Anik Bose Consulting Agreement

On August 8, 2006, we entered into a Consultant Services Agreement, effective on August 15, 2006, with Anik Bose, whose employment with us as Vice President, Business Development will, on August 14, 2006, be terminated. Under the agreement, Mr. Bose's consulting services to us are limited to using his reasonable best efforts to consummate a transaction whereby we acquire additional interest in or recapitalize H-3C. Services shall include but are not limited to conducting and reporting on due diligence, conducting negotiations, raising funds and coordinating all other necessary and/or appropriate activities, communications and documentation related to the transaction with our management team and advisors. As consideration for these services, Mr. Bose will receive \$75,000 per month during the term of the agreement, and a payment of \$1.25 million within thirty (30) days after the closing of a transaction (if a closing occurs). The initial term of the agreement is six months, and the agreement will be extended in subsequent 30-day increments if a transaction has not been closed prior to the end of the initial or any subsequent term. The contract is terminable by us for breach or failure to perform or, after the initial term, if the transaction has been abandoned (evidenced by cessation of good faith negotiations between us and Huawei for at least 3 weeks). The contract also provides that if a transaction other than the type anticipated results in significant value to us to which Mr. Bose has significantly contributed but which does not entitle him to the bonus payment, the parties will negotiate to consider an additional fee. As a result of the termination of Mr. Bose's status as employee, he will receive the severance benefits previously disclosed by us as applicable to senior officers and Section 16 officers.

The terms of the Agreement summarized above are qualified in their entirety by the actual terms of the agreement, which are attached to this Current Report on Form 8-K as Exhibit 10.1.
