**Item 1.01 Entry into a Material Definitive Agreement.**

On March 27, 2006, the Compensation Committee approved the grant of performance unit awards under the Cincinnati Bell 1997 Long Term Incentive Plan to the Company's executive officers. Under the 2006 performance unit awards, the executive officers were awarded the right to earn common shares. Actual payouts of these shares, if any, will be determined by a non-discretionary formula, which measures the Company's free cash flow over a three-year performance period, including a 2006 performance period, a 2006-2007 performance period and a 2006-2008 performance period. If the Company achieves free cash flow results between 90%-110% of target, the executive officers may receive between 75%-150% of the target number of common shares, in the aggregate, during the three-year performance period. If less than 90% of the free cash flow target is achieved during any performance period, no shares will be earned for that performance period. Special vesting provisions apply in the case of retirement, disability, death and change in control. The target number of and value (based on the \$4.285 fair market value of the common shares on the date of grant) of common shares that each executive officer may earn is as follows: Mr. Cassidy 286,500 shares and \$1,227,652, Mr. Ross 62,500 shares and \$267,812, Mr. Dir 50,000 shares and \$214,250, Mr. Callaghan 0 shares and \$0, and Mr. Wilson 43,500 shares and \$186,397.

The form of the Performance Unit Agreement is attached hereto as Exhibit 10.1.
