NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. GENERAL

The accompanying unaudited consolidated financial statements have been prepared on the same basis as the audited consolidated financial statements and, in the opinion of management, contain all adjustments, consisting of normal recurring adjustments, necessary to fairly present the financial information included therein. The consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

infoGROUP Inc. (the Company) suggests that this financial data be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2007 included in the Company's 2007 Annual Report on Form 10-K, filed with the Securities and Exchange Commission (the SEC). Results for the interim period presented are not necessarily indicative of results to be expected for the entire year.

2. EARNINGS (LOSS) PER SHARE INFORMATION

The following table shows the amounts used in computing earnings (loss) per share and the effect on the weighted average number of shares of dilutive common stock.

Weighted average number of shares outstanding used in diluted earnings (loss) per share	57,054	56,017	56,700	55,826

3. SEGMENT INFORMATION

The Company reports results in three segments: the Data Group, the Services Group and the Marketing Research Group. The Company reports administrative functions in Corporate Activities.

The Data Group consists of *infoUSA* National Accounts, OneSource, Database License, and the *infoUSA* Group. The Data Group also includes the compilation and verification costs of our proprietary databases, and corporate technology.

The Services Group consists of subsidiaries providing customer data management, list brokerage and list management services, e-mail marketing services, and catalog marketing services.

The Marketing Research Group was established in 2006 with the Company's acquisition of Opinion Research Corporation. The Marketing Research Group provides customer surveys, opinion polling, and other market research services for businesses through its Opinion Research division and for governments through its Macro International division. The Marketing Research Group also includes the results from Guideline, Inc., NWC Research, and Northwest Research Group, all of which are research companies acquired by the Company during 2007.

The Data Group, Services Group and Marketing Research Group reflect actual net sales, order production costs, identifiable direct sales and marketing costs, and depreciation and amortization expense. The remaining indirect costs are presented in Corporate Activities.

Corporate Activities includes administrative functions of the Company and other income (expense), including interest expense, investment income and other identified gains (losses).

Goodwill for the Data Group remained relatively flat, with a decrease to \$256.1 million at September 30, 2008 from \$256.5 million at December 31, 2007. The decrease in goodwill for the Data Group was the result of a purchase

entry adjustment to correct

Table of Contents

deferred income taxes related to the acquisition of OneSource. Goodwill for the Services Group increased to \$70.4 million at September 30, 2008 from \$63.5 million at December 31, 2007. The increase in goodwill for the Services Group is due to the addition of the acquisition of Direct Media, Inc. in January 2008. Goodwill for the Marketing Research Group decreased to \$93.7 million at September 30, 2008 from \$95.0 million at December 31, 2007. The decrease in goodwill for the Marketing Research Group is due to subsequent purchase accounting adjustments for the Guideline, Inc. and Opinion Research Corporation acquisitions made as a result of receiving new information about items that existed as of the acquisition date.

The following table summarizes segment information, which excludes total assets since we do not prepare separate balance sheets by segment and, as a result, assets are not separately identifiable by segment:

and other identified intangibles include: customer relationships of \$0.5 million (life of 10 years), non-compete agreements of \$0.2 million (life of 5 to 7 years), and goodwill of \$0.8 million, which will all be deductible for income tax purposes.

On August 20, 2007, the Company acquired Guideline, Inc., a provider of custom business and market research and analysis. The total purchase price was \$39.1 million, excluding cash acquired of \$0.8 million, and including acquisition-related costs of \$1.6 million. The purchase price for the acquisition has been allocated to current assets of \$12.4 million, property and equipment of \$1.4 million, other assets of \$0.9 million, current liabilities of \$14.4 million, other liabilities of \$3.7 million, and goodwill and other identified intangibles of \$42.5 million. Goodwill and other identified intangibles include: customer relationships of \$12.0 million (life of 10 years), trade names of \$4.3 million (life of 12 years), non-compete agreements of \$0.4 million (life of 1.5 to 7 years), and goodwill of \$25.8 million, which includes \$1.6 million of acquisition costs, none of which will be deductible for income tax purposes.

On July 27, 2007, the Company acquired NWC Research, an Asia Pacific research company based in Australia. The total purchase price was \$7.8 million, excluding cash acquired of \$0.1 million, and including acquisition-related costs of \$0.2 million. The purchase price for the acquisition has been allocated to current assets of \$2.3 million, property and equipment of \$0.6 million, current liabilities of \$1.5 million, and goodwill and other identified intangibles of \$6.4 million. Goodwill and other identified intangibles include: customer relationships of \$2.7 million (life of 11 years), non-compete agreements of \$0.2 million (life of 7 years), and goodwill of \$3.5 million, which includes \$0.2 million of acquisition costs, none of which will be deductible for income tax purposes.

On June 22, 2007, the Company acquired expresscopy.com, a provider of printing and mailing services that specializes in short-run customized direct mail pieces. The total purchase price was \$8.0 million, excluding cash acquired of \$0.1 million, and including acquisition-related costs of \$0.2 million. The purchase price for the acquisition has been allocated to current assets of \$0.6 million, property and equipment of \$3.8 million, developed technology of \$0.9 million, current liabilities of \$1.9 million, other liabilities of \$2.9 million, and goodwill and other identified intangibles of \$7.5 million. Goodwill and other identified intangibles include: customer relationships of \$1.5 million (life of 5 years), trade names of \$0.6 million (life of 12 years), a non-compete agreement of \$0.3 million (life of 12 years), and goodwill of \$5.1 million, which includes \$0.2 million of acquisition costs, which will all be deductible for income tax purposes.

The Company accounted for these acquisitions under the purchase method of accounting and the operating results for each of these acquisitions are included in the accompanying consolidated financial statements from the respective acquisition dates. All of these acquisitions were asset purchases, excluding Direct Media, Inc. and Guideline, Inc., which were stock purchases. These acquisitions were completed to grow the Company's market share. The Company believes that increasing its market share will enable it to compete over the long term in the databases, direct marketing, e-mail marketing and market research industries.

Assuming the acquisitions described above made during 2007 and 2008 had been acquired on January 1, 2007 and included in the accompanying consolidated statements of operations, unaudited pro forma consolidated net sales, net income (loss) and earnings (loss) per share would have been as follows:

Stock options have been issued under the 1997 Stock Option Plan. The shareholders of the Company also approved the 2007 Omnibus Incentive Plan in June 2007. The Company has issued 50,000 options under the 2007 Omnibus Incentive Plan as of September 30, 2008. These options, which were issued in June 2008, have an exercise price of \$6.00 (which was 118% of the fair market price), vest over a four-year period at 25% per year, and expire in June 2018, ten years from the grant date. Historically, option grants have included those that vest over an eight-year period, expire ten years from date of grant and are granted at 125% of the stock's fair market value on the date of grant. The Company has also granted options that have exercise prices at the stock's fair market value on the date of grant, vest over a four-year period at 25% per year, and expire five years from the date of grant. In October 2008, the shareholders of the Company approved the Amended and Restated 2007 Omnibus Incentive Plan to clarify the number of shares of the Company's common stock available to be granted pursuant to the 2007 Omnibus Incentive Plan.

Compensation expense is recognized only for those options expected to vest, with forfeitures estimated based on the Company's historical experience and future expectations. The compensation expense for the quarter ended September 30, 2008 on income before income taxes and net income was \$0.1 million, and there was no impact on basic and diluted earnings (loss) per share for the same period. The impact to the nine months ended September 30, 2008 on income before taxes and net income was \$0.4 million, and \$0.2 million, respectively, and there was no impact on basic and diluted earnings (loss) per share for the same period.

The Company granted 50,000 options during the nine-month period ended September 30, 2008, and no options during the nine-month period ended September 30, 2007.

The fair value of stock options granted was estimated using a Black-Scholes valuation model with the following assumptions:

	Nine-Months Ended September 30,	
	2008	2007
Risk-free interest rate	3.22%	*
Expected dividend yield	6.86%	*
Expected volatility	40.69%	*
Expected term (in years)	4.0	*

* Not applicable as there were no grants for the nine-months ended September 30, 2007.

The risk-free interest rate assumptions were based on an average of the 3-year and 5-year U.S Treasury note yields at the date of grant. The expected volatility was based on historical daily price changes of the Company's common stock since June 2004. The expected term was based on the historical exercise behavior and the weighted average of the vesting period and the contractual term.

The following table summarizes stock option plan activity for the nine months ended September 30, 2008:

Weighted Average Number of	Weighted Average	Weighted Average Remaining	Aggregate Intrinsic Value at June 30,
---	-----------------------------	---	--

	Options	Exercise	Contractual	2008

Outstanding end of period	570,000	12.09	6.70	\$ 31
Options exercisable at end of period	158,999	12.71	6.40	\$

The total intrinsic value of share options exercised during the nine months ended September 30, 2008 and 2007 was \$29 thousand and \$800 thousand, respectively. As of September 30, 2008, the total unrecognized compensation cost related to nonvested stock option awards was approximately \$0.8 million, which is expected to be recognized over a remaining weighted average period of 1.55 years. As of September 30, 2008, 4.5 million shares were available for additional option grants.

Table of Contents**7. RESTRUCTURING CHARGES**

During the three months ended September 30, 2008, the Company recorded restructuring charges of \$2.7 million, which are included within selling, general and administrative expenses on the consolidated statement of operations. This included \$0.8 million for a reduction in workforce of approximately 47 employees, as a part of the Company's continuing strategy to reduce costs and focus on core operations, and \$1.9 million in facility closure costs. During the nine months ended September 30, 2008, the Company recorded restructuring charges of \$5.6 million. This included \$3.7 million in costs related to workforce reductions of approximately 181 employees, which included \$1.7 million related to the elimination of several management positions for Guideline, Inc., and \$1.9 million in facility closure costs.

During the three months ended September 30, 2007, the Company recorded restructuring charges of \$3.7 million. These costs related to workforce reductions as a part of the Company's continuing strategy to reduce costs and focus on core operations of \$1.4 million and the restructuring of *infoUSA* National Accounts Division of \$2.3 million. During the third quarter of 2007, the total workforce reduction charges included involuntary employee separation costs for approximately 168 employees. During the nine months ended September 30, 2007, the Company recorded restructuring costs totaling \$8.9 million. These costs related to employee separation costs for total workforce reductions for approximately 300 employees, and included the costs associated with the restructuring of the *infoUSA* National Accounts Division of \$5.5 million, and the Hill-Donnelly Division of \$0.4 million. The remaining costs of \$3.0 million are associated with the Company's continuing strategy to reduce costs for the nine months ended September 30, 2007.

The following table summarizes activity related to the restructuring charges recorded by the Company for the nine months ended September 30, 2008, including both the restructuring accrual balances, and those costs expensed and paid within the same period:

11. CONTINGENCIES

In February 2006, Cardinal Value Equity Partners, L.P. (Cardinal) filed a derivative lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County (the Court), against certain current and former directors of the Company, and the Company, asserting claims for breach of fiduciary duty. In October 2006, Dolphin Limited Partnership I, L.P., Dolphin Financial Partners, L.L.C. and Robert Bartow (collectively with Cardinal, the

Plaintiffs) filed a derivative lawsuit in the Court against certain current and former directors of the Company, and the Company as a nominal defendant, claiming breach of fiduciary duty and misuse of corporate assets. In January 2007, the Court granted the defendants' motion to consolidate the actions (as consolidated, the Derivative Litigation).

In November 2007, the Company received a request from the Denver Regional Office of the Securities and Exchange Commission (SEC) asking the Company to produce voluntarily certain documents as part of an informal SEC investigation. The requested documents relate to the allegations made in the Derivative Litigation, as well as related party transactions, expense reimbursement, other corporate expenditures, and certain trading in the Company's securities. The Special Litigation Committee, the formation and activities of which are described in more detail below, has reported the results of its investigation to the SEC, and the Company intends to continue to cooperate fully with the SEC's requests. In late October 2008, the Company was advised that the SEC had issued a formal order of investigation. Pursuant to the formal order, the SEC has issued several subpoenas to the Company and certain of its current and former directors and employees. Because the investigation is ongoing, the Company cannot predict the outcome of the investigation or its impact on the Company's business.

In December 2007, the Company's Board of Directors formed a Special Litigation Committee (the SLC) in response to the Derivative Litigation and the SEC's informal investigation and request for voluntary production of documents. The SLC, which consisted of five independent Board members, conducted an investigation of the issues in the Derivative Litigation and the SEC's informal investigation, as well as other related matters. Based on its review, the SLC determined, on July 16, 2008, that various related party transactions, expense reimbursements and corporate expenditures were excessive and, in response, approved a series of remedial actions. The remedial actions are set forth in Item 9A, Controls and Procedures in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

The SLC conducted settlement discussions on behalf of the Company with all relevant parties, including the current and former directors of the Company named in the suit, Vinod Gupta and the Plaintiffs. On August 20, 2008, all relevant parties entered into a Stipulation of Settlement, the material terms of which are set forth in the Company's Current Report on Form 8-K/A filed on August 22, 2008. A number of remedial measures were adopted in conjunction with the Stipulation of Settlement and implementation of these measures has begun.

Under the terms of the Stipulation of Settlement, Vinod Gupta resigned as Chief Executive Officer of the Company on August 20, 2008. Mr. Gupta and the Company entered into a Separation Agreement and General Release dated August 20, 2008 (the Separation Agreement), under which Mr. Gupta granted a full release of the Company and received the right to severance payments totaling \$10.0 million (contingent on Mr. Gupta adhering to certain requirements in the Separation Agreement). The first severance payment in the amount of \$5.0 million, which was due within sixty days of execution of the Separation Agreement, was paid by the Company to Mr. Gupta on October 17, 2008.

Pursuant to the Stipulation of Settlement, Mr. Gupta has agreed to pay the Company \$9.0 million incrementally over four years. This receivable was recorded within equity as a note receivable from shareholder on the consolidated balance sheet. The corresponding contribution was reduced by \$2.5 million for federal and state income taxes and was recorded within paid-in capital on the consolidated balance sheet. Mr. Gupta's first payment to the Company, in the amount of \$2.2 million, is expected to be paid not later than sixty (60) days after the entry of judgment by the Court on the settlement.

Table of Contents

On November 7, 2008, the Court entered an Order and Final Judgment approving all the terms of the Stipulation of Settlement and dismissing the Derivative Litigation with prejudice. The Court's order also awarded Plaintiffs' counsel fees of \$7 million and expenses in the amount of \$210,710, all payable by the Company.

The Company is subject to legal claims and assertions in the ordinary course of business. Although the outcomes of any other lawsuits and claims are uncertain, the Company does not believe that, individually or in the aggregate, any such lawsuits or claims will have a material effect on its business, financial conditions, results of operations or liquidity.

12. RELATED PARTY TRANSACTIONS

The Company has retained the law firm of Robins, Kaplan, Miller & Ciresi L.L.P. to provide certain legal services. Elliot Kaplan, a director of the Company, is a named partner and former Chairman of the Executive Board of Robins, Kaplan, Miller & Ciresi L.L.P. The Company paid a total of \$68 thousand and \$696 thousand to this law firm during the three months ended September 30, 2008 and 2007, respectively. During the nine months ended September 30, 2008 and 2007, the Company paid a total of \$190 thousand and \$962 thousand to this law firm, respectively.

The Company made no rent or association dues payments during the three months ended September 30, 2008 for a condominium owned by Jess Gupta, and previously used by the Company. The Company paid \$12 thousand for rent, and \$3 thousand for association dues, during the three months ended September 30, 2007. During the nine months ended September 30, 2008 and 2007, the Company paid a total of \$24 thousand and \$36 thousand for rent, respectively, and \$6 thousand and \$9 thousand for association dues, respectively, for use of this condominium. Jess Gupta is the son of Vinod Gupta, the Company's former Chief Executive Officer.

During 2008 and 2007, Everest Inc. (f/k/a Vinod Gupta & Company, f/k/a Annapurna Corporation) and Everest Investment Management LLC rented office space in a building owned by the Company. Everest Inc. and Everest Investment Management LLC are owned by Mr. Gupta and his three sons. The reimbursements received by the Company from Everest Inc. and Everest Investment Management LLC totaled \$5 thousand during the three months ended September 30, 2008 and 2007. During the nine months ended September 30, 2008 and 2007, the reimbursements totaled \$14 thousand. Additionally, the Company received reimbursements for use of office space from PK Ware, Inc., an entity of which George Haddix, a director of the Company, is a majority shareholder. Reimbursements received from Dr. Haddix were \$2 thousand during the three months ended September 30, 2008 and 2007, and \$6 thousand and \$7 thousand during the nine months ended September 30, 2008 and 2007, respectively. The Company received \$1 thousand for reimbursements for use of office space from John Staples, III, who is a director of the Company, during the three months ended September 30, 2008, and \$3 thousand during the nine months ended September 30, 2008. The use of Company office space between the Company and each of Dr. Haddix and Mr. Staples were terminated in September 2008.

The Company received reimbursements from Everest Inc. for shared personnel services of \$4 thousand during the three months ended September 30, 2008, and \$19 thousand during the nine months ended September 30, 2008. These shared services were terminated in August 2008. Additionally, the Company received other miscellaneous expense reimbursements from Everest Inc. of \$7 thousand and \$1 thousand during the three months ended September 30, 2008 and 2007, respectively, and \$9 thousand and \$1 thousand during the nine months ended September 30, 2008 and 2007, respectively.

13. DEBT

At September 30, 2008, the term loan of the Senior Secured Credit Facility entered into on February 14, 2006 (as amended, the 2006 Credit Facility) had a balance of \$171.0 million, bearing an average interest rate of 5.77%. The revolving line of credit had a balance of \$98.0 million, bearing an interest rate of 5.11%, and \$77.0 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the 2006 Credit Facility.

In light of the Special Litigation Committee's investigation described in Note 11 in the Notes to Consolidated Financial Statements, the Company was unable to file its Annual Report on Form 10-K for the year ended December 31, 2007 (the 2007 Form 10-K) and the Form 10-Q for the quarter ended March 31, 2008 (the First Quarter 2008 Form 10-Q) by the SEC's filing deadline. Failure to timely file the 2007 Form 10-K and the First Quarter 2008 Form 10-Q and provide annual and quarterly financial statements to the lenders to the 2006 Credit Facility would have

constituted a default under the 2006 Credit Facility. Therefore, on March 26, 2008, the Company and the lenders to the 2006 Credit Facility entered into a Third Amendment (the Third Amendment) to the 2006 Credit Facility which, among other things: (1) extended the deadlines by which the Company must file the 2007 Form 10-K and the First Quarter 2008 Form 10-Q and provide certain annual and quarterly financial statements to the lenders; (2) waived any other

Table of Contents

defaults arising from these filing delays; and (3) modified the covenant related to operating leases. On June 27, 2008, the Company and the lenders to the 2006 Credit Facility entered into a Fourth Amendment (the Fourth Amendment) to the 2006 Credit Facility (as amended by the Third Amendment and the Fourth Amendment, the Amended 2006 Credit Facility), which extended the deadlines for filing with the SEC the 2007 Form 10-K and the First Quarter 2008 Form 10-Q to August 15, 2008, and the Form 10-Q for the quarter ended June 30, 2008 (the Second Quarter 2008 Form 10-Q) to August 29, 2008. As a result of the amendments, the Company was in compliance with all restrictive covenants of the 2006 Credit Facility as of September 30, 2008. The Company filed the 2007 Form 10-K and the First Quarter 2008 Form 10-Q with the SEC on August 8, 2008, and the Second Quarter 2008 Form 10-Q on August 21, 2008.

14. SUBSEQUENT EVENTS

On October 3, 2008, the Company sold its yacht, which was recorded within assets held for sale at September 30, 2008. The sale price of the yacht was \$1.5 million. The Company had recorded a loss of \$0.1 million during the third quarter of 2008 related to the proposed sale.

On November 7, 2008, the Court in the Derivative Litigation awarded payment of attorneys fees in the amount of \$7.0 million and reimbursement of costs in the amount of \$0.2 million to the plaintiffs. These amounts were recorded in the quarter ended September 30, 2008, within selling, general and administrative expenses in the Company s Consolidated Statements of Operations.

As of November 6, 2008, the value of marketable securities has declined by approximately \$1.0 million from the September 30, 2008 value, due to the decline in value of one security.

Our actual future results could differ materially from those projected in the forward-looking statements. Some factors which could cause future actual results to differ materially from our recent results or those projected in the forward-looking statements are described below under the heading Risk Factors in Item 1A of Part II of this Form 10-Q and in Item 1A Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2007. Such factors, among others, may have a material adverse effect upon our business, financial condition, and results of operations. We assume no obligation to update the forward-looking statements or such factors. Accordingly, you are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date on which they are made.

General

Overview

On June 1, 2008, we changed our Company name from *infoUSA Inc.* to *infoGROUP Inc.* (the Company or *infoGROUP* or we). We are a Delaware corporation incorporated in 1972.

We report results in three segments: the Data Group, the Services Group, and the Marketing Research Group.

Our initiatives in the first nine months of 2008 included:

Announcing the acquisition of Direct Media, Inc., which closed effective January 1, 2008. Direct Media, Inc., which became part of the Services Group, is a provider of list brokerage, list management, analytics, database marketing and data processing services.

Expanding our international business and executive databases by adding content for China and Australia.

Expanding the presence of Yesmail, our e-mail technology company, and making advancements in technology and product development processes.

Continuing to invest in merchandising, advertising and branding. The advertising campaigns include e-mail, print, television, radio, direct mail, and search word advertising, as well as the use of white glove client services. Most notable advertisements included commercials that aired during the Super Bowl, on February 3, 2008, featuring Salesgenie.com.

Completing the compilation of *infoUK.com*'s UK Business Database, which provides contact names and addresses of businesses in the United Kingdom. We are selling information in this database to small and large customers in the form of customized list products, online access, subscription services, and license agreements to value-added resellers.

Significant steps were made towards improving corporate governance and internal controls over financial reporting as noted in Item 4, Controls and Procedures.

Sales & Marketing Strategy

We employ several media options to grow and increase our market share, including direct mail, print, outbound telemarketing, search marketing, online advertising, event sponsorships, and television, radio and e-mail marketing. In the first nine months of 2008, we continued these traditional forms of advertising, as well as national and local radio and television campaigns to further build our brand name and drive revenue for our online subscription product, *Salesgenie.com*. We continue to advertise to promote our valuable brand, including television advertisements in the

first nine months of 2008 that aired during the Super Bowl, and other high profile sporting and news coverage events.

Table of Contents

To monitor the success of our various marketing efforts, we have incorporated data gathering and tracking systems. These systems enable us to determine the type of advertising that best appeals to our target market so that we can make future investments in these programs and obtain a greater yield from our marketing. Additionally, through the use of our database tools, we are working to more efficiently determine the needs of our various client segments and tailor our services to their individual needs. With this system, we plan to strengthen relationships and support marketing campaigns to attract new clients.

Growth Strategy

Our growth strategy continues to have multiple components. Our primary growth strategy is to improve our organic growth. Key to this is our effort to replace revenue from declining traditional direct marketing products and services with our digital solutions initiatives including online Internet subscription services. Subscription services offer enhanced annual revenue per customer, assure greater multi-year revenue retention, and, most importantly, provide greater value to our customers by providing Internet access to our content and customer acquisition and retention software tools. Delivery of information via the Internet is the method preferred by our customers. We are investing in Internet technology to develop subscription-based new customer development services for businesses and sales people.

We have grown through more than 36 strategic acquisitions in the last ten years. These acquisitions have enabled us to acquire the requisite critical mass to compete over the long term in the databases, direct marketing, e-mail marketing and market research industries. During 2007, we acquired Guideline, Inc., NWC Research and Northwest Research Group, which complement our existing market research services, and expresscopy.com, a provider of printing and mailing services that specializes in short-run customized direct mail pieces, allowing us to expand our existing data services. In 2007, we also acquired SECO Financial, a specialist in database marketing to the financial services industry. In 2008, we acquired Direct Media, Inc., which provides list brokerage, list management, analytics, database marketing and data processing services. We are currently focusing on organic growth and using any excess cash flow to pay down existing debt. However, in the future, we plan to consider strategic acquisitions that complement our existing businesses.

We also are focusing on international growth opportunities. We are now upgrading our international business databases and expanding our own compilation efforts. In late 2005, we opened a database center in India. We have also partnered with content providers worldwide. Our comprehensive international database includes information on approximately 1.1 million large public and private non-U.S. companies in approximately 200 countries. There are over 10.4 million executives represented in our non-U.S. global database, which is constantly updated using several daily news sources to track changes such as executive turnover, mergers and acquisitions, and late-breaking company news. We are also putting emphasis on more comprehensive financial information and regulatory filings. Examples include SEC filings, annual reports, analyst and industry reports, and detailed corporate family structure. Additionally, we believe that the acquisition of Australia-based NWC Research in July 2007 will help us grow in the Asia-Pacific region.

As we continue to enhance our international databases, we are aggressively pursuing high growth, emerging markets in the Asia-Pacific region, Western Europe, Australia, and South America. Using London as our OneSource international headquarters, we have sales offices in Hong Kong, New Delhi, Sydney and Singapore.

In the third quarter of 2008, we completed the compilation of a business database in the United Kingdom. This database, created from a variety of publicly available sources, contains information on approximately 3.1 million UK businesses. We also conducted telephone surveys of businesses in the database to augment the file with a variety of proprietary information, including: trading address, name of the owner or manager, number of employees per location, web site address (URL), years established, and whether the business is a single location or part of a larger company. We have now begun to market and sell this database to small and large customers in the form of customized list products, online access, subscription services, and license agreements to value-added resellers.

Net sales

Net sales for the quarter ended September 30, 2008 were \$181.9 million, a decrease of 2% from \$185.0 million for the same period in 2007. Net sales for the nine months ended September 30, 2008 were \$560.2 million, an increase of 11% from \$502.9 million for the same period in 2007.

Net sales of the Data Group for the quarter ended September 30, 2008 were \$74.8 million, a 19% decrease from \$92.7 million for the same period in 2007. Net sales for the nine months ended September 30, 2008 were \$237.9 million, a decrease of 4% from \$248.9 million for the same period in 2007. The third quarter 2007 and nine months ended September 30, 2007 net sales of the Data Group included \$9.9 million received from the final settlement in a lawsuit, which was originally commenced in December 2001, against Naviant, Inc. (now known as BERJ, LLP) in the District Court for Douglas County, Nebraska for breach of a database license agreement. Additionally, the third quarter of 2007 and nine months ended September 30, 2007 included revenue from a license agreement with First Data Resources, which was not renewed in 2008, of \$3.6 million and \$9.6 million, respectively. The remaining decrease for the quarter is principally due to a decline in demand for the traditional direct marketing products. These decreases were offset partly by an increase in the Data Group for nine months ended September 30, 2008 due to the acquisitions of expresscopy.com,

Table of Contents

acquired in June 2007, and SECO Financial, acquired in October 2007. The Data Group provides our proprietary databases and database marketing solutions, and principally engages in the selling of sales lead generation and consumer DVD products to small- to medium-sized companies, small office and home office businesses and individual consumers. Customers purchase our information as custom lists or on a subscription basis primarily through the Internet. Sales of subscription-based products require us to recognize revenues over the subscription period instead of at the time of sale. This segment also includes the licensing of our databases to value-added resellers.

Net sales of the Services Group for the quarter ended September 30, 2008 were \$41.5 million, a 15% increase from \$36.0 million for the same period in 2007. Net sales of the Services Group for the nine months ended September 30, 2008 were \$121.4 million, a 22% increase from \$99.5 million for the same period in 2007. The majority of the increase in the Services Group is related to the acquisition in January 2008 of Direct Media, Inc., as well as growth in the Yesmail division as e-mail marketing is becoming a bigger part of corporate advertising. The Services Group provides e-mail marketing solutions, list brokerage and list management services and online interactive marketing services to large companies in the United States, Canada and globally.

Net sales of the Marketing Research Group for the quarter ended September 30, 2008 were \$65.5 million, a 16% increase from \$56.3 million for the same period in 2007. Net sales of the Marketing Research Group for the nine months ended September 30, 2008 were \$201.0 million, a 30% increase from \$154.4 million for the same period in 2007. The majority of the increase in the Marketing Research Group is related to the acquisitions of NWC Research in July 2007, Guideline, Inc., in August 2007 and Northwest Research Group in October 2007, as well as an increase in the Macro International division due to an increase in international projects. The Marketing Research Group provides diversified market research, which consists of the Opinion Research division, Macro International, Guideline, Inc., NWC Research and Northwest Research Group.

Cost of goods and services

Cost of goods and services for the quarter ended September 30, 2008 was \$77.6 million, or 43% of net sales, compared to \$71.6 million, or 39% of net sales for the same period in 2007. Cost of goods and services for the nine months ended September 30, 2008 was \$237.1 million, or 42% of net sales, compared to \$198.7 million, or 40% of net sales for the same period in 2007.

Cost of goods and services of the Data Group for the quarter ended September 30, 2008 was \$23.1 million, or 31% of net sales, compared to \$22.7 million, or 24% of net sales for the same period in 2007. Cost of goods and services of the Data Group for the nine months ended September 30, 2008 was \$68.4 million, or 29% of net sales, compared to \$61.7 million, or 25% of net sales for the same period in 2007. The majority of the increase in the Data Group for the nine months ended September 30, 2008 is related to the costs associated with expresscopy.com, acquired in June 2007, which costs are higher as a percentage of net sales than the other divisions within the segment. Additionally, the increase in cost of goods and services as a percentage of net sales is due to the decrease in net sales for both the quarter ended September 30, 2008 and nine months ended September 30, 2008, as compared to 2007.

Cost of goods and services of the Services Group for the quarter ended September 30, 2008 was \$9.5 million, or 23% of net sales, compared to \$8.2 million, or 23% of net sales for the same period in 2007. Cost of goods and services of the Services Group for the nine months ended September 30, 2008 was \$28.5 million, or 23% of net sales, compared to \$24.0 million, or 24% of net sales for the same period in 2007. The majority of the increase in the Services Group is related to an increase in costs associated with e-mail marketing due to the growth in the Yesmail division, which resulted in higher costs, while the percentage of net sales for that segment remained relatively level. Additionally, this increase included costs associated with Direct Media, Inc., which was acquired in January 2008.

Cost of goods and services of the Marketing Research Group for the quarter ended September 30, 2008 was \$43.7 million, or 67% of net sales, compared to \$39.9 million, or 71% of net sales for the same period in 2007. Cost of goods and services of the Marketing Research Group for the nine months ended September 30, 2008 was \$136.8 million, or 68% of net sales, compared to \$110.4 million, or 72% of net sales for the same period in 2007. These costs include subcontract labor costs, direct sales and labor costs and direct programming costs associated with providing the research services performed by the Marketing Research Group. The majority of the increase in the Marketing Research Group is related to the costs associated with Guideline, Inc., NWC Research and Northwest Research Group, all acquired in the last six months of 2007. The decrease in cost of goods and services as a

percentage of net sales is the result of an increased focus on higher profit projects and pricing.

Cost of goods and services of Corporate Activities for the quarter ended September 30, 2008 was \$1.3 million, compared to \$0.8 million for the same period in 2007. Cost of goods and services of Corporate Activities for the nine months ended September 30, 2008 was \$3.4 million, compared to \$2.6 million for the same period in 2007. The majority of the increase in Corporate Activities is

Table of Contents

related to the transfer of certain personnel and support fees for accounting and finance functions from the Data Group. Total cost of goods and services for Corporate Activities includes costs related to services to support the Company's network administration, help desk functions and system personnel and support fees for accounting and finance.

Selling, general and administrative expenses

Selling, general and administrative expenses for the quarter ended September 30, 2008 were \$102.8 million, or 57% of net sales, compared to \$71.4 million, or 38% of net sales for the same period in 2007. Selling, general and administrative expenses for the nine months ended September 30, 2008 were \$275.7 million, or 50% of net sales, compared to \$213.0 million, or 42% of net sales for the same period in 2007.

Selling, general and administrative expenses of the Data Group for the quarter ended September 30, 2008 were \$32.7 million, or 44% of net sales, compared to \$34.6 million, or 37% of net sales for the same period in 2007. Selling, general and administrative expenses of the Data Group for the nine months ended September 30, 2008 were \$105.2 million, or 44% of net sales, compared to \$111.1 million, or 45% of net sales for the same period in 2007. The decrease in selling, general and administrative costs is related to the 2007 restructuring of *infoUSA* National Accounts that was completed as of December 31, 2007. See Note 7 in the Notes to Consolidated Financial Statements for further detail regarding the restructuring of *infoUSA* National Accounts. This decrease was offset by an increase in advertising spent on the Super Bowl in 2008 of \$2.0 million.

Selling, general and administrative expenses of the Services Group for the quarter ended September 30, 2008 were \$21.9 million, or 53% of net sales, compared to \$15.0 million, or 42% of net sales for the same period in 2007. Selling, general and administrative expenses of the Services Group for the nine months ended September 30, 2008 were \$64.8 million, or 53% of net sales, compared to \$45.4 million, or 46% of net sales for the same period in 2007. The majority of the increase in the Services Group is related to the increase in costs associated with e-mail marketing due to the growth in the Yesmail division, which resulted in higher costs, but a lower percentage of net sales for that segment, as well as costs associated with Direct Media, Inc., which was acquired in January 2008. Additionally, during the quarter ended September 30, 2008, the Company recorded \$1.4 million in costs within the Services Group related to facility closures primarily for Direct Media, Inc.

Selling, general and administrative expenses of the Marketing Research Group for the quarter ended September 30, 2008 were \$13.7 million, or 21% of net sales, compared to \$11.4 million, or 20% of net sales for the same period in 2007. Selling, general and administrative expenses of the Marketing Research Group for the nine months ended September 30, 2008 were \$44.4 million, or 22% of net sales, compared to \$29.9 million, or 19% of net sales for the same period in 2007. The majority of the increase in the Marketing Research Group is related to the costs associated with Guideline, Inc. (with respect to which selling, general and administrative expenses are higher as a cost of sales than with respect to the other Marketing Research Group divisions), NWC Research and Northwest Research Group, all acquired in the last six months of 2007.

Selling, general and administrative expenses of Corporate Activities for the quarter ended September 30, 2008 were \$34.5 million, compared to \$10.4 million for the same period in 2007. Selling, general and administrative expenses of Corporate Activities for the nine months ended September 30, 2008 were \$61.3 million, compared to \$26.6 million for the same period in 2007. Corporate Activities includes selling, general and administrative costs that cannot be directly attributed to the revenue producing segments. The majority of the increase is for legal expenses and professional fees related to the Special Litigation Committee's investigation related to the Derivative Litigation and the SEC's informal investigation of \$14.2 million, which includes \$7.2 million awarded by the Court to be paid to the plaintiffs for attorneys' fees and expenses. In addition, part of the increase was related to severance of \$10.0 million to the former Chief Executive Officer in connection with the Stipulation of Settlement. For the nine months ended September 30, 2008, we have incurred \$23.9 million in expenses related to the Derivative Litigation and the Special Litigation Committee's investigation. See Note 11 in the Notes to Consolidated Financial Statements for further detail regarding the Derivative Litigation and the Special Litigation Committee investigation.

Depreciation expense

Depreciation expense for the quarter ended September 30, 2008 totaled \$6.1 million, or 3% of net sales, compared to \$5.7 million, or 3% of net sales for the same period in 2007. Depreciation expense for the nine months ended September 30, 2008 totaled \$18.0 million, or 3% of net sales, compared to \$15.6 million, or 3% of net sales for the

same period in 2007.

Depreciation expense of the Data Group for the quarter ended September 30, 2008 was \$3.1 million, or 4% of net sales, compared

to \$2.4 million, or 3% of net sales for the same period in 2007. Depreciation expense of the Data Group for the nine months ended September 30, 2008 was \$8.9 million, or 4% of net sales, compared to \$7.1 million, or 3% of net sales for the same period in 2007. The increase in depreciation expense is primarily attributed to recent purchases of equipment to support the subscription business.

Depreciation expense of the Services Group for the quarter ended September 30, 2008 was \$1.1 million, or 3% of net sales, compared to \$1.2 million, or 3% of net sales for the same period in 2007. Depreciation expense of the Services Group for the nine months ended September 30, 2008 was \$3.4 million, or 3% of net sales, compared to \$3.3 million, or 3% of net sales for the same period in 2007.

Depreciation expense of the Marketing Research Group for the quarter ended September 30, 2008 was \$1.3 million, or 2% of net sales, compared to \$1.1 million, or 2% of net sales for the same period in 2007. Depreciation expense of the Marketing Research Group for the nine months ended September 30, 2008 was \$3.8 million, or 2% of net sales, compared to \$2.9 million, or 2% of net sales for the same period in 2007. Additional depreciation expense was recorded for the fixed assets from the acquisitions of Guideline, Inc., NWC Research and Northwest Research Group.

Depreciation expense of Corporate Activities for the quarter ended September 30, 2008 was \$0.6 million, compared to \$1.0 million for the same period in 2007. Depreciation expense of Corporate Activities for the nine months ended September 30, 2008 was \$1.9 million, compared to \$2.3 million for the same period in 2007. The decrease in depreciation expense is primarily attributed to certain equipment that supports the administration department becoming fully depreciated.

Amortization expense

Amortization expense for the quarter ended September 30, 2008 totaled \$4.4 million, or 2% of net sales, compared to \$5.0 million, or 3% of net sales for the same period in 2007. Amortization expense for the nine months ended September 30, 2008 totaled \$13.2 million, or 2% of net sales, compared to \$13.4 million, or 3% of net sales for the same period in 2007.

Amortization expense of the Data Group for the quarter ended September 30, 2008 was \$1.3 million, or 2% of net sales, compared to \$1.9 million, or 2% of net sales for the same period in 2007. Amortization expense of the Data Group for the nine months ended September 30, 2008 was \$4.0 million, or 2% of net sales, compared to \$5.6 million, or 2% of net sales for the same period in 2007. The decrease in amortization expense for the Data Group is due to certain identifiable intangible assets from the OneSource and ProCD acquisitions becoming fully amortized.

Amortization expense of the Services Group for the quarter ended September 30, 2008 was \$1.1 million, or 3% of net sales, compared to \$1.5 million, or 4% of net sales for the same period in 2007. Amortization expense of the Services Group for the nine months ended September 30, 2008 was \$3.3 million, or 3% of net sales, compared to \$3.1 million, or 3% of net sales for the same period in 2007. The decrease in amortization expense for the Services Group for the quarter ended September 30, 2008 is due to the write-off of the value of the trade name for Morkrynskidirect during the quarter ended September 30, 2007. The increase in amortization expense for the Services Group for the nine months ended September 30, 2008 is due to the additional amortization expense for the identifiable intangible assets for Direct Media, Inc.

Amortization expense of the Marketing Research Group for the quarter ended September 30, 2008 was \$2.0 million, or 3% of net sales, compared to \$1.6 million, or 3% of net sales for the same period in 2007. Amortization expense of the Marketing Research Group for the nine months ended September 30, 2008 was \$5.9 million, or 3% of net sales, compared to \$4.7 million, or 3% of net sales for the same period in 2007. This includes additional amortization expense for the identifiable intangible assets from the acquisition of Guideline, Inc. which was acquired in August 2007, and NWC Research and Northwest Research Group which were both acquired in October 2007.

Operating income

As a result of the factors previously described, the Company had an operating loss of \$(8.9) million, or (5)% of net sales, during the quarter ended September 30, 2008, compared to operating income of \$31.4 million, or 17% of net sales for the same period in 2007. The Company had operating income of \$16.3 million, or 3% of net sales, during the nine months ended September 30, 2008, compared to operating income of \$62.3 million, or 12% of net sales for the

same period in 2007.

Operating income for the Data Group for the quarter ended September 30, 2008 was \$14.7 million, or 20% of net sales, as compared to \$31.4 million, or 34% of net sales for the same period in 2007. Operating income for the Data Group for the nine months

Table of Contents

ended September 30, 2008 was \$51.5 million, or 22% of net sales, as compared to \$63.4 million, or 25% of net sales for the same period in 2007.

Operating income for the Services Group for the quarter ended September 30, 2008 was \$7.9 million, or 19% of net sales, as compared to \$10.0 million, or 28% of net sales for the same period in 2007. Operating income for the Services Group for the nine months ended September 30, 2008 was \$21.4 million, or 18% of net sales, as compared to \$23.8 million, or 24% of net sales for the same period in 2007.

Operating income for the Marketing Research Group for the quarter ended September 30, 2008 was \$4.9 million, or 7% of net sales, as compared to \$2.3 million, or 4% of net sales for the same period in 2007. Operating income for the Marketing Research Group for the nine months ended September 30, 2008 was \$10.0 million, or 5% of net sales, as compared to \$6.5 million, or 4% of net sales for the same period in 2007.

Operating loss for Corporate Activities for the quarter ended September 30, 2008 was \$(36.3) million, compared to \$(12.2) million for the same period in 2007. Operating loss for Corporate Activities for the nine months ended September 30, 2008 was \$(66.6) million, compared to \$(31.5) million for the same period in 2007.

Other expense, net

Other expense, net was \$(3.9) million, or (2)% of net sales, and \$(4.7) million, or (3)% of net sales, for the quarters ended September 30, 2008 and 2007, respectively. Other expense, net was \$(11.4) million, or (2)% of net sales, and \$(15.2) million, or (3)% of net sales, for the nine months ended September 30, 2008 and 2007, respectively. Other expense, net is comprised of interest expense, investment income and other income or expense items, which do not represent components of operating expense of the Company. The majority of the other expense, net was for interest expense, which was \$4.3 million and \$5.6 million for the quarters ended September 30, 2008 and 2007, respectively, and \$13.6 million and \$15.8 million for the nine months ended September 30, 2008 and 2007, respectively. The decrease in interest expense is due to the decrease in interest rates for our term loan and revolving line of credit within our Amended 2006 Credit Facility.

Income taxes

A provision for income taxes of \$(4.2) million and \$9.7 million was recorded during the quarters ended September 30, 2008 and 2007, respectively. A provision for income taxes of \$2.5 million and \$17.4 million was recorded during the nine months ended September 30, 2008 and 2007, respectively. The estimated tax rate during the nine months ending September 30, 2008 and 2007 was approximately 38% and 37%, respectively. However, the actual rate for the nine months ended September 30, 2008 was approximately 52% as a result of discrete items recorded due to the expiration of the 2004 federal statute of limitations.

Liquidity and Capital Resources*Overview*

At September 30, 2008, the term loan of the Senior Secured Credit Facility entered into on February 14, 2006 (as amended, the 2006 Credit Facility) had a balance of \$171.0 million, bearing an average interest rate of 5.77%. The revolving line of credit had a balance of \$98.0 million, bearing an interest rate of 5.11%, and \$77.0 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the 2006 Credit Facility.

The 2006 Credit Facility provides for grid-based interest pricing based upon our consolidated total leverage ratio. Interest rates for use of the revolving line of credit range from base rate plus 0.25% to 1.00% for base rate loans and LIBOR plus 1.25% to 2.00% for Eurodollar rate loans. Interest rates for the term loan range from base rate plus 0.75% to 1.00% for base rate loans and LIBOR plus 1.75% to 2.00% for Eurodollar rate loans. Subject to certain limitations set forth in the credit agreement, we may designate borrowings under the 2006 Credit Facility as base rate loans or Eurodollar loans.

We are subject to certain financial covenants in the 2006 Credit Facility, including a minimum consolidated fixed charge coverage ratio, maximum consolidated total leverage ratio and minimum consolidated net worth. The fixed charge coverage ratio and leverage ratio financial covenants are based on EBITDA (earnings before interest expense, income taxes, depreciation and amortization), as adjusted, providing for adjustments to EBITDA for certain agreed upon items including non-operating, non-recurring gains (losses), other charges (gains), asset impairments, non-cash stock compensation expense and other items specified in the 2006 Credit Facility.

Table of Contents

In light of the Special Litigation Committee's investigation described in Note 11 in the Notes to Consolidated Financial Statements, the Company was unable to file its Annual Report on Form 10-K for the year ended December 31, 2007 (the 2007 Form 10-K) and the Form 10-Q for the quarter ended March 31, 2008 (the First Quarter 2008 Form 10-Q) by the SEC's filing deadline. Failure to timely file the 2007 Form 10-K and the First Quarter 2008 Form 10-Q and provide annual and quarterly financial statements to the lenders to the 2006 Credit Facility would have constituted a default under the 2006 Credit Facility. Therefore, on March 26, 2008, the Company and the lenders to the 2006 Credit Facility entered into a Third Amendment (the Third Amendment) to the 2006 Credit Facility which, among other things: (1) extended the deadlines by which the Company must file the 2007 Form 10-K and the First Quarter 2008 Form 10-Q and provide certain annual and quarterly financial statements to the lenders; (2) waived any other defaults arising from these filing delays; and (3) modified the covenant related to operating leases. On June 27, 2008, the Company and the lenders to the 2006 Credit Facility entered into a Fourth Amendment (the Fourth Amendment) to the 2006 Credit Facility (as amended by the Third Amendment and the Fourth Amendment, the Amended 2006 Credit Facility), which extended the deadlines for filing with the SEC the 2007 Form 10-K and the First Quarter 2008 Form 10-Q to August 15, 2008, and the Form 10-Q for the quarter ended June 30, 2008 (the Second Quarter 2008 Form 10-Q) to August 29, 2008. As a result of the amendments, the Company was in compliance with all restrictive covenants of the 2006 Credit Facility as of September 30, 2008. The Company filed the 2007 Form 10-K and the First Quarter 2008 Form 10-Q with the SEC on August 8, 2008, and the Second Quarter 2008 Form 10-Q on August 21, 2008.

The Amended 2006 Credit Facility provides that we may pay cash dividends on our common stock or repurchase shares of our common stock provided that (1) before and after giving effect to such dividend or repurchase, no event of default exists or would exist under the credit agreement, (2) before and after giving effect to such dividend or repurchase, our consolidated total leverage ratio is not more than 2.75 to 1.00, and (3) the aggregate amount of all cash dividends and stock repurchases during any loan year does not exceed \$20 million, except that there is no cap on the amount of cash dividends or stock repurchases so long as, after giving effect to the dividend or repurchase, our consolidated total leverage ratio is not more than 2.00 to 1.00.

As of September 30, 2008, the Company has incurred \$26.9 million in professional fees and legal expenses related to the Special Litigation Committee's investigation related to the Derivative Litigation and the SEC's informal investigation. This includes \$3.0 million incurred in 2007 and \$23.9 million incurred during the nine months ended September 30, 2008. The Company expects to incur additional expenses related to the Derivative Litigation and the Special Litigation Committee's investigation in the remainder of 2008. However, we believe these expenses will be at a lower run rate than previously incurred.

As of September 30, 2008, we had a working capital deficit of \$19.4 million, which included \$59.1 million of deferred revenue. We believe that our existing sources of liquidity and cash generated from operations will satisfy our projected working capital, debt repayments and other cash requirements for at least the next 12 months. Acquisitions of other technologies, products or companies, or internal product development efforts may require us to obtain additional equity or debt financing, which may not be available or may be dilutive.

Selected Consolidated Statements of Cash Flows Information

Net cash provided by operating activities during the nine months ended September 30, 2008 totaled \$32.2 million compared to \$55.0 million for the same period in 2007. The decrease in cash provided was primarily due to the decrease in net income.

Net cash used in investing activities during the nine months ended September 30, 2008 totaled \$40.7 million, compared to \$69.7 million for the same period in 2007. The current period outflow was mainly attributed to our spending of \$18.6 million for additions of property and equipment, and \$6.4 million for software and database development costs. Additionally, we paid \$18.9 million for business acquisitions, which was primarily for the acquisition of Direct Media, Inc. in January 2008. This was offset partly by the receipt of \$4.7 million for the sale of property and equipment, which was primarily for the sale of the Company's fractional interest in two aircraft.

Net cash provided by financing activities during the nine months ended September 30, 2008 totaled \$7.9 million, compared to \$18.6 million for the same period in 2007. The dividend payments, totaling \$19.8 million, were paid on March 5, 2008, to shareholders of record as of the close of business on February 18, 2008. Total net proceeds received

from long-term debt during the nine months ended September 30, 2008 were \$28.8 million. The proceeds were used to fund the acquisition of Direct Media, Inc., and dividend payments to shareholders.

Selected Consolidated Balance Sheet Information

Trade accounts receivable decreased to \$57.8 million at September 30, 2008 from \$78.6 million at December 31, 2007. The decrease is the result of collections of invoices that were invoiced in the fourth quarter of 2007 for several of our contractual customers.

List brokerage trade accounts receivable increased to \$92.0 million at September 30, 2008 from \$68.4 million at December 31, 2007. The increase is the result of the list brokerage trade accounts receivable recorded for the acquisition of Direct Media, Inc. acquired in January 2008, as well as the seasonality of the list brokerage business.

Unbilled services increased to \$32.2 million at September 30, 2008 from \$25.1 million at December 31, 2007. The increase was primarily the result of an increase in services provided within the Macro International division in the Marketing Research Group.

Deferred income taxes within current assets increased to \$9.7 million at September 30, 2008 from \$4.0 million at December 31, 2007. The increase was due to the change in timing of deferred income tax components.

Assets held for sale at September 30, 2008 was \$3.0 million, which included three assets that the Company was in the process of selling, compared to zero at December 31, 2007. See Note 10 in the Notes to Consolidated Financial Statements for further detail regarding assets held for sale.

Goodwill increased to \$420.1 million at September 30, 2008 from \$415.1 million at December 31, 2007. The increase was the result of the allocation of goodwill recorded for the acquisition of Direct Media, Inc. in January 2008.

Other assets decreased to \$6.0 million at September 30, 2008 from \$11.4 million at December 31, 2007. The decrease was primarily the result of the sale of fractional interest in two aircraft.

Accounts payable increased to \$32.6 million at September 30, 2008 from \$23.3 million at December 31, 2007. The increase was primarily due to the timing of accounts payable disbursements, as well as an increase in accruals for expenses related to the Derivative Litigation and the Special Litigation Committee's investigation.

List brokerage trade accounts payable increased to \$77.9 million at September 30, 2008 from \$63.8 million at December 31, 2007, which is related to the increase in the list brokerage trade accounts receivable. The increase is the result of the list brokerage trade accounts payable recorded for the acquisition in January 2008 of Direct Media, Inc., and the seasonality of the list brokerage business.

Accrued expenses increased to \$29.3 million at September 30, 2008 from \$22.2 million at December 31, 2007. The increase was primarily due to the accrual of \$7.2 million awarded by the Court to the Plaintiffs for attorneys' fees and expenses in the Derivative Litigation.

Deferred revenue decreased to \$59.1 million at September 30, 2008 from \$71.9 million at December 31, 2007, which is the result of revenue being recognized from fourth quarter 2007 invoices for various customers within the Data Group segment during the first nine months of 2008.

Long-term debt, net of current portion increased to \$309.8 million at September 30, 2008 from \$278.3 million at December 31, 2007. The increase in long-term debt, net of current portion is primarily due to the increase in the Amended 2006 Credit Facility to fund the acquisition of Direct Media, Inc., and dividend payment to shareholders.

Non-current deferred income tax liabilities decreased to \$26.6 million at September 30, 2008 from \$31.0 million at December 31, 2007 due to the change in timing of deferred income tax components. The main components of this change include a decrease in the deferred tax liabilities due to the acquisition of Direct Media, Inc. and an increase in the deferred tax assets due to the change in the bonus accrual between the two periods.

Paid-in capital increased to \$146.4 million at September 30, 2008 from \$137.1 million at December 31, 2007. The increase is the result of the settlement payment from the former Chief Executive Officer pursuant to the Stipulation of Settlement. The corresponding receivable is recorded in the equity section as a note receivable from shareholder.

Table of Contents**Off-Balance Sheet Arrangements**

Other than rents associated with facility leasing arrangements, the Company does not engage in off-balance sheet financing activities. The Company's operating lease commitments are included in the contractual obligations table set forth in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 under Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations.

Accounting Standards

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS No. 157, *Fair Value Measurements* (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value and requires enhanced disclosures about fair value measurements. SFAS 157 requires companies to disclose the fair value of their financial instruments according to a fair value hierarchy as defined in the standard. Additionally, companies are required to provide enhanced disclosure regarding financial instruments in one of the categories (level 3), including a reconciliation of the beginning and ending balances separately for each major category of assets and liabilities. SFAS 157 was effective for the Company on January 1, 2008. However, in February 2008, the FASB released FASB Staff Position (FSP FAS 157-2 Effective Date of FASB Statement No. 157), which delayed the effective date of SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). The adoption of SFAS 157 for our financial assets and liabilities did not have a material impact on our consolidated financial statements. We do not believe the adoption of SFAS 157 for our non-financial assets and liabilities, effective January 1, 2009, will have a material impact on our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115* (SFAS 159). SFAS 159 permits entities to elect to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS 159 was effective for the Company on January 1, 2008. The adoption of SFAS 159 did not have a material impact on our consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141R, *Business Combinations* (SFAS 141R), a revision to SFAS No. 141, *Business Combinations*. SFAS 141R provides revised guidance for recognition and measurement of identifiable assets and goodwill acquired, liabilities assumed, and any noncontrolling interest in the acquiree at fair value. SFAS 141R also establishes disclosure requirements to enable the evaluation of the nature and financial effects of a business combination. SFAS 141R is required to be applied prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008 (January 1, 2009 for the Company). The Company is currently evaluating the potential impact of the adoption of SFAS 141R on its consolidated financial statements.

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements an amendment of ARB No. 51* (SFAS 160). SFAS 160 establishes accounting and reporting standards for ownership interests in subsidiaries held by parties other than the parent. Specifically, SFAS 160 requires the presentation of noncontrolling interests as equity in the Consolidated Statement of Financial Position, and separate identification and presentation in the Consolidated Statement of Operations of net income attributable to the entity and the noncontrolling interest. It also establishes accounting and reporting standards regarding deconsolidation and changes in a parent's ownership interest. SFAS 160 is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008 (January 1, 2009 for the Company). The provisions of SFAS 160 are generally required to be applied prospectively, except for the presentation and disclosure requirements, which must be applied retrospectively. The Company is currently evaluating the potential impact, if any, of the adoption of SFAS 160 on its consolidated financial statements.

Inflation

We do not believe that the rate of inflation has had a material effect on our operating results. However, inflation could adversely affect our future operating results if it were to result in a substantial weakening of the economic condition.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have identified interest rate risk as our primary market risk exposure. Because nearly all our debts are at variable rates, any significant changes to interest rates may adversely impact our earnings and cash flow. If necessary, we could refinance our debt to fixed rates or utilize interest rate protection agreements to manage interest rate risk. For example, each 100 basis point increase

Table of Contents

(decrease) in the interest rate would cause an annual increase (decrease) in interest expense of approximately \$2.69 million. At September 30, 2008, we had long-term debt with a carrying value of \$312.8 million, which approximates fair value.

ITEM 4. CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures

The Company is responsible for maintaining disclosure controls and other procedures that are designed so that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and communicated to management, including the Chief Executive Officer and the Chief Financial Officer, to allow timely decisions regarding required disclosure within the time periods specified in the SEC's rules and forms.

In connection with the preparation of this Form 10-Q, management performed an evaluation of the Company's disclosure controls and procedures. The evaluation was performed, under the supervision of and with the participation of the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures, as defined in Exchange Act Rule 13a-15(e) as of September 30, 2008. In addition, as described under Item 9A, "Controls and Procedures" in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, management identified material weaknesses in the Company's internal control over financial reporting, which is an integral component of its disclosure controls and procedures. Based on this evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were not effective as of September 30, 2008.

The Company is in the process of remediating the existing material weaknesses, as described in more detail below.

(b) Changes in internal control over financial reporting

In connection with the conclusion of an internal investigation by the Special Litigation Committee and the settlement of Derivative Litigation, the Company has taken steps to improve its corporate governance and to remedy the material weaknesses as described under Item 9A "Controls and Procedures" in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 (the "2007 Form 10-K"). This remedial framework is described in detail in the 2007 Form 10-K, which was filed on August 8, 2008, and the Current Report on Form 8-K/A, which was filed on August 22, 2008.

Since the filing of the 2007 Form 10-K, the Company has implemented most of the corporate governance and expense control measures described therein. In particular:

The Company separated the positions of Chairman of the Board and Chief Executive Officer, both of which had been held by Vinod Gupta, and appointed independent director Bernard Reznicek as Chairman of the Board and former lead independent director Bill L. Fairfield as Chief Executive Officer.

The Company created a new position of Executive Vice President for Business Conduct and General Counsel ("EVP") and appointed John H. Longwell, the Company's general counsel and corporate secretary since November 2006, as Acting EVP. The position reports directly to the Chairman of the Board and is responsible for oversight of certain corporate expenses. The Company has recently announced the relocation of the position to the Company's Omaha headquarters and the appointment of Thomas McCusker, former general counsel of Mutual of Omaha, to serve as EVP on a permanent basis beginning in December 2008.

The Company has revised its corporate governance and business expense policies under the direction of the Acting EVP. In October 2008, the Audit Committee adopted new disclosure controls and procedures and the Independent Directors of the Company (as that term is defined in the Stipulation of Settlement) adopted resolutions and policies governing delegation of authority, reimbursement of expenses, insider trading, related party transactions and nepotism. The Board of Directors also adopted a new Code of Conduct. Copies of all of the policies described above are available at www.infogroup.com.

The Audit Committee of the Board of Directors, in consultation with the Chief Executive Officer, has identified a new Chief Financial Officer, who is expected to join the Company in December 2008.

Table of Contents

Other than as described above, no other changes were made during the third quarter of 2008 in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II**OTHER INFORMATION****ITEM 1. LEGAL PROCEEDINGS**

In February 2006, Cardinal Value Equity Partners, L.P. (Cardinal) filed a derivative lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County (the Court), against certain current and former directors of the Company, and the Company, asserting claims for breach of fiduciary duty. In October 2006, Dolphin Limited Partnership I, L.P., Dolphin Financial Partners, L.L.C. and Robert Bartow (collectively with Cardinal, the Plaintiffs) filed a derivative lawsuit in the Court against certain current and former directors of the Company, and the Company as a nominal defendant, claiming breach of fiduciary duty and misuse of corporate assets. In January 2007, the Court granted the defendants' motion to consolidate the actions (as consolidated, the Derivative Litigation).

In November 2007, the Company received a request from the Denver Regional Office of the Securities and Exchange Commission (SEC) asking the Company to produce voluntarily certain documents as part of an informal SEC investigation. The requested documents relate to the allegations made in the Derivative Litigation, as well as related party transactions, expense reimbursement, other corporate expenditures, and certain trading in the Company's securities. The Special Litigation Committee, the formation and activities of which are described in more detail below, has reported the results of its investigation to the SEC, and the Company intends to continue to cooperate fully with the SEC's requests. In late October 2008, the Company was advised that the SEC had issued a formal order of investigation. Pursuant to the formal order, the SEC has issued several subpoenas to the Company and certain of its current and former directors and employees. Because the investigation is ongoing, the Company cannot predict the outcome of the investigation or its impact on the Company's business.

In December 2007, the Company's Board of Directors formed a Special Litigation Committee (the SLC) in response to the Derivative Litigation and the SEC's informal investigation and request for voluntary production of documents. The SLC, which consisted of five independent Board members, conducted an investigation of the issues in the Derivative Litigation and the SEC's informal investigation, as well as other related matters. Based on its review, the SLC determined, on July 16, 2008, that various related party transactions, expense reimbursements and corporate expenditures were excessive and, in response, approved a series of remedial actions. The remedial actions are set forth in Item 9A, Controls and Procedures in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

The SLC conducted settlement discussions on behalf of the Company with all relevant parties, including the current and former directors of the Company named in the suit, Vinod Gupta and the Plaintiffs. On August 20, 2008, all relevant parties entered into a Stipulation of Settlement, the material terms of which are set forth in the Company's Current Report on Form 8-K/A filed on August 22, 2008. A number of remedial measures were adopted in conjunction with the Stipulation of Settlement and implementation of these measures has begun.

Under the terms of the Stipulation of Settlement, Vinod Gupta resigned as Chief Executive Officer of the Company on August 20, 2008. Mr. Gupta and the Company entered into a Separation Agreement and General Release dated August 20, 2008 (the Separation Agreement), under which Mr. Gupta granted a full release of the Company and received the right to severance payments totaling \$10.0 million (contingent on Mr. Gupta adhering to certain requirements in the Separation Agreement). The first severance payment in the amount of \$5.0 million, which was due within sixty days of execution of the Separation Agreement, was paid by the Company to Mr. Gupta on October 17, 2008.

Pursuant to the Stipulation of Settlement, Mr. Gupta has agreed to pay the Company \$9.0 million incrementally over four years. This receivable was recorded within equity as a note receivable from shareholder on the consolidated balance sheet. The corresponding contribution was reduced by \$2.5 million for federal and state income taxes and was recorded within paid-in capital on the consolidated balance sheet. Mr. Gupta's first payment to the Company, in the amount of \$2.2 million, is expected to be paid not later than sixty (60) days after the entry of judgment by the Court on the settlement.

On November 7, 2008, the Court entered an Order and Final Judgment approving all the terms of the Stipulation of Settlement and dismissing the Derivative Litigation with prejudice. The Court's order also awarded Plaintiffs' counsel fees of \$7 million and expenses in the amount of \$210,710, all payable by the Company.

Table of Contents

The Company is subject to legal claims and assertions in the ordinary course of business. Although the outcomes of any other lawsuits and claims are uncertain, the Company does not believe that, individually or in the aggregate, any such lawsuits or claims will have a material effect on its business, financial conditions, results of operations or liquidity.

ITEM 1A. RISK FACTORS

The conditions of the U.S. and international capital and credit markets may adversely affect our ability to draw on our current revolving credit facility or obtain future short-term or long-term lending.

Global market and economic conditions have been, and continue to be, disrupted and volatile, and in recent months the volatility has reached unprecedented levels. In particular, the cost and availability of funding for many companies has been and may continue to be adversely affected by illiquid credit markets and wider credit spreads. These forces reached unprecedented levels in September and October 2008, resulting in the bankruptcy or acquisition of, or government assistance to, several major domestic and international financial institutions. These events have significantly diminished overall confidence in the financial and credit markets. There can be no assurance that recent government responses to the disruptions in the financial and credit markets will restore consumer confidence, stabilize the markets or increase liquidity and the availability of credit.

We continue to maintain the Amended 2006 Credit Facility. However, to the extent our business requires us to access the credit markets in the future and we are not able to do so, including in the event that the lenders to the Amended 2006 Credit Facility cease to lend to us, or cease to be capable of lending, for any reason, we could experience a material and adverse impact on our financial condition and ability to borrow additional funds. This might impair our ability to obtain sufficient funds for working capital, capital expenditures, acquisitions and other corporate purposes.

The conditions of the U.S. and international capital and credit markets may adversely affect our interest expense under our existing credit facility.

At September 30, 2008, the term loan of the Amended 2006 Credit Facility had a balance of \$171.0 million, bearing an average interest rate of 5.77%. The revolving line of credit had a balance of \$98.0 million, bearing an interest rate of 5.11%, and \$77.0 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the Amended 2006 Credit Facility.

The Amended 2006 Credit Facility provides for grid-based interest pricing based upon our consolidated total leverage ratio. Interest rates for use of the revolving line of credit range from base rate plus 0.25% to 1.00% for base rate loans and LIBOR plus 1.25% to 2.00% for Eurodollar rate loans. Interest rates for the term loan range from base rate plus 0.75% to 1.00% for base rate loans and LIBOR plus 1.75% to 2.00% for Eurodollar rate loans. Subject to certain limitations set forth in the credit agreement, we may designate borrowings under the Amended 2006 Credit Facility as base rate loans or Eurodollar loans.

In recent months, LIBOR rates have experienced unprecedented short-term volatility due to disruptions occurring in global financial and credit markets. During this period, LIBOR rates have experienced substantial short-term increases. Increases in LIBOR rates increase the interest expense that we incur under the Amended 2006 Credit Facility. Because nearly all our debts are at variable rates, any significant changes to interest rates may adversely impact our earnings and cash flow. (See Part I, Item 3, Quantitative and Qualitative Disclosures About Market Risk in this Form 10-Q.)

Adverse changes in general economic or credit market conditions in any of the countries in which we do significant business could adversely impact our operating results.

The direction and strength of the U.S. and global economy has recently been increasingly uncertain due to a turndown in the economy and difficulties in the credit markets. If economic growth in the United States and other countries is slowed significantly, or if the credit markets continue to be difficult to access, our customers could experience significant disruptions to their businesses and operations which, in turn, could negatively impact our business operations and financial performance.

Table of Contents

The accounting treatment of goodwill and other identified intangibles could result in future asset impairments, which would be recorded as operating losses.

Goodwill represents the excess of the amounts we paid to acquire subsidiaries and other businesses over the fair value of their net assets at the date of acquisition. We test goodwill at least annually for impairment. Impairment testing is performed based upon estimates of the fair value of the reporting unit to which the goodwill relates. The reporting unit is the operating segment or a business one level below that operating segment if discrete financial information is prepared and regularly reviewed by management at that level. The fair value of the reporting unit is impacted by the performance of the business. If it is determined that the goodwill has been impaired, the Company must write down the goodwill by the amount of the impairment, with a corresponding charge to net income. Such write downs could have a material adverse effect on our results of operations or financial position.

Long-lived assets, including assets such as real estate, also require impairment testing to determine whether changes in circumstances indicate that we will be unable to recover the carrying amount of the asset group through future operations of that asset group or market conditions that will impact the value of those assets. Such write downs could have a material adverse effect on our results of operations or financial position.

Deferred income tax represents the tax effect of the differences between the book and tax basis of assets and liabilities. Deferred tax assets are assessed periodically by management to determine if they are realizable. Factors in management's determination include the performance of the business including the ability to generate capital gains. If based on available information, it is more likely than not that the deferred income tax asset will not be realized then a valuation allowance must be established with a corresponding charge to net income. Such charges could have a material adverse effect on our results of operations or financial position.
