THE STREETS AREN'T PAVED WITH ALUMINUM. There's nothing like gold. And when you invest in SPDR® Gold Shares (GLD), you'll get a precise way to add it to your portfolio. Gold offers true diversification because it's generally not tied to the ups and downs of Wall Street.* If that sounds interesting, visit spdrs.com/GLD or just scan the QR code with your smartphone. *Source: Over the 10-year period ending June 30, 2011, gold's correlation with the S&P 500 has been -0.01 with 0 being uncorrelated and 1 being perfectly correlated (StyleADVISOR, June 2011). Important Information Relating to SPDR Gold Trust: The SPDR Gold Trust (GLD) has filed a registration statement (including a prospectus) with the Securities and Exchange Commission (SEC) for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents GLD has filed with the SEC for more complete information about GLD and this offering. You may get these documents for free by visiting EDGAR on the SEC website at www.sec.gov or by visiting www.spdrgoldshares.com. Alternatively, the Trust or any authorized participant will arrange to send you the prospectus if you request it by calling 1-866-320-4053. ETFs trade like stocks, are subject to investment risk, fluctuate in market value and may trade at prices above or below the ETF's net asset value. Brokerage commissions and GLD expenses will reduce returns. Diversification does not assure a profit and may not protect against investment loss. Investing in commodities entails significant risk and is not appropriate for all investors. SPDR is a registered trademark of Standard & Poor's Financial Services LLC (S&P) and has been licensed for use by State Street Corporation. No financial product offered by State Street Corporation or its affiliates is sponsored, endorsed, sold or promoted by S&P or its affiliates, and S&P and its affiliates make no representation, warranty or condition regarding the advisability of buying, selling or holding units/shares in such products. Further limitations that could affect investors' rights may be found in GLD's prospectus.
