PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the board of directors of Harmonic Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders (the Annual Meeting) to be held May 27, 2004 at 8:00 A.M., Pacific Time, or at any adjournments and postponements thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at The Westin Santa Clara Hotel, 5101 Great America Parkway, Santa Clara, California, 95054. The telephone number of the Company's principal offices is (408) 542-2500.

These proxy materials and the Company's Annual Report to Stockholders for the year ended December 31, 2003, including financial statements, were first mailed on or about April 21, 2004 to all stockholders entitled to vote at the Annual Meeting.

Record Date and Voting Securities

Stockholders of record at the close of business on April 7, 2004 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. At the Record Date, 71,812,033 shares of the Company's common stock, \$0.001 par value per share, were issued and outstanding.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use at the Annual Meeting by delivering to the Secretary of the Company at the Company's principal executive offices a written notice of revocation or a duly executed proxy bearing a later date, or by voting on a later date by telephone or via the Internet (only your latest-dated telephone or Internet proxy is counted), or by attending the Annual Meeting and voting in person.

Voting and Solicitation

Each stockholder is entitled to one vote for each share of the Company's common stock held as of the Record Date on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes in the election of directors.

The Company will bear the cost of soliciting proxies, including the preparation, assembly, printing and mailing of this Proxy Statement, the proxy card and any other solicitation materials furnished to stockholders by the Company in connection with the Annual Meeting. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by directors, officers or employees of the Company. No additional compensation will be paid to such persons for such services. The Company may also engage, at an expense of approximately \$12,500, the services of a proxy solicitation firm.

Table of Contents

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of the Company's common stock issued and outstanding on the Record Date. Shares eligible to vote at the Annual Meeting will be counted as present at the Annual Meeting if the holder of such shares is present and votes in person at the Annual Meeting or has properly submitted a proxy card or voted by telephone or via the Internet. Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the Votes Cast) with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal, other than the election of directors.

The Delaware Supreme Court has held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. The Company intends to treat broker non-votes in a similar manner. Thus, a broker non-vote will not affect the outcome of the voting on a proposal.

Pursuant to regulations promulgated by the New York Stock Exchange (NYSE) that came into effect on June 30, 2003, brokers and other nominees that are NYSE member organizations are prohibited from voting in favor of proposals relating to equity compensation plans unless they receive specific instructions from the beneficial owner of the shares to vote on such matter. Therefore, for any of your shares held through a broker or other nominee that is a NYSE member organization, such shares will only be voted in favor of Proposals Two, Three and Four if you have provided specific voting instructions to your broker or other nominee to vote your shares in favor of each such proposal.

Stockholder Proposal Procedures and Deadlines

Proposals of stockholders of the Company that are intended to be presented by such stockholders at the Company's 2005 Annual Meeting and that stockholders desire to have included in the Company's proxy materials relating to such meeting must be received by Harmonic at its principal executive offices at 549 Baltic Way, Sunnyvale, California 94089 no later than December 24, 2004, which is 120 calendar days prior to the anniversary of the mailing date of this Proxy Statement, and must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the Proxy Statement and form of proxy for that meeting.

The Securities and Exchange Commission, or SEC, rules also establish a different deadline for submission of stockholder proposals that are not intended to be included in the Company's Proxy Statement with respect to discretionary voting. The discretionary vote deadline for the year 2005 Annual Meeting is March 7, 2005, 45 calendar days prior to the anniversary of the mailing date of this Proxy Statement. If a stockholder gives notice of such a proposal after the discretionary vote deadline, the Company's proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the Company's year 2005 Annual Meeting. The Company has not been notified by any stockholder of his or her intent to present a stockholder proposal from the floor at this year's Annual Meeting.

Furthermore, under the Company's bylaws, a stockholder's notice of business to be brought before an annual meeting must set forth, as to each proposed matter: a) a brief description of the business and reason for conducting such business at the meeting; b) the name and address as they appear on the Company's books of the stockholder; c) the class and number of shares of the Company owned by the stockholder; d) any material interest of the stockholder in such business; and e) any other information that may be required under Regulation 14A of the SEC rules.

PROPOSAL ONE

ELECTION OF DIRECTORS

Nominees

The Company has authorized a board of six directors, and six directors are to be elected at the Annual Meeting. Each of the directors elected at the Annual Meeting will hold office until the Annual Meeting of Stockholders in 2005 or until his successor has been duly elected and qualified.

The Company did not receive any proposals from stockholders for nominations of other candidates for election. He holds a B.A. degree from Malone College, an M.S. degree from the University of Kansas, and an M.B.A. from Harvard University.

Board Meetings and Committees

The board of directors of the Company held a total of 5 meetings during the fiscal year ended December 31, 2003. No incumbent director attended fewer than 75% of the meetings of the board of directors or the committees upon which such director served during 2003.

The board of directors has an Audit Committee, a Compensation and Equity Ownership Committee and a Corporate Governance and Nominating Committee. The charters for each of these committees are posted on our website at www.harmonicinc.com.

The Audit Committee currently consists of Messrs. Kvamme, Reddersen and Vaillaud, each of whom is independent under Rule 10A-3 of the Securities Exchange Act of 1934 and under applicable Nasdaq listing standards. The Audit Committee of the board of directors of Harmonic serves as the representative of the board of directors for general oversight of the quality and integrity of Harmonic's financial accounting and reporting process, system of internal control, audit process, and process for monitoring the compliance with related laws and regulations. The Audit Committee engages the Company's independent auditors and approves the scope of both audit and non-audit services. Harmonic's management has primary responsibility for preparing financial statements and the financial reporting process. The Audit Committee held seven meetings during 2003.

The Company's board of directors has determined that Mr. Kvamme is an audit committee financial expert as defined by the current rules of the Securities and Exchange Commission. The board of directors believes that Mr. Kvamme's experience as general partner of a major venture capital firm since 1984 qualifies him as an audit committee financial expert because he has acquired relevant expertise and experience from the analysis and evaluation of financial statements of both public and private companies.

The Compensation and Equity Ownership Committee currently consists of Messrs. Van Valkenburg and Kvamme, neither of whom is an employee of the Company and each of whom is independent under applicable Nasdaq listing standards. The Compensation and Equity Ownership Committee is responsible for reviewing and approving the Company's

Table of Contents

compensation policies and the compensation paid to executive officers, and approves all grants of equity compensation to employees. This committee held three meetings during 2003.

In accordance with a written charter adopted by Harmonic's board of directors in January 2004, the board of directors created a Corporate Governance and Nominating Committee to replace its Nominating Committee. This committee serves as the representative of the board of directors for establishment and oversight of governance policy and the operation, composition and compensation of the board of directors. The Corporate Governance and Nominating Committee is composed of Messrs. Solomon and Van Valkenburg, both of whom are independent under applicable Nasdaq listing standards. The predecessor Nominating Committee held one meeting in 2003.

The Corporate Governance and Nominating Committee has proposed, and the board of directors has approved, the nomination of all six current board members for re-election by stockholders at this annual meeting. No candidates have been proposed for nomination by shareholders at this meeting or at any previous annual meeting.

Nomination Proposals from Stockholders

The Corporate Governance and Nominating Committee will consider proposals from stockholders for board of directors nominees at the 2005 Annual Meeting, provided that such proposals are submitted in writing to the Secretary of the Company at 549 Baltic Way, Sunnyvale, CA 94089 for inclusion in the Company's proxy statement or consideration at the next annual meeting of stockholders in a timely manner in accordance with the Company's bylaws, as amended. For nominations of persons for election to the board of directors of the Company by a stockholder at the 2005 Annual Meeting, such stockholder must provide written notice delivered to the Secretary of the Company one hundred twenty days (120 days) prior to the anniversary of the mailing of this proxy statement (i.e., December 24, 2004), which notice must contain (i) as to each person whom the stockholder proposes to nominate for election or re-election as a director (A) the name, age, business address and residence address of such person, (B) the principal occupation or employment of such person, (C) the class and number of shares of the Company which are beneficially owned by such person, (D) a description of all arrangements and understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder and (E) any other information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including without limitation such person's written consent to being named in the proxy statement, if any, as a nominee and to serving as a director if elected) and (ii) as to such stockholder proposing a nominee for election to the board of directors of the Company, the information set forth in Stockholder Proposal Procedures and Deadlines for a stockholder notice of business to be brought before an annual meeting. In evaluating candidates proposed by stockholders, the Corporate Governance and Nominating Committee will use the same criteria as it uses to evaluate all prospective members of the board of directors. These criteria include demonstrated relevant business and industry experience, particular expertise to act as a committee chair or member, the ability to devote the necessary time to board of directors and committee service, personal character and integrity, and sound business judgment. The Corporate Governance and Nominating Committee has not set either term limits or age limits for members of the board of directors, believing that the Company's interests are best served by members of the board of directors with substantial experience and knowledge of the Company's business and that age is generally not a barrier to effective performance as a member of the board of directors. To date, the Corporate Governance and Nominating Committee has not used outside consultants to assist it in identifying and screening potential board of directors candidates.

Meetings of Non-Employee Directors

At each board meeting, the non-employee directors meet in executive session without any management directors or employees present. The Chairman of the Corporate Governance and Nominating Committee, Lewis Solomon, has the responsibility of presiding over periodic executive sessions of the board of directors in which management directors and other members of management do not participate. Last year, the non-employee directors discussed succession planning and board policies, processes and practices in executive session.

Table of Contents

Compensation Committee Interlocks and Insider Participation

The Compensation and Equity Ownership Committee of the board of directors currently consists of Messrs. Van Valkenburg and Kvamme. No member of the Compensation and Equity Ownership Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Compensation of Directors

During 2003, each non-employee director was paid a retainer of \$8,000, plus \$2,000 per board of directors meeting attended and \$1,000 per board of directors Committee meeting attended. The 2002 Director Option Plan currently provides for grants of options to be made in two ways:

1. Each non-employee director is automatically granted an option to purchase 20,000 shares, referred to as the First Option, on the date on which such person first becomes a non-employee director, whether through election by our stockholders or appointment by our board of directors to fill a vacancy, provided, however, that an employee director who ceases to be an employee director but who remains a director will not receive a First Option upon such occurrence; and
2. Each non-employee director is automatically granted an option to purchase 10,000 shares, referred to as the Annual Option on the date of our annual stockholders meeting each year if on such dates he or she shall have served on our board of directors for at least the preceding six (6) months.

See Proposal Four which seeks authorization to increase equity compensation of directors.

Effective April 1, 2004, the board of directors' annual retainer has increased to \$20,000 per annum, paid quarterly. Directors will continue to receive \$2,000 per board meeting attended and \$1,000 per board committee meeting attended. Fees of \$1,000 and \$500 respectively will also be paid for telephonic board of directors and committee meetings. Previously, telephonic meetings were not separately remunerated. In addition, the Chair of the Audit Committee will receive a retainer of \$7,500 and the Chairs of the Compensation and Equity Ownership Committee and the Corporate Governance and Nominating Committee will each be paid a retainer of \$4,000 (but only one retainer will be paid if held by the same person). Maximum total board of directors fees will be capped at \$35,000 per annum, excluding committee remuneration.

The board of directors believes that these increases in remuneration are necessary to be able to attract new qualified board of directors members and to fairly compensate current members for additional workload and greater responsibilities under new legislation, regulations and Nasdaq rules.

Communication with the Board of Directors

The board of directors believes that management should be the primary means of communication between the Company and all of its constituencies, including stockholders, customers, suppliers and employees. However, stockholders may communicate with individual members of the board of directors, committees of the board of directors, or the full board of directors by addressing correspondence to a board member's attention at 549 Baltic Way, Sunnyvale, CA, 94089.

Attendance of the Board of Directors at Annual Meetings

No non-employee members of the board of directors attended the 2003 Annual Meeting. Historically, stockholder attendance at the annual stockholder meeting has been very low and, as most board of directors members live outside Silicon Valley, any benefit of their attendance was outweighed by the time and expense required to attend the meeting. The board of directors has adopted a policy to encourage board of directors members to attend future annual stockholder meetings.

Table of Contents

Vote Required and Recommendation

The six nominees receiving the highest number of affirmative votes of the shares entitled to vote on this matter shall be elected as directors. Votes withheld from any director will be counted for purposes of determining the presence or absence of a quorum but are not counted as affirmative votes. A broker non-vote will be counted for purposes of determining the presence or absence of a quorum, but, under Delaware law and assuming that a quorum is obtained, a broker non-vote will not affect the outcome of the vote relating to election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE DIRECTOR NOMINEES SET FORTH ABOVE.

PROPOSAL TWO

AMENDMENT OF THE 2002 EMPLOYEE STOCK PURCHASE PLAN

The Company's stockholders are being asked to approve an amendment to the Company's 2002 Employee Stock Purchase Plan (the 2002 ESPP) which will increase the maximum number of shares of common stock authorized for issuance over the term of the ESPP by an additional 2,000,000 shares to 3,500,000 shares.

Our board of directors has determined that it is in our best interests and the best interests of our stockholders to adopt this amendment to the 2002 ESPP. As of the date of the 2004 Annual Stockholders Meeting, no rights to purchase any of the 2,000,000 shares which are the subject of this proposal will have been granted, nor will any rights be granted in respect of any of these shares for Offering Periods (as discussed below) commencing prior to July 1, 2004.

Under current accounting rules, the approval of these additional shares could result in future non-cash compensation charges to Harmonic, if the additional shares are made available for purchase in Offering Periods currently in progress ending after July 1, 2004. Consequently, in order to avoid potential non-cash accounting charges, the Company intends to terminate all Offering Periods in effect June 30, 2004 on July 1, 2004. If the additional shares are approved, Harmonic will start a new Offering Period for all participants on July 1, 2004.

Proposed new accounting regulations will require companies to record a charge to earnings for employee stock option grants, including shares granted under plans similar to our 2002 ESPP. In spite of these proposed changes in accounting, the Company believes that it should continue to operate the 2002 ESPP at least until several issues are clarified. These factors include the assessment of the impact of the final rules and their timing on Harmonic's future earnings, actions by other companies, particularly those with whom the Company competes for employees, with respect to the design and operation of such plans, and the attitude of financial analysts and investors towards these potentially significant and volatile non-cash charges. The Company believes that the 2002 ESPP remains an essential element of a competitive compensation package, especially in Silicon Valley, and these plans are offered by most public companies with which Harmonic competes for employees. Currently, over 78% of our employees participate in the ESPP.

Summary of the 2002 Employee Stock Purchase Plan

Purpose. The purpose of the 2002 ESPP is to provide employees with an opportunity to purchase our common stock through payroll deductions. The Company believes that an employee stock purchase plan is an essential element of a competitive compensation package. These plans are offered by most public companies with which Harmonic competes for employees.

Administration. Our 2002 ESPP is administered by the board of directors or a committee appointed by the board of directors. All questions of interpretation or application of the 2002 ESPP are determined by our board of directors or its appointed committee, and its decisions are final, conclusive and binding upon all participants.

Eligibility. Each of our employees and each employee of our designated subsidiaries, whose customary employment with the Company or the designated subsidiary is at least 20 (twenty) hours per week and more than 5 (five) months in any

Table of Contents

calendar year, is eligible to participate in the 2002 ESPP; except that no employee shall be granted an option under the 2002 ESPP:

- (i) to the extent that, immediately after the grant, such employee would own 5% of either the voting power or value of our stock or any of our subsidiaries, or
- (ii) to the extent that his or her rights to purchase stock under all of our employee stock purchase plans or those of our subsidiaries accrue at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year, or
- (iii) to the extent that shares purchased in any purchase period exceed 3,000 (three thousand) shares.

Offering Period. Our 2002 ESPP has consecutive and overlapping twenty-four (24) month offering periods that begin every six months commencing on the first business day on or after each July 1 and January 1. Each twenty-four month offering period includes four six-month purchase periods, during which payroll deductions are accumulated and, at the end of which, shares of our common stock are purchased with a participant's accumulated payroll deductions. If this amendment to the 2002 ESPP is approved by the stockholders of the Company at the 2004 Annual Meeting, the next offering period will commence on July 1, 2004. Our board of directors has the power to change commencement date and/or the duration of future offering periods, if such change is announced at least five days prior to the scheduled beginning of the first offering period to be affected. To participate in the employee stock purchase plan, an eligible employee must authorize payroll deductions pursuant to the employee stock purchase plan. Such payroll deductions may not exceed 10% of a participant's compensation during the offering period. For the purposes of the 2002 ESPP, compensation is defined as base straight time gross earnings, including commissions and payments for overtime and shift premium, but excluding all payments for incentive compensation, incentive payments, bonuses and other compensation. Once an employee becomes a participant in the 2002 ESPP, the employee automatically will participate in each successive offering period until the employee withdraws from the 2002 ESPP or the employee's employment with us or our designated subsidiaries terminates. At the beginning of each offering period, each participant automatically is granted an option to purchase shares of our common stock. The option expires at the end of the offering period or upon termination of employment, whichever is earlier, but is exercised at the end of each purchase period to the extent of the payroll deductions accumulated during such purchase period, unless the participant withdraws from the 2002 ESPP or his or her employment terminates.

Purchase Price. Shares of our common stock are purchased under the 2002 ESPP at a purchase price of not less than 85% of the lesser of the fair market value of our common stock on:

- (i) the first day of the offering period or
- (ii) the last day of the purchase period.

The fair market value of our common stock on any relevant date will be the closing price per share as reported on the Nasdaq National Market, or the mean of the closing bid and asked prices, if no sales were reported, as quoted on such exchange or reported in The Wall Street Journal.

Payment of Purchase Price; Payroll Deductions. Payment for the purchase of shares is accumulated by payroll deductions throughout each offering period. The number of shares of our common stock a participant may purchase during a purchase period is determined by dividing the total amount of payroll deductions withheld from the participant's compensation during that purchase period by the purchase price; provided, however, that a participant may not purchase more than 3,000 shares in any purchase period. During the offering period, a participant may discontinue his or her participation in the employee stock purchase plan, and may decrease or increase the rate of payroll deductions in an offering period within limits set by the plan and the administrator.

All payroll deductions made for a participant are credited to the participant's account under the 2002 ESPP, are withheld in whole percentages only and are included with our general funds. Funds received by us pursuant to exercises under the

Table of Contents

2002 ESPP are also used for general corporate purposes. A participant may not make any additional payments into his or her account.

Withdrawal. Generally, a participant may withdraw from an offering period at any time by written notice without affecting his or her eligibility to participate in future offering periods. However, once a participant withdraws from a particular offering period, that participant may not participate again in the same offering period. To participate in a subsequent offering period, the participant must deliver to us a new subscription agreement.

Termination of Employment. Upon termination of a participant's employment for any reason, he or she will be deemed to have elected to withdraw from the 2002 ESPP and the payroll deductions credited to the participant's account during the offering period but not yet used to exercise the option will be returned to the participant.

Adjustments upon Changes in Capitalization, Dissolution, Liquidation, Merger or Change-of-Control.

Changes in Capitalization. Subject to any required action by our stockholders, the number of shares reserved under the 2002 ESPP, the maximum number of shares that may be purchased during any purchase period, as well as the price per share of common stock covered by each option under the 2002 ESPP which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the common stock, or any other increase or decrease in the number of shares of common stock effected without receipt of consideration by us; provided, however, that conversion of any of our convertible securities shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by our board of directors, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided in the 2002 ESPP, no issuance by us of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of common stock subject to an option.

Dissolution or Liquidation. In the event of our proposed dissolution or liquidation, unless the board of directors determines otherwise the offering periods then in progress shall be shortened by setting a new exercise date and the offering period shall end on the new exercise date. The new exercise date shall be immediately prior to the dissolution or liquidation. If the board of directors shortens the offering periods then in progress, the board of directors shall notify each participant in writing, at least ten (10) business days prior to the new exercise date, that the exercise date has been changed to the new exercise date and that the option will be exercised automatically on the new exercise date, unless the participant has already withdrawn from the offering period.

Merger or Change of Control. In the event of any merger or our change of control, as defined in the 2002 ESPP, each option under the 2002 ESPP shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation. In the event the successor corporation refuses to assume or substitute for the options, the board of directors shall shorten any purchase periods and offering periods then in progress by setting a new exercise date and any offering periods shall end on the new exercise date. The new exercise date shall be prior to the merger or change of control. If the board of directors shortens any purchase periods and offering periods then in progress, the board of directors shall notify each participant in writing, at least ten (10) business days prior to the new exercise date, that the exercise date has been changed to the new exercise date and that the option will be exercised automatically on the new exercise date, unless the participant has already withdrawn from the offering period.

Amendment and Termination of the Plan. Our board of directors may at any time and for any reason terminate or amend the 2002 ESPP. An offering period may be terminated by the board of directors at the end of any purchase period if the board of directors determines that termination of the 2002 ESPP is in our best interests and the best interests of our stockholders. Generally, no such termination can affect options previously granted. No amendment shall be effective unless it is approved by the holders of a majority of the votes cast at a duly held stockholders' meeting, if such amendment would require stockholder approval in order to comply with Section 423 of the Code.

Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the board of directors shall be entitled to change the offering periods, limit the frequency and/or

Table of Contents

number of changes in the amount withheld during an offering period, and establish such other limitations or procedures as the board of directors determines in its sole discretion advisable which are consistent with the 2002 ESPP. Further, in the event that the board of directors determines that the ongoing operation of the 2002 ESPP may result in unfavorable financial accounting consequences, the board of directors may, in its discretion and, to the extent necessary or desirable, modify or amend the 2002 ESPP to reduce or eliminate such accounting consequence without stockholder approval or the consent of any 2002 ESPP participants.

Certain Federal Income Tax Information. The following brief summary of the effect of federal income taxation upon the participant and us with respect to the shares purchased under the 2002 ESPP does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The 2002 ESPP, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the 2002 ESPP are sold or otherwise disposed of. The IRS has announced that until further notice it will not assess FICA or FUTA taxes on exercises of incentive stock options (ISOs) or on exercises of options granted under employee stock purchase plans (ESPPs). Also, the IRS will not assess FICA and FUTA taxes on dispositions of shares acquired through exercises of ISOs and ESPPs. IRS Notice 2002-47 provides that future guidance will not impose these payroll taxes on ISO and ESPP exercises any earlier than January 1 of the year following the second anniversary of the publication of the guidance. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the applicable offering period and one year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (i) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (ii) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. We generally are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

Accounting Treatment. Under current accounting rules, the issuance of common stock under the 2002 ESPP generally should not result in a direct compensation expense chargeable against the Company's reported earnings. However, the Company must disclose, in footnotes to the Company's financial statements, the impact the purchase rights granted under the 2002 ESPP would have upon the Company's reported earnings were the value of those purchase rights treated as compensation expense. Proposed new accounting regulations, however, require companies to record a charge to earnings for employee stock option grants, including shares granted under plans similar to our 2002 ESPP. Although the final rules are not yet known, Harmonic expects that the discount to the fair market value of our common stock would be accounted for as an expense.

Stock Issuances. The Company is unable to predict the amount of benefits that will be received by or allocated to any particular participant under the 2002 ESPP. The table that follows shows, as to each of the Company's executive officers named in the Summary Compensation Table of the Executive Compensation and Additional Information section of this

Vote Required and Recommendation

The approval of the amendment to the 2002 ESPP requires the affirmative vote of a majority of the votes cast on the proposal at the 2004 Annual Meeting.

The Company's Named Executive Officers have an interest in this proposal as they may purchase shares under the 2002 ESPP.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE AMENDMENT TO THE 2002 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE THEREUNDER BY 2,000,000 SHARES.

PROPOSAL THREE

AMENDMENTS TO THE 1995 STOCK PLAN

The Company's stockholders are being asked to approve amendments to the Company's 1995 Stock Plan (the 1995 Plan) which will:

Extend the term of the 1995 Plan by 9 years (to April 2014),

Increase the number of shares of common stock issuable under the 1995 Plan by 2,500,000 shares,

Transfer the shares remaining available for issuance under the 1999 Non-Statutory Stock Option Plan (1,185,129 shares as of April 7, 2004) to the 1995 Plan as well as up to 1,800,000 shares subject to outstanding options under the 1999 Non-Statutory Stock Option Plan on May 27, 2004, if they expire, and

add the ability to grant restricted stock, stock appreciation rights, performance shares, performance units and deferred stock units.

However, no more than 30% of the shares remaining available for issuance under the 1995 Plan as of May 27, 2004 and shares subsequently added to the 1995 Plan by virtue of options expiring under the

Table of Contents

1999 Non-Statutory Stock Option Plan may be granted pursuant to awards with an exercise price or purchase price that is less than 100% of fair market value on the date of grant.

The Company's stockholders are also being asked to approve the material terms of the 1995 Plan and the performance goals thereunder for the purpose of helping compensation qualify as performance-based compensation under Internal Revenue Code Section 162(m).

As of April 7, 2004, options to purchase an aggregate of 3,646,532 shares of the Company's common stock were outstanding under the 1995 Plan, with a weighted average exercise price of \$12.36 per share, and 1,413,798 shares have been issued upon exercise of stock options granted under the 1995 Plan. As of April 7, 2004, only 739,670 shares were available for future grant under the 1995 Plan (excluding the 2,500,000 shares subject to approval at the 2004 Annual Meeting). In addition, options to purchase a total of 5,139,963 shares were outstanding under our stock option plans as follows:

C-Cube Microsystems 1993 Stock Option Plan (the 1993 Plan)	73
C-Cube Microsystems 1994 Stock Option Plan (the 1994 Plan)	493,668
C-Cube Microsystems SSOP Stock Option Plan (the SSOP Plan)	51,997
1997 Non-Statutory Option Plan (the 1997 NSO Plan)	38,920
1999 Non-Statutory Stock Option Plan (the 1999 NSO Plan)	4,555,305

The 1997 NSO Plan was established in connection with the Company's acquisition of New Media Communication Ltd. in January 1998. The 1993 Plan, 1994 Plan and the SSOP Plan were assumed in connection with the Company's acquisition of the DiviCom business of C-Cube Microsystems Inc. in May 2000. No further shares are available for grant under any of the above plans, except for 1,185,129 shares available for future grant under the 1999 NSO Plan.

Proposed new accounting regulations are expected to require companies to record a charge to earnings for employee stock option grants, including shares granted under plans similar to our 1995 Plan. In spite of these proposed changes in accounting, the Company believes that it should continue to operate the 1995 Plan at least until several issues are clarified. These factors include the assessment of the impact of the final rules and their timing on Harmonic's future earnings, actions by other companies, particularly those with whom the Company competes for employees, with respect to the design and operation of such plans, and the attitude of financial analysts and investors towards these potentially significant and volatile non-cash charges. The Company believes that the 1995 Plan remains an essential element of a competitive compensation package, especially in Silicon Valley, and these plans are offered by most public and private companies with which Harmonic competes for employees. Over 95% of our employees currently hold stock options. The proposed amendment to the 1995 Plan increasing the types of awards issuable under the 1995 Plan will provide us with greater flexibility in dealing with the changing accounting landscape.

The 1995 Plan currently authorizes the board of directors to grant stock options to eligible employees and consultants of the Company. The 1995 Plan is structured to allow the board of directors to create equity incentives in order to assist the Company in attracting, retaining and motivating the best available personnel for the successful conduct and growth of the Company's business. The Company believes that the 1995 Plan is an essential tool to link the long-term interests of stockholders and employees and serves to motivate executives to make decisions that will, in the long run, give the best returns to stockholders. The Company has, therefore, consistently included equity incentives as a significant component of compensation for a broad range of the Company's employees. In addition, the Company believes this practice is critical to the Company's ability to attract and retain employees in a highly competitive market for managerial and technical talent. The Company's geographic location in Silicon Valley exposes it to particularly intense competition in the labor market from both private and public companies. Equity incentives are offered by most companies with which the Company competes for employees, and the Company believes it is essential to provide stock options to both new and existing employees.

Table of Contents

In April, 2004, the board of directors approved an amendment to the 1995 Plan to increase the number of shares reserved for issuance thereunder by 2,500,000 shares to a total of 8,300,000 shares, subject to stockholder approval. The stockholders are being asked to approve this amendment at the 2004 Annual Meeting. In 2001 the board of directors approved an amendment to the 1995 Plan to prohibit any option from being repriced, replaced or regranted through cancellation or modification (without prior stockholder approval) if the effect would be to reduce the exercise price of such option and the reduction in exercise price would result in variable award accounting under Financial Accounting Standards Board Interpretation No. 44 (FIN 44). The proposed amendment to the 1995 Plan prohibits option or stock appreciation right repricings, including by way of an exchange for another award, regardless of the accounting consequences, unless stockholder approval is obtained.

The Company's 1999 NSO Plan is a non-shareholder approved plan which has been used to provide stock options to rank and file employees. No executive officer grants have been made from the 1999 plan except as inducement grants to a new hire. The Company believes that all of its equity plans should be approved by shareholders and is proposing for shareholder approval the transfer of all shares remaining available for grant in the 1999 NSO Plan (1,185,129 as of April 7, 2004) to the 1995 Plan. No further shares would be issued from the 1999 NSO Plan if this proposal is approved.

The board of directors believe that the remaining shares available for grant under the 1995 Plan are insufficient to accomplish the purposes of the 1995 Plan described above.

We are also proposing to amend the 1995 Plan to provide for the grant of stock appreciation rights, performance shares, performance units and deferred stock units in addition to options to purchase shares of our common stock.

The board of directors believes that this proposed amendment is necessary to allow us to continue to attract and retain the best available people to serve as our employees and consultants.

As revised, the 1995 Plan provides for the grant of options to purchase shares of our common stock, stock appreciation rights (SARs), performance shares (Performance Shares), performance units (Performance Units) and deferred stock units (Deferred Stock Units) to employees and consultants of Harmonic. As of April 7, 2004, there were approximately 562 employees (including officers) eligible to participate in the 1995 Plan. Options granted under the 1995 Plan may either be incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code), or nonstatutory stock options.

Summary of the Revised 1995 Plan

General. The 1995 Plan authorizes the board of directors or one or more committees which the board of directors may appoint from among its members, the committee, to grant awards.

Administration. The 1995 Plan may be administered by the board of directors or the committee. Subject to the other provisions of the 1995 Plan, the board of directors has the authority to: (i) interpret the plan and apply its provisions; (ii) prescribe, amend or rescind rules and regulations relating to the 1995 Plan; (iii) select the persons to whom awards are to be granted; (iv) subject to individual fiscal year limits applicable to each type of award, determine the number of shares to be made subject to each award; (v) determine whether and to what extent awards are to be granted; (vi) prescribe the terms and conditions of each award (including the provisions of the award agreement to be entered into between the Company and the grantee); (vii) amend any outstanding award subject to applicable legal restrictions; except for the reduction of the exercise price of an option or SAR (unless stockholder approval is obtained); (viii) authorize any person to execute, on behalf of the Company, any instrument required to effect the grant of an award; and (ix) subject to certain limitations, take any other actions deemed necessary or advisable for the administration of the 1995 Plan. All decisions, interpretations and other actions of the committee shall be final and binding on all holders of options or rights and on all persons deriving their rights therefrom.

Eligibility. The 1995 Plan provides that awards may be granted to the Company's employees and independent consultants. Incentive stock options may be granted only to employees. Any optionee who owns more than 10% of the combined voting power of all classes of outstanding stock of the Company (a 10% Stockholder) is not eligible for the grant of an incentive stock option unless the exercise price of the option is at least 110% of the fair market value of the common stock on the date of grant.

Table of Contents

Limitations. Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain executive officers of the Company. In order to preserve the Company's ability to deduct the compensation income associated with options and SARs granted to such persons, the 1995 Plan provides that no employee may be granted, in any fiscal year of the Company, options and SARs that relate to more than 600,000 shares of common stock.

We have designed the 1995 Plan so that it permits us to also issue other awards that qualify as performance-based under Section 162(m) of the Code. Thus, the committee may make performance goals applicable to a participant with respect to an award. At the committee's discretion, one or more of the following performance goals may apply: annual revenue, cash position, earnings per share, net income, operating cash flow, operating income, return on assets, return on equity, return on sales and total shareholder return. Except for cash position and total shareholder return, these performance goals may apply to either Harmonic or to one of our business units.

Terms and Conditions of Options. Each option granted under the 1995 Plan is evidenced by a written stock option agreement between the optionee and the Company and is subject to the following terms and conditions:

- (a) *Exercise Price; No Repricing.* The board of directors or the committee determines the exercise price of options at the time the options are granted. However, excluding options issued to 10% Stockholders, the exercise price of an incentive stock option must not be less than 100% of the fair market value of the common stock on the date the option is granted, and the exercise price under a nonstatutory option shall be determined by the administrator of the 1995 Plan, but may not be less than 85% of the fair market value of the common stock on the date the option is granted. As the Company's common stock is listed on the Nasdaq National Market, the fair market value is the closing sale price for the common stock (or the closing bid if no sales were reported) on the date the option is granted. In addition, no option granted under the 1995 Plan may be repriced, without stockholder approval, including by means of an exchange for another award.
- (b) *Form of Consideration.* The means of payment for shares issued upon exercise of an option is specified in each option agreement and generally may be made by cash, check, a full-recourse promissory note, other shares of common stock of the Company owned by the optionee, delivery of an exercise notice together with irrevocable instructions to a broker to deliver the exercise price to the Company from sale or loan proceeds, or by a combination thereof.
- (c) *Exercise of the Option.* Each stock option agreement will specify the term of the option and the date when the option is to become exercisable. However, in no event shall an option granted under the 1995 Plan be exercised more than 10 years after the date of grant. Moreover, in the case of an incentive stock option granted to a 10% Stockholder, the term of the option shall be for no more than five years from the date of grant. To date, all options granted under the 1995 Plan have vested 25% on the first anniversary from the date of grant and 1/48 per month thereafter.
- (d) *Termination of Employment.* If an optionee's employment terminates for any reason (other than death or permanent disability), then all options held by such optionee under the 1995 Plan expire upon the earlier of (i) such period of time as is set forth in his or her option agreement or (ii) the expiration date of the option. The optionee may exercise all or part of his or her option at any time before such expiration to the extent that such option was exercisable at the time of termination of employment.
- (e) *Permanent Disability.* If an employee is unable to continue employment with the Company as a result of permanent and total disability (as defined in the Code), then all options held by such optionee under the 1995 Plan shall expire upon the earlier of (i) 12 months after the date of termination of the optionee's employment or (ii) the expiration date of the option. The optionee may exercise all or part of his or her option at any time before such expiration to the extent that such option was exercisable at the time of termination of employment.

Table of Contents

- (f) *Death.* If an optionee dies while employed by the Company, his or her option shall expire upon the earlier of (i) 12 months after the optionee's death or (ii) the expiration date of the option. The executors or other legal representative or the optionee may exercise all or part of the optionee's option at any time before such expiration to the extent that such option was exercisable at the time of death.
- (g) *Termination of Options.* Each stock option agreement will specify the term of the option and the date when all or any installment of the option is to become exercisable. Notwithstanding the foregoing, however, the term of any stock option shall not exceed 10 years from the date of grant. No options may be exercised by any person after the expiration of its term.
- (h) *Limitations.* If the aggregate fair market value of all shares of common stock subject to an optionee's incentive stock option which are exercisable for the first time during any calendar year exceeds \$100,000, the excess options shall be treated as nonstatutory options.
- (i) *Other Provisions.* The stock option agreement may contain such terms, provisions and conditions that are inconsistent with the 1995 Plan as may be determined by the board of directors or the committee.

Stock Purchase Rights.

Exercise Price and Other Terms of Stock Appreciation Rights; No Repricing. The committee, subject to the provisions of the 1995 Plan, shall have complete discretion to determine the terms and conditions of SARs granted under the 1995 Plan. However, no SAR may be repriced, including by means of an exchange for another award, without stockholder approval.

Payment of Stock Appreciation Right Amount. Upon exercise of a SAR, the holder of the SAR shall be entitled to receive payment from us in an amount determined by multiplying (X) the difference between the fair market value of a share on the date of exercise over the exercise price; times (Y) the number of shares with respect to which the SAR is exercised.

Payment upon Exercise of Stock Appreciation Right. At the discretion of the committee, payment to the holder of a SAR may be in cash, shares of our common stock or a combination thereof. In the event that payment to the holder of a SAR is settled in cash, the shares available for issuance under the 1995 Plan shall not be diminished as a result of the settlement.

Stock Appreciation Right Agreement. Each SAR grant shall be evidenced by an agreement that shall specify the exercise price, the term of the SAR, the conditions of exercise, and such other terms and conditions as the committee, in its sole discretion, shall determine.

Expiration of SARs. SARs granted under the 1995 Plan expire as determined by the committee, but in no event later than ten (10) years from date of grant. No SAR may be exercised by any person after its expiration.

Grant of Restricted Stock. Subject to the terms and conditions of the 1995 Plan, Restricted Stock may be granted to our employees and consultants, at any time and from time to time as shall be determined by the committee, in its sole discretion. The committee shall have complete discretion to determine (i) the number of shares subject to a Restricted Stock award granted to any participant, and (ii) the conditions that must be satisfied, which typically will be based principally or solely on continued provision of services but may include a performance-based component, upon which is conditioned the grant or vesting of Restricted Stock. However, no participant shall be granted a Restricted Stock award covering more than 200,000 shares in any of Harmonic's fiscal years. Until the shares are issued, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the underlying shares.

Restricted Stock Award Agreement. Each Restricted Stock grant shall be evidenced by an agreement that shall specify the purchase price (if any) and such other terms and conditions as the committee, in its sole discretion, shall determine; provided; however, that if the Restricted Stock grant has a purchase price, such purchase price must be paid no more than ten (10) years following the date of grant.

Table of Contents

Grant of Performance Shares. Subject to the terms and conditions of the 1995 Plan, Performance Shares may be granted to Service Providers at any time and from time to time as shall be determined by the committee, in its sole discretion. The committee shall have complete discretion to determine (i) the number of shares of our common stock subject to a Performance Share award granted to any Service Provider, and (ii) the conditions that must be satisfied, which typically will be based principally or solely on achievement of performance milestones but may include a service-based component, upon which is conditioned the grant or vesting of Performance Shares. However, no participant shall be granted a Performance Share award covering more than 200,000 shares in any of Harmonic's fiscal years.

Performance Share Award Agreement. Each Performance Share grant shall be evidenced by an agreement that shall specify such other terms and conditions as the committee, in its sole discretion, shall determine.

Grant of Performance Units. Performance Units are similar to Performance Shares, except that they shall be settled in a cash equivalent to the fair market value of the underlying shares of our common stock, determined as of the vesting date. The shares available for issuance under the 1995 Plan shall not be diminished as a result of the settlement of a Performance Unit.

Performance Unit Award Agreement. Each Performance Unit grant shall be evidenced by an agreement that shall specify such terms and conditions as the committee, in its sole discretion, shall determine. However, no participant shall be granted a Performance Unit award covering more than one million dollars in any of Harmonic's fiscal years, except that a newly hired participant may receive a Performance Unit award covering up to two million dollars.

Deferred Stock Units. Deferred Stock Units shall consist of a Restricted Stock, Performance Share or Performance Unit Award that the committee, in its sole discretion permits to be paid out in installments or on a deferred basis, in accordance with rules and procedures established by the committee. Deferred Stock Units are subject to the individual annual limits that apply to each type of award.

Non-Transferability of Awards. Unless determined otherwise by the committee, an award granted under the 1995 Plan may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the recipient, only by the recipient. If the committee makes an award granted under the 1995 Plan transferable, such award shall contain such additional terms and conditions as the committee deems appropriate.

In the event that the Company acquired in any merger, consolidation, acquisition of assets or like occurrence, each outstanding award granted under the 1995 Plan shall be assumed or an equivalent right substituted by a successor corporation. If such awards granted under the 1995 Plan are not assumed, they become fully vested prior to the closing of such merger or consolidation.

Adjustment Upon Changes in Capitalization, Corporate Transactions. In the event that the stock of the Company is changed by reason of any stock split, reverse stock split, stock dividend, recapitalization or other change in the capital structure of the Company, appropriate proportional adjustments shall be made in the number and class of shares of stock subject to the 1995 Plan, the individual fiscal year limits applicable to restricted stock, performance share awards, SARS and options, the number and class of shares of stock subject to any award outstanding under the 1995 Plan, and the exercise price of any such outstanding option or SAR or other award. Any such adjustment shall be made upon approval of the Compensation and Equity Ownership Committee of the board of directors whose determination shall be conclusive. In the event that we are acquired in any merger, consolidation, acquisition of assets or like occurrence, each outstanding award granted under the 1995 Plan shall be assumed or an equivalent right substituted by a successor corporation. If such awards granted under the 1995 Plan are not assumed, they become fully vested prior to the closing of such merger or consolidation.

Amendment, Suspensions and Termination of the 1995 Plan. The board of directors may amend, suspend or terminate the 1995 Plan at any time; provided, however, that stockholder approval is required for any amendment to the extent necessary to comply with Rule 16b-3 promulgated under the Securities Exchange Act of 1934 (Rule 16b-3) or

Section 422 of the Code, or any similar rule or statute. If Proposal Three is approved then the 1995 Plan will extend to April 2014.

Federal Tax Information.

Options. Options granted under the 1995 Plan may be either incentive stock options, as defined in Section 422 of the Code, or nonstatutory options.

An optionee who is granted an incentive stock option will not recognize taxable income either at the time the option is granted or upon its exercise, although the exercise may subject the optionee to alternative minimum tax. Upon the sale or exchange of the shares more than two years after grant of the option and one year after exercising the option, any gain or loss will be treated as long-term capital gain or loss. If these holding periods are not satisfied, the optionee will recognize ordinary income at the time of sale or exchange equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director, or 10% Stockholder of the Company. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income will be characterized as long-term or short-term capital gain or loss, depending on the holding period.

All other options which do not qualify as incentive stock options are referred to as nonstatutory options. An optionee will not recognize any taxable income at the time the optionee is granted a nonstatutory option. However, upon its exercise, the optionee will recognize taxable income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by an optionee who is also an employee of the Company will be subject to tax withholding by the Company. Upon resale of such shares by the optionee, any difference between the sale price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

The foregoing is only a summary of the effect of federal income taxation upon the participant and the Company, does not purport to be complete, and does not discuss the tax consequences of the participant's death or the income tax laws of any municipality, state or foreign country in which a participant may reside.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our common stock received. Any additional gain or loss recognized upon any later disposition of the shares of our common stock would be capital gain or loss.

Restricted Stock, Performance Units and Performance Shares. A participant will not have taxable income upon grant (unless, with respect to Restricted Stock, he or she elects to be taxed at that time). Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the vested shares or cash received minus any amount paid for the shares of our vested common stock.

Tax Effect for Us. We generally will be entitled to a tax deduction in connection with an award under the 1995 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of our four most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met with respect to awards. These conditions include stockholder approval of the 1995 Plan and performance goals under the 1995 Plan, setting individual annual limits on each type of award, and certain other requirements. The 1995 Plan has been designed to permit the committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with such awards.

Vote Required and Recommendation

The affirmative vote of a majority of the Votes Cast will be required to approve the amendments to the 1995 Plan.

The Company's Named Executive Officers have an interest in this proposal as they may receive awards under the 1995 Plan.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE AMENDMENTS TO THE COMPANY'S 1995 PLAN TO: (i) EXTEND THE TERM OF THE 1995 PLAN BY 9 YEARS TO APRIL 2014, (ii) TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE BY 2,500,000 SHARES, (iii) TO TRANSFER TO THE 1995 STOCK PLAN ALL SHARES REMAINING AVAILABLE FOR GRANT IN THE 1999 NON-STATUTORY STOCK PLAN, INCLUDING UP TO 1,800,000 SHARES SUBJECT TO OUTSTANDING OPTIONS IF THEY EXPIRE, (iv) TO ADD THE ABILITY TO GRANT RESTRICTED STOCK, STOCK APPRECIATION RIGHTS, PERFORMANCE SHARES, PERFORMANCE UNITS AND DEFERRED STOCK UNITS (SUBJECT TO LIMITS ON DISCOUNTED AWARDS), AND (v) TO APPROVE THE MATERIAL TERMS OF THE 1995 PLAN AND THE PERFORMANCE GOALS THEREUNDER FOR PURPOSES OF INTERNAL REVENUE CODE SECTION 162(M).

PROPOSAL FOUR**AMENDMENTS TO 2002 DIRECTOR PLAN**

The Corporate Governance and Nominating Committee has recommended, and the board of directors has approved, subject to stockholder approval, an increase in the Initial Grant of stock to a new non-employee board of directors member from 20,000 shares to 30,000 shares, as well as a one-time catch-up grant, to be made to each non-employee director re-elected at this annual meeting, of 10,000 shares. The board of directors believes, after studying board of directors compensation at companies similar in size and complexity to Harmonic, that current compensation is below average for companies similarly situated to the Company. In order to attract new members of the board of directors and to fairly compensate current members for the increased workload and responsibility from recent legislation, the board of directors believes that an increase in equity compensation is appropriate. No increase in authorized shares under the

Table of Contents

2002 Director Plan is necessary at this time to satisfy these increased requirements, if approved. The board of directors is also asking stockholders to approve an extension to three years the time allowed to exercise any new option grants after termination from the board of directors. The board of directors believes that such a provision will increase independence by enabling directors to resign from the board of directors without being immediately required to exercise options. We are also amending the 2002 Director Plan to provide that no option may be repriced, including by way of exchange for another award, without stockholder approval.

Summary of the 2002 Director Option Plan

Purpose. The purpose of the 2002 Director Option Plan is to provide the most significant element of director compensation in the form of equity in order to recruit and retain highly qualified non-employee directors and to closely align the interests of directors with those of stockholders.

Shares Subject to the 2002 Director Option Plan. Our board has reserved a maximum of 400,000 shares of our common stock for issuance under the 2002 Director Option Plan. The shares may be authorized, but unissued, or reacquired common stock.

Administration. As amended, the 2002 Director Option Plan provides for grants of options to be made in two ways:

- (a) Each non-employee director is automatically granted an option to purchase 30,000 shares, referred to as the *First Option*, on the date on which such person first becomes a non-employee director, whether through election by our stockholders or appointment by our board of directors to fill a vacancy, provided, however, that an employee director who ceases to be an employee director but who remains a director will not receive a *First Option*; and
- (b) Each non-employee director is automatically granted an option to purchase 10,000 shares, referred to as the *Annual Option* on the date of our annual stockholders meeting each year if on such dates he or she shall have served on our board of directors for at least the preceding six (6) months.

Additionally, each non-employee director approved at the 2004 Annual Stockholders meeting shall be granted a one-time *catch-up* grant of an option to purchase 10,000 shares (the *Catch-Up Option*).

Our board of directors has the authority, in its discretion, to:

- (i) determine the fair market value of our common stock;
- (iii) interpret the 2002 Director Option Plan;
- (iv) authorize any person to execute, on our behalf, any instrument required to effectuate the options granted under the 2002 Director Option Plan; and
- (v) make all other determinations deemed necessary or advisable for the administration of the 2002 Director Option Plan.

All decisions, determinations and interpretations of our board of directors shall be final.

Eligibility. Only non-employee directors are eligible to receive nonstatutory stock options under the 2002 Director Option Plan. Currently, our board of directors consists of six (6) directors of whom five (5) are non-employee directors.

Table of Contents

Terms and Conditions of Options. Each option is evidenced by a director option agreement between us and the relevant non-employee director, and is subject to the following additional terms and conditions:

Exercise Price. The exercise price of options granted under the 2002 Director Option Plan is 100% of the fair market value per share of our common stock on the date of grant.

Exercise of Option. A First Option will vest monthly over 3 years from the date of grant. An Annual Option and the Catch-Up Option will vest monthly over 1 year from the date of grant. An option will be exercisable in whole or in part by giving us written notice, stating the number of shares with respect to which the option is being exercised, accompanied by payment in full for such shares.

Forms of Consideration. We receive no consideration for granting options under the 2002 Director Option Plan. The means of payment for shares issued upon exercise of an option is specified in each option agreement. The 2002 Director Option Plan permits payment to be made by cash, check, other shares of common stock of the Company (with some restrictions), cashless exercises or any combination of these alternatives.

Term of Option. The term of any option shall be ten (10) years from the date of grant. No option may be exercised after the expiration of its term.

Termination of Directorship. If a non-employee director's status as a director terminates for any reason, then all options held by him or her under the 2002 Director Option Plan granted on or after May 27, 2004 expire 3 years following the termination.

Nontransferability of Options: Options granted under the 2002 Director Option Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the non-employee director's lifetime only by the non-employee director.

Other Provisions: The director option agreement may contain other terms, provisions and conditions consistent with the 2002 Director Option Plan as may be determined by the board.

Adjustments Upon Changes in Capitalization, Dissolution, Merger or Change-In-Control. In the event that our stock changes by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in our capital structure effected without the receipt of consideration, appropriate adjustments will be made in the number and class of shares of stock subject to the 2002 Director Option Plan, the number and class of shares of stock subject to any outstanding option, the exercise price of any such outstanding option and the number of shares that may be subsequently issued pursuant to First and Annual Options.

In the event of our proposed liquidation or dissolution, any unexercised options will terminate prior to such action.

In the event we are acquired pursuant to a merger or the sale of substantially all of our assets, each option may be assumed or an equivalent option substituted for by the successor corporation. If an option is assumed or substituted for by the successor corporation, it shall continue to be exercisable as provided in the 2002 Director Option Plan. In addition, whether or not the successor corporation assumes an outstanding option or substitutes for it an equivalent option, immediately upon a change-in-control transaction as defined in the 2002 Director Option Plan, the option shall become fully vested and exercisable and shall remain exercisable in accordance with the provisions of the 2002 Director Option Plan and the applicable option agreement.

Amendment and Termination of the 2002 Director Option Plan; No Repricing. Our board of directors may amend, alter, suspend or terminate the 2002 Director Option Plan, or any part thereof, at any time and for any reason. However, we will obtain stockholder approval for any amendment to the 2002 Director Option Plan to the extent necessary to comply with applicable laws or regulations. No such action by our board of directors or stockholders may alter or impair any option previously granted under the 2002 Director Option Plan without the consent of the non-employee director. Unless terminated earlier, the 2002 Director Option Plan will terminate ten (10) years from the later of its approval by our board

of directors or our stockholders. No 2002 Director Option Plan option may be repriced, including by way of exchange for another award, without stockholder approval.

Federal Income Tax Consequences. The following discussion summarizes certain U.S. federal income tax considerations for non-employee directors receiving options under the 2002 Director Option Plan and certain tax effects for us, based upon the provisions of the Internal Revenue Code of 1986, as amended, as in effect on the date of this Proxy Statement, current regulations and existing administrative rulings of the Internal Revenue Service. However, the summary is not intended to be a complete discussion of all the federal income tax consequences of these plans:

Nonstatutory Stock Options. Options granted under the 2002 Director Option Plan do not qualify as incentive stock options under Section 422 of the Code. A non-employee director does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the non-employee director recognizes taxable income generally measured by the excess of the fair market value on the date of exercise for the shares exercised over the exercise price.

We are entitled to a deduction in the same amount as the ordinary income recognized by the non-employee director. Upon a disposition of such shares by the non-employee director, any difference between the sale price and the relevant option's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on how long after exercise the shares are sold. Net capital gains on shares held more than 12 (twelve) months may be taxed at a maximum federal rate of 15%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income.

For the full text of the 2002 Director Option Plan, see Exhibit 3.

Vote Required and Recommendation

The affirmative vote of a majority of the Votes Cast will be required to approve the amendments to the 2002 Director Option Plan.

The Company's Named non-employee directors have an interest in this proposal as they may receive options under the 2002 Director Option Plan.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE AMENDMENTS TO THE 2002 DIRECTOR PLAN TO INCREASE THE INITIAL GRANT TO 30,000 SHARES, TO AUTHORIZE A ONE-TIME GRANT OF 10,000 SHARES TO EACH NON-EMPLOYEE DIRECTOR RE-ELECTED AT THIS ANNUAL MEETING, AND TO EXTEND THE EXERCISABILITY PERIOD OF ALL NEW OPTIONS GRANTED UNDER THIS PLAN TO THREE YEARS FOLLOWING A DIRECTOR'S RESIGNATION FROM THE BOARD.

PROPOSAL FIVE

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the board of directors has appointed PricewaterhouseCoopers LLP, independent accountants, to audit the financial statements of the Company for the year ending December 31, 2004. PricewaterhouseCoopers LLP has served as the Company's independent accountants since 1989 and has provided certain tax and other audit-related services. Information regarding fees billed to the Company by PricewaterhouseCoopers LLP can be found directly following the Report of the Audit Committee of the board of directors below. PricewaterhouseCoopers LLP has rotated Harmonic's audit partners in compliance with current SEC regulations.

Stockholder approval is not required for the appointment of PricewaterhouseCoopers LLP, since the Audit Committee of the board of directors has the responsibility for selecting independent accountants. However, the board of directors is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. In the event of a negative vote on the ratification of PricewaterhouseCoopers LLP, the Audit Committee of the board of directors may reconsider its selection. Representatives of PricewaterhouseCoopers LLP are expected to be

present at the Annual Meeting and will have the opportunity to make a statement if they so desire. The representatives also are expected to be available to respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004.

- Report of the Compensation and Equity Ownership Committee of the Board of Directors on Executive Compensation

The Compensation and Equity Ownership Committee (Compensation Committee) is responsible for the approval of the Company's executive compensation policies. The Compensation Committee reviews and approves the base salary and incentive compensation paid to executive officers and administers the Company's stock plans. The Compensation Committee approves all stock option grants, subject to ratification by the board of directors.

Table of Contents

Compensation Philosophy

The Company's executive compensation programs are designed to attract, motivate and retain executives who will contribute significantly to the long-term success of the Company and the enhancement of stockholder value. In addition to base salary, certain elements of total compensation are payable in the form of variable incentive plans tied to the performance of the Company, and in equity-based plans designed to closely align executive and stockholder interests.

The three key components of executive compensation in 2003 were:

Base Salary

Incentive Bonus Plan

Stock Option Plans

Base Salary

Base salary for executives, including that of the chief executive officer, is set according to the responsibilities of the position, the specific skills and experience of the individual and the competitive market for executive talent. In order to evaluate the competitive position of the Company's salary structure, the Compensation Committee makes reference to compensation surveys of comparable companies in the high-technology sector, the Company's industry and the Company's geographic location. Executive salary levels are set to approximate average rates, with the intent that superior performance under incentive bonus plans will enable the executive to elevate his total cash compensation to levels that are above the average of comparable companies. The Compensation Committee reviews salaries annually and adjusts them as appropriate to reflect changes in market conditions and individual performance and responsibilities. No increases in salary have been awarded to executive officers since January 1, 2001 in accordance with the Company's efforts to control costs, except to Dr. Simler on his promotion to President of Convergent Systems.

Incentive Bonus Plan

The Company's annual incentive bonus plan reflects the Compensation Committee's belief that a meaningful component of executive compensation should be contingent on the performance of the Company. In 2003, the Company's incentive bonus plan was based in part upon the attainment of common revenue and loss reduction goals and in part upon divisional or corporate financial objectives for each individual officers, with a target bonus established for each participant. In 2003, the Company's financial results generated bonus payments for partial attainment of various revenue targets, but not loss reduction. The bonus amounts paid in 2003 are shown in the Summary Compensation table.

Stock Option Plans

The Compensation Committee believes that the Company's stock option plans are an essential tool to link the long-term interests of stockholders and employees, especially the Chief Executive Officer and executive management, and serves to motivate executives to make decisions that will, in the long run, give the best returns to stockholders. Stock options are generally granted when an executive joins the Company, and on an annual basis thereafter. These options typically vest over a four year period and are granted at an exercise price equal to the fair market value of the Company's common stock at the date of grant. The size of initial option grants is based upon the position, responsibilities and expected contribution of the individual, with subsequent grants also taking into account the individual's performance, his potential contributions, and, to a lesser extent, the vesting status of previously granted options. This approach is designed to maximize stockholder value over a long term, as no benefit is realized from the option grant unless the price of the Company's common stock has increased over a number of years.

Table of Contents

In addition to the Company's stock option plans, executive officers are eligible to participate in the Company's 2002 Employee Stock Purchase Plan. This plan allows eligible employees to purchase the Company's common stock at a price equal to 85% of the lower of the fair market value at the beginning of the offering period or the fair market value at the end of the purchase period, with the purchase amount limited to 10% of base salary or 3,000 shares per purchase period or applicable IRS regulations.

Other elements of executive compensation include life and long-term disability insurance and medical benefits. Other than a 401(k) deferred compensation plan the Company provides no pension benefits and has no deferred compensation plans for any of its employees, including executive officers. The Company makes matching contributions to the 401(k) plan up to \$750 per annum per participant. These benefits are available to all regular, full-time U.S. employees of the Company.

In January, 2003, the Compensation Committee approved the 2003 compensation for all executive officers. The Company's Chief Executive Officer was not present during the portion of the meeting during which his compensation was discussed and approved.

The compensation of the Company's Chief Executive Officer in 2003 was determined according to the principles described above, and in a manner substantially consistent with that of other executive officers.

Section 162(m)

We have considered the potential future effects of Section 162(m) of the Internal Revenue Code of 1986, as amended, on the compensation paid to our executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for the Chief Executive Officer or any of our next four most highly compensated executive officers, unless such compensation is performance based. We have adopted a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m). Proposal Three, if approved by our stockholders, will allow us to structure awards under our 1995 Stock Plan to qualify as performance based compensation under Section 162(m).

In accordance with a written charter adopted by Harmonic's board of directors of directors as amended in March 2004, attached as Exhibit 4 and posted on the Company's website at www.harmonicinc.com, the Audit Committee of the board of directors of Harmonic serves as the representative of the board of directors for general oversight of the quality and integrity of Harmonic's financial accounting and reporting process, system of internal control, audit process, and process for monitoring compliance with related laws and regulations. The Audit Committee engages the Company's independent auditors and approves the scope of both audit and non-audit services. Harmonic's management has primary responsibility for preparing financial statements and the financial reporting process.

Harmonic's independent auditors, PricewaterhouseCoopers LLP, are responsible for expressing an opinion on the conformity of Harmonic's audited financial statements to generally accepted accounting principles.

The Audit Committee of the board of directors has:

1. 2. 3. Reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), discussed with PricewaterhouseCoopers LLP its independence and also considered whether provision of the non-audit services described below were compatible with maintaining their independence.

The Audit Committee meets regularly with the Company's independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's accounting principles.

In performing all these functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of Harmonic's management and independent accountants, which, in their report, express an opinion on the conformity of Harmonic's annual consolidated financial statements to accounting principles generally accepted in the United States. In reliance on the reviews and discussions referred to in this report, and in light of its role and responsibilities, the Audit Committee recommended to the board of directors, and the board of directors has approved, that the audited financial statements for Harmonic for the three years ended December 31, 2003 be included for filing with the Securities and Exchange Commission in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

4) *Offering Periods.* The Plan shall be implemented by consecutive, overlapping Offering Periods with a new Offering Period commencing on the first Trading Day on or after July 1 and January 1 each year, or on such other date as the Board shall determine, and continuing thereafter until terminated in accordance with Section 20 hereof. The Board shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without stockholder approval if such change is announced prior to the scheduled beginning of the first Offering Period to be affected thereafter.

Pursuant to Section 20 hereof, all Offering Periods in effect on June 30, 2004 shall terminate on July 1, 2004.

5) *Participation.*

(a) *Offering Periods.* An Eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deductions in the form of Exhibit 1 to this Plan and filing it with the Company's payroll office at least 5 (five) days prior to the applicable Offering Date or as otherwise determined by the Administrator.

(b) *Payroll Deductions.* Payroll deductions for a participant shall commence on the first payroll following the first day of the applicable Offering Period and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6) *Payroll Deductions.*

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding 10% (ten percent) of the Compensation which he or she receives on each pay day during the Offering Period; provided, however, that should a pay day occur on an Exercise Date, a participant shall have the payroll deductions made on such day applied to his or her account under the new Offering Period or Purchase Period, as the case may be. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

Table of Contents

(b) Payroll deductions for a participant shall commence on the first payday following the Offering Date and shall end on the last payday in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof, for any Offering Period as determined.

(c) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(d) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, or may increase or decrease the rate of his or her payroll deductions during the Offering Period by completing or filing with the Company a new subscription agreement authorizing a change in payroll deduction rate. The Administrator may, in its discretion, limit the nature and/or number of participation rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period following 5 (five) business days after the Company's receipt of the new subscription agreement unless the Company elects to process a given change in participation more quickly.

(e) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period. Payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

(f) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Eligible Employee.

7) Grant of Option. On the Offering Date of each Offering Period, each Eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Eligible Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall an Eligible Employee be permitted to purchase during each Purchase Period more than 3,000 shares of the Company's Common Stock (subject to any adjustment pursuant to Section 19), and provided further that such purchase shall be subject to the limitations set forth in Sections 3(b), 7 and 12 hereof. The Eligible Employee may accept the grant of such option by turning in a completed Subscription Agreement (attached hereto as Exhibit 1) to the Company at least 5 (five) days prior to an Offering Date or as otherwise determined by the Administrator. The Administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum number of shares of the Company's Common Stock an Eligible Employee may purchase during each Purchase Period of such Offering Period. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8) Exercise of Option.

(a) Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other funds left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

Table of Contents

(b) If the Administrator determines that, on a given Exercise Date, the number of shares with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Offering Date of the applicable Offering Period, or (ii) the number of shares available for sale under the Plan on such Exercise Date, the Administrator may in its sole discretion (x) provide that the Company shall make a pro rata allocation of the shares of Common Stock available for purchase on such Offering Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and continue all Offering Periods then in effect, or (y) provide that the Company shall make a pro rata allocation of the shares available for purchase on such Offering Date or Exercise Date, as applicable, in as uniform a manner as shall be practicable and as it shall determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and terminate any or all Offering Periods then in effect pursuant to Section 20 hereof. The Company may make pro rata allocation of the shares available on the Offering Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares for issuance under the Plan by the Company's stockholders subsequent to such Offering Date.

9) *Delivery.* As soon as reasonably practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant the shares purchased upon exercise of his or her option in a form determined by the Administrator.

10) *Withdrawal.*

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company in the form of Exhibit 2 to this Plan. All of the participant's payroll deductions credited to his or her account shall be paid to such participant as promptly as practicable after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan that may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11) *Termination of Employment.* In the event a participant ceases to be an Eligible Employee of the Company or any Designated Subsidiary, as applicable, he or she will be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option will be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option will be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12) *Interest.* No interest shall accrue on the payroll deductions of a participant in the Plan.

13) *Stock.*

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be 3,500,000 shares; provided, however, that 2,000,000 shares, which were approved for issuance under the Plan by the stockholders of the Company on May 27, 2004, shall only be used for Offering Periods commencing on or after July 1, 2004.

Table of Contents

(b) Until the shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a participant shall only have the rights of an unsecured creditor with respect to such shares, and no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to such shares.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14) *Administration.* The Administrator shall administer the Plan and shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Administrator shall, to the full extent permitted by law, be final and binding upon all parties.

15) *Designation of Beneficiary.*

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

(c) All beneficiary designations shall be in such form and manner as the Administrator may designate from time to time.

16) *Transferability.* Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17) *Use of Funds.* All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions. Until shares are issued, participants shall only have the rights of an unsecured creditor.

18) *Reports.* Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Eligible Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

19) *Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Change-in-Control.*

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan, the maximum number of shares each participant may purchase each Purchase Period (pursuant to Sections 3(b), and 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has

not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other change in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a New Exercise Date (the "New Exercise Date"), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Administrator. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Administrator shall notify each participant in writing, at least 10 (ten) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) Merger or Change-of-Control. In the event of a merger or Change-of-Control, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, any Purchase Periods then in progress shall be shortened by setting a New Exercise Date and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed merger or Change-of-Control. The Administrator shall notify each participant in writing, at least 10 (ten) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20) Amendment or Termination.

(a) The Administrator may at any time and for any reason terminate or amend the Plan. Except as otherwise provided in the Plan, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Administrator on any Exercise Date if the Administrator determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 19 and this Section 20 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been adversely affected, the Administrator shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.

Table of Contents

(c) In the event the Administrator determines that the ongoing operation of the Plan may result in unfavorable financial accounting consequences, the Board may, in its discretion and, to the extent necessary or desirable, modify or amend the Plan to reduce or eliminate such accounting consequence including, but not limited to:

(i) increasing the Purchase Price for any Offering Period including an Offering Period underway at the time of the change in Purchase Price;

(ii) shortening any Offering Period so that Offering Period ends on a new Exercise Date, including an Offering Period underway at the time of the Board action; and

(iii) allocating shares.

Such modifications or amendments shall not require stockholder approval or the consent of any Plan participants.

21) *Notices.* All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form and manner specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

22) *Conditions Upon Issuance of Shares.* Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

23) *Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Board of Directors or its approval by the stockholders of the Company. It shall continue in effect until terminated under Section 20 hereof.

24) *Automatic Transfer to Low Price Offering Period.* To the extent permitted by any applicable laws, regulations, or stock exchange rules if the Fair Market Value of the Common Stock on any Exercise Date in an Offering Period is lower than the Fair Market Value of the Common Stock on the Offering Date of such Offering Period, then all participants in such Offering Period shall be automatically withdrawn from such Offering Period immediately after the exercise of their option on such Exercise Date and automatically re-enrolled in the immediately following Offering Period.

(i) of Shares subject to a Participant's Incentive Stock Options granted by the Company, any Parent or Subsidiary, which

(ii) become exercisable for the first time during any calendar year (under all plans of the Company or any Parent or Subsidiary)

exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time of grant.

(b) Neither the Plan nor any Award shall confer upon a Participant any right with respect to continuing the Participant's employment with the Company or its Subsidiaries, nor shall they interfere in any way with the Participant's right or the Company's or Subsidiary's right, as the case may be, to terminate such employment at any time, with or without cause or notice.

(c) The following limitations shall apply to grants of Options and Stock Appreciation Rights to Employees:

(i) No Employee shall be granted, in any fiscal year of the Company, Options and Stock Appreciation Rights to purchase more than 600,000 Shares.

(ii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 17.

7) Term of Plan. The Plan shall continue in effect for a term of nine (9) years following the date upon which the Board approved the 2004 amendment and restatement of the Plan.

8) Term of Option. The term of each Option shall be stated in the Notice of Grant; provided, however, that in no event shall the term be more than ten (10) years from the date of grant. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Notice of Grant.

(2) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per share on the date of grant.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(iv) The exercise price for an Option may not be reduced without the consent of the Company's stockholders. This shall include, without limitation, a repricing of the Option as well as an Option exchange program whereby the Participant agrees to cancel an existing Option in exchange for an Option, SAR or other Award.

(b) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions which must be satisfied before the Option may be exercised. In so doing, the Administrator may specify that an Option may not be exercised until the completion of a service period.

(c) Form of Consideration. The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Subject to Applicable Laws, such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) other Shares which (A) in the case of Shares acquired upon exercise of an option, have been owned by the Participant for more than six months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(iv) delivery of a properly executed exercise notice together with such other documentation as the Administrator and the broker, if applicable, shall require to effect an exercise of the Option and delivery to the Company of the sale or loan proceeds required to pay the exercise price;

(a) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company receives: (i) written notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the stock certificate evidencing such Shares is issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such stock certificate promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 17 of the Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) Termination of Employment or Consulting Relationship. Upon termination of a Participant's Continuous Status as an Employee or Consultant, other than upon the Participant's death or Disability, the Participant may exercise his or her Option, but only within such period of time as is specified in the Notice of Grant, and only to the extent that the Participant was entitled to exercise it at the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant). In the absence of a specified time in the Notice of Grant, the Option shall remain exercisable for three months following the Participant's termination of Continuous Status as an Employee or Consultant. In the case of an Incentive Stock Option, such period of time shall not exceed three months from the date of termination. If, at the date of termination, the Participant is not entitled to exercise his or her entire Option, the Shares covered by the unexercisable portion of the Option shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(c) Disability of Participant. In the event that a Participant's Continuous Status as an Employee or Consultant terminates as a result of the Participant's Disability, the Participant may exercise his or her Option at any time within twelve (12) months from the date of such termination, but only to the extent that the Participant was entitled to exercise it at the date of such termination (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant). If, at the date of termination, the Participant is not entitled to exercise his or her entire Option, the Shares covered by the unexercisable portion of the Option shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) Death of Participant. In the event of the death of a Participant, the Option may be exercised at any time within twelve (12) months following the date of death (but in no event later than the expiration of the term of such Option as set forth in the Notice of Grant), by the Participant's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent that the Participant was entitled to exercise the Option at the date of death. If, at the time of death, the Participant was not entitled to exercise his or her entire Option, the Shares covered by the unexercisable portion of the Option shall immediately revert to the Plan. If, after death, the Participant's estate or a person who acquired the right to exercise the Option by bequest or inheritance does not exercise the Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Restricted Stock to qualify as performance-based compensation under Section 162(m) of the Code. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Restricted Stock under Section 162(m) of the Code (e.g., in determining the Performance Goals).

14) Performance Units.

(a) Grant of Performance Units. Performance Units are similar to Performance Shares, except that they shall be settled in a cash equivalent to the Fair Market Value of the underlying Shares, determined as of the vesting date. Subject to the terms and conditions of the Plan, Performance Units may be granted to Participants at any time and from time to time as shall be determined by the Administrator, in its sole discretion. Performance Units shall be granted in the form of units/rights to acquire Shares. Each such unit/right shall be the cash equivalent of one Share of Common Stock. No right to vote or receive dividends or any other rights as a shareholder shall exist with respect to Performance Units or the cash payable thereunder.

(b) Number of Performance Units. The Administrator will have complete discretion in determining the number of Performance Units granted to any Participant, provided that during any fiscal year of the Company, no Participant shall receive Performance Units having an initial value greater than \$1,000,000, except that such Participant may receive Performance Units in a fiscal year of the Company in which his or her service as a Participant first commences with an initial value no greater than \$2,000,000.

(c) Other Terms. The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Performance Units granted under the Plan. (b) 162(m) Limits. Deferred Stock Units shall be subject to the annual 162(m) limits applicable to the underlying Restricted Stock, Performance Share or Performance Unit Award.

16) Non-Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the recipient, only by the recipient. If the Administrator makes an Award transferable, such Award shall contain such additional terms and conditions as the Administrator deems appropriate.

17) Adjustments Upon Changes in Capitalization, Dissolution, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Award, the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award, as well as the price per share of Common Stock covered by each such outstanding Award and the 162(m) annual share issuance limits under Sections 6(c), 12(a) and 13(a) shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Compensation Committee, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Award.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for a Participant to have the right to exercise his or her Option or SAR until ten (10) days prior to such transaction as to all of the Awarded Stock covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option or forfeiture rights applicable to any Award shall lapse 100%, and that any Award vesting shall accelerate 100%, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised (with respect to Options and SARs) or vested (with respect to other Awards), an Award will terminate immediately prior to the consummation of such proposed action.

(c) Merger or Asset Sale.

(i) Stock Options and SARs. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Option and SAR shall be assumed or an equivalent option or SAR substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Option or SAR, the Participant shall fully vest in and have the right to exercise the Option or SAR as to all of the Awarded Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR becomes fully vested and exercisable in lieu of

assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Participant in writing or electronically that the Option or SAR shall be fully vested and exercisable for a period of fifteen (15) days from the date of such notice, and the Option or SAR shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR shall be considered assumed if, following the merger or sale of assets, the option or stock appreciation right confers the right to purchase or receive, for each Share of Awarded Stock subject to the Option or SAR immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR, for each Share of Awarded Stock subject to the Option or SAR, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

(ii) Restricted Stock, Performance Shares, Performance Units and Deferred Stock Units. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Restricted Stock, Performance Share, Performance Unit and Deferred Stock Unit award shall be assumed or an equivalent Restricted Stock, Performance Share, Performance Unit and Deferred Stock Unit award substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Restricted Stock, Performance Share, Performance Unit or Deferred Stock Unit award, the Participant shall fully vest in the Restricted Stock, Performance Share, Performance Unit or Deferred Stock Unit including as to Shares (or with respect to Performance Units, the cash equivalent thereof) which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Performance Share, Performance Unit and Deferred Stock Unit award shall be considered assumed if, following the merger or sale of assets, the award confers the right to purchase or receive, for each Share (or with respect to Performance Units, the cash equivalent thereof) subject to the Award immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

18) Date of Grant. The date of grant of an Award shall be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Participant within a reasonable time after the date of such grant.

19) Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply Section 422 of the Code (or any successor rule or statute or other applicable law, rule or regulation, including the requirements of any exchange or quotation system on which the Common Stock is listed or quoted). Such stockholder approval, if required, shall be obtained in such a manner and to such a degree as is required by the applicable law, rule or regulation.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company.

20) Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Award unless the exercise of the Award or the issuance and delivery of such Shares (or with respect to Performance Units, the cash equivalent thereof) shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise or receipt of an Award, the Company may require the person exercising or receiving such Award to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

21) Liability of Company.

(a) Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

(b) Grants Exceeding Allotted Shares. If the Awarded Stock covered by an Award exceeds, as of the date of grant, the number of Shares which may be issued under the Plan without additional stockholder approval, such Award shall be void with respect to such excess Awarded Stock, unless stockholder approval of an amendment sufficiently increasing the number of Shares subject to the Plan is timely obtained in accordance with Section 19(b) of the Plan.

22) Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(E) subject to Section 10 hereof, the First Option shall become exercisable as to 1/36th of the Shares subject to the First Option at the end of each month following its date of grant, provided that the Optionee continues to serve as a Director on such dates.

(vi) The terms of a Subsequent Option and the Special Option granted hereunder shall be as follows:

(A) the term of the Subsequent Option and the Special Option shall be ten (10) years;

(B) the Subsequent Option and the Special Option shall be exercisable only while the Outside Director remains a Director of the Company, except as set forth in Sections 8 and 10 hereof;

(C) the exercise price per Share shall be 100% of the Fair Market Value per Share on the date of grant of the Subsequent Option or the Special Option;

(D) subject to Section 10 hereof, the Subsequent Option and the Special Option shall become exercisable as to 1/12th of the Shares subject to the Subsequent Option and the Special Option, respectively, at the end of each month following its date of grant, provided that the Optionee continues to serve as a Director on such dates.

Table of Contents

(vii) In the event that any Option granted under the Plan would cause the number of Shares subject to outstanding Options plus the number of Shares previously purchased under Options to exceed the Pool, then the remaining Shares available for Option grant shall be granted under Options to the Outside Directors on a pro rata basis. No further grants shall be made until such time, if any, as additional Shares become available for grant under the Plan through action of the Board or the stockholders to increase the number of Shares which may be issued under the Plan or through cancellation or expiration of Options previously granted hereunder.

5) *Eligibility.* Options may be granted only to Outside Directors. All Options shall be automatically granted in accordance with the terms set forth in Section 4 hereof.

The Plan shall not confer upon any Optionee any right with respect to continuation of service as a Director or nomination to serve as a Director, nor shall it interfere in any way with any rights which the Director or the Company may have to terminate the Director's relationship with the Company at any time.

6) *Term of Plan.* The Plan shall become effective upon its initial approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 11 of the Plan.

7) *Form of Consideration.* The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall consist of

a) cash;

b) check;

c) other shares which (x) in the case of Shares acquired upon exercise of an option, have been owned by the Optionee for more than six (6) months on the date of surrender, and (y) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

d) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan; or

e) any combination of the foregoing methods of payment.

8) *Exercise of Option.*

a) *Procedure for Exercise; Rights as a Stockholder.* Any Option granted hereunder shall be exercisable at such times as are set forth in Section 4 hereof; provided, however, that no Options shall be exercisable until stockholder approval of the Plan has been obtained.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may consist of any consideration and method of payment allowable under Section 7 of the Plan. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. A share certificate for the number of Shares so acquired shall be issued to the Optionee as soon as practicable after exercise of the Option. No adjustment shall be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 10 of the Plan.

Table of Contents

Exercise of an Option in any manner shall result in a decrease in the number of Shares which thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

b) *Termination of Continuous Status as a Director.* Subject to Section 10 hereof, in the event an Optionee's status as a Director terminates (other than upon the Optionee's death or Disability), the Optionee may exercise his or her Option, but only within three (3) months (extended to three (3) years for Options granted on or after May 27, 2004) following the date of such termination, and only to the extent that the Optionee was entitled to exercise it on the date of such termination (but in no event later than the expiration of its ten (10) year term). To the extent that the Optionee was not vested as to his or her entire Option on the date of such termination, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

c) *Disability of Optionee.* In the event Optionee's status as a Director terminates as a result of Disability, the Optionee may exercise his or her Option, but only within twelve (12) months following the date of such termination (extended to three (3) years for Options granted on or after May 27, 2004), and only to the extent that the Optionee was entitled to exercise it on the date of such termination (but in no event later than the expiration of its ten (10) year term). To the extent that the Optionee was not vested as to his or her entire Option on the date of termination, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

d) *Death of Optionee.* In the event of an Optionee's death, the Optionee's estate or a person who acquired the right to exercise the Option by bequest or inheritance may exercise the Option, but only within twelve (12) months following the date of death (extended to three (3) years for Options granted on or after May 27, 2004), and only to the extent that the Optionee was entitled to exercise it on the date of death (but in no event later than the expiration of its ten (10) year term). To the extent that the Optionee was not vested as to his or her entire Option on the date of death, the Shares covered by the unvested portion of the Option shall revert to the Plan. To the extent that the Optionee's estate or a person who acquired the right to exercise such Option does not exercise such Option (to the extent otherwise so entitled) within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

9) *Non-Transferability of Options.* The Option may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee.

10) *Adjustments Upon Changes in Capitalization, Dissolution, Merger or Change-in-Control.*

a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Option, the number of Shares which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per Share covered by each such outstanding Option, and the number of Shares issuable pursuant to the automatic grant provisions of Section 4 hereof shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Option.

b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, to the extent that an Option has not been previously exercised, it shall terminate immediately prior to the consummation of such proposed action.

Table of Contents

c) *Merger or Change-in-Control.* In the event of a merger of the Company with or into another corporation or a Change-in-Control of the Company, outstanding Options may be assumed or equivalent options may be substituted by the successor corporation or a Parent or Subsidiary thereof (the Successor Corporation). If an option is assumed or substituted for, the Option or equivalent option shall continue to be exercisable as provided in Section 4 hereof for so long as the Optionee serves as a Director or a director of the Successor Corporation. In addition, whether or not the Successor Corporation assumes an outstanding option or substitutes for it an equivalent option, immediately upon a Change-in-Control each Option or option shall become fully vested and exercisable, including as to Shares for which it would not otherwise be exercisable. Thereafter, the Option or option shall remain exercisable in accordance with Section 8(b) through (d) above.

For the purposes of this Section 10(c), an Option shall be considered assumed if, following the merger or Change-in-Control, the Option confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option immediately prior to the merger or Change-in-Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change-in-Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares). If such consideration received in the merger or Change-in-Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, for each Share of Optioned Stock subject to the Option, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change-in-Control.

11) *Amendment and Termination of the Plan; No Repricing.*

a) *Amendment and Termination.* The Board may at any time amend, alter, suspend, or discontinue the Plan, but no amendment, alteration, suspension, or discontinuation shall be made which would impair the rights of any Optionee under any grant theretofore made, without his or her consent. In addition, to the extent necessary and desirable to comply with any applicable law, regulation or stock exchange rule, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

b) *Effect of Amendment or Termination.* Any such amendment or termination of the Plan shall not affect Options already granted and such Options shall remain in full force and effect as if this Plan had not been amended or terminated.

c) *No Repricing.* The exercise price for an Option may not be reduced without the consent of the Company's stockholders. This shall include, without limitation, a repricing of the Option as well as an option exchange program whereby the Participant agrees to cancel an existing Option in exchange for another award.

12) *Time of Granting Options.* The date of grant of an Option shall, for all purposes, be the date determined in accordance with Section 4 hereof.

13) *Conditions Upon Issuance of Shares.* Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, state securities laws, and the requirements of any stock exchange upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares, if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

Table of Contents

Inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

14) *Reservation of Shares.* The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

15) *Option Agreement.* Options shall be evidenced by written option agreements in such form as the Board shall approve.
