on the number of days the participant was employed during that plan cycle and our actual performance during the plan cycle. The pro rata bonus amount will be paid to the terminated participant on or before the 15th day of the third month after the later of (i) the last day of the calendar year in which the termination occurred or (ii) the last day of our taxable year in which the termination occurred. In addition, if a change of control occurs and our successor does not assume the Incentive Plan, each participant will receive a pro rata cash bonus payment based on the number of calendar days completed in the current plan cycle multiplied by an incentive plan pay-out percentage of 100 percent. Any such payment will be made in a lump sum in cash within ten (10) days of the change of control.

For purposes of the Incentive Plan, the term cause means (i) gross negligence or willful misconduct in the performance of a participant s duties to us after one written warning detailing the concerns and offering the participant opportunities to cure, (ii) material and willful violation of any federal or state law, (iii) commission of any act of fraud with respect to us, (iv) conviction of a felony or any crime causing material harm to our standing and reputation, or (v) intentional and improper disclosure of our confidential or proprietary information. The term disability means total and permanent disability as defined in accordance with our long term disability plan.

For purposes of the Incentive Plan, the term change in control means (i) the sale, lease, conveyance or other disposition of all or substantially all of our assets to any person, entity or group

Table of Contents

of persons acting in concert, (ii) any person (as defined in Section 13(d) and 14(d) of the Securities Exchange Act of 1934) becoming the beneficial owner (as defined in Rule 13d-3 under the Securities Exchange Act of 1934), directly or indirectly, of our securities representing 50% or more of the total voting power represented by our then outstanding voting securities, or (iii) a merger or consolidation of us with any other corporation, other than a merger or consolidation that would result in our voting securities outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or party outstanding immediately after such merger or consolidation).

The discussion and tables below disclose the amount of compensation and/or other benefits due to the Named Executive Officers in the event of their termination of employment and/or in the event we undergo a change in control. The amounts disclosed assume that such termination and/or the occurrence of such change of control was effective as of March 26, 2011. The amounts below have been calculated using numerous other assumptions that we believe to be reasonable and include amounts earned through March 26, 2011, and estimates to the amounts that would be paid out to the Named Executive Officers upon their respective terminations and/or upon the occurrence of a change of control. The actual amounts to be paid out are dependent on various factors, which may or may not exist at the time a Named Executive Officer is actually terminated and/or a change of control actually occurs. Therefore, such amounts and disclosures should be considered forward-looking statements.

Table of Contents

The estimated amount of compensation payable to each of our Named Executive Officers pursuant to the 2007 Severance Plan and the Incentive Plan in the event of involuntary termination other than for cause, or due to the executive's death or disability, is set forth in the table below:

The estimated amount of compensation payable to each of our Named Executive Officers pursuant to the 2007 Severance Plan in the event of termination following a change of control, other than for cause, is set forth in the table below. (1) The valuation of accelerated vesting is based on: (1) the intrinsic value of the options subject to accelerated vesting plus the estimated value that would have been realized based on the difference between the exercise price of the options that were subject to accelerated vesting and the closing price of our common stock on March 25, 2011, which was \$21.16, and (2) the value of the restricted stock units subject to accelerated vesting based on that same closing price.

(2)

The valuation of healthcare benefits is based on an estimate of the COBRA payments required for the 12-month period payable by the Company.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The following table provides information about the Company's common stock that may be issued upon the exercise of options, warrants, and rights under all of the Company's existing equity compensation plans as of March 26, 2011, including the 1990 Directors' Stock Option Plan, the 1996 Stock Plan, the 2002 Stock Option Plan, the 2006 Stock Incentive Plan, the Stream Machine Company 1996 Stock Plan, and the Stream Machine Company non-statutory stock option grants made outside of a plan (in thousands, except per share amounts):

	(A) Number of Securities to be issued upon exercise of outstanding options, warrants, and rights	(B) Weighted-average exercise price of outstanding options, warrants, and rights	(C) Number of securities remaining available for future issuance under equity compensation plans (except securities reflected in column (A))
Equity compensation plans approved by security holders ⁽¹⁾	6,335	\$ 7.50	8,175 ⁽²⁾
Equity compensation plans not approved by security holders ⁽³⁾	465	\$ 6.01	
Total	6,801	\$ 7.40	8,175

- (1) The Company's stockholders have approved the Company's 1990 Directors' Stock Option Plan, the 1996 Stock Plan, and the 2006 Stock Incentive Plan. The following plans were assumed by the Company at the time of acquisition, and Cirrus Logic stockholder approval was not required for these plans or their respective outstanding grants, as they were approved by the acquired companies' stockholders: the Stream Machine Company 1996 Stock Plan and the Stream Machine Company non-statutory stock option grants made outside of a plan.
- (2) Our Board discontinued all future grants under the option plans that we assumed in connection with our past acquisitions; as a result, shares under these plans have not been included in the total shares remaining available for future issuance. As of March 26, 2011, the Company was granting equity awards only under the 2006 Stock Incentive Plan. Approximately 348,999 shares have been deducted from the shares available for future issuance under the 2006 Stock Incentive Plan due to a 1.5 full value award multiplier applied to restricted stock awards and restricted stock units granted pursuant to the plan.
- (3) In August 2002, the Board approved the 2002 Stock Option Plan, which permits awards of fair market value stock options to non-executive employees. As of July 2006, when our stockholders approved the adoption of the 2006 Stock Incentive Plan, we canceled all remaining options available for grant under the 2002 Stock Option plan.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

The Audit Committee is comprised solely of independent directors, as defined by the applicable Nasdaq listing standards and rules of the SEC, and it operates under a written charter adopted by the Board, which is available under the Corporate Governance section of our Investors page on our Web site [at investor.cirrus.com](http://investor.cirrus.com). The composition of the Audit Committee, the attributes of its members, and the responsibilities of the Audit Committee, as reflected in its charter, are intended to comply with applicable requirements for corporate audit committees. The Sarbanes-Oxley Act of 2002 added provisions to federal law to strengthen the authority of, and increase the responsibility of, corporate audit committees. In 2004, Nasdaq also adopted, and the SEC approved, additional rules concerning audit committee structure, membership, authority, and responsibility. The Audit Committee amended and restated its charter in response to the Sarbanes-Oxley Act and the Nasdaq listing standards, and continues to review and assess the adequacy of its charter on an annual basis, and will revise it to comply with other new rules and regulations as they are adopted.

As described more fully in its charter, the primary focus of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting, internal control, and audit functions. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to assure compliance with accounting standards, applicable laws and regulations. The Company's independent registered public accounting firm, Ernst & Young, is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board.

In accordance with the Sarbanes-Oxley Act and the Nasdaq listing standards, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace the Company's independent registered public accounting firm.

The Audit Committee serves an oversight role for the Board in which it provides advice, counsel, and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee members are not professional auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditors, nor can the Audit Committee certify that the independent auditors are independent under applicable rules.

In this context, the Audit Committee has met and held discussions with management and Ernst & Young. Management represented to the Audit Committee that the audited financial statements of the Company contained in the Company's Annual Report to Stockholders for the year ended March 26, 2011, were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with Ernst & Young matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T.

The Audit Committee has received and reviewed the written disclosures and the letter from Ernst & Young required by PCAOB Rule 3526 regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed with Ernst & Young the firm's independence. In addition, the Audit Committee has considered whether the provision of non-audit services is compatible with maintaining Ernst & Young's independence.

Table of Contents

Based upon the Audit Committee's discussions with management and the independent auditors, and the Audit Committee's review of the representations of management, and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended March 26, 2011, as filed with the SEC.

Submitted by the Audit Committee of the Board:

Robert H. Smith, Chairman

John C. Carter

D. James Guzy

AUDIT AND NON-AUDIT FEES AND SERVICES**Audit and Related Fees**

The following table shows the fees paid or accrued by the Company for the audit and other services provided by Ernst & Young LLP for fiscal years 2011 and 2010. All fees were pre-approved by the Company's audit committee.

Tax Fees	\$ 8,987	\$ 10,043
All Other Fees	\$ 0	\$ 0
TOTAL	\$ 400,407	\$ 405,203

Audit Fees. Audit services consisted of the audit of the Company's consolidated financial statements and of management's assessment of the operating effectiveness of internal control over financial reporting included in the Company's annual report on Form 10-K, the review of the Company's financial statements included in its quarterly reports on Form 10-Q, and statutory audits required internationally.

Audit-Related Fees. Audit-related services generally include fees for accounting consultations and registration statements filed with the SEC.

Tax Fees. Tax services include tax compliance services, technical tax advice, administrative fees, as well as certain expatriate services.

All Other Fees. There were no other fees during fiscal year 2011 or 2010.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy for the pre-approval of audit, audit-related, and non-audit services provided by the Company's independent registered public accounting firm.

For audit and audit-related services, the independent auditor will provide the Audit Committee with an engagement letter and estimated budget for formal acceptance and approval at the beginning of the fiscal year. A list of non-audit services and estimated budget for such services for the upcoming fiscal year shall be submitted to the Audit

Committee by Company management for pre-approval. To ensure prompt handling of unexpected non-budgeted non-audit related services, the Audit Committee has delegated to its Chair the authority to amend or modify the list of approved permissible non-audit services and fees if the cost of the service is less than \$100,000. Any such unexpected services for which the cost is more than \$100,000 shall be approved by the Audit Committee. If the Chair takes any action, the Chair will report such action to the Audit Committee at the next Audit Committee meeting.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification and Insurance. Our Bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law. We have entered into indemnification agreements with all of our directors and executive officers and have purchased directors and officers liability insurance.

Procedures for Review, Approval, and Ratification of Related Party Transactions. The Board recognizes that Related Party Transactions (as defined below) can present conflicts of interest and questions as to whether transactions are in the best interests of the Company. Accordingly, the Board has documented and implemented certain procedures for the review, approval, or ratification of Related Party Transactions. Pursuant to these procedures, the Audit Committee must review, approve, or ratify any transactions with Related Parties (as defined below). When it is impractical to wait for a scheduled Audit Committee meeting, a proposed related-party transaction may be submitted to the Audit Committee Chair for approval and then subsequently reported to the Committee at the next Committee meeting.

This procedure seeks to ensure that Company decisions are based on the merits of the transaction and the interests of the Company and its stockholders. It is the Company's preference to avoid Related Party Transactions but when, in the course of business, transactions with related parties are unavoidable, this procedure sets forth a methodology for considering a proposed Related Party Transaction. The standard to be applied when evaluating a proposed Related Party Transaction is whether such transactions are at arm's length and on terms comparable to those terms provided to other unrelated entities in the marketplace.

For these purposes, a Related Party is any person who: (1) is, or at any time since the beginning of the company's last fiscal year, was a director or executive officer of the Company or a nominee to become a director of the Company; (2) is known to be the beneficial owner of more than 5% of any class of the Company's voting securities; (3) is an immediate family member of any of the foregoing persons of the director, executive officer, nominee or more than 5% beneficial owner, and any person sharing the household of such director, executive officer, nominee or more than 5% beneficial owner; and (4) any firm, corporation, or other entity in which any of the foregoing persons is employed, is a 5% beneficial owner, or is a partner, principal, or in a similar position of control or in which such person has a substantial ownership interest or control of the entity.

For these purposes, a Related Party Transaction is any transaction, arrangement, or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is, or will be a participant and in which a Related Party had, has, or will have a direct interest. The Company has not established a materiality limit for purposes of defining a Related Party Transaction.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors and persons who own more than 10% of a registered class of the Company's equity securities to file an initial report of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Executive officers, directors, and greater than ten percent stockholders are also required by the federal securities rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of copies of the Forms 3, 4 and 5 received by the Company or representations from certain reporting persons, the Company believes that, during the fiscal year 2011, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were met in a timely manner, except in one instance. One Form 4 filing by Robert Smith, an independent director of the Company, relating to the sale of certain stock on

May 11, 2010, was not made in a timely manner due to an administrative error. Upon discovery of the inadvertent failure to

file the Form 4 in a timely manner, Mr. Smith filed a Form 4 on February 22, 2011, reporting the details of the transaction.

HOUSEHOLDING

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called householding. Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our annual report and proxy materials, including the Notice of Internet Availability of Proxy materials, unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees.

This year, we expect that a number of brokers with account holders who beneficially own our common stock will be householding our annual report and proxy materials, including the Notice of Internet Availability of Proxy Materials. A single Notice of Internet Availability of Proxy Materials and, if applicable, a single set of annual report and other proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge ICS, either by calling toll-free (800) 542-1061, or by writing to Broadridge ICS, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

We will promptly deliver to you a separate copy of our annual report and proxy materials for the 2011 Annual Meeting and for future meetings if you so request. Please also contact Broadridge ICS if you wish to request delivery of a single copy of materials if you currently receive multiple copies.
