Report of Independent Registered Public Accounting Firm

The Management Committee

Century Bancorp, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for plan benefits of Century Bancorp, Inc. 401(k) Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for plan benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements, taken as a whole.

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**401 (k) PLAN**

Notes to Financial Statements  
 December 31, 2005 and 2004

**(1) Description of Plan**

The following description of the Century Bancorp, inc. 401 (k) Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan document for more detailed information.

**(a) General**

The Century Bancorp, Inc. 401(k) Plan was established on October 1, 1996 for the purpose of providing a medium for eligible employees to supplement their retirement income through salary reduction arrangements on a tax-deferred basis, and is established for the exclusive benefit of the employees and their beneficiaries. The Plan is a defined contribution savings plan for all employees of Century Bancorp, Inc. who have attained age twenty-one and completed one year of service. Century Bancorp, Inc. pays all general administrative expenses of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**(b) Contributions**

Each participant of the Plan may enter into an enrollment agreement under which participants agree to reduce their compensation by a specified percent. The percentage shall not be less than 2% nor more than 75% of the participant's annual compensation, subject to IRS limitations. The employer pays a matching contribution on behalf of each participant who has made a salary reduction contribution during such Plan year in an amount equal to \$0.33 on each dollar contributed up to 6% of compensation.

**(c) Vesting**

Participants are immediately vested in their contributions plus earnings thereon. Participants become 100% vested and eligible to receive benefits in the employer matching contribution at the earlier of completion of five years of service or attainment of normal retirement age. For employer discretionary contributions, participants become 100% vested at completion of five years of service or attainment of normal retirement age, which ever comes first. In the event employment is terminated due to retirement, death or disability, the participant becomes 100% vested.

If employment is terminated prior to normal retirement age for reason other than death or disability, the participant becomes vested in accordance with the following schedules:
