**Item 7.01 Regulation FD Disclosure.**

On September 4, 2007, Doug Foshee, our President and Chief Executive Officer, will make a presentation at the Lehman Brothers CEO Energy/Power Conference in New York City. In his presentation, Mr. Foshee will provide an update concerning our net operating loss carry forward for taxes, or NOL. The new estimate of \$2.4 billion is for year-end 2007. This new estimate is significantly greater than our prior estimate of a \$1 billion NOL that was provided at the time of the sale of ANR Pipeline Company and its related assets. The increase in the NOL is primarily attributable to several factors, including the filing of our 2006 federal tax return; the carryover of capital losses from the sale of certain power assets that offset the gain on the sale of ANR and its related assets; our intent to expense intangible drilling costs for our production segment that are expected to be incurred in 2007; and updating our NOL position since the sale of ANR and its related assets. These projected increases are offset by the expected gain on the proposed initial public offering of our master limited partnership that is scheduled for the 4<sup>th</sup> quarter of 2007. A copy of our press release announcing the presentation is attached as Exhibit 99.A and a copy the presentation is attached as Exhibit 99.B.
