### PART III NARRATIVE

State below in reasonable detail the reasons why Forms 10-K, 11-K, 20-F, 10-Q, N-SAR, N-CSR, or the transition report portion thereof, could not be filed within the prescribed time period.

As reported in its Current Reports on Form 8-K filed with the Securities and Exchange Commission (the "SEC") on February 27, 2003 and March 20, 2003, HEALTHSOUTH Corporation (the "Company") disclosed that the SEC and the Department of Justice (the "DOJ") were investigating the financial reporting and related activity of the Company. As reported in its Current Report on Form 8-K filed with the SEC on March 26, 2003, the Company announced that in light of the SEC and DOJ investigations into its financial reporting and related activity calling into question the accuracy of the Company's previously filed financial statements, such financial statements should no longer be relied upon. In addition, the Company announced that it engaged a forensic review team from PricewaterhouseCoopers LLP to review the Company's prior financial statements and retained Grant Thornton LLP to assist in the reconstruction of the Company's financial accounts. As reported in its Current Report on Form 8-K filed with the SEC on June 1, 2004, the Company announced that its Special Audit Review Committee completed and delivered its forensic accounting report to the Special Committee of the Board of Directors and filed a copy of such report. The Company is still in the process of completing the reconstruction of its financial records.

As a result of the foregoing, the Company is unable to complete the preparation of its financial statements for the period ended December 31, 2004 and, therefore, will not be able to file its Annual Report on Form 10-K for the period ended December 31, 2004 on a timely basis. The Company is currently targeting to file its Annual Report on Form 10-K for the period ended December 31, 2004 in the fourth quarter of 2005.

As previously disclosed, the Company has not filed financial statements for any periods ended after September 30, 2002. The Company does not expect to file its restatement of any previously filed financial statements or any initial financial statements for any periods ended on or before December 31, 2003 with the SEC until the Company has completed the reconstruction of its financial records and PricewaterhouseCoopers LLP completes its audit. The Company currently expects that such financial statements will not be filed with the SEC until mid-second quarter of 2005.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

For the reasons set forth in Part III above, the Company is unable to determine the extent of any such change in its results of operations pending completion of the Company's financial statements to be included in its Annual Report on Form 10-K for the period ended December 31, 2004.
