This Annual Report on Form 10-KSB contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and are subject to risks, uncertainties, and other factors, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. PART I

ITEM 1. DESCRIPTION OF BUSINESS.

American Commerce Solutions, Inc., was incorporated in Rhode Island in May 1991 under the name Jaque Dubois, Inc. and was re-incorporated in Delaware in 1994. In July 1995, the Company's name was changed to JD American Workwear, Inc. In December 2000 the shareholders voted to change the name of the company to American Commerce Solutions, Inc. to more accurately portray the activities of the company.

American Commerce Solutions, Inc. (the "Company" or "American Commerce") is a multi-industry holding company for its operating subsidiaries. As of the close of its most recently completed fiscal year end, the Company had one wholly owned

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

subsidiary operating in the manufacturing segment. The operating subsidiary is International Machine and Welding, Inc. located in Bartow, FL. The Company successfully completed the sale of the assets and certain liabilities of its JD American Workwear, Inc. subsidiary and the complete sale of its Rhode Island Truck and Equipment, Inc. subsidiary during the fiscal year.

The Company intends to expand its holdings by acquiring additional subsidiaries to facilitate its business plan. The current business plan has been in development since June 2000.

International Machine and Welding, Inc. provides specialized machining services for heavy industry. Target customers in the region include mining, agriculture processing, maritime, power generation and industrial machinery companies. Additional operations include heavy equipment service to the construction, forestry, waste and scrap industries. The operation provides complete service of the equipment, which includes rebuilding undercarriages, engines, transmissions, final drives and hydraulics. The effective service area for the operation located in the Southeastern region of the United States is a prime and lucrative market for such services. Growth in this region of the United States (population, infrastructure, and building) has created long term needs for construction equipment. All of these machines require periodic maintenance, and at certain points major overhauls. In addition to its 38,000 square foot facility, the operation also provides fully equipped field service vehicles so machines do not have to be removed from the work site. Normally, the Company as an "independent" is more competitive than the "factory" centers. In most cases the operation can turn work in a quicker and more cost effective manner.

International Machine and Welding, Inc. also sells OEM and after-market repair parts for heavy equipment. The operation has an extensive cross-reference listing and network of sources. One of the major competitive advantages of the operation is its ability to determine exactly what the customer needs and fulfill the requirement. In many cases, the customer may not have service manuals or to be able to identify part numbers. If a customer has more than one type of machine, which is quite common, they may have to contact a number of different suppliers to get parts for multiple machines. Our operation identifies the required parts and arranges the necessary repairs. As a result, the customer only has to make one phone call for all of their needs. This also makes International Machine and Welding, Inc. an attractive alternative for sales to customers outside the United States. Orders can be accumulated throughout the month and sent on consolidated shipments. This has created a niche market for the direct parts sales division. Management is in the process of negotiating with agents in various markets, including South America, the Caribbean, and Puerto Rico to solicit parts sales. The operation currently has two major customer relationships in the Caribbean. Management believes that this market has not been fully targeted by its competitors and is a potential source of significant business.

The Board of Directors of American Commerce Solutions, Inc. has determined that it will seek to acquire additional manufacturing operations and construction operations that utilize heavy equipment. Additional segments being considered are manufacturing supply operations, consumer products and commercial construction support services.

3

ACQUISITIONS AND DIVESTITURES

The Company sold back to its original founder the assets and certain liabilities of its JD American Workwear, Inc. operation and all of the Rhode Island Truck and Equipment, Inc. operations on May 31, 2001 and October 31, 2001, respectively. The terms and conditions of these transactions have been

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

reported in their respective Form 10-QSB for the period ended May 31, 2001 and November 30, 2001 and are incorporated by reference herein.

On June 1, 2000, the Company completed the purchase of International Machine and Welding, Inc. by acquiring all of the outstanding capital stock of its holding company, Patina Corporation for a total purchase price of \$4,446,159. The acquisition was accounted for using the purchase method of accounting and, accordingly, International Machine and Welding, Inc.'s results of operations have been included in the consolidated financial statements since the date of acquisition. The acquisition was funded by the issuance of 9,800 shares of Series C 6% Preferred Stock.

On June 1, 2000, the Company completed the purchase of Rhode Island Truck and Equipment Corp. d/b/a International Paving, Inc. by acquiring all its outstanding capital stock for a total purchase price of \$238,000. The acquisition was funded by the issuance of 200,000 shares of common stock.

On June 1, 2001, the Company discontinued the operations of its JD American Workwear, Inc. subsidiary and exchanged certain assets and liabilities with the President of the subsidiary for 725,000 shares of the Company's common stock and notes payable of \$43,115. On October 31, 2001, the Company returned all of the stock of Rhode Island Truck and Equipment Corp. to its original owners in exchange for 155,000 shares of the Company's common stock.

BUSINESS STRATEGY

The Company has adopted a business strategy that focuses on expansion and diversification through acquisitions of companies in other lines of business. Under the current strategy, the Company has developed divisions in three segments: Manufacturing, Product Marketing, and Construction Management.

Manufacturing Division. This division was formed to house the operations of International Machine and Welding, Inc. Its operations include a 38,000 square foot machine shop and sales of heavy equipment, parts and service.

Product Marketing Division. This division has no operations but is currently seeking an acquisition. Negotiations are ongoing for an expected closing in the second quarter ending August 31, 2002.

Construction Management Division. This division has no operations but is currently negotiating with several companies that may become part of the division prior to the end of the second quarter ending August 31, 2002.

PRODUCTS, SERVICES AND FEATURES

MANUFACTURING SEGMENT

The Manufacturing Division through International Machine and Welding, Inc. offers a broad range of products and services to heavy industry through its three subdivisions. The operations of Division 1 provide specialized machining of very large components and machinery repair to industries such as aerospace, agricultural processing, chemical, defense, mining, maritime and power generation. Our 38,000 square foot facility located in Bartow, Florida is one of the only operations in the Southeast capable of machining components up to 55 feet in length and/or 20 feet in diameter. Division 2 provides heavy equipment service (parts and labor), which includes repair and bonded rebuilds of engines, tracks, undercarriages, transmissions, final drives and hydraulic systems on heavy equipment. The equipment we repair is from the heavy construction industry including bulldozers, scrapers, loaders, excavators, large tractors, rollers, etc. The division provides field service via a fleet of fully equipped service trucks to provide repairs at the customer's site. Division 3 sells replacement parts to the heavy equipment market, directly to the end user with most of the

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

parts exported outside the United States.

4

MANUFACTURING AND SOURCES OF SUPPLY

Manufacturing Segment

Supplies and parts used by International Machine and Welding, Inc. are purchased from several major suppliers including Caterpillar, John Deere, Case and other major manufacturers and after market parts suppliers. The machining operations purchase from many suppliers based on the need of specific jobs. Although the operations do not have any long-term contracts with any of its suppliers, management believes that it has excellent business relationships with its current suppliers and it is not exposed to any significant risk in the event any one source of supply is discontinued, because there are many suppliers.

MARKETING AND SALES

Manufacturing Segment

International Machine and Welding, Inc. operates three subdivisions at one location. Division 1 sales have traditionally come from industries within a 100-mile radius of its facilities requiring specialized machining applications. Direct salesmen have established relationships with specific customers and the Company has expanded the business relationship through quality, rapid turn and value. While this business is quite lucrative, visibility is limited. The operation intends to expand its operations in the OEM market, where the subsidiary provides components to manufacturers of large machines. These types of accounts generally involve annual contracts with three-month rolling schedules. The expansion of the market also is expected to increase the serviceable territory from the Southeast to include the entire United States.

Direct sales personnel who primarily target mid-tier accounts handle sales for Division 2 and 3. We believe that this broad niche market is largely untapped by the larger factory-sponsored operations which cater specifically to very large accounts. Margins are typically very slim in these accounts and a large percentage of customer base is represented by very few accounts. Because we are an independent repair facility, we can provide service to a much broader base of customers with greater margins than the large factory-sponsored competitors. Division 2 has recently expanded its sales force to address the total available market. Anticipating growth of sales, the Company has installed additional specialized equipment to service undercarriages, which represents approximately 35% of the Company's repair revenue. The recent installation of an additional track press will allow this division to double its capacity.

COMPETITION

Manufacturing Segment

The principal competitors of the Manufacturing Division consists of regional companies such as Southern Machinery, Florida Plating and Machine, Arroyo and Florida Metallizing in the machining operations and national corporations such as Ringhaver Equipment, Caterpillar, and Case repair facilities in the heavy equipment parts and service category. Management believes that the ability to rapidly turn goods or to provide parts on a timely basis gives it a competitive advantage. We are able to ship parts directly to the consumer, usually on the same day as the order or to return all service work within the time specified either by completing the work at the customers site or because of immediate turnaround capabilities.

Customer Dependence

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

International Machine and Welding, Inc. has a broad and diverse base of customers. The division does not rely on any single customer, the loss of which would have a material adverse effect on the segment. This division does generate a significant amount of revenues from sales and services provided to three different industries. The construction industry accounted for approximately 28.9% of the division's revenues in fiscal 2002 compared to 26.6% in fiscal 2001, while the industrial and mining industries accounted for approximately 18.4% and 20.0% in fiscal 2002 compared to 17.2% and 16.6% in fiscal 2001, respectively, of the division's total revenues. Due to these concentrations, the results of operations of the division could be affected by changes in the economic, regulatory, or other related conditions impacting on these industries.

5

CUSTOMER DEPENDENCE

International Machine and Welding, Inc. has a broad and diverse base of customers. The division does not rely on any single customer, the loss of which would have a material adverse effect on the segment. During fiscal 2002 two customers provided more than 5% of sales each. These customers were IMC Phosphates Company 10.1% and Vehicare 7.8%.

EMPLOYEES

At May 15, 2002, the Company and its subsidiaries had 22 employees devoting full-time hours, 2 part time employees and 4 contractors. Of these workers, two are performing executive, management and marketing functions, two are performing accounting, financial and office functions, three provide sales functions and the remainder provide support, maintenance or fulfill shop operation requirements. The parent operation has three full time employees. The Manufacturing Division employs 19 full time and 2 part time employees.

FORWARD LOOKING STATEMENTS

This Annual Report on Form 10-KSB (including the Exhibits hereto) may contain "forward-looking statements" within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding, among other things, the financial condition and prospects of the Company and its subsidiaries, results of operations, projections, plans for future business development activities and the opportunities available within its market areas, capital spending plans, financing sources, projections of financial results or economic performance, capital structure, the effects of competition, statements of plans, expectations, or objectives of the Company, and the business of the Company and its subsidiaries. These forward-looking statements are typically identified by words or phrases such as "believe," "expect," "anticipate," "plan," "estimate," "intend," and other similar words and expressions, or future or conditional verbs such as "will," "should," "would," and "could" and other characterizations of future events or circumstances. In addition, the Company may from time to time make such written or oral "forward-looking statements" in future filings with the Securities and Exchange Commission (including exhibits thereto), in its reports to stockholders, and in other communications made by or with the approval of the Company.

These forward-looking statements reflect the current views of the Company at the time they are made and are based on information currently available to the management of the Company and upon current expectations, estimates, and projections regarding the Company and its industry, management's beliefs with respect thereto, and certain assumptions made by management. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors (many of which are outside

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

the control of the Company), which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. Such forward-looking statements speak only to the date that such statements are made, and the Company undertakes no obligation to update any forward-looking statements, whether as the result of new information, future events, the occurrence of unanticipated events, or otherwise. The following sets forth some, but not necessarily all, of the factors that may cause the Company's actual results to vary materially from those which are the subject of any forward-looking statements.

RISK FACTORS

Accumulated Deficit and Operating Losses and Anticipated Earnings; Explanatory Language in Auditor's Report. The Company had an accumulated deficit at February 28, 2002 of \$11,571,008 and net loss to common shareholders of \$1,542,919 for the year ended February 28, 2002. At February 28, 2001, the Company had an accumulated deficit of \$10,028,089, and net income to common shareholders, of \$20,349 for the year ended February 28, 2001, as restated. The Company had negative cash flow for the year ended February 28, 2002 of \$20,677 and positive cash flow of \$23,362 for the restated period ended February 28, 2001. The Company's financial statements are presented on the basis that the Company is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the ordinary course of business. While there can be no assurance of this outcome, management believes its plan of operation will allow the Company to achieve this goal. The sale of the assets and discontinuance of JD American Workwear, Inc. will improve the cash flow of the

6

overall Company and allow management to focus on its growth through acquisition strategy without the requirement of committing financial resources to the inventory requirements and marketing needs that management believes would have used a minimum of \$500,000 to achieve a minimal return over a lengthy period.

Growth Plans and Risk of Expansion. In 2000, the Company adopted and implemented a business strategy, which seeks growth and expansion through the acquisition of other companies with diversified lines of businesses. Accordingly, the growth and financial performance of the Company will depend, in large part, upon the Company's ability to identify and locate suitable acquisitions, to manage such growth and the resultant diverse operations, to manage the margins of the acquired operations, and to attract, hire, train, and retain qualified supervisory personnel and other operational employees to meet the Company's needs as it expands, as well as the availability of sufficient working capital. Difficulties resulting from the failure of the Company to manage and control its growth could materially adversely affect the Company's operating results and financial condition.

No Assurance of Acquisitions. The Company has limited acquisition experience and, although from time to time it has had preliminary discussions with potential acquisition candidates, the Company has not entered into any such transactions since June 2000. The Company does have current understandings, arrangements, or agreements (oral or written) relating to specific acquisitions, but has not secured funding to close the potential acquisitions. There can be no assurance that any acquisition candidate will be interested in such a transaction, that an acquisition transaction will be successfully negotiated or consummated, or that the Company will be able to finance any such acquisition. Furthermore, there can be no assurance that the Company will be able to identify other suitable acquisition candidates in the future that would be interested in such a transaction. To the extent that acquisitions are consummated, the Company may have difficulty in successfully integrating the acquired business into the Company or may lack the management skills or systems necessary to adequately implement the Company's strategy. Furthermore, once integrated, acquisitions may

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

not achieve comparable levels of revenues, profitability, or productivity as existing Company operations, or otherwise perform as expected (including the potential failure to achieve expected synergies or other anticipated financial benefits). The Company is unable to predict whether or when any prospective acquisition candidate will become available or the likelihood that an acquisition will be completed should any negotiations commence. The Company will face competition for such acquisitions from entities that have substantially greater resources than the Company.

Acquisition Risks. Acquisitions involve a number of special risks, some or all of which could have a material adverse effect on the Company's results of operations or financial condition. Such risks include, but are not limited to, the diversion of management's attention from core operations, difficulties in the integration of acquired operations and retention of personnel, customers, and suppliers, unanticipated problems or legal liabilities, tax and accounting issues, and the inability to obtain all necessary governmental and other approvals and consents.

Need for Additional Financing. Cash flow from operations and the sale of securities provided the working capital needs and principal payments on long-term debt through most of fiscal 2002. However, the Company will need to obtain additional financing in order to finance its acquisition and growth strategy. There can be no assurance that debt or equity financing will be available to the Company on acceptable terms, if at all. If the Company does require additional financing and it cannot be obtained or the terms of such financings are unfavorable, it may have a material adverse impact on our operations and profitability, and the Company may need to curtail its business plan and strategy

Loss of Certain Members of Our Management Team Could Adversely Affect the Company. The Company is dependent to a significant extent on the continued efforts and abilities of our Chairman, Robert E. Maxwell, President, Norman J. Birmingham, and Chief Executive Officer, Daniel L. Hefner. If the company were to lose the services of any of these individuals or other key employees or consultants before a qualified replacement could be obtained, the business could be materially affected.

Expected Volatility in Share Price. The market price of our stock has traded in a wide range. From March 1, 2000 through March 31, 2002 the price of our common shares has ranged from \$1.9375 to \$0.01 per share. The price of our

7

common stock may be subject to fluctuations in response to quarter-to-quarter variations in operating results, creation or elimination of funding opportunities, restriction of the acquisition plans, and favorable or unfavorable coverage of our officers and Company by the press.

Control by Current Stockholders, Officers and Directors. Management and affiliates of the Company currently beneficially own, including shares they have the right to acquire, approximately 66.95% of the voting Common Stock. These persons are, and will continue to be, able to exercise control over the election of the Company's directors and the appointment of officers.

ITEM 2. PROPERTIES

International Machine and Welding, Inc. owns in fee simple title a 38,000 square foot facility in Bartow, Florida, which currently serves as the principal executive offices of American Commerce. A note with the GE Capital Small Business Group encumbers this building. This note needs to be refinanced by May 2005. The Company has negotiated a settlement that requires the note to be refinanced by the end of July 2002. In the event that funding is unavailable to

On May 15, 2002 the closing bid price of the Company's Common Stock as reported by the OTCBB was \$0.24 and there were approximately 538 shareholders of record.

DIVIDENDS

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

The Company has never declared or paid a dividend on its Common Stock, and does not anticipate paying any cash dividends on its Common Stock in the foreseeable future. The Company expects to retain, if any, its future earnings for expansion or development of the Company's business. The decision to pay dividends, if any, in the future is within the discretion of the Board of Directors and will depend upon the Company's earnings, capital requirements, financial condition and other relevant factors such as contractual obligations. There can be no assurance that dividends can or will ever be paid.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

This Management's Discussion and Analysis or Plan of Operation presents a review of the consolidated operating results and financial condition of the Company for the fiscal years ended February 28, 2002 and February 28, 2001, as restated. This discussion and analysis is intended to assist in understanding the financial condition and results of operation of the Company and its subsidiaries. This section should be read in conjunction with the consolidated financial statements and the related notes.

RESULTS OF OPERATIONS

The Company owns one subsidiary that operated in the manufacturing segment during the fiscal year ended February 28, 2002 and February 28, 2001. To facilitate the readers understanding of the Company's financial performance, this discussion and analysis is presented on a segment basis.

MANUFACTURING SEGMENT

The manufacturing segment generates its revenues from three divisions. Division 1 provides specialized machining and repair services to heavy industry and original equipment manufacturers. Division 2 provides repair and rebuild services on heavy equipment used in construction and mining as well as sales of used equipment. Division 3 provides parts sales for heavy equipment directly to the customer. The primary market of this segment is the majority of central and south Florida with parts sales expanding its market internationally. The current operations can be significantly expanded using the 38,000 square foot structure owned by International Machine and Welding, Inc. Management has implemented an aggressive marketing campaign and hired additional sales staff in an effort to improve the utilization of its assets. A partial second shift was added to the operation during fiscal 2002.

The segments sales expectations were not met in fiscal 2002. We have expanded our sales and marketing programs and are poised for growth in fiscal 2003.

FISCAL YEAR 2002 COMPARED TO FISCAL YEAR 2001

General

The Company's consolidated net sales increased to \$1,941,855 for the fiscal year ended February 28, 2002 an increase of \$291,901 from \$1,649,954 for the restated fiscal year ended February 28, 2001, an increase of 17.7%. This increase was due to a full year's operation of International Machine and Welding, Inc. compared to nine months in fiscal 2001.

Gross profit for the consolidated operations increased to \$837,147 for the

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

fiscal year ended February 28, 2002 from \$661,576 for the fiscal year ended February 28, 2001. Gross profit increased as a percentage of sales to 43.11% from 40.09%. Consolidated interest expenses in fiscal 2002 were \$297,235 compared to \$192,883 in fiscal 2001. The company incurred a net consolidated loss of \$1,542,919 for the year ended February 28, 2002 compared to a loss of \$1,765,086 for the year ended February 28, 2001.

Selling, general and administrative expenses increased to \$2,043,752 for fiscal 2002 from \$1,573,986 for fiscal 2001, an increase of \$469,766 or 29.8%. The increase was mainly attributable to increases in accounting, legal fees and stock compensation and the addition of two employees at our operating subsidiary.

The Company's net loss to common shareholders was \$1,542,919 for fiscal 2002 compared to a net gain to common shareholders of \$20,349 for fiscal 2001. This loss was mainly attributable to the lack of a one-time gain less accretion of \$1,785,435 from the previous fiscal year.

10

Manufacturing Segment

The Manufacturing segment provided net sales of \$1,941,855 For the fiscal year ended February 28, 2002 compared to \$1,649,954 for the fiscal year ended February 28, 2001. The machining operations provided \$849,723 or 43.8% of net sales with parts and service providing \$1,092,132 or 56.2% of net sales for the fiscal year ended February 28, 2002 as compared to machining operations contributing \$633,758 or 38.4% of net sales with parts and service providing \$1,016,196 or 61.6% of net sales for the fiscal year ended February 28, 2001. This was through the efforts of a three person sales staff and the exemplary work of the rank and file who provided product turnaround that excited the customers and created more opportunities.

Gross profit from the Manufacturing segment was \$837,147 for the fiscal year ended February 28, 2002 compared to \$661,576 in fiscal 2001 providing gross profit margins of 43.1% and 40.1%, respectively.

Selling, general and administrative expenses were \$877,771 for the fiscal year ended February 28, 2002 compared to \$695,470 for the fiscal year ended February 28, 2001 leaving losses from operations of \$40,624 and \$33,894 or 2.1% and 2.1%, respectively. Interest expenses were \$243,488 for the fiscal year ended February 28, 2002 compared to \$130,066 for the fiscal year ended February 28, 2001.

Non-recurring Income

On October 23, 2000 the terms of the original agreement between the Company and ULLICO were substantially modified to meet the changing needs of the Company. The holder relinquished all mandatory conversion rights allowing the Company to reclassify the proceeds of the preferred stock transaction as equity and a non-recurring gain of \$1,994,768 from the extinguishment of debt and the recapture of dividend and warrant costs.

LIQUIDITY AND CAPITAL RESOURCES

During the fiscal years ended February 28, 2002 and February 28, 2001, the Company provided/(used) net cash for operating activities of \$(21,319) and \$228,834, respectively. Accounts receivable decreased to \$234,334 at February 28, 2002 from \$257,950 at February 28, 2001, a decrease of \$23,616, or 9.2%. Inventory decreased to \$268,030 at February 28, 2002 from \$717,709 at February 28, 2001, a decrease of \$449,679, or 62.7% as a result of discontinued operations.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

During fiscal 2002 and 2001, the Company used funds for capital expenditures of \$15,556 and \$5,452, respectively.

Cash flows from operations and loans or the sale of equity provided for working capital needs and principal payments on long-term debt through fiscal 2002. To the extent that the cash flows from operations are insufficient to finance the Company's anticipated growth, or its other liquidity and capital requirements during the next twelve months, the Company will seek additional financing from alternative sources including bank loans or other bank financing arrangements, other debt financing, the sale of equity securities (including those issuable pursuant to the exercise of outstanding warrants and options), or other financing arrangements. However, there can be no assurance that any such financing will be available and, if available, that it will be available on terms favorable or acceptable to the Company.

SEASONALITY

The diversity of operations in the Manufacturing Segment protects it from seasonal trends except in the sales of agricultural processing where the majority of the revenue is generated while the processors await the next harvest.

ITEM 9. DIRECTORS AND EXECUTIVE OFFICERS, PROMOTERS, AND CONTROL PERSONS OF THE REGISTRANT

The following table sets forth information about each person who serves as an executive officer or director of the Company:

Name	Age	Positions with the Company
----	---	-----
Robert E. Maxwell	67	Chairman of the Board and Director
Norman J. Birmingham	47	President and Director
Frank D. Puissegur	43	Chief Financial Officer and Director
Daniel L. Hefner	52	Chief Executive Officer and Director

Directors of the Company hold office until the earlier of the next annual meeting of the stockholders and until their successors have been duly elected and qualified, or their death, resignation, or removal. Three board members were elected to two-year terms at the annual stockholders meeting held December 15, 2000. Robert Maxwell is the only board member elected to a two-year term that remains from this election. On March 5, 2002 in consent action by shareholders Norman Birmingham was elected to a two-year term with all other members except

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

Mr. Maxwell elected to one-year terms. Our officers are elected annually by the board of directors to hold office until the next annual meeting of our board and their successors have been duly elected and qualified. There are no family relationships between any of our officers and directors. Set forth below is a description of the business experience during the past five years or more and other biographical information for directors and executive officers identified above:

Mr. Maxwell has been a director and the Chairman of the Board of Directors of the Company since June 2000. Mr. Maxwell is also the General Manager of International Machine and Welding, Inc., a recently acquired subsidiary of the Company. He was the owner/operator of Florida Machine and Welding, Inc., located in Bartow, Florida, for the past 23 years until the sale of its assets in June 2000. Mr. Maxwell has served on various bank and charitable boards of directors.

Mr. Birmingham has been President and a director of the Company since March 2002. He previously served as Chief Financial Officer of the Company from January 1, 2000 to April 2001 and as a director from March 2000 through April 2001. Mr. Birmingham has served as Chief Financial Officer of Open Door Online, Inc. (OTCBB: NTER) since March 2000 and as a director since June 2000. Mr. Birmingham has served as an officer or director of three other public companies.

Mr. Puissegur joined the Company in June 2001 as Chief Financial Officer and Director. He became a Certified public Accountant with his certificate from the State of Florida and the creation of a sole practitioner office in 1982. The practice grew and has evolved into its current form as the partnership of Puissegur, Finch, & Slivinski, P.A., a full service accounting firm. He is a member of the American and Florida Institutes of Certified Public Accountants and the National and Polk County Estate Planning Councils. The American Institute of Tax Studies has awarded Mr. Puissegur the designation of "Certified Tax Professional." He also holds the designation from the State of Florida as a Certified Family Mediator.

12

Mr. Hefner has been Chief Executive Officer since March 2002. He previously served as Executive Vice President from June 2000 to June 2001 and as interim President from June 2001 through February 2002. Mr. Hefner has been a director of the Company since June 2000. Mr. Hefner currently serves as President of International Commerce and Finance, Inc. a holding company for manufacturing and technology companies, and he has held this position since August 1999. Mr. Hefner has been active for the past ten years as an independent consultant to individuals or business seeking to begin operations or to create turnarounds of existing business. During the same period, Mr. Hefner also operated his own independent real estate brokerage operation where he served as President and Chief Executive Officer. During 1999, Mr. Hefner was Chief Operating Officer for Chronicle Communications, Inc. (OTCBB: CRNC), a Tampa based printer.

ITEM 10. EXECUTIVE COMPENSATION

The following summary compensation table sets forth cash and non-cash compensation awarded, paid or accrued, for the past three fiscal years the Company's Chief Executive Officers, and all other, if any, whose total annual compensation exceeded \$100,000 for the fiscal year ended February 28, 2002 (collectively, the "Named Executive Officers").

SUMMARY COMPENSATION TABLE

Compensation

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

Name and Principal Position	Fiscal Year	Annual Compensation		Securities Underlying Options	All Other Compensation
		Salary	Bonus		
Daniel L. Hefner Interim President	2002	\$67,600		100,000	\$25,000
David N. DeBaene Subsidiary President (1)	2001	\$87,500	\$ 0	100,000	\$25,000
Steven D. Smith, President	2001	\$15,000	\$3,750	0	0

(1) The Company's Board of Directors accepted the resignation of Mr. DeBaene from his position as President of J.D. American Workwear, Inc., on December 15, 2000 and immediately elected Mr. Smith to serve as President of the Company. Mr. Smith resigned as President June 1, 2001 and Daniel L. Hefner was named interim President.

The Company does not have any annuity, retirement, pension, deferred or incentive compensation plan or arrangement under which any executive officers are entitled to benefits, nor does the Company have any long-term incentive plan pursuant to which performance units or other forms of compensation are paid. Executive officers who qualify will be permitted to participate in the Company's 1995 Stock Option Plan, which was adopted in February 1995. See "Stock Option Plan." Executive officers may participate in group life, health and hospitalization plans if and when such plans are available generally to all employees. All other compensation consisted solely of health care premiums.

EMPLOYMENT AGREEMENTS

The Company signed an employment agreement with Daniel L. Hefner on June 1, 2000 containing a base salary of \$60,000; a minimum cash bonus of \$15,000 per year and a 4% annual increase of the base pay. Stock options are granted on the signing and June 1 of each contract year at the rate of 100,000 common share equivalents. The contract also provides for a \$750 per month car allowance and the payment of all insurance, fuel and maintenance costs and all perquisites related to health, dental, life or disability as may be offered to the executive management staff. All other provisions of the previous contract related to capital raises or warrant or exercise revenue were omitted except for the termination provisions stated above.

DIRECTOR COMPENSATION

Directors of the Company who are not employees or consultants do not receive any compensation for their services as members of the Board of Directors, but are reimbursed for expenses incurred in connection with their attendance at meetings of the Board of Directors.

COMPENSATION COMMITTEE

Robert E. Maxwell, Daniel L. Hefner and Frank Puissegur are members of the Compensation Committee, which reviews and makes recommendations with respect to compensation of officers, employees and consultants, including the granting of options under the Company's 1995 Stock Option Plan.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

STOCK OPTION PLAN

The 1995 Stock Option Plan. The Company's 1995 Stock Option Plan (the "Plan") adopted by the Company's Board of Directors in February 1995 and by the stockholders in July 1995 provides for the issuance of options to employees, officers and, under certain circumstances, directors of and consultants to the Company ("Eligible Participants"). Options granted under the plan may be either "incentive stock options" ("ISOs") as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code") or "nonqualified stock options" ("NQSOs"). The Plan does not provide for the issuance of stock appreciation rights but does permit the granting of restricted and non-restricted stock and deferred stock awards. A total of 250,000 shares of Common Stock were originally reserved for issuance under the Plan; however, in January 1998, the Board of Directors voted to amend the Plan and reserve for issuance under the Plan an additional 500,000 shares, which amendment was ratified by the stockholders of the Company at the Annual Meeting of Stockholders held April 15, 1998. The plan was further amended at an Annual Shareholders meeting December 15, 2000 at which time an increase of 1,250,000 shares were ratified. The Compensation Committee of the Board of Directors administers the Plan. The Committee has sole discretion and authority, consistent with the provisions of the Plan, to select the Eligible Participants to whom Options will be granted under the Plan, the number of shares which will be covered by each Option and the form and terms of the agreement to be used. All employees and officers of the Company (including members of the Committee) are eligible to participate in the Plan. Directors are eligible to participate only if they have been declared to be "eligible directors" by resolution of the Board of Directors. At February 28, 1999, approximately 20 persons were eligible to receive ISOs under the Plan.

Options. The Committee is empowered to determine the exercise price of Options granted under the Plan, but the exercise price of ISOs must be equal to or greater than the fair market value of a share of Common Stock on the date the Option is granted (110% with respect to option holders who own at least 10% of the outstanding Common Stock). The exercise price of NQSOs granted under the Plan must not be less than 85% of the fair market value of the Common Stock on the date the Option is granted. The Committee has the authority to determine the time or times at which Options granted under the Plan become exercisable, but the Options expire no later than ten years from the date of grant (five years with respect to Option holders who own at least 10% of the outstanding Common Stock of the Company). The Options are nontransferable, other than by will and the laws of descent, and generally may be exercised only by an employee while employed by the Company or within 90 days after termination of employment (one year from termination resulting from death or disability). The compensation committee has the authority to waive payment of the exercise price of stock options issued under the plan.

At February 28, 2002, the Company did not have any long-term incentive plans nor had it awarded any restricted shares to any Named Executive Officer. The table set forth below contains information with respect to the award of stock options during the fiscal year ended February 28, 2001 to the Named Executive Officers covered by the Salary Compensation Table.

- (1) In accordance with Rule 13d-3 promulgated pursuant to the Securities Exchange Act of 1934, a person is deemed to be the beneficial owner of a security for purposes of the rule if he or she has or shares voting power or dispositive power with respect to such security or has the right to acquire such ownership within sixty days. As used herein, "voting power" is the power to vote or to direct the voting of shares, and "dispositive power" is the power to dispose or direct the disposition of shares, irrespective of any economic interest therein.
- (2) In calculating the percentage ownership for a given individual or group, the number of shares of Common Stock outstanding includes unissued shares subject to options, warrants, rights or conversion privileges exercisable within sixty days held by such individual or group, but are not deemed outstanding by any other person or group.
- (3) Includes 723,360 shares of Common Stock held by his spouse Barbara Maxwell.
- (4) Includes (a) 200,000 shares of Common Stock, which may be acquired pursuant to currently exercisable options and, (b) 1,270,000 shares of Common Stock.
- (5) Includes (a) 200,000 shares of Common Stock, which may be acquired pursuant to currently exercisable options (b) 1,241,110 shares of Common Stock held personally and, (c) 7,970,000 shares of Common Stock beneficially owned as the President of International Commerce and Finance, Inc.
- (6) Includes 400,000 shares of Common Stock subject to options.

The Company has two classes of preferred stock outstanding comprised of 102 shares of Series A Preferred Stock and 3,471 shares of Series B Preferred Stock. Each outstanding class of preferred stock has voting rights and is convertible into Common Stock. Each share of Series A Preferred Stock converts to 1,289 shares of Common Stock and votes on an as converted basis. 3,207 shares of Series B Preferred Stock is convertible into 641,400 shares of Common Stock and 264 Series B Preferred Shares convert into 264,000 shares of Common Stock and votes on an as converted basis.

Gerald Hoak, owner of 20 shares or 19.61% of Series A Preferred Stock, and Merit Capital Associates, owner of 40 shares or 39.22% of Series A Preferred Stock are the only owners of more than 5% of the class. No director or officer is the beneficial owner of any of the Series A or Series B Preferred Stock.

Beneficial Voting Power Held

The following table sets forth the voting power in the Company's equity securities, as of May 15, 2002 held by: (i) each director of the Company, (ii) each Named Executive Officer, (iii) all directors and executive officers as a group, and (iv) each person known by the Company to own more than 5% of any class of outstanding equity security of the Company. The voting power set forth in this table is the beneficial voting power held, directly and indirectly, by

such person as of the date indicated assuming no conversion of the preferred stock (i.e., includes shares that may be acquired within 60 days by reason of

- (1) Based upon 17,386,344 outstanding shares of common stock, 102 outstanding shares of Series A Preferred Stock and 3,471 outstanding shares of Series B Preferred Stock. Each share of Common Stock is entitled to one vote per share. Each outstanding share of Series A Preferred Stock is entitled to 1,289 votes. 3,207 shares of Series B Preferred Stock are entitled to 200 votes per share and 264 shares of Series B Preferred are entitled 1,000 votes each. Accordingly, as of May 15, 2002, the Series A Preferred Stock and Series B Preferred Stock are entitled to an aggregate of 131,478 votes and 905,400 votes, respectively. Voting rights are calculated in the same manner described in footnote 2 to table above disclosing the Security Ownership of Management and Certain Beneficial Owners ("Beneficial Ownership Table"). Totals exceed 100% due to such calculations and overlapping beneficial voting rights held between holders as set forth herein.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

STOCKHOLDERS AGREEMENT

A Stockholders Agreement dated April 9, 1998 was entered into among ULLICO, the Company, David N. DeBaene, Annette DeBaene, Norman DeBaene, Thomas Lisi, and Steve Panneton (each, a "Holder"). The Stockholders Agreement provides that the Company shall have a right of first refusal before any Holder may transfer any shares of Common Stock. ULLICO has a right of second refusal and co-sale rights, if the Company does not elect to buy all of the securities it is offered. If ULLICO enters into an agreement to transfer, sell or otherwise dispose of all of its Preferred Stock, Warrants and any Common Stock issued upon conversion or exercise of the former (such agreement referred to as a "Tag-Along Sale"), each

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

Holder has the right to participate in the Tag-Along Sale. If ULLICO, alone or with another person, accepts an offer from any party who is unaffiliated with it to purchase any of ULLICO's shares which results in such party having the ability to elect a majority of the Company's Board of Directors, then, at the request of ULLICO, each Holder shall sell all shares of Common Stock held by such Holder (referred to as a "Drag-Along Sale").

In March 2001, the property at 46 Old Flat River Rd., Coventry, RI was sold to a relative of the President of JD American Workwear, Inc. for \$165,000. The President received \$40,000 from the proceeds of the sale.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders
of American Commerce Solutions, Inc. and Subsidiaries

We have audited the accompanying consolidated balance sheets of American Commerce Solutions, Inc. (a Delaware Corporation) and subsidiaries as of February 28, 2002 and 2001, and the related consolidated statements of operations, changes in stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of American Commerce Solutions, Inc. and subsidiaries as of February 28, 2002 and 2001, and the results of their operations and their cash flows for the years then ended in conformity with generally accepted accounting principles in the United States of America.

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2, the Company's significant operating losses and negative working capital raise substantial doubt about its ability to continue as a going concern. Management's plans regarding these matters are also described in Note 2. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 15 to the financial statements, certain errors resulting from a failure to capitalize leased equipment and record unearned stock compensation were discovered during the current year. Accordingly, the 2001 financial statements have been restated to correct the errors.

F-9

AMERICAN COMMERCE SOLUTIONS, INC. AND SUBSIDIARIES NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FEBRUARY 28, 2002 AND 2001

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Organization

American Commerce Solutions, Inc., a Delaware corporation, operates as the parent company to its subsidiary International Machine and Welding, Inc. International Machine and Welding, Inc. provides machining, heavy equipment repair services and parts sales. The company has discontinued the operations of two subsidiaries, JD American Workwear, Inc., a workwear distributor and Rhode Island Truck and Equipment Corp., a paving contractor (See Note 12).

Principles of Consolidation

The accompanying consolidated financial statements include the activity of American Commerce Solutions, Inc. and its wholly owned subsidiaries. All inter-company transactions and balances have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less, when acquired, to be cash equivalents. The Company held no such instruments at February 28, 2002 and 2001.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined on a standard cost basis that approximates the first-in, first-out method. Market is determined based on net realizable value. Appropriate consideration is given to obsolescence, excessive levels, deterioration and other factors in evaluating net realizable value.

AMERICAN COMMERCE SOLUTIONS, INC. AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FEBRUARY 28, 2002 AND 2001 FEBRUARY 28, 2001 AND FEBRUARY 29, 2000

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Depreciation and Amortization

Property and equipment are stated at cost. The Company computes depreciation and amortization expense using straight-line and accelerated methods over the following estimated useful lives of the assets:

Asset Classification	Estimated Useful Lives
Building and Improvements	15 - 39 Years
Machinery and Equipment	5 - 15 Years
Office Furniture and Equipment	5 - 7 Years
Trucks and Autos	5 Years

Patent costs include the direct costs of obtaining the patents. Upon issuance of the patent, the costs are capitalized and amortized over the estimated useful life of the patent, generally five to seventeen years, using the straight-line method.

Direct costs incurred with the issuance of notes and mandatory redeemable preferred stock are deferred and amortized using the effective interest method, through the maturity date.

Revenue Recognition

Sales are recorded when products, repairs or parts are shipped or delivered to the customer. Provisions for discounts and rebates to customers, estimated returns and allowances and other adjustments are provided for in the same period the related sales are recorded. No products or parts are shipped with any contingencies except for defects.

Stock-Based Compensation

The Company accounts for stock issued to employees as provided in Accounting Principles Board Opinion No. 25, whereby compensation expense is recorded on the date the options are granted equal to the excess of the market price of the underlying stock over the exercise price and provides pro forma disclosure of the application of Statement of Financial Accounting Standards No. 123.

AMERICAN COMMERCE SOLUTIONS, INC. AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FEBRUARY 28, 2002 AND 2001

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic and Diluted Loss Per Share

Net loss per common share is computed by dividing net loss to common shareholders by the weighted-average number of shares of common stock outstanding for each fiscal year. Common stock equivalents are not considered in loss years because they are anti-dilutive.

Fair Value of Financial Instruments

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

At February 28, 2002 and 2001, the fair values of cash and cash equivalents, accounts receivable, and accounts payable approximate their carrying value due to their short-term nature. The fair value of debt is estimated at its carrying value based upon current rates available to the Company.

Reclassification

Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation.

NOTE 2: GOING CONCERN

The Company has incurred substantial operating losses since inception. The Company recorded losses from continuing operations of \$1,466,729 and \$1,105,249 for the years ended February 28, 2002 and February 28, 2001, respectively. Current liabilities exceed current assets by \$2,747,564 and \$1,120,936 at February 28, 2002 and February 28, 2001. Additionally, the Company has been unable to meet obligations to its creditors as they have become due. The ability of the Company to continue as a going concern is dependent upon its ability to reverse negative operating trends, raise additional capital and obtain debt financing.

Management has revised its business strategy to include expansion into other lines of business through acquisition of other companies in exchange for the Company's stock. Management is currently negotiating new debt financing, the proceeds from which would be used to settle outstanding debts at more favorable terms, to finance operations and to complete additional business acquisitions. However, there can be no assurance that the Company will be able to raise

capital, obtain debt financing or improve operating results sufficiently to continue as a going concern.

The accompanying financial statements do not include any adjustments relating to the recoverability and classification of recorded assets or the amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern.

NOTE 3: INVENTORIES

Inventories consist of the following:

	2002	2001

NOTE 7: COMMITMENTS AND CONTINGENCIES

Employment Agreements

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

The Company has employment agreements with two key employees. The terms of which expire at various times for each in fiscal year 2004. Such agreements, which have been revised from time to time, provide for minimum salary levels, adjusted annually for cost of living increases, normal employment benefits, auto allowances, stock options, as well as bonuses, which may contain minimum and incentive components. The annual commitment for future salaries at February 28, 2002, including minimum bonuses, is approximately \$208,000.

Cash In Bank

The Company maintains bank accounts, which at times may contain balances, which exceed the amounts insured by the FDIC.

NOTE 8: MANDATORY REDEEMABLE PREFERRED STOCK

On April 9, 1998, the Company authorized the issuance and sale of 3,950 shares of Series B 12% Cumulative Convertible Preferred Stock and sold 2,500 shares at a stated value of \$1,000 per share. In addition, the Company issued detached ten-year stock purchase warrants to purchase 799,000 shares of the Company's common stock at an exercise price of \$0.01 per share to the investor for an aggregate purchase price of \$2,500,000. A mandatory redemption of 1,250 shares, at \$1,250,000, was required on each of the first business days of April 2004 and 2005. Proceeds of \$960,000 were allocated to the carrying value of the Series B Preferred Stock and \$1,540,000 to the detached warrants based on their relative fair values at date of issue. The difference between the carrying value of the Series B and its mandatory redemption amount was accreted to retained earnings or, in the absence of retained earnings, to additional paid in capital over the period until redemption using the effective interest rate method.

During the year ended February 28, 2001, the Company was able to negotiate a troubled debt restructure agreement with the Series B investor. The investor agreed to waive its rights to the mandatory redemption required under the original stock purchase agreement, in exchange for an equity only interest. As a result, the Company has recognized a gain on the extinguishment of mandatory redeemable preferred stock in the amount of \$1,994,768.

NOTE 8: MANDATORY REDEEMABLE PREFERRED STOCK (CONTINUED)

The Series B Preferred Stock has rights to receive cumulative cash dividends in preference to the payment of dividends on all other shares of capital stock of the Company. No dividends may be declared or paid on any other shares of stock until the full amount of the cumulative dividends on the Series B Preferred Stock has been paid. Cumulative dividends amounted to \$117,926 and \$146,074 at February 28, 2002 and February 28, 2001, respectively. Dividends paid in additional shares and warrants were \$264,000 for the year ended February 28, 2002 and \$364,000 for the year ended February 28, 2001.

Holders of Series B Preferred Stock vote on an as converted basis with the common stockholders on all matters to be brought to a vote of the shareholders. The Series B Preferred stockholders shall be entitled to elect one director out of the seven authorized directors of the Company's board. If certain events occur or do not occur, such as the failure to pay

Edgar Filing: AMERICAN COMMERCE SOLUTIONS - Form 10KSB

dividends to the Series B Preferred stockholders, the holders of the Series B Preferred Stock shall be entitled, immediately upon giving written notice, to elect the smallest number of directors that will constitute a majority of the authorized number of directors.

Under the terms of the amended agreement, the annual dividend rate was reduced from 12% to 6%, effective June 1, 2000. Dividends may be paid in stock through May 31, 2004 at a conversion rate of \$1.00 per share.

NOTE 9: CAPITALIZATION

Authorized Number of Shares of Common Stock

On April 15, 1998, the shareholders of the Company approved an amendment to the Company's Certificate of Incorporation that increased the number of authorized shares of Common Stock of the Company from 4,500,000 shares to 7,500,000 shares. On December 15, 2000 the shareholder's, at the annual meeting thereof approved an additional amendment to increase the Common Stock to 30,000,000 shares authorized.

Series A 10% Convertible Preferred Stock

The Company sold 313 shares of Series A 10% Convertible Preferred Stock through a Private Placement dated August 26, 1997, at a price of \$2,500 per Preferred Share. Dividends are payable in kind at the Company's option.

Holders of Series A Preferred Stock vote on an as converted basis with the common stockholders on all matters to be brought to a vote of the shareholders. Payments of annual dividends have been deferred by the Company's board of directors on the outstanding Series A shares because of losses sustained by the Company. As of February 28, 2002, preferred dividends in arrears amounted to \$114,750 or \$1,125 per share.

Stock Receivable

Stock receivable represents amounts due to the Company for shares issued and outstanding at year-end. At February 28, 2002, the Company had an outstanding receivable of \$20,000 for unearned stock compensation. At February 28, 2001, the Company held a note receivable issued in connection with an exercise of stock options in the amount of \$150,000. The 7% note matured on December 31, 2001. The Company also had a stock receivable for unearned compensation of \$327,000. All amounts due at February 28, 2001, were repaid in services in 2002.

Common Stock Options

The Company's 1995 Stock Option Plan authorizes up to 750,000 shares of common stock for grants of both incentive stock options and non-qualified stock options to key employees, officers, directors and consultants. Options granted under the Plan must be exercised within ten years of the date of the grant. The exercise price of options granted may not be less than 85% of the fair market value of the stock. Additionally, the Company issues stock options to executives under their employment agreements.

NOTE 14: OPERATING SEGMENTS

The Company's reportable business segments are strategic business units that offer distinctive products and services that are marketed through different channels. They are managed separately because of their unique technology, marketing and distribution requirements.

The Company had three reportable segments: Manufacturing, Product Marketing and Construction Management. Manufacturing provides production and repair of machine parts used in heavy industry and sales and service of heavy equipment used primarily in mining and construction. During the year ended February 28, 2002, the Company discontinued operations of both the Construction Management and Product Marketing segments. Prior year segment information has been restated in accordance with the revised organization.

The Company's accounting policies for segments are the same as those described in the summary of significant accounting policies. Management evaluates segment performance based on segment profit or loss before income taxes and nonrecurring gains and losses.
