99.1 Press Release issued by Applied Materials, Inc. dated February 18, 2004.

**Item 12. Results of Operations and Financial Condition.**

On February 18, 2004, Applied Materials, Inc. ( Applied Materials ) announced its financial results for the first fiscal quarter ended February 1, 2004. A copy of Applied Materials press release is attached hereto as Exhibit 99.1.

The information contained herein and in the accompanying exhibit shall not be incorporated by reference into any filing of Applied Materials, whether made before or after the date hereof, regardless of any general incorporation language in such filing, unless expressly incorporated by specific reference to such filing. The information in this report, including the exhibit hereto, shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section or Sections 11 and 12(a)(2) of the Securities Act of 1933, as amended.

**Use of Non-GAAP Financial Information**

To supplement the consolidated financial statements prepared under United States Generally Accepted Accounting Principles ( GAAP ), Applied Materials uses a pro forma measure, or a non-GAAP financial measure, as defined in Item 10 of Regulation S-K of the Securities Exchange Act of 1934, as amended, of net income that is GAAP net income, adjusted to exclude costs associated with realignment activities. Due to the amount of costs incurred with realignment activities, Applied Materials believes that the use of a pro forma measure facilitates meaningful comparison with prior periods. Applied Materials believes that pro forma net income reports baseline performance before costs associated with realignment activities. In addition, pro forma net income is the primary indicator management uses to plan and forecast future periods. These measures are neither in accordance with, nor an alternative for, GAAP, and may be materially different from pro forma methods of accounting and reporting used by other companies. The presentation of this additional information should not be considered as a substitute for net income prepared in accordance with GAAP. Reconciliations of reported results under GAAP to the pro forma amounts have been included as a supplement to the press release.
