PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

October 28, 2005

VOTING RIGHTS, PROXIES AND SOLICITATION

General

We are furnishing this Proxy Statement to shareholders of Mylan Laboratories Inc., a Pennsylvania corporation (Mylan or the Company), in connection with the solicitation of proxies by our Board of Directors for use at our 2005 Annual Meeting of Shareholders (the Annual Meeting) and at any adjournment or postponement thereof. The Annual Meeting is scheduled to be held on Friday, October 28, 2005, at 11:00 a.m. (Eastern time), at the Hilton Garden Inn, 1000 Corporate Drive, Canonsburg, Pennsylvania, for the purposes set forth in the accompanying Notice of Annual Meeting. We are mailing this Proxy Statement and the enclosed proxy card to shareholders on or about September 16, 2005.

Our Board of Directors has fixed the close of business on August 1, 2005 (the Record Date) as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment or postponement thereof. As of the close of business on the Record Date, there were 218,624,033 shares of our common stock, par value \$.50 per share (Common Stock), outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Quorum

Holders of a majority of the outstanding shares of our Common Stock entitled to vote on the Record Date must be present in person or represented by proxy to constitute a quorum. Proxies marked as abstaining and proxies returned by brokers as non-votes because they have not received voting instructions from the beneficial owners of the shares will be treated as shares present for purposes of determining the presence of a quorum.

Voting

You may vote by proxy either by signing, dating and returning the enclosed proxy card, or over the Internet or by telephone by following the instructions set forth on the enclosed proxy card.

If you vote by proxy, the individuals named on the enclosed proxy card will vote your shares in the manner you indicate. If you do not specify voting instructions, then the proxy will be voted in accordance with recommendations of the Board of Directors, as described in this Proxy Statement. If any other matter properly comes before the Annual Meeting, the designated proxies will vote on that matter in their discretion.

If your shares are held in the name of a brokerage firm, bank nominee or other institution, please sign, date and mail the enclosed instruction card in the enclosed postage-paid envelope or contact your broker, bank nominee or other institution to determine whether you will be able to vote over the Internet or by telephone.

If you come to the Annual Meeting to cast your vote in person and you are holding your shares in a brokerage account or through a bank or other nominee (street name), you will need to bring a legal proxy obtained from your broker, bank or nominee which will authorize you to vote your shares in person.

Your vote is important. We encourage you to sign and date your proxy card and return it in the enclosed postage-paid envelope, or vote over the Internet or by telephone, so that your shares may be represented and voted at the Annual Meeting.

Table of Contents

Revoking a Proxy

You may revoke your proxy at any time before it is voted by submitting another properly executed proxy showing a later date, by filing a written notice of revocation with the Secretary of Mylan at the address shown on the cover page, by casting a new vote over the Internet or by telephone, or by voting in person at the Annual Meeting.

Votes Required

Election of Directors

You may vote either **FOR** or **WITHHOLD** with respect to each nominee for the Board. Directors are elected by plurality voting, which means that the nine director nominees who receive the highest number of votes will be elected to the Board. Votes of **WITHHOLD** and broker non-votes, if any, will have no effect on the outcome of the election of directors.

Ratification of Selection of Deloitte & Touche LLP as Our Independent Registered Public Accounting Firm

Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2006, requires the affirmative vote of a majority of the votes cast by all shareholders entitled to vote. If this selection is not ratified by our shareholders, the audit committee will reconsider its recommendation. Abstentions and broker non-votes, if any, will have no effect on the outcome of the vote on this proposal.

Proxy Solicitation

Mylan will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement and any additional materials furnished by our Board of Directors to our shareholders. Proxies may be solicited without additional compensation by directors, officers and employees of Mylan and its subsidiaries. Copies of solicitation material will be furnished to brokerage firms, banks and other nominees holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to these beneficial owners. If asked, we will reimburse these persons for their reasonable expenses in forwarding the solicitation material to the beneficial owners. The original solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile, Internet and personal solicitation by our directors, officers or other regular employees. In addition, the Company has retained Morrow & Co., Inc. to assist in soliciting proxies at a cost of approximately \$25,000 plus expenses.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE
FOR THE ELECTION OF EACH OF THE NOMINEES NAMED ABOVE.**

Meetings of the Board

In fiscal 2005, our Board met 39 times. In addition to meetings of the Board, directors attended meetings of individual Board committees. In fiscal 2005, all of the directors attended at least 75% of the Board meetings and meetings of Board committees of which they were a member. In addition to board and committee meetings, it is the Company's policy that directors are expected to attend the Annual Meeting. All members of the Board attended the 2004 Annual Meeting of Shareholders.

Non-management members of the Board meet in executive sessions on a regularly scheduled basis. Neither the Chief Executive Officer nor any other member of management attends such meetings of non-management directors. Milan Puskar, the Chairman of the Board, has been chosen to preside at such executive sessions. For information regarding how to communicate with non-management directors as a group and one or more individual members of the Board, see Communications with Directors below.

Board Committees

The principal standing committees of the Board include the Audit Committee, Compensation Committee and Governance and Nominating Committee. Each such committee operates under a written charter, current copies of which are available on the Company's corporate website at www.mylan.com under the heading Corp. Governance. Copies of the charters are also available in print to shareholders upon request, addressed to Mylan's Corporate Secretary at 1500 Corporate Drive, Canonsburg, Pennsylvania 15317. The charter of the Audit Committee currently in effect is attached as Annex A to this Proxy Statement.

Audit Committee and Audit Committee Financial Expert. The Audit Committee's responsibilities include the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm; reviewing with the independent registered public accounting firm the scope of the

Table of Contents

audit plan and audit fees; and reviewing the Company's financial statements and related disclosures. The Committee met six times during fiscal 2005. The Committee is currently comprised of Mr. Leech (Chairman), Mr. DeLynn and Mr. Piatt, all of whom are independent directors, as required by and as defined in audit committee independence standards of the Securities and Exchange Commission (the SEC) and the New York Stock Exchange (the NYSE). The Board has determined that Mr. Leech is an audit committee financial expert, as that term is defined in the rules of the SEC.

Compensation Committee. The Compensation Committee establishes and regularly reviews the Company's compensation philosophy, strategy, objectives and ethics and determines the compensation payable to the Chief Executive Officer and approves the compensation payable to other executive officers. The Committee also administers the Company's equity compensation and benefit plans. The Committee met five times during fiscal 2005. The Committee is currently comprised of Mr. DeLynn (Chairman), Ms. Cameron, Dr. Maroon and Mr. Piatt, all of whom are independent directors as defined in the NYSE rules. For additional information, see Report of the Compensation Committee of the Board of Directors.

Governance and Nominating Committee. The Governance and Nominating Committee is responsible for the nomination of candidates for the Board and the oversight of all aspects of the Company's corporate governance initiatives. The Committee met two times during fiscal 2005. The Committee is currently comprised of Mr. Leech (Chairman), Ms. Cameron and Mr. Piatt, all of whom are independent directors as defined in the NYSE rules.

For purposes of identifying individuals qualified to become members of the Board, the Committee has adopted the following criteria with regard to traits, abilities and experience that the Board looks for in determining candidates for election to the Board:

Directors should be of the highest ethical character and share the values of the Company.

Directors should have personal and/or professional reputations that are consistent with the image and reputation of the Company.

Each Director should have relevant expertise and experience and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience.

Each Director should have the ability to exercise sound business judgment.

In addition, a majority of the members of the Board should be independent, not only as that term may be defined legally or mandated by the NYSE rules, but also without the appearance of any conflict in serving as a director. For a director to be considered independent, the Board must determine that he or she does not have any material relationship with the Company, either directly or indirectly (other than in his or her capacity as a director).

The Committee will consider director candidates properly submitted by shareholders. In considering candidates submitted by shareholders, the Committee will take into consideration the needs of the Board and the qualifications of the candidate, including those traits, abilities and experience identified above. Any submission of a proposed candidate for consideration by the Committee should include the name of the proposing shareholder and evidence of such person's ownership of Mylan stock, and the name of the proposed candidate, his or her resume or a listing of his or her qualifications to be a director of the Company, and the proposed candidate's signed consent to be named as a director if recommended by the Committee. Such information will be considered by the Chairman of the Committee, who will present the information on the proposed candidate to the entire Committee.

Any shareholder recommendation of a proposed candidate must be sent to Mylan's Corporate Secretary at 1500 Corporate Drive, Canonsburg, Pennsylvania 15317, not later than the earlier of (i) 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders or (ii) March 31 of the year in which the annual meeting is to be held.

The Committee identifies new potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who would be

Table of Contents

good candidates for service on the Board. The Committee also, from time to time, may engage firms that specialize in identifying director candidates. As described above, the Committee will also consider candidates recommended by shareholders.

Once a person has been identified by the Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee will contact the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Committee will request information from the candidate, review the candidate's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conduct one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder.

Director Independence

The Board has determined that Wendy Cameron, Laurence S. DeLynn, Douglas J. Leech, C.P.A., Joseph C. Maroon, M.D., Rodney L. Piatt, C.P.A., C.B. Todd, Randall L. Vanderveen Ph.D., B.C.P.P., R.Ph., and Neil Dimick have no material relationships with the Company and concluded that they are, and in the case of Mr. Dimick, upon election, will be, independent directors under the director independence standards of the NYSE. With respect to Mr. Leech and Mr. Piatt, the Board considered their past relationships with the Company, which relationships are no longer in existence, and determined that such past relationships are not material. With respect to Mr. Todd, the Board determined that he is an independent director under the independence standards of the NYSE as of September 1, 2005, the date of the three-year anniversary of the termination of Mr. Todd's service as an executive of the Company. Mr. Coury and Mr. Puskar are not independent directors due to their present or past service as executives of the Company.

Compensation of Directors

The Company's non-employee directors receive \$50,000 per year in cash compensation, and are reimbursed for actual expenses relating to meeting attendance. Mr. Puskar receives an additional \$200,000 per year for his service as Chairman of the Board. In addition, effective February 10, 2005, non-employee directors (other than Mr. Puskar) receive \$1,500 for each Board meeting they attend in person and \$1,000 for each Board meeting they attend by telephone (in each case other than meetings held primarily to consider Board compensation). Non-employee directors (other than Mr. Puskar) also received \$750 for each Committee meeting they attend in person and \$500 for each Committee meeting they attend by telephone, other than (i) Committee meetings held in conjunction with Board meetings, (ii) Committee meetings held primarily to consider Board compensation and (iii) meetings of the Finance Committee or the Executive Committee. Effective January 1, 2005, the Audit Committee Chair receives an additional \$10,000 per year, and the Chairs of the Compensation Committee, Governance and Nominating Committee and Compliance Committee each receive an additional \$5,000 per year. All such fees are payable quarterly. Non-employee directors are also eligible to receive stock options or other awards under the 2003 Long-Term Incentive Plan (the 2003 Plan) at the discretion of the full Board of Directors. On July 30, 2004, following the Company's 2004 Annual Meeting of Shareholders, each non-employee director received an immediately exercisable option to purchase 10,000 shares of Company Common Stock. The exercise price for the stock options was \$14.82 per share, which was the fair market value of a share of Company Common Stock on the grant date, as determined in accordance with the 2003 Plan. Directors who are also employees of the Company do not receive any consideration for their services on the Board of Directors.

Under a service benefit agreement entered into with Mylan in consideration of his service as a director, Mr. DeLynn is entitled to receive \$18,000 annually, payable in monthly installments, for a 10-year period beginning on the date on which his service to Mylan ends. Mr. DeLynn is not standing for re-election as a director and, accordingly, his service to Mylan will end upon the election of directors at the Annual Meeting.

Table of Contents

Upon his death or at his election, the aggregate amount of any unpaid benefit is payable in a lump sum, discounted to the present value at the per annum rate of 7%.

Code of Ethics; Corporate Governance Principles; Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Corporate Controller. The Board of Directors also has adopted Corporate Governance Principles as well as a Code of Business Conduct and Ethics applicable to all directors, officers and employees. Current copies of the Code of Ethics, Corporate Governance Principles and Code of Business Conduct and Ethics are posted on the Company's website at www.mylan.com under the heading Corp. Governance. Copies of the Code of Ethics, Corporate Governance Principles and Code of Business Conduct and Ethics are also available in print to shareholders upon request, addressed to Mylan's Corporate Secretary at 1500 Corporate Drive, Canonsburg, Pennsylvania 15317. The Company intends to post any amendments to or waivers from the Code of Ethics on its website.

**ITEM 2 RATIFICATION OF SELECTION OF DELOITTE & TOUCHE LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board has selected Deloitte & Touche LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending March 31, 2006, and has directed that management submit the selection of Deloitte & Touche LLP as our independent registered public accounting firm for ratification by the shareholders at the Annual Meeting. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting and will be available to respond to appropriate questions from our shareholders and will be given an opportunity to make a statement if he or she desires to do so.

Shareholder ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our by-laws or otherwise. However, the Audit Committee is submitting the selection of Deloitte & Touche LLP to shareholders for ratification as a matter of good corporate governance. If shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if they determine that such a change would be in the best interests of Mylan and its shareholders.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE
FOR RATIFICATION OF THE SELECTION OF
DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM.**

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a policy regarding pre-approval of audit, audit-related, tax and other services that the independent registered public accounting firm may perform for the Company. Under the policy, the Audit Committee must pre-approve on an individual basis any requests for audit, audit-related, tax and other services not covered by certain services that are pre-approved annually by the Audit Committee. The policy also prohibits the engagement of the independent registered public accounting firm for non-audit related financial information systems design and implementation, for certain other services considered to have an impact on independence and for all services prohibited by the Sarbanes-Oxley Act of 2002. Employment and Retirement Agreements and Change of Control Arrangements

Employment Agreements. The Company entered into an employment agreement with Mr. Coury in 2002, and such agreement was modified in December 2003. The Company entered into new employment agreements with the other Named Executive Officers in July 2004. Each agreement provides for the payment of a minimum base salary (and under Mr. Coury's original agreement, increases in base salary of \$200,000 for each subsequent year during the contract term), as well as eligibility to receive a discretionary bonus and fringe benefits of employment as are customarily provided to senior executives of the Company. Mr. Coury's agreement also provides for a guaranteed bonus. Unless earlier terminated, extended or renewed, the agreements with Mr. Coury and Dr. O'Donnell expire on March 31, 2007, and the agreements with Mr. Borkowski, Mr. DeBone and Mr. Williams expire on December 31, 2006, September 1, 2006 and June 1, 2006, respectively. Each agreement contains customary non-competition and non-solicitation provisions. If an executive resigns for good reason or is discharged by the Company without cause or if the term of employment is not extended or renewed on terms mutually acceptable to the executive and the Company, the executive would be entitled to receive a lump sum severance payment in an amount equal to one (in the

case of Mr. Borkowski, Mr. DeBone and Dr. O Donnell) or two (in the case of Mr. Williams) times the sum of the executive's then current base salary plus the prior bonus (as defined below), as well as continued participation in certain compensation and employee benefit plans. Under the employment agreements, prior bonus is defined as the higher of (i) the average of the annual bonuses paid to the executive in the three fiscal years prior to his separation from the Company or (ii) the annual bonus applicable for the prior fiscal year.

Table of Contents

If Mr. Coury's employment is terminated by the Company without cause or if Mr. Coury terminates his employment for good reason, Mr. Coury would be entitled under his employment agreement to (i) a cash lump sum severance payment equal to two (2) times his then current minimum base salary plus the annual bonus applicable for that year, plus (ii) the continuation of his then current minimum base salary plus the annual bonus (determined under his employment agreement), as well as continued participation in certain employee benefit plans, for the remainder of the contract period. In the event the term of his employment is not extended or renewed due to the inability of Mr. Coury and the Company to agree to mutually acceptable terms, Mr. Coury would be entitled to receive a cash lump sum severance payment equal to two (2) times the sum of his then current minimum base salary plus the annual bonus applicable for the year in which his contract expires, as well as continued participation in certain employee benefit plans for a period of two years. If Mr. Coury resigns without good reason after the first thirty-six (36) months of the term of his employment agreement, he would be entitled to continue to receive his minimum base salary plus the annual bonus (as determined under the employment agreement) and shall continue to participate in employee benefit plans for a period of twenty-four (24) months.

In the event the executive becomes entitled to severance under his transition and succession agreement (discussed below), no severance would be payable under the executive's employment agreement.

Transition and Succession Agreements. Mylan also entered into transition and succession agreements with each of the Named Executive Officers in December 2003, which were modified in December 2004. Under the terms of these transition and succession agreements, both Mr. Coury's and Mr. Williams' employment terminates upon a change of control, with each becoming entitled to receive a severance payment equal to the higher of (a) the compensation and benefits payable under his employment agreement as if the change of control were deemed to be a termination without cause under the employment agreement and (b) a lump sum severance payment in an amount equal to four (in the case of Mr. Coury) or three (in the case of Mr. Williams) times the sum of base salary and highest bonus determined under the employment agreement, and the continuation of health and insurance benefits for a period of three years.

The transition and succession agreements for each of Messrs. Borkowski and DeBone and Dr. O'Donnell provide that if the executive's employment is terminated other than for cause or if the executive terminates his employment voluntarily for good reason, in each case within two years following the occurrence of a change of control, or for any reason within 90 days following the first anniversary of a change of control, the executive would become entitled to receive a severance payment equal to the higher of (a) the compensation and benefits payable under his employment agreement as if the change of control were deemed to be a termination without cause under the employment agreement and (b) a lump sum severance payment in an amount equal three times the sum of base salary and highest bonus paid to the executive under the employment agreement or the transition and succession agreement, and the continuation of health and insurance benefits for a period of three years. The transition and succession agreements for each of the Named Executive Officers also provides for a gross-up payment for any excise tax on excess parachute payments.

Retirement Benefit Agreements. In December 2004, the Company entered into Retirement Benefit Agreements (RBAs) with each of Messrs. Coury, Borkowski and Williams (each an Executive), in furtherance of the obligations contained in their respective employment agreements. The Company also entered into Amended Retirement Benefit Agreements (the Amended RBAs) with each of Mr. DeBone and Dr. O'Donnell. Pursuant to the RBAs, upon retirement following completion of ten or more years of service, Messrs. Borkowski and Williams would each be entitled to receive an annual benefit equal to \$150,000 for a period of 15 years, and Mr. Coury would be entitled to receive an annual benefit equal to \$400,000 for a period of 15 years (the Retirement Benefit). An executive who completes five years of service since his date of hire would be 50% vested in his Retirement Benefit, with an additional 10% of the Retirement Benefit vesting after each full year of service for up to five additional years (the Partial Benefit).

The Retirement Benefit or, if applicable, the Partial Benefit, would generally be payable on a monthly basis commencing on the first day of the seventh month following the month in which the Executive retires, but would generally not commence prior to age 55. However, in the case of death or upon the occurrence of a change of control of the Company, each executive would become fully vested in his Retirement Benefit and

Table of Contents

would be entitled to receive a lump sum payment equal to the net present value of the Retirement Benefit as soon as practicable following any subsequent termination of employment.

If an Executive dies while employed by the Company, the Executive's beneficiary would be entitled to receive a lump sum payment equal to the greater of (i) two times the Executive's base salary or (ii) the net present value of the Retirement Benefit. If an Executive dies following retirement, the Executive's beneficiary would be entitled to receive a lump sum payment equal to the net present value of all monthly payments not yet made.

The retirement benefit agreements which the Company originally entered into with Mr. DeBone and Dr. O'Donnell provided for a retirement benefit of \$100,000 per year for ten years, together with a death benefit of \$1.25 million in the event of death prior to retirement. The Amended RBAs provide each of these individuals with retirement benefits equal to those contemplated for Messrs. Borkowski and Williams (including extension of payments from ten to fifteen years). The increased benefit will be contingent on Mr. DeBone and Dr. O'Donnell continuing to serve out the remainder of the term under their respective employment agreements (September 1, 2006 in the case of Mr. DeBone and March 31, 2007 in the case of Dr. O'Donnell) or, if earlier, until the occurrence of a change of control.

Introduction. During fiscal 2005, the Compensation Committee (Committee) was comprised of four non-employee directors, Laurence S. DeLynn (Chairman), Wendy Cameron, Rodney L. Philosophy. The Committee's compensation policies applicable to Mylan's executive officers, including the Chief Executive Officer, are to:

provide compensation to executive officers at such levels as will enable Mylan to attract and retain individuals of the highest caliber;

compensate executive officers in a manner designed to recognize individual, group and company performance; and

seek to align the interests of executive officers with the interests of Mylan's shareholders, with an increased emphasis on pay-for-performance compensation (i.e., linking certain components of compensation to key business metrics), as discussed below.

Compensation Consultant. The Committee believes that the Company's executive officers are fairly and competitively compensated, and that the Committee's policies regarding executive compensation have enabled the Company to attract, retain and motivate highly qualified executive officers. The Committee also believes it is important periodically to review its executive compensation policies in light of, among other things, Mylan's current business objectives and the Committee's desire to employ best practices in determining executive compensation. Accordingly, during fiscal 2005, the Committee retained the services of a nationally recognized independent executive compensation consultant, who reports directly to the Committee, to (i) assess all aspects of Mylan's current executive compensation program and to compare such program with a group of companies representative of Mylan's competition for executive talent (most of the

Table of Contents

20 companies selected are in the pharmaceutical industry, but certain other companies were included based on business location and size), and (ii) determine trends in long-term incentive compensation and executive stock ownership.

The compensation consultant determined that total compensation for Mylan's senior executives, including the Chief Executive Officer, generally fell within a relatively small variance of the 50th percentile of the competitive group of companies. Such total compensation included base salary, short-term and long-term incentive compensation, benefits and perquisites. The compensation consultant also concluded that the compensation mix was more heavily weighted toward cash compensation in the form of salary and bonus than was the case with the comparator group of companies and that the long-term equity-based compensation for senior executives was below the 50th percentile of the comparator group. Accordingly, the compensation consultant recommended that the Committee review the appropriate mix of compensation to be awarded in future years, while targeting overall executive compensation at approximately the 50th percentile of comparable companies. The compensation consultant also advised the Committee of an increasing trend toward formal stock ownership guidelines applicable to executives.

In light of this advice, it is the Committee's intention that a greater portion of future executive compensation be in the form of long-term equity-based compensation and that a substantial portion of this long-term compensation be performance-based. The Committee also intends that, in conjunction with this change in the mix of executive compensation, formal executive stock ownership guidelines be developed and implemented. See the discussion below under "Future Long-Term Incentive Compensation and Stock Ownership Guidelines."

Components of Fiscal 2005 Executive Compensation. For fiscal 2005, the elements of Mylan's compensation program consisted of base salary and annual bonus compensation. In view of the restricted stock awards made to executives in fiscal 2004, no long-term compensation (stock options, restricted stock or otherwise) was granted to executives in fiscal 2005, except with respect to two newly-hired executives for whom long-term compensation was granted in the form of stock options, and the Committee does not expect to award any long-term compensation to executive officers identified in the Summary Compensation Table appearing elsewhere in this Proxy Statement (the "Named Executive Officers") for the current (2006) fiscal year.

Fiscal 2005 Cash Compensation. The base salaries of executive officers are determined in accordance with the officers' employment agreements. Executive officers' annual bonuses were based principally upon various subjective factors such as responsibilities, position and individual performances including such qualities as leadership and implementation of corporate initiatives. See "Employment and Retirement Agreements and Change of Control Arrangements" appearing elsewhere in this Proxy Statement for more information.

Fiscal 2005 Long-Term Compensation. During fiscal 2005, the Committee made stock option awards under the Company's 2003 Long-Term Incentive Plan (the "2003 Plan") to two newly-hired executive officers, but did not make any other long-term incentive grants to executives. The Committee's primary objectives when making grants under the 2003 Plan are to provide a strong and direct link between an executive officer's compensation and the interests of shareholders and to encourage executives to continue to focus on the long-term performance of the Company. The number of stock options granted to the two newly-hired executive officers in fiscal 2005 was determined based on the executive officer's position within the Company and the executive officer's level of responsibility.

Fiscal 2005 Compensation of Chief Executive Officer. Robert J. Coury has been serving as Mylan's Chief Executive Officer since September 1, 2002, pursuant to the terms of an Employment Agreement which was negotiated and entered into at the time Mr. Coury was recruited to serve as Chief Executive Officer. Under Mr. Coury's Employment Agreement, his annual base salary during fiscal 2005 was \$1,300,000.

Mr. Coury received an annual bonus for fiscal 2005 of \$1,300,000 pursuant to the terms of his Employment Agreement. In view of the restricted stock award made to Mr. Coury in fiscal 2004, the Committee did not make any equity awards to Mr. Coury in fiscal 2005 and does not expect to make any equity awards to Mr. Coury for fiscal 2006.

Table of Contents

Future Long-term Incentive Compensation. In view of the advice received by the Committee from its compensation consultant, as discussed above, the Committee intends to revise the structure of executive compensation in future years. Specifically, the Committee intends that:

Total compensation for executive officers generally be targeted at approximately the 50th percentile of companies with which Mylan competes for executive talent;

Subject to existing contractual requirements with Named Executive Officers (including the Chief Executive Officer) which expire at various times during fiscal 2007, a greater portion of overall executive compensation in future years be in the form of long-term equity-based compensation;

A substantial portion of the executives' long-term equity-based compensation be performance-based (as discussed below); and

Apart from fixed base salaries, and subject to existing contractual requirements, there be a greater emphasis on cash compensation that is linked to specific performance criteria.

It is expected that any long-term compensation awarded will consist of stock options and either performance-based restricted stock or performance-based restricted stock units granted under the 2003 Plan. It is anticipated that stock options will have an exercise price equal to or greater than the fair market value of the Company's Common Stock on the date of grant and generally will not become fully exercisable prior to the third anniversary of the date of grant. It is also anticipated that the vesting of restricted stock or restricted stock units generally will be based upon continued employment of the grantee as well as upon Mylan's achievement of one or more performance goals (other than stock price) established by the Committee with respect to a performance period (which is expected to be at least three fiscal years). It is contemplated that the performance goals will meet the exception for performance-based compensation under Section 162(m) of the Internal Revenue Code (Section 162(m)), so that any compensation payable in respect of the awards would be fully deductible for federal income tax purposes. For more information on Section 162(m) see *Deductibility Cap on Executive Compensation* below.

Stock Ownership Guidelines. Based on the advice of its compensation consultant, the Committee also determined that it also intends to implement guidelines that require specified stock ownership levels by executive officers, to be attained within five years of adoption of the guidelines. It is expected that the stock ownership requirements would be expressed as a percentage of base salary for each executive ranging from 300% to 500%. For this purpose, shares actually or beneficially owned by the executive (including restricted shares, restricted stock units and shares held in Mylan's 401(k) plan), as well as vested option shares, would count toward compliance with these guidelines.

Deductibility Cap on Executive Compensation. Section 162(m) restricts the deductibility for federal income tax purposes of the compensation paid to the Chief Executive Officer and each of the four other most highly compensated executive officers of a public company for any fiscal year to the extent that such compensation for such executive exceeds \$1,000,000 and does not qualify as performance-based compensation as defined under Section 162(m). The Board and the Committee have taken actions intended to increase Mylan's opportunity to deduct compensation paid to executive officers for federal income tax purposes. The Committee intends, to the extent appropriate, to preserve the deductibility of executive compensation without breaching Mylan's contractual commitments or sacrificing the flexibility needed to recognize and reward desired performance.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Report of the Audit Committee of the Board of Directors does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates such information by reference.

The Audit Committee is currently comprised of three independent directors and operates under a written charter adopted by the Board of Directors in accordance with current rules of the New York Stock Exchange.

Management is responsible for Mylan's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of Mylan's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States), and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm regarding Mylan's audited consolidated financial statements. These discussions covered the quality, as well as the acceptability, of Mylan's financial reporting practices and the completeness and clarity of the related financial disclosures. Management represented to the Audit Committee that Mylan's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380).

Mylan's independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent registered public accounting firm that firm's independence. Deloitte & Touche LLP, Mylan's independent registered public accounting firm, stated in the written disclosures that in their judgment they are, in fact, independent. The Audit Committee concurred in that judgment of independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Mylan's Annual Report on Form 10-K for the fiscal year ended March 31, 2005, which was filed with the Securities and Exchange Commission.

The Audit Committee also considered whether non-audit services provided to Mylan by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP. The Audit Committee believes that the provision of those services in fiscal 2005 by Deloitte & Touche LLP is compatible with maintaining its independence.
