ScanSoft Announces Fiscal Third Quarter Results

Strength in Speech Business Lines Drives Revenue Growth; Focus on Expenses Improves Operating Margins

BURLINGTON, Mass., August 9, 2005 ScanSoft, Inc. (Nasdaq: SSFT), a global leader of speech and imaging solutions, today announced financial results for its third fiscal quarter ended June 30, 2005. ScanSoft reported revenue of \$56.8 million for the quarter ended June 30, 2005, a 23 percent increase over revenue of \$46.1 million for the quarter ended June 30, 2004.

On a GAAP basis, ScanSoft recognized net income of \$0.2 million, or \$0.00 per basic and diluted share, in the third quarter of fiscal 2005, compared with a net loss of \$0.4 million, or \$0.00 per basic and diluted share, in the quarter ended June 30, 2004.

In addition to using GAAP results in evaluating ScanSoft s business, management also believes it is useful to measure results using a non-GAAP measure of net income, which excludes, as applicable, non-cash taxes, non-cash interest expense, amortization of intangible assets, non-cash stock-based compensation and restructuring charges. See GAAP to non-GAAP Reconciliation below for further information on ScanSoft s non-GAAP measure.

Using this non-GAAP measure, ScanSoft recognized non-GAAP net income for the third quarter of fiscal 2005 of \$5.9 million, or \$0.05 per diluted share, compared with non-GAAP net income of \$4.3 million, or \$0.04 per diluted share, for the quarter ended June 30, 2004.

In the third quarter, we saw a continuation of the trends that have emerged throughout 2005, most notably strength in our global speech business lines and growth opportunities in PDF solutions, said Paul Ricci, ScanSoft s Chairman and CEO. Our increased focus on operational efficiencies and cost controls also contributed to improved operating margins. Our continued progress gives us increased confidence as we complete the year and prepare for the integration of the Nuance acquisition.

Consistent with the Company s strategy and recent trends, highlights from the third quarter include:

Record Achievement in Network Speech The Company s third quarter results were driven in large part by strong revenue from its range of network speech applications and services, particularly within North American enterprises and the telecommunications industry. Important contracts included BellSouth, GE, Marriott, SBC and Verizon Wireless.

New Design Wins for Embedded Speech Continued demand for ScanSoft s speech solutions and services among automotive and consumer electronic manufacturers contributed to record revenues in embedded speech. Important design wins for future vehicles, devices and applications included Plantronics, Motorola, BMW, Nokia and Magnetti Marelli.

Demand for Dictation in Healthcare The healthcare and medical field remained a significant opportunity for the Company's dictation solutions, affording new or expanded agreements with organizations such as Cardiology Consultants of Philadelphia and WakeMed. In the third fiscal quarter, the Company also closed its acquisition of MedRemote, enabling it to offer an expanded suite of dictation and transcription workflow solutions to hospitals and healthcare organizations.

Better PDF for Business The Company expanded its family of PDF solutions with new versions of its award-winning PDF Converter software. Within the first two months of its introduction, the suite of products has exceeded launch targets in nearly every category and has been well received by customers, partners and the media.

Operational Achievement The Company continued to focus on cost synergies and expense controls, resulting in additional improvements in its operating margins.

ScanSoft to Acquire Nuance

On May 9, ScanSoft announced a definitive agreement to acquire Nuance Communications, Inc. (Nasdaq: NUAN), whereby ScanSoft will purchase all of the outstanding common stock of Nuance, merging the two organizations into a single company with the expertise and resources required to satisfy the increasing demand for powerful speech solutions. The acquisition is expected to close in September 2005, pending stockholder and regulatory approvals. For additional information, please refer to the Company s recently filed registration statement on Form S-4.

Investor Call

In conjunction with this announcement, the Company will broadcast its quarterly conference call over the Internet this afternoon at 4:30 p.m. ET. Those who wish to listen to the live broadcast should visit the Investor Relations section of the Company s Web site at www.scansoft.com at least 15 minutes prior to the event and follow the instructions provided to ensure that the necessary audio applications are downloaded and installed.
