Report of Independent Registered Public Accounting Firm  
The Administrative Committee  
Time Warner Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Time Warner Savings Plan (the Plan ) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of loans or fixed income obligations in default or classified as uncollectible and assets (held at end of year) as of December 31, 2010 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Time Warner Savings Plan  
Notes to Financial Statements  
December 31, 2010

**1. Description of the Plan**

The following is an abbreviated description of the Time Warner Savings Plan (the Plan ). (See Note 7 for changes made to the Plan effective January 1, 2011). More complete descriptions are provided in the Plan documents, as amended, and the summary plan description/prospectus. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ( ERISA ).

**General**

The Plan is a defined contribution profit sharing plan with a 401(k) feature generally covering eligible employees of Time Warner Inc. ( Time Warner ) and certain of its subsidiaries and affiliates (each, an Employing Company and, collectively, the Employing Companies ). Employees are automatically enrolled in the Plan at a 3% contribution rate after two months of continuous employment unless they affirmatively decline to participate or elect a different contribution percentage. In addition, employees classified as hourly or temporary employees who are credited with at least 1,000 hours of service in any one year are automatically enrolled in the Plan at a 3% contribution rate unless they affirmatively decline to participate or elect a different contribution percentage.

The Plan is the only participating plan in the Time Warner Defined Contribution Plans Master Trust (the Master Trust ).

The Plan administrator is a committee (the Administrative Committee ) appointed by Time Warner s board of directors. Certain administrative functions of the Plan have been delegated to others in accordance with the terms of the Plan.

**Significant Events**

On March 12, 2009, Time Warner disposed of all of its shares of Time Warner Cable Inc. ( TWCI ) common stock and completed the legal and structural separation of TWCI from Time Warner (the TWCI Separation ). As a result, TWCI is no longer a subsidiary of Time Warner. The TWCI Separation was effected as a pro rata dividend of all shares of TWCI common stock held by Time Warner (the Distribution ) to Time Warner stockholders. Time Warner stockholders received 0.08367 of a share of TWCI common stock for each share of Time Warner common stock held at March 12, 2009, the record date for the Distribution. As a result of the Distribution, the Plan received approximately 1.9 million shares of TWCI common stock with a value of approximately \$50 million. These shares were credited to eligible Plan participants accounts in the Time Warner Inc. Stock Fund, as applicable. The Distribution is

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

reflected as part of Investment income, net of fees in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009. In accordance with the provisions of the Plan, an independent fiduciary, Fiduciary Counselors Inc. ( FCI ), was appointed to exercise control over the TWCI common stock received in the Time Warner Inc. Stock Fund as a result of the Distribution. Beginning March 31, 2009 and ending April 14, 2009, FCI sold the TWCI common stock received by the Time Warner Inc. Stock Fund and reinvested the proceeds in Time Warner common stock.

Effective March 27, 2009, Time Warner effected a 1-for-3 reverse stock split of Time Warner common stock. The reverse stock split is reflected in the accompanying financial statements.

On December 8, 2009, in connection with the AOL Separation (as described below), net assets in the amount of \$465.3 million and participant loans in the amount of \$5.9 million were transferred out of the Plan into the AOL Savings Plan to account for the transfer of the account balances of Plan participants in the then AOL Inc. ( AOL ) division.

On June 10, 2010, approximately \$0.5 million in additional Matching Contributions (as defined below) was transferred to the AOL Savings Plan on behalf of participants in the former AOL division and is reflected in Other liabilities in the Statement of Net Assets Available for Benefits as of December 31, 2009.

On December 9, 2009, Time Warner disposed of all its shares of AOL common stock and completed the legal and structural separation of AOL from Time Warner (the AOL Separation ). As a result, AOL is no longer a subsidiary of Time Warner. The AOL Separation was effected as a pro rata dividend of all shares of AOL common stock held by Time Warner (the AOL Distribution ) to Time Warner stockholders. Time Warner stockholders received 1 share of AOL common stock for every 11 shares of Time Warner common stock held at November 27, 2009, the record date for the AOL Distribution. As a result of the AOL Distribution, the Plan received approximately 0.8 million shares of AOL common stock with a value of approximately \$20 million. These shares were credited to eligible Plan participants' accounts in the Time Warner Inc. Stock Fund, as applicable. The AOL Distribution is reflected as part of Investment income, net of fees in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009. In accordance with the provisions of the Plan, FCI was appointed as an independent fiduciary to exercise control over the AOL common stock received in the Time Warner Inc. Stock Fund as a result of the AOL Distribution. Beginning December 11, 2009 and ending December 29, 2009, FCI sold the AOL common stock received by the Time Warner Inc. Stock Fund and reinvested the proceeds in Time Warner common stock.

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

On March 31, 2010, the Master Trust received approximately \$6.5 million from an additional distribution of the settlement funds to resolve the shareholder class action lawsuits brought on behalf of certain stockholders of Time Warner. Individual allocations to eligible participant accounts in the Plan and the TWC Savings Plan (which ceased to be a participating plan in the Master Trust effective October 31, 2008 in connection with the TWCI Separation) were determined by the trustee, Fidelity Management Trust Company ( Fidelity ), based on a calculation by the third-party settlement administrator according to the court-approved plan of allocation. On December 9, 2010, approximately \$5.2 million was allocated to the Plan and approximately \$1.3 million was allocated to the TWC Savings Plan. The Plan's allocation is presented as Other income in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010.

Effective December 16, 2010, FCI was appointed as an independent fiduciary under the Plan and an investment manager with oversight for certain purposes over the Time Warner common stock in the Time Warner Inc. Stock Fund.

**Investment Funds, Contributions and Vesting**

The Plan provides for multiple investment funds (the Investment Funds ) made available through Fidelity pursuant to the Master Trust. The Investment Funds consist of four asset allocation funds, nine core actively managed funds, four core index funds and a mutual fund window (a self-directed brokerage account). Participant contributions, Matching Contributions (as defined below) and Rollovers (as defined below) may generally be invested in specified increments in the Investment Funds.

Effective July 1, 2010, the Time Warner Inc. Stock Fund was designated as an employee stock ownership plan component of the Plan. Plan participants have the option to either: (i) reinvest cash dividends paid by Time Warner on its common stock in Time Warner common stock through the Time Warner Inc. Stock Fund, or (ii) receive the cash dividends paid by Time Warner on its common stock. If the participant elects to receive dividends in cash, there is a processing fee for a check or an electronic funds transfer, which is deducted from the participant's Plan account. Effective July 1, 2010, contributions or investment fund transfers into the Time Warner Inc. Stock Fund are prohibited.

Generally, the Plan provides for voluntary participant contributions on a pre-tax basis at an elected percentage of a participant's eligible compensation, up to an annual limit prescribed by the Internal Revenue Code of 1986, as amended (the Code ). After two months of continuous

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

employment, matching contributions by Employing Companies ( Matching Contributions ) are made as a percentage of a participant s contributions to the Plan and are capped at a certain percentage of the participant s eligible compensation.

Employees hired on or after January 1, 2007 were automatically enrolled in the Plan with a pre-tax contribution rate of 2% and were invested in the Plan s default investment option (the Growth Asset Allocation Fund) approximately 90 days following the hire date, unless employees elected otherwise during the first 60 days of employment. Effective July 1, 2010, eligible Plan participants with a pre-tax contribution rate of less than 3% and all new eligible Plan participants are automatically enrolled in the Plan at a pre-tax contribution rate of 3% unless they change their contribution rate or opt out of the Plan. Participant contributions and Matching Contributions are invested in the Growth Asset Allocation Fund unless participants elect other investment option(s). (See Note 7 for changes made to deferral rates effective January 1, 2012.)

Prior to July 1, 2010, Matching Contribution rates varied among Employing Companies and were calculated based on one of the following formulas: 66.67% on up to the first 6% of the participant s eligible compensation contributed to the Plan; or 160% on up to the first 4% of the participant s eligible compensation contributed to the Plan. Effective July 1, 2010, Matching Contribution rates for eligible Plan participants became consistent across all participating Employing Companies at a rate of 133 % on up to the first 3% of eligible compensation deferred and 100% on up to the next 3% of eligible compensation deferred.

Participants are allowed to transfer amounts from certain other tax qualified plans to the Plan ( Rollovers ). Rollovers are included as participant contributions in the Statements of Changes in Net Assets Available for Benefits.

Matching Contributions and any other amounts contributed by an Employing Company, including those transferred into the Plan, are deemed Employing Company contributions ( Employing Company Contributions ). Each participant s account is credited with the participant s contributions, Rollovers, Employing Company Contributions and any earnings or losses, as appropriate. Participant contributions, Rollovers and earnings thereon are fully vested.

**Table of Contents**Time Warner Savings Plan  
Notes to Financial Statements (continued)**1. Description of the Plan (continued)**

Matching Contributions and earnings thereon generally vest based on years or periods of service as follows:

**Matching Contributions Made and Earnings Thereon:**

<b>Prior to March 1, 2007</b>		<b>March 1, 2007 to June 30, 2010</b>		<b>On or After July 1, 2010</b>	
<b>Years or Periods of Service</b>	<b>Vested Percentage</b>	<b>Years or Periods of Service</b>	<b>Vested Percentage</b>	<b>Years or Periods of Service <sup>(1)</sup></b>	<b>Vested Percentage</b>
Less than 2 years	0%	Less than 1 year	0%	Less than 2 years	0%
2 but less than 3 years	25	1 but less than 2 years	20	2 years or more	100
3 but less than 4 years	50	2 but less than 3 years	40		
4 but less than 5 years	75	3 but less than 4 years	60		
5 years or more	100	4 but less than 5 years	80		
		5 years or more	100		

(1) Completed service prior to July 1, 2010 counts toward vesting.

Matching Contributions and earnings thereon also become fully vested upon a participant's termination of service due to death or disability, attainment of age 65, or upon the termination of the Plan.

The Plan provisions described above that became effective July 1, 2010 (relating to (i) the automatic enrollment of certain eligible Plan participants, (ii) the Matching Contributions rate and (iii) the vesting of Matching Contributions (and earnings thereon) made on or after July 1, 2010) do not apply to certain employees subject to a collective bargaining agreement at one of Time Warner's subsidiaries.

**Forfeited Accounts**

Forfeited Employing Company Contributions and earnings thereon may be used to reduce future Employing Company Contributions to the Plan and/or to pay Plan expenses. Forfeited contributions and earnings thereon for 2010 and 2009 were \$2.9 million and \$3.1 million, respectively. The amount of forfeited nonvested accounts as of December 31, 2010 and 2009 was \$5.3 million and \$5.1 million, respectively, and is reflected in the Statements of Net Assets Available for Benefits.

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Notes Receivable From Participants**

Under the Plan, participants may periodically transfer account balances among Investment Funds offered under the Plan and, subject to certain restrictions and penalties, withdraw amounts and/or take loans from their accounts. The maximum number of new loans a participant may have outstanding is limited to three at any one time, in the form of either one primary residence loan and two general loans or three general loans. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000. Loans are valued at their outstanding balances, which approximate fair value, and are treated as transfers between the individual Investment Funds and the participant loan fund. Loans may be for a period of up to five years or, if for the purchase of a primary residence, 15 years (10 years prior to January 1, 1999). Participants who have transferred accounts to the Plan with existing loans for the purchase of a primary residence may have loan terms of up to 30 years based on the provisions of the plan from which the original loan was requested. Effective April 1, 2007, interest rates charged for loans originated under the Plan within any quarter are set at the prime rate in effect on the first day of such quarter plus 1%. Prior to April 1, 2007, interest rates for such loans were set at the prime rate in effect at the time of the loan plus 1%. Participants who have transferred accounts to the Plan with existing loans may be subject to different interest rates on those loans, as set in accordance with the provisions of the plan from which the original loan was requested. Interest rates on outstanding participant loans as of December 31, 2010 and 2009 ranged from 4.25% to 10.50%.

**Payment of Benefits**

In-service withdrawals are available in certain limited circumstances, as provided under the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated under the Code and the regulations thereunder and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Generally, on termination of service, participants will receive the vested portion of their account in a lump sum. However, subject to certain restrictions, the Plan permits other payment options. In addition, at the option of the participant, the commencement of payments may be deferred, subject to certain limitations. Benefits distributed from all Investment Funds will be paid in cash, except for benefits distributed from the Time Warner Inc. Stock Fund, which also offers shares of Time Warner common stock as a distribution election. Fractional shares are paid in cash.

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Plan Termination**

Although it has not expressed any intent to do so, Time Warner reserves the right to discontinue Employing Company Contributions or to terminate or modify the Plan at any time. In the event of termination of the Plan, participants will become fully vested in their accounts and the net assets of the Plan may be distributed to participants in accordance with the Plan's provisions and applicable law.

**2. Basis of Presentation and Summary of Significant Accounting Policies**

**Basis of Presentation**

The accounting records of the Plan are maintained on an accrual basis.

Costs and expenses incurred for the purchase, sale or transfer of investments reflected in the accompanying financial statements are considered a cost of the investment or a reduction in the proceeds of a sale, as appropriate. Investment management fees and certain administrative costs are paid by the Investment Funds and included in Investment income, net of fees in the Statements of Changes in Net Assets Available for Benefits.

**Administrative Expenses**

Certain administrative costs are charged to the Plan as permitted under ERISA, including, for example, fees for auditing, custodial, investment advice, recordkeeping and trustee services. Other administrative costs, for example, compensation of employees responsible for the administration of the Plan, are paid by Time Warner.

**Reclassification**

Certain 2009 amounts have been reclassified to conform to the current year presentation.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**2. Basis of Presentation and Summary of Significant Accounting Policies (continued)**

**Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). (See Note 4 for further discussion and disclosures related to fair value measurements.)

Investments in the Statements of Net Assets Available for Benefits include fully benefit-responsive investment contracts recognized at fair value with a corresponding adjustment to reflect these investments at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Recent Accounting Standards**

In January 2010, the Financial Accounting Standards Board (FASB) issued guidance to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance clarified that disclosures should be presented separately for each class of assets and liabilities measured at fair value rather than by major category and provided guidance on how to determine the appropriate class of assets and liabilities to be presented. The guidance also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating fair value measurements for Level 2 and Level 3 assets. In addition, the guidance introduced new requirements to disclose purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis, as well as to disclose separately amounts of significant transfers in and out of Levels 1 and 2 and the reasons for the transfers. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which applies to financial statements ending in 2011, the guidance became effective for reporting periods beginning after December 15, 2009. The adoption of this guidance in 2010 did not have a material effect on the Plan's financial statements. Further, the provisions of this guidance that are effective in 2011 are not expected to have a material effect on the Plan's financial statements.

In September 2010, the FASB issued guidance requiring that loans to participants be classified as notes receivable from participants instead of as plan investments, and that these loans should be

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**2. Basis of Presentation and Summary of Significant Accounting Policies (continued)**

**Recent Accounting Standards**

measured at their unpaid principal balance plus any accrued but unpaid interest. This guidance is effective for plan years ending after December 15, 2010 and is required to be applied retrospectively to all prior periods presented. Accordingly, the Plan adopted this guidance for the reporting period ending December 31, 2010 and has reclassified amounts relating to participant loans as of December 31, 2009 to conform to the current year presentation. The adoption of this guidance did not have a material effect on the Plan's financial statements.

In May 2011, the FASB issued additional guidance related to fair value measurements and disclosures that (i) states that the concepts of highest and best use and valuation premise are only relevant when measuring the fair value of nonfinancial assets and, therefore, does not apply to financial assets or any liabilities, (ii) prohibits the application of a blockage factor (i.e., premiums and discounts related to size as a characteristic of the entity's holding) for all fair value measurements, regardless of hierarchy level, (iii) allows an entity that manages market risks and counterparty credit risk exposure of a group of financial instruments to measure those financial instruments on the basis of the net position for the risk being managed, (iv) requires that an entity measure the fair value of its own equity instruments from the perspective of a market participant that holds the instruments as assets and (v) requires new and enhanced disclosures. This guidance will become effective for the Plan on January 1, 2012 and will be applied on a prospective basis. The Plan's management is currently evaluating the effect that the provisions will have on the Plan's financial statements.

**3. Investments**

Plan investments are made in a variety of investment securities, primarily held in the Master Trust, that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is possible that changes in values could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**3. Investments (continued)**

During the years ended December 31, 2010 and 2009, the Plan's investments appreciated (depreciated) in fair value as follows:

	<b>Year Ended December 31,</b>	
	<b>2010</b>	<b>2009</b>
	<i>(In Thousands)</i>	
Net realized and unrealized appreciation (depreciation) in fair value of investments:		
Commingled trust funds	\$ 122,966	\$ 236,031
Time Warner common stock	28,826	9,465
Other common stocks	94,639	145,375
Preferred stocks	48	1,371
Mutual funds	70,250	152,421
U.S. government and agency securities	10,737	6,344
Other fixed income securities	6,238	12,085
Cash, cash equivalents and other investments	(1,974)	1,295
 Total net realized and unrealized appreciation in the fair value of investments	 \$ 331,730	 \$ 564,387

The following table presents investments that each represented 5% or more of the Plan's net assets available for benefits:

	<b>December 31,</b>	
	<b>2010</b>	<b>2009</b>
	<i>(In Thousands)</i>	
Commingled Trust Fund:

Common Stock:		
Time Warner, 8,870,458 and 9,986,087 shares, respectively	285,363	290,995
Mutual Fund:		
Dodge & Cox Stock Fund, 4,403,023 and 4,335,699 shares, respectively	474,470	416,834

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**3. Investments (continued)**

The Capital Preservation Fund, an Investment Fund available in the Plan, includes benefit-responsive synthetic investment contracts that are valued at fair value and adjusted to contract value in the Statements of Net Assets Available for Benefits. In a synthetic investment contract, debt securities (such as fixed-income, asset-backed and mortgage-backed securities) are purchased and then a financial institution agrees to provide for liquidity and an adjustable rate of return thereon (a Wrapper), which, when taken together with the underlying securities, generally results in a guaranteed return of principal and accrued interest. (See Note 4 for further discussion and disclosures related to fair value measurements.)

The Capital Preservation Fund and the Wrapper contracts purchased by that fund are designed to pay all participant-initiated transactions at contract value. However, the Wrapper contracts limit the ability of the fund to transact at contract value upon the occurrence of certain events. These events include, but are not limited to:

Complete or partial termination of the Plan;

Any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the fund's cash flow;

Merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor; and

Any early retirement program, group termination, group layoff, facility closing or similar program.

At this time, the occurrence of these events or any event that would limit the ability of the Capital Preservation Fund to transact at contract value is not probable.

A Wrapper issuer may terminate a Wrapper contract at any time assuming the appropriate notification is provided. In the event that the market value of the Capital Preservation Fund's covered assets is below their contract value at the time of such termination, Fidelity, as the Fund's investment manager in this case, may elect to keep the Wrapper contract in place through another Wrapper provider until such time as the market value of the Capital Preservation Fund's covered assets is equal to their contract value. Plan participants will continue to receive the Capital Preservation Fund's Crediting Rate (as defined below).

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**3. Investments (continued)**

The following table presents crediting rate and yield information for the Plan's Capital Preservation Fund:

	<b>December 31,</b>	
	<b>2010</b>	<b>2009</b>
Crediting rate <sup>(a)</sup>	<b>2.5%</b>	2.5%
Average annualized yield for the year	<b>2.5</b>	2.9

<sup>(a)</sup> Interest income in the Capital Preservation Fund is accrued at the weighted-average return of individual fund investments, net of investment management and certain administrative fees (the Crediting Rate). The Crediting Rate is calculated daily. Wrapper contracts use the Crediting Rate formula to convert market value changes in the underlying assets into income distributions in order to minimize the difference between the market and contract value of the underlying assets over time. Using the Crediting Rate formula, an estimated future market value is calculated by compounding a portfolio's current market value at such portfolio's current yield to maturity for a period equal to such portfolio duration. The Crediting Rate is the discount rate that equates that estimated future market value with such portfolio's current contract value. Effective August 2009, Crediting Rates are reset monthly; prior to August 2009, Crediting Rates were reset quarterly. The Wrapper contracts provide a guarantee that the Crediting Rate will not fall below 0%.

Certain investment managers of Investment Funds offered under the Plan are authorized to use derivative financial instruments, either directly or within a commingled fund structure, in accordance with established guidelines of the Investment Funds. Derivative financial instruments may be used for the purpose of managing interest rate and foreign exchange risk, and for yield enhancement. Changes in the fair value of derivative financial instruments are recorded in the Statements of Changes in Net Assets Available for Benefits; therefore, no gains or losses are deferred. The types of derivative financial instruments held by the Plan include foreign currency contracts, swaps, futures and options. At December 31, 2010 and 2009, the Plan held less than 1% of the total market value of its investments in derivatives.

**4. Fair Value Measurements**

A fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Plan to use present value and other valuation techniques in the determination of fair value (Level 3).

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**4. Fair Value Measurements (continued)**

The following table reconciles the beginning and ending balances of the Plan's assets classified as Level 3 for the year ended December 31, 2010 and December 31, 2009 (in thousands):

	December 31, 2010			December 31, 2009	
	Investment Grade	US Government and Agency Securities	Total	US Government and Agency Securities	Total
Balance at beginning of period	\$ -	\$ 1,872	\$ 1,872	\$ -	\$ -
Actual return on plan assets:					
Relating to assets still held at end of period	-	(16)	(16)	-	-
Relating to assets sold during the period	-	-	-	-	-
Purchases, sales, issuances and settlements	-	867	867	1,872	1,872
Transfers in and/or out of Level 3	2,053	1,008	3,061	-	-
 Balance at end of period	 \$ 2,053	 \$ 3,731	 \$ 5,784	 \$ 1,872	 \$ 1,872

The following is a description of the valuation methodologies used for assets measured at fair value. Investments are recorded by the Plan on a trade date basis at fair value.

*Commingled trust funds:* Valued at the net asset value per unit at year end as reported to Fidelity by each fund company managing such trusts. Investments in the underlying commingled trust funds can generally be redeemed daily at net asset value.

*Equity securities:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Synthetic investment contracts:* The fair value of the benefit-responsive synthetic investment contracts is calculated by discounting the related cash-flows based on current yields of similar instruments with comparable durations. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals under the contract. As of December 31, 2010 and 2009, there were no reserves against contract values for credit risk of contract issuers or otherwise.

*Mutual funds:* Valued at the net asset value of shares held by the Plan at year end.

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**4. Fair Value Measurements (continued)**

*Fixed income securities:* Valued at the closing price reported on the active market on which the individual securities are traded. Securities not traded on an active market are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar securities, the securities are valued using a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks. Due to the subjectivity involved in this assessment, these investments may be classified in Level 3 of the fair value hierarchy.

*Cash equivalents and other investments:* Cash equivalents consist of investments in short term investment funds valued at net asset value per unit equal to one dollar at year end. Other investments consist of foreign exchange, futures, option and swap contracts. Futures and option contracts are generally valued at closing settlement prices. Swap contracts are marked-to-market as the net amount due to and from the Plan in accordance with the terms of the contract based on the closing level of the relevant market rate of interest.

**5. Transactions with Parties-in-Interest**

Under the terms of the Plan and the Master Trust, Time Warner may elect to contribute shares of Time Warner common stock and/or cash for Employing Company Contributions to the Plan. There were no shares of Time Warner common stock contributed in 2010 and 2009 as Employing Company Contributions to the Plan. The Plan may also purchase or sell shares of Time Warner common stock directly from or to Time Warner, respectively. There were no purchases or sales of Time Warner common stock by the Plan directly from or to Time Warner in 2010 and 2009.

Certain Plan investments are managed by Fidelity. State Street Bank acts as sub-custodian for certain Plan investments. Therefore, Fidelity's management of such Plan investments and State Street Bank's holding such investments, as sub-custodian qualify as party-in-interest transactions.

**6. Tax Status of Plan**

The Plan has received a determination letter from the Internal Revenue Service (the IRS), dated May 13, 2010, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Administrative Committee believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax exempt. The Plan is subject to audits, from time to time, by various authorities. The Administrative Committee believes that the Plan is

**Table of Contents**

Time Warner Savings Plan  
Notes to Financial Statements (continued)

**6. Tax Status of Plan (continued)**

information statement on Form 5500 is subject to examination for years after 2006, however, there are currently no audits for any periods in progress.

**7. Subsequent Events**

On January 1, 2011, the following changes to the Plan became effective:

*Deferral Limit for Highly Compensated Employees.* The elective deferral limit for highly compensated employees increased from 10%, or 20% for Turner Broadcasting System, Inc. employees, to 50% for pre-tax contributions subject to the IRS limit.

*Qualified Automatic Contribution Arrangement.* The Plan was designated as a Qualified Automatic Contribution Arrangement and is designed to satisfy the safe harbor requirements. Accordingly, the Plan does not have to be tested for nondiscrimination.

*Automatic Contribution Rates.* With respect to participants who were automatically enrolled in the Plan at a pre-tax contribution rate of 3% prior to January 1, 2011 and have not changed their contribution rate, the contribution rate for such participants will automatically increase by 1% beginning on January 1, 2012 and will increase by 1% each January 1 thereafter to a maximum contribution rate of 6%. With respect to new eligible Plan participants who are automatically enrolled in the Plan on or after January 1, 2011 and have not changed their contribution rate, the automatic annual increases will take effect on the respective first anniversary of the participants' enrollment in the Plan and continue on each subsequent anniversary date until the 6% maximum for automatic contributions is reached. Participants who are automatically enrolled in the Plan may change their contribution rate or opt out of the Plan at any time.

**8. Reconciliation to Form 5500**

The net assets of the Plan that are attributed to fully benefit-responsive investment contracts will be recorded at fair value on the 2010 IRS Form 5500 and related schedules. The following is a reconciliation of the Plan's net assets available for benefits and changes in net assets available for benefits between the financial statements and Form 5500:

	<b>December 31,</b>	
	<b>2010</b>	<b>2009</b>
Net assets available for benefits per the financial statements	\$ 3,560,140,091	\$ 3,203,825,895
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	17,389,164	7,657,113
Net assets per the Form 5500	\$ 3,577,529,255	\$ 3,211,483,008
