American Electric Power Company, Inc. ("AEP"), a New York corporation and a registered holding company under the Public Utility Holding Company Act of 1935, as amended (the "Act"), and its direct and indirect public utility

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U-1/A

subsidiaries Central Power and Light Company ("CPL"), Southwestern Electric Power Company ("SWEPCo"), West Texas Utilities Company ("WTU"), Columbus Southern Power Company ("CSP") and Ohio Power Company ("OPCo") (collectively, "the Operating Subsidiaries") propose to amend their Application/Declaration on Form U-1 in File No. 70-9937 as follows:

1. By restating Item 1. Description of Proposed Transactions immediately preceding the Rule 54 section as follows:

ITEM 1. DESCRIPTION OF PROPOSED TRANSACTIONS

Background. By Order dated December 30, 1976 (HCAR No. 19829; 70-5930) and in subsequent Orders, the Commission authorized Central and Southwest Corporation ("CSW"), a Delaware corporation and a registered holding company under the Act and a wholly owned subsidiary of AEP, to establish and utilize a system money pool ("Money Pool") to co-ordinate short-term borrowings for CSW, its electric subsidiary companies and Central and South West Services, Inc. as set forth in Central and South West Corp., HCAR No. 26697 (Mar. 28, 1997) and Central and South West Corp., HCAR No. 26854 (Apr. 3, 1998).

By Order dated April 5, 1989, in File 70-7643 (HCAR No. 24855), the Commission authorized the coordination of CSW's short-term borrowing program through the use of the CSW System money pool ("the Money Pool"). The Money Pool would be funded through surplus funds of CSW and its operating subsidiaries, a commercial paper program of CSW or short-term loans from banks to CSW and its subsidiaries.

In its Order in File 70-9381 (HCAR No. 27186), the Commission authorized AEP to continue the Money Pool and to add its utility subsidiaries and certain other subsidiaries as participants in the Money Pool and established borrowing limits for all participants in the Money Pool.

Ohio and Texas Restructuring. CPL, SWEPCo and WTU are public utilities operating in Texas. Tex. Util. Code Ann. ss. 39.001-909 (Vernon Supp. 2000), commonly referred to as S.B. 7, requires vertically integrated electric utilities, including WTU and CPL, to separate ownership of their generating and other power supply assets from ownership of their transmission and distribution assets no later than January 1, 2002. Under S.B. 7, vertically integrated utilities are generally obligated to disaggregate into at least (1) a PGC that will sell power and energy at wholesale; and (2) an EDC that will own transmission and local distribution facilities and perform metering and billing functions, but is prohibited from owning power supply facilities or selling electricity. By order issued July 7, 2000, the Public Utility Commission of Texas (PUCT) approved corporate separation plans CPL, SWEPCo and WTU filed to explain how they will comply with S.B. 7.

3

CSP and OPCo are public utilities operating in Ohio. CSP and OPCo will make certain transfers to comply with the provisions of an Ohio statute that provides for Competitive Retail Electric Service, commonly referred to as S.B. 3. Ohio Rev. Code Ann. ss. 4928.01-67 (Anderson 2000). The statute directs vertically integrated electric utilities that offer retail electric service in

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U-1/A

Ohio to separate their generating and other competitive operations (such as aggregation, marketing, and brokering) and related assets from their transmission and distribution operations and assets. On September 28, 2000, The Public Utilities Commission of Ohio (Ohio PUC) approved corporate separation plans CSP and OPCo filed to explain how they will comply with S.B. 3. Under their approved corporate separation plans, CSP and OPCo proposed, subject to receipt of federal regulatory approvals, to transfer their transmission and distribution assets and operations to EDC affiliates.

The current short-term borrowing limits of the Operating Subsidiaries under the Money Pool are as follows:

Money Pool	Short-Term Borrowing Participant Limit
CSP	350,000,000
CPL	600,000,000
OPCo	450,000,000
SWEPCo	250,000,000
WTU	165,000,000

Proposed Transaction. In order to comply with mandates by the Ohio and Texas legislatures to restructure and pursuant to plans submitted and approved by the PUCT and the Ohio PUC, CPL, CSP, OPCo, SWEPCo and WTU (collectively, the "Operating Subsidiaries") may need to restructure their debt portfolios and may retire and/or redeem their current outstanding long-term debt and replace such long-term debt with short-term debt. The Operating Subsidiaries propose to increase their borrowing limits as follows:

CPL	increase from \$600 million to \$1.2 billion
CSP	increase from \$350 million to \$800 million
OPCo	increase from \$450 million to \$1.0 billion
SWEPCo	increase from \$250 million to \$350 million
WTU	increase from \$165 million to \$375 million

This increase in borrowing authority would require that AEP's external borrowing limit from commercial paper dealers and banks be increased from \$5 billion to \$6.910 billion. This increase in AEP's borrowing limit will ensure that AEP has sufficient borrowing capacity to obtain external borrowings in order to loan funds through the Money Pool to the participants when required. AEP and the Operating Subsidiaries request that such authority extend to December 31, 2002.

AEP hereby represents that it will maintain for itself and for all the Operating Subsidiaries the common equity at a percentage of the consolidated capital (inclusive of short-term debt) of 30% during the authorization period. A chart showing the percentage of equity to consolidated capital is attached as Exhibit A.

Use of Proceeds: The proposed increase in short-term borrowings will be used for the following purpose:

CPL, CSP, OPCo, SWEPCo and WTU will utilize the additional borrowing capacity authorized in this file as a source of funding to

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U-1/A

replace a portion of respective long-term securities. As of June 30, 2001, CPL, CSP, OPCo, SWEPCo and WTU currently have \$1,597,279,000, \$914,875,000, \$1,219,852,000, \$760,175,000 and \$258,387,000, respectively, in long-term securities outstanding. These transactions will not change the debt/equity ratios of the Operating Securities.

4

2. By replacing and updating the Rule 54 Compliance language as follows:

Compliance with Rule 54

Rule 54 provides that, in determining whether to approve an application which does not relate to any EWG or FUCO, the Commission shall not consider the effect of the capitalization or earnings of any such EWG or FUCO which is a subsidiary of a registered holding company if the requirements of Rule 53(a), (b) and (c) are satisfied.

AEP consummated the merger with Central and South West Corporation on June 15, 2000 pursuant to an order issued June 14, 2000 (HCAR No. 27186), which further authorized AEP to invest up to 100% of its consolidated retained earnings, with consolidated retained earnings to be calculated on the basis of the combined consolidated retained earnings of AEP and CSW (as extended pursuant to HCAR No. 27316, December 26, 2000, the "Rule 53(c) Order").

AEP currently meets all of the conditions of Rule 53(a) and none of the conditions set forth in Rule 53(b) exist or will exist as a result of the transactions proposed herein.

Rule 53(a)(1) At June 30, 2001, AEP's "aggregate investment", as defined in Rule 53(a)(1), in EWGs and FUCOs was approximately \$1.315 billion, or about 40.6% of AEP's "consolidated retained earnings", also as defined in Rule 53(a)(1), for the four quarters ended June 30, 2001 (\$3.242 billion).

Rule 53(a)(2) Each FUCO in which AEP invests will maintain books and records and make available the books and records required by Rule 53(a)(2).

Rule 53(a)(3) No more than 2% of the employees of the electric utility subsidiaries of AEP will, at any one time, directly or indirectly, render services to any FUCO.

Rule 53(a)(4) AEP has submitted and will submit a copy of Item 9 and Exhibits G and H of AEP's Form U5S to each of the public service commissions having jurisdiction over the retail rates of AEP's electric utility subsidiaries.

Rule 53(b) (i) Neither AEP nor any subsidiary of AEP is the subject of any pending bankruptcy or similar proceeding; (ii) AEP's average consolidated retained earnings for the four quarters ended June 30, 2001 (\$3,242,159,000) represented a decrease of approximately \$302,490,000 (or 8.5%) in the average consolidated retained earnings from the four quarters ended June 30, 2000 (\$3,544,649,000); and (iii) for the fiscal year ended December 31, 2000, AEP did not report operating losses attributable to its direct or indirect investments in EWGs and FUCOs.

AEP's interests in EWGs and FUCOs have made a positive contribution to earnings over the four calendar years ending after the Rule 53(c)

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U-1/A

Order. Accordingly, since the date of the Rule 53(c) Order, the capitalization and earnings attributable to AEP's investments in EWGs and FUCOs has not had an adverse impact on AEP's financial integrity.

5

3. By amending and restating Item 3. Applicable Statutory Provisions as follows:

Sections 6(a), 7, 9(a) and 10 and Rules 43 and 45 thereunder are or may be applicable to the proposed transactions. To the extent any other sections of the Act may be applicable to the proposed transactions, the Applicants hereby request appropriate orders thereunder.

4. By filing the following exhibits:

Exhibit A	Capitalization Chart
Exhibit H	Form of Notice

5. By filing the following financial statements:

Balance Sheets as of June 30, 2001 and States of Income and Retained Earnings for the 12 months ended June 30, 2001 of AEP and its subsidiaries consolidated and of CPL, SWEPCo, WTU, CSP and OPCo.

Pursuant to the requirements of the Public Utility Holding Company Act of 1935, the undersigned company has duly caused this Amendment No. 1 to its Form U-1 to be signed on its behalf by the undersigned thereunto duly authorized.

Exhibit H

UNITED STATES OF AMERICA
before the
SECURITIES AND EXCHANGE COMMISSION

PUBLIC UTILITY HOLDING COMPANY ACT OF 1935
Release No. /September , 2001

In the Matter of
AMERICAN ELECTRIC POWER COMPANY, INC., et al.
1 Riverside Plaza
Columbus, OH 43215

(70-9937)

NOTICE IS HEREBY GIVEN that American Electric Power Company, Inc. ("AEP"), a New York corporation and a registered holding company under the Public Utility Holding Company Act of 1935, as amended (the "Act"), and its direct and indirect public utility subsidiaries Central Power and Light Company ("CPL"),

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U-1/A

Southwestern Electric Power Company ("SWEPCo"), West Texas Utilities Company ("WTU"), Columbus Southern Power Company ("CSP") and Ohio Power Company ("OPCo") (collectively, "the Operating Subsidiaries") have filed a Form U-1 Application or Declaration with this Commission pursuant to Sections 6(a), 7, 9(a) and 10 of the Public Utility Holding Company Act of 1935 (the "Act") and Rules 43 and 45 thereunder seeking authorization to increase the borrowing limits of the Operating Subsidiaries from the AEP system money pool as authorized in File No. 70-9381.

By Order dated December 30, 1976 (HCAR No. 19829; 70-5930) and in subsequent Orders, the Commission authorized Central and Southwest Corporation ("CSW"), a Delaware corporation and a registered holding company under the Act and a wholly owned subsidiary of AEP, to establish and utilize a system money pool ("Money Pool") to coordinate short-term borrowings for CSW, its electric subsidiary companies and Central and South West Services, Inc. as set forth in Central and South West Corp., Holding Co. Act Release No. 26697 (March 28, 1997) and Central and South West Corp., Holding Co Act Release No. 26854 (Apr. 3, 1998). In its Order in File 70-9381 (HCAR 35-27186), the Commission approved the merger of CSW and AEP, authorized AEP to continue the Money Pool and established borrowing limits for all participants in the Money Pool.

In order to comply with mandates by the Ohio and Texas legislatures to restructure and pursuant to plans submitted and approved by the Public Utility Commission of Texas and The Public Utilities Commission of Ohio (Ohio PUC) the Operating Subsidiaries may need to restructure their debt portfolios and may retire and/or redeem their current outstanding long-term debt and replace such long-term debt with short-term debt. AEP and the Operating Subsidiaries propose to increase the borrowing limits as follows:

CPL increase from \$600 million to \$1.2 billion CSP increase from 350 million to 800 million OPCo increase from \$450 million to \$1.0 billion SWEPCo increase from \$250 million to \$350 million WTU increase from \$165 to \$375 million

This increase in borrowing authority would require that AEP's borrowing limit be increased from \$5 billion to \$6.910 billion with the aggregate amount for all participants together not to exceed the limitation for AEP. This increase in AEP's borrowing limit will ensure that AEP has sufficient borrowing capacity to obtain external borrowings in order to loan funds through the Money Pool to the participants when required. The Operating Subsidiaries request that such authority extend to December 31, 2002.

CPL, CSPCo, OPCo, SWEPCo and WTU intend to utilize the additional borrowing capacity authorized in this file as a source of funding to replace of portion of respective long-term securities. As of June 30 2001, CPL, CSPCo, OPCo, and SWEPCo and WTU currently have \$1,597,279,000, \$914,875,000, \$1,219,852,000, \$760,175,000 and \$258,387,000, respectively, in long-term securities outstanding. AEP has represented that it will maintain for all the Operating Subsidiaries the common equity at a percentage of the consolidated capital (inclusive of short-term debt) of 30% during the authorization period.

It is stated that no other state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transaction.

The Application or Declaration and any amendments thereto are available for public inspection through the Commission's Office of Public Reference. Interested persons wishing to comment or request a hearing should submit their views in writing by October ____, 2001 to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549, and serve a copy on the applicant or declarant at the address specified above. Proof of service (by affidavit or, in case of any attorney at law, by certificate) should be filed with the request. Any request for a hearing shall identify specifically the issues of fact or law

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form U-1/A

that are disputed. A person who so requests will be notified of any hearing if ordered, and will receive a copy of any notice or Order issued in this matter. After said date, the Application or Declaration, as filed or as it may be amended, may be permitted to become effective.

For the Commission, by the Office of Public Utility Regulation, pursuant to delegated authority.

Jonathan G. Katz
Secretary
