**Item 1.01 Entry into a Material Definitive Agreement**

Earlier this year, the Board of Directors (the Board) of Move, Inc. (the Company) requested that the Management Development and Compensation Committee (the Compensation Committee) of the Board recommend a comprehensive equity incentive program for the Company's senior management team. The Compensation Committee retained a third party compensation consulting firm to assist in the preparation of such a program. The Compensation Committee and such consulting firm analyzed the vesting structure of existing equity grants of the Company's senior management team, equity incentive programs of comparable companies and parameters recommended by proxy consulting firms such as Institutional Shareholder Services, among other factors. Based on this review, the Compensation Committee recommended to the Board a three year incentive program that combines time vested stock option grants and performance-based restricted stock unit awards.

The Board approved of the program at its regularly scheduled Board meeting held on June 22, 2006 and, accordingly, approved grants of stock options to the executive officers of the Company in the following amounts:

W. Michael Long	625,000 shares
Jack D. Dennison	308,333 shares
Allan D. Dalton	283,333 shares
Allan P. Merrill	283,333 shares
Lewis R. Belote	200,000 shares
Michael R. Douglas	200,000 shares

The stock options will be granted under the Company's 1999 Stock Incentive Plan and the Company's 2002 Stock Incentive Plan, and pursuant to award agreements substantially similar to the Certificate of Stock Option Grant filed as Exhibit 10.1 to the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2005. In addition, the Board intends to grant additional stock options to the executive officers on or before the first and second anniversary of the June 22, 2006 grant. Each additional grant will be for an equal number of stock options, and will have substantially the same terms and conditions, as the June 22, 2006 grants, except that the future grants will have an exercise price equal to the closing price of the Company's common stock on the date of grant.

In addition, on June 22, 2006, the Board approved grants of performance-based restricted stock units to the executive officers of the Company in the following amounts:

W. Michael Long	up to 1,500,000 restricted stock units
Jack D. Dennison	up to 675,000 restricted stock units
Allan D. Dalton	up to 605,000 restricted stock units
Allan P. Merrill	up to 605,000 restricted stock units
Lewis R. Belote	up to 405,000 restricted stock units
Michael R. Douglas	up to 405,000 restricted stock units

---

The performance-based restricted stock units will convert to shares of the Company's common stock based upon achievement by the Company of certain performance goals relating to the Company's EBITDA and revenues at the end of the Company's fiscal year 2008. These awards, which are denominated in terms of a target number of shares, will be forfeited if performance does not reach a designated threshold level and may vest for up to 100% of the target number of shares for meeting or exceeding 100% of the performance goals.
