QUESTIONS AND ANSWERS

1. Who is entitled to vote at the Annual Meeting?

If you held shares of WESCO International, Inc. (WESCO or the Company) Common Stock at the close of business on April 9, 2007, you may vote at the Annual Meeting. On that day, 47,124,704 shares of our Common Stock were outstanding. Each share is entitled to one vote.

In order to vote, you must either designate a proxy to vote on your behalf or attend the Annual Meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the meeting.

2. What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Proposal 1 FOR the election of all three nominees for Class II Directors with terms expiring at the 2010 Annual Meeting of Stockholders.

Proposal 2 FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007.

3. How do I cast my vote?

There are four different ways you may cast your vote. You may vote by:

the Internet, at the address provided on each proxy card;

telephone, using the toll-free number listed on each proxy card;

marking, signing, dating and mailing each proxy card and returning it in the postage paid envelope provided. If you return your signed proxy card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR the election of each of the Class II Director nominees named in this Proxy Statement and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our Company's independent registered public accounting firm for the fiscal year ending December 31, 2007; or

attending the Annual Meeting and voting your shares in person.

If you are a stockholder of record (that is, your shares are registered directly in your name in the Company's books and not held through a broker, bank, or other nominee), and you wish to vote electronically through the Internet or by telephone, follow the instructions provided on the proxy card. You will need to use the individual control number that is printed on your proxy card in order to authenticate your ownership.

The deadline for voting by telephone or the Internet is 11:59 p.m., Eastern time, on Tuesday, May 22, 2007.

If your shares are held in street name (that is, they are held in the name of a broker, bank or other nominee), or your shares are held in the Company's 401(k) Retirement Savings Plan, you will receive instructions with your materials

that you must follow in order to have your shares voted. For voting procedures for shares held in the Company's 401(k) Retirement Savings Plan, see Question 7 below.

4. How do I revoke or change my vote?

You may revoke your proxy or change your vote at any time before it is voted at the Annual Meeting by:

notifying the Corporate Secretary at the Company's headquarters office;

transmitting a proxy dated later than your prior proxy either by Internet, telephone, or mail; or

attending the Annual Meeting and voting in person by ballot or by proxy (except for shares held in street name through a broker, bank, or other nominee, or in the Company's 401(k) Retirement Savings Plan).

The latest-dated, timely, properly completed proxy that you submit, whether

Table of Contents

by Internet, telephone, or mail, will count as your vote. If a vote has been recorded for your shares and you submit a proxy card that is not properly signed and dated, the previously recorded vote will remain in effect.

5. What shares are included on the proxy or voting instruction card?

The shares on your proxy card represent those shares registered directly in your name and shares held in the Company's 401(k) Retirement Savings Plan. If you do not cast your vote, your shares (except those held in the Company's 401(k) Retirement Savings Plan) will not be voted. See Question 7 for an explanation of the voting procedures for shares in the Company's 401(k) Retirement Savings Plan.

6. What does it mean if I get more than one proxy or voting instruction card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Please complete and return all of the proxy cards you receive (or vote by Internet or telephone all of the shares on each of the proxy or cards you receive) in order to ensure that all your shares are voted.

7. How are the shares that I hold in the Company's 401(k) Retirement Savings Plan voted?

If you hold WESCO Common Stock in the Company's 401(k) Retirement Savings Plan, you may tell the plan trustee how to vote the shares of Common Stock allocated to your account. You may either sign and return the voting instruction card provided by the plan or transmit your instructions by the Internet or telephone. If you do not transmit instructions, your plan shares will be voted as the plan administrator directs or as otherwise provided in the plan.

8. How are shares held by a broker, bank or other nominee voted?

If you hold your shares of WESCO Common Stock in street name through a broker, bank, or other nominee account, you are a beneficial owner of the shares. In order to vote your shares, you must give voting instructions to your broker, bank or other intermediary who is the nominee holder of your shares. The Company asks brokers, banks and other nominee holders to obtain voting instructions from the beneficial owners of shares that are registered in the nominee's name. Proxies that are transmitted by nominee holders on behalf of beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

9. What is a quorum?

A majority of the outstanding shares, present or represented by a proxy, constitutes a quorum. There must be a quorum for the Annual Meeting to be held. You are part of the quorum if you have voted by Internet, telephone or mail by proxy card. Abstentions, broker non-votes and votes withheld from Director nominees count as shares present at the Annual Meeting for purposes of determining a quorum.

10. What is the required vote for a proposal to pass?

The Director nominees receiving the highest number of votes will be elected to fill the seats on the Board. Only votes FOR or WITHHELD affect the outcome.

Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007, requires the favorable vote of a majority of the votes cast. Abstentions have the effect of a negative vote.

11. Who will count the votes?

Representatives of our transfer agent, Mellon Investor Services, and two other appointed inspectors of election will certify their examination of the list of stockholders, number of shares held and outstanding as of the record date, and the necessary quorum for transaction of the business for this meeting. These persons will count the votes at the Annual Meeting.

**PROXY STATEMENT FOR
2007 ANNUAL MEETING OF STOCKHOLDERS
to Be Held May 23, 2007**

PROXY SOLICITATION AND VOTING INFORMATION

The Board of Directors of WESCO International, Inc. is soliciting your proxy to vote at our Annual Meeting of Stockholders to be held on May 23, 2007, at the Company headquarters of WESCO International, Inc., located at 225 West Station Square, Suite 700, Pittsburgh, Pennsylvania, at 2:00 p.m., E.D.T., and at any adjournment or postponement of the meeting. This Proxy Statement is accompanied by our 2006 Annual Report.

Holders of our Common Stock at the close of business on the record date of April 9, 2007, may vote at our Annual Meeting. On the record date, 47,124,704 shares of our Common Stock were outstanding. You are entitled to cast one vote per share on each matter presented for consideration and action at our Annual Meeting. A list of stockholders entitled to vote will be available at the Annual Meeting and during ordinary business hours for 10 days prior to the Annual Meeting at our Company headquarters. Any stockholder of record may examine the list for any legally valid purpose.

The proxies will be voted if properly signed, received by our Corporate Secretary prior to the close of voting at our Annual Meeting, and not revoked. If no direction is given in the proxy, it will be voted FOR the proposals presented in this Proxy Statement, including election of the Directors nominated by our Board of Directors and ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2007. Alternatively, you may be entitled to vote over the Internet or by telephone. You should check the enclosed proxy card or the information forwarded to you by your bank, broker or other holder of record to see whether these options are available to you. Action may be taken at the Annual Meeting for any other business that properly comes before the meeting, and the proxy holders have the right to and will vote in accordance with their judgment. We have not received notice of any stockholder proposals for presentation at the Annual Meeting.

If you have returned a proxy via mail, telephone or Internet, you may revoke it at any time before it is voted at our Annual Meeting by delivering a revised proxy bearing a later date, by voting by ballot at the Annual Meeting, or by delivering a written notice withdrawing your proxy to our Corporate Secretary at our address provided above.

In addition to soliciting proxies by mail, telephone, and the Internet, our Board of Directors, without receiving additional compensation, may solicit in person. Brokerage firms and other custodians, nominees, and fiduciaries will forward proxy soliciting material to the beneficial owners of our Common Stock, held of record by them, and we will reimburse these brokerage firms, custodians, nominees, and fiduciaries for reasonable out-of-pocket expenses incurred by them in doing so. The cost of this proxy solicitation will consist primarily of printing, legal fees, and postage and handling. We will pay the cost of this solicitation of proxies.

To conduct the business of the Annual Meeting, we must have a quorum. The presence, in person or by proxy, of stockholders holding at least a majority of the shares of our

Table of Contents

Common Stock outstanding will constitute a quorum. Abstentions and broker non-votes count as shares present for purpose of determining a quorum. Proxies that are transmitted by nominee holders for beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder. The election of Directors will be determined by a plurality of the votes cast at the election. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2007, will require affirmative votes by a majority of the votes present at the meeting.

Only votes FOR or WITHHELD affect the outcome of the election of Directors. With respect to the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2007, abstentions have the effect of a negative vote.

A broker non-vote occurs when a broker, bank or other nominee holder does not vote on a particular item because the nominee holder does not have discretionary authority to vote on that item and has not received instructions from the beneficial owner of the shares. Broker non-votes will not affect the outcome of any of the matters scheduled to be voted upon at the Annual Meeting, and they are not counted as shares voting with respect to any matter on which the broker has not voted expressly.

Table of Contents**Item 1 Proposal to Vote For Election of Directors**

Our Board unanimously recommends a vote FOR the election of all three nominees for Class II Directors with terms expiring at the 2010 Annual Meeting of Stockholders. Class II Director nominees are Sandra Beach Lin, Robert J. Tarr, Jr. and Kenneth L. Way.

If you return your signed proxy card but do not indicate on the proxy card how you wish to vote, your shares will be voted for the election of Ms. Beach Lin and Messrs. Tarr and Way, unless authority to vote for one or more of the nominees is withheld. In the event that any of the nominees is unable or unwilling to serve as a Director for any reason, the proxy will be voted for the election of any substitute nominee designated by our Board.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR
THE ELECTION OF EACH OF THE CLASS II DIRECTOR NOMINEES.

BOARD OF DIRECTORS

From January to May 2006, our Board consisted of 11 members divided into three classes. Steven A. Raymund and Lynn M. Utter were appointed as Class I Directors as of January 1, 2006. The terms of the Class I and Class III Directors do not expire until 2009 and 2008, respectively.

Elected Term;

Director Responsibilities;

We have adopted a Code of Business Ethics and Conduct, referred to as the Code, which applies to all of our employees. The Code covers all areas of professional conduct, including customer relations, conflicts of interest, insider trading, and financial disclosure, as well as requiring strict adherence to all laws and regulations applicable to our business. Employees and Directors are required to annually sign the Code. Employees are required to report any violations or suspected violations of the Code to their supervisors or by using our ethics toll-free hotline. Director Independence

Our Board has adopted Corporate Governance Guidelines that meet or exceed the independence standards of the NYSE. Also, as part of our Corporate Governance Guidelines, our Board has adopted categorical standards to assist it in evaluating the independence of each of its Directors. The categorical standards are intended to assist our Board in determining whether or not certain direct or indirect relationships between its Directors and our Company or its subsidiaries are material relationships for purposes of the NYSE independence standards. The categorical standards establish thresholds at which any relationships are deemed to be not material. In addition, the categorical standards adopted to evaluate the independence of our Directors are attached as Appendix A to this Proxy Statement.

In February 2007 the independence of each Director was reviewed, applying the independence standards set forth in our Governance Policies. The review considered relationships and transactions between each Director and his or her immediate family and affiliates and its management and our independent registered public accounting firm.

Based on this review, our Board affirmatively determined that the following Directors have no relationships with our Company other than as disclosed in this Proxy Statement and are independent as defined in our categorical standards and the independence standards of the NYSE: Ms. Beach Lin, Mr. Miles, Mr. Raymund, Mr. Singleton, Mr. Tarr, Ms. Utter, Mr. Vareschi and Mr. Way. Mr. Raymund's relationship described under

Table of Contents

Transactions with Related Persons Related Party Transactions was determined by our Board to be immaterial because Mr. Raymund does not receive any direct material benefits from Tech Data Corporation's purchases from us. Mr. Haley is considered an inside Director because of his employment as our Chief Executive Officer (CEO). Additionally, former Directors, Mr. Stern and Mr. Cheshire, who retired in May 2006, were also independent during their service according to the same standards as our current Directors.

Compensation Committee Interlocks

None of our executive officers serve as an executive officer of, or as a member of, the compensation committee of any public company that has an executive officer, Director or other designee serving as a member of our Board.

Executive Sessions and Presiding Director

During 2006, the non-management members of our Board met in executive session at the conclusion of each regularly scheduled Board of Director's meeting. From January 1, 2006 through February 7, 2006, Mr. Singleton served as Presiding Director, and effective February 8, 2006, our independent Directors designated Mr. Way as Presiding Director over these executive sessions. The Presiding Director has broad authority to call and conduct meetings of the independent Directors. He is also responsible for planning and conducting the annual evaluation of Board performance and effectiveness.

Annual Performance Evaluation

Our Board and each of our Audit, Compensation and Nominating and Governance Committees conducted an annual self-evaluation during January and February 2007 as required by our Corporate Governance Guidelines and the charters of our Board Committees. The non-management Board of Directors met in executive session in February 2007 to discuss self-evaluations and Board and Committee effectiveness.

Communications with Directors

Our Board has established a process to receive communications from stockholders and other interested parties, and they may communicate with the Chairman of our Audit Committee, Mr. Tarr, or the Presiding Director, Mr. Way, and other non-management members of our Board by confidential e-mail. referrals or recommendations by members of our Board, by our management, or by you, our stockholders. Our Nominating and Governance Committee has previously retained an executive search firm to assist in identifying qualified Board member candidates.

In considering candidates submitted by you, our stockholders, our Nominating and Governance Committee will take into consideration the needs of our Board along with candidates' qualifications. To have a candidate considered by the Committee, you must submit the recommendation in writing and must include the following information:

A confirmation of the proposed candidate's willingness to serve as a Director if selected by our Nominating and Governance Committee;

Any information about the proposed candidate that, under the federal proxy rules, would be required to be included in our Proxy Statement if the proposed candidate were a nominee; and

The name of the stockholder submitting the proposed candidate, together with information as to the number of shares owned and the length of time of ownership.

You should send the information described above to: WESCO International, Inc., 225 West Station Square Drive, Suite 700, Pittsburgh, Pennsylvania, 15219-1122, Attention: Corporate Secretary. To allow for timely consideration, recommendations must be received not less than 90 days prior to the first anniversary of the date of our most recent Annual Meeting. In addition, the Company may request additional information regarding any proposed candidates.

Once a person has been identified by our Nominating and Governance Committee as a potential candidate, the Committee may collect and review publicly available information to assess whether the person should be considered further. Generally, if the candidate expresses a willingness to be considered to serve on our Board, our Nominating and Governance Committee will conduct a thorough assessment of the candidate's qualifications and accomplishments. Our Nominating and Governance Committee follows the same evaluation process for candidates identified by the Committee and any candidate who is recommended by our stockholders.

The Company's Compensation Program

The objectives of our compensation program for executive officers are to attract, motivate, and reward the high caliber of executive performance required to be successful in the competitive distribution industry. Competent and motivated executives are essential in enhancing positive business results and achieving growth in stockholder value over intermediate and long-term horizons.

The principal components of our executive compensation program for officers consist of base salary, annual incentive bonuses, long-term incentives, health and welfare benefits and a limited number of perquisites. We do not provide post-employment retirement benefits, health

Table of Contents

and welfare, or supplemental executive retirement benefit programs. Base salary and annual incentive bonuses are set with the goal of attracting executives and adequately compensating and rewarding them for recent performance. Our long-term incentive equity programs are established to provide incentive and reward for the achievement of long-term business objectives, continued service and key talent retention.

Executives have significant amounts of compensation at risk, with annual bonuses and long-term incentives being linked to actual performance. Executives are expected to maintain a significant equity ownership in our Company, aligning the interests of management with those of our stockholders. We believe that our compensation program is appropriate to motivate and retain our executives and to maximize their contribution to the Company over the long term.

Base Salaries

Salaries for executives are reviewed annually, taking into account factors such as overall Company performance in relation to competition and industry circumstances, changes in duties and responsibilities, strategic and operational accomplishments, and individual performance. Mr. Haley, the Chief Executive Officer, makes base salary recommendations to the Compensation Committee for all of the named executive officers, excluding himself.

The Compensation Committee reviews individual salary history for approximately the 25 highest paid executive officers and compares their base salaries to survey data from one or more current consultant studies. Compensation consultant studies provide market data which is evaluated as a means to understand external compensation practices. Compensation trends for companies in the consultant's peer company comparisons and other companies with attributes similar to our Company are considered in the determination of overall compensation for our executives. From time to time (and not necessarily on an annual basis), the Committee adjusts base salaries for executive officers based on performance, and if appropriate, to reflect competitive pay practices of companies in our peer group based on studies by Hewitt Associates, LLC (referred to as Hewitt), a national executive compensation consulting firm retained by the Compensation Committee for input on executive compensation matters.

In determining increases to base salaries, the Compensation Committee considers the recommendation of Mr. Haley, Company performance, prevailing economic conditions, surveys of competitive companies, requirements for hiring recent additions to management, comparable salary practices of companies within our peer group, and information provided by Hewitt. The Compensation Committee has retained Hewitt in the past as a means for gathering market data, preparing compensation plan reviews, as well as, identifying general trends and practices in executive compensation programs. The Compensation Committee requests that Hewitt gather pertinent compensation data from public, private and foreign-owned peer companies. Hewitt has also made recommendations with respect to Director compensation matters.

During 2006, the Compensation Committee recommended and the Board approved an increase in Mr. Haley's base salary of \$100,000, or 14.3%, to an annualized rate of \$800,000 to recognize the superior performance of the Company in 2005 and 2006. Messrs. Engel and Van Oss each received a 10% increase, and Mr. Thimjon a 6% increase, each in accordance with their salary histories, individual performances and competitive position of their respective salaries. Mr. Goodwin received a 5.5% increase in early 2007, but no increase in base salary during 2006.

Table of Contents

Annual Cash Incentive Bonus Awards

Annual Incentive Plans.

Cash bonuses are awarded for achievement of strategic, financial, operational, and human resources objectives of our Company. Annual incentives are designed to provide compensation that approximates market median awards for achieving planned performance and to provide increased incentive awards for exceptional performance. Actual performance in excess of plan can result in cash bonus awards of 50-100% of base salaries for executive officers. Mr. Haley's award for above-plan performance can range from 100-200% of base salary. For performance below plan levels, incentive bonuses for executive officers are reduced to a level of 0-50% of base salary.

Annually, the Board reviews and approves the Company's performance criteria and financial and operational targets for the upcoming fiscal year. The Company's incentive bonus plans are based on formulas that combine sales performance, profitability margins, improvements over prior year actual results, return on capital, and other strategic and operational goals. The structure and approach for incentive compensation have been in place for more than five years. Standards are changed periodically to reflect higher performance expectations. During 2006, the standards were increased to reflect economic activity and our Company's plan for higher levels of financial performance for the year. The Compensation Committee has discretion and authority to increase or decrease actual incentive awards given in any year to reflect specific circumstances and performance.

For the Chief Executive Officer, Mr. Haley, the maximum annual incentive opportunity is 200% of his base salary. All other named executive officers' maximum annual incentive opportunity is 100% of their base salary. Cash bonus incentive awards granted for 2006 performance reflect financial and operational achievements, which significantly exceeded targeted performance levels. Two significant metrics, sales and operating profit, were 20.3% and 74.4% above 2005 results, respectively. Based on this performance, the named executive officers received the following incentive for the performance period ended December 31, 2006: Mr. Haley, \$1,600,000; Mr. Van Oss, \$495,000; Mr. Engel, \$495,000; Mr. Goodwin, \$265,000; and Mr. Thimjon, \$248,000.

Value Acceleration Program.

In early 2006, the Compensation Committee gave final approval to a one-year Value Acceleration Program (VAP) to focus management's attention and talent on increasing corporate-wide EBITDA (earnings before interest, tax, depreciation and amortization) and other performance criteria that are believed to contribute to driving overall stockholder value. The 2006 program had a potential maximum incentive payout of \$2.8 million of which a payout of \$2.2 million was made to 184 of the approximately 315 eligible participants.

Based on 2006 EBITDA performance, which was 72% over 2005 actual results, the following Value Acceleration Program cash incentives were paid: Mr. Haley, \$200,000; Mr. Van Oss, \$80,000; Mr. Engel, \$80,000; Mr. Goodwin, \$40,000; and Mr. Thimjon, \$40,000.

Perquisites

During 2006, there were limited perquisites provided to the named executive officers. Perquisites provided to named executive officers in 2006 included a vehicle allowance and select club memberships. The Compensation Committee determined that it was in its best interest to continue providing these perquisites as part of a competitive pay package and for Company benefit associated with business-related meetings and entertainment. In 2006, certain named executive officers and their spouses participated in a sales force incentive trip with a key supplier, and the Company paid the cost of the trip for the spouses.

Stock Based Awards

The Company has sponsored four stock based award plans, the 1999 Long-Term Incentive Plan (referred to as LTIP), the 1998 Stock Option Plan, the Stock Option Plan for Branch Employees, and the 1994 Stock Option Plan. The LTIP was designed to be the successor plan to all prior plans. At the Annual Stockholders meeting held May 21, 2003, the Stockholders voted to approve the Company's LTIP as amended and restated. The LTIP is administered by the Compensation Committee which determines the eligibility for and amount of granted equity awards. Outstanding options under prior plans will continue to be governed by their existing terms, which are substantially similar to the LTIP. Any remaining shares reserved for future issuance under the prior plans are available for issuance under the LTIP. We have expensed stock option grants under Statement of Financial Accounting Standards 123, Share-Based Payment (SFAS 123) since 2003, and adopted SFAS 123, as revised, in 2004 (SFAS 123R) beginning in 2006.

The Compensation Committee may grant stock options, stock appreciation rights (referred to as SARs), restricted stock, restricted stock units, performance awards, and other incentive awards under the LTIP. The Compensation Committee and the Board of Directors believe that stock options and SARs are the most effective forms of equity awards for linking management performance and stockholder value creation. Since its formation in 1993, our Company has not issued to any member of management restricted stock or any form of phantom stock or performance shares.

An initial reserve of 6,936,000 shares of Common Stock was authorized for issuance under the LTIP. This reserve automatically increases by (i) the number of shares of Common Stock covered by unexercised options and SARs granted under prior plans that are cancelled or terminated after the effective date of the LTIP, and (ii) the number of shares of Common Stock surrendered by employees to pay the exercise price and/or minimum withholding taxes in connection with the exercise of stock options or SARs granted under our prior plans.

Awards vest and become exercisable once criteria based on time or financial performance (EBITDA margin targets) are achieved. If the financial performance criteria are not met, all such performance vesting options will vest after nine years and nine months from their grant date. All awards vest immediately in the event of a change in control. Each award terminates on the tenth anniversary of its grant date unless terminated sooner under certain conditions. All awards under the Company's stock incentive plans are issued at the closing price of our Common Stock on the grant date.

Our officers and employees, including all of the named executive officers, are eligible to receive stock-based awards under the LTIP. The LTIP is designed to align the interests of officers and employees receiving awards with those of stockholders by providing an incentive to contribute to the long-term goals of the Company. We believe that equity-based compensation assists in attracting and retaining qualified employees and provides them with additional incentive to devote their best efforts to pursue and sustain the Company's long-term performance and enhance the value of our Company for the benefit of its stockholders.

Equity awards in 2006 consisted only of SARs. We believe that SARs encourage management to achieve long-term goals as they only have value to the recipient if there are gains in the stock price, benefiting all stockholders. SARs entitle the participant to receive, upon exercise, a payment equal to (i) the excess of the fair market value of a share of Common Stock on the exercise date over the exercise price of the SARs, times (ii) the number of shares of Common Stock with respect to which the SARs are exercised. Upon exercise of a SAR, payment is made in

Table of Contents

shares of Common Stock. The 2006 SARs vest ratably over three years.

Grants of SARs to the named executive officers are allocated from a pool of stock that is established by the Compensation Committee each year. For 2006, the pool was approximately equal to 1% of the outstanding stock of the Company. With respect to all of the named executive officers other than himself, the Chief Executive Officer makes grant recommendations to the Compensation Committee based on individual executive's performance and input on competitive market data from Hewitt. The Compensation Committee then considers the Chief Executive's recommendations and Hewitt's analysis in making its grant determinations. With respect to the Chief Executive Officer, the Compensation Committee, in its sole discretion, determines the amount of his grant which is presented to and approved by the Board. The Committee has discretion and authority to increase or decrease actual awards given in any year to reflect specific circumstances and performance.

It has been the recent practice of the Compensation Committee to issue equity awards annually, on or about July 1st of each year. Awards are generally determined several weeks prior to grant date and do not conflict with any material events such as an earnings release that could cause the stock price to be artificially high or low. In 2006, awards to approximately 106 employees, including the named executive officers, were made at the regularly scheduled May Compensation Committee meeting, with the effective grant dates set as July 1, 2006. The SARs awarded July 1, 2006, have a grant price of \$69.00, the closing price of our Common Stock on June 30, 2006. The expiration date is July 1, 2016.

Retirement Savings

The Company maintains a 401(k) Retirement Savings Plan for all eligible employees, including the named executive officers. In 2006, the Company provided two types of 401(k) plan contributions with respect to eligible employees. The Company matched employee contributions at a rate of \$0.50 per \$1.00 up to 6% of eligible compensation. Additionally, a discretionary Company contribution was made in 2006 based on Compensation Committee established performance criteria. The Company has made discretionary contributions in six of the past ten years. When discretionary payments are made to the 401(k) plan, the contribution amount is based on age and years of service and varies from 1-7% of an employee's annual base salary.

The Company also maintains an unfunded deferred compensation plan for a group of qualifying management or highly compensated employees, including the named executives, under certain provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participants may defer a portion of their salary and are eligible for a Company match, at a rate of \$0.50 per \$1.00, up to 6% of eligible compensation deferred after surpassing the Company's 401(k) Retirement Savings Plan qualified contribution limit. Earnings are credited to employees' accounts based on their selection from offered investment funds. Notwithstanding any provision of the Deferred Compensation Plan or benefit election made by any participant deemed to be a key employee, benefits payable under the Deferred Compensation Plan will not commence until six months after the key employee's separation from employment.

The Company does not have a defined benefit or supplementary retirement plan nor does it provide for post-retirement health benefits.

Health and Welfare Benefits

The Company's health benefits are provided to all full-time permanent employees, including the named executive officers, who meet the eligibility requirements. Employees pay a portion of the cost of healthcare on an increasing

Table of Contents

scale correlated to higher annual incomes. The Company's health and welfare benefits are evaluated periodically by external benefits consultants to assess plan performance and costs and to validate that benefit levels approximate the median value provided to employees of peer companies.

Employment Agreements

Employment Agreement with the Chief Executive Officer.

We have an employment agreement with Mr. Haley providing for a rolling employment term of three years. Under this agreement, Mr. Haley is entitled to an annual base salary of at least \$500,000, the actual amount of which may be adjusted by our Board from time to time, and an annual incentive bonus equal to a percentage of his annual base salary ranging from 0% to 200%. The actual amount of Mr. Haley's annual incentive bonus will be determined based upon our financial performance as compared to the annual performance objectives established for the relevant fiscal year. The parameters of Mr. Haley's employment agreement which address termination or change in control are addressed in the next section entitled Severance or Change in Control Agreements.

Employment Agreements with the Chief Operating Officer and the Chief Financial Officer.

We have employment agreements with each of Mr. Engel and Mr. Van Oss which are substantially similar. The agreements provide for an employment term of two years, subject to automatic renewals for an additional year as of each annual anniversary of the agreement. The agreements provide that Mr. Engel and Mr. Van Oss are entitled to an annual base salary of at least \$450,000, subject to adjustment by our Board, and incentive compensation under our incentive compensation and other bonus plans for senior executives in amounts ranging from 0% to 100% their annual base salary, based upon our achievement of earnings, sales growth and return on investment or other performance criteria established by our Compensation Committee. The parameters of Mr. Engel's and Mr. Van Oss' employment agreements which address termination or change in control are addressed in the next section entitled Severance or Change in Control Agreements.

Severance or Change in Control Agreements

Severance Agreement with the Chief Executive Officer.

Pursuant to the employment agreement with Mr. Haley, if his employment is terminated by us without cause, by Mr. Haley for good reason or as a result of Mr. Haley's death or disability, Mr. Haley is entitled to continued payments of his average annual base salary and his average annual incentive bonus, reduced by any disability payments, for the three-year period, or in the case of a termination due to Mr. Haley's death or disability, the two-year period, following termination, and continued welfare benefit coverage for the two-year period following termination. In addition, in the event of any such qualifying termination, all outstanding equity held by Mr. Haley will become fully vested.

The agreement further provides that, in the event of the termination of Mr. Haley's employment by us without cause or by Mr. Haley for good reason, in either case, within the two-year period following a change in control of our Company, in addition to the termination benefits described above, Mr. Haley is entitled to receive continued welfare benefit coverage and payments in lieu of additional contributions to our 401(k) Retirement Savings Plan and Deferred Compensation Plan for the three-year period following the change in control. We have agreed to provide Mr. Haley with an excise tax gross up totaling 100% with respect to any excise taxes Mr. Haley may be obligated to pay pursuant to Section 4999 of the United States Internal Revenue Code of 1986 on any excess parachute payments. In addition, following a change in control, Mr. Haley is entitled to a minimum annual bonus equal to 50% of his base salary, and

the definition of "good reason" is modified to include certain additional events. The agreement also contains customary covenants regarding nondisclosure of confidential information and non-competition and non-solicitation restrictions. Detailed calculations for Mr. Haley's termination benefits are included in the table entitled "Potential Payments Upon Termination or Change in Control."

Severance Agreements with the Chief Operating Officer and the Chief Financial Officer.

In accordance with the employment agreements with each of Mr. Engel and Mr. Van Oss, which are substantially similar, if either's employment is terminated by reason of his death, we will pay the amount of his accrued but unpaid base salary through his date of death, any accrued incentive compensation, any other reimbursable amounts, and any payments required to be made under our employee benefit plans or programs. If Mr. Engel's or Mr. Van Oss's employment is terminated by reason of disability, he will continue to receive his base salary and all welfare benefits through the date of disability, offset by the amount of any disability income payments provided under our disability insurance. If Mr. Engel's or Mr. Van Oss's employment is terminated by us without cause or by him for good reason, he is entitled to his accrued but unpaid base salary through the date of termination, a cash amount equal to his pro rata incentive compensation for the fiscal year in which the termination occurs, monthly cash payments equal to 1.5 times his monthly base salary as of the date of termination for eighteen months following the date of termination, and continued welfare benefit coverage for the two years. In such event, all equity, except those that will remain unvested due to specified operational or financial performance criteria not being satisfactorily achieved, will become fully vested, and we will continue to pay the full cost of his COBRA continuation coverage. If Mr. Engel's or Mr. Van Oss's employment is terminated within one year following a change in control of our Company, a cash amount equal to 1.5 times his monthly base salary will be paid in monthly installments for 24 months. We have agreed to provide Mr. Engel and Mr. Van Oss with a partial excise tax gross up with respect to any excise taxes they may be obligated to pay. The agreement also contains customary covenants regarding nondisclosure of confidential information and non-competition and non-solicitation restrictions. Detailed calculations for Mr. Engel's and Mr. Van Oss's benefits are included in the table entitled "Potential Payments Upon Termination or Change in Control."

Severance for Vice Presidents.

During 2006, our Board adopted the WESCO Distribution, Inc. 2006 Severance Plan which was an update to a prior plan and provides severance benefits to all eligible employees, not limited to executives. In accordance with the WESCO Distribution, Inc. 2006 Severance Plan, an involuntary not for cause termination provides up to 52 weeks of base pay determined by completed years of service. Benefits in the amounts of \$275,000 and \$265,000 would be paid to Messrs. Goodwin and Thimjon, respectively, assuming a termination date of December 31, 2006. Additionally, in accordance with the agreements governing option and SAR grants for all employees who have received equity awards, in the event of a change in control, all stock options become fully vested for a compensation value of \$812,359 and \$836,894 for Messrs. Goodwin and Thimjon, respectively, assuming that the date of the change in control is December 31, 2006. Messrs. Haley, Van Oss and Engel do not participate in this plan because the benefits otherwise provided are superseded by their respective employment agreements.

Deductibility of Executive Compensation

The Company intends to ensure that compensation paid to its executive officers is within the limits of, or exempt from, the deductibility limits of Section 162(m) of the Internal Revenue Code and expects

Table of Contents

that all compensation will be deductible. However, it reserves the right to pay compensation that is not deductible if it determines that to be in the best interests of the Company and its stockholders. Section 162(m) imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company's named executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria). For 2006, the payments for the annual incentive awards were designed to satisfy the requirements for deductible compensation.

As required under the tax rules, the Company must obtain shareholder approval every five years of the material terms of the performance goals for qualifying performance-based compensation. We last received approval in 2003 at the time the Company's 1999 Long Term Incentive Plan, as amended and restated, was approved by stockholders.

Conclusions

The Committee's goal is to maintain compensation and benefit programs that are competitive within the distribution industry and clearly linked to stockholder value. The Committee believes that the 2006 compensation levels as disclosed in this Proxy Statement are reasonable and appropriate.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management and, based on that review and those discussions, it recommended to the Board of Directors that the foregoing Compensation Discussion and Analysis be included in our Proxy Statement, and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

DIRECTOR COMPENSATION

Independent members of the Board of Directors receive compensation in the form of an annual retainer and an annual equity award. Directors have the ability to defer up to 100% of the retainer. During 2006, non-employee Directors received an annual retainer of \$50,000, payable in shares of our Common Stock or a combination of cash and shares of our Common Stock (of which a maximum of 50% may consist of cash) at each Director's election. The Chair of our Audit Committee receives an additional fee of \$10,000 payable annually. Board compensation levels have not changed for fiscal years 2006 and 2007. In addition to the retainer, non-employee Directors are reimbursed for travel and other reasonable out-of-pocket expenses related to attendance at Board and committee meetings. Members of our Board who are also our employees do not receive compensation for their services as Directors.

Effective January 1, 2000, we established the Deferred Compensation Plan for Non-Employee Directors under which non-employee Directors can elect to defer 25% or more of their annual retainer. Amounts deferred under this arrangement are converted into stock units which are credited to an account in the Director's

Table of Contents

name. For purposes of determining the number of stock units credited to a Director for a particular year, we use the average of the high and low trading prices of our Common Stock on the first trading day in January of that year. Distribution of deferred stock units will be made in a lump sum or in installments, in the form of shares of our Common Stock, in accordance with the distribution schedule selected by the Director at the time the deferral election is made. All distributions will be made or begin as soon as practical after January 1 of the year following the Director's termination of Board service. In addition, as of each July 1, each continuing non-employee Director receives a non-qualified stock appreciation right (SAR) to purchase shares of our Common Stock. The exercise price of these SARs are equal to the fair market value per share of our Common Stock on the date of grant. A non-employee Director's SARs vest on the third anniversary of the date of grant. If a Director's Board service ends as a result of a scheduled Board term expiration, then all of the Director's equity will vest in full. If a Director's Board service is terminated prior to a normal termination date, then unvested equity is forfeited. Prior to July 1, 2005, Directors received equity compensation in the form of stock options. It was determined at the May 17, 2006 Board meeting to award 2,500 SARs to each Director for 2006. The SARs awarded July 1, 2006, have an exercise price of \$69.00, the closing price of our Common Stock on June 30, 2006, and a fair market value of \$30.78 per share. The expiration date is July 1, 2016.
