PROXY STATEMENT

GENERAL INFORMATION

As permitted by rules adopted by the U.S. Securities and Exchange Commission, our Company will furnish proxy materials to our stockholders on the Internet instead of mailing printed copies of those materials to all of our shareholders. This option allows our Company to provide stockholders with the information that they need, while reducing our use of natural resources and saving on paper, printing and mailing costs.

If you received a Notice of Internet Availability of Proxy Materials (“Notice of Internet Availability”) by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the Notice of Internet Availability. The Notice of Internet Availability is being mailed to our stockholders on or about November 1, 2012 and provides instructions on how you may access and review the proxy materials on the Internet as well as how to vote your shares.

Who May Vote

Holders of record of our Common Stock at the close of business on October 29, 2012 may vote at the Meeting.

How to Vote

You may vote in person at the Meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the Meeting.

If you are a registered stockholder (meaning your name is included on the security holder file maintained by our transfer agent, Computershare Trust Co. N.A.), you can vote in person or by using the Internet or telephone as instructed on the Notice of Internet Availability or by completing, signing, dating and returning your proxy card in the enclosed envelope.

If your shares are held in the name of your bank, brokerage firm or other nominee, you will receive instructions from them that you must follow in order to have your shares voted. Please note that if your shares are held by a bank, brokerage firm or other nominee, and you decide to attend and vote at the Meeting, your vote in person at the Meeting will not be effective unless you present a legal proxy, issued in your name from your bank, brokerage firm, or other holder of record.

Whether or not you expect to personally attend the Meeting, we urge you to vote your shares by phone, via the Internet or by signing, dating and returning the enclosed proxy card. Voting early will ensure the presence of a quorum at the Meeting and will save our Company the expense and extra work of additional solicitation. An addressed envelope, postage paid if mailed in the United States, is enclosed if you wish to vote your shares by returning your completed proxy card by mail. Submitting your proxy now will not prevent you from voting at the Meeting, as your vote by proxy is revocable at your option.

Voting by the Internet or telephone is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the Internet or telephone, you help us reduce postage and proxy tabulation costs.

How Proxies Work

Our Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. You may vote for all, some or none of our director candidates.

If you give us your signed proxy but do not specify how to vote, we will vote your shares in favor of the elections of the six director candidates that have been nominated.

Matters to be Presented

We are not aware of any matters to be presented other than those described in this Proxy Statement. If any matters not described in this Proxy Statement are properly presented at the Meeting, the proxies will use their own judgment to determine how to vote your shares. If the Meeting is postponed or adjourned, the proxies will vote your shares on the new Meeting date in accordance with your previous instructions, unless you have revoked your proxy.

Revoking a Proxy

If you are a registered stockholder, you may revoke your proxy before it is voted by:

—Notifying our Secretary in writing before the Meeting at the address given on the cover page of this Proxy Statement; or

— Voting in person at the Meeting.

Table of Contents

If your shares are held in the name of your bank, brokerage firm or other nominee, you should follow the instructions received from them or contact your broker in order to change your vote.

Copies of these rules will be available at the Meeting. The Chairman may also exercise broad discretion in recognizing stockholders who wish to speak and in determining the extent of discussion on each item of business. The Chairman may also rely on applicable law regarding disruptions or disorderly conduct to ensure that the Meeting is conducted in a manner that is fair to all stockholders.

VOTING SECURITIES

Outstanding Shares and Voting Rights

At the close of business on October 29, 2012 (the “Record Date”), we had 138,343,051 outstanding shares of Common Stock.

Each holder of Common Stock is entitled to one (1) vote per share at the Meeting.

Table of Contents

In order for any business to be conducted at the Meeting, we must have a quorum. This means that a majority of our issued and outstanding shares entitled to vote must be present or represented by proxy in order to constitute a quorum at the Meeting.

Assuming a quorum is present, the Director candidates who receive the most “for” votes will be elected to fill two available seats on our Board. For proposal 2 (the “say-on-pay” vote), stockholders are being provided with an advisory (non-binding) vote on our executive compensation. Although the vote is advisory and is not binding on the Board of Directors, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

Shares represented at the Meeting by a proxy reflecting abstentions or broker non-votes will be counted for the purpose of determining whether or not a quorum is present at the Meeting but will have no effect on the result of the votes on the election of Directors or on the result of other matters voted upon at the Meeting. Broker non-votes occur on a matter when a bank, brokerage firm or other nominee is not permitted to vote on that matter without instruction from the owner of the shares and no instruction is given. Absent instructions from you, your broker may not vote your shares on the election of Directors.

He represents shareholders, boards of directors and entrepreneurs of both private and public companies. Mr. Conklin is currently an Executive in Residence at the Schulich School of Business, York University where he teaches courses in the MBA and EMBA programs on Corporate Governance and Mergers and Acquisitions. Mr. Conklin received his LL.M from Columbia University in New York City focusing on capital markets, corporate finance and governance issues and was admitted to the Law Society of Upper Canada in 1993 and to the New York State Bar in 2007.

* Mr. Conklin brings to our Company his background in Canadian and United States law. This led the Board to conclude that, in the light of our business and structure at this time, it is appropriate for him to serve on our Board of Directors at this time.

Originally from the East Coast of Canada, Mr. Miller has lived and worked throughout Canada having started his career in Alberta in 1997 working for Talisman Energy from 1997 to 2000 before moving on to Matrikon Inc., a global engineering consulting company, where he was employed in

various management capacities from 2000 to 2010. During his ten year tenure with Matrikon, he headed up business units in Australia, Eastern North America, and the Middle East prior to returning to Alberta. Mr. Miller holds a Bachelor of Science degree in Chemical Engineering from the University of Alberta and in 2009 graduated from the Kellogg-Schulich Executive MBA program.

* Mr. Miller's experience and background with worldwide oil and gas exploration and production industry give him the opportunity to provide valuable insight and guidance to our Board of Directors and Company. The Board believes that his understanding of the technical challenges associated with oil and gas exploration combined with his business background and training will help GeoGlobal realize the maximum value from our assets. This led the Board to conclude that, in the light of our business and structure at this time, it is appropriate for him to serve on our Board of Directors at this time.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE ABOVE NOMINEES

Table of Contents

PROPOSAL 2.ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, our stockholders are being provided with an advisory (non-binding) vote on our executive compensation. Although the vote is advisory and is not binding on the Board of Directors, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. We refer to this non-binding advisory vote as the “say-on-pay” vote.

The “say-on-pay” vote is required for the first annual meeting at which directors are being elected on or after January 21, 2011, and then must be offered to our stockholders at least once every three years thereafter.

The Board of Directors is committed to corporate governance best practices and recognizes the significant interest of stockholders in executive compensation matters. Our Compensation Committee believes that our compensation policies and objectives should align with the stage of development of our operations, our operating objectives and the extent of realization of our objectives. Accordingly, our compensation policies and objectives should be based on both our successes in entering into and pursuing joint venture arrangements, as well as the progress and success of the exploration and drilling activities of those ventures, whether undertaken directly by us or through the operators of the exploration blocks. Our Compensation Committee also believes that the compensation of our executive officers should enable our Company to motivate and retain the talent we need to lead and make our company grow, be competitive with similar companies, be fair and reasonable, and, where appropriate, reward successful performance.

We encourage you to read our Compensation Discussion and Analysis contained within this proxy statement for a more detailed discussion of our compensation policies and procedures.

Our stockholders have the opportunity to vote for or against, or to abstain from voting, on the following resolution:

“Resolved, that the stockholders approve the compensation of our executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure shall include the Compensation Discussion and Analysis, the compensation tables, and any related material disclosed in this proxy statement).”

The above referenced disclosures appear at pages 11 to 17 of this proxy statement.

The affirmative vote of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “IN FAVOR OF” APPROVAL OF THE
COMPENSATION OF OUR EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE
COMPENSATION DISCLOSURE RULES OF THE SEC (WHICH DISCLOSURE INCLUDES THE
COMPENSATION DISCUSSION AND ANALYSIS, THE COMPENSATION TABLES, AND ANY RELATED
MATERIAL DISCLOSED IN THIS PROXY STATEMENT).

Table of Contents

PROPOSAL 3. ADVISORY (NON-BINDING) VOTE ON HOW FREQUENTLY STOCKHOLDERS SHOULD VOTE TO APPROVE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

As required by the Dodd-Frank Act, our stockholders are being provided with an advisory (non-binding) vote on how frequently our stockholders should have an advisory (non-binding) vote on the compensation of our named executive officers. Although the vote is advisory and is not binding on the Board of Directors, the Compensation Committee will take into account the outcome of the vote when considering how frequently to hold “say-on-pay” votes. We refer to this non-binding advisory vote as the “say-on-frequency” vote. You may choose from the following alternatives: every year, every two years, every three years or you may abstain.

The “say-on-frequency” vote is required for the first annual meeting at which directors are being elected on or after January 21, 2011, and then must be offered to our stockholders at least once every six years thereafter.

The Board of Directors believes that having an annual “say-on-pay” vote to approve the compensation of our named executive officers in satisfaction of U.S. disclosure rules is appropriate. The Board of Directors believes that more frequent “say-on-pay” votes will permit the reception of current feedback on a timely basis from our stockholders regarding our compensation program for our named executive officers, which will enable us to implement more quickly any modifications that the Board of Directors determines to be appropriate.

The affirmative vote of a majority of the shares of the Company’s common stock present in person or represented by proxy and entitled to be voted on the proposal at the annual meeting is required for advisory approval of this proposal.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE IN FAVOR OF HOLDING A
NON-BINDING ADVISORY VOTE EVERY YEAR TO APPROVE THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS AS DISCLOSED PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF
THE SEC**

For the purposes of the automatic grant provisions of our Stock Incentive Plans in 2011, all of our Directors, other than Messrs. Miller, Roy and Kent were considered non-employee Directors.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee were officers or employees of our company during the year ended December 31, 2011 or were former officers of our company or had any other relationship with our company requiring disclosure.

Compensation Discussion and Analysis

Our 2011 named executive officers in 2011 were Paul B. Miller, our President and Chief Executive Officer, Allan J. Kent, our VP of Finance, Sunil Karkera, our Chief Financial Officers and Mr. Miles Leggett, our VP Exploration (Canada).

Policies and Objectives, Compensation Setting Process

Our Compensation Committee believes that our compensation policies and objectives must take into consideration our specific business objectives and our ability to implement those objectives under the terms of the PSCs to which we are a party. Accordingly, our compensation policies and objectives should be based on both our successes in entering into and pursuing joint venture arrangements, as well as the progress and success of the exploration and drilling activities of those ventures, whether undertaken directly by us or through the Operators of exploration blocks.

Our Compensation Committee also believes that the compensation of our named executive officers should be based on the principle that levels of compensation must enable our company to motivate and retain the talent we need to lead and make our Company grow and thus compensation levels must be competitive with similar other companies, be fair and reasonable and, where appropriate, reward successful performance.

Our Compensation Committee relies upon its own judgment in making compensation decisions.

However, we also participated in the Lane Caputo December 2010 International Oil and Gas Exploration and Production Compensation Survey. This survey covered among other topics, compensation levels paid by a peer group of companies as found in a compensation report and the growth and complexity of the named executive officers' tasks during the year. With that information and our company's overall business plans for further growth, our Compensation Committee made compensation recommendations for the fiscal year 2010 and beyond.

Our Compensation Committee did not meet during the year ended December 31, 2011.

Elements of Compensation

The Compensation Committee follows the practice established in 2005 of providing a compensation package to our named Executive Officers consisting of direct monetary compensation (salary and bonus) and stock options.

Table of Contents

Direct Monetary Compensation: Our Compensation Committee does not establish any specific pre-determined performance or target goals. The direct monetary compensation of our named executive officers is based on the scope of their duties and responsibilities and the executives' individual performance in fulfilling those duties and responsibilities, in addition to the other factors described above. Because of the inherent nature of our activities, the uncertain nature of the outcome of our activities, and the extended period of time over which the success of our activities will be determined, the Compensation Committee believes that, because the company's ability to achieve its objectives is greatly dependent upon the activities of the Operators of the drilling blocks in which we have an interest, the company's success in its exploration and drilling activities during a particular year should not be the sole measure by which the direct monetary compensation of our named executive officers is determined. The Compensation Committee also recognizes that our company's opportunity to enter into additional production-sharing or other contracts or acquire interests in ventures that are parties to such contracts is limited by availability of contracts and our company's capital.

Equity Compensation: Our Compensation Committee believes that a material element of executive compensation should be the award of equity grants. This element of compensation has taken the form of grants of options under our 2008 Stock Incentive Plan but other forms of equity grants may be considered in the future. The Compensation Committee believes the award of equity grants has the effect of aligning executive officers compensation to the future growth and success of our company. Equity grants are the only form of long-term compensation utilized to compensate our executive officers at this time. The Compensation Committee does not consider any relationship between Direct Monetary Compensation and Equity Compensation in making equity grants. These grants are not based on any strict formula but rather are determined in light of practices at the peer group selected, our company's past practices, and our overall corporate performance during the period relative to our progress made in achieving our overall business plan objectives and achieving stockholder value.

The Compensation Committee awarded equity grants to certain of our named executive officers in 2011. See "Item 11 – Executive Compensation – Grants of Plan-Based Award Table" for more information on such awards.

Termination, Change of Control Benefits

We have arrangements with our named executive officers regarding monetary payments to them in the event of certain terminations, including voluntary termination upon a change of control. Disbursements to the named executive officers under these arrangements cover such payments as unpaid base salary, unpaid vacation pay and any unpaid bonus as approved by the Board of Directors as well as a lump sum cash amount, determined based on the executives' length of service. See "Narrative Disclosure to Summary Compensation Table" for more information on such termination payments.

Additionally, in the event that our company is acquired by merger or sale of substantially all of its assets or of securities possessing more than 50% of the total combined voting power of our outstanding securities, each outstanding option granted under our 1998 Stock Incentive Plan and/or our 2008 Stock Incentive Plan (including those held by named executive officers and Directors), which is not to be assumed by a successor corporation or otherwise continued in effect will automatically accelerate in full and become fully vested, subject to certain exceptions. Options may also immediately vest in connection with a change in the majority of the Board of Directors of our company by reason of one or more contested elections for Board membership.

Perquisites

Our named executive officers receive perquisites in the form of a registered retired savings plan contribution, specialized medical coverage and travel insurance coverage or, pursuant to their employment agreements, travel expenses for the executive and their family for trips to India or Israel. Our executives are also reimbursed for out-of-pocket expenses on a cost recovery basis for expenses such as travel, hotel, meals and entertainment expenses incurred by them.

Compensation Committee Report

The Compensation Committee of our Board of Directors has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the 2011 Annual Report on Form 10-K and the Proxy Statement for the 2012 Annual Meeting of Stockholders for filing with the Securities and Exchange Commission.

COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

Board of Directors

At our Annual Meeting of Stockholders held on June 9, 2011, Mr. Miller, Mr. Roy, Mr. Hudson, Mr. Conklin and Mr. Poddar were elected to serve as Directors of our company until our annual meeting of stockholders in 2012 and the election and qualification of their successors. At this 2011 Annual Meeting, all members of the Board of Directors were in attendance, with the exception of Mr. Poddar.

On April 27, 2011, we announced that Messrs. Peter R. Smith (Chairman) and Mr. Brent J. Peters resigned from the Company's Board of Directors effective April 29, 2011. Mr. David Conklin was appointed to the position of Acting Chairman of the Board. On January 12, 2012, the Board approved his appointment as Chairman of the Board.

Our Board of Directors has determined that Messrs. Hudson, Conklin and Poddar are "independent directors" under the listing standards of the NYSE Amex.

Our Board of Directors had twenty meetings during the year ended December 31, 2011. Of these twenty meetings, Mr. Roy was unable to attend two meetings, Mr. Conklin was unable to attend one meeting and Mr. Poddar was unable to attend three meetings. Two meetings were held with all members personally in attendance and the

remainder of the meetings were held by conference call.

Section 16(a) Beneficial Ownership Reporting Compliance

Federal securities laws require our Directors and Executive Officers, and persons who own more than ten percent (10%) of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of any of our equity securities. Copies of such reports are required to be furnished to us. To our knowledge, based solely on a review of the copies of such reports and other information furnished to us, all persons subject to these reporting requirements filed the required reports on a timely basis with respect to the year ended December 31, 2011.

Audit Committee and Audit Committee Financial Expert

Our Board of Directors has appointed an Audit Committee consisting of Mr. Hudson, who is the Chairman, Mr. Conklin and Mr. Poddar, each of whom have been determined to be an “independent director” under the listing standards of the NYSE Amex. Under our Audit Committee Charter, adopted as amended on March 6, 2005, our Audit Committee’s responsibilities include, among other responsibilities:

Table of Contents

- the appointment, compensation and oversight of the work performed by our independent auditor,
- the adoption and assurance of compliance with a pre-approval policy with respect to services provided by the independent auditor,
- at least annually to obtain and review a report by our independent auditor as to relationships between the independent auditor and our company so as to assure the independence of the independent auditor,
- review the annual audited and quarterly financial statements with our management and the independent auditor, and
- discuss with the independent auditor their required disclosure relating to the conduct of the audit.

Our Board of Directors has determined that Mr. Michael J. Hudson has the attributes of an Audit Committee Financial Expert and as such, serves as the Audit Committee Financial Expert on our Audit Committee.

Our Audit Committee had five meetings during the year ended December 31, 2011, of which all were held by conference telephone call. All members of the Audit Committee attended all five meetings with the exception of Mr. Conklin and Mr. Poddar who were unavailable for one meeting.

On March 28, 2012, our Audit Committee discussed our audited consolidated financial statements with management and discussed with KPMG, our independent registered public accounting firm, the matters required to be discussed by Statement of Auditing Standards No. 61 and received the written disclosures and the letter from KPMG as required by Independence Standards Board Standard No. 1 which confirmed KPMG's independence as auditor. Based on that review and those discussions, our Audit Committee recommended that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the Securities and Exchange Commission.

Our Audit Committee Charter is available in the "Corporate Governance" section of our website at www.geoglobal.com.

Compensation Committee

Our Compensation Committee consists of Mr. Hudson, who is the Chairman, Mr. Conklin and Mr. Poddar, each of whom have been determined to be an "independent" director. Our Compensation Committee, which has adopted a charter, among other things, exercises general responsibility regarding overall employee and executive compensation. Our Compensation Committee sets the annual salary, bonus and other benefits of the President and the Chief Executive Officer and approves compensation for all our other executive officers, consultants and employees after considering the recommendations of our President and Chief Executive Officer. Although Committee meetings are held in executive session, without management's presence, the Committee (and from time to time individual members of the Committee) may meet with senior officers of our company to discuss objectives, explain the rationale for certain objectives or milestones, and to assure that it has management's input in assessing the consequences of decisions made in the Committee meetings, for instance, the impact that its decisions may have on our financial statements. The Committee's interactions with management seek to achieve a balance between receiving management's opinion but still ensuring that management is not, in effect, establishing the terms and parameters for its own compensation. In certain instances, where management has proposed objectives that are more aggressive than those proposed by the Committee, the Committee may elect to utilize management's milestones rather than its own.

Our Compensation Committee had no meetings during the year ended December 31, 2011.

Nominating Committee

Our Nominating Committee consists of Mr. Hudson, who is the Chairman, Mr. Conklin and Mr. Poddar, each of whom have been determined to be an "independent director" under the listing standards of the NYSE Amex. Our Nominating Committee, among other things, exercises general responsibility regarding the identification of individuals qualified to become Board members and recommend that the Board select the director nominees for the

next annual meeting of stockholders. Our Board of Directors has adopted a charter for the nominating committee.

The Nominating Committee had one meeting during the year ended December 31, 2011 and all members were in attendance.

Our Nominating Committee will seek out nominees for new directors as vacancies become available using the following criteria: a majority of the directors must be independent, as determined by the Board under applicable rules; nominees shall possess expertise in general business matters and in such other areas as are relevant to Committees on which they are expected to serve (such as financial expertise, for Directors expected to serve as Audit Committee members); and nominees shall be individuals with the background, character, skills and expertise such that they will meaningfully contribute to our success and our operations.

Our Nominating Committee Charter is available in the “Corporate Governance” section of our website at www.geoglobal.com.

In the event the consent is denied, neither party is entitled to assert any claim against the other except as is specifically set forth in the agreement. The agreement prohibits Roy Group (Barbados) Inc. from disclosing any of our confidential information and from competing directly or indirectly with us for a period ending December 31, 2010 with respect to any acquisition, exploration, or development of any crude oil, natural gas or related hydrocarbon interests within the area of the country of India. The agreement terminated on August 17, 2010, however the confidentiality and non-competition provisions survive this termination.
