**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On June 15, 2006, Fair Isaac Corporation (the Company ) announced the details of a restructuring plan that was committed to by the Company s management on June 14, 2006. Key components include a shift from a product-centric to a client-centric go-to-market model, closer integration of sales and consulting functions, a market-driven innovation philosophy and expanded leverage of global product development resources.

As part of the restructuring, the Company has identified and is eliminating approximately 200 now redundant positions in product management, delivery and development functions. The headcount reduction is anticipated to result in severance and related costs of \$5.7 million. All of the severance and related costs will result in future cash expenditures. The Company expects that the majority of the severance and related costs will be paid out to affected employees during the third and fourth quarters of fiscal year 2006, with the remainder to be paid out by the end of the first quarter of fiscal year 2007.
