Item 1.01 Entry into a Material Definitive Agreement.

On December 11, 2009, we entered into a securities purchase agreement with accredited investors pursuant to which we sold \$875,000 of 8% convertible debentures and warrants to purchase shares of our common stock with an exercise price of \$0.50 per share. Each investor received a debenture in the principal amount equal to such investor's aggregate subscription amount less the amount equal to the quotient obtained by dividing such aggregate subscription amount by \$1,000. The debenture is convertible into shares of our common stock at any time at the discretion of the holder at a conversion price per share of \$0.20, subject to adjustment including anti-dilution protection. Each investor also received a warrant to purchase that number of shares of our common stock that equals 50% of the quotient obtained by dividing such investor's aggregate subscription amount by \$0.20. In exchange for the \$875,000 we received, we issued debentures in the aggregate principal amount of \$874,125 and warrants to purchase an aggregate of 2,187,500 shares of our common stock. We are authorized to sell up to an aggregate amount of \$4,000,000 of debentures and warrants under the securities purchase agreement. We refer to this financing as our November 2009 financing in this report.

The following summarizes the terms of the debentures we agreed to issue:

Term: Due and payable on the second anniversary of the date of issuance.

Interest: Interest is payable quarterly in cash at the rate of 8% per annum beginning on January 1, 2010, on each conversion date (as to the principal amount being converted) and on the maturity date.

Principal Payment: The principal amount, if not paid earlier, is due and payable on the second anniversary of the date of issuance.

Early Redemption: We have the right to redeem the debenture before maturity by payment in cash of 100% of the then outstanding principal amount plus accrued and unpaid interest. To redeem the debenture we must meet certain equity conditions. The payment of the debenture would occur on the 10th trading day following the date we gave the holder notice of our intent to redeem the debenture. We agreed to honor any notices of conversion that we receive from the holder before the date we pay off the debenture.

Voluntary Conversion: The debenture is convertible at anytime at the discretion of the holder at a conversion price per share of \$0.20, subject to adjustment including anti-dilution protection.

Covenants: The debenture imposes certain covenants on us including restrictions against incurring additional indebtedness and paying cash dividends or distributions on shares of our outstanding common stock. The debentures define certain events of default, including delisting of our common stock, a change in control, or our reporting requirements under the Securities Exchange Act of 1934 are suspended or terminate. In the event of default, generally, the holder has the right to accelerate all amounts outstanding under the debenture and demand payment of a mandatory default amount equal to 130% of the amount outstanding plus accrued interest and unpaid interest.

The foregoing summary of the terms of the securities we issued and the terms of the agreements related to the November 2009 financing, is qualified in its entirety by reference to the form of securities purchase agreement, debenture and warrant, copies of which will be filed as exhibits to our next periodic report.

placement under Section 4(2) of the Securities Act and/or Rule 506 of Regulation D under the Securities Act. The offering was not conducted in connection with a public offering, and no public solicitation or advertisement was made or relied upon by the investor in connection with the offering.

The maximum number of shares of common stock issuable upon conversion of the debentures and upon exercise of the warrants we may issue in the November 2009 financing is, respectively, 19,980,000 and 10,000,000, assuming investors purchase an aggregate of \$4,000,000 in principal amount of the debentures and warrants in accordance with the terms of the securities purchase agreement and the conversion price and exercise price is the initial conversion price and exercise price at the time of conversion and/or exercise.
